Section 1107. Section 33-2-1348, MCA, is amended to read:

“33-2-1348. Effect of proceedings on pending and potential litigation — actions by liquidator. (1) Upon issuance of an order appointing a liquidator of a domestic insurer or of an alien insurer domiciled in this state, no action at law or equity may not be brought against the insurer or liquidator, whether in this state or elsewhere, nor shall any such action be maintained or further presented after issuance of such order. The courts of this state shall give full faith and credit to injunctions against the liquidator or the company or the continuation of existing actions against the liquidator or the company when the injunctions are included in an order to liquidate an insurer issued pursuant to corresponding provisions in other states. Whenever in the liquidator’s judgment protection of the estate of the insurer necessitates intervention in an action against the insurer that is pending outside this state, the liquidator may intervene in the action. The liquidator may defend any action in which he intervenes under this section at the expense of the estate of the insurer.

(2) The liquidator may, upon or after an order for liquidation, within 2 years or such a time in addition to 2 years as may be fixed by applicable law may permit, institute an action or proceeding on behalf of the estate of the insurer upon any cause of action against which the period of limitation fixed by applicable law has not expired at the time of the filing of the petition upon which such order is entered. When, by any agreement, a period of limitation is fixed for instituting a suit or proceeding upon any claim or for filing any claim, proof of claim, proof of loss, demand, notice, or the like or when in any proceeding, judicial or otherwise, a period of limitation is fixed, either in the proceeding or by applicable law, for taking any action, filing any claim or pleading, or doing any act and when in any such case the period had not expired at the date of the filing of the petition, the liquidator may, for the benefit of the estate, take any such action or do any such act required of or permitted to the insurer within a period of 180 days subsequent to the entry of an order for liquidation or within such a further period as is shown to the satisfaction of the court not to be unfairly prejudicial to the other party.

(3) No statute of limitations or defense of laches shall not run with respect to any action against an insurer between the filing of a petition for liquidation against an insurer and the denial of the petition. Any action against the insurer that might have been commenced when the petition was filed may be commenced for at least 60 days after the petition is denied.”

Section 1108. Section 33-2-1352, MCA, is amended to read:

“33-2-1352. Fraudulent transfer after petition. (1) After a petition for rehabilitation or liquidation has been filed, a transfer of any of the real property of the insurer made to a person acting in good faith is valid against the receiver if
made for a present fair equivalent value or, if not made for a present fair equivalent value, then to the extent of the present consideration actually paid therefor, for which amount the transferee shall have a lien on the property so transferred. The commencement of a proceeding in rehabilitation or liquidation is constructive notice upon the recording of a copy of the petition for or order of rehabilitation or liquidation with the county clerk and recorder in the county where any real property in question is located. The exercise by a court of the United States or any state or jurisdiction to authorize or effect a judicial sale of real property of the insurer within any county in any state may not be impaired by the pendency of such a rehabilitation or liquidation proceeding unless the copy is recorded in the county prior to the consummation of the judicial sale.

(2) After a petition for rehabilitation or liquidation has been filed and before either the receiver takes possession of the property of the insurer or an order of rehabilitation or liquidation is granted:

(a) a transfer of any of the property of the insurer, other than real property, made to a person acting in good faith is valid against the receiver if made for a present fair equivalent value or, if not made for a present fair equivalent value, then to the extent of the present consideration actually paid therefor, for which amount the transferee shall have a lien on the property so transferred;

(b) a person indebted to the insurer or holding property of the insurer may, if acting in good faith, pay the indebtedness or deliver the property or any part thereof to the insurer or upon his order, with the same effect as if the petition were not pending;

(c) a person having actual knowledge of the pending rehabilitation or liquidation is considered not acting in good faith;

(d) a person asserting the validity of a transfer under this section has the burden of proof. Except as elsewhere provided in this section, no transfer by or on behalf of the insurer after the date of the petition for liquidation by any person other than the liquidator shall be valid against the liquidator.

(3) Nothing in this part impairs the negotiability of currency or negotiable instruments.

Section 1109. Section 33-2-1353, MCA, is amended to read:

“33-2-1353. Voidable preferences and liens. (1) (a) A preference is a transfer of any of the property of an insurer to or for the benefit of a creditor, for or on account of an antecedent debt, made or suffered by the insurer within 1 year before the filing of a successful petition for liquidation under this part, the effect of which transfer may be to enable the creditor to obtain a greater percentage of this debt than another creditor of the same class would receive. If a liquidation order is entered while the insurer is already subject to a rehabilitation order, then such transfers shall be considered preferences if made or suffered within 1 year before the filing of the successful petition for rehabilitation or within 2 years before the filing of the successful petition for liquidation, whichever time is shorter.

(b) Any preference may be avoided by the liquidator if:

(i) the insurer was insolvent at the time of the transfer;

(ii) the transfer was made within 4 months before the filing of the petition;

(iii) the creditor receiving it or to be benefited thereby had, at the time
when the transfer was made, reasonable cause to believe that the insurer was insolvent or was about to become insolvent; or

(iv) the creditor receiving it was an officer or any employee or attorney or other person who was in fact in a position of comparable influence in the insurer to an officer, whether or not the creditor held such the position, or any shareholder holding directly or indirectly more than 5% of any class of any equity security issued by the insurer or any other person, firm, corporation, association, or aggregation of persons with whom the insurer did not deal at arm’s length.

(c) When the preference is voidable, the liquidator may recover the property or, if it has been converted, its value from any person who has received or converted the property, except where when a bona fide purchaser or lienor has given less than fair equivalent value, the purchaser or lienor has a lien upon the property to the extent of the consideration actually given by him the purchaser or lienor. When a preference by way of lien or security title is voidable, the court may on due notice order the lien or title to be preserved for the benefit of the estate, in which event the lien or title passes to the liquidator.

(2) (a) A transfer of property other than real property is considered to be made or suffered allowed when it becomes so far perfected that no subsequent lien is not obtainable by legal or equitable proceedings on a simple contract that could become superior to the rights of the transferee.

(b) A transfer of real property is considered to be made or suffered allowed when it becomes so far perfected that no subsequent bona fide purchaser from the insurer could not obtain rights superior to the rights of the transferee.

(c) A transfer which creates an equitable lien is not considered to be perfected if there are available means by which a legal lien could be created.

(d) A transfer not perfected prior to the filing of a petition for liquidation is considered to be made immediately before the filing of the successful petition.

(e) The provisions of this subsection apply whether or not there are or were creditors who might have obtained liens or persons who might have become bona fide purchasers.

(3) (a) A lien obtainable by legal or equitable proceedings upon a simple contract is one arising in the ordinary course of such the proceedings upon the entry or docketing of a judgment or decree or upon attachment, garnishment, execution, or like process, whether before, upon, or after judgment or decree and whether before or upon levy. It does not include liens which under applicable law are given a special priority over other liens which are prior in time.

