1 department to the named entities for the described purposes and in the grant amounts listed in subsection (4),
2 subject to the conditions set forth in [sections 2 and 3] and the contingencies described in the renewable
3 resource grant and loan program January 2023 report to the 68th legislature titled: "Governor's Executive
4 Budget Fiscal Years 2023-2025 Volume 6".

5 (3) Funds must be awarded up to the amounts approved in subsection (4) in the following listed
6 order of priority until available funds are expended. Funds not accepted or used by higher-ranked projects must
7 be provided for projects farther down the priority list that would not otherwise receive funding. If at any time a
8 grant sponsor determines that a project will not begin before June 30, 2025, the sponsor shall notify the
9 department of natural resources and conservation. After all eligible projects are funded, remaining funds may
10 be used for any renewable resource project authorized under this section.

14 **NEW SECTION. Section 2. Coordination of fund sources for grants to political subdivisions**
15 **and local governments.** A project sponsor listed under [section 1(4) or section 1(7)] may not receive funds
16 from both the reclamation and development grants program and the renewable resource grant and loan
17 program for the same project during the same biennium.

18
19 **NEW SECTION. Section 3. Condition of grants.** Disbursement of funds under [section 1] is subject
20 to the following conditions that must be met by the project sponsor:

21 (1) A scope of work, schedule, and budget for the project must be approved by the department of
22 natural resources and conservation. Any changes in scope of work or budget after legislative approval may not
23 change project goals and objectives. Changes in activities that would reduce the public or natural resource
24 benefits as presented in department of natural resources and conservation reports and applicant testimony to
25 the 68th legislature may result in a proportional reduction in the grant amount.

26 (2) The project sponsor shall show satisfactory completion of conditions described in the
27 recommendation section of the project narrative of the program report to the legislature for the biennium ending

1 June 30, 2025, or, in the case of planning grants issued under [section 1(1)(b)], completion of conditions
2 specified at the time of written notification of approved grant authority.

3 (3) The project sponsor must have a fully executed grant agreement with the department.

4 (4) Any other specific requirements considered necessary by the department must be met to
5 accomplish the purpose of the grant as evidenced from the application to the department or from the proposal
6 as presented to the legislature.

7
8 **NEW SECTION. Section 4. Appropriations established.** There is appropriated to any entity of state
9 government that receives a grant under [section 1] the amount of the grant upon award of the grant by the
10 department of natural resources and conservation. Grants to entities from prior bienniums are reauthorized for
11 completion of contract work.

12
13 **NEW SECTION. Section 5. Approval of grants -- completion of biennial appropriation.** The
14 legislature, pursuant to 85-1-605, approves the renewable resource programs grants listed in [section 1]. The
15 authorization of these grants constitutes a biennial appropriation from the natural resources projects state
16 special revenue account established in 15-38-302.

17
18 **NEW SECTION. Section 6. Notification to tribal governments.** The secretary of state shall send a
19 copy of [this act] to each federally recognized tribal government in Montana.

20
21 **COORDINATION SECTION. Section 7. Coordination instruction.** (1) If both [this act] and an act
22 that provides additional funding for renewable resource grant and loan program grants from a source other than
23 the natural resources projects state special revenue account established in 15-38-302 are passed and
24 approved, the projects listed in [section 1(4) and section 1(7) of this act] that do not receive funding from the
25 appropriations in [section 1(2) and section 1(5) of this act] may receive funding from the appropriation in the
26 other act designated for renewable resource grant and loan program grants in the order of completion of the
27 conditions of [section 3 of this act] and to the extent that there is appropriation authority available.
