CHAPTER NO. 57
[HB 38]
AN ACT REVISING LAWS TO REFLECT THE ENACTMENT OF THE
6-MILL LEVY FOR UNIVERSITY SYSTEM PURPOSES; AMENDING
SECTIONS 7-1-2111, 15-1-402, 15-10-420, 15-24-1703, 15-36-331, 15-39-110,
AND 90-6-309, MCA; REPEALING SECTION 20-25-423, MCA; AND
PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-1-2111, MCA, is amended to read:

“7-1-2111. Classification of counties. (1) For the purpose of regulating
the compensation and salaries of all county officers not otherwise provided for
and for fixing the penalties of officers' bonds, the counties of this state must be
classified according to the taxable valuation of the property in the counties upon
which the tax levy is made as follows:

(a) first class—all counties having a taxable valuation of $50 million or
more;
(b) second class—all counties having a taxable valuation of $30 million or
more and less than $50 million;
(c) third class—all counties having a taxable valuation of $20 million or
more and less than $30 million;
(d) fourth class—all counties having a taxable valuation of $15 million or
more and less than $20 million;
(e) fifth class—all counties having a taxable valuation of $10 million or more
and less than $15 million;
(f) sixth class—all counties having a taxable valuation of $5 million or more
and less than $10 million;
(g) seventh class—all counties having a taxable valuation of less than $5
million.

(2) As used in this section, “taxable valuation” means the taxable value of
taxable property in the county as of the time of determination plus:

(a) that portion of the taxable value of the county on December 31, 1981,
attributable to automobiles and trucks having a rated capacity of three-quarters
of a ton or less;
(b) that portion of the taxable value of the county on December 31, 1989,
attributable to automobiles and trucks having a manufacturer's rated capacity
of more than three-quarters of a ton but less than or equal to 1 ton;
(c) that portion of the taxable value of the county on December 31, 1997,
attributable to buses, trucks having a manufacturer's rated capacity of more
than 1 ton, and truck tractors;
(d) that portion of the taxable value of the county on December 31, 1997,
attributable to trailers, pole trailers, and semitrailers with a declared weight of
less than 26,000 pounds;
(e) the value provided by the department of revenue under 15-36-332(7);
(f) 50% of the taxable value of the county on December 31, 1999, attributable
to telecommunications property under 15-6-141;
(g) 50% of the taxable value in the county on December 31, 1999,
attributable to electrical generation property under 15-6-141;
(h) the value provided by the department of revenue under 15-24-3001;
(i) 6% of the taxable value of the county on January 1 of each tax year;
(j) 45% of the contract sales price of the gross proceeds of coal in the county as provided in 15-23-703 and as reported under 15-23-702; and
(k) 33 1/3% of the value of bentonite produced during the previous year as provided in 15-39-110(12) and as reported under 15-39-101.”

Section 2. Section 15-1-402, MCA, is amended to read:

“15-1-402. Payment of property taxes or fees under protest. (1) (a) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested.

(b) The protested payment must:
(i) be made to the officer designated and authorized to collect it;
(ii) specify the grounds of protest; and
(iii) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(c) If the protested property tax or fee is on property that is subject to central assessment pursuant to 15-23-101, the person shall report to the department the grounds of the protest and the amount of the protested payment for each county in which a protested payment was made. By November 1 of each year, the department shall mail a notice stating the requirements of this subsection (1)(c) to owners of property subject to central assessment under 15-23-101(1) and (2) who have filed a timely appeal under 15-1-211.

(2) A person appealing a property tax or fee pursuant to chapter 2 or 15, including a person appealing a property tax or fee on property that is subject to central assessment pursuant to 15-23-101(1) or (2), shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) (a) Except as provided in subsection (4)(b), all property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or
in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state against property that is centrally assessed pursuant to 15-23-101 must be remitted by the county treasurer to the department.

(ii) The department shall deposit 50% of that portion of the funds levied for the university system pursuant to 15-10-107 in the state special revenue fund to the credit of the university system, and the other 50% of the funds levied pursuant to 15-10-107 must be deposited in a centrally assessed property tax state special revenue fund.

(iii) Fifty percent of the funds remaining after the deposit of university system funds must be deposited in the state general fund, and the other 50% must be deposited in a centrally assessed property tax state special revenue fund.

(5) (a) Except as provided in subsection (5)(b), the governing body of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(b) The governing body of a taxing jurisdiction affected by the payment of taxes under protest on property that is centrally assessed pursuant to 15-23-101 in the first and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled. The decision in a previous year of a taxing jurisdiction to leave protested taxes of centrally assessed property in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled.

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest fund or the centrally assessed property tax state special revenue fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

(b) (i) If the action is finally determined adversely to the governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date of payment under protest.
(ii) The taxing jurisdiction shall pay interest at the rate of interest earned by
the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums
due the taxpayer, the treasurer shall apply the available amount first to tax
repayment, then to interest owed, and lastly to costs.

(d) (i) If the protest action is decided adversely to a taxing jurisdiction and
the amount retained in the protest fund is insufficient to refund the tax
payments and costs to which the taxpayer is entitled and for which local
government units are responsible, the treasurer shall bill and the taxing
jurisdiction shall refund to the treasurer that portion of the taxpayer refund,
including tax payments and costs, for which the taxing jurisdiction is proratably
responsible. The treasurer is not responsible for the amount required to be
refunded by the state treasurer as provided in subsection (6)(b).

(ii) For an adverse protest action against the state for centrally assessed
property, the department shall refund from the centrally assessed property tax
state special revenue fund the amount of protested taxes and from the state
general fund the amount of interest as required in subsection (6)(b). The amount
refunded for an adverse protested action from the centrally assessed property
tax state special revenue fund may not exceed the amount of protested taxes or
fees required to be deposited for that action pursuant to subsections (4)(b)(ii)
and (4)(b)(iii) or, for taxes or fees protested prior to April 28, 2005, an equivalent
amount of the money transferred to the fund pursuant to section 3, Chapter 536,
Laws of 2005. If the amount available for the adverse protested action in the
centrally assessed property tax state special revenue fund is insufficient to
refund the tax payments to which the taxpayer is entitled and for which the
state is responsible, the department shall pay the remainder of the refund
proportionally from the state general fund and from money deposited in the
state special revenue fund levied pursuant to 15-10-107 15-10-108.

(e) In satisfying the requirements of subsection (6)(d), the taxing
jurisdiction, including the state, is allowed not more than 1 year from the
beginning of the fiscal year following a final resolution of the protest. The
taxpayer is entitled to interest on the unpaid balance at the rate referred to in
subsection (6)(b) from the date of payment under protest until the date of final
resolution of the protest and at the combined rate of the federal reserve discount
rate quoted from the federal reserve bank in New York, New York, on the date of
final resolution, plus 4 percentage points, from the date of final resolution of the
protest until refund is made.

(7) A taxing jurisdiction, except the state, may satisfy the requirements of
this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund
levy;

(b) the general fund or any other funds legally available to the governing
body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district
for the purpose of deriving revenue for the repayment of tax protests lost by the
taxing jurisdiction. The governing body of a county, city, or school district is
authorized to issue the bonds pursuant to procedures established by law. The
bonds may be issued without being submitted to an election. Property taxes may
be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes
of $5 or less, a refund is not owed.”
Section 3. Section 15-10-420, MCA, is amended to read:

“15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year’s value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

(i) annexation of real property and improvements into a taxing unit;

(ii) construction, expansion, or remodeling of improvements;

(iii) transfer of property into a taxing unit;

(iv) subdivision of real property; and

(v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.
(c) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:
(a) school district levies established in Title 20; or
(b) the portion of a governmental entity’s property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-107, 15-10-108, 20-9-331, 20-9-333, 20-9-360, 20-25-423, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in whole mills. If the mill levy calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:
(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;
(ii) a levy to repay taxes paid under protest as provided in 15-1-402;
(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326; or
(iv) a levy for the support of a study commission under 7-3-184.
(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit.”

Section 4. Section 15-24-1703, MCA, is amended to read:

“15-24-1703. Application of suspension or cancellation. The suspension or cancellation of delinquent property taxes pursuant to this part:
(1) applies to all mills levied in the county or otherwise required under state law, including levies or assessments required under Title 15, chapter 10, 20-9-331, and 20-9-333, and 20-25-423;
(2) does not apply to assessments made against property for the payment of bonds issued pursuant to Title 7, chapter 12.”

Section 5. Section 15-36-331, MCA, is amended to read:
“15-36-331. Distribution of taxes. (1) (a) For each calendar quarter, the department shall determine the amount of tax, late payment interest, and penalties collected under this part.

(b) For the purposes of distribution of oil and natural gas production taxes to county and school district taxing units under 15-36-332 and to the state, the department shall determine the amount of oil and natural gas production taxes paid on production in the taxing unit.

(2) (a) The amount of oil and natural gas production taxes collected for the privilege and license tax pursuant to 82-11-131 must be deposited, in accordance with the provisions of 17-2-124, in the state special revenue fund for the purpose of paying expenses of the board, as provided in 82-11-135.

(b) The amount of the tax for the oil, gas, and coal natural resource account established in 90-6-1001 must be deposited in the account.

(3) (a) For each tax year, the amount of oil and natural gas production taxes determined under subsection (1)(b) is allocated to each county according to the following schedule:

The tax is distributed as provided in subsections (2) through (4) (9).

(b) The resolution or petition must state whether the annexation is to be made with or without the joint assumption of bonded indebtedness of the annexing district by the district to be annexed and the annexing district.

(3) Before ordering an election on the proposition, the county superintendent of the county where the district to be annexed is located must first receive from the trustees of the annexing district a resolution giving the county superintendent the authority to annex the district. The resolution must state whether the annexation is to be made with or without the joint assumption of bonded indebtedness of the annexing district by the district to be annexed and the annexing district. The resolution from the annexing district and the resolution or petition from the district to be annexed must agree on whether or not there will be joint assumption of bonded indebtedness. (4) When the county superintendent of the county where the district to be annexed is located has received the resolution authorizing the annexation from the annexing district and the resolution or valid petition from the district to be annexed, the county superintendent shall, within 10 days and as provided by 20-20-201, order the trustees of the district to be annexed to call an annexation election.

(7) If the district to be annexed is not to jointly assume the bonded indebtedness of the annexing district, the ballots must read, after stating the annexation proposition, “FOR annexation without assumption of bonded indebtedness” and “AGAINST annexation without assumption of bonded indebtedness”. (2) If the trustees of the school district determine that the creation or continuation of the K-12 district has resulted in or will result in the loss of federal funding for the elementary or high school programs and that it is in the best interest of the district to dissolve into the original elementary district and high school district that existed prior to the formation of the K-12 district, the trustees may dissolve the district under the following procedure:

(a) The trustees of the district shall pass a resolution requesting the county superintendent to order a dissolution of the district.

(b) When the county superintendent receives the resolution from the district, the county superintendent shall, within 10 days, order the dissolution of the K-12 district into the original elementary district and high school district, to take effect on July 1 of the ensuing school fiscal year. Within 30 days of the order, the county superintendent shall send a copy of the order to the board of
county commissioners, the trustees of the district, and the superintendent of public instruction.

If a portion of the dissolving K-12 district will not be annexed or consolidated with another district or districts, the resolution or petition must contain a description of the manner in which the property, funds, and financial obligations, including bonded indebtedness, of the K-12 district are to be apportioned to the district or districts whose territory is not annexed to or consolidated with another district.

(4) After the county superintendent receives the certificate of election provided for in 20-20-416 from the trustees of the K-12 district and from each district included in a consolidation proposition, the county superintendent shall determine whether the dissolution and annexation or consolidation proposition or propositions have been approved. If the K-12 district has approved the dissolution proposition and each district involved in a consolidation has approved the consolidation proposition, the county superintendent shall, within 10 days after the receipt of the election certificate, order the dissolution of the K-12 district into the original elementary district and high school district, to take effect on July 1 of the ensuing school fiscal year. Within 30 days of the order, the county superintendent shall send a copy of the dissolution order to the board of county commissioners, the trustees of the district included in the dissolution order, and the superintendent of public instruction.

(5) Whenever a K-12 district is dissolved, the following provisions apply:

(a) The trustees of the elementary district whose territory is not annexed or consolidated upon dissolution of the K-12 district are responsible for the execution of remaining financial obligations of the K-12 district and for the apportionment between the elementary and high school programs of any obligations not identified in the resolution required under subsection (3).

(b) The provisions of 20-6-410 apply for tenure teachers in the dissolution of a K-12 district.

CHAPTER NO. 62

[HB 94]

AN ACT REVISING THE LAW GOVERNING SECURITY INTERESTS IN LIQUOR LICENSES; CLARIFYING THAT THE USE OF LOAN AND SECURITY DOCUMENTATION CONSISTENT WITH THAT USED BY THE REGULATED LENDER GENERALLY DOES NOT CONSTITUTE CONTROL OF THE OPERATION OF THE BUSINESS OR THE LICENSEE; AMENDING SECTION 16-4-801, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-801, MCA, is amended to read:

“16-4-801. Security interest in liquor license. (1) (a) A security interest in a liquor license is an interest in the liquor license that secures payment or performance of an obligation. A contract for the sale of a liquor license, including a provision allowing the seller to retain an ownership interest in the license solely for the purpose of guaranteeing payment for the license, may, for the purposes of this section, be treated as a security interest.

(b) For the purposes of this section:

(i) “default” means that:

(A) the defaulting party has acknowledged in writing pursuant to the terms of a written security agreement or contract for sale that the defaulting party no longer has any ownership interest or any other rights to possess or control the liquor license;

(B) a court of competent jurisdiction has made an order foreclosing all of the defaulting party’s interests in the license; or

(C) there has been a nonjudicial sale by the secured party made pursuant to the Uniform Commercial Code and the secured party has provided written proof of the sale to the department; and

(ii) “liquor license” means a license issued under this chapter.

(2) The department, after review of the underlying documents creating the security interest, may approve a transfer of ownership of a liquor license subject to a security interest as provided in subsection (1). A person holding a security interest may not have any control in the operation of the business operated under a license subject to a security interest nor may that person share in the profits or the liabilities of the business other than the payment or performance of the licensee’s obligation under a security agreement.
(3) (a) Within 7 days of a default by a licensee, the person holding the security interest shall give notice to the department of the licensee’s default and either apply to have the license transferred to that person, subject to that person meeting the requirements of 16-4-401 and all other applicable provisions of this code, or the person shall place the license on nonuser status. Upon receipt of an application to transfer the license, the department may, pursuant to 16-4-404, grant the applicant temporary authority to operate the license. If the person holding the license places the license on nonuser status, the person shall transfer ownership of the license within 180 days from the date on which the notice of the default was given to the department. The operation of a business under a license by a person holding a security interest for more than 7 days after default of the licensee or without temporary authority issued by the department must be considered to be a violation of this code and constitutes grounds for the department to either deny an application for transfer of the license or for the revocation of the license pursuant to 16-4-406.

(b) If the person holding the security interest does not qualify for or cannot qualify for ownership of a liquor license under 16-4-401, the secured party shall transfer ownership of the liquor license within 180 days of the notice of the default of the licensee.

(c) The department, upon a showing of good cause, may in its discretion extend the time for sale of the license for an additional period of up to 180 days.

(4) A regulated lender, as defined in 31-1-111, may obtain a security interest in a liquor license in order to secure a loan or a guaranty of a loan. This section does not prohibit or limit the ability of a regulated lender to use loan and security documentation consistent with that used by the regulated lender generally, and the documentation does not constitute control of the operation of the business or the licensee operating the business that is subject to the security interest.”

Section 2. Effective date. [This act] is effective on passage and approval.

AN ACT PROVIDING THAT LIMITED VEGETATIVE COVER OF WATER MANAGEMENT FACILITIES AND OTHER SUPPORT FACILITIES IN A STRIP MINE OPERATION IS ELIGIBLE FOR EARLY BOND RELEASE IF THE VEGETATIVE COVER MEETS RECLAMATION STANDARDS; AND AMENDING SECTION 82-4-235, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-235, MCA, is amended to read:

“82-4-235. Determination of successful revegetation — final bond release. (1) Success of revegetation must be judged on the effectiveness of the vegetation for the approved postmining land use, the extent of cover compared to the cover occurring in the natural vegetation, and the requirements of 82-4-233. Standards for success are:

(a) for areas reclaimed for use as cropland, crop production must be at least equal to that achieved prior to mining based on comparison with historical data, comparable reference areas, or United States department of agriculture publications applicable to the area of the operation, as referenced in rules adopted by the board;

(b) for areas reclaimed for use as pastureland or grazing land, the ground cover and production of living plants on the revegetated area must be at least equal to that of a reference area or other standard approved by the department as appropriate for the postmining land use;

(c) for areas reclaimed for use as fish and wildlife habitat, forestry, or recreation, success of revegetation must be determined on the basis of approved tree density standards or shrub density standards, or both, and vegetative ground cover required to achieve the postmining land use;

(d) reestablished vegetation is considered effective if the postmining land use is achieved and erosion is controlled;
(e) reestablished vegetation is considered permanent if it is diverse and effective at the end of the 10-year responsibility period specified under subsection (2); and

(f) plant species composing the reestablished vegetation are considered to have the same seasonal characteristics of growth as the original vegetation, to be capable of regeneration and plant succession, and to be compatible with the plant and animal species of the area if those plant species are native to the area or are introduced species approved by the department as desirable and necessary to achieve the postmining land use.

(2) Inspection and evaluation of reclaimed vegetative cover must be made as soon as possible following an application for final bond release to determine if a satisfactory stand has been established. If the department determines that a satisfactory vegetative cover has been established, it shall release the remaining bond held on the area reclaimed after public notice and an opportunity for hearing as provided in 82-4-232(6). The_except as provided in subsection (3), the remaining bond may not be released prior to a period of 10 years after the last year of augmented seeding, fertilizing, irrigation, or other work required under this part for those operations or portions of operations that were seeded after May 2, 1978, or prior to a period of 5 years after initial planting for all exploration activities and all other operations.

(3) (a) Vegetative cover of water management facilities and other support facilities composing no more than 10% of the area for which bond release is sought is not subject to the 10-year responsibility period. Water management facilities and other support facilities include but are not limited to sedimentation ponds, diversions, other water management structures, soils stockpiles, access roads, segments of haul roads, and electrical substations.

(b) Vegetative cover of water management facilities and other support facilities composing no more than 10% of the area for which bond release is sought is eligible for bond release if the vegetative cover otherwise meets the reclamation standards in subsection (1).

(4) (a) Notwithstanding the provisions in subsections (2) and (3), on land from which coal was removed prior to May 3, 1978, and on land from which coal was not removed and that was not used, disturbed, or redisturbed in connection with this part after May 2, 1978, pursuant to a permit issued by the department under this part, the department may approve for release a bond on an area of reclaimed vegetation that meets the following criteria:

(i) it was seeded using a seed mixture that was approved by the department under the criteria established pursuant to 82-4-233 and that included introduced species; and

(ii) at least one of the following conditions exists:

(A) the standards of 82-4-233(1) are otherwise achieved;

(C) the operator demonstrates that the reclaimed vegetation has substantial value as a habitat component for wildlife present in the area; or

(D) the topography and soils are suitable for conversion to cropland or hayland consistent with the standards of 82-4-232 and the department approves and the operator completes that conversion.
(b) On lands that meet the criteria described in subsection (3)(a), (4)(a), interseeding or supplemental planting may be performed without reinitiating the liability period provided in subsection (2).”

Section 2. Contingent voidness. (1) If any portion of [section 1] is disapproved by the United States secretary of the interior pursuant to 30 CFR 732.17, then [section 1] is void.

The court shall, within 5 days after the conviction becomes final, forward the license and a record of the conviction to the department. If the person does not possess a driver’s license, the court shall indicate that fact in its report to the department.

(2) A court having jurisdiction over offenses committed under a statute of this state or a municipal ordinance regulating the operation of motor vehicles on highways, except for standing or parking statutes or ordinances, shall forward a record of the conviction, as defined in 61-5-213, to the department within 5 days after the conviction becomes final. The court may recommend that the department issue a restricted probationary license on the condition that the individual comply with the requirement that the person attend and complete a chemical dependency education course, treatment, or both, as ordered by the court under 61-8-732.

(3) A court or other agency of this state or of a subdivision of the state that has jurisdiction to take any action suspending, revoking, or otherwise limiting a license to drive shall report an action and the adjudication upon which it is based to the department within 5 days on forms furnished by the department.

(a) expiration of the time for appeal of the court’s judgment or sentence to the next highest court;

(b) forfeiture of bail that is not vacated; or
(c) imposition of a fine or court cost as a condition of a deferred imposition of a sentence or a suspended execution of a sentence.

(5) (a) On a conviction referred to in subsection (1) of a person who holds a commercial driver’s license or who is required to hold a commercial driver’s license, a court may not take any action, including deferring imposition of judgment, on a conviction that would prevent a conviction for any violation of a state or local traffic control law or ordinance, except a parking law or ordinance, in any type of motor vehicle, from appearing on the person’s driving record. The provisions of this subsection (5)(a) apply only to the conviction of a person who holds a commercial driver’s license or who is required to hold a commercial driver’s license and do not apply to the conviction of a person who holds any other type of driver’s license.

(b) For purposes of this subsection (5), “who is required to hold a commercial driver’s license” refers to a person who did not have a commercial driver’s license but who was operating a commercial motor vehicle at the time of a violation of a state or local traffic control law or ordinance resulting in a conviction referred to in subsection (1).”

Section 3. Applicability. [This act] applies to convictions occurring on or after [the effective date of this act].

CHAPTER NO. 78

[SB 5]

AN ACT REQUIRING APPROVAL BY THE BOARD OF LAND COMMISSIONERS FOR THE GIFT OR PURCHASE OF LAND FOR THE PURPOSE OF RECLAMATION OF MINES; AMENDING SECTIONS 82-4-239 AND 82-4-371, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-239, MCA, is amended to read:

“82-4-239. Reclamation. (1) The department may have reclamation work done by its employees, by employees of other governmental agencies, by soil conservation districts, or through contracts with qualified persons. The board may construct, operate, and maintain plants for the control and treatment of water pollution resulting from mine drainage.

(2) Any funds or any public works programs available to the department must be used and expended to reclaim and rehabilitate lands that have been subjected to strip mining or underground mining and that have not been reclaimed and rehabilitated in accordance with the standards of this part. The department shall cooperate with federal, state, and private agencies to engage in cooperative projects under this section.

(3) Agents, employees, or contractors of the department may enter upon any land for the purpose of conducting studies or exploratory work to determine whether the land has been strip- or underground-mined and not reclaimed and rehabilitated in accordance with the requirements of this part and to determine
the feasibility of restoration, reclamation, abatement, control, or prevention of any adverse effects of past coal-mining practices. Upon request of the director of the department, the attorney general shall bring an injunctive action to restrain any interference with the exercise of the right to enter and inspect granted in this subsection. The action must be brought in the county in which the mine is located.

(4) (a) The department shall take the actions described in subsection (4)(b) when it makes a finding of fact that:

(i) land or water resources have been adversely affected by past coal-mining practices;

(ii) the adverse effects are at a stage at which, in the public interest, action to restore, reclaim, abate, control, or prevent should be taken; and

(iii) the owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal-mining practices are not known or readily available or the owners will not give permission for the department or its agents, employees, or contractors to enter upon the property to restore, reclaim, abate, control, or prevent the adverse effects of past coal-mining practices.

(b) After giving notice by mail to the owner, if known, and any purchaser under contract for deed, if known, or, if neither is known, by posting notice on the premises and advertising in a newspaper of general circulation in the county in which the land lies, the agents, employees, or contractors of the department may enter on the property adversely affected by past coal-mining practices and on any other property necessary for access to the mineral property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects of past coal-mining practices.

(c) Action taken under subsection (4)(b) is not an act of condemnation of property or of trespass, but rather is an exercise of the power granted by Article IX, sections 1 and 2, of the Montana constitution.

(5) (a) Within 6 months after the completion of projects to restore, reclaim, abate, control, or prevent adverse effects of past coal-mining practices on privately owned land, the department shall itemize the money expended and may file a statement of those expenses in the office of the clerk and recorder of the county in which the land lies, together with a notarized appraisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention of adverse effects of past coal-mining practices if the money expended resulted in a significant increase in property value. The statement constitutes a lien upon the land. The lien may not exceed the amount determined by the appraisal to be the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal-mining practices. A lien under this subsection (5)(a) may not be filed against the property of a person who owned the surface prior to May 2, 1977, and who did not consent to, participate in, or exercise control over the mining operation that necessitated the reclamation performed under this part.

(b) The landowner may petition within 60 days of the filing of the lien to determine the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal-mining practices. The amount reported to be the increase in value of the premises constitutes the amount of the lien and must be recorded
with the statement provided for in this section. Any party aggrieved by the
decision may appeal as provided by law.

(c) The lien provided in this section must be recorded at the office of the
county clerk and recorder. The statement constitutes a lien upon the land as of
the date of the expenditure of the money and has priority as a lien second only to
the lien of real estate taxes imposed upon the land.

(6) The department may acquire the necessary property by gift or purchase.
A gift or purchase must be approved by the board of land commissioners. If the
property cannot be acquired by gift or purchase at a reasonable cost, proceedings
may be instituted in the manner provided in Title 70, chapter 30, against all
nonaccepting landholders if:

(a) the property is necessary for successful reclamation;

(b) the acquired land after restoration, reclamation, abatement, control, or
prevention of the adverse effects of past coal-mining practices will serve
recreation and historic purposes or conservation and reclamation purposes or
provide open space benefits; and

(c) (i) permanent facilities, such as treatment plants or relocated stream
channels, will be constructed on the land for the restoration, reclamation,
abatement, control, or prevention of the adverse effects of past strip- or
underground-coal-mining practices; or

(ii) acquisition of coal refuse disposal sites and all coal refuse on the land will
serve the purposes of this part because public ownership is desirable to meet
emergency situations and prevent recurrences of the adverse effects of past
coal-mining practices.

Section 2. Section 82-4-371, MCA, is amended to read:

“82-4-371. Reclamation of abandoned mine sites. (1) Agents,
employees, or contractors of the department may enter upon property for the
purpose of conducting studies or exploratory work to determine whether the
property has been mined and not reclaimed and rehabilitated in accordance
with the requirements of this part and to determine the feasibility of restoration
or reclamation of the property or abatement, control, or prevention of the
adverse effects of past mining practices. The department may bring an
injunctive action to restrain interference with the exercise of the right to enter
and inspect granted in this subsection.

(2) (a) The department may enter upon property pursuant to subsection
(2)(b) if it makes a finding that:

(i) land or water resources on the property have been adversely affected by
past mining practices;

(ii) the adverse effects are at a stage that, in the public interest, action to
restore or reclaim the property or to abate, control, or prevent the adverse effects
should be taken; and

(iii) the owners of the land or water resources where entry must be made to
restore or reclaim the property or to abate, control, or prevent the adverse effects
of past mining practices are not known or readily available or the owners will
not give permission for the department or its agents, employees, or contractors
to enter upon the property to restore or reclaim the property or to abate, control,
or prevent the adverse effects of past mining practices.

(b) If the department has made findings pursuant to subsection (2)(a),
agents, employees, or contractors of the department may enter upon property
adversely affected by past mining practices and other property necessary for access to the adversely affected property to do all things necessary or expedient to restore or reclaim the property or to abate, control, or prevent the adverse effects of past mining practices after:

(i) giving notice by mail to the owner, if known, and a purchaser under contract for deed, if known; or

(ii) if neither is known, posting notice upon the property and advertising in a newspaper of general circulation in the county in which the property lies.

(c) Entry upon property pursuant to this section is not an act of condemnation of property or of trespass but rather an exercise of the power granted by Article IX, sections 1 and 2, of the Montana constitution.

(3) The board may acquire the necessary property by gift or purchase. A gift or purchase must be approved by the board of land commissioners. If the property cannot be acquired by gift or purchase at a reasonable cost, proceedings may be instituted in the manner provided in Title 70, chapter 30, against all nonaccepting landholders if:

(a) acquisition of the property is necessary for successful reclamation;

(b) the acquired property after restoration or reclamation or after abatement, control, or prevention of the adverse effects of past mining practices will serve recreation and historic purposes or conservation and reclamation purposes or provide open space benefits; and

(c) (i) permanent facilities, such as treatment plants or relocated stream channels, will be constructed on the property for the restoration or reclamation of the property or for abatement, control, or prevention of the adverse effects of past mining practices; or

(ii) acquisition of refuse disposal sites and all refuse on the sites will serve the purposes of this part in that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past mining practices.

(4) The department may record in the office of the clerk and recorder in the county in which property that has been reclaimed pursuant to 82-4-424 or this section is located a notice that the property has been mined and reclaimed. The notice must include the date and a brief description of the reclamation.”

“61-8-310. When local authorities may and shall alter limits or
establish or alter area of school zone. (1) If a local authority in its
jurisdiction determines on the basis of an engineering and traffic investigation
that the speed permitted under 61-8-303 and 61-8-309 through 61-8-313 is
greater or less than is reasonable and safe under the conditions found to exist
upon a highway or part of a highway, the local authority may set a reasonable
and safe limit that:
(a) decreases the limit at an intersection;
(b) increases the limit within an urban district, but not to more than 65 miles an hour during the nighttime;
(c) decreases the limit outside an urban district, but not to less than 35 miles an hour; or
(d) decreases the limit in an area near a school zone or in an area near a senior citizen center, as defined in 23-5-112, or a designated crosswalk that is close to a school or a senior citizen center to not less than 80%, rounded down to the nearest whole number evenly divisible by 5, of the limit that would be set on the basis of an engineering and traffic investigation, but not less than 15 miles an hour. If warranted by an engineering and traffic investigation, a local authority may adopt variable speed limits to adapt to traffic conditions by time of day, provided that the variable limits comply with the provisions of 61-8-206.

(2) A board of county commissioners may set limits, as provided in subsection (1)(c), without an engineering and traffic investigation on a county road.

(3) A local authority in its jurisdiction may determine the proper speed for all arterial streets and shall set a reasonable and safe limit on arterial streets that may be greater or less than the speed permitted under 61-8-303 for an urban district.

(4) (a) An altered limit established as authorized under this section is effective at all times or at other times determined by the authority when appropriate signs giving notice of the altered limit are erected upon the highway.

(b) If a local authority decreases a speed limit in a school zone, the local authority shall erect signs conforming with the manual adopted by the department of transportation under 61-8-202 giving notice that the school zone has been entered, of the altered speed limit and the penalty provided in 61-8-726, and that the school zone has ended.

(5) Except as provided in subsection (1)(d), the commission has exclusive jurisdiction to set special speed limits on all federal-aid highways or extensions of federal-aid highways in all municipalities or urban areas. The commission shall set these limits in accordance with 61-8-309.

(6) A local authority establishing or altering the area of a school zone shall consult with the department of transportation and the commission if the school zone includes a state highway or a federal-aid highway or extension of a federal-aid highway.

(7) A local authority shall consult with district officials for a school when:
   (a) establishing or altering the area of a school zone near the school; or
   (b) setting a speed limit pursuant to subsection (1)(d) in a school zone near the school.”

Upon arrest and conviction, the person shall be punished by a fine of not less than double the penalty provided for the violation in 61-8-711.
The fine proceeds must be allocated as follows:

(b) 50% must be forwarded to the local authority that adopted the special speed limit as provided in 61-8-310(1)(d) for the purposes of erecting signs providing notification of the school zone, the speed limit, and the penalty or for other local law enforcement needs.”

CHAPTER NO. 86

[SB 120]

AN ACT GENERALLY REVISIN G CONTROLLED GROUND WATER LAWS; GRANTING RULEMAKING AUTHORITY; ALLOWING PETITIONS FROM LOCAL ENTITIES AND WATER RIGHT HOLDERS; ALLOWING CONSIDERATION OF FUNDING AND STUDIES; REVISIGN CRITERIA FOR DESIGNATING OR MODIFYING A CONTROLLED GROUND WATER AREA; EXPANDING CONTROL PROVISIONS; REMOVING PREFERENCES FOR DOMESTIC AND LIVESTOCK WITHDRAWALS; ELIMINATING GROUND WATER SUPERVISORS; REMOVING PENALTIES ASSOCIATED WITH NONCOMPLIANCE WITH GROUND WATER STATUTES; AMENDING SECTIONS 85-2-306, 85-2-402, 85-2-501, 85-2-506, AND 85-2-508, MCA; REPEALING SECTIONS 85-2-507, 85-2-509, 85-2-511, 85-2-513, 85-2-518, AND 85-2-520, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-306, MCA, is amended to read:

“85-2-306. Exceptions to permit requirements. (1) (a) Except as provided in subsection (1)(b), ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works.

(b) If another person has rights in the ground water development works, water may be appropriated with the written consent of the person with those property rights or, if the ground water development works are on national forest system lands, with any prior written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the certificate.

(c) If the person does not have a possessory interest in the real property from which the ground water may be appropriated, the person shall provide to the owner of the real property written notification of the works and the person’s intent to appropriate ground water from the works. The written notification must be provided to the landowner at least 30 days prior to constructing any associated works or, if no new or expanded works are proposed, 30 days prior to appropriating the water. The written notification under this subsection is a notice requirement only and does not create an easement in or over the real property where the ground water development works are located.

(2) Inside the boundaries of a controlled ground water area, ground water may be appropriated only:

(a) according to a permit received pursuant to 85-2-508; or

(b) according to the requirements of an order issued pursuant to 85-2-507 a rule promulgated pursuant to 85-2-506.

(3) (a) Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit.
(b) (i) Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department through its offices.

(ii) Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iii) If a notice is not corrected and completed within the time allowed, the priority date of appropriation is the date of refiling a correct and complete notice with the department.

(c) A certificate of water right may not be issued until a correct and complete notice has been filed with the department, including proof of landowner notification or a written federal special use authorization as necessary under subsection (1). The original of the certificate must be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(4) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (3), with the department to perfect the water right. The filing of a claim pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation is the date of the filing of a notice, as provided in subsection (3), or the date of the filing of the claim of existing water right.

(5) An appropriation under subsection (4) is an existing right, and a permit is not required. However, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 55 gallons a minute or less, not to exceed 10 acre-feet a year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(6) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if:
   (a) the maximum capacity of the impoundment or pit is less than 15 acre-feet;
   (b) the appropriation is less than 30 acre-feet a year;
   (c) the appropriation is from a source other than a perennial flowing stream; and
   (d) the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger.

(7) (a) Within 60 days after constructing an impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Subject to subsection (7)(b), upon receipt of a correct and complete application for a stock water provisional permit, the department shall automatically issue a
provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to terms, conditions, restrictions, or limitations that it considers necessary to protect the rights of other appropriators.

(b) If the impoundment or pit is on national forest system lands, an application is not correct and complete under this section until the applicant has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit.

(8) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the department under 85-2-113.”

Section 2. Section 85-2-402, MCA, is amended to read:

“85-2-402. Changes in appropriation rights — definition. (1) (a) The right to make a change in appropriation right subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change in appropriation right proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and subsections (15) and (16) of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(b) If an application involves a change in a point of diversion, conveyance, or place of use located on national forest system lands, the application is not correct and complete until the applicant has submitted proof to the department of any written special use authorization required by federal law for the proposed change in occupancy, use, or traverse of national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(c) As used in this part, “national forest system lands” has the same meaning as that provided in 85-20-1401, Article I.

(2) Except as provided in subsections (4) through (6), (15), and (16) and, if applicable, subject to subsection (17), the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) Except for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource pursuant to 85-2-436 or a temporary change in appropriation right authorization to maintain or enhance streamflows to benefit the fishery resource pursuant to 85-2-408 or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.
(d) Except for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource pursuant to 85-2-436 or a temporary change in appropriation right authorization pursuant to 85-2-408 or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320, the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change in appropriation right is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:
(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state’s water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state’s boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant’s supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in appropriation right in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change in appropriation right. The department shall provide notice and may hold one or
more hearings upon any other proposed change in appropriation right if it
determines that the proposed change in appropriation right might adversely
affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in
appropriation right subject to the terms, conditions, restrictions, and
limitations that it considers necessary to satisfy the criteria of this section,
including limitations on the time for completion of the change in appropriation
right. The department may extend time limits specified in the change in
appropriation right approval under the applicable criteria and procedures of
85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within
the time allowed, the appropriator shall notify the department that the
appropriation has been completed. The notification must contain a certified
statement by a person with experience in the design, construction, or operation
of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the
department or legislature or if the terms, conditions, restrictions, and
limitations of the change in appropriation right approval are not complied with,
the department may, after notice and opportunity for hearing, require the
appropriator to show cause why the change in appropriation right approval
should not be modified or revoked. If the appropriator fails to show sufficient
cause, the department may modify or revoke the change in appropriation right
approval.

(11) The original of a change in appropriation right approval issued by the
department must be sent to the applicant, and a duplicate must be kept in the
office of the department in Helena.

(12) A person holding an issued permit or change in appropriation right
approval that has not been perfected may change the place of diversion, place of
use, purpose of use, or place of storage by filing an application for change in
appropriation right pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section
is invalid. An officer, agent, agency, or employee of the state may not knowingly
permit, aid, or assist in any manner an unauthorized change in appropriation
right. A person or corporation may not, directly or indirectly, personally or
through an agent, officer, or employee, attempt to change an appropriation right
except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this
section.

(15) (a) An appropriator may change an appropriation right for a
replacement well without the prior approval of the department if:

   (i) the appropriation right is for:

       (A) ground water outside the boundaries of a controlled ground water area;

or

       (B) ground water inside the boundaries of a controlled ground water area
       and if the provisions of the order declaring rule establishing the controlled
ground water area do not restrict a change in appropriation right;

   (ii) the change in appropriation right is to replace an existing well and the
existing well will no longer be used;
(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:

(A) 450 gallons a minute for a municipal well; or

(B) 35 gallons a minute and 10 acre-feet a year for all other wells;

(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and

(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).

(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.

(ii) (A) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(B) If the replacement well is located on national forest system lands, the notice is not correct and complete under this subsection (15) until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the replacement well.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:

(A) cease appropriation of water from the replacement well pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.

(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.

(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).

(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.
(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion. If the redundant water supply well is located on national forest system lands, the notice is not correct and complete under this subsection until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the redundant water supply well.

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this subsection (16).

(17) The department shall accept and process an application for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320 and this section and to benefit the fishery resource pursuant to 85-2-436 and this section.”

Section 3. Section 85-2-501, MCA, is amended to read:

“85-2-501. Definitions. Unless the context requires otherwise, in this part the following definitions apply:

(1) “Aquifer” means any underground geological structure or formation that is capable of yielding water in usable quantities or is capable of recharge.

(2) “Aquifer test” means stressing an aquifer by removing or adding water at a known rate or changing the pressure by a known quantity and measuring the resultant change in hydraulic head for the purpose of determining the aquifer’s hydraulic properties near the tested well.

(3) “Bureau” means the Montana state bureau of mines and geology provided for in 20-25-211.

(4) “Ground water” means any water that is beneath the ground surface.

(5) “Ground water area” means an area that, as nearly as known facts permit, may be designated so as to enclose a single and distinct body of ground water, which must be described horizontally by surface description in all cases and which may be limited vertically by describing known geological formations if conditions dictate vertical limits to be desirable.”

Section 4. Rulemaking. The department shall adopt rules for the purpose of implementing 85-2-506 and other controlled ground water area statutes. The rules must include but are not limited to petition requirements and the hearing procedure and process for controlled ground water areas.

Section 5. Section 85-2-506, MCA, is amended to read:

“85-2-506. Controlled ground water areas — designation or modification. (1) The department may by rule designate or modify permanent or temporary controlled ground water areas as provided in this part. The rule for each controlled ground water area must designate the boundaries of the controlled ground water area.

(2) Designation The rulemaking process for designation or modification of an area of a controlled ground water area use may be proposed to initiated by:

(a) the department, on its own motion, by

(b) submission of a correct and complete petition of from a state or local public health agency for identified public health risks; or

(c) submission of a correct and complete petition:
(i) by a municipality, county, conservation district, or local water quality district formed under Title 7, chapter 13, part 45; or

(ii) signed by at least one-third of the water right holders in a proposed controlled ground water area, or by petition signed by at least 20 or one-fourth of the users, whichever is the lesser number, of ground water in a ground water area in which there are alleged to be facts showing that:

(a) ground water withdrawals are in excess of recharge to the aquifer or aquifers within the ground water area;

(b) excessive ground water withdrawals are very likely to occur in the near future because of consistent and significant increases in withdrawals from within the ground water area;

(c) significant disputes regarding priority of rights, amounts of ground water in use by appropriators, or priority of type of use are in progress within the ground water area;

(d) ground water levels or pressures in the area in question are declining or have declined excessively;

(e) excessive ground water withdrawals would cause contaminant migration;

(f) ground water withdrawals adversely affecting ground water quality within the ground water area are occurring or are likely to occur; or

(g) water quality within the ground water area is not suited for a specific beneficial use defined by 85-2-102(4)(a).

(3) (a) A correct and complete petition must:

(i) be in a form prescribed by the department and must contain analysis prepared by a hydrogeologist, a qualified scientist, or a qualified licensed professional engineer concluding that one or more of the criteria provided in subsection (5) are met; and

(ii) describe proposed measures, if any, to mitigate effects of the criteria identified in subsection (5) that are alleged in the petition.

(3)(b) When the department proposes a rule pursuant to this section, a proposal is made, the department shall fix a time and place for a hearing, which may not be less than 90 days from the making of the proposal. The place for the hearing must be within or as close as practical to the proposed or existing controlled ground water area.

(4) The department shall publish a notice of the hearing, setting forth:

(a) the names of the petitioners;

(b) the description by legal subdivisions (section, township, range) of all lands included in or proposed to be included in the ground water area or subarea;

(c) the purpose of the hearing; and

(d) the time and place of the hearing where any interested person may appear, either in person or by attorney, file written objections to the granting of the proposal, and be fully heard.

(c) (i) The department shall notify the petitioner of any defects in a petition within 180 days. If the department does not notify the petitioner of any defects within 180 days, the petition must be treated as correct and complete.
(ii) A petition that is not made correct and complete within 90 days from the date of notification by the department of any defect is terminated.

(4) (a) Within 60 days after a petition is determined to be correct and complete, the department shall:

(i) deny in writing the petition in whole or in part, stating the reasons for denial;

(ii) inform the petitioner that the department will study the information presented in the petition for a period not to exceed 90 days before denying or proceeding with the petition; or

(iii) initiate rulemaking proceedings in accordance with Title 2, chapter 4, part 3.

(b) Failure of the department to act under subsection (4)(a) does not mandate that the department grant the petition for rulemaking.

(c) In addition to the notice requirements of Title 2, chapter 4, parts 1 through 4, the department shall provide public notice of the rulemaking hearing by:

(i) the notice of hearing must be published at least once each week for 3 successive weeks, with the first notice not less than 30 days before the date of the hearing in a newspaper of general circulation in the county or counties in which the proposed controlled ground water area or subarea is located. The department shall also cause a copy of the notice, together with a copy of the petition, to be served by mail, not less than 30 days before the hearing upon:

(ii) each well driller licensed in Montana whose address is within any county in which any part of the area in question is located;

(iii) serving by mail a copy of the notice, not less than 30 days before the hearing, upon each person or public agency known from an examination of the records in the department's office to be a claimant or appropriator of ground water in the area in question;

(iv) the bureau; and

(v) each well driller licensed in Montana whose address is within any county in which any part of the proposed controlled ground water area is located, all landowners of record within the proposed controlled ground water area, and each well driller licensed in Montana whose address is within any county in which any part of the proposed controlled ground water area is located; and

(b)(iii) The department may also serve notice upon any other person or state or federal agency that the department feels may be interested in or affected by the proposed designation or modification of a controlled ground water area. The petition need not be served on any petitioner. A copy of the notice, together with a copy of the proposal, must be mailed to each person at the person's last known address, and service is complete upon depositing it in the post office, postage prepaid, addressed to each person on whom it is to be served.

(d) The notice under subsection (4)(c) must include a summary of the basis for the proposed rule. Publication and mailing of the notice as prescribed in this section, when completed, is considered to be sufficient notice of the hearing to all interested persons.
(c) As used in subsection (5)(a), “claimant or appropriator” means a person who diverts, impounds, or withdraws ground water and not merely a person who uses or obtains ground water from another person who diverts, impounds, or withdrawing ground water.

(5) The department may designate a permanent controlled ground water area by rule if it finds by a preponderance of the evidence that any of the following criteria have been met and cannot be appropriately mitigated:

(a) current or projected reductions of recharge to the aquifer or aquifers in the proposed controlled ground water area will cause ground water levels to decline to the extent that water right holders cannot reasonably exercise their water rights;

(b) current or projected ground water withdrawals from the aquifer or aquifers in the proposed controlled ground water area have reduced or will reduce ground water levels or surface water availability necessary for water right holders to reasonably exercise their water rights;

(c) current or projected ground water withdrawals from the aquifer or aquifers in the proposed controlled ground water area have induced or altered or will induce or alter contaminant migration exceeding relevant water quality standards;

(d) current or projected ground water withdrawals from the aquifer or aquifers in the proposed controlled ground water area have impaired or will impair ground water quality necessary for water right holders to reasonably exercise their water rights based on relevant water quality standards;

(e) ground water within the proposed controlled ground water area is not suited for beneficial use; or

(f) public health, safety, or welfare is or will become at risk.

(6) (a) If the department finds that sufficient facts are not available to designate a permanent controlled ground water area, it may designate by rule a temporary controlled ground water area to allow studies to obtain the facts needed to determine whether or not it is appropriate to designate a permanent controlled ground water area. The department shall set the length of time that the temporary controlled ground water area will be in effect. Subject to subsection (6)(c), the term of a temporary controlled ground water area may be extended by rule.

(b) A temporary controlled ground water area designation is for the purpose of study and cannot include the control provisions provided in subsection (7), other than measurement, water quality testing, and reporting requirements.

(c) A temporary controlled ground water area designation may not exceed a total of 6 years, including any extensions.

(d) Prior to expiration of a temporary controlled ground water area, the department may amend or repeal the rule establishing the temporary controlled ground water area or may designate a permanent controlled ground water area through the rulemaking process under this section.

(e) Studies for temporary controlled ground water areas may be considered for funding under the renewable resource grant and loan program in Title 85, chapter 1, part 6.

(f) If there is a ground water investigation program within the bureau, the ground water assessment steering committee established by 2-15-1523 shall consider temporary controlled ground water areas for study.
(7) A controlled ground water area may include but is not limited to the following control provisions:
   (a) a provision closing the controlled ground water area to further appropriation of ground water;
   (b) a provision restricting the development of future ground water appropriations in the controlled ground water area by flow, volume, purpose, aquifer, depth, water temperature, water quality, density, or other criteria that the department determines necessary;
   (c) a provision requiring measurement of future ground water or surface water appropriations;
   (d) a provision requiring the filing of notice on land records within the boundary of a permanent controlled ground water area to inform prospective holders of an interest in the property of the existence of a permanent controlled ground water area. Notice of the designation must be removed or modified as necessary to accurately reflect modification or repeal of a permanent designation within 60 days.
   (e) a provision for well spacing requirements, well construction constraints, and prior department approval before well drilling, unless the well is regulated pursuant to Title 82, chapter 11;
   (f) a provision for mitigation of ground water withdrawals;
   (g) a provision for water quality testing;
   (h) a provision for data reporting to the department; and
   (i) other control provisions that the department determines are appropriate and adopts through rulemaking.

Section 6. Section 85-2-508, MCA, is amended to read:

“85-2-508. Controlled ground water areas — permits to appropriate. (1) A person may appropriate ground water in a controlled ground water area by:

   (a) applying for and receiving a permit from the department in accordance with part 3 of this chapter; or

   (b) following the requirements of an order issued pursuant to 85-2-506.

   (2) The department may not grant a permit if the withdrawal would be beyond the capacity of the aquifer or aquifers in the controlled ground water area to yield ground water within a reasonable or feasible pumping lift, in the case of pumping developments, or within a reasonable or feasible reduction of pressure, in the case of artesian developments.”

Section 7. Criteria for petition applications. Municipalities, counties, conservation districts, and local water quality districts may establish specific criteria for acceptance of an application to the municipality, county, conservation district, or local water quality district to petition for creation of a controlled ground water area and other criteria necessary to implement this part. Those criteria may include but are not limited to:

   (1) the submission of substantial credible evidence that one or more of the criteria provided in 85-2-506(5) are met;

(3) a description of proposed studies for a temporary controlled ground water area;

(4) a requirement that an application be supported by owners of at least one-fourth of the water rights with a point of diversion of water within the boundaries of the proposed controlled ground water area;

(5) a requirement that an applicant pay an application or processing fee for the application; and

(6) a description of proposed funding for studies for a controlled ground water area.

Section 9. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 10. Codification instruction. [Sections 4 and 7] are intended to be codified as an integral part of Title 85, chapter 2, part 5, and the provisions of Title 85, chapter 2, part 5, apply to [sections 4 and 7].

(6) The commissioner may exempt the small business health insurance purchasing pool established in 33-22-2001 from the reporting requirements under subsection (3).

Section 2. Section 33-22-2004, MCA, is amended to read:

“33-22-2004. Powers and duties of board. (1) The board shall:

However, to the extent that federal funds are used to make some premium assistance payments, criteria for those payments must be consistent with any waiver requirements determined by the department of public health and human services pursuant to 53-2-216. Eligibility for employees is not limited to the waiver eligibility groups.

(i) make appropriate changes to eligibility or other elements in the operating plan as needed to reach the goal of expending 90% of the funding dedicated to premium incentive payments and premium assistance payments during the current biennium;

(j) limit the total amount of premium incentive payments and premium assistance payments paid to the amount of available state, federal, and private funding;

(q) within 2 years after the purchasing pool is established and considered stable by the board, examine the possibility of offering an opportunity for individual sole proprietors without employees to purchase insurance from the purchasing pool without premium incentive payments, premium assistance payments, or tax credits.

(2) The board may:

(a) borrow money;

(b) enter into contracts with insurers, administrators, or other persons;

(c) hire employees to perform the administrative tasks of the purchasing pool;

(e) set contribution levels for employers;

(f) at least 30 days before the end of the current fiscal year, request that funds be transferred from the funds appropriated for premium incentive payments and premium assistance payments to the department of revenue for reimbursement of the general fund to offset tax credits if the number of eligible small employers seeking premium incentive payments and employees receiving premium assistance payments is insufficient to exhaust at least 90% of the appropriated funds for the premium incentive and assistance payments during a biennium fiscal year;
(g) at least 90 days before the end of the current fiscal year, request that funds be transferred from the funds allocated for tax credits to the funds appropriated for premium incentive payments and premium assistance payments if the number of eligible small employers seeking tax credits is insufficient to exhaust at least 90% of the funds allocated for tax credits during a fiscal year;

(l) pay appropriate commissions to licensed insurance producers who market purchasing pool coverage.”

Section 3. Section 33-22-2006, MCA, is amended to read:

“33-22-2006. Premium incentive payments, premium assistance payments, and tax credits for small employer health insurance premiums paid — eligibility for small group coverage — amounts. (1) An employer is eligible to apply for premium incentive payments and premium assistance payments or a tax credit under this part if the employer and any related employers:

(a) did not have more than the number of employees established for eligibility by the commissioner at the time of registering for premium incentive payments or premium assistance payments or a tax credit under 33-22-2008;

(b) provide or will provide a group health plan that meets the requirements of creditable coverage for the employer’s and any related employer’s employees;

(e) do not have any employees, not including an owner, partner, or shareholder of the business, who received more than $75,000 in gross compensation, including bonuses and commissions wages, as defined in 39-71-123, from the small employer or related employer in the prior tax year.

(2) An owner, partner, or shareholder of a business who received more than $75,000 in wages, as defined in 39-71-123, and those individuals’ spouses who are employees are not eligible under this chapter for:

(4) The commissioner shall establish, by rule, the maximum number of employees that may be employed to qualify as a small employer under subsection (1). However, the number may not be less than two employees or more than nine employees. The maximum number may be different for employers seeking premium incentive payments and premium assistance payments than for employers seeking a tax credit. The number must be set to maximize the number of employees receiving coverage under this part. The commissioner may not change the maximum employee number more often than every 6 months. If the maximum number of allowable employees is changed, the change does not disqualify registered employers with respect to the tax year for which the employer has registered.

(5) Except as provided in subsection (4) (6), an eligible small employer may claim a tax credit in the following amounts:

(a) (i) not more than $100 each month for each employee and $100 each month for each employee’s spouse, if the employer covers the employee’s spouse, if the average age of the group is under 45 years of age; or

(b) not more than $40 each month for each dependent, other than the employee’s spouse, if the employer is paying for coverage for the dependents, not to exceed two dependents of an employee in addition to the employee’s spouse.

(6) An employer may not claim a tax credit:

(a) in excess of 50% of the total premiums paid by the employer for the qualifying small group;

(b) for premiums paid from a medical care savings account provided for in Title 15, chapter 61; or

(c) for premiums for which a deduction is claimed under 15-30-121 or 15-31-114.

(7) An employer may not claim a premium incentive payment in excess of 50% of the total premiums paid by the employer for the qualifying small group.”

Section 4. Section 33-22-2007, MCA, is amended to read:

“33-22-2007. Filing for tax credit — filing for premium incentive payments and premium assistance payments. (1) An eligible small employer may:

(a) apply the tax credit against taxes due for the current tax year on a return filed pursuant to Title 15, chapter 30 or 31; or
(b) if the eligible small employer did not sponsor a group health plan that provides creditable coverage for employees during the 2 years prior to the first tax year of registration for the premium incentive payments or premium assistance payments or operates a new business that is less than 2 years old and has never sponsored a group health plan that provides creditable coverage, apply to receive monthly premium incentive payments and premium assistance payments to be applied to coverage obtained through the purchasing pool or qualified association health plan coverage approved by the commissioner.

(2) An eligible small employer may not, in the same tax year, apply the tax credit against taxes due for the current tax year as provided for in subsection (1)(a) and receive premium incentive payments as provided for in subsection (1)(b).

(3) The premium incentive payments and premium assistance payments provided for in subsection (1)(b) must be paid pursuant to a plan of operation implemented by the board and any applicable administrative rules.

(4) (a) If an eligible small employer’s tax credit as provided in subsection (1)(a) exceeds the employer’s liability under 15-30-103 or 15-31-121, the amount of the excess must be refunded to the eligible small employer. The tax credit may be claimed even if the eligible small employer has no tax liability under 15-30-103 or 15-31-121.

(b) A tax credit is not allowed under 15-30-129, 15-31-132, or any other provision of Title 15, chapter 30 or 31, with respect to any amount for which a tax credit is allowed under this part.

(5) The department of revenue or the commissioner may grant a reasonable extension for filing a claim for premium incentive payments or premium assistance payments or a tax credit whenever, in the department’s or the commissioner’s judgment, good cause exists. The department of revenue and the commissioner shall keep a record of each extension and the reason for granting the extension.

(6) (a) If an employer that would have a claim under this part ceases doing business before filing the claim, the representative of the employer who files the tax return or pays the premium may file the claim.

(b) If a corporation that would have a claim under this part merges with or is acquired by another corporation and the merger or acquisition makes the previously eligible corporation ineligible for the premium incentive payments, premium assistance payments, or tax credit in the future, the surviving or acquired corporation may file for the premium incentive payments, premium assistance payments, or tax credit for any claim period during which the former eligible corporation remained eligible.

(c) If an employer that would have a claim under this part files for bankruptcy protection, the receiver may file for the premium incentive payments, premium assistance payments, or tax credit for any claim period during which the employer was eligible.”

Section 5. Section 33-22-2008, MCA, is amended to read:

“33-22-2008. Registration — funding limitations — transfers — maximum number — waiting list — information transfer for tax credits. (1) (a) Each eligible small employer that proposes to apply for premium incentive payments and premium assistance payments or a tax credit under this part must be registered each year with the commissioner. The commissioner shall begin taking new applications for 2006 on October 1, 2005.
(b) An eligible small employer may submit a new application for the premium incentive payments and premium assistance payments or the tax credit anytime during the year, but in order to maintain the employer's registration for the next year, the registration application must be renewed each year.

(c) The commissioner shall begin accepting renewal applications on October 1 of each year and stop accepting renewal applications on October 31 of each year.

(d) The registration application must include the number of individuals covered, as of the date of the registration application, under the small group health plan for which the employer is seeking premium incentive payments and premium assistance payments or a tax credit. If, after the initial registration, the number of individuals increases, the employer may apply to register the additional individuals, but those additional individuals may be added only at the discretion of the commissioner, who shall limit enrollment based on available funds.

(e) A small employer is not eligible to apply for premium incentive payments and premium assistance payments or a tax credit for a number of employees, or the employees' spouses or dependents, over the number that has been established in 33-22-2006 as the maximum number of employees an employer may have in order to qualify for registration for the time period in question.

(f) An employer's decision to apply for premium incentive payments and premium assistance payments or a tax credit is irrevocable for 12 months or until the purchasing pool group health plan or qualified association health plan renews its registration, whichever time period is less. An employer may choose to discontinue receiving any premium incentive payments and premium assistance payments or tax credits at any time.

(2) The commissioner shall register qualifying eligible small employers in the order in which applications are received and according to whether or not the application is for premium incentive payments and premium assistance payments or a tax credit. Funding may be transferred from the allocated fund for premium incentive payments and premium assistance payments to the general fund for tax credits or from the funds allocated for tax credits to the allocated fund for premium incentive payments and premiums assistance payments if the board requests the transfer as provided in 33-22-2004 and the commissioner approves the request.

(3) (a) The maximum number of eligible small employers is reached when the anticipated amount of claims for premium incentive payments and premium assistance payments and tax credits has reached 95% of the amount of money allocated for premium incentive payments and premium assistance payments and tax credits.

(b) The commissioner may establish a waiting list for applicants that are otherwise qualified for registration but cannot be registered because of a lack of

(2) The department may collect a benefit overpayment and any penalty:
(a) by having the claimant pay the amount owed directly to the department by check, money order, credit card, debit card, or electronic funds transfer; or
(b) by offsetting the amount of the overpaid benefits owed against future unemployment benefits to be received by the claimant.

(3) The claimant is responsible for any:
(a) penalty established in accordance with 39-51-3201; and
(b) costs or processing fees associated with using the repayment methods set out in subsection (2)(a).

(4) The department may enter into an agreement with a claimant for the repayment of any benefit overpayment and penalty provided that repayment in full is made within 5 years of the date that it was established that an overpayment occurred.

(5) A benefit offset may not exceed 50% of the weekly benefits to which a claimant is entitled unless the claimant gives written consent, except in cases of theft or fraud, when benefits may be offset by as much as 100% of the weekly benefits to which a claimant is entitled. The sum is collectible in the manner provided in this chapter for the collection of past due contributions.

(6) (a) The department may collect any benefit overpayment and penalty by directing the offset of any funds due the claimant from the state, except future unemployment benefits as provided in subsection (1) and retirement benefits. The department, through the department of revenue, shall provide the claimant with notice of the right to request a hearing on the offset action. A request for hearing must be made within 30 days of the date of the notice.

(b) The debt does not have to be determined to be uncollectible before being transferred for offset.

(7) (a) The department may direct the offset of funds owed to a person under 26 U.S.C. 6402 if the person owes a covered unemployment compensation debt.

(b) For the purposes of this subsection (7), “covered unemployment compensation debt” means:
(i) a benefit overpayment and penalty owed because of the erroneous payment of unemployment compensation resulting from fraud, which has been adjudicated as a debt under Montana law and has remained uncollected for not more than 10 years; or
(ii) employer contributions, penalty, and interest owed to the unemployment trust fund that the department determines are attributable to fraud and that have remained uncollected for not more than 10 years.

(8) If, upon demand of the department, the claimant fails to make the payments provided for in this section, the unpaid benefit overpayment and associated penalty may be treated as a judgment against the claimant at the time the payments become due. The department may issue a certificate setting forth the amount of payment due and direct the clerk of the district court of any county
in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. From the time the judgment is docketed, it becomes a lien upon all real property of the claimant. The department may enforce the judgment at any time within 10 years of creation of the lien.

(9) The department may waive the benefit overpayment if the department finds that:

   (a) the claimant did not conceal or misrepresent material facts to obtain the overpaid benefits and that recovery of the benefit overpayment would cause a long-term financial hardship on the claimant; or

   (b) the overpayment was the result of department error.

(10) An action for collection of overpaid benefits must be brought within 5 years after the date of the overpayment.

(11) Notwithstanding any other provision of this chapter, the department may recover an overpayment of benefits paid to any individual under the laws of this state or another state or under an unemployment benefit program of the United States.”