(b) A lien obtainable by legal or equitable proceedings could become superior to the rights of a transferee or a purchaser could obtain rights superior to the rights of a transferee, within the meaning of subsection (2), if such the consequences would follow only from the lien or purchase itself or from the lien or purchase followed by any step wholly within the control of the respective lienholder or purchaser, with or without the aid of ministerial action by public officials. Such However, a lien could not, however, become superior and such a purchase could not create superior rights for the purpose of subsection (2) through any acts subsequent to the obtaining of such a lien or subsequent to such a purchase which require the agreement or concurrence of any third party or which require any further judicial action or ruling.
(4) A transfer of property for or on account of a new and contemporaneous consideration which that is considered under subsection (2) to be made or suffered after the transfer because of delay in perfecting it does not thereby become a transfer for or on account of an antecedent debt if any acts required by the applicable law to be performed in order to perfect the transfer as against liens or bona fide purchasers' rights are performed within 21 days or any period expressly allowed by the law, whichever is less. A transfer to secure a future loan, if such a loan is actually made, or a transfer which that becomes security for a future loan shall must have the same effect as a transfer for or on account of a new and contemporaneous consideration.

(5) If any lien considered voidable under subsection (1)(b) has been dissolved by the furnishing of a bond or other obligation, the surety on which has been indemnified directly or indirectly by the transfer of or the creation of a lien upon any property of an insurer before the filing of a petition under this part which that results in a liquidation order, the indemnifying transfer or lien shall must also be considered voidable.

(6) The property affected by any lien considered voidable under subsections (1) and (5) shall must be discharged from such the lien, and that property and any of the indemnifying property transferred to or for the benefit of a surety shall must pass to the liquidator, except that the court may on due notice order any such lien to be preserved for the benefit of the estate and the court may direct that such the conveyance be executed as may be proper or adequate to evidence the title of the liquidator.”

Section 1110. Section 33-2-1355, MCA, is amended to read:

“33-2-1355. Set off for further credit given in good faith. If a creditor has been preferred and afterward in good faith gives the insurer further credit without security of any kind for property which that becomes a part of the insurer’s estate, the amount of the new credit remaining unpaid at the time of the petition may be set off against the preference which that would otherwise be recoverable from him the insurer.”

Section 1111. Section 33-2-1357, MCA, is amended to read:

“33-2-1357. Personal liability. (1) Every officer, manager, employee, shareholder, member, subscriber, attorney, or any other person acting on behalf of the insurer who knowingly participates in giving any preference when he the individual has reasonable cause to believe the insurer is or is about to become insolvent at the time of the preference is personally liable to the liquidator for the amount of the preference. It is permissible to infer that there is reasonable cause to so believe if the transfer was made within 4 months before the date of filing of this a successful petition for liquidation.

(2) Every person receiving any property from the insurer or the benefit thereof of the property as a preference voidable under 33-2-1353(1) is personally liable therefore and is bound to account to the liquidator.

“33-2-1358. Claims of holders of void or voidable rights. (1) No The claims of a creditor who has received or acquired a preference, lien, conveyance, transfer, assignment, or encumbrance voidable under this part shall may not be allowed unless he the creditor surrenders the preference, lien, conveyance, transfer, assignment, or encumbrance. If the avoidance is effected by a
proceeding in which a final judgment has been entered, the claim may not be
allowed unless the money is paid or the property is delivered to the liquidator
within 30 days from the date of the entering of the final judgment, except that
the court having jurisdiction over the liquidation may allow further time if there
is an appeal or other continuation of the proceeding.

(2) A claim allowable under subsection (1) by reason of the avoidance,
whether voluntary or involuntary, or a preference, lien, conveyance, transfer,
assignment, or encumbrance may be filed as an excused late filing under
33-2-1364 if filed within 30 days from the date of the avoidance or within the
further time allowed by the court under subsection (1)."

Section 1113. Section 33-2-1360, MCA, is amended to read:

make a report to the court setting forth:

(a) the reasonable value of the assets of the insurer;

(b) the insurer's probable total liabilities;

(c) the probable aggregate amount of the assessment necessary to pay all
claims of creditors and expenses in full, including expenses of administration

records at least 20 days before the return day of the order to show cause.

(5) (a) If a member does not appear and serve duly verified objections upon
the liquidator on or before the return day of the order to show cause under
subsection (3), the court shall make an order adjudging the member liable for
the amount of the assessment against him the member, pursuant to subsection
(3), together with costs, and the liquidator shall have has a judgment against
the member therefore for that amount.

(b) If on or before such the return day the member appears and serves duly
verified objections upon the liquidator, the commissioner may hear and

(6) The liquidator may enforce any order or collect any judgment under subsection (5) by any lawful means.”

Section 1114. Section 33-2-1362, MCA, is amended to read:

(b) a transfer to a creditor was avoided under 33-2-1351 through 33-2-1357 or was voluntarily surrendered under 33-2-1358, and the filing satisfiesthe conditions of 33-2-1358; and

The liquidator may consider any claim filed late which is not covered by subsection (2) and permit it to receive distributions which are subsequently declared on any claims of the same or lower priority if the payment does not prejudice the orderly administration of the liquidation. The late-filing claimant shall receive, at each distribution, the same percentage of the amount allowed on his claim as that is then being paid to claimants of any lower priority. This distribution must continue until his claim has been paid in full.

If the insured fails to file a claim by the date for filing claims specified in the order of liquidation or within 60 days after mailing of the notice required by 33-2-1346, whichever is later, the insured is an unexcused late filer.

(3) The liquidator shall make his recommendations to the court under 33-2-1371 for the allowance of an insured’s claim under subsection (2), after consideration of the probable outcome of any pending action against the insured on which the claim is based, the probable damages recoverable in the action, and the probable costs and expenses of defense. After all claims are settled or barred, any sum remaining from the amount withheld shall revert to the undistributed assets of the insurer. Delay in final payment under this subsection may not be a reason for unreasonable delay of final distribution and discharge of the liquidator.

(4) If several claims founded upon one policy are filed, whether by third parties or as claims by the insured under this section and the aggregate allowed amount of the claims to which the same limit of liability in the policy is applicable exceeds that limit, each claim as allowed shall be reduced in the same proportion so that the total equals the policy limit. Claims by the insured shall be evaluated as provided in subsection (3). If any insured’s claim is

However, in the absence of an agreement with the creditor to the contrary, the other person shall is not be entitled to any distribution until the amount paid to the creditor on the undertaking plus the distributions paid on the claim from the insurer’s estate to the creditor equals the amount of the entire claim of the creditor. Section 1247. Section 33-30-1009, MCA, is amended to read:

“33-30-1009. Insured’s family — conversion entitlement. Subject to the conditions set forth in this section, the conversion privilege is also available:

(1) to the surviving spouse, if any, at the death of the employee or member, with respect to the spouse and children whose coverage under the group policy terminates by reason of the death, otherwise to each surviving child whose coverage under the group policy terminates by reason of the death, or if the group policy provides for continuation of dependent’s coverage following the employee’s or member’s death, at the end of such continuation;

(2) to the spouse of the employee or member upon termination of coverage of the spouse, by reason of ceasing to be a qualified family member under the group policy, while the employee or member remains under the group policy, including children whose coverage under the group policy terminates at the same time; or

(3) to a child solely with respect to him upon termination of the child’s coverage by reason of ceasing to be a qualified family member under the group policy, if a conversion privilege is not otherwise provided above in this section with respect to the termination.”

