28	10.	Madison County	\$499,461

1	11.	Stillwater County	\$340.550
---	-----	-------------------	-----------

(5) If sufficient funds are available, this section constitutes a valid obligation of funds to the grant recipients listed in subsections (2) and (4) for the purposes of encumbering the funds in the Montana coal endowment special revenue account established in 17-5-703(3)(a) for the biennium beginning July 1, 2023, pursuant to 17-7-302. However, a grant recipient's entitlement to receive funds is dependent on the grant recipient's compliance with the conditions described in [section 3(1)] and on the availability of funds.

(6) Any of the projects listed in subsections (2) and (4) that have not completed the conditions described in [section 3(1)] by September 1, 2024, must be reviewed by the next regular legislature to determine if the authorized grant should be withdrawn.

(7) The funds appropriated in this section must be used by the department to make grants to the government entities listed in subsections (2) and (4) for the described purposes and in amounts not to exceed the amounts set out in subsections (2) and (4). The grants authorized in this section are subject to the conditions set forth in [section 3(1)] and described in the Montana coal endowment program 2025 biennium project funding recommendations to the 68th legislature. The legislature, pursuant to 90-6-710, authorizes the grants for the projects listed in subsections (2) and (4). The department shall commit funds to projects listed in subsections (2) and (4), up to the amounts authorized, based on the manner of disbursement set forth in [section 3] until the funds deposited in the Montana coal endowment special revenue account established in 17-5-703(3)(a) during the biennium beginning July 1, 2023, are expended.

19 (8) Grant recipients shall complete all of the conditions described in [section 3(1)] by September
20 30, 2026, or any obligation to the grant recipient will cease.

22 NEW SECTION. **Section 2. Approval of grants -- completion of biennial appropriation.** (1) The
23 legislature, pursuant to 90-6-701, authorizes grants for the projects identified in [section 1(2) and (4)], the
24 emergency infrastructure grants in [section 5], and the infrastructure planning grants in [section 6].

25 (2) The authorization of these grants completes a biennial appropriation from the Montana coal
26 endowment special revenue account established in 17-5-703(3)(a).

27 (3) Grants to entities from prior biennia are reauthorized for completion of contract work.

NEW SECTION. Section 3. Condition of grants -- disbursements of funds. (1) The disbursement

of grant funds for the projects specified in [section 1(2) and (4)] is subject to completion of the following conditions:

(a) The grant must document that other matching funds required for completion of the project are firmly committed.

(b) The grant recipient must have a project management plan that is approved by the department of commerce.

(c) The grant recipient must be in compliance with the auditing and reporting requirements provided for in 2-7-503 and have established a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles. Tribal governments shall comply with auditing and reporting requirements provided for in 2 CFR 200.

(d) The grant recipient shall satisfactorily comply with any conditions described in the application's project summaries section of the Montana coal endowment program 2025 biennium project funding recommendations to the 68th legislature.

(e) The grant recipient shall satisfy other specific requirements considered necessary by the department of commerce to accomplish the purpose of the project as evidenced by the application to the department.

(f) Pursuant to 90-6-710(6), the grant recipient shall comply with all Montana coal endowment program requirements as determined by the department of commerce in order to qualify for reimbursement of project expenses.

(g) The grant recipient shall execute a grant agreement with the department of commerce.

(2) With the exception of bridges, all projects must adhere to the design standards required by the department of environmental quality. Recipients of Montana coal endowment program funds that are not subject to the department of environmental quality design standards shall adhere to generally accepted industry standards, such as Recommended Standards for Wastewater Facilities or Recommended Standards for Water Works, published by the Great Lakes-Upper Mississippi River board of state and provincial public health and environmental managers, latest edition.

(3) Recipients of Montana coal endowment program funds are subject to the requirements of the

department of commerce as described in the most recent edition of the Montana Coal Endowment Program Project Administration Manual adopted by the department through the administrative rulemaking process.

