## DEPARTMENT OF REVENUE

## Total Appropriation Authority

The total appropriation authority for the Department of Revenue is shown in the pie chart below. HB 2 and HB 13 consists of $28.4 \%$ of the total authority for this agency. All types of appropriation authority for this agency are described below, including total budget and the percent expended by source of authority.

Total Modified Budget by Source of Authority

Source of Authority

- HB2 \& HB13
- Other House or Senate Bill
-SA Statutory
-BA Budget Amendment

| Source of Authority | Modified Budget | Expended Budget | \% Expended |  |
| :--- | ---: | ---: | ---: | ---: |
| HB2 \& HB13 | $377,296,471$ | $138,767,133$ | $36.8 \%$ |  |
| BA Budget Amendment | 241,017 | 2,420 | $1.0 \%$ |  |
| Other House or Senate Bill | 78,600 |  |  |  |
| SA Statutory | $949,346,385$ | $736,133,674$ | $77.5 \%$ |  |
| Total | $\mathbf{1 , 3 2 6 , 9 6 2 , 4 7 3}$ | $\mathbf{8 7 4 , 9 0 3 , 2 2 8}$ | $\mathbf{6 5 . 9 \%}$ |  |

## Budget Amendments

The Department of Revenue (DOR) had one budget amendment totaling approximately $\$ 241,000$ federal special revenue in FY 2024 for the Federal Royalty Audit Program in the Business and Income Taxes Division (BIT). This program consists of 4.50 FTE who conduct auditing and compliance services for the federal government on producers extracting minerals from federal lands within the state. The agency expended approximately $\$ 2,400$ or $1.0 \%$ as of March 1, 2024. These funds were available until the end of the federal fiscal year, September 30, 2023.

## Other Bills

Other house and senate bills account for \$78,600 of the total FY 2024 budget authority for DOR. Of that, \$76,000 is appropriated in HB 5 for a state line survey project conducted by the U.S. Bureau of Land Management in Mineral County. No expenditures have been made as of March 1, 2024.

## Statutory Appropriations

Statutory appropriations account for 71.5\% of the Department of Revenue's total FY 2024 budget. Of the approximately $\$ 949.3$ million budgeted in FY 2024, $\$ 736.1$ million or $77.5 \%$ has been expended as of March 1, 2024. Further discussion of statutory appropriations is provided below.

## Tribal alcohol and cigarette cooperative agreement (18-11-101 through 18-11-121, MCA)

The State of Montana has taxation agreements with tribal nations for alcohol and cigarette sales to prevent possibilities of dual taxation while promoting state, local and tribal economic development. Appropriations from these agreements total $\$ 5.2$ million for FY 2024. As of March 1, 2024, $\$ 2.3$ million, or $45.3 \%$ was expended.

## Oil and natural gas production tax (15-36-331 through 15-36-332, MCA)

All oil and natural gas producers are required to file an oil and natural gas production tax quarterly return where they will be taxed on the gross value of oil or natural gas sold. Local governments receive a portion of this revenue. Additionally, local governments distribute the revenue to various school retirement funds, countywide transportation funds, school districts, and community colleges. Oil and natural gas-related production tax appropriations total $\$ 69.2$ million. As of March $1,2024, \$ 15.9$ million, or $23.0 \%$ was expended.

## Metal mines distribution (15-37-117, MCA)

Individuals who operate any mine or mining property are required to pay a license tax which is based on the gross value of production. Metal mines distribution appropriations total $\$ 9.1$ million. A portion of this revenue is distributed semi-annually to local governments where the mine is located or a county that is experiencing fiscal impacts from the mine. As of March 1, 2024, there has been no expenditures.

## Bentonite production tax distribution (15-39-110, MCA)

All bentonite producers must file a bentonite production tax return every six months. Statutory appropriations for the bentonite production tax total $\$ 650,000$. This revenue is distributed semi-annually to local governments where the production occurred: Carter County and Carbon County. As of March 1, 2024, there has been no expenditures.

## Entitlement share (15-1-121, MCA)

During the 2001 Legislative Session, the State of Montana assumed control of alcohol, vehicle, and gambling taxes as well as district court fees for local governments. In return, the state reimburses each local government in the form of an entitlement share. Statutory appropriations for entitlement share payments totaled $\$ 158.1$ million. As of March 1, 2024, DOR expended approximately $\$ 79.1$ million, or $50.0 \%$ of the appropriations.

The Montana Legislature established the Montana Economic Development Industry Advancement (MEDIA) Act (2019 Legislative Session) which provides a transferable income tax credit to eligible film production companies. To determine a company's eligibility, they must apply with both the Department of Commerce and the Department of Revenue. Application fee revenue is used for the department to administer the program. As of March 1, 2024, DOR has $\$ 20,450$ in statutory appropriation authority and has expended $\$ 0$.