Section 1248. Section 33-30-1102, MCA, is amended to read:

“33-30-1102. Notice — shared costs of third-party action — limitation. (1) If an insured intends to institute an action for damages against a third party, the insured shall give the health service corporation reasonable notice of the intention to institute the action.

(2) The insured may request that the health service corporation pay a proportionate share of the reasonable costs of the third-party action, including attorney fees.

(3) A health service corporation may elect not to participate in the cost of the action. If such an election is made, the health service corporation waives 50% of any subrogation rights granted to it by 33-30-1101.

(4) The health service corporation’s right of subrogation granted in 33-30-1101 may not be enforced until the injured insured has been fully compensated for his injuries.”

Section 1249. Section 33-31-201, MCA, is amended to read:
“33-31-201. Establishment of health maintenance organizations. (1) Notwithstanding any law of this state to the contrary, a person may apply to the commissioner for and obtain a certificate of authority to establish and operate a health maintenance organization in compliance with this chapter. A person may not establish or operate a health maintenance organization in this state except as authorized by a subsisting certificate of authority issued to it by the commissioner. A foreign person may qualify for a certificate of authority if it first obtains from the secretary of state a certificate of authority to transact business in this state as a foreign corporation under 35-1-1028.

(2) Each health maintenance organization operating in this state as of October 1, 1987, shall submit an application for a certificate of authority under subsection (3) within 30 days after the effective date of rules adopted by the commissioner as provided in 33-31-103. Each such applicant may continue to operate in this state until the commissioner acts upon the application. If an application is denied under 33-31-202, the applicant must be treated as a health maintenance organization whose certificate of authority has been revoked.

(3) Each application of a health maintenance organization, whether separately licensed or not, for a certificate of authority must:

(a) be verified by an officer or authorized representative of the applicant;
(b) be in a form prescribed by the commissioner;
(c) contain:
   (i) the applicant’s name;
   (ii) the location of the applicant’s home office or principal office in the United States, if a foreign person;
   (iii) the date of organization or incorporation;
   (iv) the form of organization, including whether the providers affiliated with the health maintenance organization will be salaried employees or group or individual contractors;
   (v) the state or country of domicile; and
   (vi) any additional information that the commissioner may reasonably require; and
(d) set forth the following information or be accompanied by the following documents, as applicable:
   (i) a copy of the applicant’s organizational documents, such as its corporate charters or articles of incorporation, articles of association, partnership agreement, trust agreement, or other applicable documents, and all amendments thereto to those documents, certified by the public officer with whom the originals were filed in the state or country of domicile;
   (ii) a copy of the bylaws, rules, and regulations, or similar document, if any, regulating the conduct of the applicant’s internal affairs, certified by its secretary or other officer having custody thereof of the documents;
   (iii) a list of the names, addresses, and official positions of the persons responsible for the conduct of the applicant’s affairs, including all members of the board of directors, board of trustees, executive committee, or other governing board or committee; the principal officers in the case of a corporation; and the partners or members in the case of a partnership or association;
   (iv) a copy of any contract made or to be made between:
      (A) any provider and the applicant; or
(B) any person listed in subsection (2)(d)(ii) and the applicant. The applicant may file a list of providers executing a standard contract and a copy of the contract instead of copies of each executed contract.

(v) the extent to which any of the following will be included in provider contracts and the form of any provisions that:

(A) limit a provider’s ability to seek reimbursement for basic health care services or health care services from an enrollee;

(B) permit or require a provider to assume a financial risk in the health maintenance organization, including any provisions for assessing the provider, adjusting capitation or fee-for-service rates, or sharing in the earnings or losses; and

(C) govern amending or terminating an agreement with a provider;

(vi) a financial statement showing the applicant’s assets, liabilities, and sources of financial support. If the applicant’s financial affairs are audited by independent certified public accountants, a copy of the applicant’s most recent certified financial statement satisfies this requirement unless the commissioner directs that additional or more recent financial information is required for the proper administration of this chapter.

(vii) a description of the proposed method of marketing, a financial plan that includes a projection of operating results anticipated until the organization has had net income for at least 1 year, and a statement as to the sources of working capital as well as any other source of funding;

(viii) a power of attorney executed by the applicant, on a form prescribed by the commissioner, appointing the commissioner, his successors in office, and his authorized deputies as the applicant’s attorney to receive service of legal process issued against it in this state;

(ix) a statement reasonably describing the geographic service area or areas to be served, by county, including:

(A) a chart showing the number of primary and specialty care providers, with locations and service areas by county;

(B) the method of handling emergency care, with the location of each emergency care facility; and

(C) the method of handling out-of-area services;

(x) a description of the way in which the health maintenance organization provides services to enrollees in each geographic service area, including the extent to which a provider under contract with the health maintenance organization provides primary care to those enrollees;

(xi) a description of the complaint procedures to be used as required under Ch. 56 MONTANA SESSION LAWS 2009 714
filed with the commissioner in accordance with the filing provisions of 33-31-301(2), however, nothing in this subsection deprives the health maintenance organization of its right to confidentiality of any proprietary information, and the commissioner may not disclose that proprietary information to any other person. All contracts must include:

(A) the services to be provided;
(B) the standards of performance for the manager;
(C) the method of payment, including any provisions for the administrator to participate in the profits or losses of the plan;
(D) the duration of the contract; and
(E) any provisions for modifying, terminating, or renewing the contract.

(xiv) a summary of all financial guaranties by providers, sponsors, affiliates, or parents within a holding company system or any other guaranties that are intended to ensure the financial success of the plan, including hold harmless agreements by providers, insolvency insurance, reinsurance, or other guaranties;
(xv) a summary of benefits to be offered enrollees, including any limitations and exclusions and the renewability of all contracts to be written;
(xvi) evidence that it can meet the requirement of 33-31-216(10); and
(xvii) any other information that the commissioner may reasonably require to make the determinations required in 33-31-202.

(4) Each health maintenance organization shall file each substantial change, alteration, or amendment to the information submitted under subsection (3) with the commissioner at least 30 days prior to its effective date, including changes in articles of incorporation and bylaws, organization type, geographic service area, provider contracts, provider availability, plan administration, financial projections and guaranties, and any other change that might affect the financial solvency of the plan. The commissioner may, after notice and hearing, disapprove any proposed change, alteration, or amendment to the business plan. The commissioner may make reasonable rules exempting from the filing requirements of this subsection those items he considers unnecessary.