Section 20. Section 39-51-3207, MCA, is amended to read:

“39-51-3207. Authority to determine uncollectibility of debts — transfer of debts for collection — liability for payment of fees and costs of collection. (1) After making all reasonable efforts to collect unpaid contributions, assessments under 39-51-404, and penalties and interest, or overpaid benefits and penalties under 39-51-3206 and interest, the department may determine a debt to be uncollectible. Upon determining that a debt is uncollectible, the department may transfer the debt to the department of revenue for collection as provided in 17-4-104.

(2) Subject to approval by the department, reasonable fees or costs of collection incurred by the department of revenue may be added to the amount of the debt, including added fees or costs. The debtor is liable for repayment of the amount of the debt plus fees or costs added pursuant to this subsection. All money collected must be returned to the department to be applied to the debt, except that all fees or costs collected must be retained by the department of revenue. If less than the full amount of the debt is collected, the department of revenue shall retain only a proportionate share of the collection fees or costs.”

Section 21. Repealer. Section 39-51-3104, MCA, is repealed.

Section 22. Codification instruction. [Sections 2 and 3] are intended to be codified as an integral part of Title 39, chapter 51, part 21, and the provisions of Title 39, chapter 51, part 21, apply to [sections 2 and 3].

AN ACT REQUIRING A RANDOM-SAMPLE AUDIT OF VOTE-COUNTING MACHINES AFTER A FEDERAL ELECTION; ESTABLISHING AUDIT

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 9] may be cited as the “Postelection Audit Act”.

Section 2. Definitions. As used in [sections 1 through 9], the following definitions apply:

(1) “Computer software expert” means a person who has obtained a bachelor of science degree in computer science with expertise in software engineering and who is not affiliated with an election software vendor.

(3) “Vote-counting machine” means an individual piece of equipment used to automatically tabulate votes.

Section 3. Random-sample audit of vote-counting machines required — rulemaking authority. (1) After unofficial results are available to the public in a federal election, but before the official canvass by the county board of canvassers, the county audit committee shall conduct a random-sample audit of vote-counting machines.

(2) The random-sample audit may not include a ballot that a vote-counting machine was unable to process and that was not resolved pursuant to 13-15-206 because the ballot:

(a) appeared to have at least one overvote;

(b) appeared to be blank;

(c) was in a condition that prevented its processing by a vote-counting machine; or

(d) contained a mark, error, or omission that prevented its processing by a vote-counting machine.

(3) Except as provided in subsections (4) and (5), the random-sample audit must include:

(a) at least 5% of the precincts in each county or a minimum of one precinct in each county, whichever is greater; and

(b) an election for:

(i) one statewide office race, if any;

(ii) one federal office race;

(iii) one legislative office race; and

(iv) one statewide ballot issue if a statewide ballot issue was on the ballot.

(4) The audit may not include:

(a) a retention election for a judicial candidate; or

(b) a race in which a candidate was unopposed.

(5) A county is exempt from the postelection random-sample audit requirements if:

(a) the county does not use a vote-counting machine; or
(b) the county's unofficial final vote totals for any race or ballot issue involving more than one precinct show a tie vote or a vote within the margins allowed by Title 13, chapter 16, part 2, for a recount without a court order. A county meeting the requirements of this subsection (5)(b) shall notify the secretary of state as soon as practicable.

(6) The secretary of state shall adopt rules to implement the provisions of [sections 1 through 9], including but not limited to rules for:

(a) the process to be used for selecting precincts, races, and ballot issues for the random-sample audit; and

(b) the manner in which the random-sample audit of vote-counting machines will be conducted pursuant to the procedures established in [sections 1 through 9].

Section 4. County audit committee — membership — oath required.
(1) Prior to each federal election, the county governing body shall appoint at least three individuals to serve on the county audit committee from a list of county employees and county residents who have offered to serve on the committee.

(2) The county audit committee may not include:

(a) a person who served as an election judge in the election;

(b) a person employed by the vendor who supplied the vote-counting machines subject to the audit; or

(c) a person who has performed maintenance on the vote-counting machines subject to the audit.

(3) Before beginning service, the audit committee members shall take and subscribe the official oath prescribed by the Montana constitution. The audit committee members may administer the oath to each other.

(4) The county election administrator shall serve as the secretary to the county audit committee.

Section 5. Selection process for random-sample audit.
(1) No sooner than 7 days after the election and no later than 9 days after the election, the state board of canvassers, pursuant to [section 3] and as established by rule, shall randomly select:

(a) the races and ballot issue to be audited;

(b) the precincts to be audited in each county; and

(c) three additional precincts in each county that would be audited if a discrepancy in vote tallies occurs and results in the need to audit additional precincts pursuant to [section 7].

(2) The selection process must be open to the public.

(3) After selecting the precincts, races, and ballot issue for the random-sample audit, the state board of canvassers shall direct the secretary of state to:

(a) notify each county election administrator of the selections; and

(b) make a list of the selections available electronically.

Section 6. Conduct of random-sample audit.
(1) The random-sample audit must be completed at least 1 day before the official canvass by the county board of canvassers.
(2) The county audit committee shall manually count the votes for the random-sample audit as follows:

(a) One member shall read the ballot while the remaining members shall each record on an official tally sheet the number of valid votes cast for each of the selected offices and ballot issue.

(b) (i) After the vote is complete, the tally sheets of the members recording the votes must be compared.

(ii) If the tallies match, the county audit committee shall compare the manual count for the selected offices and the ballot issue to the vote-counting machine count for the selected offices and the ballot issue.

(iii) If the tallies do not match, the count must be conducted again as provided in this subsection (2) until the tallies match.

(c) (i) If the manual count and the vote-counting machine totals match, the county audit committee shall certify the results to the county election administrator and the secretary of state.

(ii) If the manual count and the vote-counting machine totals do not match, the county audit committee shall follow the procedures established in [section 7].

(3) The audit process must be public.

Section 7. Discrepancies — substitution of results — examination of machines. (1) If a discrepancy exists between the vote-counting machine totals and the manual count totals, the random-sample audit results must serve as the definitive record for purposes of the canvass.

(2) If the random-sample audit results in a discrepancy of more than 0.5% of total ballots cast or five ballots, whichever is greater, and if the discrepancy is determined to be due to the vote-counting machine and not to administrative or user error:

(a) the vote-counting machine involved in the discrepancy in that county may not be used in another election until it has been examined and tested by a computer software expert in consultation with a voting system vendor and approved by the secretary of state; and

(b) at least three additional precincts within the county must be audited for the office or ballot issue in question. If the county has fewer than three additional precincts, all remaining precincts must be audited.

(3) If the audit of the additional precincts results in a discrepancy for those precincts of more than 0.5% of total ballots cast or five ballots, whichever is greater, and if the discrepancy is determined to be due to the vote-counting machine involved in the discrepancy in that county may not be used in another election until it has been examined and tested by a computer software expert in consultation with a voting system vendor and approved by the secretary of state.

(4) The results of the random-sample audit must be public.

Section 8. Reimbursement of county costs. (1) Except as provided in subsection (2), the secretary of state shall reimburse each county for any costs incurred in implementing the provisions of [sections 1 through 9].

(2) A vendor who supplies a vote-counting machine that was purchased after October 1, 2009, and that fails an audit due to software or machine defects or vendor employee error shall pay the costs incurred for the audit of vote-counting
machines in the affected county. The provisions of this subsection must be reflected in the contract for the purchase of vote-counting machines.

Section 9. Vote-counting machine maintenance — examination. (1) Upgrades, patches, fixes, or alterations may not be applied to any vote-counting machine during the 30 days following a federal election.

(b) The requirements of this section do not apply to the portion of a mitigation plan that consists of a change in appropriation rights for instream flow filed pursuant to 85-2-402.

(2) The minimum treatment requirements for sewage systems subject to this section are the federal requirements provided for in 40 CFR 133, and the system must meet, at a minimum, the requirements of level two treatment for the removal of nitrogen in the effluent.

(3) In addition to the minimum treatment requirements of subsection (2), sewage systems subject to this section that are used for aquifer injection must meet the more stringent of either primary drinking water standards pursuant to Title 75, chapter 6, or the nondegradation requirements pursuant to 75-5-303 at the point of discharge.

   (d) how the proposed project or beneficial use for which the mitigation plan is required will be operated;
   (e) evidence that an application for a change in appropriation right, if necessary, has been submitted;
   (f) evidence of water availability; and
   (g) evidence of how the mitigation plan will offset the required amount of net depletion of surface water in a manner that will offset an adverse effect on a prior appropriator; and
   (h) evidence that the appropriate water quality permits have been granted pursuant to Title 75, chapter 5, as required by 75-5-410 and 85-2-364.

(4) The department may not require an applicant, through a mitigation plan or an aquifer recharge plan, to provide more water than the quantity needed to offset the adverse effects on a prior appropriator caused by the net depletion.
An appropriation right that relies on a mitigation plan or aquifer recharge plan to offset net depletion of surface water that results in an adverse effect on a prior appropriator must be issued as a conditional permit that requires that the mitigation plan or aquifer recharge plan must be exercised when the appropriation right is exercised."

Section 3. Section 85-2-364, MCA, is amended to read:

“85-2-364. Department permit coordination — requirements for aquifer recharge or mitigation plans. To ensure that the department and the department of environmental quality are coordinating their respective permitting activities:

A mitigation plan or aquifer recharge plan may not include the proposed elimination of vegetation for which there is not an associated water right.

A mitigation plan or aquifer recharge plan may not include the use of tributary water collected from land surfaces that have been made impermeable, thereby increasing the runoff but not adding to the existing supply of tributary water. This subsection does not apply to actions that increase the efficiency of existing conveyance structures.

CHAPTER NO. 111

[HB 118]

AN ACT REVISING THE DISTRIBUTION OF WIRELESS 9-1-1 FUNDS AMONG COUNTIES; REQUIRING LOCAL 9-1-1 JURISDICTIONS TO PROVIDE PROGRAM INFORMATION TO THE DEPARTMENT OF ADMINISTRATION; AMENDING SECTIONS 10-4-102, 10-4-302, AND 10-4-313, MCA; AND PROVIDING AN EFFECTIVE DATE.
Be it enacted by the Legislature of the State of Montana:

Section 1. Section 10-4-102, MCA, is amended to read:

“10-4-102. Department of administration duties and powers. (1) The department shall assist in the development of basic and enhanced 9-1-1 systems in the state. The department shall:

(a) establish procedures for determining and evaluating requests for variations from basic or enhanced 9-1-1 service;

(b) upon request of a 9-1-1 jurisdiction, assist in planning a basic or enhanced 9-1-1 system;

(c) establish criteria for evaluating basic and enhanced 9-1-1 system plans;

(d) monitor implementation of approved basic and enhanced 9-1-1 system plans for compliance with the plan and use of funding; and

(e) as it finds necessary, report to the legislature the progress made in implementing statewide basic and enhanced 9-1-1 systems and in implementing wireless enhanced 9-1-1 services.

(2) The department shall obtain input from all 9-1-1 jurisdictions by creating an advisory council to participate in development and implementation of the 9-1-1 program in the state. The council must be established pursuant to 2-15-122. The highway patrol, emergency medical services organizations, telephone companies, the associated public safety communicators, the department of emergency services, police departments, sheriff's offices, local citizens, organizations, and other public safety organizations may submit recommendations for membership on the advisory council.

(3) The department may request information from a specific 9-1-1 jurisdiction as determined necessary for the department to fulfill its duties under this chapter. If a 9-1-1 jurisdiction does not comply with the request, the department may suspend distributions to the 9-1-1 jurisdiction as provided in 10-4-302(4).”

Section 2. Section 10-4-302, MCA, is amended to read:

“10-4-302. Distribution of basic 9-1-1 account by department. (1) The department shall make quarterly distributions of the entire basic 9-1-1 account. The distributions must be made for the costs incurred during the preceding calendar quarter by each provider of telephone service in the state for:

(a) collection of the fees imposed by 10-4-201;

(b) modification of central office switching and trunking equipment for emergency telephone service only; and

(c) conversion of pay station telephones required by 10-4-121.

(2) Payments under subsection (1) may be made only after application by the provider to the department for costs incurred in subsection (1). The department shall review all applications relevant to subsection (1) for appropriateness of costs claimed by the provider. If the provider contests the review, payment may not be made until the amount owed the provider is made certain.

(3) After all amounts under subsections (1) and (2) have been paid, the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties’ share of the account. A 9-1-1 jurisdiction whose 9-1-1 service area includes more than one city or county is eligible to receive operating funds from the allocation for each city or county involved. The department shall
distribute to the accounting entity designated by a 9-1-1 jurisdiction with an approved final plan the proportional amount for each city or county served by the 9-1-1 jurisdiction. The department shall provide a report indicating the proportional share derived from the individual city’s or county’s allocation with each distribution to a 9-1-1 jurisdiction.

(4) If the department through its monitoring process determines that a 9-1-1 jurisdiction is not adhering to an approved plan, or is not using funds in the manner prescribed in 10-4-303, or has failed to provide information as provided in 10-4-102(3), the department may, after notice and hearing, suspend payment to the 9-1-1 jurisdiction. The jurisdiction is not eligible to receive funds until the department determines that the jurisdiction is complying with the approved plan and fund usage limitations or has provided the requested information.

(5) The department shall distribute any balance in the basic 9-1-1 account on July 1, 1998, on a per capita basis to those 9-1-1 jurisdictions that have approved final plans filed with the department as required by 10-4-112.

Section 3. Section 10-4-313, MCA, is amended to read:

“10-4-313. Distribution of wireless enhanced 9-1-1 account by department. (1) The department shall make quarterly distribution of the portion of the wireless enhanced 9-1-1 account for allowable costs described in 10-4-301(1)(c)(ii) incurred by each wireless provider in each 9-1-1 jurisdiction as follows:

(a) For each fiscal year through the fiscal year ending June 30, 2011:

(i) 84% of the balance of the account must be allocated to the wireless providers providing wireless enhanced 9-1-1 in each county on a per capita basis. The wireless provider in each county must be allocated a minimum of 1% of the balance of the counties’ share of the account.

(ii) the balance of the account must be distributed evenly to the wireless providers providing wireless enhanced 9-1-1 in counties with 1% or less of the total population of the state; and

(iii) prior to distribution, the amounts allocated under subsections (1)(a)(i) and (1)(a)(ii) must be adjusted to ensure that a wireless provider does not receive less than the amount allocated to wireless providers providing wireless enhanced 9-1-1 in counties with 1% or less of the total population of the state.

(b) For fiscal years beginning after June 30, 2011, 100% of the balance of the account must be allocated to the wireless providers providing wireless enhanced 9-1-1 in each county on a per capita basis. Each county must be allocated a minimum of 1% of the balance of the counties’ share of the account.

(c) If the department is unable to fully reimburse a wireless provider under subsection (1)(a) in any quarter, the department shall in the subsequent quarter pay from the allocation under subsection (1)(a) to wireless providers any unpaid balances from the previous quarter. If the amount available is insufficient to pay all previous unpaid balances, the department shall repeat the process of paying unpaid balances that remain unpaid for as many quarters as necessary until all unpaid balances are fully paid. The department shall review all invoices for appropriateness of costs claimed by the wireless provider. If the wireless provider contests the review, payment may not be made until the amount owed to the wireless provider is determined.

(d) A wireless provider shall submit an invoice for cost recovery according to the allowable costs.
(e) The department shall determine the percentage of overall subscribers, based on billing addresses, within the 9-1-1 jurisdiction for each wireless provider seeking cost recovery by dividing the wireless provider’s subscribers by the total number of subscribers in that 9-1-1 jurisdiction. The percentage must be applied to the total wireless provider funds for that 9-1-1 jurisdiction, and each wireless provider shall receive distribution based on the provider’s percentage. To receive cost recovery, wireless providers shall submit subscriber counts to the department on a quarterly basis. The subscriber count must be provided for each 9-1-1 jurisdiction in which the wireless provider receives cost recovery within 30 calendar days following the end of each quarter. The department shall recalculate distribution percentages on a quarterly basis.

(f) If the department determines that a wireless provider has submitted costs that exceed allowable costs or are not submitted in the manner prescribed in 10-4-115, the department may, after giving notice to the wireless provider, suspend or withhold payment from the wireless enhanced 9-1-1 account.

(2) The department shall make quarterly distribution of the portion of the wireless enhanced 9-1-1 account described in 10-4-301(1)(c)(i) to each 9-1-1 jurisdiction in accordance with 10-4-311(3) as follows:

(a) for each fiscal year through the fiscal year ending June 30, 2011:

(i) 84% of the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties’ share of the account.

(ii) the balance of the account must be distributed allocated evenly to the counties with 1% or less of the total population of the state; and

(iii) prior to distribution, the amounts allocated under subsections (2)(a)(i) and (2)(a)(ii) must be adjusted to ensure that a county does not receive less than the amount allocated to counties with 1% or less of the total population of the state; and

(b) for fiscal years beginning after June 30, 2011, 100% of the balance of the account must be allocated to cities and counties on a per capita basis. However, each county must be allocated a minimum of 1% of the balance of the counties’ share of the account.”

Section 3. Uninsured employer as party to benefits disputes — indemnification by uninsured employer for benefits paid — lien for payment — levy and execution. (1) An uninsured employer or an employer alleged to be uninsured is a party to all disputes concerning any benefits for which the employer may become obligated to indemnify the department pursuant to 39-71-504(1)(b).

The judgment becomes a lien on all real property of the uninsured employer from the time of being entered on the docket.

(4) A judgment lien filed pursuant to this section may be renewed for another 10-year period upon motion of the lienholder or by a judgment for that purpose.

Section 4. Section 39-8-202, MCA, is amended to read:

“39-8-202. Initial license application — application fee — standards — provisional license. (1) An applicant for initial licensure as a professional employer organization or group shall file with the department a completed application on a form provided by the department.

Section 5. Section 39-71-107, MCA, is amended to read:

“39-71-107. Insurers to act promptly on claims — in-state claims examiners. (1) Pursuant to the public policy stated in 39-71-105, prompt claims handling practices are necessary to provide appropriate service to injured workers, to employers, and to providers who are the customers of the workers’ compensation system.

(2) All workers’ compensation and occupational disease claims filed pursuant to the Workers’ Compensation Act must be examined by a claims examiner in Montana. For a claim to be considered as examined by a claims examiner in Montana, the claims examiner examining the claim is required to determine the entitlement to benefits, authorize payment of all benefits due, manage the claim, have authority to settle the claim, maintain an office located in Montana, and examine Montana claims from that office. Use of a mailbox or maildrop in Montana does not constitute maintaining an office in Montana.

(3) An insurer shall maintain the documents related to each claim filed with the insurer under the Workers’ Compensation Act at the Montana office of the claims examiner examining the claim in Montana until the claim is settled. The documents may be either original documents or duplicates of the original documents and must be maintained in a manner that allows the documents to be retrieved from that office and copied at the request of the claimant or the department. Settled claim files stored outside of the claims examiner’s office must be made available within 48 hours of a request for the file. Electronic or optically imaged documents are permitted.

(4) (a) An insurer that uses a third-party agent to provide the insurer with claim examination services shall notify the department in writing of a change of a third-party agent at least 14 days in advance of the change.

(b) The department may assess a penalty not to exceed $200 against an insurer that does not comply with the advance notice provision in subsection (4)(a). The penalty may be assessed for each failure by an insurer to give the required advance notice.

(5) An insurer shall provide to the claimant:
(a) a written statement of the reasons that a claim is being denied at the time of denial;
(b) whenever benefits requested by a claimant are denied, to a claimant, a written explanation of how the claimant may appeal an insurer’s decision; and
(c) a written explanation of the amount of wage-loss benefits being paid to the claimant, along with an explanation of the calculation used to compute those benefits. The explanation must be sent within 7 days of the initial payment of the benefit.

(6) An insurer shall:
(a) begin making payments that are due on a claim within 14 days of acceptance of the claim, unless the insurer promptly notifies the claimant that the insurer needs additional information in order to begin paying benefits and specifies the information needed; and
(b) pay settlements within 30 days of the date the department issues an order approving the settlement.

(7) The department may adopt rules to implement this section.

(8) (a) For purposes of this section, “settled claim” means a department-approved or court-ordered compromise of benefits between a claimant and an insurer or a claim that was paid in full.
(b) The term does not include a claim in which there has been only a lump-sum advance of benefits.”

Section 6. Section 39-71-117, MCA, is amended to read:
“39-71-117. Employer defined. (1) “Employer” means:
(a) the state and each county, city and county, city school district, and irrigation district; all other districts established by law; all public corporations and quasi-public corporations and public agencies; each person; each prime contractor; each firm, voluntary association, limited liability company, limited liability partnership, and private corporation, including any public service corporation and including an independent contractor who has a person in service under an appointment or contract of hire, expressed or implied, oral or written; and the legal representative of any deceased employer or the receiver or trustee of the deceased employer;

(2) A temporary service contractor is the employer of a temporary worker for premium and loss experience purposes.
(3) Except as provided in chapter 8 of this title, an employer defined in subsection (1) who uses the services of a worker furnished by another person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, is presumed to be the employer for workers' compensation premium and loss experience purposes for work performed by the worker. The presumption may be rebutted by substantial credible evidence of the following:

(a) the person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, furnishing the services of a worker to another retains control over all aspects of the work performed by the worker, both at the inception of employment and during all phases of the work; and

(ii) premiums must be paid by the employer, as defined in 39-71-117(3), and must be based upon the minimum wage established under Title 39, chapter 3, part 4, for the number of hours of community service required under the order from the court or hearings officer.

The person may receive reimbursement for providing room and board, obtaining training, respite care, leisure and recreational activities, and providing for other needs and activities arising in the provision of in-home foster care.

(3) With the approval of the insurer, an employer may elect to include as an employee under the provisions of this chapter any volunteer as defined in subsection (2)(c).

(4) (a) The term “volunteer firefighter” means a firefighter who is an enrolled and active member of a governmental fire agency organized under Title 7, chapter 33, except 7-33-4109.

(b) The term “volunteer hours” means all the time spent by a volunteer firefighter in the service of an employer, including but not limited to training time, response time, and time spent at the employer’s premises.

(5) (a) If the employer is a partnership, limited liability partnership, sole proprietor, or a member-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any member of the partnership or limited liability partnership, the owner of the sole proprietorship, or any member of the limited liability company devoting full time to the partnership, limited liability partnership, proprietorship, or limited liability company business.

(b) In the event of an election, the employer shall serve upon the employer’s insurer written notice naming the partners, sole proprietor, or members to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (5)(d). A partner, sole proprietor, or member is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection (5)(d). For premium ratemaking and for the determination of the weekly wage for weekly compensation benefits, the electing employer may elect an amount of not less than $900 a month and not more than 1 1/2 times the state’s average weekly wage.

(6) (a) If the employer is a quasi-public or a private corporation or a manager-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any corporate officer or manager exempted under 39-71-401(2).
(b) In the event of an election, the employer shall serve upon the employer’s insurer written notice naming the corporate officer or manager to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (5)(d). A corporate officer or manager is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection (6)(d). For premium ratemaking and for the determination of the weekly wage for weekly compensation benefits, the electing employer may elect an amount of not less than $200 a week and not more than 1 1/2 times the state’s average weekly wage.

(7) (a) The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may elect to include as an employee within the provisions of this chapter any volunteer firefighter. A volunteer firefighter who receives workers’ compensation coverage under this section may not receive disability benefits under Title 19, chapter 17.

(b) In the event of an election, the employer shall report payroll for all volunteer firefighters for premium and weekly benefit purposes based on the number of volunteer hours of each firefighter times the average weekly wage divided by 40 hours, subject to a maximum of 1 1/2 times the state’s average weekly wage.

(c) A self-employed sole proprietor or partner who has elected not to be covered under this chapter, but who is covered as a volunteer firefighter pursuant to subsection (7)(a) and when injured in the course and scope of employment as a volunteer firefighter, may in addition to the benefits described in subsection (7)(b) be eligible for benefits at an assumed wage of the minimum wage established under Title 39, chapter 3, part 4, for 2,080 hours a year. The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may make an election for benefits. If an election is made, payrolls must be reported and premiums must be assessed on the assumed wage.

(8) Except as provided in chapter 8 of this title, an employee or worker in this state whose services are furnished by a person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, to an employer, as defined in 39-71-117, is presumed to be under the control and employment of the employer. This presumption may be rebutted as provided in 39-71-117(3).

(9) A student currently enrolled in an elementary, secondary, or postsecondary educational institution who is participating in work-based learning activities and who is paid wages by the educational institution or business partner is the employee of the entity that pays the student’s wages for all purposes under this chapter. A student who is not paid wages by the business partner or the educational institution is a volunteer and is subject to the provisions of this chapter.

(10) For purposes of this section, an “employee or worker in this state” means:
(a) a resident of Montana who is employed by an employer and whose employment duties are primarily carried out or controlled within this state;
(b) a nonresident of Montana whose principal employment duties are conducted within this state on a regular basis for an employer;
(c) a nonresident employee of an employer from another state engaged in the construction industry, as defined in 39-71-116, within this state; or
(d) a nonresident of Montana who does not meet the requirements of subsection (10)(b) and whose employer elects coverage with an insurer that allows an election for an employer whose:
   (i) nonresident employees are hired in Montana;
   (ii) nonresident employees’ wages are paid in Montana;
   (iii) nonresident employees are supervised in Montana; and
   (iv) business records are maintained in Montana.

(11) An insurer may require coverage for all nonresident employees of a Montana employer who do not meet the requirements of subsection (10)(b) or (10)(d) as a condition of approving the election under subsection (10)(d).”

Section 8. Section 39-71-123, MCA, is amended to read:

“39-71-123. Wages defined. (1) “Wages” means all remuneration paid for services performed by an employee for an employer, or income provided for in subsection (1)(d). Wages include the cash value of all remuneration paid in any medium other than cash. The term includes but is not limited to:
   (a) commissions, bonuses, and remuneration at the regular hourly rate for overtime work, holidays, vacations, and periods of sickness;
   (b) backpay or any similar pay made for or in regard to previous service by the employee for the employer, other than retirement or pension benefits from a qualified plan;
   (c) tips or other gratuities received by the employee, to the extent that tips or gratuities are documented by the employee to the employer for tax purposes;
   (d) income or payment in the form of a draw, wage, net profit, or substitute for money received or taken by a sole proprietor or partner, regardless of whether the sole proprietor or partner has performed work or provided services for that remuneration;
   (e) board, lodging, rent, or housing if it constitutes a part of the employee's remuneration and is based on its actual value; and
   (f) payments made to an employee on any basis other than time worked, including but not limited to piecework, an incentive plan, or profit-sharing arrangement.

(2) The term “wages” does not include any of the following:
   (a) employee expense reimbursements or allowances for meals, lodging, travel, subsistence, and other expenses, as set forth in department rules;
   (b) the amount of the payment made by the employer for employees, if the payment was made for:
      (i) retirement or pension pursuant to a qualified plan as defined under the provisions of the Internal Revenue Code;
      (ii) sickness or accident disability under a workers’ compensation policy;
(iii) medical or hospitalization expenses in connection with sickness or accident disability, including health insurance for the employee or the employee’s immediate family;

(iv) death, including life insurance for the employee or the employee’s immediate family;

(c) vacation or sick leave benefits accrued but not paid;

(d) special rewards for individual invention or discovery; or

(e) monetary and other benefits paid to a person as part of public assistance, as defined in 53-4-201.

(3) (a) Except as provided in subsection (3)(b), for compensation benefit purposes, the average actual earnings for the four pay periods immediately preceding the injury are the employee’s wages, except that if the term of employment for the same employer is less than four pay periods, the employee’s wages are the hourly rate times the number of hours in a week for which the employee was hired to work.

(b) For good cause shown, if the use of the last four pay periods does not accurately reflect the claimant’s employment history with the employer, the wage may be calculated by dividing the total earnings for an additional period of time, not to exceed 1 year prior to the date of injury, by the number of weeks in that period, including periods of idleness or seasonal fluctuations.

(4) (a) For the purpose of calculating compensation benefits for an employee working concurrent employments, the average actual wages must be calculated as provided in subsection (3). As used in this subsection, “concurrent employment” means employment in which the employee was actually employed at the time of the injury and would have continued to be employed without a break in the term of employment if not for the injury.

(b) Except as provided in 39-71-118(7)(c), the compensation benefits for a covered volunteer must be based on the average actual wages in the volunteer’s regular employment, except self-employment as a sole proprietor or partner who elected not to be covered, from which the volunteer is disabled by the injury incurred.

(c) The compensation benefits for an employee working at two or more concurrent remunerated employments must be based on the aggregate of average actual wages of all employments, except for the wages earned by individuals while engaged in the employments outlined in 39-71-401(3)(a) who elected not to be covered, from which the employee is disabled by the injury incurred.

(5) For the purposes of calculating compensation benefits for an employee working for an employer, as provided in 39-71-117(1)(d), and for calculating premiums to be paid by that employer, the wages must be based upon all hours worked multiplied by the mean hourly wage by area, as published by the department in the edition of Montana Informational Wage Rates by Occupation, adopted annually by the department, that is in effect as of the date of injury or for the period in which the premium is due.”

Section 9. Section 39-71-201, MCA, is amended to read:

“39-71-201. Administration fund. (1) A workers’ compensation administration fund is established out of which are to be paid upon lawful appropriation all costs of administering the Workers’ Compensation Act and the statutory occupational safety acts that the department is required to administer, with the exception of the certification of independent contractors.
provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers’ fund provided for in 39-71-503. The department shall collect and deposit in the state treasury to the credit of the workers’ compensation administration fund:

(b) all fees paid by an assessment of 3% of paid losses, plus administrative fines and interest provided by this section.

(2) For the purposes of this section, paid losses include the following benefits paid during the preceding calendar year for injuries covered by the Workers’ Compensation Act without regard to the application of any deductible whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of $200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(3) Each plan No. 1 employer, plan No. 2 insurer subject to the provisions of this section, and plan No. 3, the state fund, shall file annually on March 1 in the form and containing the information required by the department a report of paid losses pursuant to subsection (2).

(4) Each employer enrolled under compensation plan No. 1, compensation plan No. 2, or compensation plan No. 3, the state fund, shall pay a proportionate share determined by the paid losses in the preceding calendar year of all costs of administering and regulating the Workers’ Compensation Act and the statutory occupational safety acts that the department is required to administer, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers’ fund provided for in 39-71-503. In addition, compensation plan No. 3, the state fund, shall pay a proportionate share of these costs based upon paid losses for claims arising before July 1, 1990.

(5) (a) Each employer enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment is equal to 3% of the paid losses paid in the preceding calendar year by or on behalf of the plan No. 1 employer or $500, whichever is greater. Any entity, other than the department, that assumes the obligations of an employer enrolled under compensation plan No. 1 is considered to be the employer for the purposes of this section.

(b) An employer formerly enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment is equal to 3% of the paid losses paid in the preceding calendar year by or on behalf of the employer for claims arising out of the time when the employer was enrolled under compensation plan No. 1.

(c) By April 30 of each year, the department shall notify employers described in subsections (5)(a) and (5)(b) of the percentage of the assessment that comprises the compensation plan No. 1 proportionate share of administrative and regulatory costs. Payment of the assessment provided for by this subsection (5) must be paid by the employer in:

(i) one installment due on July 1; or
(ii) two equal installments due on July 1 and December 31 of each year.

(d) If an employer fails to timely pay to the department the assessment under this section, the department may impose on the employer an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(6) (a) Compensation plan No. 3, the state fund, shall pay an assessment to fund administrative and regulatory costs attributable to claims arising before July 1, 1990. The assessment is $3% of the paid losses paid in the preceding calendar year for claims arising before July 1, 1990. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the assessment for administrative and regulatory costs that is attributable to claims arising before July 1, 1990.

(b) Payment of the assessment must be paid in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(c) If the state fund fails to timely pay to the department the assessment under this section, the department may impose on the state fund an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(7) (a) Each employer insured under compensation plan No. 2 or plan No. 3, the state fund, shall pay a premium surcharge to fund administrative and regulatory costs. The premium surcharge must be collected by each plan No. 2 insurer and by plan No. 3, the state fund, from each employer that it insures. The premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted to the insured employer and must be identified as “workers’ compensation regulatory assessment surcharge”. The premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers’ commissions or premium taxes. However, an insurer may cancel a workers’ compensation policy for nonpayment of the premium surcharge. When collected, assessments may not constitute an element of loss for the purpose of establishing rates for workers’ compensation insurance but, for the purpose of collection, must be treated as a separate cost imposed upon insured employers.

(b) The amount to be funded by the premium surcharge is $3% of the paid losses paid in the preceding calendar year by or on behalf of all plan No. 2 insurers and may be up 3% of paid losses for claims arising on or after July 1, 1990, for plan No. 3, the state fund, plus or minus any adjustments as provided by subsection (7)(f). The amount to be funded must be divided by the total premium paid by all employers enrolled under compensation plan No. 2 or plan No. 3 during the preceding calendar year. A single premium surcharge rate, applicable to all employers enrolled in compensation plan No. 2 or plan No. 3, must be calculated annually by the department by not later than April 30. The resulting rate, expressed as a percentage, is levied against the premium paid by each employer enrolled under compensation plan No. 2 or plan No. 3 in the next fiscal year.

(c) On or before April 30 of each year, the department, in consultation with the advisory organization designated pursuant to 33-16-1023, shall notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge...
percentage to be effective for policies written or renewed annually on and after July 1 of that year.

(d) The premium surcharge must be paid whenever the employer pays a premium to the insurer. Each insurer shall collect the premium surcharge levied against every employer that it insures. Each insurer shall pay to the department all money collected as a premium surcharge within 20 days of the end of the calendar quarter in which the money was collected. If an insurer fails to timely pay to the department the premium surcharge collected under this section, the department may impose on the insurer an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(e) If an employer fails to remit to an insurer the total amount due for the premium and premium surcharge, the amount received by the insurer must be applied to the premium surcharge first and the remaining amount applied to the premium due.

(f) The amount actually collected as a premium surcharge in a given year must be compared to the 3% of assessment on the paid losses paid in the preceding year. Any excess amount collected in excess of the 3% must be deducted from the amount to be collected as a premium surcharge in the following year. The amount collected that is less than the 3% assessed amount must be added to the amount to be collected as a premium surcharge in the following year.

(8) On or before April 30 of each year, upon a determination by the department, By July 1, an insurer under compensation plan No. 2 that pays benefits in the preceding calendar year but that will not collect any premium for coverage in the following fiscal year shall pay an assessment equal of up to 3% of paid losses paid in the preceding calendar year, subject to a minimum assessment of $500, that is due on July 1. The department shall determine and notify the insurer by April 30 of each year the amount that is due by July. 1

(9) An employer that makes a first-time application for permission to enroll under compensation plan No. 1 shall pay an assessment of $500 within 15 days of being granted permission by the department to enroll under compensation plan No. 1.

(10) The department shall deposit all funds received pursuant to this section in the state treasury, as provided in this section.

(11) The administration fund must be debited with expenses incurred by the department in the general administration of the provisions of this chapter, including the salaries of its members, officers, and employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501 through 2-18-503, incurred while on the business of the department either within or without the state.

(12) Disbursements from the administration fund must be made after being approved by the department upon claim for disbursement.

(13) The department may assess and collect the workers' compensation regulatory assessment surcharge from uninsured employers, as defined in 39-71-501, that fail to properly comply with the coverage requirements of the Workers' Compensation Act. Any amounts collected by the department pursuant to this subsection must be deposited in the workers' compensation administration fund."
Section 10. Section 39-71-307, MCA, is amended to read:

“39-71-307. Employers and insurers to file reports — penalty. (1) Every employer insured by a plan No. 2 or a plan No. 3 insurer is required to file with the employer’s insurer, under rules adopted by the department, a full and complete report of every accident, injury, or occupational disease to an employee arising out of or in the course of employment.

(2) Every insurer transacting business under this chapter shall, under rules adopted by the department, make and file with the department the reports of every injury or occupational disease.

(3) An employer, or insurer, or claims examiner who refuses or neglects to submit the reports necessary for the proper filing and review of a claim, as provided in subsection (1) or (2), shall be assessed a penalty of not less than $200 or more than $500 for each offense. The department shall assess and collect the penalty. An employer or insurer may contest a penalty assessment in a hearing conducted according to department rules.”

Section 11. Section 39-71-501, MCA, is amended to read:

Section 12. Section 39-71-506, MCA, is amended to read:

“39-71-506. Lien for payment of unpaid penalties, fees, and interest, and claims — levy and execution. (1) (a) If, upon demand of the department, an uninsured employer refuses to make the payments to the fund that are provided for in 39-71-504(1)(a), (1)(c), and (2), the unpaid penalties, fees, and interest, and claims have the effect of a judgment against the employer at the time the payments become due. After issuing an order to the uninsured employer requiring payment of penalties, fees, and interest and after the due process requirements of 39-71-2401(2) and (3) are satisfied, the department may issue a certificate setting forth the amount of payment due and direct the clerk of the district court of any county in the state to enter the certificate as a judgment on the docket pursuant to 25-9-301. From the time the judgment is docketed, it becomes a lien upon all real property of the uninsured employer. After satisfying any due process requirements, the department may enforce the judgment at any time within 10 years of creation of the lien.

(b) A judgment lien filed pursuant to this section may be renewed for another 10-year period upon motion of the lienholder or by a judgment for that purpose.

(2) The department may settle through compromise with an uninsured employer the amount due the fund under 39-71-504 subsection (1).”

Section 13. Section 39-71-520, MCA, is amended to read:

“39-71-520. Time limit to appeal to mediation — petitioning workers’ compensation court — failure to settle or petition. (1) A dispute concerning uninsured employers’ fund benefits must be appealed to mediation within 90 days from the date of the determination by the department that the determination is considered final.

(2) (a) If the parties fail to reach a settlement through the mediation process, any party who disagrees with the department’s determination may file a petition before the workers’ compensation court.
(b) A party’s petition must be filed within 60 days of the mailing of the mediator’s report provided for in 39-71-2411 unless the parties stipulate in writing to a longer time period for filing the petition.

(c) If a settlement is not reached through mediation and a petition is not filed within 60 days of the mailing of the mediator’s report, the determination by the department is final.

(d) A mediator’s report is not a determination by the department for the purposes of this section. A determination by the department is final if an appeal to mediation described in subsection (1) or a petition described in subsection (2)(a) is not filed within the required time period.”

Section 14. Section 39-71-601, MCA, is amended to read:

“39-71-601. Statute of limitation on presentment of claim — waiver. (1) Except for a claim for benefits for occupational diseases pursuant to subsections (3) and (4), all claims in the case of personal injury or death must be forever barred unless signed by the claimant or the claimant’s representative and presented in writing to the employer, the insurer, or the department, as the case may be, within 12 months from the date of the happening of the accident, either by the claimant or someone legally authorized to act on the claimant’s behalf.

(2) The insurer may waive the time requirement up to an additional 24 months upon a reasonable showing by the claimant of:

(a) lack of knowledge of disability;

(b) latent injury; or

(c) equitable estoppel.

(3) When a claimant seeks benefits for an occupational disease, the claimant’s claims for benefits must be in writing, signed by the claimant or the claimant’s representative, and presented in writing to the employer, the employer’s insurer, or the department within 1 year from the date that the claimant knew or should have known that the claimant’s condition resulted from an occupational disease. When a beneficiary seeks benefits under this chapter, claims for death benefits must be presented in writing to the employer, the employer’s insurer, or the department within 1 year from the date that the beneficiary knew or should have known that the decedent’s death was related to an occupational disease.

(4) Any dispute regarding the statute of limitations for filing time is considered a dispute that, after mediation pursuant to department rules, is subject to jurisdiction of the workers’ compensation court.”

Section 15. Section 39-71-613, MCA, is amended to read:

“39-71-613. Regulation of attorney fees — forfeiture of fee for noncompliance — return of fee when claimant received benefits through fraud or deception. (1) When an attorney represents or acts on behalf of a claimant or any other party on any workers’ compensation claim, the attorney shall submit to the department a contract of employment, on a form provided by the department, stating specifically the terms of the fee arrangement between the attorney and the claimant.

(2) The department may regulate the amount of the attorney fees in any workers’ compensation case. In regulating the amount of the fees, the department shall consider:

(a) the benefits the claimant gained due to the efforts of the attorney;
(b) the time the attorney was required to spend on the case;
(c) the complexity of the case; and
(d) any other relevant matter the department may consider appropriate.

(3) An attorney who violates a provision of this section, a rule adopted under this section, or an order fixing attorney fees under this section forfeits the right to any fees that the attorney collected or was entitled to collect.

(4) If, after an attorney receives attorney fees and costs assessed against an insurer, the claimant is convicted of having obtained benefits through fraud or deception, the attorney fees and costs for obtaining the benefits must be returned to the insurer by the attorney.

(5) (a) A dispute concerning the forfeiture or return of attorney fees is considered a dispute for which the workers’ compensation court has original jurisdiction and is not subject to mediation or a contested case hearing.

(b) The parties to a dispute referred to in subsection (5)(a) may voluntarily request a mediator appointed by the department and proceed to nonbinding mediation.”

Section 16. Section 39-71-704, MCA, is amended to read:

“39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation. (1) In addition to the compensation provided under this chapter and as an additional benefit separate and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of a compensable injury and subject to other provisions of this chapter, the insurer shall furnish reasonable primary medical services for conditions resulting from the injury for those periods as the nature of the injury or the process of recovery requires.

(b) The insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

(c) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(d) (i) The insurer shall reimburse a worker for reasonable travel, lodging, meals, and miscellaneous expenses incurred in travel to a medical provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement for state employees.

(ii) Rules adopted under subsection (1)(d)(i) must provide for submission of claims, within 90 days from the date of travel, following notification to the claimant of reimbursement rules, must provide procedures for reimbursement receipts, and must require the use of the least costly form of travel unless the travel is not suitable for the worker’s medical condition. The rules must exclude from reimbursement:

(A) 100 miles of automobile travel for each calendar month unless the travel is requested or required by the insurer pursuant to 39-71-605;

(B) travel to a medical provider within the community in which the worker resides;
(C) travel outside the community in which the worker resides if comparable medical treatment is available within the community in which the worker resides, unless the travel is requested by the insurer; and

(D) travel for unauthorized treatment or disallowed procedures.

(iii) An insurer is not liable for injuries or conditions that result from an accident that occurs during travel or treatment, except that the insurer retains liability for the compensable injuries and conditions for which the travel and treatment were required.

(e) Pursuant to rules adopted by the department, an insurer shall reimburse a catastrophically injured worker’s family or, if a family member is unavailable, a person designated by the injured worker or approved by the insurer for travel assistance expenditures in an amount not to exceed $2,500 to be used as a match to those funds raised by community service organizations to help defray the costs of travel and lodging expenses incurred by the family member or designated person when traveling to be with the injured worker. These funds must be paid in addition to any travel expenses paid by an insurer for a travel companion when it is medically necessary for a travel companion to accompany the catastrophically injured worker.

(f) Except for the repair or replacement of a prosthesis furnished as a result of an industrial injury, the benefits provided for in this section terminate when they are not used for a period of 60 consecutive months.

(g) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition;

(ii) when necessary to monitor the status of a prosthetic device; or

(iii) when the worker’s treating physician believes that the care that would otherwise not be compensable under subsection (1)(g) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment. A dispute regarding the compensability of palliative or maintenance care is considered a dispute over which, after mediation pursuant to department rule, the workers’ compensation court has jurisdiction.

(h) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) (a) The department shall annually establish a schedule of fees for medical services that are necessary for the treatment of injured workers. Charges submitted by providers must be the usual and customary charges for nonworkers’ compensation patients. The department may require insurers to submit information to be used in establishing the schedule. Until the department adopts a fee schedule applicable to medical services provided by a hospital, insurers shall pay at the rate payable on June 30, 2007, for those services provided by a hospital. The rate must be adjusted by the annual
percentage increase in the state’s average weekly wage, as defined in 39-71-116, factoring in changes in the hospital’s medical service charges.

(b) (i) The department may not set the rate for medical services at a rate greater than 10% above the average of the conversion factors used by up to the top five insurers or third-party administrators providing disability group health insurance coverage within this state who use the resource-based relative value scale to determine fees for covered services. To be included in the rate determination, the insurer or third-party administrator must occupy at least 1% of the market share for group health insurance policies as reported annually to the state auditor.

(ii) The top five insurers or third-party administrators included under subsection (2)(b)(i) shall provide their standard conversion rates to the department.

(iii) The department may use the conversion rates only for the purpose of determining average conversion rates under this subsection (2).

(iv) The department shall maintain the confidentiality of the conversion rates.

(c) The fee schedule rates established in subsection (2)(b) apply to medical services covered by the American medical association current procedural terminology codes in effect at the time the services are provided regardless of where the services are provided must be based on the following standards as adopted by the centers for medicare and medicaid services in effect at the time the services are provided, regardless of where services are provided:

(i) the American medical association current procedural terminology codes;

(ii) the healthcare common procedure coding system;

(iii) the medicare severity diagnosis-related groups;

(iv) the ambulatory payment classifications;

(v) the ratio of costs to charges for each hospital;

(vi) the national correct coding initiative edits; and

(vii) the relative value units as adjusted annually using the most recently published resource-based relative value scale.

(d) The department may establish additional coding standards to be utilized for use by providers when billing for medical services under this section.

(3) (a) The department may establish by rule evidence-based utilization and treatment guidelines for primary and secondary medical services. There is a rebuttable presumption that the utilization and treatment guidelines established by the department are correct medical treatment for the injured worker.

(b) An insurer is not responsible for treatment or services that do not fall within the utilization and treatment guidelines adopted by the department unless the provider obtains prior authorization from the insurer. If prior authorization is not requested or obtained from the insurer, an injured worker is not responsible for payment of the medical treatment or services.

(c) The department may establish by rule an independent medical review process for treatment or services denied by an insurer pursuant to this subsection (3) prior to mediation under 39-71-2401.

(4) For services available in Montana, insurers may pay rates that are greater than those allowed for
services delivered in Montana according to the workers' compensation fee schedule of the state where the medical service is performed.

(5) (a) An insurer shall make payments at the fee schedule rate within 30 days of receipt of medical bills for which a claim has been accepted and for which no other disputes exist. Disputes must be defined by the department by rule.

(b) Any unpaid balance under this subsection (5) accrues interest at 12% a year or 1% a month or a fraction of a month. If the charge is not paid within 30 days, interest on the unpaid balance accrues from the date of receipt of the original billing.

(6) Once a determination has been made regarding the correct reimbursement amount, any overpayment made to a medical provider must be reimbursed to the insurer within 30 days of the determination. Any reimbursement amount remaining unpaid after 30 days accrues interest at 12% a year or 1% a month or a fraction of a month. Interest on the reimbursement amount remaining unpaid accrues from the date of receipt of the determination of the correct reimbursement amount.

(7) For a medical assistance facility or a critical access hospital licensed pursuant to Title 50, chapter 5, the rate for services is the usual and customary charge.

(8) Payment pursuant to reimbursement agreements between managed care organizations or preferred provider organizations and insurers is not bound by the provisions of this section.

(9) After mediation pursuant to department rules, disputes may be resolved by a hearing before the department upon written application of a party to the dispute brought before the workers' compensation court.

(10) (a) After the initial visit, the worker is responsible for $25 of the cost of each subsequent visit to a hospital emergency department for treatment relating to a compensable injury or occupational disease.

(b) “Visit”, as used in this subsection (10), means each time that the worker obtains services relating to a compensable injury or occupational disease from:

(i) a treating physician;
(ii) a physical therapist;
(iii) a psychologist; or
(iv) hospital outpatient services available in a nonhospital setting.

(c) A worker is not responsible for the cost of a subsequent visit pursuant to subsection (10)(a) if the visit is for treatment requested by an insurer.”

Section 17. Section 39-71-711, MCA, is amended to read:

“39-71-711. Impairment evaluation — ratings. (1) An impairment rating:

(a) is a purely medical determination and must be determined by an impairment evaluator after a claimant has reached maximum healing;
(b) must be based on the current edition of the Guides to Evaluation of Permanent Impairment published by the American medical association;
(c) must be expressed as a percentage of the whole person; and
(d) must be established by objective medical findings.

(2) A claimant or insurer, or both, may obtain an impairment rating from an evaluator who is a medical doctor or from an evaluator who is a chiropractor if the injury falls within the scope of the evaluator’s practice and if the evaluator is one of the following:

(a) a physician or an osteopath licensed under Title 37, chapter 3, with admitting privileges to practice in one or more hospitals, if any, in the area where the physician or osteopath is located;

(b) a chiropractor licensed under Title 37, chapter 12;

(c) a physician assistant licensed under Title 37, chapter 20, if there is not a physician as provided for in subsection (2)(a) in the area where the physician assistant is located;

(d) a dentist licensed under Title 37, chapter 4;

(e) an advanced practice registered nurse licensed under Title 37, chapter 8; or

(f) for a claimant residing out of state or upon approval of the insurer, an evaluator referred to in subsections (2)(a) through (2)(e) who is licensed or certified in another state.

(3) If the claimant and insurer cannot agree upon the rating, the mediation procedure in Title 39, chapter 71, part 24, of this chapter must be followed.

(4) An evaluator must be a physician licensed under Title 37, chapter 3, except if the claimant’s treating physician is a chiropractor, the evaluator may be a chiropractor who is certified as an evaluator under chapter 12.

(4) Disputes over impairment ratings are subject to the provisions of 39-71-605.”

Section 18. Section 39-71-712, MCA, is amended to read:

“39-71-712. Temporary partial disability benefits. (1) Subject to the provisions of subsection (4) (5), if prior to maximum healing an injured worker has a physical restriction and is approved to return to a modified or alternative employment that the worker is able and qualified to perform and the worker suffers an actual wage loss as a result of a temporary work restriction, the worker qualifies for temporary partial disability benefits.

(2) An insurer’s liability for temporary partial disability must be the difference between the injured worker’s average weekly wage received at the time of the injury, subject to a maximum of 40 hours a week, and the actual weekly wages earned during the period that the claimant is temporarily partially disabled, not to exceed the injured worker’s temporary total disability benefit rate.

(3) Temporary partial disability benefits are limited to a total of 26 weeks. The insurer may extend the period of temporary partial disability payments.

(4) (3) Except as provided in subsection (4) (5), a worker is not eligible for temporary partial disability benefits or temporary total disability benefits if:

(a) the worker has been released by the treating physician to return to a modified or alternative position that the individual is able and qualified to perform with the same employer;

(b) the wages payable in the modified or alternative position, when combined with the temporary partial disability benefits, would result in an equivalent or higher wage than the worker received at the time of injury; and
the worker refuses to accept the modified or alternative position. A worker requalifies for temporary total disability benefits if the modified or alternative position is no longer available to the worker for any reason except for the worker's incarceration as provided for in 39-71-744, resignation, or termination for disciplinary reasons caused by a violation of the employer's policies that provide for termination of employment and if the worker continues to be temporarily totally disabled as defined in 39-71-116.

(4) Temporary partial disability may not be credited against any permanent partial disability award or settlement under 39-71-703.

(5) Unless a collective bargaining agreement precludes an injured worker from working in a modified or alternative position with a different employer or includes criteria different from those outlined in this subsection (5), an injured worker who has not reached maximum healing and who has a physical restriction may return to a modified or alternative position with a different employer at the same or a lower rate of wages as the rate paid by the employer at the time of injury if:

(a) a modified or alternative employment with the employer at the time of injury is not provided and the injured worker and that employer agree to the modified or alternative position with a different employer;

(b) a written description and all required duties of the modified or alternative position with a different employer are approved by the treating physician;

(c) both the employer at the time of injury and the injured worker agree to the type of alternative work, the alternative employer, and the terms and conditions of employment, including payment of benefits and employment taxes for the modified or alternative position with a different employer;

(d) an employee is not displaced as a result of the injured worker’s placement in the modified or alternative position with a different employer; and

(e) the employer at the time of injury, the different employer, and the injured worker agree in writing to the terms and conditions, including payment of benefits, covering the injured worker for subsequent injury, unemployment insurance, employment taxes, and liability and provide a copy of the agreement to the injured employee.

(6) Any additional expenses related to the modified or alternative position, including travel, equipment, or training, must be paid by either the employer at the time of injury or the different employer and may not be charged to or deducted from the wages or benefits of the injured employee.

(7) Notwithstanding a written agreement between the employer at the time of injury and a different employer, the employer at the time of injury is the primary employer if a dispute over wages, benefits, employment taxes, workers' compensation insurance, or other terms or conditions of employment occurs.

(8) The injured worker may refuse to accept a modified or alternative position with an employer other than the employer at the time of injury without penalty. If the injured worker is offered a modified or alternative position with a different employer, the injured worker must be given written notice of the right of refusal from the employer at the time of injury and the insurer prior to beginning work with the different employer."

Section 19. Section 39-71-727, MCA, is amended to read:

“39-71-727. Payment for prescription drugs — limitations. (1) For payment of prescription drugs, an insurer is liable only for the purchase of
generic-name drugs if the generic-name product is the therapeutic equivalent of the brand-name drug prescribed by the physician, unless the generic-name drug is unavailable.

(2) If an injured worker prefers a brand-name drug, the worker may pay directly to the pharmacist the difference in the reimbursement rate between the brand-name drug and the generic-name product, and the pharmacist may bill the insurer only for the reimbursement rate of the generic-name drug.

(3) The pharmacist may bill only for the cost of the generic-name product on a signed itemized billing, except if purchase of the brand-name drug is allowed as provided in subsection (1).

(4) When billing for a brand-name drug, the pharmacist shall certify that the generic-name drug was unavailable.

(5) The department shall establish annually a schedule of fees for prescription drugs.

(6) The Except as provided in subsection (8), a pharmacist may not dispense more than a 30-day supply at any one time.

(7) For purposes of this section, the terms “brand name” and “generic name” have the meanings provided in 37-7-502.

(8) An insurer may not require a worker receiving benefits under this chapter to obtain medications from an out-of-state mail service pharmacy. However, an insurer may authorize up to a 90-day supply of medications from an in-state mail service pharmacy.

(9) The provisions of this section do not apply to an agreement between a preferred provider organization and an insurer.”

Section 20. Section 39-71-743, MCA, is amended to read:

“39-71-743. Assignment or attachment of payments. (1) Payments under this chapter may are not be assignable, subject to attachment or garnishment, or held liable in any way for debts, except:

(a) as provided in 71-3-1118;

(b) a portion of any lump-sum award or periodic payment to pay a monetary obligation for current or past-due child support, subject to the limitations in subsection (2), whenever the support obligation is established by order of a court of competent jurisdiction or by order rendered in an administrative process authorized by state law;

(c) as provided in 53-2-612 or 53-2-613 for medical benefits paid pursuant to this chapter;

(d) as provided in 39-71-742; or

(e) for workers’ compensation benefits payable to an injured worker to pay restitution to an insurer whenever the injured worker is subject to court-ordered restitution for theft of workers’ compensation benefits. The insurer shall notify the injured worker in writing of the withholding of any court-ordered restitution from the injured worker’s benefits.

(2) Payments under this chapter are subject to assignment, attachment, or garnishment for child support as follows:

(a) for any periodic payment, an amount up to the percentage amount established in the guidelines promulgated by the department of public health and human services pursuant to 40-5-209; or
(b) for any lump-sum award, an amount up to that portion of the award that is necessary to pay current child support and a past-due child support obligation.

(3) After determination that the claim is covered under the Workers’ Compensation Act, the liability for payment of the claim is the responsibility of the appropriate workers’ compensation insurer. Except as provided in 39-71-704(8), 39-71-704(10), a fee or charge is not payable by the injured worker for treatment of injuries sustained if liability is accepted by the insurer.”

Section 21. Section 39-71-905, MCA, is amended to read:

“39-71-905. Certification as person with disability — eligibility for benefits under fund. (1) A person who wishes to be certified as a person with a disability for purposes of this part shall apply to the department on forms furnished by the department. The department shall conduct an investigation and shall issue a certificate to a person who, in the department’s discretion, meets the requirements for certification. A person shall apply for certification before employment or within 60 days after the person becomes employed or reemployed and before an injury occurs that is covered by this part. The certification is effective on the date of employment or reemployment. Certification is effective on the date the application is approved for a person who applies for certification more than 60 days after employment or reemployment, but before an injury occurs retroactively to the date the department received the application.

(2) If a claimant has met the provisions of subsection (1) and a subsequent claim has been accepted by an insurer, the claim is eligible for the benefits under the fund.”

Section 22. Section 39-71-915, MCA, is amended to read:

“39-71-915. Assessment of insurer — employers — definition — collection. (1) As used in this section, “paid losses” means the following benefits paid during the preceding calendar year for injuries covered by the Workers’ Compensation Act without regard to the application of any deductible, regardless of whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of $200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(2) The fund must be maintained by assessing each plan No. 1 employer, each employer insured by a plan No. 2 insurer, plan No. 3, the state fund, with respect to claims arising before July 1, 1990, and each employer insured by plan No. 3, the state fund. The assessment amount is the total amount paid by the fund in the preceding fiscal year and the expenses of administration less other realized income that is deposited in the fund. The total assessment amount to be collected must be allocated among plan No. 1 employers, plan No. 2 employers, plan No. 3, the state fund, and plan No. 3 employers, based on a proportionate share of paid losses for the calendar year preceding the year in which the assessment is collected. The board of investments shall invest the money of the fund, and the investment income must be deposited in the fund.

(3) On or before May 31 each year, the department shall notify each plan No. 1 employer, plan No. 2 insurer, and plan No. 3, the state fund, of the amount to be assessed for the ensuing fiscal year. The amount to be assessed against the
state fund must separately identify the amount attributed to claims arising before July 1, 1990, and the amount attributable to state fund claims arising on or after July 1, 1990. On or before April 30 each year, the department, in consultation with the advisory organization designated under 33-16-1023, shall notify plan No. 2 insurers and plan No. 3 of the premium surcharge rate to be effective for policies written or renewed on and after July 1 in that year.

(4) The portion of the plan No. 1 assessment assessed against an individual plan No. 1 employer is a proportionate amount of total plan No. 1 paid losses during the preceding calendar year that is equal to the percentage that the total paid losses of the individual plan No. 1 employer bore to the total paid losses of all plan No. 1 employers during the preceding calendar year.

(5) The portion of the assessment attributable to state fund claims arising before July 1, 1990, is the proportionate amount that is equal to the percentage that total paid losses for those claims during the preceding calendar year bore to the total paid losses for all plans in the preceding calendar year. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the subsequent injury fund assessment that is attributable to claims arising before July 1, 1990.

(6) The remaining portion of the assessment must be paid by way of a surcharge on premiums paid by employers being insured by a plan No. 2 insurer or plan No. 3, the state fund, for policies written or renewed annually on or after July 1. The surcharge rate must be computed by dividing the remaining portion of the assessment by the total amount of premiums paid by employers insured under plan No. 2 or plan No. 3 in the previous calendar year. The numerator for the calculation must be adjusted as provided by subsection (9).

(7) Each plan No. 2 insurer providing workers' compensation insurance and plan No. 3, the state fund, shall collect from its policyholders the assessment premium surcharge provided for in subsection (6). When collected, the assessment premium surcharge may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as separate costs imposed upon insured employers. The total of this assessment premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted by the insured employer and must be identified as “workers' compensation subsequent injury fund surcharge”. Each assessment premium surcharge must be shown as a percentage of the total workers' compensation policyholder premium. This assessment premium surcharge must be collected at the same time and in the same manner that the premium for the coverage is collected. The assessment premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes, except that an insurer may cancel a workers' compensation policy for nonpayment of the assessment premium surcharge. Cancellation must be in accordance with the procedures applicable to the nonpayment of premium. If an employer fails to remit to an insurer the total amount due for the premium and assessment premium surcharge, the amount received by the insurer must be applied to the assessment premium surcharge first and the remaining amount applied to the premium due.

(8) (a) All assessments paid to the department must be deposited in the fund.

(b) Each plan No. 1 employer shall pay its assessment by July 1.

(c) Each plan No. 2 insurer and plan No. 3, the state fund, shall remit to the department all assessment premium surcharges collected during a calendar quarter by not later than 20 days following the end of the quarter.
(d) The state fund shall pay the portion of the assessment attributable to claims arising before July 1, 1990, by July 1.

(e) If a plan No. 1 employer, a plan No. 2 insurer, or plan No. 3, the state fund, fails to timely pay to the department the assessment or assessment premium surcharge under this section, the department may impose on the plan No. 1 employer, the plan No. 2 insurer, or plan No. 3, the state fund, an administrative fine of $100 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the fund.

