

# State General Fund Where it Comes From and Where it Goes

# Revenue Estimate Statute for Regular Session

- 5-5-227. Revenue and transportation interim committee -- powers and duties -- revenue estimating and use of estimates...
- (2) (a) The committee must have prepared by December 1 for introduction during each regular session of the legislature in which a revenue bill is under consideration an estimate of the amount of revenue projected to be available for legislative appropriation. ...
- (3) The committee's estimate, as introduced in the legislature, constitutes the legislature's current revenue estimate until amended or until final adoption of the estimate by both houses. It is intended that the legislature's estimates and the assumptions underlying the estimates will be used by all agencies with responsibilities for estimating revenue or costs, including the preparation of fiscal notes.

# Revenue Interim Committee (RIC) Process

- Receives revenue estimate calculations from
  1. Legislative Fiscal Division
  2. Governor's Office of Budget and Program Planning as a part of the preliminary budget submission of the Governor
  3. Other sources of information as requested by RIC
- Votes to set the initial official revenue estimate contained in HJ 2 and introduced to the Legislature

# HJ 2: General Fund & Selected State Special

## **General Fund Revenue**

- 33 revenue sources estimated independently, plus several smaller sources combined into All Other Revenue
- Underlying economic variables—such as wage growth, oil price, or population—are used to produce the total estimate which is then distributed according to statute

## **State Special Revenue**

- State special revenue estimates are included for revenue sources with general fund and state special revenue distributions
- Selected other state special revenue sources are estimated independently & included in HJ 2 because of their importance in the budgeting process; examples include guarantee fund and gasoline tax

# Revenue Updates and HJ 2 During Session

## **Legislative Fiscal Division**

- Updates LFD revenue estimates with updated economic and other data each month
- Reports monthly to all four caucuses, House, and Senate financial leadership

## **House Tax**

- May have hearings on HJ 2 in February or March
- May hold joint hearings with Senate Tax
- May adopt changes in the Legislative revenue estimate
- May send to House Floor and the Senate

