

Montana Opioid
Abatement Trust

To Whom It May Concern:

The Montana Opioid Abatement Trust (MOAT) has received the following distributions from the National Opioid Abatement Trust I & II (NOAT I & II.)

MOAT: \$9,259,698.28

The MOAT has continued to work with local abatement regions in the development of their governance structures in preparation to begin receiving and approving grant applications. Currently, zero grants have been approved or received by the MOAT as we are finalizing arrangements and governance structures with abatement regions.

We look forward to receiving grant requests by the end of 2023 and early 2024.

Sincerely,

Steffanie McGowan

Program & Finance Director