(9) The amount of the assessment premium surcharge actually collected pursuant to subsection (7) must be compared each year to the amount assessed and upon which the premium surcharge was calculated. The amount undercollected or overcollected in any given year must be used as an adjustment to the numerator provided for by subsection (6) for the following year's assessment premium surcharge.

(10) If the total assessment is less than $500,000 $1 million for any year, the department may defer the assessment amount for that year and add that amount to the assessment amount for the subsequent year.”

Section 23. Section 39-71-2339, MCA, is amended to read:

“39-71-2339. Cancellation of coverage — twenty days’ notice required. (1) The state fund may cancel an employer’s coverage under this part for failure to report payroll or pay the premiums due or for another cause provided in the insurance policy. Cancellation may take effect only by written notice to the named insured and the department at least 20 days prior to the date of cancellation or, in cases of nonreporting of payroll or nonpayment of a premium, by failure of the employer to submit payroll reports or pay a premium within 20 days after the due date. The state fund shall notify the department of the names and effective dates of all policies canceled. However, the policy terminates on the effective date of a replacement or succeeding insurance policy issued to the insured. This section does not prevent the state fund from canceling an insurance policy before a replacement policy is issued to the insured. After the cancellation date, the employer has the same status as an employer who is not enrolled under the Workers’ Compensation Act unless a replacement or succeeding insurance policy has been issued. Beginning January 1, 2006, notice to the department under this section must be provided electronically.

(2) The department:

(a) may recognize the advisory organization designated under 33-16-1023 or recognize other organizations as agents for the state fund; and

(b) shall, under terms and conditions acceptable to the department, accept notice of cancellation received from the agents recognized under subsection (2)(a) as the state fund's notice of cancellation.

(3) (a) The department may assess a penalty of up to $200 against the state fund if it does not comply with the notice requirement in subsection (1).

(b) The penalty may be assessed for each policy cancellation that is not reported to the department in a timely manner.

(c) The state fund may contest the penalty assessment in a hearing conducted according to department rules.”

Section 24. Section 39-71-2905, MCA, is amended to read:
“39-71-2905. Petition to workers’ compensation judge — time limit on filing. (1) If a claimant, or an insurer who, an employer alleged to be an uninsured employer, or the uninsured employers’ fund has a dispute concerning any benefits under this chapter, it may petition the workers’ compensation judge for a determination of the dispute after satisfying dispute resolution requirements otherwise provided in this chapter. In addition, the district court that has jurisdiction over a pending action under 39-71-515 may request the workers’ compensation judge to determine the amount of recoverable damages due to the employee. The judge, after a hearing, shall make a determination of the dispute in accordance with the law as set forth in this chapter. If the dispute relates to benefits due to a claimant under this chapter, the judge shall fix and determine any benefits to be paid and specify the manner of payment. After parties have satisfied dispute resolution requirements provided elsewhere in this chapter, the workers’ compensation judge has exclusive jurisdiction to make determinations concerning disputes under this chapter, except as provided in 39-71-317 and 39-71-516. The penalties and assessments allowed against an insurer under this chapter are the exclusive penalties and assessments that can be assessed by the workers’ compensation judge against an insurer for disputes arising under this chapter.

(2) A petition for a hearing before the workers’ compensation judge must be filed within 2 years after benefits are denied.”

Section 25. Section 39-73-104, MCA, is amended to read:

“39-73-104. Eligibility requirements for benefits. Payment must be made under this chapter to any person who:

(1) has silicosis, as defined in 39-73-101, that results in the person’s total disability so as to render it impossible for the person to follow continuously any substantially gainful occupation;

(2) has resided in and been an inhabitant of the state of Montana for 10 years or more immediately preceding the date of the application;

(3) is not receiving, with respect to any month for which the person would receive a payment under this chapter, compensation under 39-71-115 equal to the sum of $350.”

Section 26. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

Section 27. Codification instructions. (1) [Section 1] is intended to be codified as an integral part of Title 39, chapter 71, part 4, and the provisions of Title 39, chapter 71, part 4, apply to [section 1].

(2) [Section 2] is intended to be codified as an integral part of Title 39, chapter 71, part 21, and the provisions of Title 39, chapter 71, part 21, apply to [section 2].

(3) [Section 3] is intended to be codified as an integral part of Title 39, chapter 71, part 5, and the provisions of Title 39, chapter 71, part 5, apply to [section 3].

Section 28. Saving clause. Except as provided in [section 30], [this act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 29. Effective dates. (1) Except as provided in subsection (2), [this act] is effective July 1, 2009.
Sections 3, 11, 12, 15, 16, 24, 26 through 28, and 30 and this section are effective on passage and approval.

Section 30. Retroactive applicability. This act applies retroactively, within the meaning of 1-2-109, to liens filed by the department of labor and industry on judgments issued against uninsured employers prior to [the effective date of this act] and to actions pending within the department of labor and industry or the workers’ compensation court on [the effective date of this act] regarding benefit disputes and penalty disputes as provided in [sections 3, 12, and 24].

CHAPTER NO. 114

[HB 137]

AN ACT REVISING LICENSE BENEFITS FOR LANDOWNERS ENROLLED IN THE HUNTER MANAGEMENT PROGRAM; ALLOWING EMPLOYEES OF LANDOWNERS TO RECEIVE THE FREE BIG GAME COMBINATION LICENSE ALLOTTED TO THE LANDOWNER; DEFINING “EMPLOYEE”; DELETING THE REQUIREMENT THAT THE COST OF A FREE LICENSE RECEIVED BY A LANDOWNER BE DEDUCTED FROM COMPENSATION PAID; AMENDING SECTION 87-1-266, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-1-266, MCA, is amended to read:

“87-1-266. Hunter management program — benefits for providing hunting access — nonresident landowner limitation — restriction on landowner liability. (1) As provided in 87-1-265, the department may establish a voluntary hunter management program to provide tangible benefits to private landowners enrolled in the block management program who grant access to their land for public hunting. The decision to enroll a landowner in the hunter management program is the responsibility of the department. Benefits may be granted as provided in this section and by rule.

(2) As a benefit for enrolling property in the hunter management program, a resident landowner who becomes a cooperator in the program and who agrees to provide public hunting access may receive one Class AAA combination sports license, without charge, if the landowner is the owner of record. The license may be used for the full hunting or fishing season in any district where it is valid. The license may not be transferred by gift or sale.

(3) As a benefit for enrolling property in the hunter management program, a nonresident landowner who becomes a cooperator in the program and who agrees to provide public hunting access may receive one Class B-10 nonresident big game combination license, without charge, if the landowner is the owner of record. The license may be used for the full hunting or fishing season in any district where it is valid. The license may not be transferred by gift or sale. The grant of a license under this subsection also qualifies the licensee to apply for a permit through the normal drawing process. The grant of a license under this subsection does not affect the limits established under 87-1-268 and 87-2-505.

(4) (a) Instead of receiving the benefits provided in subsection (2) or (3), a landowner of record who becomes a cooperator in the hunter management program and who agrees to provide public hunting access may designate an immediate family member to receive a Class AAA combination sports license,
without charge, if the family member is a resident or a Class B-10 nonresident big game combination license, without charge, if the family member is a nonresident. *An employee rather than a family member may be designated to receive a license.*

(b) For purposes of this subsection (4), an immediate family member means a parent, grandparent, child, or grandchild of the cooperator *by blood or marriage,* and a spouse, and includes a legally adopted child and child, a sibling of the cooperator’s cooperator or spouse, and spouse’s siblings and siblings’ children or a niece or nephew.

(c) If a cooperator elects to designate an immediate family member to receive a license pursuant to this subsection (4), the cost of the license must be deducted from hunter management program compensation paid to the cooperator.

(c) For purposes of this subsection (4), the term “employee” means a person who works full time and year-round for the landowner as part of an active farm or ranch operation.

(d) An immediate family member or employee who is designated to receive a license pursuant to this subsection (4) must be eligible for licensure under current Montana law and may not transfer the license by gift or sale.

(e) The grant of a Class B-10 nonresident big game combination license to an immediate family member or employee pursuant to this subsection (4) must not affect the limits established in 87-1-268 and 87-2-505.

(5) Any landowner who is enrolled in the block management program may receive the benefits provided under the hunter management program, as outlined in this section, and the benefits provided under the hunting access enhancement program, as outlined in 87-1-267.

(6) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1) applies to a landowner who participates in the hunter management program.

AN ACT REVISING THE VOLUNTARY CLEANUP AND REDEVELOPMENT ACT; REVISING PROCEDURES GOVERNING APPLICATION FOR AND REVIEW OF VOLUNTARY CLEANUP PLANS; REVISING REIMBURSEMENT AND DISCLOSURE PROVISIONS; AND AMENDING SECTIONS 75-10-733, 75-10-735, AND 75-10-736, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-10-733, MCA, is amended to read:

“75-10-733. Voluntary cleanup plan and reimbursement of remedial action costs. (1) Any person may submit an application for the approval of a voluntary cleanup plan to the department under the provisions of this section.

(2) A voluntary cleanup plan must include:

(a) an environmental assessment of the facility that includes the information required in 75-10-734;

(b) a remediation proposal that includes the information required in 75-10-734 and that meets the requirements of 75-10-721; and

(c) the written consent of current owners of the facility or property to both the implementation of the voluntary cleanup plan and access to the facility by the applicant and its agents and the department.

(3) (a) The applicant shall reimburse the department for any remedial action costs that the state incurs in the review and oversight of a voluntary cleanup plan.

(b) If the applicant does not reimburse the department for its remedial action costs in the time required under 75-10-722, the department may discontinue the review or approval process of the voluntary cleanup plan or void its approval of the voluntary cleanup plan. The department may also take action to recover its outstanding costs.

(4) The department may approve a voluntary cleanup plan that provides for phases of remediation or that addresses only a portion of the facility. To the extent that the original environmental assessment required under 75-10-734 addresses subsequent phases of remediation, the applicant may rely on that assessment when submitting voluntary cleanup plans for subsequent phases of remediation.”
Section 2. Section 75-10-735, MCA, is amended to read:

“75-10-735. Public participation. (1) Upon determination by the department that an application for a voluntary cleanup plan is complete pursuant to 75-10-736(1) and (2), the department shall publish a notice and brief analysis of the proposed plan in a daily newspaper of general circulation in the area affected and make the plan available to the public.

(2) The notice must provide 30 days for submission of written comments to the department regarding the plan. Upon written request by 10 or more persons, by a group composed of 10 or more members, or by a local governing body of a city, town, or county within the comment period, the department shall conduct a public meeting at or near the facility regarding the proposed voluntary cleanup plan. The meeting must be held within 45 days of the date that written notice of the department’s completeness determination is provided to the applicant under 75-10-736(1) and 75-10-736(2).

(3) The department shall consider and respond to relevant written or verbal comments submitted during the comment period or at the public meeting.

(4) The department’s decision on the final plan and the reasons for any significant modification of the final plan must be published in accordance with subsection (1).

(5) Compliance with this section is considered to satisfy the public participation requirements of Title 75, chapter 1.”

Section 3. Section 75-10-736, MCA, is amended to read:

“75-10-736. Approval of voluntary cleanup plan — time limits — content of notice — expiration of approval. (1) The department shall review for completeness, including adequacy and accuracy, in accordance with the requirements of 75-10-734, the environmental assessment component of an application for a voluntary cleanup plan and shall provide a written completeness notice to the applicant within 30 days after receipt of an application for a plan that would take 24 months or less to complete and within 60 days for a plan that would take more than 24 months to complete. The completeness notice must note all deficiencies identified in the information submitted.

(2) Once the department determines that the environmental assessment component of a voluntary cleanup plan is complete, the applicant may submit the remediation proposal component. The department shall review the remediation proposal for completeness, including adequacy and accuracy, in accordance with the requirements of 75-10-734, and shall provide a written completeness notice to the applicant within 30 days of receipt. The completeness notice must note all deficiencies identified in the information submitted.

(3) For once the department determines that the application for a voluntary cleanup plan that is considered complete by the department pursuant to subsections (1) and (2), the department shall provide formal written notification of approval or disapproval that the voluntary cleanup plan has been approved or disapproved no more than 60 days after receipt of an application for a plan that would take 24 months or less to complete and within 75 days for a plan that would take more than 24 months to complete after the department’s determination that an application is complete, unless the applicant and the department agree to an extension of the review to a date certain. The review must be limited to a review of the materials submitted by the applicant, public comments, and documents or information readily available to the department. The department shall communicate with the applicant during the review period
to ensure that the applicant has the opportunity to address the public comments.

(4)(a) If the department receives five applications for review of either component of a voluntary cleanup plan in a calendar month, including applications deferred from prior months, the department may notify any additional applicants in that month that their plans must be reviewed in the order received. The 30-day 60-day period for department completeness review of deferred applications pursuant to subsection (1) must begin on the first day of the subsequent month that each plan is eligible for review.

(b) The department shall discontinue accepting either component of voluntary cleanup applications when 15 applications are pending and are being reviewed by the department. The department shall establish a waiting list for applications and shall consider the applications in order of submittal.

(c) If the department has received multiple cleanup applications for a voluntary cleanup at the same facility, the department shall notify all of the applicants and offer them the opportunity to submit a joint application.

(5) Consistent with the provisions of 75-10-707, the department may access the facility during review of either component of the application and implementation of the voluntary cleanup plan to confirm information provided by the applicant and verify that the cleanup is being conducted consistent with the approved plan.

(6) The department shall approve a voluntary cleanup plan if the department concludes that the plan meets the requirements specified in 75-10-734 and will attain a degree of cleanup and control of hazardous or deleterious substances that complies with the requirements of 75-10-721. Except for the period necessary for the operation and maintenance of the approved remediation proposal, the department may not approve a voluntary remediation proposal that would take longer than 60 months after department approval to complete.

(7) If a voluntary cleanup plan is not approved by the department, the department shall promptly provide the applicant with a written statement of the reasons for denial. The denial may be appealed to the board of environmental review in accordance with the provisions of 75-10-732(4).

(8) The approval of a voluntary cleanup plan by the department applies only to conditions at the facility that are known to the department at the time of department approval. If a voluntary remediation proposal is not initiated within 12 months and, except for the period necessary for the operation and maintenance of the approved remediation proposal, is not completed within 60 months after approval by the department, the department's approval lapses. However, the department may grant an extension of the time limit for completion of the voluntary cleanup plan.

(9) If reasonably unforeseeable conditions are discovered during implementation of a voluntary cleanup plan that were not identified in the environmental assessment component pursuant to subsection (1), substantially affect the risk to public health, safety, or welfare or the environment or, and substantially change the scope of the approved plan, the applicant shall promptly notify the department within 10 days of discovery. The department may require the applicant to submit an amendment to the approved plan to address the unforeseen conditions or may determine that a voluntary cleanup plan is no longer appropriate pursuant to 75-10-732(3).
(9) Written notification by the department that a voluntary cleanup plan is not approved must state the basis for disapproval of the voluntary cleanup plan.

(10) Departmental approval is void if the applicant or the applicant’s agents:

(a) Failure of the applicant or the applicant’s agents to materially comply with the voluntary cleanup plan approved by the department pursuant to this section renders the approval void;

(b) Submission of materially misleading information by the applicant or the applicant’s agents in the application or during implementation of the voluntary cleanup plan renders the department approval void; or

(c) fail to report any newly discovered information to the department during the application process or implementation of the voluntary cleanup plan regarding releases or threatened releases of hazardous or deleterious substances within 10 days of discovery of that information.

(11) Within 60 days after completion of the approved remediation proposal described in the voluntary cleanup plan approved by the department, the applicant shall provide to the department a certification from a qualified environmental professional that the plan has been fully implemented, including all documentation necessary to demonstrate the successful implementation of the plan, such as confirmation sampling, if necessary.

(12) Except as provided in 75-10-738(2)(b), the department may not require financial assurance under this part for voluntary cleanup plans approved under this section.

(13) If a person who would otherwise not be a liable person under 75-10-715(1) elects to undertake an approved voluntary cleanup plan, the person may not become a liable person under 75-10-715(1) by undertaking a voluntary cleanup if the person materially complies with the voluntary cleanup plan approved by the department pursuant to this section.

(14) Immunity from liability under this section does not apply to a release that is caused by conduct that is negligent or grossly negligent or that constitutes intentional misconduct.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-3-2003, MCA, is amended to read:

“69-3-2003. Definitions. As used in this part, unless the context requires otherwise, the following definitions apply:

(1) “Ancillary services” means services or tariff provisions related to generation and delivery of electric power other than simple generation, transmission, or distribution. Ancillary services related to transmission services include energy losses, energy imbalances, scheduling and dispatching, load following, system protection, and reactive power.
(2) “Common ownership” means the same or substantially similar persons or entities that maintain a controlling interest in more than one community renewable energy project even if the ownership shares differ between two community renewable energy projects. Two community renewable energy projects may not be considered to be under common ownership simply because the same entity provided debt or equity or both debt and equity to both projects.

(3) “Community renewable energy project” means an eligible renewable resource that is interconnected on the utility side of the meter in which local owners have a controlling interest and that is less than or equal to 5 megawatts in total calculated nameplate capacity.

(4) (a) “Competitive electricity supplier” means any person, corporation, or governmental entity that is selling electricity to small customers at retail rates in the state of Montana and that is not a public utility or cooperative.

(b) The term does not include governmental entities selling electricity produced only by facilities generating less than 250 kilowatts that were in operation prior to 1990.

(5) “Compliance year” means each calendar year beginning January 1 and ending December 31, starting in 2008, for which compliance with this part must be demonstrated.

(6) “Cooperative utility” means:

(a) a utility qualifying as an electric cooperative pursuant to Title 35, chapter 18; or

(b) an existing municipal electric utility as of May 2, 1997.

(7) “Eligible renewable resource” means a facility either located within Montana or delivering electricity from another state into Montana that commences commercial operation after January 1, 2005, and that produces electricity from one or more of the following sources:

(a) wind;

(b) solar;

(c) geothermal;

(d) water power, in the case of a hydroelectric project that does not require a new appropriation, diversion, or impoundment of water and that has a nameplate rating of 10 megawatts or less;

(e) landfill or farm-based methane gas;

(f) gas produced during the treatment of wastewater;

(g) low-emission, nontoxic biomass based on dedicated energy crops, animal wastes, or solid organic fuels from wood, forest, or field residues, except that the term does not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chroma-arsenic;

(h) hydrogen derived from any of the sources in this subsection (7) for use in fuel cells; and

(i) the renewable energy fraction from the sources identified in subsections (7)(a) through (7)(h) of electricity production from a multiple-fuel process with fossil fuels.

(8) “Local owners” means:

(a) Montana residents or entities composed of Montana residents;

(b) Montana small businesses;
(c) Montana nonprofit organizations;
(d) Montana-based tribal councils;
(e) Montana political subdivisions or local governments;
(f) Montana-based cooperatives other than cooperative utilities; or
(g) any combination of the individuals or entities listed in subsections (8)(a) through (8)(f).

(9) “Public utility” means any electric utility regulated by the commission pursuant to Title 69, chapter 3, on January 1, 2005, including the public utility’s successors or assignees.

(10) “Renewable energy credit” means a tradable certificate of proof of 1 megawatt hour of electricity generated by an eligible renewable resource that is tracked and verified by the commission and includes all of the environmental attributes associated with that 1 megawatt-hour unit of electricity production.

(11) “Small customer” means a retail customer that has an individual load with an average monthly demand of less than 5,000 kilowatts.

(12) “Total calculated nameplate capacity” means the calculation of total nameplate capacity of the community renewable energy project and other eligible renewable resources that are:
   (a) located within 5 miles of the project;
   (b) constructed within the same 12-month period; and
   (c) under common ownership.”

Section 2. Section 90-3-1003, MCA, is amended to read:

“90-3-1003. Research and commercialization account — use. (1) The research and commercialization account provided for in 90-3-1002 is statutorily appropriated, as provided in 17-7-502, to the board of research and commercialization technology, provided for in 2-15-1819, for the purposes provided in this section.

(2) The establishment of the account in 90-3-1002 is intended to enhance the economic growth opportunities for Montana and constitute a public purpose.

(3) The account may be used only for:
   (a) loans that are to be used for research and commercialization projects to be conducted at research and commercialization centers located in Montana;
   (b) grants that are to be used for production agriculture research and commercialization projects, clean coal research and development projects, or renewable resource research and development projects to be conducted at research and commercialization centers located in Montana;
   (c) matching funds for grants from nonstate sources that are to be used for research and commercialization projects to be conducted at research and commercialization centers located in Montana; or
   (d) administrative costs that are incurred by the board in carrying out the provisions of this part.

(4) At least 20% of the account funds approved for research and commercialization projects must be directed toward projects that enhance production agriculture.

(5) (a) At least 30% of the account funds approved for research and commercialization projects must be directed toward projects that enhance clean coal research and development or renewable resource research and development.
(b) If the board is not in receipt of a qualified application for a project to enhance clean coal research and development or renewable resource research and development, subsection (5)(a) does not apply.

(6) An applicant for a grant shall provide matching funds from nonstate sources equal to 25% of total project costs. The requirement to provide matching funds is a qualifier, but not a criterion, for approval of a grant.

(7) The board shall establish policies, procedures, and criteria that achieve the objectives in its research and commercialization strategic plan for the awarding of grants and loans. The criteria must include:

(a) the project's potential to diversify or add value to a traditional basic industry of the state's economy;

(b) whether the project shows promise for enhancing technology-based sectors of Montana's economy or promise for commercial development of discoveries;

(c) whether the project employs or otherwise takes advantage of existing research and commercialization strengths within the state's public university and private research establishment;

(d) whether the project involves a realistic and achievable research project design;

(e) whether the project develops or employs an innovative technology;

(f) verification that the project activity is located within the state;

(g) whether the project's research team possesses sufficient expertise in the appropriate technology area to complete the research objective of the project;

(h) verification that the project was awarded based on its scientific merits, following review by a recognized federal agency, philanthropic foundation, or other private funding source; and

(i) whether the project includes research opportunities for students.

(8) The board shall direct the state treasurer to distribute funds for approved projects. Unallocated interest and earnings from the account must be retained in the account. Repayments of loans and any agreements authorizing the board to take a financial right to licensing or royalty fees paid in connection with the transfer of technology from a research and commercialization center to another nonstate organization or ownership of corporate stock in a private sector organization must be deposited in the account.

(9) The board shall refer grant applications to external peer review groups. The board shall compile a list of persons willing to serve on peer review groups for purposes of this section. The peer review group shall review the application and make a recommendation to the board as to whether the application for a grant should be approved. The board shall review the recommendation of the peer review group and either approve or deny a grant application.

(10) The board shall identify whether a grant or loan is to be used for basic research, applied research, or some combination of both. For the purposes of this section, "applied research" means research that is conducted to attain a specific benefit or solve a practical problem and "basic research" means research that is conducted to uncover the basic function or mechanism of a scientific question.

(11) For the purposes of this section:

(a) "clean coal research and development" means research and development of projects that would advance the efficiency, environmental performance, and
cost-competitiveness of using coal as an energy source well beyond the current level of technology used in commercial service;

(b) “renewable resource research and development” means research and development that would advance:

(i) the use of any of the sources of energy listed in 69-3-2003(6) 69-3-2003(7) to produce electricity; and

(ii) the efficiency, environmental performance, and cost-competitiveness of using renewable resources as an energy source well beyond the current level of technology used in commercial service.”

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to competitive electricity suppliers during the compliance year beginning January 1, 2009, for the renewable energy standard pursuant to 69-3-2004.

CONTRACTOR IS NOT REQUIRED TO SUBMIT DOCUMENTS
PREVIOUSLY SUBMITTED IF THE APPLICANT VERIFIES THAT THE
PREVIOUSLY SUBMITTED DOCUMENTS ARE STILL CURRENT AND
VALID OR THE DEPARTMENT DECIDES THE DOCUMENTS ARE STILL
CURRENT AND VALID; AND AMENDING SECTION 39-71-417, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-417, MCA, is amended to read:

location shall apply to the department for an independent contractor exemption
certificate unless the person has elected to be bound personally and individually
by the provisions of compensation plan No. 1, 2, or 3.

(i) a sole proprietor;

(ii) a working member of a partnership;

(iii) a working member of a limited liability partnership; or

(iv) a working member of a member-managed limited liability company.

(2) The department shall adopt rules relating to an original application for
or renewal of an independent contractor exemption certificate. The department
shall adopt by rule the amount of the fee for an application or certificate

direction over the performance of the person’s own services, both under contract
and in fact; and

(ii) that the applicant is engaged in an independently established trade,
occupation, profession, or business and will provide sufficient documentation of
that fact to the department.

(b) For the purposes of subsection (4)(a)(i), an endorsement required for
licensure, as provided in 37-47-303, does not imply or constitute control.

shall submit an application under oath on a form prescribed by the department
and containing the following:

(i) the applicant’s name and address;

(ii) the applicant’s social security number;

The department shall, to the extent feasible, produce renewal applications that reduce the burden on renewal applicants to supply information that has been previously provided to the department as part of the application process.

(c) An applicant who applies on or after July 1, 2011, to renew an independent contractor exemption certificate is not required to submit documents that have been previously submitted to the department if:

(ii) the department, if it considers it necessary, independently verifies a specific document or decides that a document has not expired pursuant to the document's own terms and is therefore still valid and current.

(6) The department shall issue an independent contractor exemption certificate to an applicant if the department determines that an applicant meets the requirements of this section.

(7) (a) When the department approves an application for an independent contractor exemption certificate and the person is working under the independent contractor exemption certificate, the person's status is conclusively presumed to be that of an independent contractor.

[HB 294]

AN ACT ALLOWING A NATURAL GAS UTILITY THAT HAS RESTRUCTURED TO ACQUIRE NATURAL GAS PRODUCTION AND GATHERING RESOURCES AND INCLUDE THEM IN THE RATE BASE; ESTABLISHING PROCEDURES FOR THE ACQUISITION AND INCLUSION OF THE RESOURCES IN THE RATE BASE; AMENDING
SECTIONS 69-3-1402 AND 69-3-1404, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Statement of purpose. The purpose of [sections 1 through 4] is to establish procedures for a natural gas utility that has restructured pursuant to this part to acquire rate-based facilities.

Section 2. Acquisition of rate-based facilities. A natural gas utility that provides its customers with a choice of natural gas suppliers pursuant to 69-3-1403 and that does not own natural gas production and gathering resources on [the effective of this act] may acquire those facilities and place them in the rate base as provided in [sections 1 through 4].

Section 3. Application and approval of natural gas production and gathering resources. (1) A natural gas utility may apply to the commission for approval of a natural gas production and gathering resource that is not yet procured.

(2) (a) Within 45 days of the natural gas utility's submission of an application under subsection (1), the commission shall determine whether or not the application is adequate and in compliance with the commission's minimum filing requirements.

(b) If the commission determines that the application is inadequate, the commission shall, within 10 days of the determination, provide written notice to the natural gas utility of the deficiencies.

(3) The commission shall issue an order within 270 days of receipt of an adequate application for approval of an application to lease or acquire an equity interest in natural gas production and gathering resources.

(4) To facilitate timely consideration of an application, the commission may initiate proceedings to evaluate planning and procurement activities related to a potential resource procurement prior to the natural gas utility's submission of an application for approval.

(5) (a) The commission may approve or deny, in whole or in part, an application for approval of a natural gas production resource, a gathering resource, or both.

(b) The commission may consider all relevant information known up to the time that the administrative record in the proceeding is closed in the evaluation of an application for approval.

(c) A commission order granting approval of an application must find that the application is in whole or in part in the public interest.

(d) The commission order may include a provision for allowable natural gas production and gathering assets cost of service when the utility has filed an application for the lease or acquisition of an equity interest in natural gas production and gathering resources.

(e) The commission order may include other findings that the commission determines necessary.

(f) A commission order that denies approval must describe why the findings required in subsection (5)(c) could not be reached.

(6) Except as otherwise provided in this part, if the commission has issued an order containing the findings required under subsection (5)(c), the commission may not subsequently disallow the recovery of costs related to the
approved natural gas production and gathering resource based on contrary findings.

(7) Nothing in this section limits the commission’s ability to, in any future rate proceeding, inquire into the manner in which the natural gas utility has managed, dispatched, operated, or maintained any resource or managed any natural gas supply purchase agreement as part of its overall resource portfolio. The commission may subsequently disallow rate recovery for the costs that result from the failure of a natural gas utility to reasonably manage, dispatch, operate, maintain, or administer natural gas production and gathering resources in a manner consistent with [sections 1 through 4] and commission rules.

(8) By March 31, 2010, the commission shall adopt rules prescribing minimum filing requirements for applications filed pursuant to this part.

Section 4. Use of natural gas production and gathering resources. (1) Natural gas production and gathering resources acquired by a natural gas utility pursuant to this part:

(a) must be used by the natural gas utility to serve and benefit customers that have not made a choice of natural gas suppliers within the natural gas utility’s Montana service territory; and

(b) may not be removed from the rate base unless the commission finds that customers of the natural gas utility will not be adversely affected.

(2) Natural gas production and gathering assets cost of service may not be allocated to a customer being served by an alternative natural gas supplier.

(b) the employer certification required by this section must include the retired member’s name and social security number and a copy of the proposed contract of employment for the retired member;

(c) upon receipt of the employer’s certification and of the proposed contract of employment, the retirement board shall verify whether the retired member meets the requirements of subsection (1)(a)(i) and shall notify the employer and the retired member of its findings;

(e) the retirement board shall report to the appropriate committee each legislative session regarding the implementation of and results arising from this section.

(2) An employer employing a retired member pursuant to this section shall contribute monthly to the retirement system an amount equal to the sum of the contribution rates required by 19-20-602, 19-20-604, 19-20-605, and 19-20-607.

(3) A retired member reemployed pursuant to this section is exempt from the earnings and employment limits provided in 19-20-731.

(4) If reemployed in a position covered by a collective bargaining agreement pursuant to Title 39, chapter 31, the retired member is subject to all the terms and conditions of the agreement and is entitled to all the benefits and protections of the agreement.

(5) The board may adopt rules to implement this section.

(a) “Employer” means a school district as defined in 20-6-101 and 20-6-701.

(i) one-third of the sum of the member’s average final compensation; or

(ii) one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(b) For the purposes of this subsection (1), the maximum compensation that a retired member may earn under subsection (1)(a) without an adjustment of retirement benefits includes all remuneration paid to the retired member, excluding:

(ii) the value of housing provided by the employer to the retired member;

(iii) the amount of employment-related travel expenses reimbursed to the retired member by the employer;

(iv) de minimis fringe benefits, as defined in 26 U.S.C. 132(e), paid by the employer to or on behalf of the retired member; and

(3) Except as provided in [section 1] and in subsection (5) of this section, the retirement benefit of a retired member:

(a) employed in a part-time position or earning more than allowed by subsections (1) and (2) must be temporarily reduced by $1 for each dollar earned
over the maximum allowed. Monthly benefits must be reduced beginning as
soon as practical after the excess earnings have been reported to the retirement
system by the employer. The retirement benefit must be canceled if the retired
member’s earnings over the maximum allowed exceed the gross monthly benefit
amount.

(b) employed in a full-time position must be canceled beginning in the month
in which the retired member returns to full-time employment.

(4) Upon termination and retirement subsequent to a cancellation of
benefits pursuant to subsection (3), the retirement benefit of a member:

be recalculated under 19-20-804 if the member has attained normal retirement
age or under 19-20-802 if the member has not attained normal retirement age
but is eligible for early retirement. The recalculated benefit must include the
service credit accumulated at the time of the member’s previous retirement,
plus any service credit accumulated subsequent to reemployment. The
recalculated normal form benefit amount must be increased by the amount of
any benefit enhancement received pursuant to 19-20-719 that the retired
member was receiving when the member’s benefits were canceled.

(5) If an early-retired member under 19-20-802 is reemployed with the same
employer within 30 days from the member’s effective date of retirement or if the
early-retired member is guaranteed reemployment with the same employer, the
member must be considered to have continued in the status of an active member
and not to have separated from service. Any retirement allowance payments
received by the member must be repaid to the system, together with interest, at
the actuarially assumed rate, and the retirement allowance must be canceled.

(6) For purposes of this section, “position eligible to participate in the
retirement system” includes work performed by a retiree through a professional
employer arrangement, an employee leasing arrangement, or a temporary
service contractor, as those terms are defined in 39-8-102.

(7) The retirement allowance of any retired member who is employed in a
position and who elects to participate in the optional retirement program under
Title 19, chapter 21, must be suspended until the member is no longer employed
in the position and is no longer participating in the optional retirement

(3) If an eligible child, as defined in 20-7-436, is receiving inpatient treatment in an in-state residential treatment facility or children’s psychiatric hospital, as defined in 20-7-436, and the educational services are provided by a public school district under the provisions of 20-7-411 or 20-7-435, the superintendent of public instruction shall reimburse the district providing the services for the negotiated amount, as established pursuant to 20-7-435(5), that represents the district’s costs of providing education and related services. (b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(d) A pupil in kindergarten through grade 12 who is concurrently enrolled in more than one public school, program, or district may not be counted as more than one full-time pupil for ANB purposes.

(5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose of calculating ANB for the elementary programs offering full-time kindergarten in
the current year. For the purposes of calculating the 3-year ANB, the superintendent of public instruction shall count the kindergarten enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year average ANB for districts offering full-time kindergarten.

(2) The code commissioner is instructed to change internal references within
and to the renumbered sections, including sections enacted or amended by the
61st legislature, to reflect the new section numbers assigned to sections
pursuant to this section.

(3) Any enactment, including an enactment of the 61st legislature, that
requires that a section be codified in a part of Title 15, chapter 30, and that is
recodified pursuant to this section is codified as an integral part of the recodified
part, and the provisions of the newly recodified part apply to the recodified
section.

(4) Any amendment to the following sections repealed by [section 9], unless
specifically coordinated in another act, is to be codified as an integral part of the
specified section:

(a) 15-30-110 to be codified in 15-30-111;
(b) 15-30-115 to be codified in 15-30-114;

(d) depreciation or amortization taken on a title plant as defined in 33-25-105;

(e) the recovery during the tax year of an amount deducted in any prior tax year to the extent that the amount recovered reduced the taxpayer's Montana income tax in the year deducted;

(2) Notwithstanding the provisions of the Internal Revenue Code, adjusted gross income does not include the following, which are exempt from taxation under this chapter:

(a) (i) all interest income from obligations of the United States government, the state of Montana, or a county, municipality, district, or other political subdivision of the state and any other interest income that is exempt from taxation by Montana under federal law;

(B) in the case of married taxpayers filing jointly, if both taxpayers are receiving pension or annuity income or if only one taxpayer is receiving pension or annuity income, the exclusion claimed as provided in subsection (2)(c)(i) must be reduced by $2 for every $1 of federal adjusted gross income in excess of $30,000 as shown on their joint return;

(d) all Montana income tax refunds or tax refund credits;

(e) gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

(k) principal and income in a first-time home buyer savings account established in accordance with 15-63-201 or withdrawn from an account for eligible costs, as provided in 15-63-202(7), for the first-time purchase of a single-family residence;

(l) contributions withdrawn from a family education savings account or earnings withdrawn from a family education savings account for qualified higher education expenses, as defined in 15-62-103, of a designated beneficiary;

(m) the recovery during the tax year of any amount deducted in any prior tax year to the extent that the recovered amount did not reduce the taxpayer's Montana income tax in the year deducted;

(n) if the federal taxable distribution of an estate or trust is greater than the state taxable distribution of the same estate or trust, the difference between the federal taxable distribution and the state taxable distribution of the same estate or trust for the same tax period;

(p) income of a dependent child that is included in the taxpayer's federal adjusted gross income pursuant to the Internal Revenue Code. The child is
required to file a Montana personal income tax return if the child and taxpayer meet the filing requirements in 15-30-142.

(q) principal and income deposited in a health care expense trust account, as defined in 2-18-1303, or withdrawn from the account for payment of qualified health care expenses as defined in 2-18-1303; and

(r) that part of the refundable credit provided in 33-22-2006 that reduces Montana tax below zero.

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder’s adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer’s business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Marriages filed a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) Marriages filed a joint federal return who are allowed a capital loss deduction under section 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital loss is clearly attributable to one spouse, the loss must be shown on that spouse’s return; otherwise, the loss must be split equally on each return.

(7) In the case of passive and rental income losses, marriages filed a joint federal return and who file separate Montana income tax returns are not required to recompute allowable passive losses according to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must be shown on that spouse’s return; otherwise, the loss must be split equally on each return.

(8) Marriages filed a joint federal return in which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction must be attributed to the spouse who made the contribution.

(9) (a) Marriages filed a joint federal return who are allowed a deduction for interest paid for a qualified education loan under section 221 of the Internal Revenue Code, 26 U.S.C. 221, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the
federal return. The deduction may be split equally on each return or in
proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a
deduction for qualified tuition and related expenses under section 222 of the
Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income
tax returns may claim the same amount of the deduction that is allowed on the
federal return. The deduction may be split equally on each return or in
proportion to each taxpayer's share of federal adjusted gross income.

(10) A taxpayer receiving retirement disability benefits who has not attained
65 years of age by the end of the tax year and who has retired as permanently
and totally disabled may exclude from adjusted gross income up to $100 a week
received as wages or payments in lieu of wages for a period during which the
employee is absent from work due to the disability. If the adjusted gross income
before this exclusion exceeds $15,000, the excess reduces the exclusion by an
equal amount. This limitation affects the amount of exclusion, but not the
taxpayer's eligibility for the exclusion. If eligible, married individuals shall
apply the exclusion separately, but the limitation for income exceeding $15,000
is determined with respect to the spouses on their combined adjusted gross
income. For the purpose of this subsection, "permanently and totally disabled"
means unable to engage in any substantial gainful activity by reason of any
medically determined physical or mental impairment lasting or expected to last
at least 12 months.

(11) An individual who contributes to one or more accounts established
under the Montana family education savings program may reduce adjusted
gross income by the lesser of $3,000 or the amount of the contribution. In the
case of married taxpayers, each spouse is entitled to a reduction, not in excess of
$3,000, for the spouses' contributions to the accounts. Spouses may jointly elect
to treat half of the total contributions made by the spouses as being made by
each spouse. The reduction in adjusted gross income under this subsection
applies only with respect to contributions to an account of which the account
owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the
taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana
resident. The provisions of subsection (1)(e) do not apply with respect to
withdrawals of contributions that reduced adjusted gross income.

(12) (a) A taxpayer may exclude the amount of the loan payment received
pursuant to subsection (12)(a)(iv), not to exceed $5,000, from the taxpayer's
adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special
population, or facility population in a federally designated health professional
shortage area, a medically underserved area or population, or a federal nursing
shortage county as determined by the secretary of health and human services or
by the governor;

(iii) has had a student loan incurred as a result of health-related education;
and

(iv) has received a loan payment during the tax year made on the taxpayer's
behalf by a loan repayment program described in subsection (12)(b) as an
incentive to practice in Montana.

(b) For the purposes of subsection (12)(a), a loan repayment program
includes a federal, state, or qualified private program. A qualified private loan
repayment program includes a licensed health care facility, as defined in
50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional.

(13) Notwithstanding the provisions of subsection (1), adjusted gross income does not include 40% of capital gains on the sale or exchange of capital assets before December 31, 1986, as capital gains are determined under subchapter P. of Chapter 1 of the Internal Revenue Code as it read on December 31, 1986.

(Section (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)

Section 3. Section 15-30-114, MCA, is amended to read:

“15-30-114. Additional exemption for dependent child with a disability — physician’s verification. (1) In lieu of the exemption in 15-30-112(5), an exemption for twice the amount allowed for dependents is allowed for each dependent child with a disability.

(2) In order to be eligible for the exemption, a dependent child with a disability must, for the taxable year of the taxpayer, have as the child’s principal place of abode the home of the taxpayer and have a permanent disability of great enough severity that it constitutes not less than 50% disability to the body as a whole. An exemption may be allowed for a dependent with a permanent disability after the individual reaches the age of majority if the individual continues to be a dependent.

(3) A taxpayer claiming the exemption provided for in subsection (1) shall provide with the taxpayer’s income tax return written documentation by a licensed physician that the disability qualifies under subsection (2). The written documentation remains in effect in subsequent tax years for the purpose of claiming the additional exemption unless there is a change in the dependent’s physical circumstances to the extent that the dependent no longer qualifies for the additional exemption. The taxpayer shall inform the department of any change in the dependent’s eligibility. The department may inquire by mail whether any material change has occurred in the dependent’s physical circumstances that may affect the dependent’s eligibility for the additional exemption and that may require additional written documentation by a licensed physician at any time that the department considers necessary.”

Section 4. Section 15-30-171, MCA, is amended to read:

“15-30-171. Residential property tax credit for elderly — definitions. As used in 15-30-171, through 15-30-178, 15-30-172, 15-30-174, 15-30-176, and 15-30-177, the following definitions apply:

(1) “Claim period” means the tax year for individuals required to file Montana individual income tax returns and the calendar year for individuals not required to file returns.

(6) “Homestead” means:
(a) a single-family dwelling or unit of a multiple-unit dwelling that is subject to property taxes in Montana and as much of the surrounding land, but not in excess of 1 acre, as is reasonably necessary for its use as a dwelling; or

(b) a single-family dwelling or unit of a multiple-unit dwelling that is rented from a county or municipal housing authority as provided in Title 7, chapter 15.

(7) (a) “Household” means an association of persons who live in the same dwelling, sharing its furnishings, facilities, accommodations, and expenses.

(b) The term does not include bona fide lessees, tenants, or roomers and boarders on contract.

(8) “Household income” means the amount obtained by subtracting $6,300 from gross household income.

(9) (a) “Income” means, except as provided in subsection (9)(b), federal adjusted gross income, without regard to loss, as that quantity is defined in the Internal Revenue Code of the United States, plus all nontaxable income, including but not limited to:

(i) the amount of any pension or annuity, including Railroad Retirement Act benefits and veterans’ disability benefits;

(ii) the amount of capital gains excluded from adjusted gross income;

(iii) alimony;

(iv) support money;

(v) nontaxable strike benefits;

(vi) cash public assistance and relief;

(vii) interest on federal, state, county, and municipal bonds; and

(viii) all payments received under federal social security except social security income paid directly to a nursing home.

(b) For the purposes of this subsection (9), income is reduced by the taxpayer’s basis.

(10) “Property tax billed” means taxes levied against the homestead, including special assessments and fees but excluding penalties or interest during the claim period.

(11) “Rent-equivalent tax paid” means 15% of the gross rent.”

**Section 5.** Section 15-30-172, MCA, is amended to read:

“15-30-172. Residential property tax credit for elderly — eligibility — disallowance or adjustment. (1) In order to be eligible to make a claim under 15-30-171, through 15-30-179, 15-30-172, 15-30-174, 15-30-176, and 15-30-177, an individual:

(a) must have reached age 62 or older during the claim period for which relief is sought;

(b) must have resided in Montana for at least 9 months of that period;

(c) must have occupied one or more dwellings in Montana as an owner, renter, or lessee for at least 6 months of the claim period; and

(d) must have less than $45,000 of gross household income.

(2) A person is not disqualified as a claimant if the person changes residences during the claim period, provided that the person occupies one or more dwellings in Montana as an owner, renter, or lessee for at least 6 months during the claim period.
A claim is disallowed if the department finds that the claimant received title to the claimant’s homestead primarily for the purpose of receiving benefits under 15-30-171, 15-30-172, 15-30-174, 15-30-176, and 15-30-177.

When the landlord and tenant have not dealt at arm’s length and the department judges the gross rent charged to be excessive, the department may adjust the gross rent to a reasonable amount.”

Section 6. Section 15-30-174, MCA, is amended to read:

(1) Except as provided in subsection (2), a claim for relief must be submitted at the same time the claimant’s individual income tax return is due. For an individual not required to file a tax return, the claim must be submitted on or before April 15 of the year following the year for which relief is sought.

(2) A receipt showing property tax billed or a receipt showing gross rent paid, whichever is appropriate, must be filed with each claim. In addition, each claimant shall, at the request of the department, supply all additional information necessary to support a claim.

(3) The department may grant a reasonable extension for filing a claim whenever, in its judgment, good cause exists.

(4) In the event that an individual who would have a claim under 15-30-171 through 15-30-179, 15-30-172, 15-30-174, 15-30-176, and 15-30-177 dies before filing the claim, the personal representative of the estate of the decedent may file the claim.

(5) The department or an individual may revise a return and make a claim under 15-30-171 through 15-30-179, 15-30-172, 15-30-174, 15-30-176, and 15-30-177 within 5 years from the last day prescribed for filing a claim for relief.”

Section 7. Section 15-30-176, MCA, is amended to read:

The amount of the tax credit granted under the provisions of 15-30-171 through 15-30-179, 15-30-172, 15-30-174, 15-30-176, and 15-30-177 is computed as follows:

(1) In the case of a claimant who owns the homestead for which a claim is made, the credit is the amount of property tax billed less the deduction specified in subsection (4).

(2) In the case of a claimant who rents the homestead for which a claim is made, the credit is the amount of rent-equivalent tax paid less the deduction specified in subsection (4).

(3) In the case of a claimant who both owns and rents the homestead for which a claim is made, the credit is:

   (a) the amount of property tax billed on the owned portion of the homestead less the deduction specified in subsection (4); plus

   (b) the amount of rent-equivalent tax paid on the rented portion of the homestead less the deduction specified in subsection (4).

(4) Property tax billed and rent-equivalent tax paid are reduced according to the following schedule:

CHAPTER NO. 149

[HB 72]

AN ACT CLARIFYING THE DURATION OF THE CARETAKER RELATIVE EDUCATIONAL AUTHORIZATION AFFIDAVIT; AMENDING SECTION 20-5-503, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-5-503, MCA, is amended to read:
“20-5-503. Caretaker relative educational authorization affidavit — use — immunity — format. (1) A caretaker relative of a child who has voluntarily been given custody of the child by a parent of the child has the same authority as a custodial parent of the child to discuss with an educator the educational progress of the child, consent to an educational service, and consent to medical care related to an educational service for the child for which parental consent is usually required if a caretaker relative educational authorization affidavit is completed in compliance with this section.

(2) An affidavit is effective only if it is signed by the caretaker relative, under oath, before a notary public. A clear photographic copy of an affidavit completed in compliance with this section is sufficient in any instance in which an original is required by a school official or health care provider.

(3) Unless parental rights have been judicially terminated or unless the ability to give legal consent for the child to receive an educational service and any medical care related to the educational service for which parental consent is usually required has been granted to the caretaker relative pursuant to 40-4-211 and 40-4-228, a decision by a parent of the child communicated to a school official, a health care provider, or both, regarding the child supersedes a conflicting decision by a caretaker relative made pursuant to an affidavit completed in compliance with this section. However, a decision by a parent does not supersede a decision by a caretaker relative pursuant to an affidavit completed in compliance with this section if the decision by the parent endangers the life of the child. A school official or health care provider may require reasonable proof of authenticity of a decision by a parent intended to supersede a decision by a caretaker relative.

(4) (a) A public or private entity or individual who acts in good faith reliance on a caretaker relative educational authorization affidavit completed in compliance with this section and who has no actual knowledge of facts contrary to those indicated in the affidavit is not subject to civil liability or criminal prosecution or to a professional disciplinary procedure for an action that would have been proper if the facts had been as the entity or individual believed them to be.

(b) This subsection (4) applies even if an educational service or educationally related medical care, or both, are provided to a child against the wishes of a parent of that child if the person rendering the service does not have actual knowledge of the parent’s wishes.

(5) A person who relies on an affidavit completed in compliance with this section has no obligation to make further inquiry or investigation.

(6) An affidavit completed in compliance with this section is effective for the earlier of:

(a) the end of the first school year after delivery of the affidavit to a school district;

(b) until it has been revoked by the caretaker relative; or

(c) until the child no longer resides with the caretaker relative.

(7) If the child ceases to live with the caretaker relative or the caretaker relative revokes the affidavit, the caretaker relative shall provide written notice of that fact to all persons to whom the caretaker relative has given the affidavit or to whom the caretaker relative has caused the affidavit to be given.

(8) This section does not relieve a person from a violation of other law, and this section does not affect the rights of a child’s parent except as provided in this section.

CHAPTER NO. 151

[HB 367]

AN ACT PROVIDING FOR A SEPARATE POSTADOPTIVE COUNSELING AND SUPPORT PROGRAM WITHIN A CHILD-PLACING AGENCY; SPECIFYING THAT THE COSTS OF THE PROGRAM MAY NOT BE INCLUDED IN PLACEMENT FEES; AND AMENDING SECTIONS 42-2-409 AND 42-7-105, MCA.

WHEREAS, child-placing agencies that provide care and placement of children are in a unique position to provide care and support to a birth parent after relinquishment of a child, especially to parents of few means, which would be consistent with the agencies’ ministry; and

WHEREAS, there are currently financial and other means of support for parents who choose to keep their children that are compelling parents of little means to keep their children; and

WHEREAS, the ability to provide similar forms of support to a parent who has chosen to relinquish a child in order to give the parent a chance to grieve and to assist the parent with counseling, temporary housing, mentoring services, job training, life skills development, budgeting and financial management, and educational opportunities will provide birth parents with another option that can help provide for their future after their children have been placed with adoptive families; and

WHEREAS, explicit authority for the program is necessary with the caveat that the program must be kept separate from any program for the placement of children and must be paid for by the agency with separate funds.

Be it enacted by the Legislature of the State of Montana:

Section 1. Postadoptive counseling and support — intent. (1) An agency may have a specific program, separate from its program for the care and placement of children, to provide postadoptive counseling and support for birth parents who have relinquished children for adoption. The program may include but is not limited to grief and loss counseling, temporary housing, mentoring services, job training, life skills development, budgeting and financial management, educational opportunities, and transportation.

(2) (a) The provision of the services in subsection (1) may not be included by an agency in the fees related to placement for adoption by a parent as provided in 42-7-101.

(b) An agency providing postadoptive counseling and support shall include a full accounting of the operation of the program as part of the financial statement required in 52-8-104.

(c) An agency may accept federal funds, grants, or donations specifically for the purpose of funding a program to provide the services in subsection (1) that is separate from the agency’s program for the care and placement of children.
Section 2. Section 42-2-409, MCA, is amended to read:

“42-2-409. Counseling requirements. (1) Counseling of the birth mother is required in department, agency, and direct parental placement adoptions. If any other parent is involved in an adoptive placement, counseling of that parent is encouraged.

(2) Counseling must be performed by a person employed by the department or by a staff person of a licensed child-placing agency designated to provide this type of counseling. Unless the counseling requirement is waived for good cause by a court, a minimum of 3 hours of counseling must be completed prior to execution of a relinquishment of parental rights and consent to adopt. A relinquishment and consent to adopt executed prior to completion of required counseling is void.

(3) During counseling, the counselor shall offer an explanation of:
   (a) adoption procedures and options that are available to a parent through the department or licensed child-placing agencies;
   (b) adoption procedures and options that are available to a parent through direct parental placement adoptions, including the right to an attorney and that legal expenses are an allowable expense that may be paid by a prospective adoptive parent as provided in 42-7-101 and 42-7-102;
   (c) the alternative of parenting rather than relinquishing the child for adoption;
   (d) the resources that are available to provide assistance or support for the parent and the child if the parent chooses not to relinquish the child;
   (e) the legal and personal effect and impact of terminating parental rights and of adoption;
   (f) the options for contact and communication between the birth family and the adoptive family;
   (g) postadoptive issues, including grief and loss, and the existence of a postadoptive counseling and support program;
   (h) the reasons for and importance of providing accurate medical and social history information under 42-3-101;
   (i) the operation of the confidential intermediary program; and
   (j) the fact that the adoptee may be provided with a copy of the original birth certificate upon request after reaching 18 years of age, unless the birth parent has specifically requested in writing that the vital statistics bureau withhold release of the original birth certificate.

(4) The counselor shall prepare a written report containing a description of the topics covered and the number of hours of counseling. The report must specifically include the counselor’s opinion of whether or not the parent understood all of the issues and was capable of informed consent. The report must, on request, be released to the person counseled, to the department, to an agency, or with the consent of the person counseled, to an attorney for the prospective adoptive parents.”

Section 3. Section 42-7-105, MCA, is amended to read:

“42-7-105. Prohibited activities — violations — penalties. (1) A person, other than the department or a licensed child-placing agency, may not:

(a) advertise in any public medium that the person:

(i) knows of a child who is available for adoption; or
(ii) is willing to accept a child for adoption or knows of prospective adoptive parents for a child; or

(b) engage in placement activities as defined in 52-8-101.

(2) An individual other than an extended family member or stepparent of a child may not obtain legal or physical custody of a child for purposes of adoption unless the individual has a favorable preplacement evaluation or a court-ordered waiver of the evaluation.

(3) A person who, as a condition for placement, relinquishment, or consent to the adoption of a child, knowingly offers, gives, agrees to give, solicits, accepts, or agrees to accept from another person, either directly or indirectly, anything other than the fees allowed under 42-7-101 commits the offense of paying or charging excessive adoption process fees.

(4) It is illegal to require repayment or reimbursement of anything provided to a birth parent under 42-7-101. All payments by the adoptive parent made on behalf of a birth parent pursuant to this section are considered a gift to the birth parent.

(5) Nothing in this section prohibits a licensed child-placing agency from maintaining a separate program for the assistance of a biological parent who is in need of postadoptive counseling and support as provided in [section 1]. Services must be provided based on need and may not be contingent on a placement being made privately, by the department, or by a licensed child-placing agency. A postadoptive counseling and support program may not be used to induce a biological parent to place a child for adoption.

(6) A person convicted of the offense of paying or charging excessive adoption process fees, attempting to recover expenses incurred from an adoption process, or otherwise violating this title may be fined an amount not to exceed $10,000 in an action brought by the appropriate city or county attorney. The court may also enjoin from further violations any person who violates this title.”

Section 4. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 42, chapter 4, part 2, and the provisions of Title 42, chapter 4, part 2, apply to [section 1].

CHAPTER NO. 152

[SB 20]

AN ACT CLARIFYING THE MEANING OF THE TERM “SUBSTANTIAL COMPLIANCE”; PROVIDING A STATEMENT OF LEGISLATIVE PURPOSE FOR THE MONTANA ADMINISTRATIVE PROCEDURE ACT; AMENDING SECTIONS 2-4-101 AND 2-4-305, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, on November 6, 2007, the Montana Supreme Court issued its opinion in the case of Montana Society of Anesthesiologists v. Montana Board of Nursing, 2007 MT 290, 339 Mont. 472, 171 P.3d 704 (2007) (MSA opinion), holding that a nurse anesthetist may practice without direct supervision by an anesthesiologist M.D.; and

WHEREAS, the Montana Society of Anesthesiologists (MSA) challenged the legality of an administrative rule adopted by the Montana Board of Nursing,
alleging, among other things, that the rule was adopted without a sufficient statement of reasonable necessity, as required by section 2-4-305(6)(b), MCA, of the Montana Administrative Procedure Act (MAPA); and

WHEREAS, in the MSA opinion, the Montana Supreme Court held that because MAPA, in section 2-4-305(7), MCA, requires that rules must be adopted in “substantial compliance” with MAPA and because the Montana Supreme Court had previously held that substantial compliance has occurred if the purpose of MAPA has been fulfilled, the defective notice of proposed rulemaking substantially complied with MAPA because the purpose of MAPA is to give public notice of the adoption of a rule and that adequate notice had been given by the Board of Nursing; and

WHEREAS, under the rationale employed by the Montana Supreme Court in the MSA opinion, every rule adopted by an agency could be found to be in substantial compliance with MAPA since every notice of proposed rulemaking gives some notice of a proposed rule adoption, amendment, or repeal; and

WHEREAS, the Legislature intends that a determination of whether MAPA’s substantial compliance requirement in section 2-4-305(7), MCA, has been satisfied requires an analysis of more than whether an agency provided adequate public notice of its proposed rule, but rather requires an analysis of whether the agency complied with 2-4-302, 2-4-303, 2-4-305, or 2-4-306, MCA; and

WHEREAS, enactment of this legislation is not intended by the Legislature as a comment upon the outcome of the MSA opinion, but rather is intended to change the analysis used by the courts when determining whether MAPA’s substantial compliance requirement, found in section 2-4-305(7), MCA, has been satisfied in future cases.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-101, MCA, is amended to read:

“2-4-101. Short title — purpose. (1) This chapter shall be known and may be cited as the “Montana Administrative Procedure Act”.

(2) The purposes of the Montana Administrative Procedure Act are to:

(a) generally give notice to the public of governmental action and to provide for public participation in that action;

(b) establish general uniformity and due process safeguards in agency rulemaking, legislative review of rules, and contested case proceedings;

(c) establish standards for judicial review of agency rules and final agency decisions; and

(d) provide the executive and judicial branches of government with statutory directives.”

Section 2. Section 2-4-305, MCA, is amended to read:

“2-4-305. Requisites for validity — authority and statement of reasons. (1) The agency shall fully consider written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement the reasons for overruling the considerations urged against its adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is printed in the register, the differences must be described in the statement of reasons for and against agency action. When
written or oral submissions have not been received, an agency may omit the statement of reasons.

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency’s notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section and unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule. The measure of whether an agency has adopted a rule in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and
this section is not whether the agency has provided notice of the proposed rule, standing alone, but rather must be based on an analysis of the agency’s substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules. An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(9) If a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, the proposal notice may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the committee’s notification to the agency must be included in the committee’s records.”

Section 3. Effective date. [This act] is effective on passage and approval.

Be it enacted by the Legislature of the State of Montana:

(1) Upon notice by the department, a county, or the recipient to a third party or the third party’s insurer as provided in subsection (5)(b), the department or county has a lien upon all money paid by a third party or the third party’s insurer in satisfaction of a judgment or settlement arising from a recipient’s claim for damages or compensation for personal injury, disease, illness, or disability to the extent that the department or county has paid medical assistance on behalf of the recipient for the same personal injury, disease, illness, or disability and to the extent that the money represents payment for medical expenses.

(2) The department or county may, in the name of the recipient on whose behalf medical assistance has been paid by the department or county, commence and prosecute to final conclusion any action that may be necessary to recover from a third party or the third party’s insurer compensation or damages for
medical assistance paid by the department or county on behalf of the recipient. This section does not affect the right of the recipient to initiate and prosecute to final conclusion an action for damages or compensation in the recipient’s own name in accordance with the provisions of this section.

(3) (a) The lien:

(i) applies to all money paid by a third party or a third party’s insurer regardless of whether the recovery is allocated by the parties or a court to any particular type or element of damages; and

(ii) is subordinate to the lien of an attorney under 37-61-420.

(b) Unless specifically provided by law, the recipient’s right to recover damages or compensation from a third party or a third party’s insurer may not be reduced or denied on the ground that the recipient’s costs of medical treatment and medical-related services have been paid by the department or county under any public assistance program.

(c) From the amount collected by the department, county, or recipient from legal proceedings or as a result of settlement, reasonable attorney fees and costs must be first deducted and paid. Unless the department or county and the recipient agree to a different settlement, the amount previously paid as medical assistance by the department or county, less a pro rata share of attorney fees and costs, must be deducted next and paid to the department or county, but only to the extent that the amount paid as medical assistance does not exceed the portion of the amount collected that represents payment of medical expenses. The remainder, if any, must be paid to the recipient.

(d) In all cases of payment to the department or county out of an amount collected from a third party or insurer on a recipient’s claim, the amount of the lien must be reduced by a pro rata share of attorney fees and costs as provided in subsection (3)(c), but the department or county may not be required to participate in payment of attorney fees and costs unless the recipient’s claim results in recovery out of which the department or county receives full or partial payment of its lien.

(e) (i) Except as provided in subsections (3)(e)(ii) and (3)(e)(iii), the department may not impose a lien under this section upon a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1.

(ii) The department may impose a lien under this section upon a self-sufficiency trust or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, if the department is required by federal law to recover or collect from the trust or its assets as a condition of receiving federal financial participation for the medicaid program.

(iii) To the extent otherwise permitted by this section, the department is not precluded from asserting a claim or imposing a lien upon real or personal property prior to transfer of the property to the trust. If the department imposes a lien upon property prior to transfer to a self-sufficiency trust, any transfer of the property to the trust is subject to the lien.

(4) (a) A recipient of medical assistance or the recipient’s legal representative shall notify the department or county by certified letter within 30 days if the recipient or the recipient’s legal representative asserts a claim against a third party or a third party’s insurer for damages or compensation for a personal injury, disease, illness, or disability for which the department or county paid medical assistance in whole or in part or for which the recipient has
applied for medical assistance. The notice must be mailed to the director of the department or the county commissioners of the county that paid medical assistance. At the same time, a copy must be sent by certified mail to the third party or the third party’s insurer.