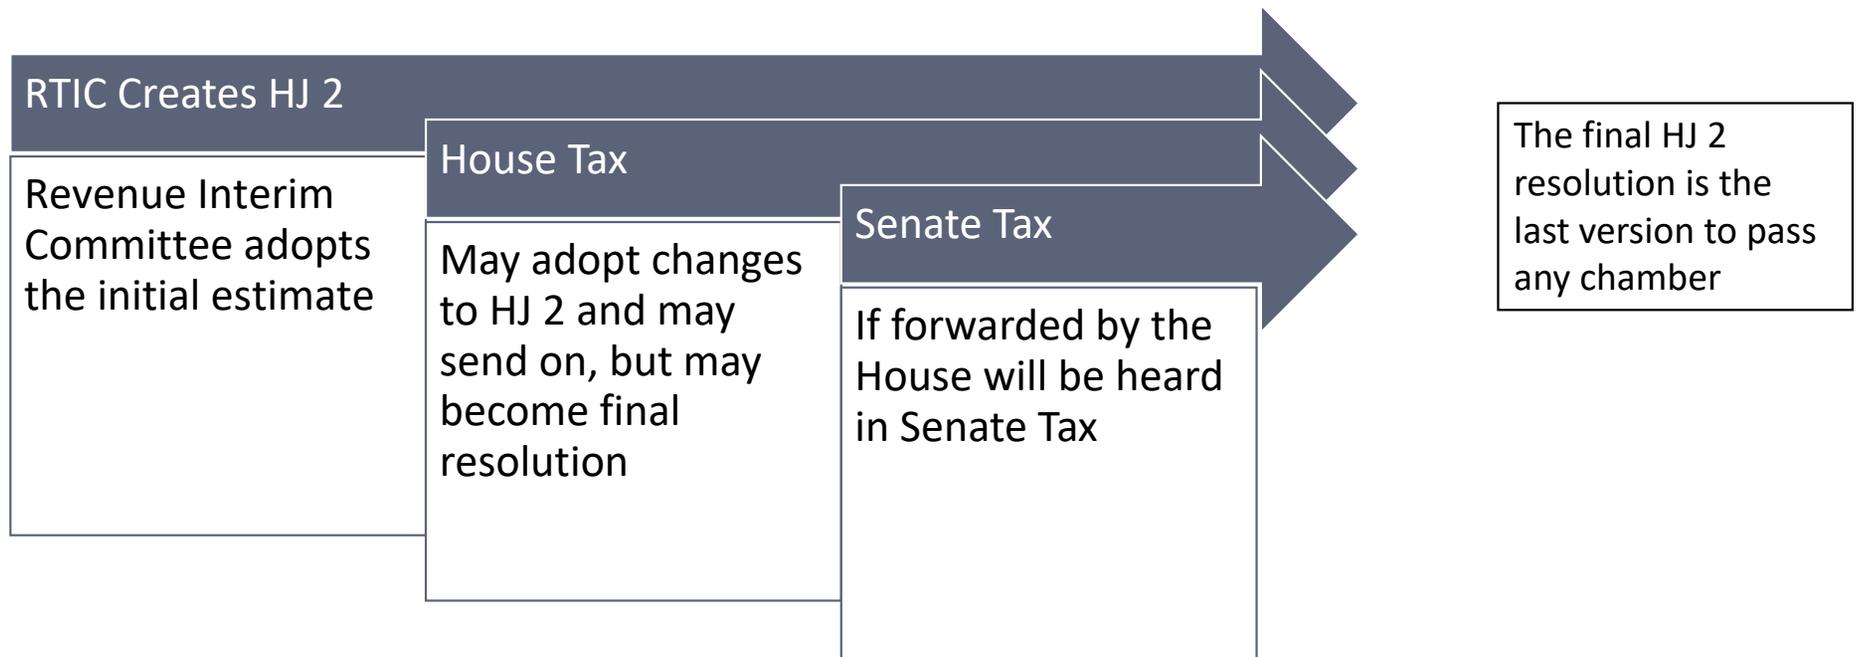

# Official HJ 2 Revenue Estimate - Potential Process

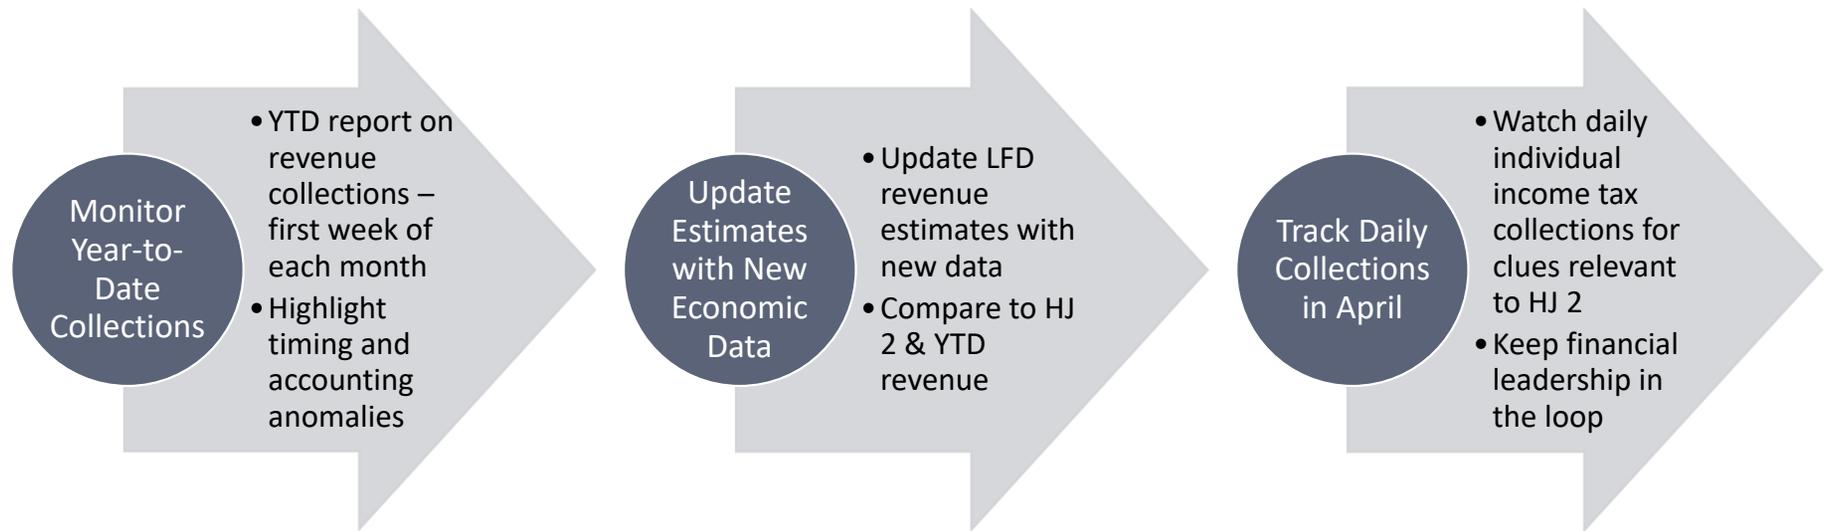

# HJ 2 Revenue Estimate Process in Practice

- HJ 2 is effective and binding at any point after introduction
- In most recent sessions the process has only proceeded through House Tax action
- HJ 2 assumptions are used in developing fiscal note revenue impacts