(5) An applicant or a health maintenance organization holding a certificate of authority shall file with the commissioner all contracts of reinsurance and any modifications thereto. An agreement between a health maintenance organization and an insurer is subject to Title 33, chapter 2, part 12. A reinsurance agreement must remain in full force and effect for at least 90 days following written notice of cancellation by either party by certified mail to the commissioner.

(6) Each health maintenance organization shall maintain, at its administrative office, and make available to the commissioner upon request executed copies of all provider contracts.

(7) The commissioner may make reasonable rules exempting an insurer or health service corporation operating a health maintenance organization as a plan from the filing requirements of this section if information requested in the application has been submitted to the commissioner under other laws and rules administered by the commissioner.”

Section 1250. Section 33-31-221, MCA, is amended to read:
“33-31-221. Powers of health maintenance organizations. (1) The powers of a health maintenance organization include but are not limited to the following:

(a) the purchase, lease, construction, renovation, operation, or maintenance of a hospital, a medical facility, or both, its ancillary equipment, and such property as that may reasonably be required for its principal office or for such purposes as that may be necessary in the transaction of the business of the organization;

(b) the making of loans to a medical group under contract with it in furtherance of its program or the making of loans to a corporation under its control for the purpose of acquiring or constructing a medical facility or hospital or in furtherance of a program providing health care services to enrollees;

(c) the furnishing of health care services through a provider who is under contract with or employed by the health maintenance organization;

(d) the contracting with a person for the performance on its behalf of certain functions, such as marketing, enrollment, and administration;

(e) the contracting with an insurer authorized to transact insurance in this state, or with a health service corporation authorized to do business in this state, for the provision of insurance, indemnity, or reimbursement against the cost of health care services provided by the health maintenance organization; and

(f) the offering of other health care services in addition to basic health care services.

(2) A health maintenance organization shall file notice, with adequate supporting information, with the commissioner before exercising a power granted in subsection (1)(a), (1)(b), or (1)(d). The commissioner may, after notice and hearing, within 60 days disapprove the exercise of a power under subsection (1)(a), (1)(b), or (1)(d) only if, in his opinion, it would substantially and adversely affect the financial soundness of the health maintenance organization and endanger its ability to meet its obligations. The commissioner may make reasonable rules exempting from the filing requirement of this subsection those activities having a de minimis effect. The commissioner may exempt certain contracts from the filing requirement whenever exercise of the authority granted in this section would have little or no effect on the health maintenance organization's financial condition and ability to meet obligations.

(3) Nothing in this section exempts the activities of a health maintenance organization from any applicable certificate of need requirements under Title 50, chapter 5, parts 1 and 3.”

Section 1251. Section 33-31-312, MCA, is amended to read:

“33-31-312. Prohibited practices. (1) A health maintenance organization or representative thereof of a health maintenance organization may not cause or knowingly permit the use of advertising that is untrue or misleading, solicitation that is untrue or misleading, or any form of evidence of coverage that is deceptive. For purposes of this chapter:

(a) a statement or item of information is considered to be misleading, whether or not it may be literally untrue, if, in the total context in which the statement is made or the item of information is communicated, a reasonable person not possessing special knowledge regarding health care coverage may reasonably understand the statement or item of information as indicating a benefit or advantage or the absence of an exclusion, limitation, or disadvantage
of possible significance to an enrollee of or person considering enrollment in a health maintenance organization if the benefit or advantage or absence of limitation, exclusion, or disadvantage does not in fact exist; and

(b) an evidence of coverage is considered to be deceptive if, when taken as a whole and with consideration given to typography, format, and language, it can cause a reasonable person not possessing special knowledge regarding health maintenance organizations to expect benefits, services, charges, or other advantages that the evidence of coverage does not provide or which the health maintenance organization issuing the evidence of coverage does not regularly make available to enrollees covered under the evidence of coverage.

(2) Title 33, chapter 18, applies to health maintenance organizations and evidences of coverage issued by a health maintenance organization, except to the extent that the commissioner determines that the nature of health maintenance organizations and evidences of coverage render the chapter clearly inappropriate.

(3) A health maintenance organization shall clearly disclose in the evidence of coverage the circumstances under which it may disenroll, cancel, or refuse to renew an enrollee. A health maintenance organization may disenroll, cancel, or refuse to renew an enrollee only if the enrollee:

(a) has failed to pay required premiums by the end of the grace period;

(b) has committed acts of physical or verbal abuse that pose a threat to providers or other enrollees of the health maintenance organization;

(c) has allowed a nonenrollee to use the health maintenance organization’s certification card to obtain services or has knowingly provided fraudulent information in applying for coverage;

(d) has moved outside of the geographical service area of the health maintenance organization;

(e) has violated rules of the health maintenance organization stated in the evidence of coverage;

(f) has violated rules adopted by the commissioner for enrollment in a health maintenance organization; or

(g) is unable to establish or maintain a satisfactory physician-patient relationship with the physician responsible for the enrollee’s care. Disenrollment of an enrollee for this reason must be permitted only if the health maintenance organization can demonstrate that it provided the enrollee with the opportunity to select an alternate primary care physician, made a reasonable effort to assist the enrollee in establishing a satisfactory physician-patient relationship, and informed the enrollee that he she the enrollee may file a grievance on this matter.

(4) A health maintenance organization may not disenroll an enrollee under subsection (3) for reasons related to the physical or mental condition of the enrollee or for any of the following reasons:

(a) failure of the enrollee to follow a prescribed course of treatment; or

(b) administrative actions, such as failure to keep an appointment.

(5) (a) A health maintenance organization that disenrolls a group certificate holder for any reason not listed in subsection (3) or provided in rules adopted by the commissioner shall make arrangements to provide similar alternate insurance coverage to enrollees. The insurance coverage must be continued until the disenrolled group certificate holder finds its own coverage or a period of
12 months elapses, whichever comes first. The premium on the individual coverage must be at the then-customary rate applicable to the individual coverage offered by the insurer, health service corporation, or health maintenance organization that provides the alternate insurance coverage.

(b) If a health maintenance organization disenrolls an enrollee covered on an individual basis for any reason not listed in subsection (3) or provided in rules adopted by the commissioner, coverage must be continued until the anniversary date of the policy or for 1 year, whichever is earlier. A health maintenance organization that disenrolls an individual enrollee for failure to pay a required premium or for fraudulent statements on the enrollment form need not provide alternate insurance coverage to that enrollee.

(6) A health maintenance organization may not refer to itself as an insurer unless licensed as an insurer or use a name deceptively similar to the name or description of an insurer authorized to transact insurance in this state.

(7) A person may not refer to itself as a health maintenance organization or HMO unless it holds a valid certificate of authority issued by the commissioner.”