## Cigarette tax stamps (16-11-119, MCA)

The State of Montana charges a tax on cigarettes sold by selling tax decals to wholesalers who then attach the decal to each pack of cigarettes sold in Montana. As of March 1, 2024, appropriations from this source total approximately $\$ 69,100$, and approximately $\$ 15,000$ was expended. Appropriations are used to administer this program and cover operating expenses.

## Out-of-State Debt Collections (Title 17, Chapter 4, MCA)

The Department of Revenue has contracts with out-of-state attorneys for the out-of-state collections of taxes, fees, and other debts owed to the state. The costs of collection are statutorily appropriated. As of March 1, 2024, appropriations total $\$ 300,000$ and approximately $\$ 86,000$ was expended.

## Income Tax Rebate (HB 192 \& HB 816)

HB 192 established an account for the individual income tax rebate and statutorily appropriated $\$ 480.0$ million general fund. HB 816 appropriated an additional $\$ 35.0$ million general fund to this account. The Department of Revenue is charged with administering the rebate. As of March 1, 2024, appropriations total $\$ 515.0$ million and approximately $\$ 494.5$ million was expended.

## Property Tax Rebate (HB 222 \& HB 816)

HB 222 established an account for the property tax rebate and statutorily appropriated costs related to administration and payment of the rebate. This bill did not define an exact dollar amount for this appropriation, instead it defined the initial rebate amount. HB 816 appropriated $\$ 100.0$ million general fund for the 2025 biennium to issue property tax rebates. As of March 1, 2024, appropriations for FY 2024 total $\$ 191.8$ million and approximately $\$ 144.2$ million was expended.

## HB 2 Budget Modifications

The following chart shows the HB 2 budget as passed by the legislature, including the pay plan, and the HB 2 modified budget from December 1, 2023 through February 29, 2024. Net modifications to the budget include operating plan changes from one expenditure account to another, program transfers, reorganizations, and agency transfers of authority. The positive modifications and negative modifications are shown by program, expenditure account, and fund type.

From December 1, 2023 to March 1, 2024, the Department of Revenue made the following changes to its HB 2 budget:

- Moving 1.00 FTE and associated personal services from the Information Management \& Collections Division to the Technology Services Division, to help with administrative workload
- Moving $\$ 19,500$ in the Technology Services Division from operating expenses to transfers-out. The department transferred authority to be able to make a transfer to the Department of Labor and Industry (DOLI) based on a Memorandum of Understanding (MOU). This is a project led by DOLI to update software used for small business licensing

| ヤ 01 General | 64,349,842 | 35,950,201 | 55.9\% |
| $\pm 02$ State/Other Spec Rev | 88,474,419 | 3,231,920 | 3.7\% |
| $\boxplus 03 \mathrm{Fed} /$ Other Spec Rev | 502,175 | 300,370 | 59.8\% |
| $\pm 06$ Enterprise | 223,970,035 | 99,284,642 | 44.3\% |
| Total | 377,296,471 | 138,767,133 | 36.8\% |

As of March 1, 2024, the Department of Revenue has expended 36.8\% of its HB 2 appropriation authority. As shown in the top chart, the Department of Revenue has expended less than the historic five-year average of $57.2 \%$. This lower expenditure is due to the inclusion of authority that has traditionally been under language appropriation authority. This authority includes $\$ 220.0$ million proprietary authority in the Alcoholic Beverage Control Division, $\$ 81.0$ million state special revenue in the Cannabis Control Division, and $\$ 2.0$ million general fund in the Director's Office. When excluding authority that has traditionally been under language authority, the Department of Revenue has expended approximately $53.4 \%$ of its HB 2 authority as of March 1, 2024, which closely aligns with the historical average.

Expenditures have been primarily for personal services and operating expenses. The inclusion of authority that has historically been under language authority into HB 2 has significantly changed the fund type structure of the agency's budget. For example, proprietary authority now represents $59.4 \%$ of total HB 2 authority, state special revenue represents $23.5 \%$, general fund represents $17.1 \%$, and federal special revenue represents less than $1.0 \%$. In FY 2023, general fund authority represented $92.1 \%$ of total HB 2 authority with proprietary funding representing $5.9 \%$, state special revenue representing $1.6 \%$, and federal special revenue representing less than 1.0\%.