(b) The notice must contain the following information:
(i) the name and address of the recipient and the recipient’s legal representative, if any;
(ii) the name and address of the third party alleged to be liable to the recipient;
(iii) the name and address of any known insurer of the third party; and
(iv) the judicial district and docket number of any action filed.

(c) A recipient or the recipient’s legal representative who has received actual notice that the department or county has paid medical assistance is liable to the department or county for the amount it is entitled to receive under this section if:
(i) the recipient or the recipient’s legal representative fails to timely notify the department or county or fails to mail a copy of the notice to the third party or the third party’s insurer; and
(ii) a third party or the third party’s insurer that did not receive notice from the department or county as provided for in subsection (5)(b) pays the recipient or the recipient’s legal representative without satisfying any lien of the department or county.

(5) (a) If a third party or the third party’s insurer that has received notice of the department or county’s lien as provided for in subsection (5)(b) makes payment in whole or in part of the recipient’s claim without first satisfying the lien of the department or county, the third party or the third party’s insurer is liable to the department or county for the amount the department or county is entitled to receive under this section.

(b) For the purposes of subsection (5)(a), a third party or the third party’s insurer has been given notice if:
(i) the department or county mails, by certified mail, to the third party or the third party’s insurer:
(A) a statement of the medical assistance paid or that may be paid by the department or county on behalf of the recipient; and
(B) a claim for reimbursement;
(ii) the recipient or the recipient’s legal representative mails, by certified mail, to the third party or the third party’s insurer:
(A) a copy of the notice required by subsection (4)(a); or
(B) a statement stating that the recipient has applied for or has received medical assistance from the department or county in connection with the same claim; or
(iii) the recipient or the recipient’s legal representative has commenced an action against the third party or the third party’s insurer for damages or compensation for personal injury, disease, illness, or disability for which the department or county has paid or may pay medical assistance, in whole or in part, and the department or county files in the court in which the action is pending a notice of lien stating that a lien is claimed for medical assistance on
any money paid in satisfaction of any judgment in or settlement of the action and that:

(A) medical assistance in a stated amount has been paid by the department or county on behalf of the recipient; or

(B) medical assistance may be paid on behalf of the recipient.

(6) As used in this section, the following definitions apply:

(a) “County” means a county that has provided medical assistance to a recipient through an indigent assistance program operated at the option of the county.

(b) “Legal representative” means an attorney having or exercising authority on behalf of a recipient with respect to a claim or action to recover damages or compensation from a third party or a third party’s insurer.

(c) “Recipient” means a person on whose behalf the department or a county has paid or may pay medical assistance for the cost of medical treatment and medical-related services for personal injury, disease, illness, or disability. If the context allows, the term includes a recipient’s legal representative.

(d) “Third party” means an individual, institution, corporation, or public or private agency that is or may be liable to pay all or part of the cost of medical treatment and medical-related services for personal injury, disease, illness, or disability of a recipient of medical assistance from the department or a county and includes but is not limited to insurers, health service organizations, and parties liable or who may be liable in tort.”

Section 2. Section 53-6-165, MCA, is amended to read:

“53-6-165. Definitions. As used in this part, unless expressly provided otherwise, the following definitions apply:

(1) “Department” means the department of public health and human services provided for in 2-15-2201.

(2) “Financial institution” means any organization in the business of moving, investing, or lending money, dealing in financial instruments, or providing financial services, including but not limited to federally chartered and state-chartered banks, savings and loan associations, and credit unions.

(3) “Recipient” means an individual who has been determined by a medicaid agency to be eligible for medicaid benefits, whether or not the individual has actually received a benefit, or an individual who has received benefits, whether or not that person has been determined to be eligible.

(4) “Recoverable medical assistance” means a payment pursuant to this part, including but not limited to a payment made for items or services provided to and insurance premiums, deductibles, and coinsurance paid on behalf of a recipient who:

(a) during the recipient’s lifetime, was an inpatient in a nursing facility, intermediate care facility for the developmentally disabled, or institution for mental disease and, with respect to that institutionalization, the department determined under 53-6-171 that the person was not reasonably expected to be discharged and return home; or

(b) was at least 55 years of age or younger if allowed by 42 U.S.C. 1396p, as may be amended, when the item or service was provided or when the insurance premium, deductible, or coinsurance was paid.
(b) The term does not include medical assistance for medicare cost-sharing or for benefits described in 42 U.S.C. 1396a(a)(10)(E).

(4)(5) “Recovery” means legal action brought for the payment or repayment of recoverable medical assistance or amounts of money paid for other purposes.”

Section 3. Section 53-6-167, MCA, is amended to read:

“53-6-167. Recovery of medicaid benefits after recipient’s death.
(1) Except as provided in subsection (7) or (9)(b), after the death of a recipient, the department shall execute and present a claim:
(2) Except as prohibited by subsection (9)(b), after the death of a recipient, the department may execute and present a claim against a person who has received property of the recipient by distribution or survival for an amount equal to the recoverable medical assistance paid on behalf of the recipient or the value of the property received by the person from the recipient by distribution or survival, whichever is less. The amount recoverable from a person with respect to property of the recipient must be reduced by the value of any property transferred to the person for less than full market value for which a period of ineligibility was imposed under 53-6-166 against the recipient during the recipient’s life. The department may bring an action in district court to collect upon a claim under this subsection (1)(b).
(3) A department claim under subsection (1) or (2) must include notice of the right to seek an undue hardship exception under rules adopted by the department in accordance with subsection (4)(8).
(4)(4) (a) Notwithstanding any statute of limitations or other claim presentation deadline provided by law, a department claim against an estate is not barred for lack of timely presentation if it is presented in the probate proceeding within the time specified in the published notice to creditors.
(b) An action to collect a claim under subsection (1)(b) must be commenced within 3 years of the later of the recipient’s death or the closing of the recipient’s estate.
(4)(5) (a) For purposes of this section, property of a deceased recipient received by distribution or survival is any real or personal property or other assets in which the recipient had any right, title, or interest immediately prior to the time of death, including but not limited to assets passing to one or more survivors, heirs, assignees, or beneficiaries of the deceased recipient through joint tenancy, tenancy in common, right of survivorship, conveyance by the recipient subject to life estate, living trust, or other arrangement. For purposes of this section, property is not received by distribution or survival to the extent that the person received the property or property interest for consideration equal to the fair market value of the property or property interest received.
(b) Property received by distribution includes but is not limited to:
(i) property from a deceased recipient’s estate distributed to a person through a probated estate or a small estate administration procedure; and
(ii) property from a deceased recipient’s estate otherwise distributed to or in the possession of a person through any other procedure or when a legal procedure for distribution has not been followed.

(c) Assets of a deceased recipient’s estate and property of a deceased recipient received by distribution or survival are not exempt from recovery under this section because the assets or property were or may have been considered by the department as exempt income or resources for the purpose of determining eligibility for medical assistance during the recipient’s lifetime.

(6) (a) The department may seek recovery under subsection (1)(a) or (1)(b) subsection (1) or (2), or both, with respect to a deceased recipient until its claim is satisfied in full. Upon full satisfaction of its claim, the department may not seek further recovery and shall provide appropriate releases to the deceased recipient’s estate and to other affected persons.

(b) An estate or other person is not entitled to a reduction or waiver of the department’s claim on the grounds that there is or may be another person from whom recovery may be made under this section.

(7) The department may waive recovery under this section if it determines that recovery would not be cost-effective. In determining whether recovery would be cost-effective for purposes of this subsection, the department may consider but is not limited to consideration of the following factors:

(a) the estimated cost of recovery;

(b) the amount reasonably likely to be recovered;

(c) the likelihood that recovery by the department will cause a person to become eligible for public assistance; and

(d) the importance of the case or the issues in the case and the need for judicial interpretation of issues that may recur with respect to the administration or implementation of this section.

(8) (a) Upon presentation or assertion of a claim by the department under this section, the personal representative of the estate or another affected person may apply to the department, in accordance with procedures established by department rule, for a waiver of recovery based on undue hardship. The department shall waive its recovery under this section in whole or in part if it determines that recovery would result in undue hardship as defined by department rule.

(b) The department shall adopt rules that are consistent with 42 U.S.C. 1396p, as may be amended, and that implement federal regulations and policies, establishing procedures and criteria for undue hardship exceptions. The rules adopted under this section must include but are not limited to rules addressing the following:

(i) a description of the circumstances considered to constitute an undue hardship;

(ii) the procedures by which an individual may seek an undue hardship exception;

(iii) the persons entitled to an undue hardship exception; and

(iv) whether an exception is partial or temporary and the circumstances under which partial or temporary exceptions may be granted.

(c) If a person is aggrieved by a department determination on an application for an undue hardship exception, the person may assert a claim of entitlement to an undue hardship exception in any court proceeding on a department petition.
for allowance of an estate claim or for recovery of an amount due under this section. When a person claims entitlement to an undue hardship exception in the proceeding, the court shall make a determination on the claim for an exception based upon the department rules adopted in accordance with this section. Department denial of all or any part of the relief requested in an exception application under this section may be reviewed by a district court only as provided in this subsection (8)(c). Denial does not grant a right to a contested case hearing or a right to judicial review under the Montana Administrative Procedure Act or the department’s rules.

(9)(a) Except as provided in subsection (8)(b), if the requirements of this section are met, the department may collect upon its claim.

(b) The department may not recover under this section while there is a surviving spouse of the recipient or while there is a surviving child of the recipient who is under 21 years of age, blind, or permanently and totally disabled. This subsection (9)(b) does not preclude the department from recovering from the recipient’s estate after the death of the surviving spouse or child.

(10) All money recovered under this section from any source must be distributed to the state general fund and to the United States as required by applicable state and federal laws and regulations.”

Section 4. Section 53-6-168, MCA, is amended to read:

“53-6-168. Payment of certain funds of deceased recipient to department. (1) A nursing facility, a financial institution, or a person, other than a financial institution, holding personal funds of a deceased nursing facility resident who received medicaid benefits at any time shall, within 30 days following the resident’s death, pay those funds to the department.

(b) A nursing facility may satisfy a debt owed by the deceased resident to the facility from the deceased resident’s personal funds that are held by the nursing facility and that would have been payable to the facility from the resident’s funds. The facility shall pay the remaining funds to the department as required by this section.

(c) Funds paid to the department under this section are not considered to be property of the deceased resident’s estate, and 53-6-167 does not apply to recovery of the funds by the department.

(2) For purposes of this section, a nursing facility is holding personal funds of a resident if the facility:

(a) maintains possession of the funds in the facility; or

(b) as the recipient’s trustee or representative, has deposited the resident’s funds in an individual or shared account in a financial institution.

(3) The department shall apply any funds received under this section proportionately to the federal and state shares of recoverable medical assistance and shall pay any remaining amount to a person entitled by law to the funds.”

Section 5. Section 53-6-178, MCA, is amended to read:

“53-6-178. Department right of recovery — limitations. (1) Except as provided in 53-6-180, 53-6-182, and this section, the department may collect upon its lien as provided in 53-6-171 through 53-6-188.

(2) The department may not recover upon a lien imposed on the recipient’s home under 53-6-171 while the recipient’s sibling or child who has resided lawfully and continuously in the home for at least 18 months immediately
before the recipient’s institutionalization continues to lawfully reside in the home. This subsection does not preclude the department from recovering under 53-6-167, 53-6-168, or 53-6-169.

(3) The department may not recover on a lien imposed under 53-6-171 while there is a surviving spouse of the recipient or while there is a surviving child of the recipient who is under 21 years of age, blind, or permanently and totally disabled. This subsection does not preclude the department from later recovery in accordance with 53-6-181.”

(a) the minor’s physician has explained to the minor and to the minor’s custodial parent or legal guardian with responsibility for health care decisions for the minor the potential risks and benefits of the medical use of marijuana; and
(b) the minor’s custodial parent or legal guardian with responsibility for health care decisions for the minor:

   (i) agreeing to provide marijuana only to qualifying patients who have named the applicant as caregiver; and
   (ii) acknowledging that possession of the registry identification card does not allow the caregiver to engage in the use of marijuana or to use paraphernalia for any purpose other than cultivating, manufacturing, delivering, transferring, or transporting marijuana for medical use by a qualifying patient.
(b) The department may not issue a registry identification card to a proposed caregiver who has previously been convicted of a felony drug offense.
(c) A caregiver may receive reasonable compensation for services provided to assist with a qualifying patient’s medical use of marijuana.

(5) (a) The department shall verify the information contained in an application or renewal submitted pursuant to this section and shall approve or deny an application or renewal within 15 days of receipt of the application or renewal.
(b) The department may deny an application or renewal only if the applicant did not provide the information required pursuant to this section, the department determines that the information was falsified, or the applicant is not qualified to receive a registry identification card under the provisions of this chapter. The department shall report annually to the legislature the number of applications for registry identification cards, the number of qualifying patients and caregivers approved, the nature of the debilitating medical conditions of the qualifying patients, the number of registry identification cards revoked, and the number of physicians providing written certification for qualifying patients. The department may not provide any identifying information of qualifying patients, caregivers, or physicians.”

(4) A physician may not be arrested, prosecuted, or penalized in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by the board of medical examiners or the department of labor and industry, for providing written certification for the medical use of marijuana to qualifying patients.

(8) A registry identification card or its equivalent issued by another state government to permit the medical use of marijuana by a qualifying patient or to permit a person to assist with a qualifying patient's medical use of marijuana has the same force and effect as a registry identification card issued by the department.

(3) Nothing in this chapter may be construed to allow a caregiver to use marijuana or to prevent criminal prosecution of a caregiver who uses marijuana or paraphernalia for the caregiver’s personal use."

Section 6. Section 50-46-206, MCA, is amended to read:

"50-46-206. Affirmative defense. Except as provided in 50-46-205, it is an affirmative defense to any criminal offense involving marijuana that the person charged with the offense:

(1) (a) has a physician who states that or has medical records that indicate that, in the physician’s professional opinion, after having completed a full assessment of the person’s medical history and current medical condition made in the course of a bona fide physician-patient relationship, the potential benefits of medical marijuana would likely outweigh the health risks for the person; or

(b) provides marijuana to a person described in subsection (1)(a) if the person does not provide marijuana to anyone for uses that are not medical;

(2) (a) is engaged in the acquisition, possession, cultivation, manufacture, use, delivery, transfer, or transportation of marijuana or paraphernalia relating to the consumption of marijuana to alleviate the symptoms or effects of the medical condition of the person identified in subsection (1)(a) if the person charged with the offense is a qualifying patient or a caregiver; or

CHAPTER NO. 158

[SB 432]

AN ACT CLARIFYING THAT FAILURE OF AN OSTENSIBLE AGENT TO COMPLY WITH A HEALTH CARE PROVIDER'S POLICY OR PRACTICE REQUIRING THE AGENT TO SECURE PROFESSIONAL LIABILITY INSURANCE CONSTITUTES PROFESSIONAL MISCONDUCT; AMENDING SECTIONS 28-10-103 AND 37-1-316, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 28-10-103, MCA, is amended to read:

“28-10-103. Actual versus ostensible agency — limitation. (1) An agency is either actual or ostensible. An agency is actual when the agent is really employed by the principal. An agency is ostensible when the principal intentionally or by want of ordinary care causes a third person to believe another to be the principal's agent when that person is not really employed by the principal.

(2) Except as provided in subsection (3), for purposes of a malpractice claim, as defined in 27-6-103, liability may not be imposed on a health care provider, as defined in 27-6-103, for an act or omission by a person or entity alleged to have been an ostensible agent of the health care provider at the time that the act or omission occurred.
(3) (a) Subsection (2) is not applicable unless the health care provider has, by instituted a policy or practice, ensured requiring that those persons providing independent professional services to have insurance of a type and in the amount required by the rules and regulations of the medical staff, by the medical staff bylaws, or by other similar health care facility rules or regulations. The insurance provided for in this subsection must be in effect for the period of time during which a medical malpractice action must be brought as provided in 27-2-205.

(b) Failure of a health care provider providing independent professional services to comply with a policy or practice implementing subsection (3)(a) constitutes unprofessional conduct pursuant to 37-1-316(18) and [section 3].”

Section 2. Section 37-1-316, MCA, is amended to read:

“37-1-316. Unprofessional conduct. The following is unprofessional conduct for a licensee or license applicant governed by this chapter:

(1) conviction, including conviction following a plea of nolo contendere, of a crime relating to or committed during the course of the person’s practice or involving violence, use or sale of drugs, fraud, deceit, or theft, whether or not an appeal is pending;

(2) permitting, aiding, abetting, or conspiring with a person to violate or circumvent a law relating to licensure or certification;

(3) fraud, misrepresentation, deception, or concealment of a material fact in applying for or assisting in securing a license or license renewal or in taking an examination required for licensure;

(4) signing or issuing, in the licensee’s professional capacity, a document or statement that the licensee knows or reasonably ought to know contains a false or misleading statement;

(5) a misleading, deceptive, false, or fraudulent advertisement or other representation in the conduct of the profession or occupation;

(6) offering, giving, or promising anything of value or benefit to a federal, state, or local government employee or official for the purpose of influencing the employee or official to circumvent a federal, state, or local law, rule, or ordinance governing the licensee’s profession or occupation;

(7) denial, suspension, revocation, probation, fine, or other license restriction or discipline against a licensee by a state, province, territory, or Indian tribal government or the federal government if the action is not on appeal, under judicial review, or has been satisfied.

(8) failure to comply with a term, condition, or limitation of a license by final order of a board;

(9) revealing confidential information obtained as the result of a professional relationship without the prior consent of the recipient of services, except as authorized or required by law;

(10) addiction to or dependency on a habit-forming drug or controlled substance as defined in Title 50, chapter 32, as a result of illegal use of the drug or controlled substance;

(11) use of a habit-forming drug or controlled substance as defined in Title 50, chapter 32, to the extent that the use impairs the user physically or mentally;

(12) having a physical or mental disability that renders the licensee or license applicant unable to practice the profession or occupation with reasonable skill and safety;
(13) engaging in conduct in the course of one’s practice while suffering from a contagious or infectious disease involving serious risk to public health or without taking adequate precautions, including but not limited to informed consent, protective gear, or cessation of practice;

(14) misappropriating property or funds from a client or workplace or failing to comply with a board rule regarding the accounting and distribution of a client’s property or funds;

(15) interference with an investigation or disciplinary proceeding by willful misrepresentation of facts, by the use of threats or harassment against or inducement to a client or witness to prevent them from providing evidence in a disciplinary proceeding or other legal action, or by use of threats or harassment against or inducement to a person to prevent or attempt to prevent a disciplinary proceeding or other legal action from being filed, prosecuted, or completed;

(16) assisting in the unlicensed practice of a profession or occupation or allowing another person or organization to practice or offer to practice by use of the licensee’s license;

(17) failing to report the institution of or final action on a malpractice action, including a final decision on appeal, against the licensee or of an action against the licensee by:

(a) peer review committee;
(b) professional association; or
(c) local, state, federal, territorial, provincial, or Indian tribal government;

(18) failure of a health care provider, as defined in 27-6-103, to comply with a policy or practice implementing 28-10-103(3)(a);

(19) conduct that does not meet the generally accepted standards of practice. A certified copy of a malpractice judgment against the licensee or license applicant or of a tort judgment in an action involving an act or omission occurring during the scope and course of the practice is conclusive evidence of but is not needed to prove conduct that does not meet generally accepted standards.”

Section 3. Failure of health care provider to obtain insurance as unprofessional conduct. In addition to the conduct described in 37-1-316, failure of a health care provider, as defined in 27-6-103, to comply with a policy or practice implementing 28-10-103(3)(a) requiring insurance constitutes unprofessional conduct.

Section 4. Codification instruction. [Section 3] is intended to be codified as an integral part of Title 37, chapter 2, part 3, and the provisions of Title 37, chapter 2, part 3, apply to [section 3].

Section 10. Section 90-1-133, MCA, is amended to read:

“90-1-133. Comprehensive assessment on reservations. (1) The state-tribal economic development commission shall conduct an accurate, comprehensive, detailed, and objective assessment of economic conditions on each of the Indian reservations in the state. In addition to an initial assessment, the commission may also require periodic updates of the data and analysis contained in the assessment, mainly for the purpose of monitoring progress toward goals and objectives set forth by the commission.

(2) The commission, the state director of Indian affairs, or the governor may issue a request for proposals and, on the basis of a competitive bidding process, select a qualified researcher or research team from the private sector or a college or university to conduct the assessment and report findings and conclusions to the commission.

(3) If the commission has adequate financial resources, the commission may, at its discretion, conduct or commission subsequent followup studies or assessments to obtain updated information.

Section 11. Section 90-11-101, MCA, is amended to read:

“90-11-101. Legislative policy. The legislature finds and declares that:

(1) a considerable portion of the citizens of the state of Montana are American Indians;

(2) since statehood, Indian citizens of the state of Montana have lived on reservations set apart for those purposes by the United States of America, and by virtue of their isolation and supervision by the federal government, great problems of economic and social significance have arisen and presently exist;

(3) the best interests of Montana Indian tribes will be served by engaging in government-to-government relationships designed to recognize the rights, duties, and privileges of full citizenship that Indians are entitled to as citizens of this state;

(4) because the tribes are domestic dependent nations, agencies of the federal government retain jurisdiction and a fiduciary duty throughout the state of Montana for the administration of economic, social, health, education, and welfare programs for Indians;

(5) unique differences exist between the tribes, their reservations, customs, and treaties, and their respective relationships with the federal government, all of which influence the relationships among tribes and between the tribes and the state;
(6) there are sizeable numbers of off-reservation enrolled and unenrolled Indians residing in our state whose needs for social, environmental, educational, and economic assistance are borne in part by state and local agencies;

(7) programs of the state of Montana should not duplicate those supported by agencies of the federal government or tribal governments with regard to jurisdiction of Indian people, because state responsibility includes off-reservation Indians and because those Indians require assistance to coordinate their affairs with various tribal groups and federal agencies where they have no official recognition;

(8) the state and the tribes working together in a government-to-government relationship and engaging in compacts and other cooperative agreements for the benefit of Indian and non-Indian residents will promote economic development, environmental protection, education, social services support, and enduring good will;

(9) to facilitate the discussion and resolution of issues and concerns that Indian tribes have in relation to the state, the federal government, and among themselves, the coordinator shall:

(a) maintain effective tribal-state communications;

(b) assess tribal and individual Indian concerns and interests to seek ways and means of communicating these concerns and interests to relevant state agencies and to the legislature and actively assist in organizing these efforts;

(c) act as a liaison for tribes and Indian people, whether the Indian people reside on or off reservations, whenever assistance is required;

(10) the coordinator shall endeavor to assist tribes to seek agreements between the state and tribes and to work toward a consensus among the tribes and other parties on shared goals and principles.”

Section 12. Section 90-11-102, MCA, is amended to read:

“90-11-102. Duties and assistance. (1) It is the duty of the state coordinator of Indian affairs to carry out the legislative policy set forth in 90-11-101.

(c) report to the governor’s cabinet meeting concerning issues confronting Indian people and tribal governments;

(d) advise the legislative and executive branches of the state of Montana of those problems and issues;

(e) make recommendations for the alleviation of those problems and issues;

(f) serve the Montana delegation in the federal congress as an adviser and intermediary in the field of Indian affairs;

(g) act as a liaison for representative Indian organizations and groups, public and private, whenever the state coordinator's support is solicited by tribal governmental entities;
serve on the state-tribal economic development commission established in 90-1-131;

(i) report in detail at every meeting of the interim committee of the legislature responsible for acting as a liaison between the legislature and the tribal governments those actions taken by the state-tribal economic development commission established by 90-1-131 to carry out its duties; and

(j) hire, with the concurrence of the other members of the state-tribal economic development commission, a tribal business center coordinator and a federal grants coordinator, and subsequently provide administrative support for both positions.

(3) All executive and legislative agencies of state government may within the area of their expertise and authority provide assistance to tribal councils or their official designees requesting assistance on any matter relating to education, health, natural resources, and economic development on Indian reservation lands.”

(1) “Abandoned” with respect to a mark, means the occurrence of either of the following:

(a) when a mark’s use has been discontinued with intent not to resume use. Intent not to resume may be inferred from circumstances. Nonuse for 2 consecutive years constitutes prima facie evidence of abandonment.

(b) when any course of conduct of the owner, including acts of omission as well as commission, causes the mark to lose its significance as a mark.

(2) “Applicant” means the person filing an application for registration of a mark under this part or the person’s legal representatives, successors, or assigns.

(i) likely to deceive or cause confusion or mistake; or

(ii) otherwise intended to be used on or in connection with the goods or services for which a registered mark is registered.

(4) “Counterfeiter” means a person employing a counterfeit mark.

(5) “Dilution” means the lessening of the capacity of a famous mark to identify and distinguish goods or services, regardless of the presence or absence of:

(g) order a party to the action to do what is necessary to give effect to the final disposition, including undertaking medical and psychological evaluations, treatment, and counseling that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(h) order further care and treatment as the court considers in the best interests of the child that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for the proposed care and treatment. The department is the payor of last resort after all family, insurance, and other resources have been examined pursuant to 41-3-446.

(4) (a) If the court awards temporary legal custody of an abandoned child other than to the department or to a noncustodial parent, the court shall award temporary legal custody of the child to a member of the child's extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, if:

(b) If more than one extended family member satisfies the requirements of subsection (4)(a), the court may award custody to the extended family member who can best meet the child’s needs.

c) If a member of the child’s extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that custody be awarded to that family member, the department shall investigate and determine if awarding custody to the family member is in the best interests of the child. The department shall provide the reasons for any denial to the court. If the court accepts the department’s custody recommendation, the court shall inform any denied family member of the reasons for the denial to the extent that confidentiality laws allow. The court shall include the reasons for denial in the court order if the family member who is denied temporary legal custody requests it to be included.

(5) If reasonable efforts have been made to prevent removal of a child from the home or to return a child to the child’s home but continuation of the efforts is determined by the court to be inconsistent with permanency for the child, the department shall make reasonable efforts to place the child in a timely manner in accordance with a permanent plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If the court finds that reasonable efforts are not necessary pursuant to 41-3-442(1) or subsection (5) of this section, a permanency hearing must be held within 30 days of that determination and reasonable efforts must be made to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(7) If the time limitations of this section are not met, the court shall review the reasons for the failure and order an appropriate remedy that considers the best interests of the child.”

CHAPTER NO. 181

[SB 395]

AN ACT CLARIFYING AMBIGUITIES IN THE BEER FRANCHISE LAW; REAFFIRMING THE CORE PURPOSES OF THE ALCOHOLIC BEVERAGE CODE IN RELATION TO THE TWENTY-FIRST AMENDMENT TO THE UNITED STATES CONSTITUTION; CLARIFYING THE NONWAIVER NATURE OF THE PROVISIONS OF THE BEER FRANCHISE LAW; CLARIFYING THAT JUST CAUSE REQUIRES THAT THE WHOLESALER FAILED TO COMPLY WITH THE REASONABLE CONTRACTUAL REQUIREMENTS OF THE BREWER; CLARIFYING THAT THE APPOINTMENT OF A WHOLESALER TO A BRAND IN AN EXCLUSIVE TERRITORY IS NOT AFFECTED BY A TRANSFER OF OWNERSHIP OF THE MANUFACTURER OF THAT BRAND; PROVIDING THAT THE BEER FRANCHISE LAW MUST BE LIBERALLY CONSTRUED; AMENDING SECTIONS 16-1-101, 16-3-221, AND 16-3-222, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:
Section 1. Section 16-1-101, MCA, is amended to read:

"16-1-101. Citation — declaration of policy — subject matters of regulation. (1) Chapters 1 through 4 and 6 of this title may be cited as the "Montana Alcoholic Beverage Code".

(2) It is the policy of the state of Montana to effectuate and ensure the entire control of the manufacture, sale, importation, and distribution of alcoholic beverages within the state subject to the authority of the state acting through the department.

(3) This code is an exercise of the police power of the state for the protection of the welfare, health, peace, morals, and safety of the people of the state and of the state's power under the 21st amendment to the United States constitution to control the transportation and importation of alcoholic beverages into the state. The overall purposes of this code under the 21st amendment to the United States constitution are to promote temperance, create orderly markets, and aid in the collection of taxes. The provisions of this code must be broadly construed to accomplish these purposes."

Section 2. Section 16-3-221, MCA, is amended to read:

"16-3-221. Illegal acts by brewers or beer importers. (1) It is unlawful for any brewer or beer importer or any officer, agent, or representative of any brewer or beer importer to:

(a) coerce, attempt to coerce, or persuade any person licensed to sell beer at wholesale to enter into any agreement or to take any action that would violate or tend to violate any of the laws of this state or any rules promulgated by the department;

(b) sell its products in the state without a written contract, which conforms to the provisions of 16-3-221 through 16-3-226, with each appointed licensed wholesale distributor;

(c) designate or allow more than one wholesale distributor to sell or distribute a specific brand of the brewer's or beer importer's products to retail licensees in the same area, provided that nothing in this part prohibits the brewer or beer importer from designating more than one wholesale distributor to sell or distribute different brands of the same manufacturer to retail licensees in the same area;

(d) fix or maintain the price at which a wholesale distributor resells the brewer's or beer importer's products. Without limitation, it is a violation of this section if:

(i) after a wholesale distributor has exceeded a resale price increase recommended by a brewer or beer importer, the brewer or beer importer raises the price that it charges the wholesale distributor for those products within 60 days;

(ii) after a wholesale distributor has exceeded a resale price increase recommended by a brewer or beer importer, the brewer or beer importer raises the price that it charges the wholesale distributor in an amount proportionately larger than the amount that it raised the wholesale distributor’s prices initially when compared to the increase in the resale price that it recommended to the wholesale distributor; or

(iii) the brewer or beer importer links or ties its participation in promotional discounts to the wholesale distributor’s compliance with any recommended resale price."
Section 1. (c) cancel, or terminate, discontinue, or fail to renew, except for just cause or and in accordance with the current terms and standards established by the brewer or beer importer then equally applicable to all wholesalers, any agreement or contract, written or oral, or the franchise of any wholesaler existing on January 1, 1974, or entered into after that date to sell beer manufactured by the brewer or imported by the beer importer. A brewer or beer importer may, notwithstanding the preceding sentence, make reasonable classifications among wholesalers. If a brewer or beer importer cancels or terminates a wholesaler’s franchise, the brewer or beer importer has the burden of proving that the classification was reasonable and not arbitrary. After July 1, 1974, the provisions of 16-3-221 through 16-3-226 must be a part of any franchise, contract, agreement, or understanding, whether written or oral, between any wholesaler of beer licensed to do business in this state and any manufacturer or beer importer doing business with the licensed wholesaler just as though the provisions had been specifically agreed upon between the wholesaler and the manufacturer or beer importer. A wholesaler of beer licensed to conduct business in the state may not waive any of the protections or agree to any provision contrary to 16-3-221 through 16-3-226, by any conduct, including but not limited to the signing of any contract or agreement with terms contrary to those provisions.

(2) (a) Just cause as used in subsection (1)(e) means that the wholesaler failed to comply with the reasonable requirements placed on the wholesaler by the brewer or beer importer as a part of any written franchise, contract, or agreement between the parties.

(b) The sale or purchase or other restructuring of the brewer or beer importer by a successor in the manufacturing tier of the beer industry does not constitute just cause as that term is used in subsection (1)(e).

(c) For the purposes of this subsection (2), a successor means a person or entity who replaces a brewer or beer importer with regard to the right to manufacture, sell, distribute, or import a brand or brands of beer regardless of the character or form of the succession. A successor is obligated to all of the terms and conditions of any franchise, contract, agreement, or understanding, whether written or oral, in effect on the date of succession. A successor has the right to contractually require its wholesalers to comply with operational standards of performance if the standards are uniformly established for all of the successor’s wholesalers and conform to the requirements of this section.”

Section 3. Section 16-3-222, MCA, is amended to read:

“16-3-222. Mandatory provisions of brewer-wholesaler or beer importer-wholesaler contracts, agreements, and franchises. All contracts, agreements, or franchises between a brewer and a wholesaler or a beer importer and a wholesaler must specifically set forth or contain the following:

(1) that the brewer or beer importer or any officer, agent, or representative of any brewer or beer importer and the wholesaler involved mutually shall determine the size or extent of the area in which the wholesaler may sell or distribute the products of the brewer or beer importer to the retail licensees. The territory must be the territory agreed upon between the wholesaler and brewer or the wholesaler and beer importer and may not be changed without the mutual consent of both the wholesaler and brewer or the wholesaler and beer importer.

(2) the agreed-upon brands of the brewer or beer importer to be sold by the wholesaler;
(3) that the brewer or beer importer recognizes that the wholesaler is free to manage the wholesaler’s business in the manner that the wholesaler considers best and that this prerogative vests in the wholesaler the exclusive right to establish selling prices, to select the brands that the wholesaler wishes to handle, and to determine the effort and resources that the wholesaler will exert to develop and promote the sale of the brewer’s or beer importer’s products handled by the wholesaler;

(4) a procedure for the review of alleged wholesaler deficiencies asserted by the brewer or beer importer to constitute just cause as provided in 16-3-221, including the submission in writing to the wholesaler by the brewer or beer importer of the deficiencies, if the deficiencies are susceptible of correction and if the wholesaler desires to correct the deficiencies, and that a reasonable period of time must be given the wholesaler for rectification of the deficiencies prior to any notice of intent to terminate;

(5) a termination clause providing that the brewer or beer importer shall deliver, in writing, to the wholesaler a 60-day notice of intent to terminate the agreement, contract, or franchise;

(6) that all agreements between a brewer and a wholesaler are interpreted and governed by the laws of Montana and that those laws must be liberally construed to effectuate the remedial purpose of the protections of the beer franchise law contained in 16-3-221 through 16-3-226;

(7) that in any dispute resulting in litigation between a brewer or a beer importer and a wholesaler, the litigation must occur in a Montana court, either federal or state, unless that forum would create an unreasonable burden on any party, as determined by the court in which the litigation is commenced;

(8) that all agreements between a brewer or a beer importer and a wholesaler must recognize the constitutional right to a jury trial as set forth in Article II, section 26, of the Montana constitution."

Section 4. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 5. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 6. Effective date. [This act] is effective on passage and approval. Approved April 6, 2009

[HB 133]

AN ACT REVISING LAWS RELATING TO THE ADMINISTRATION OF CHILD SUPPORT ENFORCEMENT; ALLOWING ALTERNATIVE
METHODS OF PAYMENT IN LIEU OF INCOME WITHHOLDING; CONFORMING CHILD SUPPORT ASSIGNMENT PROVISIONS TO THE FEDERAL DEFICIT REDUCTION ACT OF 2005; AMENDING SECTIONS 17-4-105, 40-5-225, 40-5-403, 40-5-601, 40-5-907, 53-2-110, AND 53-2-613, MCA; AND PROVIDING EFFECTIVE DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-4-105, MCA, is amended to read:

“17-4-105. Authority to collect debt — offsets. (1) Once a debt of an agency has been transferred to the department, the department may collect it. The department may contract with commercial collection agents for recovery of debts owed to agencies.

(2) The department shall, when appropriate, offset any amount due an agency from a person or entity against any amount, including refunds of taxes, owing the person or entity by an agency. The department may not exercise this right of offset until the debtor has first been notified by the department and been given an opportunity for a hearing pursuant to 15-1-211. An offset may not be made against any amount paid out as child support collected by the department of public health and human services. The department shall deduct from the claim and draw warrants for the amounts offset in favor of the respective agencies to which the debt is due and for any balance in favor of the claimant. Whenever insufficient to offset all amounts due the agencies, the amount available must be applied first to debts owed by reason of the nonpayment of child support and then in the manner determined appropriate by the department.

(3) (a) The department may enter into an agreement with the federal government to offset against tax refunds payable by the federal government and pay to this state those any taxes or other debts owed to an agency of this state.

(b) (i) The department may enter into an agreement with another state or an agency of another state to offset against tax refunds payable by the other state or agency of the other state and pay to this state those any taxes or other debts owed to this state or an agency of this state.

(ii) To facilitate an agreement of the kind authorized by subsection (3)(b)(i), the department may enter into an agreement that allows the other state or agency of the other state to offset against tax refunds payable by this state the whole or part of an amount owed for taxes to the other state or agency of the other state. However, the department may enter into an agreement of the type authorized by this subsection (3)(b)(ii) only if the other state or agency of the other state allows this state or an agency of this state to offset against tax refunds owed by the other state or agency of the other state any taxes or other debts owed to this state or an agency of this state.

(c) A state or agency of another state entering into an agreement with the department pursuant to subsection (3)(b)(ii) may not exercise the offset against tax refunds unless the other state or agency of the other state has notified the taxpayer of the taxes due and has given the taxpayer an opportunity for review or appeal of the tax debt. Another state or agency of another state intending to offset taxes shall provide the department with proof of notification and opportunity for review or appeal before the offset is exercised.

(4) (a) A debt owed to the department of public health and human services or being collected by the department of public health and human services on behalf of any person or agency may be offset by the department if the debt is being
enforced or collected by the department of public health and human services under Title IV-D of the Social Security Act.

(b) The debt does not need to be determined to be uncollectible as provided for in 17-4-104 before being transferred to the department for offset. The debt must have accrued through written contract, court judgment, or administrative order, or a distribution the recipient was not entitled to retain as described in 40-5-910.

(c) Within 30 days following the notification provided for in subsection (2), the person owing a debt described in subsection (4)(a) may request a hearing. The request must be in writing and be mailed to the department. The person owing a debt is not entitled to a hearing if the amount of the debt has been the subject matter of any proceeding conducted for the purpose of determining the validity of the debt and a decision made as a result of that proceeding has become final. The hearing must initially be conducted by teleconferencing methods and is subject to the provisions of the Montana Administrative Procedure Act. The department of public health and human services shall adopt rules governing the hearing procedures.

(5) If the department determines that a person or entity has refused or neglected to file a claim within a reasonable time, the head of the state agency owing the amount shall file the claim on behalf of the person or entity. If the claim is approved by the department, the claim has the same force and effect as though it were filed by the person or entity. The amount due any person or entity from the state or any agency of the state is the net amount otherwise owing the person or entity after any offset, as provided in this section.

(6) A debt owed to a state agency by a local government may not be offset against a payment due to a local government pursuant to 15-1-121."

Section 2. Section 40-5-225, MCA, is amended to read:

“40-5-225. Notice of financial responsibility — temporary and final support obligations — administrative procedure. (1) In the absence of an existing support order, when the requirements of this section are met, the department may enter an order requiring a child’s parent or parents to pay an amount each month for the support of the child. An order issued under this section must include a medical support order as required by 40-5-208.

(2) The department shall begin an action to establish a support order by serving a notice of financial responsibility on the parent or parents. The notice must include a statement:

(a) of the names of the child, the obligee, and, if different than the obligee, the child’s guardian or caretaker relative;

(b) of the dollar amount of the support obligation to be paid each month for the child, if any;

(c) that the monthly support obligation, if any, is effective on the date of service of the notice, unless an objection is made and a hearing is requested, and may be collected during the proceeding that establishes the support obligation by any remedy available to the department for the enforcement of child support obligations;

(d) that in addition to or independent of child support, the parent or parents may be ordered to provide for the child’s medical support needs;

(e) that any party may request a hearing to contest the amount of child support shown in the notice or to contest the establishment of a medical support order;
(f) that if a party does not timely file a request for a hearing in a timely manner, support, including medical support, will be ordered as declared in the notice or in accordance with the child support guidelines adopted under 40-5-209;

(g) that if a party does request a hearing, the other parties may refuse to participate in the proceedings and that the child support and medical support order will be determined using the information available to the department or provided at the hearing;

(h) that a party’s refusal to participate is a consent equivalent to consenting to entry of a child support and medical support order consistent with the department’s determination; and

(i) that the parties are entitled to a fair hearing under 40-5-226.

(3) (a) If the department may enter an order requiring a child’s parent or parents to pay an amount each month for the temporary support of the child pending entry of a support order by the district court if:

(i) a support action is pending in district court and a temporary or permanent support obligation has not been ordered; or

(ii) if a paternity action is pending and there is clear and convincing evidence of paternity based on paternity blood tests or other evidence, the department may enter an order requiring a child’s parent or parents to pay an amount each month for the temporary support of the child pending entry of a support order by the district court.

(b) The temporary support order must include a medical support order as required by 40-5-208.

(c) A temporary support order may be modified by the department as provided in 40-5-272, 40-5-273, 40-5-277, and 40-5-278 but remains a temporary support order subject to the provisions of this section.

(4) An action to establish a temporary support order must be commenced by serving a notice of temporary support obligation on the parent or parents. In addition to the statements required in subsection (2), the notice must include a statement that:

(a) a party may request a hearing to show that a temporary support obligation is inappropriate under the circumstances; and

(b) the temporary support order will terminate upon the entry of a final support order or an order of nonpaternity. If the final order is retroactive, any amount paid for a particular period under the temporary support order must be credited against the amounts due under the final order for the same period, but excess amounts may not be refunded. If an order of nonpaternity is issued or if the final support order states that periodic support obligation is not proper, the obligee shall refund to the obligor any improper amounts paid under the temporary support order, plus any costs that the obligor incurs in recovering the amount to be refunded.

(5) (a) If a temporary support order is entered or if proceedings are commenced under this section for a married obligor, the department shall vacate any support order or dismiss any proceeding under this part if it finds that the parties to the marriage have:

(i) reconciled without the marriage having been dissolved;

(ii) made joint application to the department to vacate the order or dismiss the proceeding; and
(iii) provided proof that the marriage has been resumed.

(b) The department may not vacate a support order or dismiss a proceeding under this subsection (5) if it determines that the rights of a third person or the child are affected. The department may issue a new notice of temporary support obligation under this section if the parties subsequently separate.

(6) A notice of financial responsibility and the notice of temporary support obligation may be served either by certified mail or in the manner prescribed for the service of a summons in a civil action in accordance with the Montana Rules of Civil Procedure.

(7) If prior to service of a notice under this section the department has sufficient financial information, the department’s allegation of the obligor’s monthly support responsibility, whether temporary or final, must be based on the child support guidelines established under 40-5-214. If the information is unknown to the department, the allegations of the parent’s or parents’ monthly support responsibility must be based on the greater of:

(a) the maximum amount of public assistance that could be payable to the child under Title 53 if the child was otherwise eligible for assistance; or

(b) the child’s actual need as alleged by the custodial parent, guardian, or caretaker of the child.

(8) (a) A party who objects to a notice of financial responsibility or notice of temporary support obligation may file a written request for a hearing with the department:

(i) within 20 days from the date of service of a notice of financial responsibility; and

(ii) within 10 days from the date of service of a notice of temporary support obligation.

(b) If the department receives a timely request for a hearing, it shall conduct one under 40-5-226.

(c) If the department does not receive a timely request for a hearing, it shall order the parent or parents to pay child support, if any, and to provide for the child’s medical needs as stated in the notice. The child support obligation must be the amount stated in the notice or determined in accordance with the child support guidelines adopted under 40-5-209.

(9) If the department is unable to enter an obligation in accordance with the child support guidelines because of default of a party, the department may, upon notice to the parties to the original order, substitute a support order made in accordance with the guidelines for the defaulted order.

(10) After establishment of an order under this section, the department may initiate a subsequent action on the original order to establish a child support or medical support obligation for another child of the same parents.

(11) A child support and medical support order under subsection (1) is effective as of the date of service of a notice of financial responsibility on the parent or parents and may be collected by any remedy available to the department for the enforcement of child support obligations. A final order is retroactive to the date of service of the notice of financial responsibility as provided in this subsection, except that the final order may also determine child support for a prior period as provided in 40-5-226(3).

(12) A child support and medical support order under subsection (1) continues until the child reaches 18 years of age or until the child’s graduation
from high school, whichever occurs later, but not later than the child’s 19th birthday, unless the child is sooner emancipated by court order at an earlier time. A temporary support obligation established under subsection (3) continues until terminated as provided in subsection (5) or until the temporary support order is superseded by a final order, judgment, or decree.”

(1) For purposes of this section, “support” means child support; spousal support; health insurance, medical, dental, and optical payments; day-care expenses; and any other payments due as support under a court or administrative order. Submission of health insurance claims is a support obligation if health insurance coverage is ordered.

(5) The obligated person is presumed to be in contempt upon a showing that:

   (a) has insufficient income to pay the arrearages;
   (b) lacks personal or real property that can be sold, mortgaged, or pledged to raise the needed sum;
   (c) has unsuccessfully attempted to borrow the sum from a financial institution;

   (f) cannot, for some other reason, reasonably comply with the order.

(8) In addition to the requirement of subsection (7), the obligated person shall also show by clear and convincing evidence that factors constituting the excuse were not occasioned or caused by the obligated person voluntarily:

   (e) incurring debts subsequent to entry of the support order that impair the obligated person’s ability to pay support.

(9) If the obligated person is not excused under subsections (7) and (8), the district court shall find the obligated person in contempt of the support order. For each failure to pay support under the order, the district court shall order punishment as follows:

   (d) any combination of the penalties in subsections (9)(a) through (9)(c).

(10) An order under subsection (9) must include a provision allowing the obligated person to purge the contempt. The obligated person may purge the contempt by complying with an order requiring the obligated person to:
   (a) seek employment and periodically report to the district court all efforts to find employment;
   (b) meet a repayment schedule;

(e) the applicant understands and acknowledges in writing on the application that this license prohibits the applicant from being licensed to conduct any gaming or gambling activity or operate any gambling machines and that if any gaming or gambling activity or machine exists at the location where the restaurant beer and wine license will be used, the activity must be discontinued or the machines must be removed before the restaurant beer and wine license takes effect; and

(f) the applicant states the planned seating capacity of the restaurant, if it is to be built, or the current seating capacity if the restaurant is operating.

(2) (a) A restaurant that has an existing retail license for the sale of beer, wine, or any other alcoholic beverage may not be considered for a restaurant beer and wine license at the same location.

(b) (i) An on-premises retail licensee who sells the licensee’s existing retail license may not apply for a license under this section for a period of 1 year from the date that license is transferred to a new purchaser.

(ii) A person, including an individual, with an ownership interest in an existing on-premises retail license that is being transferred to a new purchaser may not attain an ownership interest in a license applied for under this section for a period of 1 year from the date that the existing on-premises retail license is transferred to a new purchaser.

(3) A completed application for a license under this section and the appropriate application fee, as provided in subsection (11), must be submitted to the department. The department shall investigate the items relating to the application as described in subsections (3)(a) through (3)(d). Based on the results of the investigation and the exercise of its sound discretion, the department shall determine whether:

(a) the applicant is qualified to receive a license;
(b) the applicant’s premises are suitable for the carrying on of the business;

c) the requirements of this code and the rules promulgated by the department are complied with; and

d) the seating capacity stated on the application is correct.

(4) An application for a beer and wine license submitted under this section is subject to the provisions of 16-4-203, 16-4-207, and 16-4-405.

(5) If a premises proposed for licensing under this section is a new or remodeled structure, then the department may issue a conditional license prior to completion of the premises based on reasonable evidence, including a statement from the applicant’s architect or contractor confirming that the seating capacity stated on the application is correct, that the premises will be suitable for the carrying on of business as a bona fide restaurant, as defined in subsection (6).

(6) (a) For purposes of this section, “restaurant” means a public eating place:

(i) where individually priced meals are prepared and served for on-premises consumption;

(ii) at least 65% of the restaurant’s annual gross income from the operation must be from the sale of food and not from the sale of alcoholic beverages. Each year after a license is issued, the applicant shall file with the department a statement, in a form approved by the department, attesting that at least 65% of the gross income of the restaurant during the prior year resulted from the sale of food.

(iii) the restaurant must have a dining room, a kitchen, and the number and kinds of employees necessary for the preparation, cooking, and serving of meals in order to satisfy the department that the space is intended for use as a full-service restaurant; and

(iv) A full-service restaurant is a restaurant that provides an evening dinner meal at least 4 days a week for at least 2 hours a day between the hours of 5 p.m. and 11 p.m. The provisions of this subsection (6)(a)(iv) and subsection (6)(b) do not apply to a restaurant for which a restaurant beer and wine license is in effect as of [the effective date of this act] or to subsequent renewals of that license.

(b) The term does not mean a fast-food restaurant that, excluding any carry-out business, serves a majority of its food and drink in throw-away containers not reused in the same restaurant.

(7) (a) (i) Subject to the conditions of subsection (7)(a)(ii), a restaurant beer and wine license may be transferred, upon approval by the department, from the original applicant to a new owner of the restaurant if there is no change of location, and the original owner may transfer location after the license is issued by the department to a new location, upon approval by the department.

(ii) A new owner may not transfer the license to a new location for a period of 1 year following the transfer of the license to the new owner only after 1 year of use by the original owner.

(b) A license issued under this section may be jointly owned, and the license may pass to the surviving joint tenant upon the death of the other tenant. However, the license may not be transferred to any other person or entity by operation of the laws of inheritance or succession or any other laws allowing the transfer of property upon the death of the owner in this state or in another state.
(c) An estate may, upon the sale of a restaurant that is property of the estate and with the approval of the department, transfer a restaurant beer and wine license to a new owner.

(8) (a) The department shall issue a restaurant beer and wine license to a qualified applicant:

(i) except as provided in subsection (8)(c), for a restaurant located in a quota area with a population of 5,000 persons or fewer, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than 80% of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105;

(ii) for a restaurant located in a quota area with a population of 5,001 to 20,000 persons, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than 160% of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105;

(iii) for a restaurant located in a quota area with a population of 20,001 to 60,000 persons, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than 100% of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105;

(iv) for a restaurant located in a quota area with a population of 60,001 persons or more, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than 80% of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105; and

(v) for a restaurant located in a quota area that is also a resort community, as the resort community is designated by the department of commerce under 7-6-1501(5), if the number of restaurant beer and wine licenses issued in the quota area that is also a resort community is equal to or less than 200% of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105.

(b) In determining the number of restaurant beer and wine licenses that may be issued under this subsection (8) based on the percentage amounts described in subsections (8)(a)(i) through (8)(a)(v), the department shall round to the nearer whole number.

(c) If the department has issued the number of restaurant beer and wine licenses authorized for a quota area under subsection (8)(a)(i), there must be a one-time adjustment of four additional licenses for that quota area.

(d) If there are more applicants than licenses available in a quota area, then the license must be awarded by lottery as provided in subsection (9).

(9) (a) When a restaurant beer and wine license becomes available by the initial issuance of licenses under this section or as the result of an increase in the population in the quota area, the nonrenewal of a restaurant beer and wine license, or the lapse or revocation of a license by the department, then the department shall advertise the availability of the license in the quota area for which it is available. If there are more applicants than number of licenses available, the license must be awarded to an applicant by a lottery.

(b) 

A preference must be given to an applicant who does not yet have in any quota area a restaurant beer and wine license or a retail beer license and who operates a restaurant that is in the quota area described in subsection (8) in
which the license has become available and that meets the qualifications of subsection (6) for at least 12 months prior to the filing of an application must be given a preference, and any unsuccessful lottery applicants from previous selections must also be given a preference. An applicant with both preferences a preference must be awarded a license before any applicant with only one without a preference.

(c) The department shall numerically rank all applicants in the lottery. Only the successful applicants will be required to submit a completed application and a one-time required fee. An applicant’s ranking may not be sold or transferred to another person or entity. The preference and an applicant’s ranking apply only to the intended license advertised by the department or to the number of licenses determined under subsection (8) when there are more applicants than licenses available. The applicant’s qualifications for any other restaurant beer and wine license awarded by lottery must be determined at the time of the lottery.

(d) If a successful lottery applicant does not use a license within 1 year of notification by the department of license eligibility, the applicant shall forfeit the license. The department shall refund any fees paid except the application fee and offer the license to the next eligible ranked applicant in the lottery.

(10) Under a restaurant beer and wine license, beer and wine may not be sold for off-premises consumption.

(11) An application for a restaurant beer and wine license must be accompanied by a fee equal to 20% of the initial licensing fee. If the department does not make a decision either granting or denying the license within 4 months of receipt of a complete application, the department shall pay interest on the application fee at the rate of 1% a month until a license is issued or the application is denied. Interest may not accrue during any period that the processing of an application is delayed by reason of a protest filed pursuant to 16-4-203 or 16-4-207. If the department denies an application, the application fee, plus any interest, less a processing fee established by rule, must be refunded to the applicant. Upon the issuance of a license, the licensee shall pay the balance of the initial licensing fee. The amount of the initial licensing fee is determined according to the following schedule:

(a) $5,000 for restaurants with a stated seating capacity of 60 persons or less;
(b) $10,000 for restaurants with a stated seating capacity of 61 to 100 persons; or
(c) $20,000 for restaurants with a stated seating capacity of 101 persons or more.

(12) The annual fee for a restaurant beer and wine license is $400.

(13) If a restaurant licensed under this part increases the stated seating capacity of the licensed restaurant or if the department determines that a licensee has increased the stated seating capacity of the licensed restaurant, then the licensee shall pay to the department the difference between the fees paid at the time of filing the original application and issuance of a license and the applicable fees for the additional seating.

(14) The number of beer and wine licenses issued to restaurants with a stated seating capacity of 101 persons or more may not exceed 25% of the total licenses issued.
Possession of a restaurant beer and wine license is not a qualification for licensure of any gaming or gambling activity. A gaming or gambling activity may not occur on the premises of a restaurant with a restaurant beer and wine license.

automobile glass replacement, glass repair services, or glass products insured, in whole or in part, under the terms of an insurance policy.

(2) (a) An insurance company may provide an insured with a list that includes the names of particular companies or locations providing automobile glass replacement, glass repair services, or glass products if some of the listed companies or locations are reasonably close and convenient to the insured. The insurance company may restrict the list to those companies or locations that meet reasonable standards of quality, service, and safety.

(b) The insured may use a nonlisted company or location at the insured’s sole discretion, and subject to the provisions of subsections (2)(c) and (3), the insurance company will fully and promptly pay for the cost of automobile glass replacement, glass repair services, or glass products provided, less any deductible under the terms of the policy.

(c) If the insured does not use a list as provided in subsection (2)(a), the insurer may require the insured to obtain not more than three competitive bids to establish the cost of automobile glass replacement, glass repair services, or glass products provided.

(3) This section does not require an insurer to pay more for automobile glass replacement, glass repair services, or glass products than the lowest prevailing market price as defined in 33-18-222.

Section 3. Section 33-18-223, MCA, is amended to read:

“33-18-223. Prohibited activities — glass broker defined. (1) It is unlawful for an insurance company, individually or with others, to directly or indirectly:

(b) establish an agreement with a glass broker that requires a glass repair shop to bill through that glass broker as a condition of doing glass replacement or glass repair work; or

(c) establish a price that must be met by a glass repair shop as a condition for doing glass replacement or glass repair work that is below the lowest prevailing market price as provided in 33-18-222.
As used in this section, “glass broker” means an automobile glass company that acts as a third-party agent for the insurer whenever the glass broker enters into agreements with other automobile glass dealers to perform glass replacement or glass repair work.

Section 4. Section 33-18-224, MCA, is amended to read:

“33-18-224. Designation of specific automobile body repair businesses prohibited. (1) (a) An insurance company, including its producers and adjusters, that issues or renews a policy of insurance in this state covering, in whole or in part, a motor vehicle may not:

(i) require that a claimant under the policy use a particular automobile body repair business or location for an estimate or a repair; or

(ii) engage in any act or practice that intimidates, coerces, or threatens a claimant or that provides an incentive or inducement for a claimant to use a particular automobile body repair business or location.

(b) An insurance company, including its producers and adjusters, that issues or renews a policy of insurance in this state covering, in whole or in part, a motor vehicle may have access to the motor vehicle for purposes of preparing a competitive estimate.

(2) (a) Except as provided in subsection (2)(b), if an insurance company has direct repair programs with automobile body repair businesses or locations, the insurance company may not limit the number of automobile body repair businesses or locations with whom it maintains direct repair programs.

(b) An insurance company may limit the number of automobile body repair businesses or locations participating in the insurance company's direct repair program to those automobile body repair businesses or locations that comply with the provisions of subsection (2)(c). An insurance company is not required to establish a direct repair program in a particular market area in which the insurance company's number of policyholders does not support establishing a direct repair program with any automobile body repair business or location.

(c) Upon request, the insurance company shall provide, without prejudice or bias, the claimant with a list that includes all automobile body repair businesses or locations that are reasonably close or convenient to the claimant and willing to provide services and that meet the insurance company's criteria regarding whether the automobile body repair business or location:

(i) possesses the equipment necessary to undertake repairs;

(ii) undertakes training of management and technical personnel with respect to repair information and the claims process;

(iii) agrees to perform quality repairs at the prevailing competitive market price and that meet reasonable industry repair standards;

(iv) agrees to warrant the quality of work, including refinishing, in writing to the claimant, for a period of not less than 1 year from the date of repair;

(v) agrees to inspection of its repairs and services by the insurance company and agrees that the insurance company may terminate the direct repair program with the automobile body repair business or location if the repairs and services are below the standards of quality required by the insurance company; and

(vi) if requested, agrees to execute an agreement with the insurance company that may contain additional criteria that are not designed to unfairly limit the number of automobile body repair businesses or locations with whom
the insurance company maintains direct repair programs. The additional
criteria may include criteria determined to be necessary by the insurance
comp any and designed to ensure that the automobile body repair business or
location has the necessary estimating systems and programs and equipment to
communicate electronically with the insurance company and that the
automobile body repair business or location has taken steps to ensure the
privacy of the insurance company and the claimant.

(d) If the claimant requests the list provided for in subsection (2)(c), the
insurance company shall inform the claimant that the claimant may use an
automobile body repair business or location at the sole discretion of the
claimant.

(3) For the purposes of this section, an incentive or inducement does not
include:

(a) providing a claimant with the list provided for in subsection (2)(c); or

(b) referring to a warranty issued by an automobile body repair business or
location.

(4) The claimant may use an automobile body repair business or location at
the claimant’s sole discretion, and the insurance company shall pay for the
reasonable and necessary cost of the automobile body repair services for covered
damages, less any deductible under the terms of the policy. This section does not
require an insurer to pay more for automobile body repair services than the
lowest prevailing market price, as defined in 33-18-222.

(5) If the claimant uses an automobile body repair business or location that
is not on a list provided for in subsection (2)(c), the insurance company may not
be held liable for any repair work performed by the automobile body repair
business or location chosen by the claimant.

(6) It is unlawful for an automobile body repair business or location to charge
or agree to charge a claimant more than an uninsured customer for any
automobile body repair service.

(7) An insurance company that contracts with an independent adjuster may
not be held liable for the independent adjuster’s failure to comply with the terms
of this section.

(8) For purposes of this section:

(a) “automobile body repair business or location” does not include a business
or location that exclusively provides automobile glass replacement, glass repair
services, or glass products;

(b) “claimant” means the person seeking repair of a motor vehicle whether
that person is the insured person or a third party making a claim against the
insurer.”

A person who has purchased a conservation license and a resident fishing license or game bird license for a particular license year and who is subsequently certified as disabled is entitled to a refund for the fishing license or game bird license previously purchased for that license year. A person who is certified as disabled pursuant to subsection (3) and who was issued a permit to hunt from a vehicle for license year 2000 or a subsequent license year is automatically entitled to a permit to hunt from a vehicle for subsequent license years if the criteria for obtaining a permit does not change.