Section 1252. Section 33-31-402, MCA, is amended to read:

“33-31-402. Suspension or revocation of certificate of authority. (1) The commissioner may, in his discretion, suspend or revoke any certificate of authority issued to a health maintenance organization under this chapter if he finds that any of the following conditions exist:

(a) The health maintenance organization is operating in contravention of its basic organizational document or in a manner contrary to that described in any other information submitted under 33-31-201 and provided that such operation adversely affects the health maintenance organization’s ability to provide benefits and operate under the application approved by the commissioner, unless amendments to such submissions have been filed with and approved by the commissioner.

(b) The health maintenance organization issues evidences of coverage or uses a schedule of charges for health care services that do not comply with the requirements of 33-31-301.

(c) The health maintenance organization does not provide or arrange for basic health care services.

(d) The health maintenance organization is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees.

(e) The health maintenance organization has failed to implement a mechanism affording the enrollees an opportunity to participate in matters of policy and operation under 33-31-222.

(f) The health maintenance organization has failed to implement the complaint system required by 33-31-303 to resolve valid complaints in a reasonable manner.

(g) The health maintenance organization, or any person on its behalf, has advertised or merchandised its services in an untrue, misrepresentative, misleading, deceptive, or unfair manner.

(h) The continued operation of the health maintenance organization would be hazardous to its enrollees.

(i) The health maintenance organization has otherwise failed to substantially comply with this chapter.
The commissioner may in his discretion suspend or revoke a certificate of authority only if he complies with the requirements of 33-31-404.

When the certificate of authority of a health maintenance organization is suspended, the health maintenance organization may not, during the period of such suspension, enroll any additional enrollees except newborn infants or other newly acquired dependents of existing enrollees and may not engage in any advertising or solicitation.

If the commissioner revokes the certificate of authority of a health maintenance organization, the health maintenance organization shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs and may not transact further business except as may be essential to the orderly conclusion of its affairs. It may not engage in further advertising or solicitation following the effective date of the order of revocation. The commissioner may by written order permit further operation of the health maintenance organization if he finds further operation to be in the best interest of enrollees to the extent that enrollees will be afforded the greatest practical opportunity to obtain continuing health care coverage.”

Section 1253. Section 33-31-403, MCA, is amended to read:

“33-31-403. Supervision, rehabilitation, or liquidation of a health maintenance organization. (1) The supervision, rehabilitation, or liquidation of a health maintenance organization is considered to be the supervision, rehabilitation, or liquidation of an insurer and must be conducted under the supervision of the commissioner pursuant to chapter 2, part 13. The commissioner may apply for an order directing him to supervise, rehabilitate, or liquidate a health maintenance organization upon any one or more grounds set out in 33-2-1321, 33-2-1331, or 33-2-1341 or when in his opinion the continued operation of the health maintenance organization would be hazardous either to the enrollees or to the people of this state. Enrollees shall have the same priority in the event of liquidation or rehabilitation as the law provides to policyholders of an insurer.

(2) A claim by a health care provider for an uncovered expenditure has the same priority as a claim by an enrollee if the provider of services agrees not to assert the claim against any enrollee of the health maintenance organization.”

Section 1254. Section 33-31-404, MCA, is amended to read:

“33-31-404. Administrative procedures. (1) When the commissioner has cause to believe that grounds for the denial of an application for a certificate of authority exist or that grounds for the suspension or revocation of a certificate of authority exist, he shall give written notice to the health maintenance organization specifically stating the grounds for denial, suspension, or revocation and fixing a time of at least 30 days after the notice for a hearing on the matter.

(2) After the hearing, or upon the failure of the health maintenance organization to appear at the hearing, the commissioner shall make written findings and act as he considers advisable. The commissioner shall mail the written findings to the health maintenance organization. The action of the commissioner is subject to review by the district court having jurisdiction. The court may, in disposing of the issue before it, modify, affirm, or reverse the order of the commissioner in whole or in part.

(3) When notice and hearing are required with regard to actions taken by the commissioner under this chapter, the requirements of 33-1-314
through 33-1-316 and Title 33, chapter 1, part 7, apply, except that the formal rules of pleading and evidence must be observed. To the extent that 33-1-314 through 33-1-316 and Title 33, chapter 1, part 7, do not address the notice and hearing requirements of this chapter, the provisions of Title 2, chapter 4, parts 6 and 7, apply.”

Section 1255. Section 33-31-405, MCA, is amended to read:

“33-31-405. Penalties and enforcement. (1) The commissioner may, in addition to suspension or revocation of a certificate of authority under 33-31-402, after notice and hearing, impose an administrative penalty in an amount not less than $500 or more than $10,000 if the commissioner gives reasonable notice in writing of the intent to levy the penalty and the health maintenance organization has a reasonable time within which to remedy the defect in its operations that gave rise to the penalty citation.

(2) If the commissioner has cause to believe that a violation of this chapter has occurred or is threatened, the commissioner may:

(a) give notice to the health maintenance organization and to the representatives or other persons who appear to be involved in the suspected violation;

(b) arrange a conference with the alleged violators or their authorized representatives to attempt to ascertain the facts relating to the suspected violation; and

(c) if it appears that a violation has occurred or is threatened, arrive at an adequate and effective means of correcting or preventing the violation.

(3) (a) The commissioner may issue an order directing a health maintenance organization or its representative to cease and desist from engaging in an act or practice in violation of this chapter.

(b) Within 15 days after service of the cease and desist order, the respondent may request a hearing to determine whether acts or practices in violation of this chapter have occurred. The hearing must be conducted pursuant to Title 2, chapter 4, part 6, and judicial review must be available as provided by Title 2, chapter 4, part 7.

(4) If a health maintenance organization violates a provision of this chapter and the commissioner elects not to issue a cease and desist order or if the respondent does not comply with a cease and desist order issued pursuant to subsection (3), the commissioner may institute a proceeding to obtain injunctive or other appropriate relief in the district court of Lewis and Clark County.”

Section 1256. Section 35-1-418, MCA, is amended to read:

“35-1-418. General standards for directors. (1) A director shall discharge the duties as a director, including the director’s duties as a member of a committee:

(a) in good faith;

(b) with the care an ordinarily prudent person in a similar position would exercise under similar circumstances; and

(c) in a manner that the director reasonably believes to be in the best interests of the corporation.

(2) In discharging duties, a director is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:
(a) one or more officers or employees of the corporation whom the director reasonably believes to be reliable and competent in the matters presented;
(b) attorneys, public accountants, or other persons with regard to matters that the director reasonably believes are within the person’s professional or expert competence; or
(c) a committee of the board of directors of which the director is not a member if the director reasonably believes the committee merits confidence.

(3) A director is not acting in good faith if the director has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (2) unwarranted.

(4) A director is not liable for any action taken as a director or for any failure to take any action if the director performed the duties of the director’s office in compliance with this section.”

Section 1257. Section 35-1-421, MCA, is amended to read:

“35-1-421. Terms of directors generally. (1) The terms of the initial directors of a corporation expire at the first shareholders’ meeting at which directors are elected.

(2) The terms of all other directors expire at the next annual shareholders’ meeting following their election unless their terms are staggered under 35-1-422.

(3) A decrease in the number of directors does not shorten an incumbent director’s term.

