

Letter of Commitment

On November 18th, 2022 the Historic Charley Montana in Glendive was sold to Katelynne and Jayson Eslick. This purchase was made with the intent to greatly expand the space available for their business, Sugar Plum Fine Jewelry, and allow for additional office spaces. The Eslick's are dedicated to the growth of their business and the community. As indicated in the MT Historic Preservation Grant Application (MHPG), the intended use of the space will remain the same. The MHPG Application requested \$145,000 in grant funds to be used for the replacement of windows and doors, that is still the intended use of the MHPG funds.

Katelynne and Jayson Eslick, are committed to completing the window and door replacement project for the Historic Charley Montana. The Eslick's are committed to providing the necessary match funds in the amount of \$30,000 toward the completion of the project. The Eslick's are committed to adhering to the MHPG guidelines. Additionally, the Eslick's are committed to preserving the historic integrity of the property.

Thank you for your time and consideration in approving the MHPG application.

Katelynne Eslick