CHAPTER NO. 201
[HB 190]

AN ACT REVISION LAWS RELATED TO ACCESS TO STATE WATERS FROM COUNTY ROADS AND BRIDGES; PROVIDING THAT A FENCE ATTACHED TO OR ABUTTING A COUNTY ROAD BRIDGE IS NOT CONSIDERED AN ENCROACHMENT UNDER CERTAIN CIRCUMSTANCES; PROVIDING FOR PUBLIC ACCESS TO SURFACE WATERS FOR RECREATIONAL USE FROM A COUNTY ROAD RIGHT-OF-WAY AND FROM A COUNTY BRIDGE, ITS RIGHT-OF-WAY, AND ITS ABUTMENTS; PROVIDING FOR PUBLIC PASSAGE TO SURFACE WATERS THROUGH COUNTY ROAD AND BRIDGE RIGHTS-OF-WAY WHILE MAINTAINING LIVESTOCK CONTROL OR PROPERTY MANAGEMENT; REQUIRING THE DEPARTMENT OF FISH, WILDLIFE, AND PARKS TO NEGOTIATE WITH AFFECTED LANDOWNERS TO PROVIDE METHODS TO ENSURE PUBLIC PASSAGE TO SURFACE WATERS FOR RECREATIONAL PURPOSES WHILE MAINTAINING LIVESTOCK CONTROL OR PROPERTY MANAGEMENT; PROVIDING FOR PAYMENT OF THE COSTS OF ANY FENCE MODIFICATION NECESSARY TO PROVIDE FOR PUBLIC PASSAGE; AMENDING SECTION 7-14-2134, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.
WHEREAS, the Legislature finds that significant controversy has existed related to public access to streams and rivers from county road and bridge rights-of-way; and

WHEREAS, a Montana Attorney General’s Opinion in 2000 (48 A.G. Op. 13) held that the use of a county road right-of-way to gain access to streams and rivers is consistent with and reasonably incidental to the public’s right to travel on county roads and that the public may gain access to streams and rivers by using the bridge, its right-of-way, and its abutments; and

WHEREAS, during the 2007-08 interim a group of stakeholders met to address the controversy and agreed in principle that a legislative solution was preferable and that past legislative attempts may have failed because they were overly complex; and

WHEREAS, the stakeholders also agreed in principle that any proposed legislation needed to provide:

(1) that a fence in a county road right-of-way abutting a bridge should not be considered an encroachment;

(2) that the public may access streams and rivers from a county road or bridge right-of-way, but that the public must stay in the right-of-way to gain access;

(3) that the legislation neither create any right nor extinguish any right related to county roads established by prescriptive use that exist at the time of passage;

(4) a process to define the physical characteristics of a fence used for public access in county road and bridge rights-of-way; and

(5) an approach with broad scope rather than an attempt to resolve a myriad of possible contingencies; and

WHEREAS, the stakeholders determined that each of these provisions was integral to the others and that if any section of the proposed legislation containing the agreed-upon principles was removed, the entire legislation should be void.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-14-2134, MCA, is amended to read:

“7-14-2134. Removal of highway encroachment. (1) If Except as provided in subsection (4) and as clarified in sections 2 and 3, if any highway is encroached upon by fence, building, or otherwise, the road supervisor or county surveyor of the district must give notice, orally or in writing, requiring the encroachment to be removed from the highway.

(2) If the encroachment obstructs and prevents the use of the highway for vehicles, the road supervisor or county surveyor must shall immediately remove the same encroachment.

(3) The board of county commissioners may at any time order the road supervisor or county surveyor to immediately remove any encroachment.

(4) This section does not apply to a fence for livestock control or property management that is in a county road right-of-way and that is attached to or abuts a county road bridge edge, guardrail, or abutment if the fence and bridge appurtenances are not on the roadway, as defined in 61-1-101. Any fence described in this subsection must comply with [section 3].”
Section 2. Access to surface waters by public bridge or county road right-of-way. (1) A person may gain access to surface waters for recreational use by using:

(a) a public bridge, its right-of-way, and its abutments; and
(b) a county road right-of-way.

(2) When accessing surface waters pursuant to subsection (1), a person shall stay within the road or bridge right-of-way. Absent definition in an easement or deed to the contrary, the width of a bridge right-of-way is the same width as the right-of-way of the road to which the bridge is attached.

(3) The provisions in [sections 1 and 3] and this section related to public access to surface waters for recreational use neither create nor extinguish any right related to county roads established by prescriptive use that exist on [the effective date of this act].

(4) For purposes of determining liability, a person accessing surface waters for recreational use pursuant to this section is owed no duty by a landowner or an agent or tenant of that landowner other than for an act or omission that constitutes willful or wanton misconduct.

Section 3. Fencing for livestock control and public passage — negotiation — costs. (1) At county road bridges for which public access is authorized pursuant to [section 2], each fence attached to or abutting a county road bridge edge, guardrail, or abutment for livestock control or for property management pursuant to 7-14-2134(4) must provide for public passage to surface waters for recreational use pursuant to this section.

(2) (a) If a dispute arises regarding public passage pursuant to subsection (1), the department, pursuant to the department's policy in 87-1-229 to work with private land managers to resolve and reduce user conflicts, shall negotiate with the affected landowner regarding the characteristics of an access feature of a legal fence for public passage and livestock control or property management. Examples of an access feature of a legal fence that provides public passage and livestock control or property management may include:

(i) a stile;
(ii) a gate;
(iii) a roller;
(iv) a walkover;
(v) a wooden rail fence that provides for passage; or
(vi) any other method designed for public passage and livestock control or property management.

(b) One access feature, as described in subsection (2)(a), on each side of the stream is sufficient. When practicable, one access feature must be located on the downstream bridge edge, guardrail, or abutment. The department may waive these provisions when one access feature is sufficient.

(c) If the landowner and the department cannot reach agreement within 60 days after the department's initial contact with the landowner for negotiation, the department shall provide the landowner with options for methods to provide public passage while controlling livestock or managing property. If the landowner does not choose one of the method options within 30 days after the options are offered, the department shall choose and then may install one of the method options.
(3) The department, in cooperation with other interested parties, shall provide the materials, installation, and maintenance of any fence modifications necessary to provide public passage as required by this section.

Section 4. Codification instruction. [Sections 2 and 3] are intended to be codified as an integral part of Title 23, chapter 2, part 3, and the provisions of Title 23, chapter 2, part 3, apply to [sections 2 and 3].

Section 5. Nonseverability. It is the intent of the legislature that each part of [this act] is essentially dependent upon every other part, and if one part is held unconstitutional or invalid, all other parts are invalid.

Section 6. Effective date. [This act] is effective on passage and approval.

ii. Subsections (1) through (8) of 85-2-407, MCA, provided, however, that the term of any such Lease may be for up to 99 years, and the DNRC may approve the renewal of such a Lease for a period of up to 99 years; and

iii. 85-2-408, MCA.

If the assignee is the party submitting the change application (pursuant to 85-2-402 and 85-2-407, MCA) on behalf of the Tribe, the assignee must first have obtained approval of the Lease from the Tribe pursuant to the Tribal Water Code.

d. In the event that, after the Effective Date of this Compact, the Montana legislature substantively amends or repeals any of the sections identified in Article IV.D.2.c, the Tribe and the DNRC shall meet no later than 60 days after the effective date of the State legislative action amending or repealing to determine whether the provisions set forth in Article IV.D.2.c or the new provisions of State law shall govern the process for off-Reservation Leases under this Compact. In the event that the Tribe and the DNRC are unable to agree, the provisions of Article IV.D.2.c shall remain in effect. Any modification to the provisions of Article IV.D.2.c agreed to by the Tribe and the DNRC in response to future State legislative action shall be pursuant to and not a modification or amendment to this Compact.

e. If the Tribe receives a good faith offer from a Person for Lease of a portion of the Tribal Water Right in Birch Creek pursuant to Article III.C.1.c to an off-Reservation point of diversion or place of use, or in the Badger Creek Drainage set forth in Article III.D.1 to an off-Reservation point of diversion or place of use, and if delivery facilities exist to otherwise allow the diversion of Badger Creek water into Birch Creek, the Tribe shall allow holders of Water
Rights Arising Under State Law using water out of Birch Creek the first opportunity to acquire use of such rights on the same terms and conditions as the good faith offer.

f. If the Tribe receives a good faith offer from a Person for Lease of a portion of the Tribal Water Right in the Cut Bank Creek Drainage set forth in Article III.E.1 to an off-Reservation point of diversion or place of use, the Tribe shall allow holders of Water Rights Arising Under State Law using water from the Cut Bank Creek Drainage the first opportunity to acquire use of such rights on the same terms and conditions as the good faith offer.

g. If the Tribe receives a good faith offer from a Person for Lease of a portion of the Tribal Water Right in the Milk River Drainage set forth in Article III.F.1 to an off-Reservation point of diversion or place of use, the Tribe shall allow holders of Water Rights Arising Under State Law using water from the Milk River Drainage the first opportunity to acquire use of such rights on the same terms and conditions as the good faith offer.

h. If the Tribe receives a good faith offer from a Person for Lease of a portion of the Tribal Water Right in the St. Mary River set forth in Article III.G to an off-Reservation point of diversion or place of use, the Tribe shall allow water users receiving water from the Milk River Project the first opportunity, and other Milk River water users the second opportunity, to acquire use of such rights on the same terms and conditions as the good faith offer.

i. Except as may be provided by Congress, the off-Reservation use of any portion of the Tribal Water Right set forth in Article III.C.1.b, III.D.1, III.E.1 or III.F.1 is limited to a place of use within the Missouri River Basin.

j. No Lease of any portion of the Tribal Water Right may permanently alienate the water right.

k. The Tribe or any Person using diversion or transportation facilities located off the Reservation in connection with a use of the Tribal Water Right shall apply for and obtain all permits, certificates, variances and other authorizations required by State laws regulating, conditioning or permitting the siting, construction, operation, alteration or use of any equipment, device, facility or associated facility proposed to use or transport water, prior to exercising a use of the Tribal Water Right off the Reservation.

a. Change in Place of Use. The Tribe may change or authorize a change in the place of use of the water right set forth in Article III.C.1.a only if:

i. the proposed change in place of use is to the Badger-Fisher Unit of the Blackfeet Irrigation Project, or to other areas of the Birch Creek Drainage served by water out of the Badger Creek Drainage; and

ii. there is a need for irrigation water beyond available supplies in those areas due to constraints imposed on the Badger-Fisher Unit by the physical availability of water other than as a result of Leases, a failure of delivery capabilities, or significant adverse environmental impacts of continued delivery of Badger Creek water due to degraded delivery systems or otherwise; and

iii. total annual diversions to the Badger-Fisher Unit pursuant to the water right set forth in Article III.C.1.a do not exceed the volume of water needed to supply 75% of the net irrigation requirement for a crop mix of 75% alfalfa and 25% small grains delivered at 50% efficiency for 6000 acres, and the flow rate of the right set forth in Article III.C.1.a for use in the Upper Birch Creek Drainage...
is reduced by the flow rate of water being diverted for use in the Badger-Fisher Unit.

b. Change in Purpose of Use. The Tribe may change or authorize a change in the purpose of use of the water right set forth in Article III.C.1.a up to a maximum of 6250 AFY. The relationship between the quantity and flow rate of water proposed for change and the quantity of water available for irrigation pursuant to the water right set forth in Article III.C.1 shall be determined by the following formula:

The volume of water proposed to be changed will be divided by 50% to determine the diverted volume of the Tribal change. This diverted volume of the Tribal change is subtracted from the modeled average diversion volume (12,500 acre-feet) to determine the changed average diversion volume. The new irrigation diversion flow rate is established by dividing the changed average diversion volume by the modeled diversion volume and multiplying this quotient by the flow rate set forth in Article III.C.1.a (100 Cfs). Several example scenarios are shown in Appendix 4.

4. Development of the Tribe’s St. Mary River Right Set Forth in Article III.G.1.a.i. As directed by Congress, and after appropriate investigation and study, the Parties shall identify and the United States shall provide the Tribe, from Available St. Mary River Water, and/or from any other source mutually agreed to by the Parties, sufficient water to fulfill the Tribe’s water right set forth in Article III.G.1.a.i. The fulfillment of the Tribe’s water right set forth in Article III.G.1.a.i, pursuant to this subsection, from any water subject to the Milk River Project Water Right may occur only in a manner that causes no injury to the Milk River Project and shall not require current or future Milk River Project water users or their contracting entity or entities to subsidize or pay for any costs required to develop or fulfill the water right set forth in Article III.G.1.a.i. The use of the Tribe’s water right set forth in Article III.G.1.a.i, or of any portion of that right, shall commence only after the Parties have mutually agreed in writing that water has been identified and is available to fulfill that right or any portion of it consistent with the terms of this Compact.

E. Subsequent Federal or State Law. Administration under Article IV.C.2 and Article IV.F.1 shall be as set forth in this Compact except as may otherwise be determined by a court of competent jurisdiction or established by Congress.

1. The State shall administer and enforce all Water Rights Arising Under State Law to the use of Natural Flows and Ground Water within and outside the Reservation. The State shall have the final and exclusive jurisdiction to resolve all disputes between holders of Water Rights Arising Under State Law.

2. The State shall not administer or enforce any part of the Tribal Water Right within the Reservation.

G. Water Rights Arising Under State Law: New Uses or Change in Use.

1. Limit on New Uses. DNRC shall not process or grant an application for an appropriation within those portions of the Basins closed pursuant to Article III.J received after the ratification of this Compact by the Montana legislature becomes effective, provided that, DNRC may process applications and issue certificates of water right or permits for use on fee land of those uses excepted from the closures as set forth in Article III.J until such time as the Secretary approves an amended tribal water code promulgated pursuant to the provisions of Article IV.C. After approval of the amended water code by the Secretary,
filings for Excepted Rights shall be processed pursuant to the provisions of Article IV.C.3.

2. Change in Use of Water Rights Arising Under State Law within the Reservation. The State may authorize a Change in Use of a Water Right Arising Under State Law within the Reservation in accordance with State law. DNRC shall provide timely notice to the Tribe of every application for change.

DNRC may designate or modify a controlled Ground Water area adjacent to the Reservation pursuant to applicable State law. DNRC may manage a permanent or temporary controlled Ground Water area adjacent to the Reservation in cooperation with BWRD.

I. Information Sharing.
1. Within one year after a hydrologic basin subject to this Compact is finally decreed by the Montana Water Court, the DNRC shall provide the BWRD and the United States with a report listing all decreed Water Rights Arising Under State Law within that hydrologic basin.

2. Within one year after the date the ratification of this Compact by the Montana legislature becomes effective, the DNRC shall provide the BWRD and the United States with a report listing all uses pursuant to permits and water reservations, and those uses excepted from the permitting requirements of State law to the extent that the DNRC has such information.

3. Within one year after the ratification of this Compact by the Montana legislature becomes effective, the BWRD and the United States shall provide the DNRC with a report listing all Existing Uses of the Tribal Water Right, provided that, due to the small and varied nature of the traditional religious and cultural uses identified in Article III.A, such uses need not be included on the report required by this subsection. The Parties shall concur in the listing of all Existing Uses of the Tribal Water Right within six months after receipt of the report.

4. On an annual basis DNRC shall provide the Tribe and the United States with a listing of all Excepted Rights for which a certificate of water right or permit has been issued or a Change in Use has been approved by DNRC within the Reservation and in drainages affected by this Compact, and an ownership update for each water right within the Reservation and in drainages affected by this Compact whose owner of record has been changed in DNRC’s database.

5. On an annual basis BWRD shall provide the DNRC and the United States with an update since the last report listing all New Development of the Tribal Water Right described in this Compact within and outside the Reservation, of all Changes in Use of water rights within and outside the Reservation, and of all appurtenant water rights acquired pursuant to Article III.H.2.

6. The BWRD, the DNRC, and the United States may agree to modify the reporting requirements set forth in Article IV.I. Such modification is pursuant to, and shall not be deemed a modification of, this Compact.

7. Any Party may request additional information from any other Party to assist in reviewing any report made by one Party to another.

Such controversies shall include, but shall not be limited to, disputes as to the meaning of this Compact, disputes over the application and interpretation of the provisions of Article IV.D.3, disputes over the application and interpretation of the provisions of the Birch Creek Management Plan, and disputes between holders of Excepted Rights issued pursuant to Article IV.C.3 who are not enrolled members of the Tribe and other water right holders under either State or tribal law.

   b. The jurisdiction of the Board shall not extend to the administration or distribution of water on lands served by the Milk River Project, nor to the diversion of water made outside the Reservation for Milk River Project use, nor to the administration or distribution of water on lands served by the Blackfeet Irrigation Project, nor to the administration or distribution of water on lands served by the Pondera County Canal and Reservoir Company.

5. Prerequisite Administrative Procedures.

   a. Any Tribal Water Right holder concerned that a use of water by a holder of a Water Right Arising Under State Law is inconsistent with the Compact shall
first contact the BWRD. If the BWRD and the DNRC are unable to resolve the issue in a manner acceptable to the Tribal Water Right holder within a reasonable time through discussion, the BWRD or the Tribal Water Right holder may seek relief through the Compact Board. The DNRC agrees to assist the BWRD in obtaining reasonable access onto the land of the holder of the Water Right Arising Under State Law to acquire information regarding the challenged use.

b. Any holder of a Water Right Arising Under State Law concerned that an exercise of the Tribal Water Right is inconsistent with the Compact shall first contact the DNRC. d. Any authorized user of a portion of the Tribal Water Right appealing a decision of the DNRC to the Compact Board may seek technical assistance from the BWRD in preparing and presenting the appeal.

e. Any holder of a Water Right Under State Law appealing a decision of the BWRD to the Compact Board may seek technical assistance from the DNRC in preparing and presenting the appeal.

6. Powers and Duties.

a. Hearings. The Board shall hold hearings upon notice in proceedings before it and shall have the power to administer oaths, take evidence and issue subpoenas to compel attendance of witnesses or production of documents or other evidence, and to appoint technical experts. The Tribe and the State shall enforce the Board’s subpoenas in the same manner as prescribed by the laws of the Tribe and the State for enforcing a subpoena issued by the courts of each respective sovereign in a civil action. The Persons involved in the controversy may present evidence and cross examine any witnesses. The Board shall determine the controversy and grant any appropriate relief, including a temporary order; provided that, the Board shall have no power to award money damages, costs, or attorneys’ fees. The Tribe and the State shall agree on a recommendation for each commissioner to be appointed by the Board. If the Tribe and the State fail to agree, each may nominate one individual for
consideration for each commissioner position, and the Board shall select from between the nominees.

ii. Under the jurisdiction of the Board, the commissioners shall have the authority to administer and distribute water on the Reservation and from the off-reservation portions of the Reservation boundary streams (the mainstems of Birch Creek, Cut Bank Creek and the Two Medicine River), to water right holders under the Tribal Water Right and the holders of Water Rights Arising Under State Law according to the rights fixed by all applicable decrees and this Compact. The authority of any commissioners appointed pursuant to this Article IV.J.6.b, as it pertains to facilities owned by the United States, shall extend only to the provision of written orders to the federal representative with the authority to adjust diversions or releases, which the federal representative, or his or her designee, shall then promptly carry out, so long as the federal representative determines that execution of the order does not threaten the safety, security or physical integrity of the facility, and does not extend to the actual opening or closing of headgates. The authority of any commissioners appointed pursuant to this Article IV.J.6.b, as it pertains the use of the Milk River Project Water Right, shall extend only to the delivery of water to the diversion facilities of the Milk River Project on the Reservation and shall not extend to the administration, diversion or distribution of water to or from any facilities or lands served by the Milk River Project off the Reservation. The authority of any commissioners appointed pursuant to this Article IV.J.6.b, as it pertains to portions of the Tribal Water Right used within the Blackfeet Irrigation Project, extends only to the delivery of water to Blackfeet Irrigation Project diversion facilities and shall not extend to the administration of that water on lands served by the Blackfeet Irrigation Project, which shall remain subject to Article IV.C.2. The hearing on appeal shall be a trial de novo. The notice of appeal shall be filed with the Board and served personally or by certified mail upon all Persons involved in the proceeding before the Board, the Tribe, the State and the United States.

b. Unless an appeal is filed within thirty days of a final decision of the Board, as provided in Article IV.J.7.a, any decision of the Board shall be recognized and enforced by any court of competent jurisdiction on petition of the Board, or any Person before the Board in the proceeding in which the decision was made.

c. A court of competent jurisdiction in which a timely appeal is filed pursuant to Article IV.J.7.a, or in which a petition to confirm or enforce is filed pursuant to Article IV.J.7.b, may order such temporary or permanent relief as it considers just and proper.
d. An appeal may be taken from any decision of the court in which a timely appeal is filed pursuant to Article IV.J.7.a, or in which a petition to confirm or enforce is filed pursuant to Article IV.J.7.b, in the manner and to the same extent as from orders or judgments of the court in a civil action.

The Parties agree that only Congress can waive the immunity of the United States. The participation of the United States in the proceedings of the Compact Board shall be as provided by Congress.

C. Federal Legislation. The Tribe and the State agree to seek ratification of the Compact by Congress and any additional federal legislation necessary to effectuate the Compact.

ARTICLE VII - FINALITY

A. Ratification and Effectiveness of Compact.

1. Following the first ratification by any Party, the terms of this Compact may not be modified without the consent of the Parties.

2. Notwithstanding any other provision in this Compact, the Tribe reserves the right to withdraw as a Party if:

   a. Congress has not ratified this Compact and authorized appropriations within four years from the date the ratification of the Compact by the Montana legislature becomes effective;

   b. Appropriations are not made in the manner contemplated by the federal legislation ratifying this Compact;
c. The Parties do not reach agreement on the State contribution to settlement;

d. The State has not authorized appropriations within five years from the date the Compact is ratified by the United States; or

e. Appropriations are not made by the State in the manner contemplated by any agreement for contributions to settlement made pursuant to Article VI.A.

3. The Tribe may exercise its right to withdraw from the Compact under Article VII.A.2 by sending to the Governor of Montana and to the Secretary of the Interior by certified mail a resolution of the Blackfeet Tribal Business Council stating the Tribe’s intent to withdraw and specifying a reason for withdrawal and a withdrawal date not sooner than one hundred and twenty days from the date of the resolution. On the date designated in the resolution for Tribal withdrawal, this Compact shall become null and void without further action by any Party, and the Parties agree to resume negotiation in good faith for quantification of the water rights of the Blackfeet Tribe and entry of a decree in a court of competent jurisdiction.

4. Notwithstanding any other provision in this Compact, the State reserves the right to withdraw as a Party to this Compact if:

a. the Tribe and Congress have not ratified this Compact within four years from the date the ratification of the Compact by the Montana legislature becomes effective;

b. Congress requires a State contribution to settlement that exceeds the contributions described in Article VI.A;

On the date designated in the letter for State withdrawal, this Compact shall become null and void without further action by any Party, and the Parties agree to resume negotiation in good faith for quantification of the water rights of the Blackfeet Tribe and entry of a decree in a court of competent jurisdiction.

6. Notwithstanding any other provision in this Compact, the Department of the Interior reserves the right to refuse to support federal legislation ratifying this Compact.

B. Incorporation into Decrees.

1. Within one hundred eighty days of the date this Compact is ratified by the Tribe, the State, and Congress, whichever is latest, the Tribe, the State, or the United States shall file, in the case In the Matter of the Adjudication of the Existing and Reserved Rights to the Use of Water, Both Surface and Underground, of the Blackfeet Tribe of the Blackfeet Reservation within the State of Montana, Civ. No. WC-91-1, pursuant to the provisions of State law, a motion for entry of the proposed decree set forth in Appendix 5 as the decree of the water rights held by the United States in trust for the Blackfeet Tribe. If the Montana Water Court does not approve the proposed decree submitted with the
motion within three years following the filing of the motion, the Compact shall be voidable by agreement of the State and the Tribe. If the Montana Water Court approves the proposed decree within three years, but the decree is subsequently set aside by the Montana Water Court or on appeal, the Compact shall be voidable by agreement of the State and the Tribe. Any effect of the failure of approval or setting aside of the decree on the approval, ratification, and confirmation by the United States shall be as provided by Congress. The Parties understand and agree that the submission of this Compact to a State court or courts, as provided for in this Compact, is solely to comply with the provisions of State law, and does not expand the jurisdiction of the State court or expand in any manner the waiver of sovereign immunity of the United States in the McCarran Amendment, 43 U.S.C. 666, or other provision of federal law.

2. Consistent with 3-7-224, MCA, setting forth the jurisdiction of the chief water judge, for the purposes of 85-2-702(3), MCA, the review by the Montana Water Court shall be limited to Article III, and Appendix 5 (proposed decree), and may extend to other sections of the Compact only to the extent that they relate to the determination of existing water rights. Nevertheless, pursuant to 85-2-702(3), MCA, the terms of the entire Compact must be included in the preliminary decree without alteration for the purpose of notice.

C. Disposition of Federal Suit.

1. On issuance of a final decree by the Montana Water Court or its successor, and the completion of any direct appeals therefrom, or on expiration of the time for filing any such appeal, the United States, the Tribe, and the State shall execute and file joint motions pursuant to Rule 41(a), Fed.R.Civ.P., to dismiss without prejudice the claims of the Tribe, Tribal members, and Allottees and any claims made by the United States for benefit of the Tribe, Tribal members, and Allottees in United States v. Aageson, No. CIV-79-21-GF (filed April 5, 1979). The case may only be resumed if the State or Tribe exercises their rights under Article VII.A.

2. The Decree shall be filed by the Parties as a consent decree in Aageson, or in federal court as a new proceeding after the dismissal of Aageson conditional on agreement by the Parties to seek the necessary State, Tribal, and federal legislation to implement the remaining provisions of the Compact, if it is finally determined in a judgment binding on the State of Montana that the State courts lack jurisdiction over, or that the State court proceedings are inadequate to adjudicate some or all of the water rights asserted in Aageson.

D. Settlement of Tribal Water Right Claims.

1. The water rights and other benefits confirmed to the Tribe in this Compact are in full and final satisfaction of and are intended to be in replacement of and substitution for all claims to water or to the use of water by the Tribe, Tribal members, and Allottees and the United States on behalf of the Tribe, Tribal members, and Allottees existing on the Effective Date of this Compact, including water rights claims based on or recognized in Conrad Inv. Co. v. United States, 161 F. 829 (9th Cir. 1908), within the Reservation.

2. In consideration of the rights confirmed to the Tribe, Tribal members, and Allottees in this Compact, and of performance by the State and the United States of all actions required by this Compact, and on entry of a final order issuing the decree of the Tribal Water Right held in trust by the United States as quantified in this Compact and displayed in Appendix 5, and except for water
rights, benefits and uses confirmed in this Compact, the Tribe and the United States as trustee for the Tribe, Tribal members, and Allottees hereby waive, release, and relinquish any and all claims to water rights or to the use of water within the Reservation existing on the Effective Date of this Compact.

3. Any claim to water by the Tribe, its members or Allottees within the Reservation shall be satisfied out of the Tribal Water Right confirmed by this Compact, except for any Water Rights Arising Under State Law held by the Tribe, its members or Allottees as of the Effective Date of this Compact, which shall be satisfied pursuant to their own terms.

E. Settlement of Tribal Claims Against the United States. Waiver of claims against the United States, by the Tribe, its members and Allottees shall be as provided by Congress.

F. Binding Effect. After the Effective Date of this Compact and entry of a final decree, its terms shall be binding on:

1. The State and any Person using, claiming or in any manner asserting any right under the authority of the State to the use of water in Montana; provided that, the validity of consent, ratification, or authorization by the State is to be determined by Montana law;

2. The Tribe and any Person using, claiming or in any manner asserting any right to the use of the Tribal Water Right, or any right arising under any doctrine of reserved or aboriginal water rights for the Tribe or Tribal members, or any rights arising under tribal law; provided that, the validity of consent, ratification or authorization by the Tribe is to be determined by Tribal law; and

3. The United States and any Person using, claiming or in any manner asserting any right under the authority of the United States to the use of water in Montana; provided that, the validity of consent, ratification or authorization by the United States is to be determined by federal law.

Section 2. Section 85-20-1505, MCA, is amended to read:

“85-20-1505. Blackfeet Tribe water rights compact infrastructure account — use. (1) There is an account within the state special revenue fund called the Blackfeet Tribe water rights compact infrastructure account. The department shall administer the account.
(2) The Blackfeet Tribe water rights compact infrastructure account may be used only for water-related infrastructure projects within the exterior boundaries of the Blackfeet Indian reservation.

(3) Funds from this account may not be disbursed unless a water rights compact among the Blackfeet Tribe, the state, and the United States has been finally ratified by the legislature, the Congress of the United States, and the Blackfeet Tribe.

(4) All interest and other income earned on money in the account must be deposited in the account.”

Section 3. General fund transfer. There is transferred for the 2011 biennium $4 million from the state general fund to the Blackfeet Tribe water rights compact infrastructure account provided for in 85-20-1505.

CHAPTER NO. 205

[HB 246]

AN ACT EXEMPTING FROM FEDERAL REGULATION UNDER THE COMMERCE CLAUSE OF THE CONSTITUTION OF THE UNITED STATES A FIREARM, A FIREARM ACCESSORY, OR AMMUNITION MANUFACTURED AND RETAINED IN MONTANA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 6] may be cited as the “Montana Firearm Freedom Act”.

Section 2. Legislative declarations of authority. The legislature declares that the authority for [sections 1 through 6] is the following:

(1) The 10th amendment to the United States constitution guarantees to the states and their people all powers not granted to the federal government elsewhere in the constitution and reserves to the state and people of Montana certain powers as they were understood at the time that Montana was admitted to statehood in 1889. The guaranty of those powers is a matter of contract between the state and people of Montana and the United States as of the time that the compact with the United States was agreed upon and adopted by Montana and the United States in 1889.

(2) The ninth amendment to the United States constitution guarantees to the people rights not granted in the constitution and reserves to the people of
Montana certain rights as they were understood at the time that Montana was admitted to statehood in 1889. The guaranty of those rights is a matter of contract between the state and people of Montana and the United States as of the time that the compact with the United States was agreed upon and adopted by Montana and the United States in 1889.

(3) The regulation of intrastate commerce is vested in the states under the 9th and 10th amendments to the United States constitution, particularly if not expressly preempted by federal law. Congress has not expressly preempted state regulation of intrastate commerce pertaining to the manufacture on an intrastate basis of firearms, firearms accessories, and ammunition.

(4) The second amendment to the United States constitution reserves to the people the right to keep and bear arms as that right was understood at the time that Montana was admitted to statehood in 1889, and the guaranty of the right is a matter of contract between the state and people of Montana and the United States as of the time that the compact with the United States was agreed upon and adopted by Montana and the United States in 1889.

(5) Article II, section 12, of the Montana constitution clearly secures to Montana citizens, and prohibits government interference with, the right of individual Montana citizens to keep and bear arms. This constitutional protection is unchanged from the 1889 Montana constitution, which was approved by congress and the people of Montana, and the right exists as it was understood at the time that the compact with the United States was agreed upon and adopted by Montana and the United States in 1889.

Section 3. Definitions. As used in [sections 1 through 6], the following definitions apply:

(1) “Borders of Montana” means the boundaries of Montana described in Article I, section 1, of the 1889 Montana constitution.

(2) “Firearms accessories” means items that are used in conjunction with or mounted upon a firearm but are not essential to the basic function of a firearm, including but not limited to telescopic or laser sights, magazines, flash or sound suppressors, folding or aftermarket stocks and grips, speedloaders, ammunition carriers, and lights for target illumination.

(3) “Generic and insignificant parts” includes but is not limited to springs, screws, nuts, and pins.

(4) “Manufactured” means that a firearm, a firearm accessory, or ammunition has been created from basic materials for functional usefulness, including but not limited to forging, casting, machining, or other processes for working materials.

Section 4. Prohibitions. A personal firearm, a firearm accessory, or ammunition that is manufactured commercially or privately in Montana and that remains within the borders of Montana is not subject to federal law or federal regulation, including registration, under the authority of congress to regulate interstate commerce. It is declared by the legislature that those items have not traveled in interstate commerce. This section applies to a firearm, a firearm accessory, or ammunition that is manufactured in Montana from basic materials and that can be manufactured without the inclusion of any significant parts imported from another state. Generic and insignificant parts that have other manufacturing or consumer product applications are not firearms, firearms accessories, or ammunition, and their importation into Montana and incorporation into a firearm, a firearm accessory, or ammunition manufactured in Montana does not subject the firearm, firearm accessory, or ammunition to
federal regulation. It is declared by the legislature that basic materials, such as
unmachined steel and unshaped wood, are not firearms, firearms accessories, or
ammunition and are not subject to congressional authority to regulate firearms,
firearms accessories, and ammunition under interstate commerce as if they
were actually firearms, firearms accessories, or ammunition. The authority of
congress to regulate interstate commerce in basic materials does not include
authority to regulate firearms, firearms accessories, and ammunition made in
Montana from those materials. Firearms accessories that are imported into
Montana from another state and that are subject to federal regulation as being
in interstate commerce do not subject a firearm to federal regulation under
interstate commerce because they are attached to or used in conjunction with a
firearm in Montana.

Section 5. Exceptions. [Section 4] does not apply to:
(1) a firearm that cannot be carried and used by one person;
(2) a firearm that has a bore diameter greater than 1 1/2 inches and that uses
smokeless powder, not black powder, as a propellant;
(3) ammunition with a projectile that explodes using an explosion of
chemical energy after the projectile leaves the firearm; or
(4) a firearm that discharges two or more projectiles with one activation of
the trigger or other firing device.

Section 6. Marketing of firearms. A firearm manufactured or sold in
Montana under [sections 1 through 6] must have the words “Made in Montana”
clearly stamped on a central metallic part, such as the receiver or frame.

Section 7. Codification instruction. [Sections 1 through 6] are intended
to be codified as an integral part of Title 30, and the provisions of Title 30 apply
to [sections 1 through 6].

Section 8. Applicability. [This act] applies to firearms, firearms
accessories, and ammunition that are manufactured, as defined in [section 3],
and retained in Montana after October 1, 2009.

Approved April 15, 2009

Section 4. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 50, chapter 4, part 5, and the provisions of Title 50, chapter 4, part 5, apply to [sections 1 through 3].

CHAPTER NO. 208

[HB 386]

AN ACT CREATING THE MONTANA RIGHT OF DISPOSITION ACT PERTAINING TO FUNERAL OR OTHER DISPOSITION ARRANGEMENTS; ESTABLISHING A PRIORITY OF PERSONS WHO MAY ARRANGE FOR THE FUNERAL OR DISPOSITION OF OTHERS; PROVIDING FOR THE LOSS OF THE RIGHT OF DISPOSITION; PROVIDING FOR THE RESOLUTION OF DISPUTES AS TO THE RIGHT OF DISPOSITION; ESTABLISHING RIGHTS AND IMMUNITY FOR A MORTICIAN WHO
RELIES ON INSTRUCTIONS OF A PERSON WHO THE MORTICIAN REASONABLY BELIEVES HAS THE RIGHT OF DISPOSITION; CLARIFYING THE RIGHT TO CONTROL THE DISPOSITION OF HUMAN REMAINS WITH RESPECT TO MAUSOLEUM AND COLUMBARIUM AUTHORITIES; REVISING THE DEFINITION OF “AUTHORIZING AGENT”; AND AMENDING SECTIONS 35-21-810 AND 37-19-101, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 9] may be cited as the “Montana Right of Disposition Act”.

Section 2. Purpose. The legislature declares that it is the public policy of this state to provide an orderly and uniform system to determine which individuals hold the right to direct and carry out funeral and disposition arrangements for the remains of deceased individuals.

Section 3. Prepaid funeral arrangements — disposition directions — definition. (1) A person who is 18 years of age or older and of sound mind, by entering into a prepaid funeral contract with any mortuary licensed under Title 37, chapter 19, part 4, or by providing disposition directions may direct the location, manner, and conditions of disposition of the person’s remains and the arrangements for funeral goods and services to be provided upon the person’s death.

(2) The funeral prearrangements that are prepaid and contracted for with a licensed mortuary or the disposition directions may not be canceled or substantially revised unless the cancellation or substantial revision has been ordered by a person appointed by the decedent in the prepaid funeral contract or the disposition directions as the person authorized to cancel or revise the terms of the prepaid funeral contract or the disposition directions.

(3) As used in this section, the term “disposition directions” means:

(a) a video provided in a replayable format of the person who is the subject of the disposition directions in which the person describes the wishes for disposition and that is accompanied by a written attestation of the video accuracy by two witnesses who are at least 18 years of age; or

(b) a legible written instrument signed by the person who is the subject of the disposition directions and by two people who are at least 18 years of age who have witnessed the signing by the person. The written instrument may be but is not limited to a letter of instructions, a will, a trust document, or advance directives. A written instrument that does not name a person with the right to control the decedent’s disposition must follow the priority of rights of disposition provided in [section 4].

Section 4. Priority of rights of disposition. (1) A person who is 18 years of age or older and of sound mind wishing to authorize another person to control the disposition of the person’s remains may execute an affidavit or a written instrument before a notary public in substantially the following form:

“State of Montana ] ss
County of ............. ]

I, ......................... [person designating another person to control the disposition of the person’s remains] do hereby designate __________________________ [person who is provided with the right to control the disposition] with the right to control the disposition of my remains upon my death. I ...... have or ...... have not attached specific directions concerning the disposition of my remains with which the designee shall substantially comply,
provided the directions are lawful and there are sufficient resources in my
estate to carry out the directions.

Subscribed and sworn to before me this .......... day of the month of
........................................ of the year ............ .

............................................................."

(2) Except as provided in sections 3 and 7 and subsection (1) of this section,
the right to control the disposition of the remains of a deceased person, including
the location, manner, and conditions of the disposition and arrangements for
funeral goods and services, vests in the following persons in the order named if
the named person is 18 years of age or older and is of sound mind:

(a) a person designated by the decedent as the person with the right to
control the decedent’s disposition in an affidavit or written instrument executed
in accordance with subsection (1);

(b) the surviving spouse;

(c) the sole surviving child of the decedent or, if there is more than one child
of the decedent, the majority of the surviving children. However, less than
one-half of the surviving children may be vested with the rights and duties
provided in this section if those surviving children have used reasonable efforts
to notify all other surviving children of their instructions and they are not aware
of opposition to their instructions on the part of more than one-half of all
surviving children.

(d) the surviving parent or parents of the decedent. If one of the surviving
parents is absent, the remaining parent may be vested with the rights and
duties provided in this section if that parent’s reasonable efforts have been
unsuccessful in locating the absent surviving parent.

(e) the surviving sibling of the decedent or, if there is more than one sibling
of the decedent, the majority of the surviving siblings. However, less than
one-half of the surviving siblings may be vested with the rights and duties
provided in this section if those siblings have used reasonable efforts to notify all
other surviving siblings of their instructions and they are not aware of any
opposition to their instructions on the part of more than one-half of all
surviving siblings.

(f) the surviving grandparent of the decedent or, if there is more than one
surviving grandparent, the majority of the grandparents. However, less than
one-half of the surviving grandparents may be vested with the rights and duties
provided in this section if those grandparents have used reasonable efforts to
notify all other surviving grandparents of their instructions and are not aware
of any opposition to their instructions on the part of more than one-half of all
surviving grandparents.

(g) the guardian of the decedent at the time of the decedent’s death, if a
guardian had been appointed;

(h) the personal representative of the estate of the decedent;

(i) the person in classes of the next degree of kinship, in descending order,
under the laws of descent and distribution to inherit the estate of the decedent.
If there is more than one person of the same degree, any person of that
degree may exercise the right of disposition.

(j) if the disposition of the remains of the decedent is the responsibility of the
state or a local government, the public officer, administrator, or employee
responsible for arranging the disposition of the decedent’s remains; and
(k) in the absence of any person provided for in subsections (2)(a) through (2)(j), any other person, including the mortician with custody of the remains, who is willing to assume the responsibility to act and arrange the disposition of the decedent’s remains after attesting in writing that a good faith effort has been made to contact the individuals provided for in subsections (2)(a) through (2)(j).

Section 5. Arrangements provided by survivors. The provisions of section 3 and section 4(1) do not prevent the decedent’s survivors, in the order listed in section 4, from pursuing, at their own expense, meaningful services and making arrangements for funeral services that do not conflict with the decedent’s instructions for disposition made in accordance with section 3 and section 4(1).

Section 6. Loss of right of disposition. A person entitled to the right of disposition under section 4 forfeits that right and the right is passed on to the next qualifying person listed in section 4 under the following circumstances:

1. the person is charged with deliberate or negligent homicide in connection with the decedent’s death. However, if the charges against the person are dismissed or if the person is acquitted of the charges, the right of disposition is returned to the person.

2. the person does not exercise the person’s right of disposition within 2 days after notification of the death of the decedent or within 3 days of the decedent’s death, whichever is earlier;

3. the person and the decedent are spouses and a petition to dissolve the marriage was pending at the time of the decedent’s death; or

4. the district court, pursuant to section 7, determines that the person entitled to the right of disposition and the decedent were estranged at the time of death. For purposes of this subsection, “estranged” means a physical and emotional separation from the decedent existing at the time of death and that existed for a period of time prior to death that clearly demonstrates an absence of affection, trust, and regard for the decedent.

Section 7. Disputes. (1) The district court for the county where the decedent resided may award the right of disposition to the person determined by the court to be the most fit and appropriate to carry out the right of disposition and make decisions regarding the decedent’s remains if those sharing the right of disposition under section 4 cannot agree.

2. The following provisions apply to the court’s determination under subsection (1):

(a) If the persons holding the right of disposition are two or more persons with the same relationship to the decedent and they cannot, by majority vote, make a decision regarding the disposition of the decedent’s remains, any of the persons or a mortician with custody of the remains may file a petition asking the district court to make a determination in the matter.

(b) In making a determination, the district court shall consider the following:

(i) the reasonableness and practicality of any proposed funeral arrangements and disposition;

(ii) the degree of the personal relationship between the decedent and each of the persons claiming the right of disposition;

(iii) the desires of the person or persons who are able and willing to pay the cost of the funeral arrangements and disposition;
(iv) the convenience and needs of other family and friends wishing to pay respects;

(v) the desires of the decedent;

(vi) the degree to which the funeral arrangements would allow maximum participation by all those wishing to pay their respects.

(3) (a) In the event of a dispute regarding the right of disposition, a mortician may not be held liable for refusing to accept the remains or to inter or otherwise dispose of the remains of the decedent or complete the arrangements for final disposition of the remains until the mortician receives a court order or a written agreement signed by the parties to the disagreement that decides the final disposition of the remains.

(b) If the mortician retains the remains for final disposition while the parties are in disagreement, the mortician may embalm or refrigerate and shelter the body, or both, in order to preserve the body while awaiting the final decision of the district court and may add the cost of embalming or refrigeration and sheltering, or both, to the final disposition costs.

(c) If a mortician files a petition under this section for an order of disposition from the district court, the mortician may add the legal fees and court costs associated with the petition to the final disposition costs.

(d) This section may not be construed to require or to impose a duty upon a mortician to bring an action under this section. A mortician may not be held criminally or civilly liable for choosing not to bring an action under this section.

(4) Except to the extent that it may be considered by the district court under subsection (2)(b)(iii), the fact that a person has paid or agreed to pay for all or part of the funeral arrangements and disposition does not give that person a greater right of disposition than the person would otherwise have.

(5) The personal representative of the estate of the decedent does not have, by virtue of being the personal representative, a greater claim to the right of disposition than the person would otherwise have under the provisions of [sections 1 through 9].

Section 8. Right to rely. (1) A person who signs a funeral agreement, cremation authorization form, or other authorization for disposition must be considered as warranting the truthfulness of any facts set forth in the agreement, form, or authorization, including:

(a) the identity of the decedent whose remains are subject to the disposition; and

(b) the person’s authority to order the disposition.

(2) A mortician may rely on the funeral service agreement, cremation authorization form, or other authorization and may carry out the instructions of the person or persons who the mortician reasonably believes hold the right of disposition.

(3) A mortician is not responsible to contact or to independently investigate the existence of any next of kin or relatives of the decedent.

(4) If a class includes two or more persons who are equal in priority, a mortician may rely on and act according to the instructions of the first person in the class to make funeral and disposition arrangements if another person in the class has not provided to the mortician written notice of the person’s objections to the arrangements and the mortician does not have knowledge of any objections to the arrangements by other members of the class.
Section 9. Immunity. A mortuary or mortician who relies in good faith on the instructions of an individual claiming the right of disposition is not subject to criminal or civil liability or subject to disciplinary action for carrying out the disposition of the remains in accordance with the instructions.

Section 10. Section 35-21-810, MCA, is amended to read:

“35-21-810. Disposition of remains — liability. CHAPTER NO. 209

[HB 402]

AN ACT REVISING LAWS RELATED TO STATE LAND BANKING; REMOVING THE SUNSET OF THE LAND BANKING PROGRAM; INCREASING THE NUMBER OF ACRES OF STATE LAND THAT MAY BE
SOLD OR DISPOSED OF; AMENDING SECTIONS 77-2-363 AND 77-2-366, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-2-363, MCA, is amended to read:

“77-2-363. Land banking land sales and limitations — sale preparation costs. (1) (a) The board may not cumulatively sell or dispose of more than 250,000 acres of state land. Seventy-five percent of the acreage cumulatively sold must be isolated parcels that do not have a legal right of access by the public. At any one time during the life of the land banking process, the board may not sell more than 20,000 acres of state land unless the board has acted to use the revenue from that land to make purchases pursuant to 77-2-364.

(b) The estimated fair market value must be determined by a Montana-licensed and Montana-certified appraiser.

(2) (a) A person bidding to purchase state land offered for sale shall 20 days prior to the day of auction deposit with the department a bid bond in the form of a certified check or cashier’s check drawn on any Montana bank equal to at least 20% of the minimum sale price specified by the department pursuant to 77-2-323(1) to guarantee the bidder’s payment of the purchase price.

(b) If the current lessee of the land to be sold has initiated the sale as authorized by 77-2-364, the lessee may cancel the sale by giving notice to the department at least 10 days prior to the day of the auction. When the sale is canceled by the lessee, the lessee shall pay the costs incurred by the department for the preparation of the sale, including any costs incurred for preparation of documents required by 75-1-201.

(c) The department shall retain the bid bond of the successful bidder and shall return the bid bonds of the unsuccessful bidders. If the successful bidder fails to comply with the terms of the sale for any reason, the successful bidder’s bid bond must be forfeited and credited to the interest and income account of the proper trust.

(3) Except for a sale that is initiated by the lessee of the parcel of land proposed for sale, prior to the proposed sale of any parcel of state land under the land banking process, the board shall give 60 days’ notice of the proposed sale to the lessee of the parcel to allow the lessee sufficient time to determine whether the lessee wishes to propose an exchange of the land to the board.

(4) For a sale initiated by the board or the department, the lessee of the land must be afforded all the rights and privileges to match the high bid, as provided in 77-2-324.

(5) (a) When the lessee has initiated a sale of land under this section, the lessee shall remit to the department the estimated costs of preparing the parcel for sale, including but not limited to appraisals, cultural surveys, environmental review pursuant to Title 75, chapter 1, parts 1 through 3, and land surveys. Payment must be made within 10 days after the board has provided preliminary approval for the sale of the parcel.

(b) If the parcel is sold to the lessee, the funds remitted for the costs of the sale must be applied to the actual costs at closing. If the parcel is sold to a party other than the lessee, the funds remitted by the lessee must be refunded to the lessee and actual costs of preparing the parcel for sale must be assessed to the purchaser at closing.”

Section 2. Section 77-2-366, MCA, is amended to read:
“77-2-366. Land banking process — time limit — report to environmental quality council. (1) State land may not be sold through the land banking process pursuant to 77-2-361 through 77-2-367 after October 1, 2011. (2) The department shall provide a report to the environmental quality council by the July 1, 2008, prior to each regular legislative session that describes the results of the land banking program in detail. At a minimum, the report must summarize the sale and purchase transactions made through the program by type, location, acreage, value, and trust beneficiary. The environmental quality council shall make any recommendations that it determines necessary regarding the implementation of the state land banking process, including recommendations for legislation.”

CHAPTER NO. 210

[HB 403]

AN ACT REQUIRING THAT COURTS CONSIDER A CHILD’S NEED FOR CONTINUITY OF CARE IN DETERMINING WHETHER THE CHILD SHOULD BE PLACED WITH A PERSON OTHER THAN A PARENT; AND AMENDING SECTIONS 40-4-211, 40-6-601, 40-6-602, 41-3-437, 41-3-438, 41-3-439, 72-5-223, AND 72-5-225, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-211, MCA, is amended to read:

“40-4-211. Jurisdiction — commencement of parenting proceedings. (1) A court of this state competent to decide parenting matters has jurisdiction to make a parenting determination by initial or amended decree if:

(a) this state:

(i) is the home state of the child at the time of commencement of the proceedings; or

(ii) had been the child’s home state within 6 months before commencement of the proceedings and the child is absent from this state because of the child’s removal or retention by any person and a parent or person acting as parent continues to live in this state; or

(b) it is in the best interest of the child that a court of this state assume jurisdiction because:

(i) the child and the parents or the child and at least one contestant have a significant connection with this state; and

(ii) there is available in this state substantial evidence concerning the child’s present or future care, protection, training, and personal relationships; or

(c) the child is physically present in this state and:

(i) has been abandoned, including being surrendered to an emergency services provider as provided in 40-6-405; or
(ii) has been with a caretaker relative who has been awarded continuing custody pursuant to 40-6-602; or

(iii) it is necessary in an emergency to protect the child because the child has been subjected to or threatened with mistreatment or abuse or is neglected or dependent; or

(d) (i) no other state has jurisdiction under prerequisites substantially in accordance with subsection (1)(a), (1)(b), or (1)(c) or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine parenting of the child; and

(ii) it is in the child’s best interest that the court assume jurisdiction.

(2) Except under subsections (1)(c) and (1)(d), physical presence in this state of the child or of the child and one of the contestants is not alone sufficient to confer jurisdiction on a court of this state to make a parenting determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine parenting of the child.

(4) A parenting plan proceeding is commenced in the district court:

(a) by a parent, by filing a petition:

(i) for dissolution or legal separation;

(ii) for parenting in the county in which the child is permanently resident or found; or

(iii) for custody under 40-6-411; or

(b) by a person other than a parent if the person has established a child-parent relationship with the child, by filing a petition for parenting in the county in which the child resides or is found.

(5) Notice of a parenting proceeding must be given to the child’s parent, guardian, caretaker, those persons with whom the child is physically residing, and all other contestants, who may appear, be heard, and file a responsive pleading. The court, upon a showing of good cause, may permit intervention of other interested parties.

(6) For purposes of subsection (4)(b), “child-parent relationship” means a relationship that:

(a) exists or did exist, in whole or in part, preceding the filing of an action under this section, in which a person provides or provided for the physical needs of a child by supplying food, shelter, and clothing and provides or provided the child with necessary care, education, and discipline; and

(b) continues or existed on a day-to-day basis through interaction, companionship, interplay, and mutuality that fulfill the child’s psychological needs for a parent as well as the child’s physical needs; and

(c) meets or met the child’s need for continuity of care by providing permanency or stability in residence, schooling, and activities outside of the home.

(7) A custody proceeding under 40-6-411 is commenced in the district court by a parent by filing in one of the following counties:

(a) the county where the newborn is located if the parent knows where the newborn is;

(b) the county where the emergency services provider to whom the newborn was surrendered is located if subsection (7)(a) does not apply; or
Section 2. Section 40-6-601, MCA, is amended to read:

“40-6-601. Legislative finding and purpose — definitions. (1) The legislature recognizes that the right of parents to the custody and control of their children is based upon the liberties secured by the United States and Montana constitutions and that a parent’s right to that custody and control is therefore normally supreme to the interests of other persons. The legislature also recognizes a growing phenomenon in which absent or otherwise unavailable parents have temporarily surrendered the custody and care of a child to a grandparent or other caretaker relative for a lengthy period of time. The legislature finds that a caretaker relative frequently offers continuity of care by providing a child a loving, stable, and secure environment in which to live, make friends, and attend school, which is an environment not provided by a parent who temporarily abandons a child. However, a child is deprived of that caring and safe environment, and the related continuity of care it may provide, when a parent returns to claim the child with little or no notice to the caretaker relative. This situation, which in some instances has occurred multiple times with the same child, is disruptive to the more stable life offered by the caretaker relative and may violate the child’s rights ensured by Article II, section 15, of the Montana constitution, such as the right under Article II, section 3, of the Montana constitution of seeking safety, health, and happiness. For these reasons, it is the purpose of the legislature in enacting 40-6-602 and this section to exercise its police powers for the health and welfare of children who have been abandoned by their parents to the care of relatives and to create a procedure, applicable in limited situations caused by the voluntary surrender of a child by a parent, under circumstances indicating abandonment, whereby a child in the care of a relative may remain with that relative while the issue of abandonment by the parent is reviewed and determined by a court of law. The legislature believes that this temporary infringement on the right of a parent to the custody and control of a minor child is justified by the possibility of abandonment by the parent, because the welfare of the child is at stake, and because of the likely violation of the child’s rights ensured by Article II, section 15, of the Montana constitution.

(2) As used in 40-6-602 and this section, the following definitions apply:

(a) “Caretaker relative” or “relative” means an individual related to a child by blood, marriage, or adoption by another individual, who has care and custody of a child but who is not a parent, foster parent, stepparent, or legal guardian of the child.

(b) “Parent” means a biological or adoptive parent or other legal guardian of a child.”

Section 3. Section 40-6-602, MCA, is amended to read:

“40-6-602. Caretaker relative rights upon return of parent — continuing custody affidavit — review, finding, and order by district court — limited reconsideration — immunity. (1) If custody of a child has been voluntarily given to a relative of the child by a parent of the child and the child has remained with that relative for at least 6 months under circumstances in which it is unclear whether or when the parent will return and retake custody of the child, the provisions of this section apply unless, during that 6-month period, the parent expresses to the relative a firm intention and a date on which
the parent will return and resume custody of the child and subsequently
adheres to that schedule.

(2) Upon a return of the parent and an expression by the parent of an intent
by that parent to reassert the parent’s right of custody and control over the child,
the caretaker relative may file, without payment of a filing fee, with the district
court in the county of the relative’s residence a detailed affidavit as provided in
this section. The affidavit must contain the following matters, the exclusion of
any of which makes the affidavit void:

(a) the identification of:
   (i) the caretaker relative, including the relative’s address;
   (ii) the child in the custody of the relative; and
   (iii) the parent demanding custody of the child, including the parent’s
        address, if known;

(b) a statement of the facts, as nearly as can be determined, of:
   (i) the date, time, and circumstances surrounding the voluntary surrender
       of the custody of the child to the caretaker relative, including any conversation
       between the relative and the parent concerning the purpose of the parent’s
       absence and when the parent would return and resume custody of the child;
   (ii) the reason for the surrender of the child to the relative, as far as is known
        by the relative;
   (iii) the efforts made by the relative to care for the child, including:
        (A) facts explaining the nature and permanency or stability of the home
            provided by the relative for the child;
        (B) the schooling of the child while in the relative’s custody; and
        (C) the socialization of the child with other children and adults, both inside
            and outside the family of the caretaker relative; and
   (iv) whether any contact was made by the child’s parent with the relative,
       the child, or both, during the absence of the parent and if so, the date, time, and
       circumstances of that contact, including any conversation between the relative
       and the parent concerning when the parent would return and resume custody of
       the child;

(c) a statement by the caretaker relative as to:
   (i) why the relative wishes to maintain custody of the child; and
   (ii) how the relative has offered and will continue to offer continuity of care by
        providing permanency or stability in residence, schooling, and activities outside
        of the home;

(d) a warning, in at least 14-point type, to the caretaker relative in the
following language: “WARNING: DO NOT SIGN THE FOREGOING
AFFIDAVIT IF ANY OF THE ABOVE STATEMENTS ARE INCORRECT OR
YOU WILL BE COMMITTING AN OFFENSE PUNISHABLE BY FINE,
IMPRISONMENT, OR BOTH”; and

(e) a notarized signature of the caretaker relative following a written
declaration that the affidavit is made under oath and under penalty of the laws
of Montana governing the giving of false sworn testimony and that the
information stated by the caretaker relative in the affidavit is true and correct.

(3) A copy of the affidavit filed with the district court must be provided by the
caretaker relative to the child’s parent, if the address or location of the parent is
known to the relative, and may be provided to the department of public health and human services. A caretaker relative may maintain temporary custody of the child for 5 days following the return of the parent and the demand by the parent for custody of the child pending completion of the affidavit and the order of the district court. During that 5-day period, the caretaker relative may not be deprived of the custody of the child by a peace officer or by the order of a court unless a court finds, upon petition by the child's parent and after a hearing and upon notice to the caretaker relative as the court shall require, that:

(a) the child has not been in the custody of the caretaker relative for at least 6 months;

(b) the caretaker relative has committed child abuse or neglect with regard to the child in the custody of the relative; or

(c) the action by the caretaker relative to make and file the affidavit with the district court in accordance with this section was not made in good faith.

(4) Upon receipt of the caretaker relative's affidavit pursuant to subsection (3), the department may proceed pursuant to 41-3-202 as if a report of abandonment of the child had been received.

(5) (a) Within 48 hours of the filing of the affidavit, the district court shall review the affidavit and determine ex parte whether the affidavit contains prima facie evidence that the child was abandoned by the child's parent. If the court determines that there is prima facie evidence that the child was abandoned by the child's parent, the court shall within 3 business days of its determination of prima facie evidence enter appropriate findings of fact concerning the abandonment and enter an ex parte order approving and ordering continued custody and control of the child by the caretaker relative. An order of the district court pursuant to this subsection approving and ordering continued custody by the caretaker relative is effective for 14 days following entry of the order.

(b) If the court determines that the affidavit does not provide prima facie evidence of abandonment by the parent, the court shall within 3 business days of its determination make appropriate findings of fact and order the child returned to the parent. Upon receipt of the written findings and order of the court, the caretaker relative shall surrender the custody and control of the child to the child's parent.

(c) During or after the 14-day period established under subsection (5)(a), the caretaker relative may commence a parenting plan proceeding under 40-4-211 or petition the court to be appointed the guardian of the minor under 72-5-225.

(6) Upon entry of an order by the district court pursuant to subsection (5)(a), a copy of the order must be sent to the child's parent, if the address of the parent is known.

(7) The child's parent may, after receipt of the court's findings and order ordering continued custody of a child by a caretaker relative, apply to the court, upon notice to the caretaker relative as the court shall provide, for a reconsideration of the court's order approving continued custody of the child by the relative. The court shall reconsider its order and may reverse its order based upon presentation of evidence of nonabandonment. Pending a reconsideration pursuant to this subsection, custody of the child must remain with the relative unless the order of the district court approving that custody expires or a court has ordered a change of custody pursuant to subsection (3).
(a) A caretaker relative refusing to surrender custody of a child while acting in good faith and in accordance with this section is immune from civil or criminal action brought because of that refusal.

(b) A peace officer acting in good faith and taking or refusing to take custody of a child from a relative in accordance with this section and the entity employing the officer is immune from civil or criminal action or professional discipline brought because of the taking of or refusal to take custody of the child.

(9) Subject to availability of appropriations, the attorney general shall prepare a form for the affidavit provided for in this section and shall distribute the form as the attorney general determines appropriate.”

Section 4. Section 41-3-437, MCA, is amended to read:

“41-3-437. Adjudication — temporary disposition — findings — order. (1) Upon the filing of an appropriate petition, an adjudicatory hearing must be held within 90 days of a show cause hearing under 41-3-432. Adjudication may take place at the show cause hearing if the requirements of subsection (2) are met or may be made by prior stipulation of the parties pursuant to 41-3-434 and order of the court. Exceptions to the time limit may be allowed only in cases involving newly discovered evidence, unavoidable delays, stipulation by the parties pursuant to 41-3-434, and unforeseen personal emergencies.

(2) The court may make an adjudication on a petition under 41-3-422 if the court determines by a preponderance of the evidence, except as provided in the federal Indian Child Welfare Act, if applicable, that the child is a youth in need of care. Except as otherwise provided in this part, the Montana Rules of Civil Procedure and the Montana Rules of Evidence apply to adjudication and to an adjudicatory hearing. Adjudication must determine the nature of the abuse and neglect and establish facts that resulted in state intervention and upon which disposition, case work, court review, and possible termination are based.

(3) The court shall hear evidence regarding the residence of the child, paternity, if in question, the whereabouts of the parents, guardian, or nearest adult relative, and any other matters the court considers relevant in determining the status of the child. Hearsay evidence of statements made by the affected youth is admissible according to the Montana Rules of Evidence.

(4) In a case in which abandonment has been alleged by the county attorney, the attorney general, or an attorney hired by the county, the court shall hear offered evidence, including evidence offered by a person appearing pursuant to 41-3-422(9)(a) or (9)(b), regarding any of the following subjects:

(a) the extent to which the child has been cared for, nurtured, or supported by a person other than the child’s parents; and

(b) whether the child was placed or allowed to remain by the parents with another person for the care of the child, and, if so, then the court shall accept evidence regarding:

(i) the intent of the parents in placing the child or allowing the child to remain with that person; and

(ii) the continuity of care the person has offered the child by providing permanency or stability in residence, schooling, and activities outside of the home; and

(iii) the circumstances under which the child was placed or allowed to remain with that other person, including:
(A) whether a parent requesting return of the child was previously prevented from doing so as a result of an order issued pursuant to Title 40, chapter 15, part 2, or of a conviction pursuant to 45-5-206; and

(B) whether the child was originally placed with the other person to allow the parent to seek employment or attend school.

(5) In all civil and criminal proceedings relating to abuse or neglect, the privileges related to the examination or treatment of the child do not apply, except the attorney-client privilege granted by 26-1-803 and the mediation privilege granted by 26-1-813.

(6) (a) If the court determines that the child is not an abused or neglected child, the petition must be dismissed and any order made pursuant to 41-3-427 or 41-3-432 must be vacated.