NEW SECTION. Section 4. Other powers and duties of department. (1) The department of commerce shall disburse grant funds on a reimbursement basis as grant recipients incur eligible project expenses.

(2) If actual project expenses are lower than the projected expense of the project, the department may, at its discretion:

(a) reduce the amount of grant funds to be provided to grant recipients in proportion to all other project funding sources; or

(b) reduce the amount of grant funds to be provided so that the grant recipient's projected average residential user rates do not become lower than their target rate as determined by the department.

(3) If the grant recipient obtains a greater amount of grant funds than was contained in the Montana coal endowment program application, the department may reduce the amount of the Montana coal endowment program grant funds to be provided to ensure that the grant recipient continues to meet the threshold requirements contained in the program guidelines for receiving the larger Montana coal endowment program grant.

NEW SECTION. Section 5. Appropriation from Montana coal endowment special revenue account for emergency grants. There is appropriated \$100,000 from the Montana coal endowment special revenue account to the department of commerce for the biennium beginning July 1, 2023, for the purpose of providing local governments, as defined in 90-6-701, with emergency grants for infrastructure projects, as defined in 90-6-701.

NEW SECTION. Section 6. Appropriation from Montana coal endowment special revenue account for infrastructure planning grants. There is appropriated \$900,000 from the Montana coal endowment special revenue account to the department of commerce for the biennium beginning July 1, 2023, for the purpose of providing local governments, as defined in 90-6-701, with the infrastructure planning grants

1 for infrastructure projects, as defined in 90-6-701.

2

3 NEW SECTION. Section 7. Appropriation from Montana coal endowment regional water system
4 **special revenue account.** (1) There is appropriated \$7 million from the Montana coal endowment regional
5 water system special revenue account to the department of natural resources and conservation for the
6 biennium beginning July 1, 2023, to finance the state's share of regional water system projects authorized in
7 subsection (2) and as set forth in 90-6-715.

8 (2) The state's four regional water authorities are authorized to receive the funds appropriated in
9 subsection (1) as long as there are sufficient funds available from the amount that was deposited in the
10 Montana coal endowment regional water system special revenue account during the biennium beginning July 1,
11 2023.

12 (3) A regional water authority's receipt of funds is dependent on the authority's compliance with the
13 conditions described in [section 9(1)].

14 (4) This section constitutes a valid obligation of funds to the regional water authorities identified in
15 subsection (2) for the purposes of encumbering the funds in the Montana coal endowment regional water
16 system special revenue account received during the biennium beginning July 1, 2023, under 17-7-302.

17
18 NEW SECTION. Section 8. Approval of funds -- completion of appropriation. (1) The legislature,
19 pursuant to 90-6-715, authorizes funds for the regional water authorities identified in [section 7(2)].

20 (2) The authorization of these funds completes an appropriation from the Montana coal
21 endowment regional water system special revenue account provided for in 17-5-703(3)(b).

22
23 NEW SECTION. Section 9. Conditions -- manner of disbursement of funds. (1) The disbursement
24 of funds under [sections 7 and 8] is subject to completion of the following conditions:

25 (a) The regional water authority shall execute an agreement with the department of natural
26 resources and conservation.

27 (b) The regional water authority must have a project management plan that is approved by the
28 department.

1 (c) The regional water authority shall establish a financial accounting system that the department
2 can reasonably ensure conforms to generally accepted accounting principles.

3 (d) The regional water authority shall provide the department with a detailed preliminary
4 engineering report.

5 (2) The department shall disburse funds on a reimbursement basis as the regional water authority
6 incurs eligible project expenses.

7
8 NEW SECTION. Section 10. Notification to tribal governments. The secretary of state shall send a
9 copy of [this act] to each federally recognized tribal government in Montana.

10
11 NEW SECTION. Section 11. Effective date. [This act] is effective July 1, 2023.

12 - END -