Lower expenditures are primarily driven by the Cannabis Control Division. Due to the nature of the marijuana state special revenue account, the department will record the FY 2024 cannabis revenue transfer at the end of the fiscal year using the budgeted appropriation. Excluding the FYE revenue transfer, the department has expended $40.3 \%$ of its budget in the Cannabis Control Division. Additionally, the operating expenses for the Cannabis Control Division are lower than expected and when asked, the department provided the following response:
"When HB 701 passed during the 2021 Legislative Session, there was a moratorium on any new cannabis licensees until July 1, 2023. When the department built its budget for the 2024 biennium, it was built on the assumption the state would see a large increase in the number of cannabis businesses. This would mean that the cost for the seed-to-sale system would increase according to those expected license increases. Therefore, the department asked for a restricted appropriation of $\$ 1,125,400$ to pay for the expected license increase. However, during the 2023 Legislative Session, HB 128, which extended the new licensees moratorium date to July 1, 2025, was passed, and signed by the Governor on May 22, 2023. As a result, the expected increase in licensees and subsequent increase in the seed-to-sale system cost has been postponed until the next biennium. Based on current seed-to-sale system expenses, the department anticipates using approximately $\$ 575,000$ of the $\$ 1,125,400$ appropriation. However, the department does expect to need at least $\$ 1.2$ million in this restricted appropriation during the next biennium because the moratorium will be lifted. In addition, the department has litigation expenses it has already incurred and more it expects to incur this fiscal year which will be charged to the cannabis fund."

## Personal Services

Appropriations for personal services in the Department of Revenue total $\$ 54.4$ million and are $60.5 \%$ expended through March 1, 2024. The department has 667.17 HB 2 FTE and $91.2 \%$ of these positions are filled as of February 1, 2024. The following chart shows the filled and vacant FTE within the agency as of February 1, 2024.

The Department of Revenue had 58.70 FTE vacant out of 667.17 non-aggregate FTE as of February 1, 2024. These vacancies are primarily in the Property Assessment Division for property appraisers. Since July 1, 2023, DOR had 39 employees leave state employment, 12 employees retire, and 13 transfer to different agencies within state government. As of February 1, 2024, DOR had 9 position openings advertised.

The chart below shows the hourly utilization percentage for the Department of Revenue between July 1 and February 1 for each fiscal year when compared to the available hours for the same time period. Overall, the Department of Revenue utilized 91.8\% of its available hours as of February 1, 2024. The highest utilization division is the Alcoholic Beverage Control Division with $98.7 \%$, and the lowest is the Information Management and Collections Division with $77.2 \%$. Lower hourly utilization in the Information Management and Collections Division is due to greater employee turnover and vacancies in the division, with about $13.6 \%$ of positions vacant.

The chart below shows the vacant FTE in each division, the number of months each position has been vacant, and the midpoint hourly pay rate. The chart below presents data generated using a slightly different timing convention compared to the rest of the vacancy charts. As a result, there may be a slight variance in the total FTE that are vacant. Of the 48.70 FTE that are vacant, no full-time positions have been vacant for over 12 months and 45.50 FTE have been vacant for seven months or less (since July 2023). Between the Information Management \& Collections Division and the Property Assessment Division, 26.20 FTE are vacant with an average market midpoint of $\$ 23.84$ per hour.

## OTHER ISSUES

## Contractors and overtime pay

Agency responses are below the underlined questions. Additional agency provided information is in the appendix.
How much did the Department of Revenue pay to contracts during the July 1, 2023-February 29, 2024, timeframe?

The table in the appendix provides a list of FY 2024 contracts and the July 1, 2023-February 29, 2024, spend amount for each project. Total spend in FY 2024 thus far is $\$ 6.7$ million.

How much of the amount paid to contractors is estimated to be due to vacant positions?
None
How much overtime/comp time did the Department of Revenue pay/incur during the November 1, 2023 February 29, 2024, timeframe?

Overtime paid: \$2,704
Comp time incurred: \$88,891
How much of the overtime paid and the comp time earned do you estimate is due to vacant positions? If overtime was paid or comp time was earned due to vacant positions, what are the types of vacant positions that resulted in need for overtime/comp time?

| Division | Overtime Pd Due to Vacancies | Comp Time Earned | Vacant Position Type Resulting in Comp Time Earned |
| :---: | :---: | :---: | :---: |
| Director's Office | None | $6 \%$ due to vacancies $94 \%$ due to workload | Customer service representative Administrative assistant |
| Technology Services | None | 59\% due to workload $41 \%$ due to income \& property tax rebates | NA |
| Alcoholic Beverage Control | None | 100\% due to workload | NA |
| Cannabis Control | None | 100\% due to workload | NA |
| Information Management \& Collections | None | 98\% due to workload $2 \%$ due to income \& property tax rebates | NA |
| Business \& Income Taxes | None | $4 \%$ due to vacancies $94 \%$ due to workload 2\% due to income \& property tax rebates | Tax examiner |
| Property Assessment | None | $39 \%$ due to vacancies 61\% due to workload | Appraiser <br> Property valuation specialist |