(b) If the child is adjudicated a youth in need of care, the court shall set a date for a dispositional hearing to be conducted within 20 days, as provided in 41-3-438(1), and order any necessary or required investigations. The court may issue a temporary dispositional order pending the dispositional hearing. The temporary dispositional order may provide for any of the forms of relief listed in 41-3-427(2).

(7) (a) Before making an adjudication, the court may make oral findings, and following the adjudicatory hearing, the court shall make written findings on issues, including but not limited to the following:

(i) which allegations of the petition have been proved or admitted, if any;

(ii) whether there is a legal basis for continued court and department intervention; and

(iii) whether the department has made reasonable efforts to avoid protective placement of the child or to make it possible to safely return the child to the child’s home.

(b) The court may order:

(i) terms for visitation, support, and other intrafamily communication pending disposition if the child is to be placed or to remain in temporary out-of-home care prior to disposition;

(ii) examinations, evaluations, or counseling of the child or parents in preparation for the disposition hearing that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditure is reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(iii) the department to evaluate the noncustodial parent or relatives as possible caretakers, if not already done;

(iv) the perpetrator of the alleged child abuse or neglect to be removed from the home to allow the child to remain in the home; and

(v) the department to continue efforts to notify noncustodial parents.

(8) If a proceeding under this chapter involves an Indian child and is subject to the federal Indian Child Welfare Act, a qualified expert witness is required to testify that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

Section 5. Section 41-3-438, MCA, is amended to read:
“41-3-438. Disposition — hearing — order. (1) Unless a petition is dismissed or unless otherwise stipulated by the parties pursuant to 41-3-434 or ordered by the court, a dispositional hearing must be held on every petition filed under this chapter within 20 days after an adjudicatory order has been entered under 41-3-437. Exceptions to the time limit may be allowed only in cases involving newly discovered evidence, unavoidable delays, stipulation by the parties pursuant to 41-3-434, and unforeseen personal emergencies.

(2) (a) A dispositional order must be made after a dispositional hearing that is separate from the adjudicatory hearing under 41-3-437. The hearing process must be scheduled and structured so that dispositional issues are specifically addressed apart from adjudicatory issues. Hearsay evidence is admissible at the dispositional hearing.

(b) A dispositional hearing may follow an adjudicatory hearing in a bifurcated manner immediately after the adjudicatory phase of the proceedings if:

(i) all required reports are available and have been received by all parties or their attorneys at least 5 working days in advance of the hearing; and

(ii) the judge has an opportunity to review the reports after the adjudication.

(c) The dispositional hearing may be held prior to the entry of written findings required by 41-3-437.

(3) If a child is found to be a youth in need of care under 41-3-437, the court may enter its judgment, making any of the following dispositions to protect the welfare of the child:

(a) permit the child to remain with the child’s custodial parent or guardian, subject to those conditions and limitations the court may prescribe;

(b) order the department to evaluate the noncustodial parent as a possible caretaker;

(c) order the temporary placement of the child with the noncustodial parent, superseding any existing custodial order, and keep the proceeding open pending completion by the custodial parent of any treatment plan ordered pursuant to 41-3-443;

(d) order the placement of the child with the noncustodial parent, superseding any existing custodial order, and dismiss the proceeding with no further obligation on the part of the department to provide services to the parent with whom the child is placed or to work toward reunification of the child with the parent or guardian from whom the child was removed in the initial proceeding;

(e) grant an order of limited emancipation to a child who is 16 years of age or older, as provided in 41-1-501;

(f) transfer temporary legal custody to any of the following:

(i) the department;

(ii) a licensed child-placing agency that is willing and able to assume responsibility for the education, care, and maintenance of the child and that is licensed or otherwise authorized by law to receive and provide care of the child; or

(iii) a nonparent relative or other individual who has been evaluated and recommended by the department or a licensed child-placing agency designated by the court and who is found by the court to be qualified to receive and care for the child;
(g) order a party to the action to do what is necessary to give effect to the final disposition, including undertaking medical and psychological evaluations, treatment, and counseling that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(h) order further care and treatment as the court considers in the best interests of the child that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for the proposed care and treatment. The department is the payor of last resort after all family, insurance, and other resources have been examined pursuant to 41-3-446.

(4) (a) If the court awards temporary legal custody of an abandoned child other than to the department or to a noncustodial parent, the court shall award temporary legal custody of the child to a member of the child's extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, if:

(i) placement of the abandoned child with the extended family member is in the best interests of the child;

(ii) the extended family member requests that the child be placed with the family member; and

(iii) the extended family member is able to offer continuity of care for the child by providing permanency or stability in residence, schooling, and activities outside of the home; and

(iv) the extended family member is found by the court to be qualified to receive and care for the child.

(b) If more than one extended family member satisfies the requirements of subsection (4)(a), the court may award custody to the extended family member who can best meet the child's needs.

(c) If a member of the child's extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that custody be awarded to that family member, the department shall investigate and determine if awarding custody to the family member is in the best interests of the child. The department shall provide the reasons for any denial to the court. If the court accepts the department's custody recommendation, the court shall inform any denied family member of the reasons for the denial to the extent that confidentiality laws allow. The court shall include the reasons for denial in the court order if the family member who is denied temporary legal custody requests it to be included.

(5) If reasonable efforts have been made to prevent removal of a child from the home or to return a child to the child's home but continuation of the efforts is determined by the court to be inconsistent with permanency for the child, the department shall make reasonable efforts to place the child in a timely manner in accordance with a permanent plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If the court finds that reasonable efforts are not necessary pursuant to 41-3-442(1) or subsection (5) of this section, a permanency hearing must be held within 30 days of that determination and reasonable efforts must be made to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child.
(7) If the time limitations of this section are not met, the court shall review the reasons for the failure and order an appropriate remedy that considers the best interests of the child.”

Section 6. Section 41-3-439, MCA, is amended to read:

“41-3-439. Department to give placement priority to extended family member of abandoned child. (1) If the department has received temporary legal custody of an abandoned child pursuant to 41-3-438 or permanent legal custody pursuant to 41-3-607, the department shall give priority to a member of the child’s extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, in determining the person or persons with whom the abandoned child should be placed if:

(a) placement with the extended family member is in the best interests of the abandoned child;

(b) the extended family member has requested that the abandoned child be placed with the family member; and

(c) the extended family member is able to offer the child continuity of care by providing permanency or stability in residence, schooling, and activities outside of the home; and

(d) the department has determined that the extended family member is qualified to receive and care for the abandoned child.

(2) If more than one extended family member of the abandoned child has requested that the child be placed with the family member and all are qualified to receive and care for the child, the department may determine which extended family member to place the abandoned child with in the same manner as provided for in 41-3-438(4).

(3) This part does not affect the department’s ability to assess the appropriateness of placement of the child with a noncustodial parent when abandonment has been found against only one parent.

(4) If a member of the child’s extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that the child be placed with that family member and the department denies the request, the department shall give that family member a written statement of the reasons for the denial to the extent that confidentiality laws allow.”

Section 7. Section 72-5-223, MCA, is amended to read:

“72-5-223. Guardian of minor by court appointment—qualifications—nominee of minor preferred. The court may appoint as guardian any person whose appointment would be in the best interests of the minor, including the minor’s interest in continuity of care. The court shall appoint a person nominated by the minor if the minor is 14 years of age or older unless the court finds the appointment contrary to the best interests of the minor.”

Section 8. Section 72-5-225, MCA, is amended to read:

“72-5-225. Procedure for court appointment of guardian of minor—notice—hearing—representation by attorney. (1) Notice of the time and place of hearing of a petition for the appointment of a guardian of a minor must be given by the petitioner in the manner prescribed by 72-1-301 to:

(a) the minor, if the minor is 14 years of age or older;

(b) the person who has had the principal care and custody of the minor during the 60 days preceding the date of the petition; and
(c) any living parent of the minor.

(2) Upon hearing, if the court shall make the appointment if the court finds that a qualified person seeks appointment, venue is proper, the required notices have been given, the requirements of 72-5-222 have been met, and the welfare and best interests of the minor, including the need for continuity of care, will be served by the requested appointment, it shall make the appointment. In other cases, the court may dismiss the proceedings or make any other disposition of the matter that will best serve the interests of the minor.

(3) If, at any time in the proceeding, the court determines that the interests of the minor are or may be inadequately represented, the court may order the office of state public defender, provided for in 47-1-201, to assign counsel pursuant to the Montana Public Defender Act, Title 47, chapter 1, to represent the minor.”

AN ACT REVISION REQUIREMENTS FOR COUNTING VOTES FOR WRITE-IN CANDIDATES; AND AMENDING SECTION 13-15-206, MCA.

Be it enacted by the Legislature of the State of Montana:
Section 13-15-206, MCA, is amended to read:

"13-15-206. Counting votes — uniformity — rulemaking — definitions. (1) When conducting vote counts as provided by law, a counting board, absentee ballot counting board, or recount board shall count and determine the validity of each vote in a uniform manner as provided in this section.

(2) A manual count or recount of votes must be conducted as follows:

(a) One election judge on the board shall read the ballot while the two other judges on the board shall each record on an official tally sheet the number of valid votes cast for each individual or ballot issue. Write-in votes must be counted in accordance with subsection (5) and rules adopted pursuant to subsection (7). If a vote has not been cast according to instructions, the vote must be considered questionable and the entire ballot must be set aside and votes on the ballot must be handled as provided in subsection (4).

(b) (i) After the vote count is complete, the tally sheets of the two judges recording the votes must be compared.

(ii) If the two tallies match, the judges shall record in the pollbook:

(A) the names of all individuals who received votes;

(B) the offices for which individuals received votes;

(C) the total votes received by each individual as shown by the tally sheets; and

(D) the total votes received for or against each ballot issue, if any.

(iii) If the tallies do not match, the count must be conducted again as provided in this subsection (2) until the two tallies match.

(3) (a) When a voting system is counting votes:

(i) if a vote is recognized and counted by the system, it is a valid vote;

(ii) if a vote is not recognized and counted by the system, it is not a valid vote;

(iii) write-in votes must be counted in accordance with rules adopted pursuant to subsection (7).

(b) If the voting system cannot process the ballot because of the ballot's condition or if the voting system registers an unvoted ballot or an overvote, which must be considered a questionable vote, the entire ballot must be set aside and the votes on the ballot must be counted as provided in subsection (4).

(c) If an election administrator or counting board has reason to believe that a voting system is not functioning correctly, the election administrator shall follow the procedures prescribed in 13-15-209.

(d) After all valid votes have been counted and totaled, the judges shall record in the pollbook the information specified in subsection (2)(b)(ii).

(4) (a) (i) Before being counted, each questionable vote on a ballot set aside under subsection (2)(a) or (3)(b) must be reviewed by the counting board. The counting board shall evaluate each questionable vote according to rules adopted by the secretary of state.

(ii) If a majority of the counting board members agree that under the rules the voter's intent can be clearly determined, the vote is valid and must be counted according to the voter's intent.

(iii) If a majority of the counting board members do not agree that the voter's intent can be clearly determined under the rules, the vote is not valid and may not be counted.
(b) If a ballot was set aside under subsection (3)(b) because it could not be processed by the voting system due to the ballot’s condition, the counting board shall transfer all valid votes to a new ballot that can be processed by the voting system.

(5) A write-in vote may be counted if:
(a) (i) the write-in vote identifies an individual by a designation filed pursuant to 13-10-211(1)(a); or
(b) (ii) pursuant to 13-10-211(7), a declaration of nomination was not filed and the write-in vote identifies an individual who is qualified for the office; and
(b) the oval, box, or other designated voting area on the ballot is marked.

(6) A vote is not valid and may not be counted if the elector’s choice cannot be determined as provided in this section.

(7) The secretary of state shall adopt rules defining a valid vote and a valid write-in vote for each type of ballot and for each type of voting system used in the state. The rules must provide a sufficient guarantee that all votes are treated equally among jurisdictions using similar ballot types and voting systems.

(8) Local election administrators shall adopt policies to govern local processes that are consistent with the provisions of this title and that provide for:
(a) the security of the counting process against fraud;
(b) the place and time and public notice of each count or recount;
(c) public observance of each count or recount, including observance by representatives authorized under 13-16-411;
(d) the recording of objections to determinations on the validity of an individual vote or to the entire counting process; and
(e) the keeping of a public record of count or recount proceedings.

(9) For purposes of this section, “overvote” means an elector’s vote that has been interpreted by the voting system as an elector casting more votes than allowable for a particular office or ballot issue.”

[HB 513]

AN ACT REVISING SCHOOL FINANCE LAWS BY ALLOWING BONDING CAPACITIES TO BE COMBINED IN HIGH SCHOOL DISTRICTS WITH AN ATTACHED ELEMENTARY DISTRICT; ELIMINATING TRANSITION COSTS FROM THE CALCULATION OF THE TOTAL AMOUNT OF THE DISTRICT BUILDING RESERVE FUND; AND AMENDING SECTIONS 20-9-406 AND 20-9-502, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-406, MCA, is amended to read:

“20-9-406. Limitations on amount of bond issue — definition of federal impact aid basic support payment. (1) (a) Except as provided in subsection (2)(b) (1)(c), the maximum amount for which an elementary district or a high school district may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding
general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 and 20-9-502, and any other loans or notes payable that are held as general obligations of the district, is 50% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(b) Except as provided in subsection (1)(d), the maximum amount for which a K-12 school district, as formed pursuant to 20-6-701, may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 and 20-9-502, and any other loans or notes payable that are held as general obligations of the district, is up to 100% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(c) The total indebtedness of the high school district with an attached elementary district is limited to the sum of 50% of the taxable value of the property for elementary school program purposes and 50% of the taxable value of the property for high school program purposes.

(d) (c) (i) The maximum amount for which an elementary district or a high school district with a district mill value per elementary ANB or per high school ANB that is less than the facility guaranteed mill value per elementary ANB or high school ANB under 20-9-366 may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 and 20-9-502, and any other loans or notes payable that are held as general obligations of the district, is 50% of the corresponding facility guaranteed mill value per ANB times 1,000 times the ANB of the district. For a K-12 district, the maximum amount for which the district may become indebted is 50% of the sum of the facility guaranteed mill value per elementary ANB times 1,000 times the elementary ANB of the district and the facility guaranteed mill value per high school ANB times 1,000 times the high school ANB of the district. For the purpose of calculating ANB under this subsection, a district may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.

(ii) If mutually agreed upon by the affected districts, for the purpose of calculating its maximum bonded indebtedness under this subsection (d)(c), a district may include the ANB of the district plus the number of students residing within the district for which the district or county pays tuition for attendance at a school in an adjacent district. The receiving district may not use out-of-district ANB for the purpose of calculating its maximum indebtedness if the out-of-district ANB has been included in the ANB of the sending district pursuant to the mutual agreement. For the purpose of calculating ANB under this subsection, a district may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.

(2) The maximum amounts determined in subsection (1) do not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district or to general obligation bonds issued for the repayment of tax protests lost by the district. All general obligation bonds issued in excess of the amount are void, except as provided in this section.

(3) The maximum amount of impact aid revenue bonds that an elementary district, high school district, or K-12 school district may issue may not exceed a
total aggregate amount equal to three times the average of the school district's annual federal impact aid basic support payments for the 5 years immediately preceding the issuance of the bonds. However, at the time of issuance of the bonds, the average annual payment of principal and interest on the impact aid bonds each year may not exceed 35% of the total federal impact aid basic support payments of the school district for the current year.

(4) When the total indebtedness of a school district has reached the limitations prescribed in this section, the school district may pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this chapter.

(5) Whenever bonds are issued for the purpose of refunding bonds, any money to the credit of the debt service fund for the payment of the bonds to be refunded is applied toward the payment of the bonds and the refunding bond issue is decreased accordingly.

(6) As used in this part, "federal impact aid basic support payment" means the annual impact aid revenue received by a district under 20 U.S.C. 7703(b) but excludes revenue received for impact aid special education under 20 U.S.C. 7703(d) and impact aid construction under 20 U.S.C. 7707."

Section 2. Section 20-9-502, MCA, is amended to read:

“20-9-502. Purpose and authorization of building reserve fund by election — levy for school transition costs. (1) The trustees of any district, with the approval of the qualified electors of the district, may establish a building reserve for the purpose of raising money for the future construction, equipping, or enlarging of school buildings, for the purpose of purchasing land needed for school purposes in the district, or for the purpose of funding school transition costs as provided in subsections (5) and (6). In order to submit to the qualified electors of the district a building reserve proposition for the establishment of or addition to a building reserve, the trustees shall pass a resolution that specifies:

(a) the purpose or purposes for which the new or addition to the building reserve will be used;

(b) the duration of time over which the new or addition to the building reserve will be raised in annual, equal installments;

(c) the total amount of money that will be raised during the duration of time specified in subsection (1)(b); and

(d) any other requirements under 15-10-425 and 20-20-201 for the calling of an election.

(2) The total amount of building reserve, less the amount provided for in subsection (5), when added to the outstanding indebtedness of the district may not be more than the limitations provided in 20-9-406. Except as provided in subsections (5)(b) and (6), a building reserve tax authorization may not be for more than 20 years.

(3) The election must be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a building reserve proposition must be substantially in compliance with 15-10-425.

(4) The building reserve proposition is approved if a majority of those electors voting at the election approve the establishment of or addition to the building reserve. The annual budgeting and taxation authority of the trustees for a building reserve is computed by dividing the total authorized amount by
the specified number of years. The authority of the trustees to budget and impose the taxation for the annual amount to be raised for the building reserve lapses when, at a later time, a bond issue is approved by the qualified electors of the district for the same purpose or purposes for which the building reserve fund of the district was established. Whenever a subsequent bond issue is made for the same purpose or purposes of a building reserve, the money in the building reserve must be used for the purpose or purposes before any money realized by the bond issue is used.

(5) (a) The trustees may submit a proposition to the qualified electors of the district for a levy to provide funding for transition costs incurred when the trustees:

(i) open a new school under the provisions of Title 20, chapter 6;
(ii) close a school;
(iii) replace a school building; or
(iv) consolidate with or annex another district under the provisions of Title 20, chapter 6.

(b) Except as provided in subsections (5)(c) and (6), the total amount the trustees may submit to the electorate for transition costs may not exceed the number of years specified in the proposition times the greater of 5% of the district’s maximum general fund budget for the current year or $250 per ANB for the current year. Except as provided in subsection (6), the duration of the levy for transition costs may not exceed 6 years.

(c) If the levy for transition costs is for consolidation or annexation:

(i) the limitation on the amount levied is calculated using the ANB and the maximum general fund budget for the districts that are being combined; and
(ii) the proposition must be submitted to the qualified electors in the combined district.

(d) The levy for transition costs may not be considered as outstanding indebtedness for the purpose of calculating the limitation in 20-9-406.

(6) The trustees of a K-12 district shall impose a levy for transition costs to fund the payment required by 20-6-326(6)(b) when a proposition to create the K-12 district and to assess the transition levy has been approved pursuant to 20-6-326(2). The levy is limited to the amount required by 20-6-326(6)(b) for a period not to exceed 3 years.”

CHAPTER NO. 214

[HB 534]

AN ACT REQUIRING THE ELECTRONIC RECORDING OF CUSTODIAL INTERROGATIONS IN FELONY CASES AND IN YOUTH COURT CASES INVOLVING AN OFFENSE THAT WOULD BE A FELONY IF COMMITTED BY AN ADULT.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The legislature intends to require the electronic recording of custodial interrogations in felony cases based on the finding that properly recorded interrogations:

...
(1) provide the best evidence of the communications that occurred during an interrogation;
(2) prevent disputes about a peace officer’s conduct or treatment of a suspect during the course of an interrogation;
(3) prevent a defendant from lying about the account of events originally provided to law enforcement by the defendant;
(4) spare judges and jurors the time necessary and the need to assess which account of an interrogation to believe;
(5) enhance public confidence in the criminal process; and
(6) have been encouraged by the Montana supreme court in a written opinion of that court.

Section 2. Definitions. As used in [sections 1 through 6], the following definitions apply:

(1) “Custodial interrogation” means an interview conducted by a peace officer in a place of detention for the purpose of investigating a felony or, in the case of a youth, an offense that would be a felony if committed by an adult if the interview is reasonably likely to elicit a response from the person being interviewed that may incriminate the person being interviewed with regard to the commission of an offense.
(2) “Electronic recording” or “electronically recorded” means an audio recording, visual recording, or audiovisual recording, if available, that is an authentic, unaltered record of a custodial interrogation.
(3) “Place of detention” means a jail, police or sheriff’s station, holding cell, correctional or detention facility, office, or other structure in this state where persons are held in connection with criminal charges or juvenile delinquency proceedings.
(4) “Statement” means an oral, written, sign language, or nonverbal communication.

Section 3. Recordings required. Except as provided in [section 4], all custodial interrogations must be electronically recorded. The recording must contain a peace officer advising the person being interviewed of the person’s Miranda rights, a recording of the interview, and a conclusion of the interview.

Section 4. Exceptions to custodial recording requirements. A judge shall admit statements or evidence of statements that do not conform to [section 3] if, at hearing, the state proves by a preponderance of the evidence that:

(1) the statements have been made voluntarily and are reliable; or
(2) one or more of the following circumstances existed at the time of the custodial interrogation:

   (a) the questions put forth by law enforcement personnel and the person’s responsive statements were part of the routine processing or booking of the person;

   (b) before or during a custodial interrogation, the person unambiguously declared that the person would respond to the law enforcement officer’s questions only if the person’s statements were not electronically recorded;

   (c) the failure to electronically record an interrogation in its entirety was the result of unforeseeable equipment failure and obtaining replacement equipment was not practicable;
(d) exigent circumstances prevented the making of an electronic recording of the custodial interrogation;
(e) the person’s statements were surreptitiously recorded by or under the direction of law enforcement personnel;
(f) the person’s statement was made during a custodial interrogation that was conducted in another state by peace officers of that state in compliance with the laws of that state; or
(g) the person’s statement was made spontaneously and not in response to a question.

Section 5. Cautionary jury instruction. If the defendant objects to the introduction of evidence under [section 3] and the court finds by a preponderance of the evidence that the statements are admissible, the judge shall, upon motion of the defendant, provide the jury with a cautionary instruction.

Section 6. Handling and preservation of electronic recordings. (1) An electronic recording of a custodial interrogation must be clearly identified and catalogued by law enforcement personnel.
(2) If a criminal or youth court proceeding is brought against a person who was the subject of an electronically recorded custodial interrogation, the electronic recording must be preserved by law enforcement personnel until all appeals and all postconviction and habeas corpus proceedings are final and concluded or until the time within which the proceedings must be brought has expired.
(3) Upon motion by the defendant, the court may order that a copy of the electronic recording be preserved for any period beyond the expiration of all appeals.
(4) If a criminal or youth court proceeding is not brought against a person who has been the subject of an electronically recorded custodial interrogation, the related electronic recording must be preserved by law enforcement personnel until all applicable state and federal statutes of limitations bar prosecution of the person.

Section 7. Codification instruction. [Sections 1 through 6] are intended to be codified as an integral part of Title 46, chapter 4, and the provisions of Title 46 apply to [sections 1 through 6].

CHAPTER NO. 218

[SB 192]

AN ACT PROVIDING SMALL BUSINESSES WITH AN OPPORTUNITY FOR WORKERS’ COMPENSATION RELIEF BY ALLOWING POOLED RISK SAFETY GROUPS IN WORKERS’ COMPENSATION PLAN NO. 3; PROVIDING AN OPPORTUNITY FOR A RETURN ON PREMIUM BASED ON REDUCED LOSSES TO EMPLOYERS THAT IMPLEMENT CERTAIN SAFETY AND RETURN-TO-WORK PROVISIONS; AMENDING SECTION 39-71-2311, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

WHEREAS, Workers’ Compensation Plan No. 3, an insurer for all businesses in Montana, is a nonprofit, independent, public corporation that nevertheless is a creation of the state; and

WHEREAS, more than 90% of businesses in Montana have fewer than 20 employees and more than 80% of businesses in Montana have fewer than 10 employees, with many if not most of these small businesses obtaining workers’ compensation insurance from the State Fund because not all private insurers write for small businesses; and

WHEREAS, Montana’s workers’ compensation rates among all insurers are the second highest in the nation and the current economic crisis has the potential to hit all employers hard, but especially small businesses that may have fewer lifelines for survival than larger businesses; and

WHEREAS, the opportunity to pool risk in a group that has made a commitment to safety yields the potential to benefit small businesses by reducing losses and possibly generating a return on premium.

Be it enacted by the Legislature of the State of Montana:
Section 1. Workplace safety program. (1) An employer that is not eligible for the tier with the lowest-rated premium for workers’ compensation purposes is eligible to join a state fund pooled risk safety group, as provided in [section 2], if the employer:

(a) adopts and maintains a written, comprehensive workplace safety program that has been in place for more than 1 year and that meets the criteria established by rule implementing Title 39, chapter 71, part 15.

(b) adopts transitional and return-to-work programs;

(c) has at least 3 years of experience without losses;

(d) uses available safety consultation services or programs offered by the department or the state fund. Safety consultation may be provided to individual employers or to groups. The department and the state fund shall notify each employer in a group, as provided in [section 2], regarding the availability of safety and return-to-work resources.

(e) complies with the terms and conditions of the state fund pooled risk safety group as provided in [section 2].

(2) The state fund and the department shall share information on workplace safety programs and transitional and return-to-work programs.

Section 2. Pooled risk safety group. (1) The state fund may establish one or more groups of individual policies in a pooled risk safety group to promote safety as a way to reduce losses among members of the pooled risk safety group.

(2) Each member of a pooled risk safety group must be eligible as provided in [section 1] and must have an individual workers’ compensation plan No. 3 policy. An individual policy may be included in only one group.

(3) The state fund shall annually establish the terms and conditions of the plan that defines the requirements of participation for a pooled risk safety group. The plan must include the criteria to be eligible for an aggregate return of premium and a method for apportioning the return of premium among members of the group.

(4) The aggregate record of the individual members of the pooled risk safety group is the basis for determining if the members of the pooled risk safety group qualify for a return on premiums.

Section 3. Section 39-71-2311, MCA, is amended to read:

“39-71-2311. Intent and purpose of plan — expense constant defined. (1) It is the intent and purpose of the state fund to allow employers an option to insure their liability for workers’ compensation and occupational disease coverage with the state fund. The state fund must be neither more nor less than self-supporting. Premium rates must be set at least annually at a level sufficient to ensure the adequate funding of the insurance program, including the costs of administration, benefits, and adequate reserves, during and at the end of the period for which the rates will be in effect. In determining premium rates, the state fund shall make every effort to adequately predict future costs. When the costs of a factor influencing rates are unclear and difficult to predict, the state fund shall use a prediction calculated to be more than likely to cover those costs rather than less likely to cover those costs. The prediction must take into account the goal of pooling risk and may not place an undue burden on employers that are not eligible for the tier with the lowest-rated premium for workers’ compensation purposes.
(2) Unnecessary surpluses that are created by the imposition of premiums found to have been set higher than necessary because of a high estimate of the cost of a factor or factors may be refunded by the declaration of a dividend as provided in this part. For the purpose of keeping the state fund solvent, the board of directors may implement multiple rating tiers as provided in 39-71-2330 and may assess an expense constant, a minimum premium, or both.

(3) As used in this section, “expense constant” means a premium charge applied to each workers’ compensation policy to pay expenses related to issuing, servicing, maintaining, recording, and auditing the policy.”

Section 4. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 39, chapter 71, part 23, and the provisions of Title 39, chapter 71, part 23, apply to [sections 1 and 2].

Section 5. Effective date — applicability. [This act] is effective July 1, 2009, and applies to groups formed on or after July 1, 2010.

(b) The election administrator shall mail an address confirmation form in January and July of each year to each elector who has requested an absentee ballot for subsequent elections. The address confirmation form mailed in January is for elections to be held between February 1 following the mailing through July of the same year, and the address confirmation form mailed in July is for elections to be held between August 1 following the mailing through January of the succeeding year. If the form is not completed and returned, the election administrator shall remove the elector from the register of electors who have requested an absentee ballot for each subsequent election.

(c) An elector who has been removed from the register may subsequently request to be mailed an absentee ballot for each subsequent election.”

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-5-303, MCA, is amended to read:

“40-5-303. Petition for income deduction — who may initiate. (1) If an obligor is exempted from immediate income withholding under 40-5-315 or is not otherwise subject to an income-withholding order, the obligor’s income may be withheld for the payment of child support if the obligor becomes delinquent in the payment of support, a person or entity referred to in subsection (2) notifies the obligor that income withholding will be initiated if the delinquent amount is not paid within 8 days of the date of the notice, and the obligor does not pay the delinquent amount within that time. Notification that income withholding will be initiated if a delinquency is not paid within 8 days of the date of the notice is not necessary if such a notice was given for a prior delinquency and the prior delinquency in fact existed. This notice is different from the notice required by 40-5-305.

(2) Income withholding for the payment of child support may be initiated by:

(a) the person named as the recipient of the child support payments in the child support order;

(b) the child or the guardian of the child named in the child support order;

(c) the department of public health and human services; or

(d) the state of Montana, including the department of corrections and respective county attorneys, for the purpose of enforcing contribution orders under 41-5-1525. These contribution orders are considered to be child support orders for purposes of enforcement under this chapter.

(3) (a) At the request of an initiating party who has determined that an obligor is delinquent, the district court shall issue an order for income deductions for immediate service upon the obligor’s payor or payors. The order is limited to current support unless modified to include arrears as provided in 40-5-308.

(b) At the same time an income deduction order is issued, the requesting party shall notify the obligor as provided in 40-5-305 that income deductions have been initiated.
(4) Deductions under this section for current support may be terminated only if:
   (a) the district court determines after a hearing that the obligor was not delinquent when the deduction order was issued;
   (b) the obligation to pay support has terminated and all delinquencies are paid in full; or
   (c) the department of public health and human services has superseded the deduction order under authority of Title 40, chapter 5, part 4.

(5) As used in this part, the following definitions apply:
   (a) “Employer” includes a payor.

      (ii) Income does not include:
          (A) an amount, other than creditor claims, required by law to be withheld, including federal, state, and local taxes and social security; or
          (B) an amount exempted from judgment, execution, or attachment by federal or state law.
   (c) “Payor” means any entity that pays income to an obligor on a periodic basis and includes any person, firm, corporation, association, employer, trustee, political subdivision, or state agency or an agent of any one of them, subject to the jurisdiction of the courts of this state under Rule 4B of the Montana Rules of Civil Procedure.”

Section 2. Section 40-5-601, MCA, is amended to read:

“40-5-601. Failure to pay support — civil contempt. (1) For purposes of this section, “support” means child support; spousal support; health insurance, medical, dental, and optical payments; day-care expenses; and any other payments due as support under a court or administrative order; and contributions ordered pursuant to 41-5-1525. Submission of health insurance claims is a support obligation if health insurance coverage is ordered.

(2) If a person obligated to provide support fails to pay as ordered, the payee or assignee of the payee of the support order may petition a district court to find the obligated person in contempt.

(3) The petition may be filed in the district court:
   (a) that issued the support order;
   (b) of the judicial district in which the obligated person resides; or
   (c) of the judicial district in which the payee or assignee of the payee resides or has an office.

(4) Upon filing of a verified petition alleging facts constituting contempt of the support order, the district court shall issue an order requiring the obligated person to appear and show cause why the obligated person should not be held in contempt and punished under this section.

(5) The obligated person is presumed to be in contempt upon a showing that:
   (a) there is a support order issued by a court or administrative agency of this or another state, an Indian tribe, or a country with jurisdiction to enter the order;
(b) the obligated person had actual or constructive knowledge of the order; and

c) the obligated person failed to pay support as ordered.

(6) Certified payment records maintained by a clerk of court or administrative agency authorized by law or by the support order to collect support are admissible in a proceeding under this section and are prima facie evidence of the amount of support paid and any arrearages under the support order.

(7) Following a showing under subsection (5), the obligated person may move to be excused from the contempt by showing clear and convincing evidence that the obligated person:

(a) has insufficient income to pay the arrearages;

(b) lacks personal or real property that can be sold, mortgaged, or pledged to raise the needed sum;

(c) has unsuccessfully attempted to borrow the sum from a financial institution;

(d) has no other source, including relatives, from which the sum can be borrowed or secured;

(e) does not have a valid out-of-court agreement with the payee waiving, deferring, or otherwise compromising the support obligation; or

(f) cannot, for some other reason, reasonably comply with the order.

(8) In addition to the requirement of subsection (7), the obligated person shall also show by clear and convincing evidence that factors constituting the excuse were not occasioned or caused by the obligated person voluntarily:

(a) remaining unemployed or underemployed when there is employment suitable to the obligated person's skills and abilities available within a reasonable distance from the obligated person's residence;

(b) selling, transferring, or encumbering real or personal property for fictitious or inadequate consideration within 6 months prior to a failure to pay support when due;

(c) selling or transferring real property without delivery of possession within 6 months prior to a failure to pay support when due or, if the sale or transfer includes a reservation of a trust for the use of the obligated person, purchasing real or personal property in the name of another person or entity;

(d) continuing to engage in an unprofitable business or contract unless the obligated person cannot reasonably be removed from the unprofitable situation; or

(e) incurring debts subsequent to entry of the support order that impair the obligated person's ability to pay support.

(9) If the obligated person is not excused under subsections (7) and (8), the district court shall find the obligated person in contempt of the support order. For each failure to pay support under the order, the district court shall order punishment as follows:

(a) not more than 5 days incarceration in the county jail;

(b) not more than 120 hours of community service work;

(c) not more than a $500 fine; or

(d) any combination of the penalties in subsections (9)(a) through (9)(c).
(10) An order under subsection (9) must include a provision allowing the obligated person to purge the contempt. The obligated person may purge the contempt by complying with an order requiring the obligated person to:
   (a) seek employment and periodically report to the district court all efforts to find employment;
   (b) meet a repayment schedule;
   (c) compensate the payee for the payee’s attorney fees, costs, and expenses for a proceeding under this section;
   (d) sell or transfer real or personal property or transfer real or personal property to the payee, even if the property is exempt from execution;
   (e) borrow the arrearage amount or report to the district court all efforts to borrow the sum;
   (f) meet any combination of the conditions in subsections (10)(a) through (10)(e); or
   (g) meet any other conditions that the district court in its discretion finds reasonable.

(11) If the obligated person fails to comply with conditions for purging contempt, the district court shall immediately find the obligated person in contempt under this section and impose punishment.

(12) A proceeding under this section must be brought within 3 years of the date of the last failure to comply with the support order.”

Section 3. Section 40-5-701, MCA, is amended to read:

“40-5-701. Definitions. As used in this part, the following definitions apply:

AN ACT CLARIFYING THE DEFINITION OF ENTERPRISE FUNDS SUBJECT TO APPROPRIATION; AMENDING SECTIONS 17-7-111, 17-7-123, AND 17-8-101, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-111, MCA, is amended to read:

"17-7-111. Preparation of state budget — agency program budgets — form distribution and contents. (1) (a) To prepare a state budget, the executive branch, the legislature, and the citizens of the state need information that is consistent and accurate. Necessary information includes detailed disbursements by fund type for each agency and program for the appropriate time period, recommendations for creating a balanced budget, and recommended disbursements and estimated receipts by fund type and fund category.

(b) Subject to the requirements of this chapter, the budget director and the legislative fiscal analyst shall by agreement:

(i) establish necessary standards, formats, and other matters necessary to share information between the agencies and to ensure that information is consistent and accurate for the preparation of the state’s budget; and

(ii) provide for the collection and provision of budgetary and financial information that is in addition to or different from the information otherwise required to be provided pursuant to this section.

(2) In the preparation of a state budget, the budget director shall, not later than the date specified in 17-7-112(1), distribute to all agencies the proper forms and instructions necessary for the preparation of budget estimates by the budget director. These forms must be prescribed by the budget director to procure the information required by subsection (3). The forms must be submitted to the budget director by the date provided in 17-7-112(2)(a) or the agency’s budget is subject to preparation based upon estimates as provided in 17-7-112(5). The budget director may refuse to accept forms that do not comply with the provisions of this section or the instructions given for completing the forms.

(3) The agency budget request must set forth a balanced financial plan for the agency completing the forms for each fiscal year of the ensuing biennium. The plan must consist of:

(a) a consolidated agency budget summary of funds subject to appropriation, or enterprise funds that transfer profits to the general fund or to an account subject to appropriation as provided in 17-8-101, for the current base budget expenditures, including statutory appropriations, and for each present law adjustment and new proposal request setting forth the aggregate figures of the full-time equivalent personnel positions (FTE) and the budget, showing a balance between the total proposed disbursements and the total anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last-completed fiscal year and the fiscal year in progress;

(b) a schedule of the actual and projected receipts, disbursements, and solvency of each fund for the current biennium and estimated for the subsequent biennium;
(c) a statement of the agency mission and a statement of goals and objectives for each program of the agency. The goals and objectives must include, in a concise form, sufficient specific information and quantifiable information to enable the legislature to formulate an appropriations policy regarding the agency and its programs and to allow a determination, at some future date, on whether the agency has succeeded in attaining its goals and objectives.

(d) actual FTE and disbursements for the completed fiscal year of the current biennium, estimated FTE and disbursements for the current fiscal year, and the agency’s request for the ensuing biennium, by program;

(e) actual disbursements for the completed fiscal year of the current biennium, estimated disbursements for the current fiscal year, and the agency’s recommendations for the ensuing biennium, by disbursement category;

(f) for only agencies with more than 20 FTE, a plan to reduce the proposed base budget for the general appropriations act and the proposed state pay plan to 95% of the current base budget or lower if directed by the budget director. Each agency plan must include base budget reductions that reflect the required percentage reduction by fund type for the general fund and state special revenue fund types. Exempt from the calculations of the 5% target amounts are legislative audit costs, administratively attached entities that hire their own staff under 2-15-121, and state special revenue accounts that do not transfer their investment earnings or fund balances to the general fund. The plan must include:

(i) a prioritized list of services that would be eliminated or reduced;
(ii) for each service included in the prioritized list, the savings that would result from the elimination or reduction; and
(iii) the consequences or impacts of the proposed elimination or reduction of each service.

(g) a reference for each new information technology proposal stating whether the new proposal is included in the approved agency information technology plan as required in 2-17-523; and

(h) other information the budget director feels is necessary for the preparation of a budget.

(4) The budget director shall prepare and submit to the legislative fiscal analyst in accordance with 17-7-112:

(a) detailed recommendations for the state long-range building program. Each recommendation must be presented by institution, agency, or branch, by funding source, with a description of each proposed project.

(b) a statewide project budget summary as provided in 2-17-526;

(c) the proposed pay plan schedule for all executive branch employees at the program level by fund, with the specific cost and funding recommendations for each agency. Submission of a pay plan schedule under this subsection is not an unfair labor practice under 39-31-401.

(d) agency proposals for the use of cultural and aesthetic project grants under Title 22, chapter 2, part 3, the renewable resource grant and loan program under Title 85, chapter 1, part 6, the reclamation and development grants program under Title 90, chapter 2, part 11, and the treasure state endowment program under Title 90, chapter 6, part 7.

(5) The board of regents shall submit, with its budget request for each university unit in accordance with 17-7-112, a report on the university system
bonded indebtedness and related finances as provided in this subsection (5). The report must include the following information for each year of the biennium, contrasted with the same information for the last-completed fiscal year and the fiscal year in progress:

(a) a schedule of estimated total bonded indebtedness for each university unit by bond indenture;

(b) a schedule of estimated revenue, expenditures, and fund balances by fiscal year for each outstanding bond indenture, clearly delineating the accounts relating to each indenture and the minimum legal funding requirements for each bond indenture; and

(c) a schedule showing the total funds available from each bond indenture and its associated accounts, with a list of commitments and planned expenditures from such accounts, itemized by revenue source and project for each year of the current and ensuing bienniums.

(6) (a) The department of revenue shall make Montana individual income tax information available by removing names, addresses, and social security numbers and substituting in their place a state accounting record identifier number. Except for the purposes of complying with federal law, the department may not alter the data in any other way.

(b) The department of revenue shall provide the name and address of a taxpayer on written request of the budget director when the values on the requested return, including estimated payments, are considered necessary by the budget director to properly analyze state revenue and are of a sufficient magnitude to materially affect the analysis and when the identity of the taxpayer is necessary to evaluate the effect of the return or payments on the analysis being performed.”

Section 2. Section 17-7-123, MCA, is amended to read:

“17-7-123. Form of executive budget. (1) The budget submitted must set forth a balanced financial plan for funds subject to appropriation, and enterprise funds that transfer profits to the general fund or to accounts subject to appropriation as provided in 17-8-101, for each accounting entity and for the state government for each fiscal year of the ensuing biennium. The base level plan must consist of:

(a) a consolidated budget summary setting forth the aggregate figures of the budget in a manner that shows a balance between the total proposed disbursements and the total anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last-completed fiscal year and the fiscal year in progress. The consolidated budget summary must be supported by explanatory schedules or statements.

(b) budget and full-time equivalent personnel position comparisons by agency, program, and appropriated funds for the current and subsequent biennium;

(c) the departmental mission and a statement of goals and objectives for the department;

(d) base budget disbursements for the completed fiscal year of the current biennium, estimated comparable disbursements for the current fiscal year, and the proposed present law base budget plus new proposals, if any, for each department and each program of the department;
(e) a statement containing recommendations of the governor for the ensuing biennium by program and disbursement category, including:

(i) explanations of appropriation and revenue measures included in the budget that involve policy changes;
(ii) matters not included as a part of the budget bill but included as a part of the executive budget, such as the state employee pay plan, programs funded through separate appropriations measures, and other matters considered necessary for comprehensive public and legislative consideration of the state budget; and
(iii) a summary of budget requests that include proposed expenditures on information technology resources. The summary must include funding, program references, and a decision package reference;

(f) a report on:

(i) enterprise funds not subject to the requirements of subsections (1)(a) through (1)(e), including retained earnings and contributed capital, projected operations and charges, and projected fund balances; and
(ii) fees and charges in the internal service fund type, including changes in the level of fees and charges, projected use of the fees and charges, and projected fund balances. Fees and charges in the internal service fund type must be approved by the legislature in the general appropriations act. Fees and charges in a biennium may not exceed the level approved by the legislature in the general appropriations act effective for that biennium.

(g) any other financial or budgetary material agreed to by the budget director and the legislative fiscal analyst.

(2) The statement of departmental goals and objectives and the schedule for each fund required in 17-7-111(3)(b) of the executive budget are not required to be printed but must be available in the office of budget and program planning and on the internet.”

Section 3. Section 17-8-101, MCA, is amended to read:

“17-8-101. Appropriation and disbursement of money from treasury. (1) For purposes of complying with Article VIII, section 14, of the Montana constitution, money deposited in the general fund, the special revenue fund type (except money deposited in the treasury from nonstate and nonfederal sources restricted by law or by the terms of an agreement, such as a contract, trust agreement, or donation), and the capital projects fund type, with the exception of refunds authorized in subsection (4), may be paid out of the treasury only on appropriation made by law.

(2) Subject to the provisions of subsection (8), money deposited in the enterprise fund type, debt service fund type, internal service fund type, private purpose trust fund type, agency fund type, and state special revenue fund from nonstate and nonfederal sources restricted by law or by the terms of an agreement, such as a contract, trust agreement, or donation, may be paid out of the treasury only on appropriation made by law.

(a) by appropriation; or

(b) under general laws, or contracts entered into in pursuance of law, permitting the disbursement if a subclass is established on the state financial system.

(3) The pension trust fund type is not considered a part of the state treasury for appropriation purposes. Money deposited in the pension trust fund type may
be paid out of the treasury pursuant to general laws, trust agreement, or contract.

(4) Money paid into the state treasury through error or under circumstances such that the state is not legally entitled to retain it and a refund procedure is not otherwise provided by law may be refunded upon the submission of a verified claim approved by the department.

(5) Authority to expend appropriated money may be transferred from one state agency to another, provided that the original purpose of the appropriation is maintained. The office of budget and program planning shall report semiannually to the legislative finance committee concerning all appropriations transferred under the provisions of this section.

(6) Fees and charges for services deposited in the internal service fund type must be based upon commensurate costs. The legislative auditor, during regularly scheduled audits of state agencies, shall audit and report on the reasonableness of internal service fund type fees and charges and on the fund equity balances.

(7) The creation of accounts in the enterprise fund or the internal service fund must be approved by the department, using conformity with generally accepted accounting principles as the primary approval criteria. The department shall report annually to the office of budget and program planning and the legislative finance committee on the nature, status, and justification for all new accounts in the enterprise fund and the internal service fund.

(8) Enterprise and internal service funds must be appropriated if they are used as a part of a program that is not an enterprise or internal service function and that otherwise requires an appropriation. An enterprise fund that transfers its ending fund balance to the general fund is required by law to transfer money to the general fund or to any other appropriated fund is subject to appropriation. The payment of funds into an internal service fund must be authorized by law.

[HB 112]

AN ACT INCREASING THE THRESHOLD AMOUNT CONSTITUTING A SIGNIFICANT CHANGE IN AN AGENCY OR PROGRAM’S OPERATING BUDGET SUBJECT TO REVIEW BY THE LEGISLATIVE FISCAL ANALYST; INCREASING THE THRESHOLD AMOUNT CONSTITUTING A SIGNIFICANT CHANGE IN AN AGENCY OR PROGRAM’S BUDGET TRANSFERS SUBJECT TO REVIEW BY THE LEGISLATIVE FISCAL ANALYST; AMENDING SECTIONS 17-7-138 AND 17-7-139, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-138, MCA, is amended to read:

“17-7-138. Operating budget. (1) (a) Expenditures by a state agency must be made in substantial compliance with the budget approved by the legislature. Substantial compliance may be determined by conformity to the conditions contained in the general appropriations act and to legislative intent as established in the narrative accompanying the general appropriations act. An
explanation of any significant change in agency or program scope must be submitted on a regular basis to the interim committee that has program evaluation and monitoring functions for the agency pursuant to Title 5, chapter 5, part 2. An explanation of any significant change in agency or program scope, objectives, activities, or expenditures must be submitted to the legislative fiscal analyst for review and comment by the legislative finance committee prior to any implementation of the change. A significant change may not conflict with a condition contained in the general appropriations act. If the approving authority certifies that a change is time-sensitive, the approving authority may approve the change prior to the next regularly scheduled meeting of the legislative finance committee. The approving authority shall submit all proposed time-sensitive changes to the legislative fiscal analyst prior to approval. If the legislative fiscal analyst determines that notification of the legislative finance committee is warranted, the legislative fiscal analyst shall immediately notify as many members as possible of the proposed change and communicate any concerns expressed to the approving authority. The approving authority shall present a report fully explaining the reasons for the action to the next meeting of the legislative finance committee. Except as provided in subsection (2), the expenditure of money appropriated in the general appropriations act is contingent upon approval of an operating budget by August 1 of each fiscal year. An approved original operating budget must comply with state law and conditions contained in the general appropriations act.

(b) For the purposes of this subsection (1), an agency or program is considered to have a significant change in its scope, objectives, activities, or expenditures if:

(i) the operating budget change exceeds $1 million; or

(ii) the operating budget change exceeds 25% of a budget category and the change is greater than $25,000 to $75,000. If there have been other changes to the budget category in the current fiscal year, all the changes, including the change under consideration, must be used in determining the 25% and $25,000 to $75,000 threshold.

(2) The expenditure of money appropriated in the general appropriations act to the board of regents, on behalf of the university system units, as defined in 17-7-102, is contingent upon approval of a comprehensive operating budget by October 1 of each fiscal year. The operating budget must contain detailed revenue and expenditures and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. After the board of regents approves operating budgets, transfers between units may be made only with the approval of the board of regents. Transfers and related justification must be submitted to the office of budget and program planning and to the legislative fiscal analyst.

(3) The operating budget for money appropriated by the general appropriations act must be separate from the operating budget for money appropriated by another law except a law appropriating money for the state pay plan or any portion of the state pay plan. The legislature may restrict the use of funds appropriated for personal services to allow use only for the purpose of the appropriation. Each operating budget must include expenditures for each agency program, detailed at least by first-level categories as provided in 17-1-102(3). Each agency shall record its operating budget for all funds, other than higher education funds, and any approved changes on the statewide budget and accounting state financial system. Documents implementing approved changes must be signed. The operating budget for higher education funds must be recorded on the university financial system, with separate
accounting categories for each source or use of state government funds. State sources and university sources of funds may be combined for the general operating portion of the current unrestricted funds."

Section 2. Section 17-7-139, MCA, is amended to read:

"17-7-139. Program transfers. (1) Unless prohibited by law or a condition contained in the general appropriations act, the approving authority may approve agency requests to transfer appropriations between programs within each fund type within each fiscal year. The legislature may restrict the use of funds appropriated for personal services to allow use only for the purpose of the appropriation. An explanation of any significant transfer must be submitted on a regular basis to the interim committee that has program evaluation and monitoring functions for the agency pursuant to Title 5, chapter 5, part 2. An explanation of any transfer that involves a significant change in agency or program scope, objectives, activities, or expenditures must be submitted to the legislative fiscal analyst for review and comment by the legislative finance committee prior to any implementation of the change. If the approving authority certifies that a request for a transfer representing a significant change in agency or program scope, objectives, activities, or expenditures is time-sensitive, the approving authority may approve the transfer prior to the next regularly scheduled meeting of the legislative finance committee. The approving authority shall submit all proposed time-sensitive changes to the legislative fiscal analyst prior to approval. If the legislative fiscal analyst determines that notification of the legislative finance committee is warranted, the legislative fiscal analyst shall immediately notify as many members as possible of the proposed change and communicate any concerns expressed to the approving authority. The approving authority shall present a report fully explaining the reasons for the action to the next meeting of the legislative finance committee. All program transfers must be completed within the same fund from which the transfer originated. A request for a transfer accompanied by a justification explaining the reason for the transfer must be submitted by the requesting agency to the approving authority and the office of budget and program planning. (A) owns 20% or more of the number of shares of stock in the corporation or owns 20% or more of the limited liability company; or

(B) owns less than 20% of the number of shares of stock in the corporation or limited liability company if the officer’s or manager’s shares when aggregated with the shares owned by a person or persons listed in subsection (2)(r)(iv) total 20% or more of the number of shares in the corporation or limited liability company; or

(iv) the officer or manager is the spouse, child, adopted child, stepchild, mother, father, son-in-law, daughter-in-law, nephew, niece, brother, or sister of a corporate officer who meets the requirements of subsection (2)(r)(iii)(A) or (2)(r)(iii)(B);

(s) a person who is an officer or a manager of a ditch company as defined in 27-1-731;

(t) service performed by an ordained, commissioned, or licensed minister of a church in the exercise of the church’s ministry or by a member of a religious order in the exercise of duties required by the order;

(u) service performed to provide companionship services, as defined in 29 CFR 552.6, or respite care for individuals who, because of age or infirmity, are unable to care for themselves when the person providing the service is employed directly by a family member or an individual who is a legal guardian;

(v) employment of a person performing the services of an intrastate or interstate common or contract motor carrier when hired by an individual or entity who meets the definition of a broker or freight forwarder, as provided in 49 U.S.C. 13102;

(w) employment of a person who is not an employee or worker in this state as defined in 39-71-118(10);

(x) employment of a person who is working under an independent contractor exemption certificate;

(y) employment of an athlete by or on a team or sports club engaged in a contact sport. As used in this subsection, “contact sport” means a sport that includes significant physical contact between the athletes involved. Contact sports include but are not limited to football, hockey, roller derby, rugby, lacrosse, wrestling, and boxing.

(3) (a) (i) A person who regularly and customarily performs services at locations other than the person’s own fixed business location shall elect to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3 unless the person has waived the rights and benefits of the Workers’
Compensation Act by obtaining an independent contractor exemption certificate from the department pursuant to 39-71-417.

(ii) Application fees or renewal fees for independent contractor exemption certificates must be deposited in the state special revenue account established in 39-9-206 and must be used to offset the certification administration costs.

(b) A person who holds an independent contractor exemption certificate may purchase a workers’ compensation insurance policy and with the insurer's permission elect coverage for the certificate holder.

(c) For the purposes of this subsection (3), “person” means a sole proprietor, a working member of a partnership, a working member of a limited liability partnership, or a working member of a member-managed limited liability company.

(4) (a) A corporation or a manager-managed limited liability company shall provide coverage for its employees under the provisions of compensation plan No. 1, 2, or 3. A quasi-public corporation, a private corporation, or a manager-managed limited liability company may elect coverage for its corporate officers or managers, who are otherwise exempt under subsection (2), by giving a written notice in the following manner:

(b) If the employer changes plans or insurers, the employer’s previous election is not effective and the employer shall again serve notice to its insurer and to its board of directors or the management organization of the manager-managed limited liability company if the employer elects to be bound.

(5) The appointment or election of an employee as an officer of a corporation, a partner in a partnership, a partner in a limited liability partnership, or a member in or a manager of a limited liability company for the purpose of exempting the employee from coverage under this chapter does not entitle the officer, partner, member, or manager to exemption from coverage.

(6) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer’s current provision of workers’ compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over the place of business or property for the purpose of carrying on the employer’s usual trade, business, or occupation. The sign must be provided by the department, distributed through insurers or directly by the department, and posted by employers in accordance with rules adopted by the department. An employer who purposely or knowingly fails to post a sign as provided in this subsection is subject to a $50 fine for each citation.”

(iii) If application is being made for a motor vehicle, trailer, semitrailer, or pole trailer with a value that exceeds $500, the applicant shall provide a bond, in a form prescribed by the department, issued by a surety company authorized to do business in this state, in an amount equal to the value of the motor vehicle, trailer, semitrailer, or pole trailer for which the application is being made as

(3) Any interested person has a right of action to recover on the bond furnished under this section for a breach of its conditions, but the aggregate liability of the surety to all persons may not exceed the amount of the bond.

(4) Unless the department has been notified of a pending action to recover the bond furnished under this section, the department shall return the bond at the earlier of:

(a) 3 years from the date of issuance of the certificate of title; or

Section 4. Communication between courts. (1) A court of this state may communicate with a court in another state concerning a proceeding arising under [sections 1 through 22]. The court may allow the parties to participate in the communication. Except as otherwise provided in subsection (2), the court shall make a record of the communication. The record may be limited to the fact that the communication occurred.
(2) Courts may communicate concerning schedules, calendars, court records, and other administrative matters without making a record.

Section 5. Cooperation between courts. (1) In a guardianship or protective proceeding in this state, a court of this state may request the appropriate court of another state to do any of the following:

   (c) order that an evaluation or assessment be made of the respondent;

   (g) issue an order authorizing the release of medical, financial, criminal, or other relevant information in that state, including protected health information as defined in 45 C.F.R. 164.504.

(2) If a court of another state in which a guardianship or protective proceeding is pending requests assistance of the kind provided in subsection (1), a court of this state has jurisdiction for the limited purpose of granting the request or making reasonable efforts to comply with the request.

Section 6. Taking testimony in another state. (1) In a guardianship or protective proceeding, in addition to other procedures that may be available, testimony of a witness who is located in another state may be offered by deposition or other means allowable in this state for testimony taken in another state. The court on its own motion may order that the testimony of a witness be taken in another state and may prescribe the manner in which and the terms upon which the testimony is to be taken.

(2) In a guardianship or protective proceeding, a court in this state may permit a witness located in another state to be deposed or to testify by telephone or audiovisual or other electronic means. A court of this state shall cooperate with the court of the other state in designating an appropriate location for the deposition or testimony.

(3) Documentary evidence transmitted from another state to a court of this state by technological means that do not produce an original writing may not be excluded from evidence on an objection based on the best evidence rule.

Section 7. Definitions — significant connection factors. (1) In [sections 7 through 15]:
   (a) “Emergency” means a circumstance that likely will result in substantial harm to a respondent’s health, safety, or welfare and for which the appointment of a guardian is necessary because no other person has authority and is willing to act on the respondent’s behalf.
   (b) “Home state” means the state in which the respondent was physically present, including any period of temporary absence, for at least 6 consecutive months immediately before the filing of a petition for a protective order or the
appointment of a guardian, or if none, the state in which the respondent was physically present, including any period of temporary absence, for at least 6 consecutive months ending within the 6 months prior to the filing of the petition.

(c) “Significant-connection state” means a state, other than the home state, with which a respondent has a significant connection other than mere physical presence and in which substantial evidence concerning the respondent is available.

(2) In determining under [sections 9 and 16(5)] whether a respondent has a significant connection with a particular state, the court shall consider:

(a) the location of the respondent’s family and other persons required to be notified of the guardianship or protective proceeding;

(b) the length of time the respondent at any time was physically present in the state and the duration of any absence;

(c) the location of the respondent’s property; and

(d) the extent to which the respondent has ties to the state such as voting registration, state or local tax return filing, vehicle registration, driver’s license, social relationship, and receipt of services.

Section 8. Exclusive basis. [Sections 7 through 15] provide the exclusive jurisdictional basis for a court of this state to appoint a guardian or issue a protective order for an adult.

Section 9. Jurisdiction. A court of this state has jurisdiction to appoint a guardian or issue a protective order for a respondent if:

(1) this state is the respondent’s home state;

(2) on the date the petition is filed, this state is a significant-connection state and:

(a) the respondent does not have a home state or a court of the respondent’s home state has declined to exercise jurisdiction because this state is a more appropriate forum; or

(b) the respondent has a home state, a petition for an appointment or order is not pending in a court of that state or another significant-connection state, and before the court makes the appointment or issues the order:

(i) a petition for an appointment or order is not filed in the respondent’s home state;

(ii) an objection to the court’s jurisdiction is not filed by a person required to be notified of the proceeding; and

(iii) the court in this state concludes that it is an appropriate forum under the factors set forth in [section 12];

(3) this state does not have jurisdiction under either subsection (1) or (2), the respondent’s home state and all significant-connection states have declined to exercise jurisdiction because this state is the more appropriate forum, and jurisdiction in this state is consistent with the constitutions of this state and the United States; or

(4) the requirements for special jurisdiction under [section 10] are met.

Section 10. Special jurisdiction. (1) A court of this state lacking jurisdiction under [section 9(1) through (3)] has special jurisdiction to do any of the following:
(a) appoint a guardian in an emergency for a term not exceeding 90 days for a respondent who is physically present in this state;
(b) issue a protective order with respect to real or tangible personal property located in this state;
(c) appoint a guardian or conservator for an incapacitated or protected person for whom a provisional order to transfer the proceeding from another state has been issued under procedures similar to [section 16].

(2) If a petition for the appointment of a guardian in an emergency is brought in this state and this state was not the respondent's home state on the date the petition was filed, the court shall dismiss the proceeding at the request of the court of the home state, if any, whether dismissal is requested before or after the emergency appointment.

Section 11. Exclusive and continuing jurisdiction. Except as otherwise provided in [section 10], a court that has appointed a guardian or issued a protective order consistent with [sections 1 through 22] has exclusive and continuing jurisdiction over the proceeding until it is terminated by the court or the appointment or order expires by its own terms.

Section 12. Appropriate forum. (1) A court of this state having jurisdiction under [section 9] to appoint a guardian or issue a protective order may decline to exercise its jurisdiction if it determines at any time that a court of another state is a more appropriate forum.

(2) If a court of this state declines to exercise its jurisdiction under subsection (1), it shall either dismiss or stay the proceeding. The court may impose any condition the court considers just and proper, including the condition that a petition for the appointment of a guardian or issuance of a protective order be filed promptly in another state.

(3) In determining whether it is an appropriate forum, the court shall consider all relevant factors, including:
(a) any expressed preference of the respondent;
(b) whether abuse, neglect, or exploitation of the respondent has occurred or is likely to occur and which state could best protect the respondent from the abuse, neglect, or exploitation;
(c) the length of time the respondent was physically present in or was a legal resident of this or another state;
(d) the distance of the respondent from the court in each state;
(e) the financial circumstances of the respondent’s estate;
(f) the nature and location of the evidence;
(g) the ability of the court in each state to decide the issue expeditiously and the procedures necessary to present evidence;
(h) the familiarity of the court of each state with the facts and issues in the proceeding; and
(i) if an appointment were made, the court’s ability to monitor the conduct of the guardian or conservator.

Section 13. Jurisdiction declined by reason of conduct. (1) If at any time a court of this state determines that it acquired jurisdiction to appoint a guardian or issue a protective order because of unjustifiable conduct, the court may:
(a) decline to exercise jurisdiction;
(b) exercise jurisdiction for the limited purpose of fashioning an appropriate remedy to ensure the health, safety, and welfare of the respondent or the protection of the respondent’s property or prevent a repetition of the unjustifiable conduct, including staying the proceeding until a petition for the appointment of a guardian or issuance of a protective order is filed in a court of another state having jurisdiction; or

(c) continue to exercise jurisdiction after considering:

(i) the extent to which the respondent and all persons required to be notified of the proceedings have acquiesced in the exercise of the court’s jurisdiction;

(ii) whether it is a more appropriate forum than the court of any other state under the factors set forth in [section 12(3)]; and

(iii) whether the court of any other state would have jurisdiction under factual circumstances in substantial conformity with the jurisdictional standards of [section 9].