(4) A director elected or appointed to fill a vacancy is elected or appointed for the unexpired term of his predecessor in office.

(5) Despite the expiration of a director’s term, the director continues to serve until the director’s successor is elected and qualifies or until there is a decrease in the number of directors.”

Section 1258. Section 35-1-423, MCA, is amended to read:

“35-1-423. Resignation of directors. (1) A director may resign at any time by delivering written notice to the board of directors, to its chairman, or to the corporation.

(2) A resignation is effective when the notice is delivered unless the notice specified a later effective date.”

Section 1259. Section 35-1-424, MCA, is amended to read:

“35-1-424. Removal of directors. (1) The shareholders may remove one or more directors with or without cause unless the articles of incorporation provide that directors may be removed only for cause.

(2) If a director is elected by a voting group of shareholders, only the shareholders of that voting group may participate in the vote to remove the director.

(3) Any director or the entire board of directors may be removed only by a vote of the holders of two-thirds of the shares entitled to vote at an election of directors unless otherwise provided by the articles of incorporation or bylaws. If the shareholders have the right to cumulate their votes when electing directors and if less than the entire board is to be removed, a director may not be removed if the votes cast against the director’s removal would be sufficient to elect him if cumulatively voted at an election of the entire board of directors or, if there are classes of directors, at an election of the class of directors of which
the director is a part. If the corporation has fewer than 100 shareholders, the entire board of directors may be removed only by a vote of a majority of the shares then entitled to vote.

(4) A director may be removed by the shareholders only at a meeting called for the purpose of removing the director. The meeting notice must state that the purpose, or one of the purposes, of the meeting is removal of the director.

Section 1260. Section 35-1-428, MCA, is amended to read:

“35-1-428. Penalty for signing false document. (1) The execution of any document required to be filed with the secretary of state under this chapter constitutes an affirmation, under the penalties of false swearing, by each person executing the document that the facts stated in the document are true.

(2) The secretary of state shall provide for the printing of a warning to this effect on each form prescribed by him under this chapter.”

Section 1261. Section 35-1-435, MCA, is amended to read:

“35-1-435. Quorum — voting. (1) Unless the articles of incorporation or bylaws require a greater number, a quorum of a board of directors consists of:

(a) a majority of the fixed number of directors if the corporation has a fixed board size; or

(b) a majority of the number of directors prescribed or, if no number is not prescribed, the number in office immediately before the meeting begins, if the corporation has a variable-range size board.

(2) The articles of incorporation or bylaws may authorize a quorum of a board of directors to consist of no fewer than one-third of the fixed or prescribed number of directors.

(3) If a quorum is present when a vote is taken, the affirmative vote of a majority of directors present is the act of the board of directors unless the articles of incorporation or bylaws require the vote of a greater number of directors.

(4) A director who is present at a meeting of the board of directors or a committee of the board of directors when corporate action is taken is considered to have assented to the action taken unless:

(a) the director objects at the beginning of the meeting or promptly upon the director's arrival to holding the meeting or transacting business at the meeting and delivers written notice of the director's objection to the presiding officer before its adjournment or to the corporation immediately after adjournment of the meeting;

(b) the director's dissent or abstention from the action taken is entered in the minutes of the meeting; or

(c) the director delivers written notice of his dissent or abstention to the presiding officer of the meeting before its adjournment or to the corporation immediately after adjournment of the meeting.

(5) The right of dissent or abstention is not available to a director who votes in favor of the action taken.”

(a) one or more officers or employees of the corporation whom the officer reasonably believes to be reliable and competent in the matters presented; or

(b) attorneys, public accountants, or other persons as to matters the officer reasonably believes are within the person’s professional or expert competence.

(3) An officer is not acting in good faith if the officer has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (2) unwarranted.

(4) An officer is not liable for any action taken as an officer or for any failure to take any action if the officer performed the duties of his office in compliance with this section.”

Section 1263. Section 35-1-451, MCA, is amended to read:

(1) “Conflicting interest” with respect to a corporation means the interest a director of the corporation has respecting a transaction effected or proposed to be effected by the corporation or by a subsidiary of the corporation or any other entity in which the corporation has a controlling interest if:

(a) regardless of whether the transaction is brought before the board of directors of the corporation for action, the director knows at the time of commitment that he or a related person is a party to the transaction or has a beneficial financial interest in or is so closely linked to the transaction and the transaction is of such financial significance to the director or a related person that the interest would reasonably be expected to exert an influence on the director’s judgment if the director were called upon to vote on the transaction; or

(b) the transaction is brought, or is of a character and significance to the corporation that it would in the normal course be brought, before the board of directors of the corporation for action and the director knows at the time of commitment that any of the following persons is either a party to the transaction or has a beneficial financial interest in or is so closely linked to the transaction and the transaction is of such financial significance to the person that the interest would reasonably be expected to exert an influence on the director’s judgment if the director were called upon to vote on the transaction:

(i) an entity, other than the corporation, of which the director is a director, general partner, agent, or employee;

(ii) a person who controls one or more of the entities specified in subsection (1)(b)(i) or an entity that is controlled by, or is under common control with, one or more of the entities specified in subsection (1)(b)(i); or

(2) “Director’s conflicting interest transaction”, with respect to a corporation, means a transaction effected or proposed to be effected by the corporation or by a subsidiary of the corporation or any other entity in which the corporation has a controlling interest in which transaction a director of the corporation has a conflicting interest.

(3) “Related person” means:

(a) the spouse or a parent or sibling of a spouse of the director;

(b) a child, grandchild, sibling, parent or spouse of any child, grandchild, sibling, or parent of the director;

(c) an individual having the same residence as the director;

(d) a trust or estate of which an individual specified in this subsection (3) is a substantial beneficiary; or

(a) notice to shareholders describing the director’s conflicting interest transaction;

(b) provision of the information referred to in subsection (3); and

(c) required disclosure to the shareholders who voted on the transaction, to the extent the information was not known by them.

(2) A majority of the votes entitled to be cast by the holders of all qualified shares constitutes a quorum for purposes of action that complies with this section. Subject to the provisions of subsections (3) and (4), shareholders’ action that otherwise complies with this section is not affected by the presence of shareholders, or the voting of those shares.

(3) For purposes of compliance with subsection (1), a director who has a conflicting interest respecting the transaction shall, before the shareholders’ vote, inform the secretary or other office or agent of the corporation authorized to tabulate votes of the number of all shares and the identity of persons holding or controlling the vote of all shares that the director knows are beneficially owned by or the voting of which is controlled by a director who has a conflicting interest respecting the transaction or by a related person of the director, or both.

(4) If a shareholders’ vote does not comply with subsection (1) solely because of a failure of a director to comply with subsection (3) and if the director establishes that the failure did not determine and was not intended by him the director to influence the outcome of the vote, the court may, with or without further proceedings respecting 35-1-462(2)(c), take action respecting the transaction and the director and give effect, if any, to the shareholders’ vote as it considers appropriate in the circumstances.