- HJ 2 is used on the General Fund Status Sheet

# HJ 2 Revenue Estimating in practice

# Tracking General Fund Revenue during session

# General Fund

Where it comes from and Where it goes...

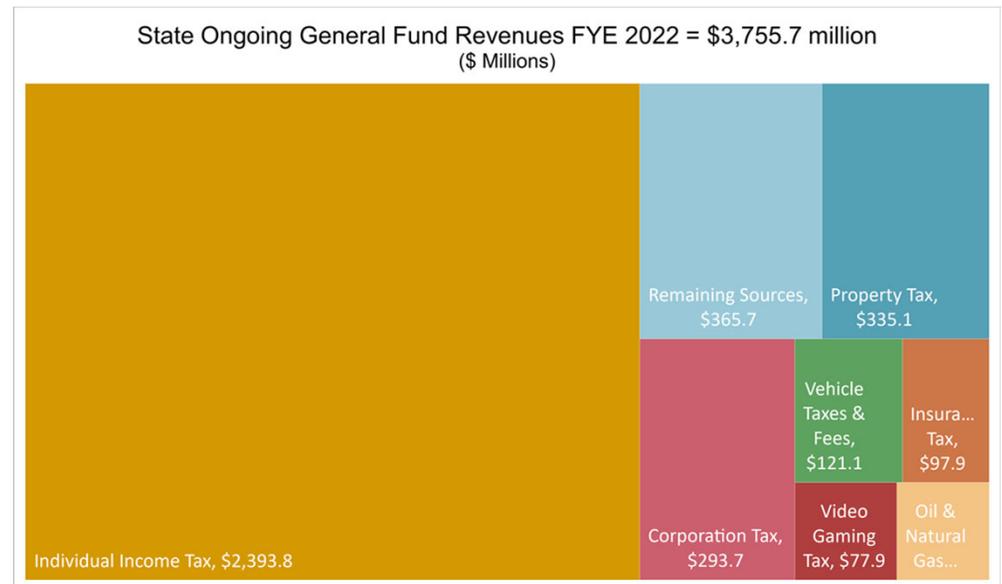

# What is General Fund?

Main “checking account” of state government

- Not set aside for specific purpose, available for all government purposes
- Legislature prioritizes both revenues and expenditures