(2) If a court of this state determines that it acquired jurisdiction to appoint a guardian or issue a protective order because a party seeking to invoke its jurisdiction engaged in unjustifiable conduct, it may assess against that party necessary and reasonable expenses, including attorney fees, investigative fees, court costs, communication expenses, witness fees and expenses, and travel expenses. The court may not assess fees, costs, or expenses of any kind against this state or a governmental subdivision, agency, or instrumentality of this state unless authorized by law other than [sections 1 through 22].

Section 14. Notice of proceeding. If a petition for the appointment of a guardian or issuance of a protective order is brought in this state and this state was not the respondent’s home state on the date the petition was filed, in addition to complying with the notice requirements of this state, notice of the petition must be given to those persons who would be entitled to notice of the petition if a proceeding were brought in the respondent’s home state. The notice must be given in the same manner as notice is required to be given in this state.

Section 15. Proceedings in more than one state. Except for a petition for the appointment of a guardian in an emergency or issuance of a protective order limited to property located in this state under [section 10(1)(a) or (1)(b)], if a petition for the appointment of a guardian or issuance of a protective order is filed in this state and in another state and neither petition has been dismissed or withdrawn, the following rules apply:

(1) If the court in this state has jurisdiction under [section 9], it may proceed with the case unless a court in another state acquires jurisdiction under provisions similar to [section 9] before the appointment or issuance of the order.

(2) If the court in this state does not have jurisdiction under [section 9], whether at the time the petition is filed or at any time before the appointment or issuance of the order, the court shall stay the proceeding and communicate with the court in the other state. If the court in the other state has jurisdiction, the court in this state shall dismiss the petition unless the court in the other state determines that the court in this state is a more appropriate forum.

Section 16. Transfer of guardianship or conservatorship to another state. (1) A guardian or conservator appointed in this state may petition the court to transfer the guardianship or conservatorship to another state.

(2) Notice of a petition under subsection (1) must be given to the persons that would be entitled to notice of a petition in this state for the appointment of a guardian or conservator.
(3) On the court’s own motion or on request of the guardian or conservator, the incapacitated or protected person, or other person required to be notified of the petition, the court shall hold a hearing on a petition filed pursuant to subsection (1).

(4) The court shall issue an order provisionally granting a petition to transfer a guardianship and shall direct the guardian to petition for guardianship in the other state if the court is satisfied that the guardianship will be accepted by the court in the other state and the court finds that:
   (a) the incapacitated person is physically present in or is reasonably expected to move permanently to the other state;
   (b) an objection to the transfer has not been made or, if an objection has been made, the objector has not established that the transfer would be contrary to the interests of the incapacitated person; and
   (c) plans for care and services for the incapacitated person in the other state are reasonable and sufficient.

(5) The court shall issue a provisional order granting a petition to transfer a conservatorship and shall direct the conservator to petition for conservatorship in the other state if the court is satisfied that the conservatorship will be accepted by the court of the other state and the court finds that:
   (a) the protected person is physically present in or is reasonably expected to move permanently to the other state or the protected person has a significant connection to the other state considering the factors in [section 7(2)];
   (b) an objection to the transfer has not been made or, if an objection has been made, the objector has not established that the transfer would be contrary to the interests of the protected person; and
   (c) adequate arrangements will be made for management of the protected person’s property.

(6) The court shall issue a final order confirming the transfer and terminating the guardianship or conservatorship upon its receipt of:
   (a) a provisional order accepting the proceeding from the court to which the proceeding is to be transferred that is issued under provisions similar to [section 17]; and
   (b) the documents required to terminate a guardianship or conservatorship in this state.

Section 17. Accepting guardianship or conservatorship transferred from another state. (1) To confirm transfer of a guardianship or conservatorship transferred to this state under provisions similar to [section 16], the guardian or conservator shall petition the court in this state to accept the guardianship or conservatorship. The petition must include a certified copy of the other state’s provisional order of transfer.

(2) Notice of a petition under subsection (1) must be given to those persons that would be entitled to notice if the petition were a petition for the appointment of a guardian or issuance of a protective order in both the transferring state and this state. The notice must be given in the same manner as notice is required to be given in this state.

(3) On the court’s own motion or on request of the guardian or conservator, the incapacitated or protected person, or other person required to be notified of the proceeding, the court shall hold a hearing on a petition filed pursuant to subsection (1).
(4) The court shall issue an order provisionally granting a petition filed under subsection (1) unless:
   (a) an objection is made and the objector establishes that transfer of the proceeding would be contrary to the interests of the incapacitated or protected person; or
   (b) the guardian or conservator is ineligible for appointment in this state.

(5) The court shall issue a final order accepting the proceeding and appointing the guardian or conservator as guardian or conservator in this state upon its receipt from the court from which the proceeding is being transferred of a final order issued under provisions similar to [section 16] transferring the proceeding to this state.

(6) Not later than 90 days after issuance of a final order accepting transfer of a guardianship or conservatorship, the court shall determine whether the guardianship or conservatorship needs to be modified to conform to the law of this state.

(7) In granting a petition under this section, the court shall recognize a guardianship or conservatorship order from the other state, including the determination of the incapacitated or protected person's incapacity and the appointment of the guardian or conservator.

(8) The denial by a court of this state of a petition to accept a guardianship or conservatorship transferred from another state does not affect the ability of the guardian or conservator to seek appointment as guardian or conservator in this state under Title 72, chapter 6, part 3 or 4, if the court has jurisdiction to make an appointment other than by reason of the provisional order of transfer.

Section 18. Registration of guardianship orders. If a guardian has been appointed in another state and a petition for the appointment of a guardian is not pending in this state, the guardian appointed in the other state, after giving notice to the appointing court of an intent to register, may register the guardianship order in this state by filing as a foreign judgment in a court, in any appropriate county of this state, certified copies of the order and letters of office.

Section 19. Registration of protective orders. If a conservator has been appointed in another state and a petition for a protective order is not pending in this state, the conservator appointed in the other state, after giving notice to the appointing court of an intent to register, may register the protective order in this state by filing as a foreign judgment in a court of this state, in any county in which property belonging to the protected person is located, certified copies of the order and letters of office and of any bond.

Section 20. Effect of registration. (1) Upon registration of a guardianship or protective order from another state, the guardian or conservator may exercise in this state all powers authorized in the order of appointment except as prohibited under the laws of this state, including maintaining actions and proceedings in this state and, if the guardian or conservator is not a resident of this state, subject to any conditions imposed upon nonresident parties.

   (2) A court of this state may grant any relief available under [sections 1 through 22] and other law of this state to enforce a registered order.

Section 21. Uniformity of application and construction. In applying and construing [sections 1 through 22], consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.
Section 22. Relation to electronic signatures in global and national commerce act. [Sections 1 through 22] modify, limit, and supersede the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001, et seq., but does not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. 7003(b).

Section 23. Transitional provision. (1) [Sections 1 through 22] apply to guardianship and protective proceedings begun on or after [the effective date of this act].

(2) [Sections 1 through 6 and 16 through 22] apply to proceedings begun before [the effective date of this act], regardless of whether a guardianship or protective order has been issued.

Section 24. Section 72-5-102, MCA, is amended to read:

“72-5-102. Jurisdiction of subject matter — consolidation of proceedings. (1) The court has jurisdiction over protective proceedings and guardianship proceedings.

(2) When both guardianship and protective proceedings as to the same person are commenced or pending in the same court, the proceedings may be consolidated.”

Section 25. Section 72-5-304, MCA, is amended to read:

“72-5-304. Objection by alleged incapacitated person to testamentary appointment. Upon the filing in the court in which the will was probated or, in the case of a nontestamentary nominating instrument, in the court at the place where the incapacitated person resides or is present, of written objection to the appointment by the incapacitated person for whom a parental or spousal appointment of guardian has been made, the appointment is terminated. An objection does not prevent appointment by the court in a proper proceeding of the parental or spousal nominee or any other suitable person upon an adjudication of incapacity in proceedings under 72-5-305, 72-5-306, 72-5-311 through 72-5-322, 72-5-324, and 72-5-325.”

Section 26. Repealer. Sections 72-5-232 and 72-5-323, MCA, are repealed.

The limited guardian is required to report the condition of the incapacitated person and of the estate that has been subject to the guardian’s possession and control, as required by the court or by court rule.

(2) A full guardian of an incapacitated person has the same powers, rights, and duties respecting the ward that a parent has respecting an unemancipated minor child, except that a guardian is not liable to third persons for acts of the ward solely by reason of the parental relationship. In particular and without qualifying the foregoing, a full guardian has the following powers and duties, except as limited by order of the court:

(a) To the extent that it is consistent with the terms of any order by a court of competent jurisdiction relating to detention or commitment of the ward, the full guardian is entitled to custody of the person of the ward and may establish the ward’s place of residence within or outside of this state.
(b) If entitled to custody of the ward, the full guardian shall make provision for the care, comfort, and maintenance of the ward and whenever appropriate arrange for the ward’s training and education. A full guardian may petition the court for authority to consent to the withholding or withdrawal of life-sustaining treatment or to a do not resuscitate order. The court may not grant that authority only upon finding that consent to the withholding or withdrawal of life-sustaining treatment or the do not resuscitate order is consistent if it conflicts with the ward’s wishes to the extent that those wishes can be determined. To determine the ward’s wishes, the court shall determine by a preponderance of evidence if the ward’s substituted judgment, as applied to the ward’s current circumstances, conflicts with the withholding or withdrawal of life-sustaining treatment or a do not resuscitate order.

(d) If a conservator for the estate of the ward has not been appointed, a full guardian may:

(i) institute proceedings to compel any person under a duty to support the ward or to pay sums for the welfare of the ward to perform that person’s duty;

(ii) receive money and tangible property deliverable to the ward and apply the money and property for support, care, and education of the ward. However, the full guardian may not use funds from the ward’s estate for room and board that the full guardian, the full guardian’s spouse, parent, or child has furnished the ward unless a charge for the service is approved by order of the court made upon notice to at least one of the next of kin of the incompetent ward, if notice is possible. The full guardian must exercise care to conserve any excess for the ward’s needs.

(e) Unless waived by the court, a full guardian is required to report the condition of the ward and of the estate which has been subject to the full guardian’s possession or control annually for the preceding year. A copy of the report must be served upon the ward’s parent, child, or sibling if that person has made an effective request under 72-5-318.

(f) If a conservator has been appointed, all of the ward’s estate received by the full guardian in excess of those funds expended to meet current expenses for support, care, and education of the ward must be paid to the conservator for management as provided in this chapter, and the full guardian must account to the conservator for funds expended.

(3) Upon failure, as determined by the clerk of court, of the guardian to file an annual report, the court shall order the guardian to file the report and give good cause for the guardian’s failure to file a timely report.

(4) Any full guardian of one for whom a conservator also has been appointed shall control the custody and care of the ward. A limited guardian of a person for whom a conservator has been appointed shall control those aspects of the
custody and care of the ward over which the limited guardian is given authority by the order establishing the limited guardianship. The full guardian or limited guardian is entitled to receive reasonable sums for the guardian’s services and for room and board furnished to the ward as agreed upon between the guardian and the conservator, provided the amounts agreed upon are reasonable under the circumstances. The full guardian or limited guardian authorized to oversee the incapacitated person’s care may request the conservator to expend the ward’s estate by payment to third persons or institutions for the ward’s care and maintenance.

(5) A full guardian or limited guardian may not involuntarily commit for mental health treatment or for treatment of a developmental disability or for observation or evaluation a ward who is unwilling or unable to give informed consent to commitment, except as provided in 72-5-322, unless the procedures for involuntary commitment set forth in Title 53, chapters 20 and 21, are followed. This chapter does not abrogate any of the rights of mentally disabled persons provided for in Title 53, chapters 20 and 21.

(6) Upon the death of a full guardian’s or limited guardian’s ward, the full guardian or limited guardian, upon an order of the court and if there is no personal representative authorized to do so, may make necessary arrangements for the removal, transportation, and final disposition of the ward’s physical remains, including burial, entombment, or cremation, and for the receipt and disposition of the ward’s clothing, furniture, and other personal effects that may be in the possession of the person in charge of the ward’s care, comfort, and maintenance at the time of the ward’s death.”

Section 3. Purpose. (1) It is the purpose of [sections 1 through 5] to recognize the importance of critical incident stress management and to protect the integrity of the critical incident stress management process.
The legislature finds that, in some cases of dealing with extreme psychological stress or trauma that has resulted from a response to a critical incident, the privacy of the emergency service provider exceeds the merits of public disclosure.

Section 4. Definitions. As used in [sections 1 through 5], the following definitions apply:

(2) Any information divulged to the team during the provision of critical incident stress management and response services must be kept confidential and may not be disclosed to a third party or in a criminal, civil, or administrative proceeding, unless the merits of disclosure exceed the demands of an individual’s privacy. Records kept by critical incident stress management team members are not subject to subpoena, discovery, or introduction into evidence in a criminal, civil, or administrative action.

(3) The confidentiality privilege provided in subsections (1) and (2) does not apply:
(a) for the appropriate referral to or consultation with other critical incident stress management team members or related qualified professionals;

(b) if the emergency service provider conveys that the provider is an imminent threat to the provider or anyone else or if the provider appears to be an imminent threat to the provider or anyone else;

(c) if the emergency services provider divulges information regarding a past, present, or future criminal act that does not involve the critical incident;

(d) if the emergency service provider or the provider’s legal guardian gives consent;

[SB 136]

AN ACT CLARIFYING THE EXCEPTION TO AN ORDER ESTABLISHING TEMPORARY OR PERMANENT OIL AND GAS WELL SPACING UNITS; AMENDING SECTION 82-11-201, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-11-201, MCA, is amended to read:

"82-11-201. Establishment of well spacing units. (1) To prevent or to assist in preventing waste of oil or gas prohibited by this chapter, to avoid the drilling of unnecessary wells, or to protect correlative rights, the board, upon its
own motion or upon application of an interested person, after hearing, may by order establish:

(a) temporary spacing units on a statewide basis or for defined areas within the state for oil, gas, or oil and gas wells drilled to varying depths; and

(b) permanent spacing units for a discovered pool, except in those pools that, prior to April 1, 1953, have been developed to such an extent that it would be impracticable or unreasonable to establish spacing units at the existing stage of development.

(2) The size and the shape of temporary spacing units must be established to promote the orderly development of unproven areas and must be uniform throughout the surface area and depths covered by the unit. A temporary spacing unit must remain in effect until superseded by an order issued by the board or until a permanent spacing unit is established.

(3) Permanent spacing units do not need to be uniform in size or shape but must result in the efficient and economic development of the pool as a whole. In establishing permanent spacing units, the acreage to be embraced within a unit and the shape of the unit must be determined by the board based upon evidence introduced at the hearing. The board may divide a pool into zones and establish spacing units for each zone if necessary for a purpose mentioned in subsection (1) or to facilitate production through the use of innovative drilling and completion methods. The spacing units within the zone may differ in size and shape from spacing units in any other zone but may not be smaller than the maximum area that can be efficiently and economically drained by one well.

(4) An order establishing temporary or permanent spacing units may permit only one well to be drilled and produced from the common source of supply on any spacing unit, and the well must be drilled at a location authorized by the order, with an exception as may be reasonably necessary. The well location exception may be included in the request to establish permanent or temporary spacing units if, upon application, notice, and hearing, the board finds that the spacing unit is located on the edge of a pool or field and adjacent to a producing unit or, for some other reason, that the requirement to drill the well at the authorized location on the spacing unit would be inequitable or unreasonable. The board shall take action to offset any advantage that the person securing the exception may have over other producers by reason of drilling the well as an exception. The order must include provisions to prevent production from the spacing unit from being more than its just and equitable share of the producible oil and gas in the pool.

(5) An order establishing temporary or permanent spacing units for a pool must cover all lands determined or believed to be underlaid by the pool and may be modified after notice and hearing by the board to include additional areas subsequently determined to be underlaid by the pool.

(6) The board, upon application, notice, and hearing, may increase or decrease the size of a temporary or permanent spacing unit or permit the drilling of additional wells in a spacing unit for a purpose mentioned in subsection (1).”

Section 1. Short title. [Sections 1 through 5] may be cited as the “Phosphorus Ban Act”.

Section 2. Findings — purpose. (1) The legislature finds that:

(a) high levels of phosphorus in water bodies results in heavy growths of algae;

(b) excessive algae growth degrades aquatic habitats, decreases diversity in aquatic invertebrate communities, and places stress on native fish populations;

(c) municipal wastewater treatment plants and individual septic systems are sources of phosphorus, an ingredient in many household cleaning products; and

(d) Montana has adopted numeric water quality standards for phosphorus.

(2) Consistent with the policy established in 75-5-101 to conserve water by protecting, maintaining, and improving the quality and potability of water for public water supplies, wildlife, fish and aquatic life, agriculture, industry, recreation, and other beneficial uses, the purpose of [sections 1 through 5] is to limit the introduction of phosphorus into water bodies from municipal point source discharges or the cumulative effect of individual septic system discharges.

(b) The term does not mean food, drugs, cosmetics, or personal care items such as toothpaste, shampoo, or hand soap.

(3) “Phosphorus” means the element phosphorus as indicated in the periodic table of elements.

(4) “Trace quantity” means an incidental amount of phosphorus that is not part of a household cleaning product formulation, that is present only as a consequence of manufacturing, and that does not exceed 0.5% of the content of the product by weight expressed as the element phosphorus.

Section 4. Applicability to counties — notification. (1) The provisions of [section 5] apply to counties where one or more surface water bodies exceed
the numeric algal biomass or total phosphorus standards adopted pursuant to
75-5-301.

(2) The department shall notify counties that meet the provisions of subsection (1) that they are subject to the provisions of [section 5].

(3) The governing body of a county that does not meet the provisions of subsection (1) may adopt an ordinance pursuant to Title 75, chapter 7, part 4.

Section 5. Prohibitions and exceptions. (1) In counties that meet the requirements of [section 4], a household cleaning product may not be distributed, sold, offered, or exposed for sale if it contains phosphorus in concentrations in excess of a trace quantity.

(2) The following cleaning agents and other products containing phosphorus are exempt from the provisions of this section:
   (a) those used in food or beverage processing;
   (b) those used by health care services and facilities;
   (c) those used by institutional or commercial establishments;
   (d) those used for industrial processes; and
   (e) those used for agricultural operations.

Section 6. Section 75-7-411, MCA, is amended to read:

“75-7-411. County regulation of sale and distribution of certain phosphorus compounds. (1) The governing body of a county may adopt, through the procedures of 7-5-103 through 7-5-107, an ordinance prohibiting the sale and distribution of certain phosphorus compounds used for cleaning purposes. The governing body may rescind, modify, or repeal the ordinance at any time by use of the same procedures.

(2) An ordinance prohibiting the sale and distribution of certain phosphorus compounds used for cleaning purposes may be adopted only if:
   (a) the county has a natural lake, whether or not it is fitted with a dam, for which the department of environmental quality or the governing body of the county has determined that eutrophication enhanced by human activity is occurring and that phosphorus is the limiting factor; and
   (b) other efforts are being undertaken in the county to reduce the amount of phosphorus entering surface waters.

(3) Any ordinance adopted by the governing body of a county must contain standards designated by the model rule adopted by the department of environmental quality under 75-7-401 and in effect at the time of the adoption of the county ordinance.

(4) Any ordinance adopted by the governing body of a county must be enforced by the county.

(5) The provisions of this part do not apply to counties where the sale of phosphorus-containing household cleaning products is banned pursuant to [sections 4 and 5].”

Section 7. Codification instruction. [Sections 1 through 5] are intended to be codified as an integral part of Title 75, chapter 5, and the provisions of Title 75, chapter 5, apply to [sections 1 through 5].

Section 8. Effective date. [This act] is effective July 1, 2010.

However, in either case the time may be extended upon agreement of the applicant or, in those cases where an environmental impact statement must be prepared or in other extraordinary cases, may be extended by not more than 60 days upon order of the department. If the department orders the time extended, it shall serve a notice of the extension and the reasons for the extension by first-class mail upon the applicant and each person who has filed an objection as provided by 85-2-308. If the department proposes to deny an application for a permit or a change in appropriation right under 85-2-307, unless the applicant withdraws the application, the department shall hold a hearing pursuant to 2-4-604 after serving notice of the hearing by first-class mail upon the applicant for the applicant to show cause by a preponderance of the evidence as to why the permit or change in appropriation right should not be denied.

(b) (i) Upon request from the applicant, the department shall appoint a hearing examiner who did not participate in the preliminary determination.

(ii) The applicant may make only one request pursuant to this subsection (1)(b) for a different hearing examiner.

(2) A proposal to grant an application with or without conditions following a hearing on a proposal to deny the application must proceed as if the department proposed to grant the application in its preliminary determination pursuant to 85-2-307.

(3) If valid objections are not received on an application or if valid objections are unconditionally withdrawn and the department preliminarily determined to grant the permit or change in appropriation right, the department shall grant the permit or change in appropriation right as proposed in the preliminary determination pursuant to 85-2-307.

(2)(7) Except as provided in subsection (2)(6), an application may not be denied or approved in a modified form or upon terms, conditions, or limitations specified by the department, unless the applicant is first granted an opportunity to be heard. If an objection is not filed against the application but the department is of the opinion that the application should be denied or approved in a modified form or upon terms, conditions, or limitations specified by it, the department shall prepare a statement of its opinion and its reasons for the opinion. The department shall serve a statement of its opinion by first-class mail upon the applicant, with a notice that the applicant may obtain a hearing by filing a request within 30 days after the notice is mailed. The notice must further state that the application will be modified in a specified manner or denied unless a hearing is requested.

(4)(5) The department may cease action upon an application for a permit or change in appropriation right and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for either of these reasons must be accompanied by a statement of the reasons for which it was returned, and for a permit application there is not a right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection is a final decision of the department.

(5)(9) For all applications filed after July 1, 1973, the department shall find that an application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use if:

The project plan must include a reasonable timeline for the completion of the project and the actual application of the water to a beneficial use;
   (iv) for appropriations not covered in subsection (4)(9)(c)(iii), a general project plan stating when and how much water will be put to a beneficial use; and
   (v) if the water applied for is to be appropriated above that which will be used solely by the applicant or if it will be marketed by the applicant to other users, information detailing:
      (A) each person who will use the water and the amount of water each person will use;
      (B) the proposed place of use of all water by each person;
      (C) the nature of the relationship between the applicant and each person using the water; and
      (D) each firm contractual agreement for the specified amount of water for each person using the water; or

Priority of appropriation does not include the right to prevent changes by later appropriators in the condition of water occurrence, such as the increase or decrease of streamflow or the lowering of a water table, artesian pressure, or water level, if the prior appropriator can reasonably exercise the water right under the changed conditions.

(2) Priority of appropriation made under this chapter dates from the filing of an application for a permit with the department, except as otherwise provided in 85-2-301 through 85-2-303, 85-2-306, 85-2-310(4), 85-2-310(8), and 85-2-313.

The application must state the name and address of the applicant and facts tending to show that:

(a) the diversion and ultimate use of the water in Montana is for a beneficial use of water;

(b) the diversion and ultimate use of water will not adversely affect the water rights of other persons;

The county treasurer shall give full notice to each coal producer of the taxes due and shall collect the taxes.

(3) Except as provided in subsection (6), the county treasurer shall calculate and distribute to the state, county, and eligible school districts in the county the amount of the coal gross proceeds tax, determined by multiplying the unit value calculated in 15-23-705 times the tons of coal extracted, treated, and sold on which the coal gross proceeds tax was owed during the preceding calendar year.

(4) Except as provided in subsections (5), (6), and (8), the county treasurer shall credit the amount determined under subsection (3) and the amounts received under 15-23-706:

(5) (a) If the total tax liability in a taxing jurisdiction exceeds the amount determined in subsection (3), the county treasurer shall, immediately following the distribution from taxes paid on May 31 of each year, send the excess revenue, excluding any protested coal gross proceeds tax revenue, to the department for redistribution as provided in 15-23-706.

(4) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of coal gross proceeds taxes that would have gone to a taxing unit, as provided in subsection (3)(b)(i), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(a) The county treasurer shall first allocate the coal gross proceeds taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in the previous fiscal year 1990.

(b) If the allocation in subsection (4)(a) exceeds the total budget for a taxing unit, the commissioners may direct the county treasurer to reallocate the excess to any taxing unit within the county.

(5) The board of trustees of an elementary or high school district may reallocate the coal gross proceeds taxes distributed to the district by the county treasurer under the following conditions:

(a) The district shall first allocate the coal gross proceeds taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in the previous fiscal year 1990.

(6) Except as provided in subsections (7) and (8), the county treasurer shall credit all taxes collected under this part from coal mines that began production after December 31, 1988, in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the previous fiscal year.

Money in the account is available to the department by appropriation and, except as provided in subsections (9) and (10), must be used to reimburse remedial action costs claimed pursuant to 75-10-742 through 75-10-751 and to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

(a) all penalties assessed pursuant to 75-10-750(12);
(b) funds received from the distribution of oil and natural gas production taxes pursuant to 15-36-331;
(c) unencumbered funds remaining in the abandoned mines state special revenue account;
(d) interest income on the account;
(e) funds received from settlements pursuant to 75-10-719(7); and
(f) funds received from reimbursement of the department’s orphan share defense costs pursuant to subsection (6).

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in subsections (6) and (7), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) Except as provided in subsection (6), reimbursement from the orphan share fund must be limited to actual documented remedial action costs incurred after the date of a petition provided for in 75-10-745. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs.

(6) (a) The department’s costs incurred in defending the orphan share must be paid by the persons participating in the allocation under 75-10-742 through 75-10-751 in proportion to their allocated shares. The orphan share fund is responsible for a portion of the department’s costs incurred in defending the orphan share in proportion to the orphan share’s allocated share, as follows:

(i) If sufficient funds are available in the orphan share fund, the department’s costs incurred in defending the orphan share must be paid from the orphan share fund in proportion to the share of liability allocated to the orphan share.
(ii) If sufficient funds are not available in the orphan share fund, persons participating in the allocation under 75-10-742 through 75-10-751 shall pay all the orphan share’s allocated share of the department’s costs incurred in defending the orphan share in proportion to each person’s allocated share of liability.

(b) A person who pays the orphan share’s proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(c) A state agency that is liable for remedial action costs incurred has a claim against the orphan share fund and must be reimbursed as provided in subsection (3). The agency may submit a claim before or after remedial action is complete. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs. The agency may be reimbursed only after:

(i) its liability has been determined pursuant to 75-10-742 through 75-10-751 or by a court of competent jurisdiction;

(ii) it has received a notice letter pursuant to 75-10-711; and

(iii) the department has approved the costs.

(7) (a) If the lead liable person under 75-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(b) The department may reimburse claims from a lead liable person upon completion and department approval of a report evaluating the nature and extent of contamination and a report formulating and evaluating final remediation alternatives. This early reimbursement is limited to those eligible costs incurred by the lead liable person for the preparation of the reports.

(8) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process.

(9) (a) For the biennium beginning July 1, 2005, up to $1.25 million may be used by the department to pay the costs incurred by the department in contracting for evaluating the extent of contamination and formulating final remediation alternatives for releases at the Kalispell pole and timber, reliance refinery company, and Yale oil corporation facility complex. If the department spends less than $1.25 million for those purposes, the remaining funds must be spent for remediation of the facility complex. The department may not seek recovery of the $1.25 million from potentially liable persons.

(b) The money spent pursuant to subsection (9)(a) must be credited against the amount owed by the state agency in a judgment or settlement agreement for payment of the remedial action costs at the facility for which the money was spent.

(c) The department shall consult with the noticed potentially liable persons regarding contractor selection and determination of the scope of the work for contract tasks. The department shall also provide the noticed potentially liable...
persons with contract performance updates and shall consult with the noticed potentially liable persons regarding expenses and progress on contract tasks.

(d) The department shall contract for the compilation, assessment, and summarization of the existing data pertaining to the complex described in subsection (9)(a), for recommendations for and conducting of additional investigations and studies necessary to develop remediation alternatives, and for development and assessment of remediation alternatives.

(e) Unless the department is delayed by a challenge to a contracting action, multiple contractor selection processes, or other unanticipated circumstances, the activities authorized under subsection (9)(a) must meet the following schedule:

(i) Contracts for investigations and studies must be in place by August 31, 2005.

(ii) A summary of existing data must be prepared by December 31, 2005.

(iii) The contract or contract task order for investigations, studies, and development and evaluation of final remediation alternatives must be in place by April 30, 2006.

(iv) All intended field work must be completed by November 30, 2006, and to the extent that this field work indicates that followup is necessary, the followup field work must be completed as soon as possible or addressed in the report that must be submitted pursuant to subsection (9)(g).

(v) The contractor shall submit evaluations of the extent of contamination by October 31, 2006.

(f) The department shall report to the environmental quality council quarterly during calendar years 2005, 2006, and 2007 regarding the progress being made to meet the requirements of subsection (9)(e). The report must include information on expenditures.

(g) If investigations completed under this subsection (9) indicate the need for additional information or for pilot tests and other related remedial action process activities, the department shall prepare a report identifying the rationale and estimated costs for additional work and present it to the environmental quality council during the spring of 2007.

(h) The department shall provide to the environmental quality council copies of investigations and reports completed pursuant to subsection (9)(d).

(10) (a) Beginning in the fiscal year that commences July 1, 2005, the The department shall transfer from the orphan share account to the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 $1.2 million in each fiscal year until the board of investments makes the certification pursuant to subsection (10)(b) of this section.

(b) (i) The board of investments shall monitor the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 to determine when the amount of money in the long-term or perpetual water treatment permanent trust fund will be sufficient, with future earnings, to provide a fund balance of $19.3 million on January 1, 2018.

(ii) When the board of investments makes the determination pursuant to subsection (10)(b)(i), the board of investments shall notify the department and certify to the department the amount of money, if any, that must be transferred
during the fiscal year in which the board of investments makes its
determination pursuant to subsection (10)(b)(i) in order to provide a fund

(iii) In the fiscal year that the board of investments makes its determination and notifies the department, the department shall transfer only the amount certified by the board of investments, if any, and may not make additional transfers during subsequent fiscal years.

(11) For the biennium beginning July 1, 2007, the department shall transfer from the orphan share fund:

(a) $600,000 to the hazardous waste/CERCLA account provided for in
75-10-621 to provide for a positive account balance;
(b) $50,000 to the oil and gas production damage mitigation account pursuant to the conditions of 82-11-161 to provide for a positive account balance;
(c) $2 million to the environmental quality protection fund established in
75-10-704 to be used by the department to expedite the cleanup of the Burlington northern Santa Fe Livingston site;
(d) $200,000 to the natural resources operations state special revenue account established in 15-38-301 to provide for a positive account balance; and
(e) $800,000 to the natural resources projects state special revenue account established in 15-38-302 to provide for a positive account balance.

Section 2. Section 75-10-745, MCA, is amended to read:

“75-10-745. Allocation of liability — process initiation. (1) For a facility at which the department has initiated a remedial action under 75-10-711 through the issuance of a notice letter prior to July 1, 1997, any person determined to be potentially liable under 75-10-715 may petition the department in writing to initiate the allocation process. The right to participate in the allocation process is waived if the written petition is not provided to the department prior to the completion of remedial actions, except for operation and maintenance, at the facility.

(2) For a facility at which the department has not initiated a remedial action through the issuance of a notice letter under 75-10-711, any person potentially liable under 75-10-715 who has received approval of a voluntary cleanup plan under 75-10-730 through 75-10-738 may petition the department in writing to initiate the allocation process. The right to participate in the allocation process is waived if the written petition is not provided to the department prior to the completion of remedial actions, except for operation and maintenance, at the facility.

(3) For a facility at which the department initiates a remedial action through the issuance of a notice letter under 75-10-711 after July 1, 1997, any person potentially liable under 75-10-715 may petition the department in writing within 60 days of the date of the notice letter to initiate the allocation process. Any potentially liable person under 75-10-715 who does not provide a written petition to the department within this timeframe waives the right to participate in the allocation process and remains liable as provided in 75-10-715. The notice letter sent by the department must advise that a failure to petition the department for allocation as provided in this subsection will result in a waiver of the right to participate in the allocation process.

(4) The allocation process may be initiated and may proceed upon written petition of one or more potentially liable persons.
Prior to the initiation of discovery as provided in 75-10-747, all persons who participate in the allocation process shall agree in writing that the allocator’s decision is binding, subject only to the provisions of 75-10-750(9) and the appeal provisions of 75-10-751.

All liable or potentially liable persons under 75-10-715 who do not participate in the allocation process under 75-10-742 through 75-10-751 remain liable as provided in 75-10-715.

Upon receipt of a written petition under subsection (1) or (2) or when initiating actions at a facility without a prior notice letter under subsection (3), the department shall:

(a) conduct a good faith investigation and may use its authority in 75-10-707 to identify persons who may be liable under 75-10-715; and

(b) issue notice letters to one or more of the persons it identifies as potentially liable under 75-10-715. If a person petitions the department to initiate the allocation process as provided for in subsection (8), the department shall issue notice letters or nomination letters pursuant to subsection (9) to the persons identified as potentially liable under 75-10-715 who were not previously given notice.

A person who receives a notice letter may, within 60 days from the date of the notice letter, petition the department in writing to participate in an allocation process and provide the department with the identity of other potentially liable persons under 75-10-715 who were not given notice by the department. When identifying additional potentially liable persons, the person given notice shall provide to the department a statement and credible evidence showing that there is a basis in law and fact to determine that the identified person is potentially liable under 75-10-715.

Within 30 days of receipt of the information provided for in subsection (8), the department may issue a notice letter to an identified person whom the department determines is a potentially liable person under 75-10-715 or to a person whom the department identified in subsection (7) and who was not previously given notice. If the department does not issue a notice letter to an identified person, the department shall issue the person a nomination letter indicating that the person has been identified as potentially liable under 75-10-715. The nomination letter must state that the person has the right to participate in the allocation process and that if the person does not participate and is found liable, the person remains subject to liability as provided in 75-10-715. If the newly noticed or nominated person chooses to participate in the allocation process, the person shall provide a written petition of the person’s intent to participate in the allocation process to the department within 30 days of the date of the notice or nomination letter. A failure to petition the department for allocation as provided in this subsection results in a waiver of the right to participate in the allocation process.

If a person nominated under subsection (9) cannot be readily located, the department shall, within 30 days of receipt of the information provided for in subsection (8), publish one notice of the person’s nomination, along with the information contained in a nomination letter under subsection (9), in a newspaper of general circulation in the county where all or a portion of the facility is located. The notice must state that the person has 30 days from the date of the notice to petition the department, in writing, to participate in the
allocation process. A failure to petition the department for allocation as provided in this subsection results in a waiver of the right to participate in the allocation process.

(11) If one or more potentially liable persons petition in writing for an allocation process under subsection (1), (2), or (3) and the department determines that the facility has a potential orphan share, the department shall:

(a) publish a notice and brief description of the facility in a newspaper of general circulation in the area affected and provide at least 30 days for submission of public comment on the identification of potentially liable persons under 75-10-715; and

(b) notify interested persons and the county commissioners of each county in which all or a portion of the facility is located and provide at least 30 days for submission of comments on the identification of potentially liable persons under 75-10-715.

(12) If a nominated person participates in the allocation and the person is assigned a zero share of liability by the allocator, that person's reasonable costs of participating in the allocation, including attorney fees, must be borne by the person who proposed the addition of the nominated person to the allocation.

(13) If the department anticipates that a facility may have an orphan share, the department shall represent the orphan share in the allocation process. If the state is a potentially liable person under 75-10-715, an agency or entity other than the department shall represent the state in the allocation process.

(14) Except as provided in subsection (15), whenever the department is involved in allocation processes on five facilities, other allocation processes may be stayed before the discovery stage provided in 75-10-747. Upon completion of an allocation provided in 75-10-750 or 75-10-751, execution of a stipulated agreement under 75-10-750, or a default to liability as provided in 75-10-715 for one of the five facilities, the department shall notify the potentially liable persons for the facility on the waiting list that has the earliest date of written petition. Discovery under 75-10-747 must begin within 10 days of department notification.

(15) A stay on the allocation process may not occur under subsection (14) if all persons participating in the allocation process agree in writing that there is no orphan share and that the state is not a potentially liable person under 75-10-715. The agreement is binding upon all noticed or nominated persons.

(16) If, after initiating the process, a potentially liable person elects to discontinue participation in the process, the person remains subject to liability as provided in 75-10-715.”

(1) (a) "Base numeric nutrient standards" means numeric water quality standards for nutrients in surface water that are adopted to protect the designated uses of a surface water body.

(b) The term does not include numeric water quality standards for nitrate, nitrate plus nitrite, or nitrite that are adopted to protect human health.

(10) "High-quality waters" means all state waters, except:

(a) ground water classified as of January 1, 1995, within the "III" or "IV" classifications established by the board’s classification rules; and

(b) surface waters that:

(i) are not capable of supporting any one of the designated uses for their classification; or

(ii) have zero flow or surface expression for more than 270 days during most years.

(11) "Impaired water body" means a water body or stream segment for which sufficient credible data shows that the water body or stream segment is failing to achieve compliance with applicable water quality standards.
“Industrial waste” means a waste substance from the process of business or industry or from the development of any natural resource, together with any sewage that may be present.

“Interested person” means a person who has a real property interest, a water right, or an economic interest that is or may be directly and adversely affected by the department’s preliminary decision regarding degradation of state waters, pursuant to 75-5-303. The term includes a person who has requested authorization to degrade high-quality waters.

“Load allocation” means the portion of a receiving water’s loading capacity that is allocated to one of its existing or future nonpoint sources or to natural background sources.

“Loading capacity” means the mass of a pollutant that a water body can assimilate without a violation of water quality standards. For pollutants that cannot be measured in terms of mass, it means the maximum change that can occur from the best practicable condition in a surface water without causing a violation of the surface water quality standards.

“Local department of health” means the staff, including health officers, employed by a county, city, city-county, or district board of health.

“Metal parameters” includes but is not limited to aluminum, antimony, arsenic, beryllium, barium, cadmium, chromium, copper, fluoride, iron, lead, manganese, mercury, nickel, selenium, silver, thallium, and zinc.

“Mixing zone” means an area established in a permit or final decision on nondegradation issued by the department where water quality standards may be exceeded, subject to conditions that are imposed by the department and that are consistent with the rules adopted by the board.

“Nutrient work group” means an advisory work group, convened by the department, representing publicly owned and privately owned point sources of pollution, nonpoint sources of pollution, and other interested parties that will advise the department on the base numeric nutrient standards, the development of temporary nutrient criteria, and the implementation of those standards and criteria together with associated economic impacts.

“Other wastes” means garbage, municipal refuse, decayed wood, sawdust, shavings, bark, lime, sand, ashes, offal, night soil, oil, grease, tar, heat, chemicals, dead animals, sediment, wrecked or discarded equipment, radioactive materials, solid waste, and all other substances that may pollute state waters.

“Outstanding resource waters” means:

(a) state surface waters located wholly within the boundaries of areas designated as national parks or national wilderness areas as of October 1, 1995; or

(b) other surface waters or ground waters classified by the board under the provisions of 75-5-316 and approved by the legislature.

“Owner or operator” means a person who owns, leases, operates, controls, or supervises a point source.

“Parameter” means a physical, biological, or chemical property of state water when a value of that property affects the quality of the state water.

“Person” means the state, a political subdivision of the state, institution, firm, corporation, partnership, individual, or other entity and includes persons resident in Canada.
“Point source” means a discernible, confined, and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, or vessel or other floating craft, from which pollutants are or may be discharged.

(a) “Pollution” means:

(i) contamination or other alteration of the physical, chemical, or biological properties of state waters that exceeds that permitted by Montana water quality standards, including but not limited to standards relating to change in temperature, taste, color, turbidity, or odor; or

(ii) the discharge, seepage, drainage, infiltration, or flow of liquid, gaseous, solid, radioactive, or other substance into state water that will or is likely to create a nuisance or render the waters harmful, detrimental, or injurious to public health, recreation, safety, or welfare, to livestock, or to wild animals, birds, fish, or other wildlife.

(b) A discharge, seepage, drainage, infiltration, or flow that is authorized under the pollution discharge permit rules of the board is not pollution under this chapter. Activities conducted under the conditions imposed by the department in short-term authorizations pursuant to 75-5-308 are not considered pollution under this chapter.

“Sewage” means water-carried waste products from residences, public buildings, institutions, or other buildings, including discharge from human beings or animals, together with ground water infiltration and surface water present.

“Sewage system” means a device for collecting or conducting sewage, industrial wastes, or other wastes to an ultimate disposal point.

“Standard of performance” means a standard adopted by the board for the control of the discharge of pollutants that reflects the greatest degree of effluent reduction achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, when practicable, a standard permitting no discharge of pollutants.

(a) “State waters” means a body of water, irrigation system, or drainage system, either surface or underground.

(b) The term does not apply to:

(i) ponds or lagoons used solely for treating, transporting, or impounding pollutants; or

(ii) irrigation waters or land application disposal waters when the waters are used up within the irrigation or land application disposal system and the waters are not returned to state waters.

“Sufficient credible data” means chemical, physical, or biological monitoring data, alone or in combination with narrative information, that supports a finding as to whether a water body is achieving compliance with applicable water quality standards.

“Temporary nutrient criteria” means numeric permit limits for nutrients that are based on a determination that the base numeric nutrient standards cannot be achieved by a particular point source discharger due to economic impacts or the limits of technology.

“Threatened water body” means a water body or stream segment for which sufficient credible data and calculated increases in loads show that the
water body or stream segment is fully supporting its designated uses but threatened for a particular designated use because of:

(a) proposed sources that are not subject to pollution prevention or control actions required by a discharge permit, the nondegradation provisions, or reasonable land, soil, and water conservation practices; or

(b) documented adverse pollution trends.

(32)(35) "Total maximum daily load" or "TMDL" means the sum of the individual waste load allocations for point sources and load allocations for both nonpoint sources and natural background sources established at a level necessary to achieve compliance with applicable surface water quality standards.

(32)(36) “Treatment works” means works, including sewage lagoons, installed for treating or holding sewage, industrial wastes, or other wastes.

(34)(37) “Waste load allocation” means the portion of a receiving water's loading capacity that is allocated to one of its existing or future point sources.

(35)(38) “Water quality protection practices” means those activities, prohibitions, maintenance procedures, or other management practices applied to point and nonpoint sources designed to protect, maintain, and improve the quality of state waters. Water quality protection practices include but are not limited to treatment requirements, standards of performance, effluent standards, and operating procedures and practices to control site runoff, spillage or leaks, sludge or water disposal, or drainage from material storage.

(36)(39) “Water well” means an excavation that is drilled, cored, bored, washed, driven, dug, jetted, or otherwise constructed and intended for the location, diversion, artificial recharge, or acquisition of ground water.

(37)(40) “Watershed advisory group” means a group of individuals who wish to participate in an advisory capacity in revising and reprioritizing the list of water bodies developed under 75-5-702 and in the development of TMDLs under 75-5-703, including those groups or individuals requested by the department to participate in an advisory capacity as provided in 75-5-704."

Section 2. Temporary nutrient criteria. (1) The department may, on a case-by-case basis, approve the use of temporary nutrient criteria in a discharge permit based upon adequate justification pursuant to subsection (2) that attainment of the base numeric nutrient standards is precluded due to economic impacts or the limits of technology.

(2) (a) The department, in consultation with the nutrient work group, shall develop guidelines to ensure that the economic impacts from base numeric nutrient standards on public and private systems are equally and adequately addressed. In developing those guidelines, the department and the nutrient work group shall consider economic impacts appropriate for application within Montana and may also consider relevant guidance of the United States environmental protection agency pertaining to analysis of economic impacts from water quality standards.

(b) In the event that economic impacts do not justify temporary nutrient criteria for a particular discharger, the department may approve temporary nutrient criteria based upon a finding that the limits of technology preclude the attainment of the base numeric nutrient standards. The department’s determination that the limits of technology justify temporary nutrient criteria must be based on available and proven treatment technologies at the time the temporary nutrient criteria are approved.
(c) The department shall consult with the nutrient work group prior to recommending base numeric nutrient standards or criteria to the board and shall continue to consult with the nutrient work group in implementing temporary nutrient criteria.

(3) The department shall review each application for temporary nutrient criteria on a case-by-case basis to determine if there are reasonable alternatives, such as trading or permit compliance schedules, that preclude the need for the temporary criteria.

(4) (a) Temporary nutrient criteria approved by the department become effective and may be incorporated into a permit only after a public hearing and adoption by the department under the rulemaking procedures of Title 2, chapter 4, part 3.

(b) Temporary nutrient criteria may be established for a period not to exceed 20 years and must be reviewed by the department every 5 years from the date of adoption to ensure that the justification for their adoption is still valid.

(c) On or before July 1 of each year, the department, in consultation with the nutrient work group, shall report to the environmental quality council by providing a summary of the status of the base numeric nutrient standards, temporary nutrient criteria, and implementation of those criteria, including estimated economic impacts.

(d) On or before September 1 of each year preceding the convening of a regular session of the legislature, the department, in consultation with the nutrient work group, shall summarize the previous two reports provided in subsection (4)(c) to the environmental quality council in accordance with 5-11-210.

Section 3. Codification instruction. [Section 2] is intended to be codified as an integral part of Title 75, chapter 5, part 3, and the provisions of Title 75, chapter 5, part 3, apply to [section 2].

[SB 96]

AN ACT REQUIRING A MENTAL EVALUATION OF CERTAIN CRIMINAL DEFENDANTS CLAIMING A MENTAL DISEASE OR DEFECT OR A DEVELOPMENTAL DISABILITY; AMENDING SECTIONS 46-14-311 AND 46-18-111, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-14-311, MCA, is amended to read:

“46-14-311. Consideration of mental disease or defect or developmental disability in sentencing. (1) Whenever a defendant is convicted on a verdict of guilty or a plea of guilty or nolo contendere and claims at the time of the omnibus hearing held pursuant to 46-13-110 or, if no omnibus hearing is held, at the time of any change of plea by the defendant that at the time of the commission of the offense of which convicted the defendant was suffering from a mental disease or defect or developmental disability that rendered the defendant unable to appreciate the criminality of the defendant’s behavior or to conform the defendant’s behavior to the requirements of law, the sentencing
court shall consider any relevant evidence presented at the trial and shall
require additional evidence that it considers necessary for the determination of
the issue, including examination of the defendant and a report of the
examination as provided in 46-14-202 and 46-14-206 also consider the results of
the presentence investigation required pursuant to subsection (2).

(2) Under the circumstances referred to in subsection (1), the sentencing court
shall order a presentence investigation and a report on the investigation
pursuant to 46-18-111. The investigation must include a mental evaluation by a
person appointed by the director of the department of public health and human
services or the director’s designee. The evaluation must include an opinion as to
whether the defendant suffered from a mental disease or defect or developmental
disability with the effect as described in subsection (1). If the opinion concludes
that the defendant did suffer from a mental disease or defect or developmental
disability with the effect as described in subsection (1), the evaluation must also
include a recommendation as to the care, custody, and treatment needs of the
defendant.”

Section 2. Section 46-18-111, MCA, is amended to read:

“46-18-111. Presentence investigation — when required. (1) (a) Upon
the acceptance of a plea or upon a verdict or finding of guilty to one or more
felony offenses, the district court shall direct the probation officer to make a
presentence investigation and report. The district court shall consider the
presentence investigation report prior to sentencing.

(b) If the defendant was convicted of an offense under 45-5-502, 45-5-503,
45-5-504, 45-5-505, 45-5-507, 45-5-625, 45-5-627, 45-5-601(3), 45-5-602(3), or
45-5-603(2)(c) or if the defendant was convicted under 46-23-507 and the
offender was convicted of failure to register as a sexual offender pursuant to
Title 46, chapter 23, part 5, the investigation must include a psychosexual
evaluation of the defendant and a recommendation as to treatment of the
defendant in the least restrictive environment, considering the risk the
defendant presents to the community and the defendant’s needs, unless the
defendant was sentenced under 46-18-219. The evaluation must be completed
by a sex offender therapist who is a member of the Montana sex offender
treatment association or has comparable credentials acceptable to the
department of labor and industry. The psychosexual evaluation must be made
available to the county attorney’s office, the defense attorney, the probation and
parole officer, and the sentencing judge. All costs related to the evaluation must
be paid by the defendant. If the defendant is determined by the district court to
be indigent, all costs related to the evaluation are the responsibility of the
district court and must be paid by the county or the state, or both, under Title 3,
chapter 5, part 9.

(c) When, pursuant to 46-14-311, the court has ordered a presentence
investigation and a report pursuant to this section, the mental evaluation
required by 46-14-311 must be attached to the presentence investigation report
and becomes part of the report. The report must be made available to persons and
entities as provided in 46-18-113.

(2) The court shall order a presentence investigation report unless the court
makes a finding that a report is unnecessary. Unless the court makes that
finding, a defendant convicted of any offense not enumerated in subsection (1)
that may result in incarceration for 1 year or more may not be sentenced before a
written presentence investigation report by a probation and parole officer is
presented to and considered by the district court. The district court may order a
presentence investigation for a defendant convicted of a misdemeanor only if the defendant was convicted of a misdemeanor that the state originally charged as a sexual or violent offense as defined in 46-23-502.

(3) The defendant shall pay to the department of corrections a $50 fee at the time that the report is completed, unless the court determines that the defendant is not able to pay the fee within a reasonable time. The fee may be retained by the department and used to finance contracts entered into under 53-1-203(5).”

Section 3. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 270

[SB 123]

AN ACT PROHIBITING THE USE OF AN AMENDED NOTICE OF PROPOSED RULEMAKING BY A STATE AGENCY TO CURE A DEFICIENCY IN A STATEMENT OF REASONABLE NECESSITY UNLESS CERTAIN CONDITIONS ARE MET; AMENDING SECTION 2-4-305, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-305, MCA, is amended to read:

“2-4-305. Requisites for validity — authority and statement of reasons. (1) The agency shall fully consider written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement the reasons for overruling the considerations urged against its adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is printed in the register, the differences must be described in the statement of reasons for and against agency action. When written or oral submissions have not been received, an agency may omit the statement of reasons.

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a
policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency’s notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section and unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) (a) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules.

(b) An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(c) If an agency uses an amended proposal notice to amend a statement of reasonable necessity for reasons other than for corrections in citations of authority, in citations of sections being implemented, or of a clerical nature, the agency shall allow additional time for oral or written comments from the same interested persons who were notified of the original proposal notice, including from a primary sponsor, if primary sponsor notification was required under 2-4-302, and from any other person who offered comments or appeared at a hearing already held on the proposed rule.

(9) If a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, the proposal notice may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period.
during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the committee’s notification to the agency must be included in the committee’s records."

Section 2. Effective date. [This act] is effective on passage and approval.

The appointment may be electronically filed pursuant to rules adopted by the commissioner. The commissioner may adopt rules to implement electronic filing.

(2) Each appointment remains in effect until the insurance producer’s license is revoked or otherwise terminated unless written notice of earlier termination of the appointment is filed with the commissioner by the insurer or the insurance producer. The written notice may be electronically filed pursuant to rules adopted by the commissioner. The commissioner may adopt rules to implement electronic filing. Termination of the insurer’s authority in Montana also terminates the appointment.

(3) Subject to the insurance producer’s contract rights, an insurer may terminate an insurance producer’s appointment at any time. The insurer shall promptly give written notice of the termination to the commissioner and to the insurance producer. The commissioner may require reasonable proof that the insurer has given notice to the insurance producer.

(4) As part of the notice of termination given the commissioner, the insurer shall file with the commissioner a statement of the facts relative to the termination and the cause of termination. Any information or statement contained in the notice of termination is not admissible as evidence in any action or proceeding against the insurer or any representative of the insurer by or on behalf of any person affected by the termination.”

(4) An adjuster license or qualifications are not required for an adjuster who is sent into this state by and on behalf of an insurer or adjusting partnership or corporation for the purpose of investigating or making adjustments of a particular loss under an insurance policy or for the adjustment of a series of losses resulting from a catastrophe common to all losses.

(5) An adjuster license continues in force until lapsed, suspended, revoked, or terminated. The licensee shall renew the license by the biennial renewal date and pay the appropriate fee or the license will lapse. The biennial fee is established pursuant to 33-2-708.

Section 15. Section 33-17-1002, MCA, is amended to read:

“33-17-1002. Procedure following suspension or revocation. Notice is effectuated when mailed.

(2) The commissioner may reissue a license that has lapsed if the insurance producer has paid the lapsed license reinstatement fee pursuant to 33-2-708 and has filed certification of completion of continuing education requirements for the preceding biennium within 1 year of the lapse occurring.

(3) The commissioner may not again issue a license under this code to a person whose license has been revoked until after expiration of 1 year and until the person again qualifies for a license in accordance with this code. If the commissioner revokes a person’s license, the commissioner may refuse to issue a license to the person for up to 5 years after the revocation. A person whose license has been revoked twice is not again eligible for any license under this code.

(4) If the license of a partnership or corporation business entity is suspended or revoked, a member, of the partnership or officer, or director of the corporation business entity may not be licensed or be designated in a license to exercise the business entity’s powers during the period of the suspension or revocation unless the commissioner determines upon substantial evidence that the member, officer, or director was not personally at fault and did not acquiesce in the matter on account of which the license was suspended or revoked.”

A person not properly licensed in accordance with this chapter at the time the person performs the service as an insurance producer may not accept a commission, service fee, brokerage fee, or other valuable consideration for the service. This section does not prevent payment or receipt of renewal or other deferred commissions to or by a person entitled to receive the payment under this section.

(2) An insurance producer may not directly or indirectly share the insurance producer's commissions or other compensation received or to be received by the insurance producer on account of a transaction under the insurance producer's license with any person not also licensed under this chapter as to the same kind or kinds of insurance involved in the transactions. This provision does not affect payment of the regular salaries due to employees of the licensee, the distribution in regular course of business of compensation and profits among members or stockholders if the licensee is a partnership or corporation, business entity, or use of funds for family or personal purposes.

(3) Surplus lines producers may share commissions with a property and casualty insurance producer pursuant to 33-2-306.”

(1) The commissioner shall, after review by and at the recommendations of the advisory council established under subsection (2), approve only those continuing education courses, lectures, seminars, and instructional programs that the commissioner determines would improve the product knowledge, management, ethics, or marketing capability of the licensee. Course content, instructors, material, instructional format, and the sponsoring organization must be approved and periodically reviewed by the commissioner. The fee for approval of a course, lecture, seminar, or instructional program is listed in 33-2-708(2). The members of the council shall serve a term of 2 years, except that the initial term of the representative from each organization is 3 years. The commissioner shall consult with the council in formulating rules and standards for the approval of continuing education activities and prior to approving specific education activities. The provisions of 2-15-122(9) and (10) do not apply to this council.
(3) In conducting periodic review of course content, instructors, material, instructional format, or a sponsoring organization, the commissioner may exercise any investigative power of the commissioner provided for in 33-1-311 or 33-1-315.

(6) The commissioner retains the authority to conduct complete market
conduct examinations of the licensee as to the privacy policies and practices that

(a) if a licensee is subject to and in compliance with a federal regulation that
is part of the federal health insurance portability and accountability privacy and
security regulations, 45 CFR, parts 160 and 164, and the federal regulation with
which the licensee complies is inconsistent with a provision of this chapter and
not less protective of consumer privacy, the licensee is exempt from compliance
with the inconsistent provision of this chapter;

(b) if a licensee considers itself exempt from a provision of this chapter for
the reason provided in subsection (7)(a), the licensee shall give written notice to

(1) An insurer, insurance producer, or other person who has reason to believe that insurance, viatical settlement, medical care discount card, or pharmacy discount card fraud has occurred shall report the suspected fraud to the commissioner or to the insurance producer’s or other person’s insurer within 60 days of discovery of the occurrence. An insurer shall review a report given to the insurer, and if the insurer determines that there is a reasonable likelihood that fraud has occurred the insurer shall forward the report to the commissioner within 30 days of receipt.

(2) In the absence of malice, an insurer, insurance producer, or other person may not be subjected to civil liability for reporting or providing information or otherwise cooperating with an investigation of insurance, viatical settlement, medical care discount card, or pharmacy discount card fraud.”

Section 5. Section 33-20-1308, MCA, is amended to read:

“33-20-1308. Terms of contract. (1) A viatical settlement contract must be in writing. A viatical settlement provider shall establish in the contract the terms under which the viatical settlement provider will pay compensation or anything of value in return for the policyholder’s or certificate holder’s
assignment, transfer, sale, devise, or bequest of the death benefit or ownership
of the insurance policy or certificate to the viatical settlement provider.

(2) A viatical settlement provider may not use a viatical settlement contract
in this state unless the viatical settlement provider has filed the contract form
with the commissioner and the commissioner has approved the contract form
according to the provisions set forth in 33-1-501. The commissioner shall
disapprove a viatical settlement contract form if, in the commissioner's
judgment, the contract or any provision of the contract is unreasonable,
contrary to the interests of the public, or otherwise misleading or unfair to the
policyholder or certificate holder.

(3) Each viatical settlement contract entered into in this state must contain
a provision enabling the policyholder or certificate holder to rescind the contract
not later than the 30th day after the date on which the contract is executed by all
parties or not later than the 15th day after the policyholder or certificate holder
receives the viatical settlement proceeds, whichever is the longer period. In
order to rescind a contract, a policyholder or certificate holder who has received
the proceeds shall return them to the viatical settlement provider or financing
entity.

(4) If a viatical settlement provider enters into a viatical settlement that
allows the viator to retain an interest in the policy, the viatical settlement
contract must contain all of the following provisions:

(a) that the viatical settlement provider shall effect the transfer of the amount
of the death benefit only to the extent or portion of the amount viaticated. Benefits
in excess of the amount viaticated must be paid directly to the viator's beneficiary
by the insurance company.

(b) that the premiums to be paid by the viatical settlement provider and the
viator will be apportioned unless the viatical settlement contract specifies that
all premiums must be paid by the viatical settlement provider. The contract may
also require that the viator reimburse the viatical settlement provider for the
premiums attributable to the retained interest.

(c) that the viatical settlement provider shall, upon acknowledgment of the
perfection of the transfer, either:

(i) advise the insured in writing that the insurance company has confirmed
the viator's interest in the policy; or

(ii) provide the insured with a copy of the instrument provided by the
insurance company to the viatical settlement provider that acknowledges the
viator's interest in the policy.”

Section 6. Section 33-20-1314, MCA, is amended to read:

“33-20-1314. Payment to escrow or trust account — lump-sum
payment. (1) Immediately upon Within 3 business days after receipt of
documents from the policyholder or certificate holder effecting the transfer of
the insurance policy or certificate, the viatical settlement provider shall pay the
proceeds of the settlement to an escrow or trust account managed by a trustee or
escrow agent in a bank approved by the commissioner, pending
acknowledgment of the transfer by the issuer of the life insurance policy. The
trustee or escrow agent shall transfer the proceeds due to the policyholder or
certificate holder immediately upon receipt of acknowledgment of the transfer
from the insurer.

(2) A viatical settlement provider shall make payment of the proceeds of a
viatical settlement contract in a lump sum except as provided in this subsection.
A viatical settlement provider may not retain any portion of the proceeds. A viatical settlement provider may make installment payments only if the viatical settlement provider has purchased an annuity issued by an authorized insurer or a similar financial instrument issued by a financial institution authorized to engage in the business of a financial institution in this state.

(3) Failure by the viatical settlement provider to tender the viatical settlement by the date disclosed to the policyholder or certificate holder renders the contract void.”

Section 7. Conflict of laws. (1) If there is more than one owner on a single life insurance policy and the owners are residents of different states, the viatical settlement contract is governed by the law of the state in which the owner having the largest percentage ownership resides or, if the owners hold equal ownership, the state of residence of one owner agreed upon in writing by all of the owners. The law of the state of the insured governs if equal owners fail to agree in writing upon a state of residence for jurisdictional purposes.

(2) (a) A viatical settlement provider from this state who enters into a viatical settlement contract with a viator who is a resident of another state that has enacted statutes or adopted regulations governing viatical settlement contracts is governed in the effectuation of that viatical settlement contract by the statutes and regulations of the viator’s state of residence.

(b) A viatical settlement provider from this state who enters into a viatical settlement contract with a viator who is a resident of another state that has not enacted statutes or adopted regulations governing viatical settlement contracts is governed in the effectuation of that viatical settlement contract by the laws of this state. The viatical settlement provider shall give the viator notice that this state regulates the transaction into which the viator is entering. The viatical settlement provider shall maintain all records required by this state and use forms approved in this state.