(5) For purposes of this section, “qualified shares” means any shares entitled to be voted with respect to the director’s conflicting interest transaction except shares that, to the knowledge, before the vote, of the secretary or other officer or agent of the corporation authorized to tabulate votes, are beneficially owned by or the voting of which is controlled by a director who has a conflicting interest respecting the transaction or by a related person of the director, or both.”

The contracting states solemnly agree that:

Article I

The party states find that charges outstanding against a prisoner, detainers based on untried indictments, informations, or complaints, and difficulties in securing speedy trial of persons already incarcerated in other jurisdictions produce uncertainties which obstruct programs of prisoner treatment and rehabilitation. Accordingly, it is the policy of the party states and the purpose of this agreement to encourage the expeditious and orderly disposition of such charges and determination of the proper status of any and all detainers based on untried indictments, informations, or complaints. The party states also find that proceedings with reference to such charges and detainers, when emanating
from another jurisdiction, cannot properly be had in the absence of cooperative procedures. It is the further purpose of this agreement to provide such cooperative procedures.

Article II

As used in this agreement:

(1) “state” shall mean a state of the United States, the United States of America, a territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico;

(2) “sending state” shall mean a state in which a prisoner is incarcerated at the time that he initiates a request for final disposition pursuant to Article III hereof or at the time that a request for custody or availability is initiated pursuant to Article IV hereof;

(3) “receiving state” shall mean the state in which trial is to be had on an indictment, information, or complaint pursuant to Article III or Article IV hereof.

Article III

The warden, commissioner of corrections, or other official having custody of the prisoner shall forthwith
notify all appropriate prosecuting officers and courts in the several jurisdictions within the state to which the prisoner’s request for final disposition is being sent of the proceeding being initiated by the prisoner. (5) Any request for final disposition made by a prisoner pursuant to subsection (1) hereof shall also be deemed to be a waiver of extradition with respect to any charge or proceeding contemplated thereby or included therein by reason of subsection (4) hereof and a waiver of extradition to the receiving state to serve any sentence there imposed upon the prisoner after completion of his term of imprisonment in the sending state. The request for final disposition shall also constitute a consent by the prisoner to the production of his body in any court where his presence may be required in order to effectuate the purposes of this agreement and a further consent voluntarily to be returned to the original place of imprisonment in accordance with the provisions of this agreement. Nothing in this paragraph shall prevent the imposition of a concurrent sentence if otherwise permitted by law.

but for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance.

(4) Nothing contained in this article shall be construed to deprive any prisoner of any right which he may have to contest the legality of his delivery as provided in subsection (1), but such delivery may not be opposed or denied on the ground that the executive authority of the sending state has not affirmatively consented to or ordered such delivery.

(5) If trial is not had on any indictment, information, or complaint contemplated hereby prior to the prisoner’s being returned to the original place of imprisonment pursuant to Article V(5) hereof, such indictment, information, or complaint shall not be of any further force or effect and the court shall enter an order dismissing the same with prejudice.

(4) The temporary custody referred to in this agreement shall be only for the purpose of permitting prosecution on the charge or charges contained in one or more untried indictments, informations, or complaints which form the basis of the detainer or detainers or for prosecution on any other charge or charges arising out of the same transaction. Except for his attendance at court and while being transported to or from any place at which his presence may be required, the prisoner shall be held in a suitable jail or other facility regularly used for persons awaiting prosecution.

(5) At the earliest practicable time consonant with the purposes of this agreement, the prisoner shall be returned to the sending state.
(6) During the continuance of temporary custody or while the prisoner is otherwise being made available for trial as required by this agreement, time being served on the sentence shall continue to run, but good time shall be earned by the prisoner only if, and to the extent that, the law and practice of the jurisdiction which imposed the sentence may allow.

(7) For all purposes other than that for which temporary custody as provided in this agreement is exercised, the prisoner shall be deemed to remain in the custody of and subject to the jurisdiction of the sending state and any escape from temporary custody may be dealt with in the same manner as an escape from the original place of imprisonment or in any other manner permitted by law.

(8) From the time that a party state receives custody of a prisoner pursuant to this agreement until such prisoner is returned to the territory and custody of the sending state, the state in which the one or more untried indictments, informations, or complaints are pending or in which trial is being had shall be responsible for the prisoner and shall also pay all costs of transporting, caring for, keeping, and returning the prisoner. The provisions of this subsection shall govern unless the states concerned shall have entered into a supplementary agreement providing for a different allocation of costs and responsibilities as between or among themselves. Article VI

(1) In determining the duration and expiration dates of the time periods provided in Articles III and IV of this agreement, the running of said time periods shall be tolled whenever and for as long as the prisoner is unable to stand trial, as determined by the court having jurisdiction of the matter.

Article VII

Each state party to this agreement shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this agreement and who shall provide within and without the state information necessary to the effective operation of this agreement.

A state party to this agreement may withdraw herefrom by enacting a statute repealing the same. However, the withdrawal of any state shall not affect the status of any proceedings already initiated by inmates or by state officers at the time such withdrawal takes effect, nor shall it affect their rights in respect thereof.

“50-79-501. Northwest Interstate Compact on Low-Level Radioactive Waste Management. The legislature of the state of Montana approves and ratifies the compact designated as the "Northwest Interstate Compact on Low-Level Radioactive Waste Management", which compact is as follows:

NORTHWEST INTERSTATE COMPACT ON LOW-LEVEL RADIOACTIVE WASTE MANAGEMENT

ARTICLE I — Policy and Purpose

The party states recognize that low-level radioactive wastes are generated by essential activities and services that benefit the citizens of the states. It is further recognized that the protection of the health and safety of the citizens of the party states and the most economical management of low-level radioactive wastes can be accomplished through cooperation of the states in minimizing the amount of handling and transportation required to dispose of such wastes and through the cooperation of the states in providing facilities that serve the region. It is the policy of the party states to undertake the necessary cooperation to protect the health and safety of the citizens of the party states and to provide for the most economical management of low-level radioactive wastes on a continuing basis. It is the purpose of this compact to provide the means for such a cooperative effort among the party states so that the protection of the citizens of the states and the maintenance of the viability of the states’ economies will be enhanced while sharing the responsibilities of radioactive low-level waste management.

ARTICLE II — Definitions

As used in this compact:

(1) “Facility” means any site, location, structure, or property, excluding federal waste facilities, used or to be used for the storage, treatment, or disposal of low-level waste.
(2) “Low-level waste” means waste material which contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities which exceed applicable federal or state standards for unrestricted release. Low-level waste does not include waste containing more than 10 nanocuries of transuranic contaminants per gram of material, spent reactor fuel, or material classified as either high-level waste or waste which is unsuited for disposal by near-surface burial under any applicable federal regulations.

(3) “Generator” means any person, partnership, association, corporation, or any other entity whatsoever which, as a part of its activities, produces low-level radioactive waste.