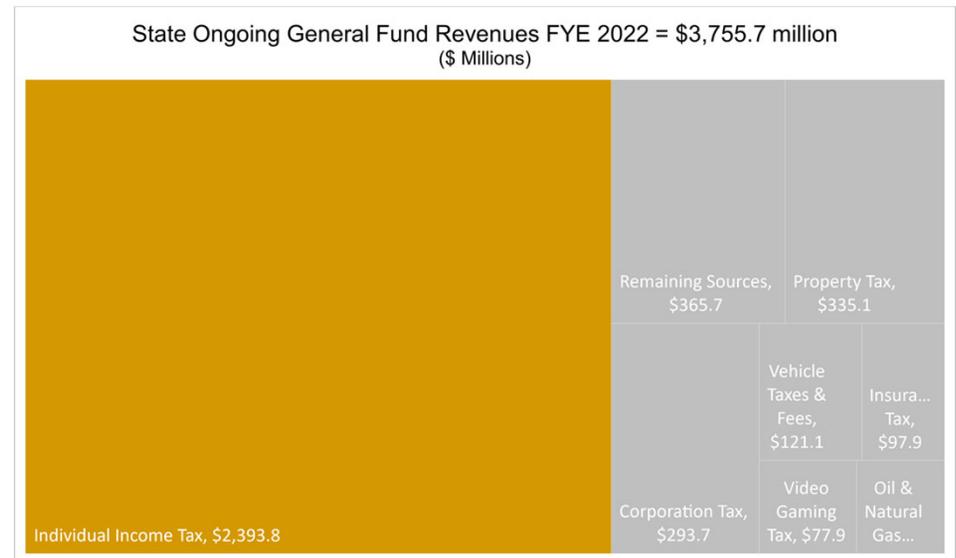

# Where Does the Money Come From?

General Fund Revenues Come from Taxes and May be Used for Any Lawful Purpose

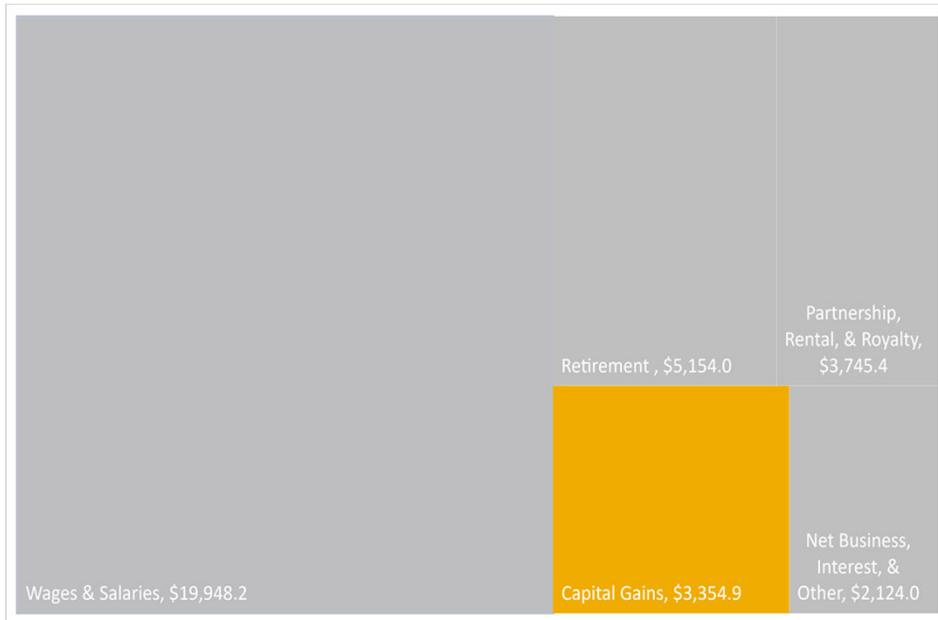

# Individual Income Tax Collections – Largest General Fund Source

- Individual income taxes paid by Montana residents made up 64% of total ongoing general fund revenue collections in FY 2022
- Individual income tax collections can be difficult to predict with changes in non-wage income (like capital gains income) being the primary reason for the volatility

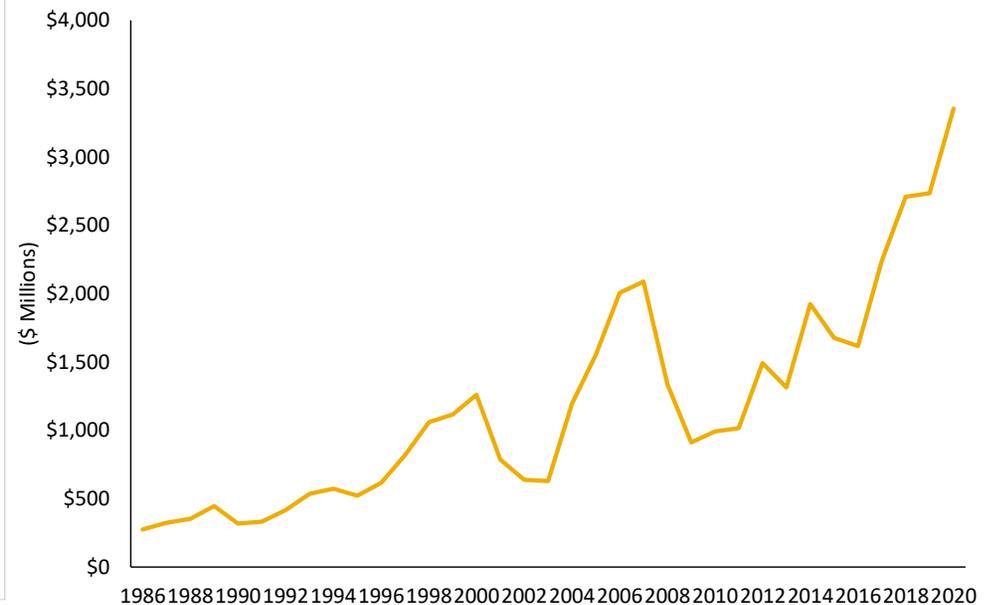

# Deep Dive: Individual Income Volatility

Although Capital Gains Income is a Relatively Small Share of Total Income...

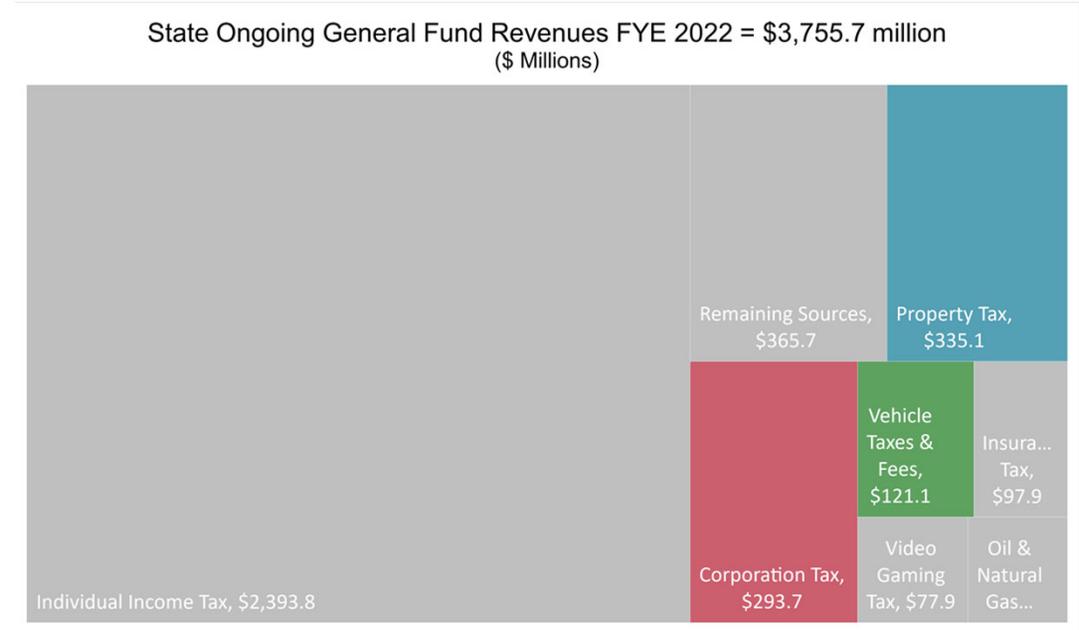

...it the Primary Source of Income Volatility

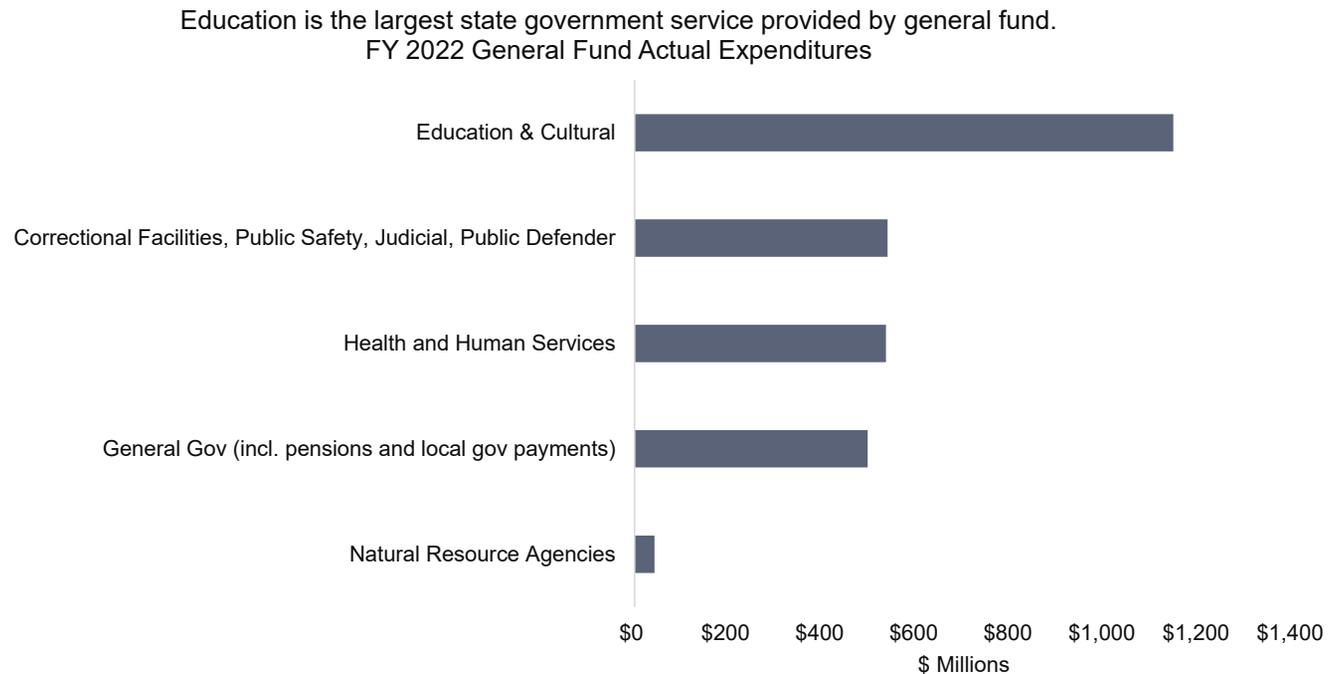

# Other Large General Fund Revenues by Sector Property, Corporation, & Vehicle Taxes

- Property taxes are paid by property owners
- Corporation taxes come from corporations doing business in Montana. This source can be difficult to predict as the complexities of different business choices contribute to the volatility
- Vehicle tax collections are constant due to flat registration fees and permanent registration

# Where Do General Fund Revenues Go? General Fund Expenditures – FY 2022

- Many of the largest programs and services are funded by the general fund
- Education is the largest service provided by general fund

# General Fund Tracking Process

Keeping the Legislature Updated

# General Fund “Checkbook” Monitoring

- General Fund Session Status Sheet – LFD staff prepare
  - Weekly updates **after about day 40** during the legislative session
  - Tracks impact of new legislation of general fund revenues & expenditures
  - Latest general fund balance sheets can be found on the Legislative Fiscal Division web page: <https://leg.mt.gov/lfd/budget-reports-general-fund/>
- Analyze Governor’s General Fund Balance Sheet – LFD staff analyze
  - Fully analyze December 15 submission by Governor
  - Determine if minimum balances are met & revenues balance expenditures
  - Example of Governor’s balance sheet from [November 15, 2022](#)

HB 2	64.519	48.925	12.156	11.301
Fire Fund Transfers	50.310	11.422		
Non HB 2 Legislation Appropriations (Bill List)			(10.063)	0.528
Other (includes: carry forward)	1.147	1.907		
Total Disbursements	2,323.836	2,367.890	2,346.275	2,425.109