(4) “Host state” means a state in which a facility is located.

ARTICLE III — Regulatory Practices

Each party state hereby agrees to adopt practices which will require low-level waste shipments originating within its borders and destined for a facility within another party state to conform to the applicable packaging and transportation requirements and regulations of the host state. Such practices shall include:

(1) maintaining an inventory of all generators within the state that have shipped or expect to ship low-level waste to facilities in another party state;

(2) periodic unannounced inspection of the premises of such generators and the waste management activities thereon;

(3) authorization of the containers in which such waste may be shipped and a requirement that generators use only that type of container authorized by the state;

(4) assurance that inspections of the carriers which transport such waste are conducted by proper authorities and appropriate enforcement action is taken for violations;

(5) after receiving notification from a host state that a generator within the party state is in violation of applicable packaging or transportation standards, taking appropriate action to assure that such violations do not recur. Such action may include inspection of every individual low-level waste shipment by that generator.

Each party state may impose fees upon generators and shippers to recover the cost of the inspections and other practices under this article. Nothing in this article shall be construed to limit any party state’s authority to impose additional or more stringent standards on generators or carriers than those required under this article.

ARTICLE IV — Regional Facilities

(1) Facilities located in any party state, other than facilities established or maintained by individual low-level waste generators for the management of their own low-level waste, shall accept low-level waste generated in any party state if such waste has been packaged and transported according to applicable laws and regulations.

(2) No facility located in any party state may accept low-level waste generated outside the region comprising the party states, except as provided in Article V.

(3) Until such time as paragraph (2) of this article takes effect as provided in Article VI, facilities located in any party state may accept low-level waste generated outside of any of the party states only if such waste is accompanied by
a certificate of compliance issued by an official of the state in which such waste shipment originated. Such certificate must be in such form as may be required by the host state and shall contain at least the following:

(a) the generator’s name and address;
(b) a description of the contents of the low-level waste container;
(c) a statement that the low-level waste being shipped has been inspected by the official who issued the certificate or by his agent or by a representative of the United States Nuclear Regulatory Commission and was found to have been packaged in compliance with applicable federal regulations and such additional requirements as may be imposed by the host state;
(d) a binding agreement by the state of origin to reimburse any party state for any liability or expense incurred as a result of an accidental release of such waste during shipment or after such waste reaches the facility.

(4) Each party state shall cooperate with the other party states in determining the appropriate site of any facility that might be required within the region comprising the party states in order to maximize public health and safety while minimizing the use of any one party state as the host of such facilities on a permanent basis. Each party state further agrees that decisions regarding low-level waste management facilities in its region will be reached through a good faith process which takes into account the burdens borne by each of the party states as well as the benefits each has received.

(5) The party states recognize that the issue of hazardous chemical waste management is similar in many respects to that of low-level waste management. Therefore, in consideration of the state of Washington allowing access to its low-level waste disposal facility by generators in other party states, party states such as Oregon and Idaho, which host hazardous chemical waste disposal facilities, will allow access to such facilities by generators within other party states. Nothing in this compact may be construed to prevent any party state from limiting the nature and type of hazardous chemical or low-level wastes to be accepted at facilities within its borders or from ordering the closure of such facilities, so long as such action by a host state is applied equally to all generators within the region composed of the party states.

(6) Any host state may establish a schedule of fees and requirements related to its facilities to assure that closure, perpetual care, and maintenance and contingency requirements are met, including adequate bonding.

ARTICLE V — Northwest Low-Level Waste Compact Committee

The Governor of each party state shall designate one official of that state as the person responsible for administration of this compact. The officials so designated shall together comprise the Northwest Low-Level Waste Compact Committee. The committee shall meet as required to consider matters arising under this compact. The parties shall inform the committee of existing regulations concerning low-level waste management in their states and shall afford all parties a reasonable opportunity to review and comment upon any proposed modifications in such regulations. Notwithstanding any provision of Article IV to the contrary, the committee may enter into arrangements with states, provinces, individual generators, or regional compact entities outside the region comprising the party states for access to facilities on such terms and conditions as the committee may deem appropriate. However, it shall require a two-thirds vote of all such members, including the affirmative vote of the member of any party state in which a facility affected by such arrangement is located, for the committee to enter into such arrangement.
ARTICLE VI — Eligible Parties and Effective Date

(1) Each of the following states is eligible to become a party to this compact: Alaska, Hawaii, Idaho, Montana, Oregon, Utah, Washington, and Wyoming. The contracting states solemnly agree that:

Article I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

Article II

As used in this compact:
(1) “sending state” means a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent;

(2) “receiving state” means a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent;

(3) “institution” means any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency;

(4) “patient” means any person subject to or eligible, as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact;

(5) “aftercare” means care, treatment, and services provided a patient, as defined herein, on convalescent status or conditional release;

(6) “mental illness” means mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, the welfare of others, or of the community;

(7) “mental deficiency” means mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs but shall not include mental illness as defined herein; and

(8) “state” means any state, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

Article III

(1) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement, or citizenship qualifications.

(2) The provisions of subsection (1) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this subsection shall include the patient’s full record with due regard for the location of the patient’s family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(3) No state shall be obliged to receive any patient pursuant to the provisions of subsection (2) of this article unless the sending state gives advance notice of its intention to send the patient, furnishes all available medical and other pertinent records concerning the patient, gives the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish, and unless the receiving state agrees to accept the patient.

(4) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that the patient were a local patient.
(5) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

Article IV

(1) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive aftercare or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that aftercare in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such aftercare in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient’s intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(2) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby and if the public safety would not be jeopardized thereby, the patient may receive aftercare or supervision in the receiving state.

party states may, by making a specific arrangement for that purpose, arrange for a different allocation of costs as among themselves.

The personal representative may change the allowance to a disallowance, in whole or in part, prior to payment, but not after allowance by a court order or judgment or an order directing payment of the claim. If the unit is formed solely for production of gas, a spacing unit on which is located a well producing or capable of producing gas on March 1, 1971, may not be included in the unit area without the written consent of the majority in interest of the working interest owners of the spacing unit and well.

A plan may not be approved by the board until it has considered the relative value that the share of production bears to the relative value of all of the separately owned tracts in the
unit area, exclusive of physical equipment utilized in unit operations. In considering this relative value, the board shall weigh the economic value of the gas to all persons affected as compared to the economic value of the oil to all persons affected.

(ii) during the period subsequent to the depletion of the remaining estimated primary reserves from the unit, from 100% of the owners’ share of production;

(iii) for purposes of this subsection, the term “primary reserves” means the oil or gas which would be produced from the unitized pool or pools as a result of the natural energy in the pool or pools and without the introduction of an enhanced recovery program;

(b) in the case of a field producing only gas, from 100% of the owners’ share of production;

(c) in the case of any enhanced recovery program that is initiated subsequent to a secondary recovery program, the recovery shall be from 75% of the owners’ increased share of production from the subsequent program;