Adjustments		5.888		
FY2016 CAFR Adjustments		1.368		
Ending Fund Balance	\$256.478	\$116.765	\$123.618	\$161.698
Structural Balance (ongoing revenues minus ongoing expenditures)	(\$86.573)	(\$103.106)	\$25.754	\$62.587
<p>Assumptions: 1) Please refer to the Status Sheet Rules adopted by the Legislative Finance Committee Management Work Group. 2) Per 17-7-140, MCA, the minimum balance is 5% of second year biennial appropriations. 3) The following bills were appropriated in HB 2: HB 59, HB 133, HB 143, HB 191, SB 59, SB 60, SB 64, so they will not show on the bill list unless the amount appropriated was different than the fiscal note, then the difference is shown on the bill list as a potential expenditure. 4) Additional information: Reversion calculations are locked down from status sheet #1 and won't change each time. The revenues reflected for SB 271 are based on the fiscal note #2, per LFC management workgroup decision. HB 372 general fund impact is unlikely. SB 139 school funding impact to the 2019 biennium is unknown, so the potential is only shown on the bill list. SB 367 and HB 645 are similar, therefore only one is shown on the bill list. The debt service and bond issuance costs assumed for SB 367 were adopted by the LFC management group and are different than what is shown on the fiscal note, with the remaining difference shown in the potential column of the bill list. There is coordination instruction between HB 37 and HB 2, therefore HB 37 does not show on the bill list.</p> <p><a href="http://leg.mt.gov/content/Publications/fiscal/2017%20Session/Status-Sheet-Rules-2017.pdf">http://leg.mt.gov/content/Publications/fiscal/2017%20Session/Status-Sheet-Rules-2017.pdf</a></p>