(3) If there is a conflict in the laws that apply to a viator and a viatical settlement purchaser in any individual transaction, the laws of the state that apply to the viator take precedence and the viatical settlement provider shall comply with those laws.

Section 8. Codification instruction. (1) [Section 3] is intended to be codified as an integral part of Title 33, chapter 1, part 13, and the provisions of Title 33, chapter 1, part 13, apply to [section 3].

[SB 308]

AN ACT REVISING LAWS RELATED TO THE STANDARD PREVAILING RATE OF WAGES FOR PUBLIC WORKS CONTRACTS; PROVIDING FOR WAGE AND BENEFIT SURVEYS AND ALTERNATE METHODOLOGIES; SPECIFYING PAYMENT TERMS FOR APPRENTICES WORKING ON PUBLIC WORKS CONTRACTS; LIMITING TO 10 THE MAXIMUM NUMBER OF PREVAILING WAGE RATE DISTRICTS; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTIONS 15-6-157, 15-6-158, 15-6-159, 15-24-3111, 15-70-522, 18-2-401, 18-2-402, 18-2-403, 18-2-407, 18-2-411, 18-2-412, AND 69-3-2005, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Standard prevailing rate of wages for building construction services. (1) The department shall conduct an annual survey to calculate the standard prevailing rate of wages for building construction services using the process described in this section.

(2) The standard prevailing wage rates adopted under subsection (1) must be set for the districts established pursuant to 18-2-411.

(3) The department shall survey:
   (a) electrical contractors who are licensed under Title 37, chapter 68, who perform commercial work;
   (b) plumbers who are licensed under Title 37, chapter 69, whose work is performed according to commercial building codes; and
   (c) construction contractors registered under Title 39, chapter 9, whose work is performed according to commercial building codes.

(4) The surveys required under subsection (3) must include those wages, including fringe benefits plus travel allowances if applicable, that are paid in the applicable district by other contractors for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part.

(5) The contractor survey must include information pertaining to the number of skilled workers employed in the contractor’s peak month of employment and the wages and benefits paid for each craft, classification, or type of work. In setting the prevailing wages from the survey for each craft, classification, or type of work, the department shall use a weighted average wage for each craft, classification, or type of work, except in those cases in which
the survey shows that at least 50% of the skilled workers are receiving the same wage. If the survey shows that at least 50% of the skilled workers are receiving the same wage, that wage is the prevailing wage for that craft, classification, or type of work.

(6) The work performed must be work of a similar character to the work performed in the applicable district unless the survey in the applicable district does not generate sufficient data. If the survey produces insufficient data, the rate may be established by the use of other information or methods that the commissioner determines fairly establish the standard prevailing rate of wages.

(7) (a) The commissioner shall establish by rule the methodology for determining the standard prevailing rate of wages. The rules must include an alternate methodology to determine the standard prevailing rate of wages whenever insufficient data is generated by the survey of contractors in the applicable district. The rules must identify the amount of data that constitutes insufficient data.

(b) The commissioner shall use an alternate methodology provided by rule to determine the standard prevailing rate of wages whenever insufficient data exists.

(c) The alternative method of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character, which must be based on a survey that is conducted as closely as possible to the original district.

(8) Whenever work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits and the rate of travel allowance, must be those rates established by collective bargaining agreements in effect in the applicable district for each craft, classification, or type of skilled worker needed to complete the contract.

Section 2. Standard prevailing rate of wages for heavy construction services and for highway construction services — definition. (1) The department shall establish from time to time the standard prevailing rate of wages for heavy construction services and for highway construction services.

(2) In establishing the standard prevailing rate of wages for heavy construction services and for highway construction services, the department may either:

(a) conduct a survey of construction contractors registered under Title 39, chapter 9, who perform heavy construction services or highway construction services; or

(b) adopt by reference through rulemaking the rates established by the U.S. department of labor under the federal Davis-Bacon Act, 29 CFR 1 et seq., for projects in Montana.

(3) For the purposes of this section, the term “standard prevailing rate of wages for heavy construction services and for highway construction services” means wage rates, including fringe benefits plus zone pay and travel allowances that are determined and established statewide for heavy construction projects and highway construction projects. The department may define by rule the terms heavy construction projects and highway construction projects. The definitions of heavy construction projects and highway construction projects must include but are not limited to projects the same as or similar to the construction, alteration, or repair of roads, streets, highways, alleys, runways, airport runways and ramps, dams, powerhouses, canals, channels, pipelines,
parking areas, utility rights-of-way, staging yards located on or off the right-of-way, or new or reopened pits that produce aggregate, asphalt, concrete, or backfill when the pit does not normally sell to the general public.

Section 3. Standard prevailing rate of wages for nonconstruction services — survey. (1) The department shall conduct an annual survey to calculate the standard prevailing rate of wages for nonconstruction services using the process described in this section.

(2) The standard prevailing wage rates adopted under subsection (1) must be set for the districts established under 18-2-411.

(3) (a) The department shall survey those employers that the department determines provide nonconstruction services in Montana in fulfillment of public works contracts.

(b) The department may survey employers that request to be included in the survey related to the nonconstruction services standard prevailing rate of wages or employers whose names and addresses are supplied by a political subdivision of the state as employers who have submitted bona fide bids or responses to requests for proposals for public works contracts for nonconstruction services.

(4) If the department does not survey an employer who is required to be surveyed under subsection (3)(a) or eligible to be surveyed under subsection (3)(b), the resulting survey and the ratesetting process remain valid.

(5) The survey must include:

(a) those wages, including fringe benefits and travel allowances if applicable, that are paid in the applicable district by other employers for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part; and

(b) information pertaining to the number of workers employed in the employer’s peak month of employment.

(6) In setting the standard prevailing rate of wages for nonconstruction services from the survey for each craft, classification, or type of work, the department shall use the weighted average wage for each craft, classification, or type of work, except in cases in which the survey shows that at least 50% of the workers are receiving the same wage. If the survey shows that at least 50% of the workers are receiving the same wage, that wage is the standard prevailing rate of wages for that craft, classification, or type of work.

(7) The work performed must be work of a similar character to the work performed in the applicable district unless the survey in the applicable district does not generate sufficient data. If the survey produces insufficient data, the standard prevailing rate of wages may be established by the use of other information or an alternate methodology as provided in subsection (8).

(8) (a) The commissioner shall establish by rule the methodology for determining the standard prevailing rate of wages. The rules must include an alternate methodology to determine the standard prevailing rate of wages whenever insufficient data is generated by the survey of contractors in the applicable district. The rules must identify the amount of data that constitutes insufficient data.

(b) The commissioner shall use an alternate methodology provided by rule to determine the standard prevailing rate of wages whenever insufficient data exists.
(c) The alternative method of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character, which must be based on a survey that is conducted as closely as possible to the original district.

(9) Whenever work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits, must be those rates established by collective bargaining agreements in effect in the applicable district for each craft, classification, or type of skilled worker needed to complete the contract.

**Section 4. Wages paid to registered apprentices.** (1) Only an apprentice whose indenture agreement is registered with the department under Title 39, chapter 6, or recognized by the department as being registered with an appropriate registration agency of another state or the federal government may be paid as provided in subsection (2) when working on a public works contract. An apprentice whose indenture agreement is not registered with or recognized by the department must be paid the full amount of the standard prevailing rate of wages, including any applicable travel allowances.

(2) A recognized, registered apprentice must be paid the percentage of the standard prevailing rate of wages provided for in the apprenticeship standards applicable to that apprentice. The percentage amount applies to wage rates only and not to fringe benefits. The full amount of any applicable fringe benefits must be paid to the apprentice while the apprentice is working on the public works contract.

**Section 5. Wage rate adjustments for multiyear contracts.** (1) Any public works contract that by the terms of the original contract calls for more than 30 months to fully perform must include a provision to adjust, as provided in subsection (2), the standard prevailing rate of wages to be paid to the workers performing the contract.

(2) The standard prevailing rate of wages paid to workers under a contract subject to this section must be adjusted 12 months after the date of the award of the public works contract. The amount of the adjustment must be a 3% increase. The adjustment must be made and applied every 12 months for the term of the contract.

(3) Any increase in the standard rate of prevailing wages for workers under this section is the sole responsibility of the contractor and any subcontractors and not the contracting agency.

The tax incentive is available to a facility for the first 6 years from the date that the facility begins production. The facility shall file a business plan with the department at least 2 years before the estimated beginning date of production. After the initial business plan is filed, the facility shall provide the department with quarterly updates regarding any changes to the business plan.

(3) Regardless of the ethanol tax incentive provided in subsection (2):

(b) a plant or facility is not eligible to receive the tax incentive unless the facility paid the standard prevailing rate of wages for heavy construction, as provided in 18-2-401(13)(a) [section 2], during the construction phase; and

c) an ethanol distributor is not eligible to receive the tax incentive unless at least:

(i) 20% Montana product is used to produce ethanol at the facility in the first year of production;

In setting the prevailing wages from the survey for each craft, the department shall use the weighted average wage for each craft, except in those cases in which the survey shows that 50% of the craftpersons are receiving the same wage. When the survey shows that 50% of the craftpersons are receiving the same wage, that wage is the prevailing wage for that craft. The work performed must be work of a similar character to the work performed in the district unless the annual survey of construction contractors and the biennial survey of nonconstruction service employers in the district does not generate sufficient data. If the survey produces insufficient data, the rate may be established by the use of other information or methods that the commissioner determines fairly establish the standard prevailing rate of wages. The commissioner shall establish by rule the method or methods by which the standard prevailing rate of wages is determined. The rules must establish a process for determining if there is insufficient data generated by the survey of employers in the district that requires the use of other methods of determining the standard prevailing rate of wages. The rules must identify the amount of data that constitutes insufficient data and require the commissioner of labor to use other methods of determining the standard prevailing rate of wages when insufficient data exists. The alternative methods of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character that is conducted as near as possible to the original district.

(4) When work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions, that meets the requirements of the Employee Retirement Security Act of 1974 and other bona fide programs approved by the United States department of labor and the rate of travel allowance must be those rates established by collective bargaining agreements in effect in the district for each craft, classification, or type of worker needed to complete the contract.

(14) “Work of a similar character” means work on private commercial projects as well as work on public projects.”

Section 12. Section 18-2-402, MCA, is amended to read:

“18-2-402. Standard prevailing rate of wages. (1) The Montana commissioner of labor may determine the standard prevailing rate of wages applicable to public works contracts under this part. The commissioner shall undertake to keep and maintain copies of collective bargaining agreements and other information on which the rates are based.

(2) The provisions of this part do not apply in those instances where in which the standard prevailing rate of wages is determined pursuant to by federal law.

(3) In no instances where Whenever this part is applicable, shall the standard prevailing rate of wage be determined to wages may be equal to but not greater than the highest applicable rate of wage wages in the area for the particular work in question as negotiated under existing and current collective bargaining agreements.”

Section 13. Section 18-2-403, MCA, is amended to read:
“18-2-403. Preference of Montana labor in public works — wages — tax-exempt project — federal exception. (1) In every public works contract, there must be inserted in the bid specification and the public works contract a provision requiring the contractor to give preference to the employment of bona fide Montana residents of Montana in the performance of the work.

(2) All public works contracts for construction services under subsection (1), except those for heavy and highway construction, that are conducted at the project location or under special circumstances must contain a provision requiring the contractor to pay:

(a) the travel allowance that is in effect and applicable to the district in which the work is being performed; and

(b) the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions, that:

(i) meets the requirements of the Employee Retirement Income Security Act of 1974 and other bona fide programs approved by the United States department of labor; and

(ii) is in effect and applicable to the district in which the work is being performed.

(3) In every public works contract for heavy and highway construction, there must be inserted a provision to require the contractor to pay the heavy and highway construction standard prevailing wage rates established statewide for heavy and highway construction services conducted at the project location or under special circumstances.

(4) Except as provided in subsection (5), all public works contracts for nonconstruction services under subsection (1) must contain a provision requiring the contractor to pay:

(a) the travel allowance that is in effect and applicable to the district in which the work is being performed; and

requiring the contractor to pay the standard prevailing wage rate in effect and applicable to the district in which the work is being performed unless the contractor performing the work has entered into a collective bargaining agreement covering the work to be performed.

(8) A public works contract may not be let to any person, firm, association, or corporation refusing to execute an agreement with the provisions described in subsections (1) through (7) in it, provided that in public works contracts involving the expenditure of federal-aid funds, this part may not be enforced in a manner as to conflict with or be contrary to the federal statutes prescribing a labor preference to honorably discharged veterans of the armed forces and prohibiting as unlawful any other preference or discrimination among citizens of the United States.

(9) Failure to include the provisions required by 18-2-422 in a public works contract relieves the contractor from the contractor’s obligation to pay the standard prevailing wage rate and places the obligation on the public contracting agency.”

Section 14. Section 18-2-407, MCA, is amended to read:

“18-2-407. Forfeiture for failure to pay standard prevailing wage rate of wages. (1) Except as provided in 18-2-403, a contractor, subcontractor, or employer who pays workers or employees at less than the standard prevailing wage rate of wages as established under the public works contract shall forfeit to the department a penalty at a rate of up to 20% of the delinquent wages plus fringe benefits, attorney fees, audit fees, and court costs. Money collected by the department under this section must be deposited in the general fund. A contractor, subcontractor, or employer shall also forfeit to the employee the amount of wages owed plus $25 a day for each day that the employee was underpaid.

(2) Whenever it appears to the contracting agency or to the commissioner of labor and industry that there is insufficient money due to the contractor or the employer under the terms of the contract to cover penalties, the commissioner of labor and industry may, within 90 days after the filing of notice of completion of the project and its acceptance by the contracting agency, maintain an action in district court to recover all penalties and forfeitures due. This part does not prevent the individual worker who has been underpaid or the commissioner of labor and industry on behalf of all the underpaid workers from maintaining an action for recovery of the wages due under the contract as provided in Title 39, chapter 3, part 2, except that appeal of the hearings officer’s decision is made directly to district court rather than to the board of personnel appeals.”

Section 15. Section 18-2-411, MCA, is amended to read:

“18-2-411. Creation of prevailing wage rate districts. (1) Without taking into consideration heavy construction services and highway construction services wage rates, the commissioner shall divide the state into at least not more than 10 prevailing wage rate districts for building construction services and nonconstruction services.

(2) In initially determining the districts, the commissioner must shall:

(a) follow the rulemaking procedures in the Montana Administrative Procedure Act; and

(b) publish the reasons supporting the creation of each district.
(3) A district boundary may not be changed except for good cause and in accordance with the rulemaking procedures in the Montana Administrative Procedure Act.

(4) The presence of collective bargaining agreements in a particular area may not be the sole basis for the creation of boundaries of a district, nor may the absence of collective bargaining agreements in a particular area be the sole basis for changing the boundaries of a district.

(5) For each prevailing wage rate district established under this section, the commissioner shall determine the standard prevailing rate of wages to be paid employees, as provided in 18-2-401 and 18-2-402 this part. The standard prevailing rate of wages for construction services, as determined by the commissioner in this subsection, must be used for calculating an apprentice’s wage, as provided in 39-6-108.”

Section 16. Section 18-2-412, MCA, is amended to read:

(4) All contracts signed by a public utility to meet the requirements of this part are eligible for advanced approval under procedures established by the commission. Upon advanced approval by the commission, these contracts are eligible for cost recovery from ratepayers, except that nothing in this part limits the commission’s ability to subsequently, in any future cost-recovery proceeding, inquire into the manner in which the public utility has managed the contract and to disallow cost recovery if the contract was not reasonably administered.

(5) A public utility or competitive electricity supplier shall submit renewable energy procurement plans to the commission in accordance with rules adopted by the commission. The plans must be submitted to the commission on or before:

(1) The secretary of state shall adopt reasonable rules under the rulemaking provisions of the Montana Administrative Procedure Act to implement 13-21-207. The rules are binding upon election administrators. The rules must require compliance with the same time requirements or deadlines as for registration and voting by absentee ballot by use of the public mails. The rules must maintain the accuracy, integrity, and secrecy of the ballot process and must allow registration and voting by facsimile through use of a private corporation or other private entity for transmission of facsimile messages only if the secretary of state finds that the use is essential to the purposes of this chapter.

(2) The rules must provide that:

(a) there are uniform statewide standards concerning electronic registration and voting;

(b) regular absentee ballots for a primary, general, or special election are available in a format that allows the ballot to be electronically transmitted to a United States elector as soon as the ballots are available pursuant to 13-13-205;

(c) a United States elector may, subject to 13-2-304, register and vote up to the time that the polls close on election day;

(e) a ballot cast by a United States elector and transmitted electronically will remain secret, as required by Article IV, section 1, of the Montana constitution. This subsection (2)(e) does not prohibit the adoption of rules establishing administrative procedures on how electronically transmitted votes must be transcribed to an official ballot. However, the rules must be designed to protect the accuracy, integrity, and secrecy of the process.

(2)(3) The secretary of state may apply for and receive a grant of funds from any agency or office of the United States government or from any other public or private source and may use the money for the purpose of implementing this chapter.”

(2) A registration application under subsection (1)(a) or (1)(b) must be received by the election administrator not less than 30 days before the election for the registration to be valid for the election. If the registration application is received less than 30 days before the election, the registration application must be processed for the next election by the time specified in 13-2-304 for late registration.

(u)(c) receive requests for an absentee ballot;

(2) A ballot cast by a United States elector pursuant to this section may be counted only if it is transmitted by the elector to the election administrator before the close of polls on election day and is received by the election administrator before 5 p.m. on the day after the election. Ballots received pursuant to this section must be counted at the same time as provisional ballots are counted.

(3) For purposes of this section, "electronically" means by facsimile transmission or electronic mail. The term includes internet-based voting if an internet-based voting system approved by the secretary of state is available to the election administrator."

Section 4. Section 13-21-210, MCA, is amended to read:

ARTICLE III - NATIONAL BISON RANGE WATER RIGHT

The Parties agree that the following water rights are in settlement of the reserved water rights of the United States for the National Bison Range.

A. Purpose of Reservation for the National Bison Range. The National Bison Range was created on May 23, 1908 for the purpose of being a permanent range for the care and maintenance of a herd of bison and other mammals. 35 Stat. 267, 35 Stat. 1051. An executive order of December 22, 1921, (No. 3596) added the purpose of a bird refuge to the National Bison Range as well.

B. Quantification. Subject to the terms of Article IV, the United States shall have the right to water for the following purposes from the sources identified on National Bison Range lands.

1. Wildlife Use.
   a. Consumptive Use. The United States has federal reserved water rights for Consumptive Use for wildlife purposes at the locations identified in the table attached as Appendix 2, provided that the total Consumptive Use for wildlife purposes on National Bison Range lands shall not exceed the amount of water needed to feed and water the historic maximum carrying capacity of the National Bison Range of 755 Animal Units. The specific elements of these rights are set forth in the Abstracts attached as Appendix 3 to this Compact.
   b. Nonconsumptive Use. The United States also has federal reserved water rights in the amount of 18.48 Acre-feet per year for largely Nonconsumptive Uses to fill the Ravalli Potholes, when the water is naturally available, and an in-stream flow in the amount of 177 gallons per minute from Mission, Pauline, Trisky and Elk Creeks, when such flows are naturally available. The specific elements of these rights are set forth in the Abstracts attached as Appendix 4 to this Compact.

2. Administrative Uses.
   a. Current Administrative Uses. The United States has federal reserved rights for Consumptive Use for current administrative uses on National Bison Range lands totaling 35.2 Acre-feet per year. The United States also has a federal reserved water right of up to 536 Acre-feet per year of flood flows from Mission Creek for largely Nonconsumptive Uses for administrative purposes,
when such flows are naturally available. The specific elements of these rights are set forth in the Abstracts attached as Appendix 5 to this Compact.

b. Future Administrative Uses. The United States has federal reserved water rights from Ground Water for Consumptive Use for future administrative uses up to a total additional volume of 15 Acre-feet per year to fulfill the purposes of the National Bison Range. The types of use of the United States’ federal reserved water rights for administrative uses may include, but are not limited to: domestic, lawn and garden, storage, and dust abatement.

3. Emergency Fire Suppression. The use of water for emergency fire suppression benefits the public, and is necessary for the purposes of the National Bison Range. The United States may, as part of its reserved water right, divert or withdraw water for fire suppression on National Bison Range lands as needed and without a definition of the specific elements of a recordable water right. Use of water for fire suppression shall not be considered an exercise of the United States’ water rights for Consumptive Use.

4. Period of Use. The period of use of the United States’ federal reserved water rights quantified in the Compact shall be from January 1 to December 31 of each year.

5. Priority Date. The priority date for the federal reserved water rights set forth in this Compact is May 23, 1908.

ARTICLE IV - IMPLEMENTATION OF COMPACT

A. Abstracts. Concurrent with this Compact, the Parties have prepared Abstracts, copies of which are attached as Appendices 3, 4, and 5 to this Compact, which specifically identify all of the United States’ use of water for the National Bison Range described in this Compact and quantified in accordance with this Compact. These abstracts specifically do not include that use of water that is the subject of water right claim number 76L 187042 00, which claim the FWS and the State agree that the FWS shall retain (unless it shall choose voluntarily to withdraw or abandon it in the future) and have adjudicated by the Montana Water Court as a water right Arising Under State Law subject to the terms, conditions and procedures of the Montana Water Use Act, Title 85, Chapter 2, MCA, and the Montana general water rights adjudication. The Parties prepared the Abstracts to comply with the requirements for a final decree as set forth in state law, and in an effort to assist the state courts in the process of entering decrees accurately and comprehensively reflecting the rights described in this Compact. The rights specified in the Abstracts are subject to the terms and conditions of this Compact. In the event of a discrepancy between a right listed in an Abstract and that same right as quantified in accordance with Articles III and IV of this Compact, the Parties intend that the quantification in accordance with Articles III and IV of this Compact shall be reflected in a final decree.

B. Enforcement of Water Right.

1. The United States, the State, a holder of a water right Arising Under State Law or a holder of a right to use any portion of the Tribal Water Right, may petition a state or federal court of competent jurisdiction for relief when a controversy arises between the United States’ water rights described by this Compact, and a holder of a water right Arising Under State Law or a holder of a right to use any portion of a Tribal Water Right. Resolution of the controversy shall be governed by the terms of this Compact where applicable, or to the extent not applicable, by applicable state, federal and tribal law.
2. The United States agrees that a water commissioner appointed by a state or federal court of competent jurisdiction, or other official authorized by law, may enter the National Bison Range for the purpose of data collection, including the collection of information necessary for water distribution on or off the National Bison Range, and to inspect structures for the diversion and measurement of water described in this Compact for Consumptive Use. The terms of entry shall be as specified in an order of a court of competent jurisdiction or other entity authorized by law to prescribe such terms of entry.

3. So long as the Department remains the administrative entity responsible for the water rights quantified in this Compact, the Department may enter the National Bison Range at a reasonable hour of the day, for the purposes of data collection on water diversion and stream flow or inspection of devices maintained by the United States pursuant to this Compact. The Department shall notify the United States by certified mail, telephone, e-mail or in person, at least 24 hours prior to entry. If some other body becomes responsible for the administration of the National Bison Range water rights, representatives of that entity may enter the National Bison Range on the same terms and conditions set forth above in this subsection.

4. So long as the Department remains the administrative entity responsible for the water rights quantified in this Compact, the United States may request an investigation by the Department of a diversion located on a stream for which a water right is described in this Compact. If an investigation occurs, the United States may accompany the Department. If some other body becomes responsible for the administration of the National Bison Range water rights, the United States may request an investigation by that entity in the same manner and on the same terms and conditions set forth above in this subsection.

5. The United States shall maintain structures, including wellhead equipment and casing, for the diversion of water authorized for Consumptive Use by this Compact. The United States shall maintain any devices it deems necessary for enforcement of its water right for natural flow described in this Compact.

1. Federal Reserved Water Rights. The reserved rights of the United States described in this agreement are federal water rights. Nonuse of all or a part of the federal reserved water rights described in this Compact shall not constitute abandonment or forfeiture of those rights. The federal reserved water rights described in this Compact need not be applied to a use deemed beneficial under state law, but shall be restricted to uses necessary to fulfill the purposes of the National Bison Range.

2. Development of Future Uses. The United States, without prior approval of the Department, or any other administrative entity with regulatory authority over the water rights of the National Bison Range, may develop a future use after the Effective Date of this Compact as described in Article III.B.2.(b), provided that:

   (a) the purpose of use is for the use authorized under Article III.B.2.(a);
   (b) the total quantity of water shall not exceed the amount set forth in Article III.B.2.;
   (c) the source of supply shall be restricted as set forth in Article III; and
(d) the use shall not adversely affect a senior water right Arising Under State Law.

D. Change in Use of Federal Reserved Water Rights.

1. Nonconsumptive Uses. Water rights specified in this Compact for natural flow Nonconsumptive Uses shall not be subject to Change in Use, provided that the emergency use of water for fire suppression as provided for in Article III.B.3 shall not be deemed a Change in Use or violation of a water right for natural flow.

2. Consumptive Uses. The United States may make a Change in Use of its Consumptive Use water rights described in Article III of this Compact provided that:

(a) the Change in Use shall be in fulfillment of the purposes of the National Bison Range;

(b) the total Consumptive Use shall not exceed the amount described in this Compact;

(c) the Change in Use shall not adversely affect any water right Arising Under State Law; and

(d) with the exception of the provisions governing a change in the purpose for which the water right is used, the United States, in making the change, shall comply with the provisions of the Montana Water Use Act, Title 85, chapter 2, MCA, applicable to change in appropriation rights at the time of the change.

3. Emergency Fire Suppression. The United States' federal reserved water right to divert or withdraw water for emergency fire suppression as described in Article III.B.3 shall not be changed to any other use.

E. Reporting Requirements. The United States shall provide a report to the Department and the Tribes on an annual basis, or on a periodic basis agreed to by the Parties and the Tribes, containing specific information on:

1. the development of new uses as described in Article III.B.2.(b);

2. changes in use as described in Article IV.D; and

3. the source of supply, the dates of use, and the estimated amount of water used for emergency fire suppression as described in Article III.B.3.

ARTICLE V - GENERAL PROVISIONS

A. No Effect on Tribal Rights or Other Federal Reserved Water Rights. The relationship between the water rights of the United States described in this Compact and any rights to water of any Indian tribe, or any federally derived water right of an individual, or of the United States on behalf of such tribe or individual, shall be determined by the rule of priority. The Parties agree that the water rights described in this Compact are junior to any rights to water of any Indian tribe, or any federally derived water right of an individual, or of the United States on behalf of such tribe or individual, currently quantified or as may be quantified after the Effective Date of this Compact and with a priority date before the Effective Date of this Compact, including aboriginal rights, if any, in the basins affected.

2. Nothing in the Compact may be construed or interpreted as a precedent to establish the nature, extent, or manner of administration of the rights to water of any other federal agency or federal lands in Montana other than those of the FWS at the National Bison Range.
3. Nothing in this Compact may be construed or interpreted in any manner to establish the nature, extent or manner of administration of the water rights of any Indian tribe or tribal member.

4. Nothing in this Compact is otherwise intended to conflict with or abrogate a right or claim of any Indian tribe regarding its boundaries or property interests in the State of Montana.

B. State Water Rights. Nothing in this Compact may limit the authority of the State, including the authority of a water commissioner authorized by state law, to administer all current and future water rights Arising Under State Law within and upstream of the National Bison Range, provided that in administration of those water rights in which the United States has an interest, such authority is limited to that granted under federal law, and provided that any scheme of comprehensive administration of all water rights located within the exterior boundaries of the Flathead Indian Reservation (which include the water rights recognized in this Compact) that is negotiated and approved in a water rights settlement among the State, the CSKT and the United States shall supersede any administrative provisions in this Compact the conflict with a State-CSKT water rights settlement.

C. General Disclaimers. Nothing in this Compact may be construed or interpreted:

1. as a precedent for the litigation of reserved water rights or the interpretation or administration of future compacts between the United States and the State, or the United States and any other state;

2. as a waiver by the United States of its right under state law to raise objections in state court to individual water rights claimed pursuant to the Montana Water Use Act, Title 85, MCA, in the basins affected by this Compact; or any right to raise objections in an appropriate forum to individual water rights subject to a provisional permit under the Montana Water Use Act, Title 85, MCA, in the basins affected by this Compact;

3. as a waiver by the United States of its right to seek relief from a conflicting water use not entitled to protection under the terms of this Compact;

4. to determine the relative rights inter sese of Persons using water under the authority of state or tribal law, or to limit the rights of the Parties or any other Person to litigate any issues or questions not resolved by this Compact;

5. to authorize the taking of a water right that is vested under state or federal law;

6. to create or deny substantive rights through headings or captions used in this Compact;

7. to expand or restrict any waiver of sovereign immunity existing pursuant to federal law as of the Effective Date of this Compact;

8. to affect or determine the applicability of any state or federal law, including, without limitation, environmental and public safety laws, on activities of the FWS;

9. to affect the right of the State to seek fees or reimbursement for costs or the right of the United States to contest the imposition of such fees or costs, pursuant to a ruling by a State or federal court of competent jurisdiction or Act of Congress;

10. to affect in any manner the entitlement to or quantification of other federal water rights. This Compact is only binding on the United States with
regard to the water rights of the United States for the National Bison Range, and does not affect the water rights of any other federal agency that is not a successor in interest to the water rights subject to this Compact;

11. to prevent the United States from constructing or modifying an outlet to an impoundment at the National Bison Range in compliance with all applicable laws;

12. to prevent the United States from seeking a permit to appropriate water under applicable State or other law.

D. Reservation of Rights. The Parties expressly reserve all rights not granted, described or relinquished in this Compact.

E. Severability. The provisions of this Compact are not severable.

F. Multiple Originals. This Compact is executed in triplicate. Each of the three Compacts bearing original signatures shall be deemed an original.

G. Notice. Unless otherwise specifically provided for in this Compact, service of notice required hereunder, except service in litigation, shall be:

1. State: Upon the Director of the Department and such other officials as the Director may designate in writing; and

ARTICLE VI - FINALITY

Binding Effect.

1. The Effective Date of this Compact is the date of the ratification of this Compact by the Montana legislature, written approval by the United States Department of the Interior, or written approval by the United States Department of Justice, whichever occurs later. Once effective, all of the provisions of this Compact shall be binding on the Parties.

2. Following the Effective Date, this Compact shall not be modified without the consent of both Parties. Either Party may seek enforcement of this Compact in a court of competent jurisdiction.

3. On approval of this Compact by a state or federal court of competent jurisdiction and entry of a decree by such court confirming the rights described herein, this Compact and such rights are binding on all Persons bound by the final order of the court.

4. If an objection to this Compact is sustained pursuant to 85-2-703, MCA, and 85-2-702(3), MCA, this Compact shall be voidable by action of and without prejudice to either Party.

B. Filing Compact with State Court. Subject to the following stipulations and within one hundred eighty (180) days of the Effective Date of this Compact, the Parties shall submit this Compact to an appropriate state court or courts having jurisdiction over this matter in an action commenced pursuant to 43 U.S.C. 666, for approval in accordance with state law and for the incorporation of the water rights described in this Compact into a decree or decrees entered therein. The Parties understand and agree that the submission of this Compact to a state court or courts, as provided for in this Compact, is solely to comply with the provisions of 85-2-702(3), MCA, and does not expand the jurisdiction of the state court or expand in any manner the waiver of sovereign immunity of the
United States in the McCarran Amendment, 43 U.S.C. 666, or other provision of federal law.

C. Dismissal of Filed Claims. At the time the state courts approve the water rights described in this Compact and enter a decree or decrees confirming the rights described herein, such courts shall dismiss, with prejudice, all water right claims specified in Appendix 6 of this Compact for the National Bison Range. If this Compact is not approved or a federal reserved water right described herein is not confirmed, any corresponding state law-based claim filed by the FWS for use on the National Bison Range shall not be dismissed.

D. Settlement of Claims. The Parties intend that the water rights described in this Compact are in full and final settlement of the federal reserved water right claims for the National Bison Range described in this Compact and administered by the FWS on the Effective Date of this Compact. On the Effective Date of this Compact, the United States hereby and in full settlement of any and all claims to federal reserved water rights by the United States, including all claims that the FWS filed or could have filed as part of the ongoing statewide adjudication process, relinquishes forever all claims to federal reserved water rights within the State of Montana for the National Bison Range. The State agrees to recognize the water rights described and quantified herein and shall, except as expressly provided for herein, treat them in the same manner as a water right recognized by the State. Nothing in this Compact precludes the FWS from filing for future water use permits under Montana state law.

E. Continuation of Negotiations. The Parties have not finalized agreement on quantification of the water rights for the Charles M. Russell and UL Bend National Wildlife Refuges and UL Bend Wilderness Area, prior to the Effective Date of this Compact. The Parties agree to continue to pursue, in good faith, negotiations toward compacts for the quantification of water rights for these areas. In the event the Parties are unable to agree on quantification, the United States retains its right to have the quantity of any reserved water right for these areas adjudicated in a state or federal court of competent jurisdiction.

F. Defense of Compact. The Parties agree to defend the provisions and purposes of this Compact from all challenges and attacks.

IN WITNESS WHEREOF the representatives of the State of Montana and the United States have signed this Compact on the ___ day of ________, 2009.

Be it enacted by the Legislature of the State of Montana:
Section 1. Liability training program and materials for respite care.  
(1) The department, in conjunction with the department of labor and industry, shall develop a training program and educational materials on labor law and liability issues related to the employment of a person by an individual for respite care services under the exemptions provided in 39-3-406(1)(p), 39-51-204(1)(y), and 39-71-401(2)(u). The educational materials must provide information on the labor law requirements applicable to an individual hiring a person for respite care services.

(2) The department shall make the training materials available to providers of community-based services for people with developmental disabilities that serve as the organized health care delivery system for respite care funds available from the department for use by individuals who hire and pay a person to provide respite care to a family member or a person for whom they are the legal guardian.

(3) To qualify for the respite care funds available from the department, an individual shall:
(a) receive training offered by a provider; and
(b) sign a statement acknowledging that the individual has completed the training and has read the related educational materials.

Section 2. Respite care and employment responsibilities — liabilities.  
(1) Contingent upon approval of the program by the federal government for purposes of receiving federal medicaid funds, the department may make payment to an approved, certified, and qualified medicaid provider who passes through the payment on behalf of a family to a person providing respite care for individuals who, because of age or infirmity, are unable to care for themselves as provided under 29 U.S.C. 213. A qualified medicaid provider who passes through payment may not be considered an employer by the department for the purposes of workers’ compensation, unemployment insurance, or wage and hour requirements.

(2) The department through administrative rule, waiver of a state or federal program providing payment for respite care, or a pilot program may not require a qualified medicaid provider to assume employer responsibilities or liabilities if the family chooses to negotiate the respite care agreement and the qualified provider does not:
(a) control the person who provides respite care; or
(b) direct the respite care provided by the person.

(3) (a) The department may provide an option to families to choose self-directed care.
(b) The department shall continue to provide families the choice of negotiating respite care by using a local qualified medicaid provider to provide pass-through payment and benefiting from the exemptions provided under 39-3-406(1)(p), 39-51-204(1)(y), and 39-71-402(2)(u).

(d) “participant” means a member or retiree of the retirement system.

(3) A family law order must identify an alternate payee by full name, current address, and social security number. An alternate payee’s rights and interests granted in compliance with this section are not subject to assignment, execution, garnishment, attachment, or other process. An alternate payee’s rights or interests may be modified only by a family law order amending the family law order that established the right or interest.

(4) A family law order may not require:

(a) a type or form of benefit, option, or payment not available to the affected participant under the retirement system; or

(b) an amount of payment greater than that available to a participant.

(5) (a) The service, disability, or survivor retirement benefit payments or withdrawals of member contributions may be apportioned to an alternate payee by directing payment of:

(i) an actuarially equivalent amount payable for the life of the alternate payee; or

(ii) a fixed amount, to be deducted from the participant’s benefit, of no more than the amount payable to the participant. A fixed amount must be payable for a determinate period of time not greater than the life of the participant or the life of the benefit recipient under a retirement allowance elected pursuant to 19-20-702.

(b) (i) The actuarially equivalent service, disability, or survivor retirement benefit payable to the alternate payee must be calculated by taking the total years of service for which the benefit was earned during the marriage divided by the total years of creditable service used in the calculation of the retirement benefit, multiplied by a percentage share of the benefit payable to the alternate payee, multiplied by the total amount payable to the participant. The participant’s benefit must be reduced by the amount determined under this subsection (5)(b)(i).

(ii) The amount payable to the alternate payee, calculated under subsection (5)(b)(i), must be actuarially adjusted to provide a benefit payable for the alternate payee’s lifetime.
(6) The participant’s benefit must be reduced by the amount determined under subsection (5)(b).

(6) The duration of payments to an alternate payee may be limited only to a specified maximum time or for the life of the alternate payee.

(7) If a participant elects to withdraw the accumulated contributions and forfeit all rights to service, disability, or survivor benefits, the alternate payee is entitled to a percentage of the amount payable as determined by the formula in subsection (5)(b)(i).

(8) Retirement benefit adjustments for which a participant is eligible after retirement must be apportioned in the same manner as determined under subsection (5)(b)(i).

(9) Payments of monthly benefits to the alternate payee must commence on the latest of the following dates:

(a) the date the participant begins receiving benefits; or

(b) the first day of the month following receipt of a certified family law order.

(10) The board may assess a participant or an alternate payee for all costs of reviewing and administering a family law order, including reasonable attorney fees. The board may adopt rules to implement this section.

(11) The board may assess a participant or an alternate payee for all costs of reviewing and administering a family law order, including reasonable attorney fees. The board may adopt rules to implement this section.

(11) Each family law order establishing a final obligation concerning payments by the retirement system must contain a statement that the order is subject to review and approval by the board.

(12) If the participant retired on a disability retirement benefit and the benefit is subsequently canceled pursuant to 19-20-903 or 19-20-905, the alternate payee's payments also terminate. When the participant again qualifies for retirement benefits, the amount payable to the alternate payee must be recalculated pursuant to this section.

Section 4. Section 19-20-401, MCA, is amended to read:

“19-20-401. Creditable service. (1) The creditable service of a member begins on the date of the member’s employment in a capacity prescribed for eligibility in 19-20-302 and accumulates to the member's credit on the basis of the retirement board’s policy governing creditable service.

(2) The creditable service of a member includes the following:

(a) each year of service for which contributions to the retirement system were deducted from the member’s compensation under the provisions of Chapter 87, Laws of 1937, Chapter 215, Laws of 1939, this chapter, and their subsequent amendments, except that credit may not be awarded for those years of service for which the contributions have been withdrawn and not replaced;

(b) any service awarded by a prior service certificate issued under the provisions of Chapter 87, Laws of 1937, Chapter 215, Laws of 1939, and their subsequent amendments or under the provisions of 19-20-406;

(c) any out-of-state employment service awarded by the retirement board under the provisions of 19-20-402;

(e) any service in the military, red cross, or merchant marine awarded by the retirement board under 19-20-404;

(f) any employment service awarded by the retirement board under the provisions of 19-20-408;
(f) any service transferred after October 1, 1989, from the public employees' retirement system under 19-20-409;

(g) any service awarded by the retirement board for extension service employment under 19-20-410;

(h) any service awarded for absence because of employment-related injury under 19-20-411; and

(i) any service awarded for service purchased under 19-20-426.

(3) The retirement board's determination of creditable service under this section is final and conclusive for the purposes of the retirement system unless, at any time, the board discovers an error or fraud in the establishment of creditable service, in which case the board shall redetermine the creditable service.

(4) For a member completing only part-time service during the qualifying period, the first full year's teaching salary used to calculate the cost to purchase creditable service is the salary that the member would have earned if the member's first year part-time salary had been full-time."

Section 5. Section 19-20-409, MCA, is amended to read:

"19-20-409. Transfer of service credits and contributions from public employees' retirement system. (1) An active member may at any time before retirement file a written application with the retirement board to purchase all of the member's previous creditable service in the public employees' retirement system. The amount that must be paid to the retirement system to purchase this service under this section is the sum of subsections (2) and (3).

(2) The public employees' retirement system shall transfer to the teachers' retirement system an amount equal to 72% of the amount paid by the member.

(3) The member shall pay either directly or by transferring contributions on account with the public employees' retirement system an amount equal to the member's accumulated contributions at the time that active membership was terminated, plus accrued interest. Interest must be calculated from the date of termination until a transfer is received by the retirement system, based on the interest tables in use by the public employees' retirement system.

(4) A member who purchases service from the public employees' retirement system in the teachers' retirement system must have completed 5 years of membership service in the teachers' retirement system to receive credit or purchase military service, out-of-state service, employment while on leave, and private school employment.

(5) The retirement board shall determine the service credits that may be transferred.

(6) If an active member who also has creditable service in the public employees' retirement system before becoming a member of the teachers' retirement system dies before purchasing this service in the teachers' retirement system and if the member's service credits from both systems, when combined, entitle the member's beneficiary to a death benefit, the payment of the death benefit is the liability of the teachers' retirement system. Before payment of the death benefit, the public employees' retirement board must transfer to the teachers' retirement system the contributions necessary to purchase this service in the teachers' retirement system as provided in subsections (2) and (3)."
(7) (a) If the teachers' retirement board determines that an individual's membership was erroneously classified and reported to the public employees' retirement system, the public employees' retirement board shall transfer to the teachers' retirement system the member's accumulated contributions and service, together with employer contributions plus interest.

(b) For the period of time that the employer contributions are held by the public employees' retirement system, interest paid on employer contributions transferred under this subsection (7) must be calculated at the short-term investment pool rate earned by the board of investments in the fiscal year preceding the transfer request.

(c) Any employee and employer contributions due as calculated in 19-20-602 and 19-20-605, plus interest, are the liability of the employee and the employing entity where the error occurred.

(8) A vested member who participated in the public employees' retirement system defined contribution plan provided for in Title 19, chapter 3, part 21, prior to becoming a member of the teachers' retirement system may purchase creditable service for the time spent as a participant in the defined contribution plan if:

(a) the member has 5 years of membership service and has completed at least 1 full year in the teachers' retirement system following the member's public employees' retirement system service;

(b) for each full year or portion of a year to be purchased pursuant to this subsection (8), the member contributes the actuarial cost of the service based on the most recent valuation of the system; and

(c) the member has withdrawn the member's money in the member's public employees' retirement system defined contribution plan account or has rolled over the amount required to purchase service in accordance with this subsection (8).

(9) Creditable service purchased under subsection (8) must be determined according to the laws and rules governing service credit in the public employees' retirement system.”

Section 6. Section 19-20-603, MCA, is amended to read:

“19-20-603. Withdrawal of accumulated contributions — options. An inactive member electing to do so or a person whose membership terminates without a prospect or anticipation that the member will return to work for an employer within 60 days of termination may withdraw the member's accumulated contributions account in the retirement system in accordance with the following provisions:

1. An inactive member under the provisions of 19-20-303(1) or (3) may elect, without right of revocation, to withdraw the member's accumulated contributions. If the member does not withdraw the accumulated contributions, the member remains an inactive member of the retirement system with the right to qualify for its benefits.

2. Upon recovery from a disabling illness or separation from the armed forces, a person qualifying as an inactive member under the provisions of 19-20-303(2) may withdraw the member's accumulated contributions unless the member returns to active membership.

3. Upon written application to the board, a terminating member may have the payment of all or any portion of the member's accumulated contributions rolled over or transferred into another qualified eligible retirement plan or a
Roth IRA, provided for under 26 U.S.C. 408A, designated by the member. The portion not rolled over or transferred must be paid directly to the terminating member. The board shall provide forms for filing the written application. The terminating member is responsible for correctly designating an account or plan eligible to receive the tax-deferred amount in order to continue the tax-deferred status of the amount. To the extent required by section 401(a)(31) of the Internal Revenue Code, the board shall allow members and qualified beneficiaries to elect a direct rollover of eligible distributions to another eligible retirement plan.

(4) If a nonvested member terminates with accumulated contributions of less than $200, the board shall pay the accumulated contributions in a lump sum as soon as administratively feasible without a written application from the member unless there is a return to service. Upon the payment of accumulated contributions, the member is considered to have withdrawn from the system.”

Section 7. Section 19-20-605, MCA, is amended to read:

“19-20-605. Pension accumulation account — employer’s contribution. (1) The pension accumulation account is the account in which the reserves for payment of retirement allowances and benefits must be accumulated and from which retirement allowances and benefits must be paid to retirees or their beneficiaries. Contributions to and payments from the pension accumulation account must be made as provided in this section.

(2) Except as provided in subsection (3), for each member employed during the whole or part of the preceding payroll period, the employer shall pay into the pension accumulation account an amount equal to:

(a) beginning July 1, 2007, through June 30, 2009, 9.47% of total earned compensation; and

(b) beginning July 1, 2009, 9.85% of total earned compensation.

(3) For each member employed by a school district, an education cooperative, a county, or a community college during the whole or part of the preceding payroll period, the employer shall pay into the pension accumulation account an amount equal to 7.47% of total earned compensation.

(4) If the employer is a district or community college district, the trustees shall budget and pay for the employer’s contribution under the provisions of 20-9-501.

(5) If the employer is the superintendent of public instruction, a public institution of the state of Montana, a unit of the Montana university system, or the Montana state school for the deaf and blind, the legislature shall appropriate to the employer an adequate amount to allow the payment of the employer’s contribution.

(6) If the employer is a county, the county commissioners shall budget and pay for the employer’s contribution in the manner provided by law for the adoption of a county budget and for payments under the budget.

(7) All interest and other earnings realized on the money of the retirement system must be credited to the pension accumulation account, and the amount required to allow regular interest on the annuity savings account must be transferred to that account from the pension accumulation account.

(8) The board may transfer from the pension accumulation account to the expense account an amount necessary to cover expenses of administration.”

Section 8. Section 19-20-701, MCA, is amended to read:
“19-20-701. Benefits. The retirement, disability, and other benefits of the retirement system shall be granted on the basis of the provisions of this chapter. A member’s written application for benefits must include a statement certifying there has been a bona fide separation from service, including whether there are any intentions to be reemployed with the same employer that would be prohibited under the Internal Revenue Code.”

Section 9. Section 19-20-702, MCA, is amended to read:

“19-20-702. Optional allowances. (1) Until the first payment on account of any benefit becomes normally due, any member may elect to receive one of the optional allowances described in subsection (2) or (3) in lieu of the normal form of retirement allowance, which is provided for in 19-20-902 and part 8 of this chapter. If a member dies within 30 days after retirement, the member’s election to receive an optional allowance is void and the member’s death will be considered as that of an active member.

(2) An optional allowance is the actuarial equivalent of the member’s service retirement or disability retirement allowance at the time of the member’s retirement effective date and provides an allowance payable to the member throughout the member’s lifetime and, upon the member’s death, an allowance payable to the person that the member nominated by written designation, duly acknowledged and filed with the retirement board at the time of the member’s retirement, in accordance with one of the following options:

(a) Option A—the optional allowance will be paid to the member throughout the member’s lifetime and, upon the member’s death, continue throughout the lifetime of the member’s designated beneficiary.

(b) Option B—the optional allowance will be paid to the member throughout the member’s lifetime, and upon the member’s death, one-half of the optional allowance will be continued throughout the lifetime of the member’s designated beneficiary.

(c) Option C—the optional allowance will be paid to the member throughout the member’s lifetime, and upon the member’s death, two-thirds of the optional allowance will be continued throughout the lifetime of the member’s designated beneficiary.

(3) (a) Period certain and life—a retirement allowance will be paid for a certain period of time or for the member’s lifetime, whichever is greater.

(i) The member shall elect one of the following certain time periods: In lieu of any other option available in this section, a member may elect to receive one of the following allowances that must be paid over the certain period of time or for the member’s lifetime, whichever is greater:

(A) 10 years if the member is 75 years of age or younger at the time of retirement; or

(B) 20 years if the member is 65 years of age or younger at the time of retirement.

(ii) At the time of retirement, the member shall file with the board a written nomination of beneficiaries to receive payments if the member dies before the end of the certain period elected. Unless limited by a family law order, the nominated beneficiary may be changed by the member at any time by filing with the board a written notice designating different beneficiaries.

(b) Upon written application to the retirement board, a retired member whose effective date of retirement is before October 1, 1993, and who is receiving an optional retirement allowance may select a different actuarially
equivalent optional allowance and designate a different beneficiary, select a different option, or convert the member's optional retirement allowance to a normal form of retirement allowance if:

(i) the original beneficiary has died. The benefit must convert to the normal form of retirement allowance effective the first of the month following the death of the designated beneficiary.

(ii) the member has been divorced from the original beneficiary and the original beneficiary has not been granted the right to receive the optional retirement allowance as part of the divorce settlement. The benefit must convert to the normal form of retirement allowance effective the first of the month following receipt of a written application and verification that the original beneficiary has not been granted the right to receive the optional retirement allowance as part of the divorce settlement.

(b) Upon receipt of the written application, the board shall actuarially adjust the member's monthly retirement or disability allowance to reflect the change.

(4)(5) A retired member receiving an optional retirement allowance pursuant to subsection (2)(a), (2)(b), or (2)(c) that is effective after October 1, 1993, may file a written application to select a different actuarially equivalent optional allowance and designate a different beneficiary or to revert the optional retirement allowance to the full normal form of retirement allowance available at the time of retirement if:

(a) the original beneficiary has died. The benefit must revert to the full normal form of retirement allowance effective the first of the month following the death of the designated beneficiary.

(b) the member has been divorced from the original beneficiary and the original beneficiary has not been granted the right to receive the optional retirement allowance as part of the divorce settlement. The benefit must revert to the full normal form of retirement allowance effective the first of the month following receipt of a written application and verification that the original beneficiary has not been granted the right to receive the optional retirement allowance as part of the divorce settlement.

(5)(6) The normal form of retirement allowance available must be increased by the value of any postretirement adjustments received by the member since the effective date of retirement.

(6)(7) The retired member shall file the written application required by subsection (3) (4) or (4) (5) with the board to designate a different beneficiary or to select an actuarially equivalent optional allowance, or both, within 18 months of the death or divorce of the designated beneficiary.”

Section 10. Section 19-20-703, MCA, is amended to read:

“19-20-703. Payments to be monthly. (1) All retirement allowances must be paid in equal monthly installments.

(2) The retirement allowance may commence:

(a) no earlier than the first day of the month following the member’s termination date or on the first day of the month following the date when the member first becomes eligible, whichever date is later; or

(b) if requested by the inactive member in writing:

(i) on the first day of a later month; or

(ii) on the first day of the month following the member's 60th birthday.
(3) Distribution of an inactive member’s benefit must begin by the later of the April 1 following the calendar year in which a member attains age 70 1/2 or April 1 of the year following the calendar year in which the member terminates. If a member fails to apply for retirement benefits by the later of either of those dates, the board shall begin distribution of the monthly benefit as provided in 19-20-702(2)(b)(i)(A) 19-20-702(3)(a)(i).

(4) “The life expectancy of a member or the member’s beneficiary may not be recalculated after benefits commence.”

Section 11. Section 19-20-718, MCA, is amended to read:

“19-20-718. Maximum contribution limitation. (1) Notwithstanding any other provision of law to the contrary, the board may modify a request by a participant to make a contribution to the system required under part 4 or part 6 of this chapter that would exceed the limits in section 415(c) or 415(n) of the Internal Revenue Code by using the following methods:

(a) The board may establish a periodic payment plan in order to avoid a contribution in excess of the limits of section 415(c) or 415(n) of the Internal Revenue Code.

(b) If the board's option in subsection (1)(a) will not avoid a contribution in excess of the limits in section 415(c) of the Internal Revenue Code, the board may direct the excess contribution to the qualified governmental excess benefit arrangement pursuant to section 415(m) of the Internal Revenue Code if a qualified governmental excess benefit arrangement has been established pursuant to 19-20-212.

(2) If the board's options in subsections (1)(a) and (1)(b) will not avoid a contribution in excess of the limits of section 415(c) of the Internal Revenue Code, the board shall reduce or refuse the contribution.

(3) The board shall use the provisions of section 415(n) of the Internal Revenue Code, as the provisions apply to a government plan, to facilitate member's service purchases. An eligible participant in a retirement plan, as defined by section 1526 of the Taxpayer Relief Act of 1997, 26 U.S.C. 415, may purchase service credit without regard to the limitations of section 415(c)(1) of the Internal Revenue Code under the Montana statutes in effect on August 5, 1997.

(4) (a) For the purpose of calculating the maximum contribution under section 415 of the Internal Revenue Code, the definitions of “compensation”, “wages”, and “salary” include the amount of any elective deferral, as defined in section 402(g) of the Internal Revenue Code, or any contribution that is contributed or deferred by the employer at the election of the member and that is not includable in the gross income of the member by reason of section 125, 132(f), 403(b), or 457 of the Internal Revenue Code. Any changes in the maximum limits under section 415 of the Internal Revenue Code must be applied prospectively.

(b) For limitation years beginning after December 31, 2000, compensation must also include any elective amounts that are not able to be included in the gross income of the member by reason of section 132(f)(4) of the Internal Revenue Code.

(c) For limitation years beginning on and after September 1, 2009, compensation for the limitation year must also include compensation paid by the later of 2.5 months after a member’s severance from employment or the end of the
limitation year that includes the date of the member’s severance from employment if:

(i) the payment is regular compensation for services during the member’s regular working hours or compensation for services outside the member’s regular working hours, such as overtime or shift differential, commissions, bonuses, or other similar payments, and absent a severance from employment, the payments would have been paid to the member while the member continued in employment with the employer; or

(ii) the payment is for unused accrued sick, vacation, or other leave that the member would have been able to use if employment had continued.

(d) For limitation years beginning on or after September 1, 2009, a member’s compensation for purposes of this section may not exceed the annual limit under section 401(a)(17) of the Internal Revenue Code.”

Section 12. Section 19-20-731, MCA, is amended to read:

“19-20-731. Postretirement employment limitations — cancellation and recalculation of benefits. (1) (a) Except as otherwise provided in this section, a retired member may be employed part-time by a school district, state agency, or unit of the university system in a position eligible to participate in the retirement system and may earn, without an adjustment of retirement benefits, an amount not to exceed the greater of:

(i) one-third of the sum of the member’s average final compensation; or

(ii) one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(b) For the purposes of this subsection (1), the maximum compensation that a retired member may earn under subsection (1)(a) without an adjustment of retirement benefits includes all remuneration paid to the retired member, excluding:

(i) the amount of health insurance premiums paid by the employer on the retired member’s behalf;

(ii) the value of housing provided by the employer to the retired member;

(iii) the amount of employment-related travel expenses reimbursed to the retired member by the employer;

(iv) de minimis fringe benefits, as defined in 26 U.S.C. 132(e), paid by the employer to or on behalf of the retired member; and

(v) payroll taxes paid by the employer on behalf of the retired member.

(2) On July 1 of each year following the member’s retirement effective date, the maximum that a retired member may earn under subsection (1)(a)(i) is increased by an amount equal to the consumer price index increase for urban wage earners compiled by the bureau of labor statistics of the United States department of labor or its successor agency in the preceding calendar year.

(3) Except as provided in subsection (5), the retirement benefit of a retired member:

(a) employed in a part-time position or earning more than allowed by subsections (1) and (2) must be temporarily reduced by $1 for each dollar earned over the maximum allowed. Monthly benefits must be reduced beginning as soon as practical after the excess earnings have been reported to the retirement system by the employer. The retirement benefit must be canceled if the retired
member's earnings over the maximum allowed exceed the gross monthly benefit amount.

(b) employed in a full-time position must be canceled beginning in the month in which the retired member returns to full-time employment.

(4) Upon termination and retirement subsequent to a cancellation of benefits pursuant to subsection (3), the retirement benefit of a member:

(a) who was reemployed and earned less than 1 year of creditable service must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later. The reinstated retirement benefit is the amount and option that the retired member would have been entitled to receive had the retired member not returned to employment.

(b) who was reemployed and earned at least 1 year of creditable service must be recalculated under 19-20-804 if the member has attained normal retirement age would qualify for a service retirement benefit under 19-20-801 or under 19-20-802 if the member has not attained normal retirement age but is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated normal form benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member’s benefits were canceled.

(5) If an early-retired member under 19-20-802 who has not attained normal retirement age is reemployed with the same employer within 30 days from the member’s effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.

(6) For purposes of this section, “position eligible to participate in the retirement system” includes work performed by a retiree through a professional employer arrangement, an employee leasing arrangement, or a temporary service contractor, as those terms are defined in 39-8-102.

(7) The retirement allowance of any retired member who is employed in a position and who elects to participate in the optional retirement program under Title 19, chapter 21, must be suspended until the member is no longer employed in the position and is no longer participating in the optional retirement program.”

Section 13. Section 19-20-804, MCA, is amended to read:

“19-20-804. Allowance for service retirement. Upon termination, a member who has attained normal retirement age qualifies for benefits pursuant to 19-20-801 must receive a retirement allowance equal to one-sixtieth of the member’s average final compensation, as limited by 19-20-715, multiplied by the sum of the number of years of creditable service and service transferred under 19-20-409.”

Section 14. Section 19-20-905, MCA, is amended to read:

“19-20-905. Cancellation of allowance and restoration of membership. (1) If a disabled retiree is employed full-time in a capacity that would otherwise meet the eligibility requirements of active membership, as
provided under 19-20-302, the retiree's retirement allowance must cease. If the retiree is employed full-time by an employer covered under this chapter, the retiree shall again become an active member of the retirement system. Any prior service certificate on the basis of which the member's service was computed at the time of the member's disability retirement must be restored to full force, and upon the member's subsequent retirement, the member must be credited with the prior service and all subsequent service as a member.

(2) If the member is restored to active membership on or after the attainment of the age of 55 years, the member's retirement allowance upon subsequent retirement may not exceed the retirement allowance that the member would have received had the member remained in service during the period of the member's previous retirement or the sum of the retirement allowance that the member was receiving immediately prior to the member's last restoration to service and the retirement allowance that the member would have received on account of the member's service since the member's last restoration had the member entered service at that time as a new member.”

Section 15. Section 19-20-1001, MCA, is amended to read:

“19-20-1001. Allowances for death of member. (1) If a member dies before retirement, the member's accumulated contributions must be paid to the member's estate or to the beneficiary that the member nominated by a written application in a manner prescribed by the board and filed with the retirement board prior to the member's death.

(2) (a) In lieu of benefits provided for in subsection (1), if the deceased member qualified by reason of service for a retirement benefit, the nominated beneficiary may elect to receive a retirement allowance. The retirement allowance must be determined as prescribed in 19-20-804 and section 5, Chapter 549, Laws of 1981 without reference to 19-20-715, in the same manner as if the member elected option A provided for in 19-20-702(2)(a).

(b) The effective date of the retirement allowance provided for in subsection (2)(a) is the earlier of:

(i) the first of the month following the date of death; or

(ii) the effective date of the member's retirement, as acknowledged in writing by the retirement system before the member's death.

(c) In the event that payments made to the beneficiary do not equal the amount of the member's accumulated contributions before the member's death, the difference between the total retirement allowance payments made and the amount of the accumulated contributions at the time of the member's death must be paid to the beneficiary's estate.

(3) If the deceased member had 5 or more years of creditable service and was an active member in the state of Montana within 1 year before the member's death, a lump-sum death benefit of $500 is payable to the member's designated beneficiary.

(4) If a deceased member had 5 or more years of creditable service and was an active member in the state of Montana within 1 year prior to the member's death, the sum of $200 a month must be paid to each minor child of the deceased member until the child reaches 18 years of age.

(5) If the member nominated more than one beneficiary to receive payment of a benefit provided by this section upon the member's death or if a family law order has been issued, then:
(a) each beneficiary and alternate payee, if applicable, is entitled to share in that benefit; and

(b) if a beneficiary predeceases the member, the benefit must be divided among the surviving beneficiaries.

Section 16. Section 19-20-1003, MCA, is amended to read:

“19-20-1003. Payment of death benefits. (1) Death benefits paid from the system are subject to the requirements of this section.

(2) Death benefits must be distributed in accordance with section 401(a)(9) of the Internal Revenue Code and the regulations adopted under that section.

(3) The amount of benefits payable to a member’s beneficiary may not exceed the maximum determined under the incidental death benefit requirements of the Internal Revenue Code.

(4) If the member dies before retirement benefits commence and a benefit is payable pursuant to 19-20-1001, distributions to the member’s beneficiaries must begin as soon as administratively feasible and must begin no later than December 31 of the calendar year immediately following the calendar year in which the member died. If the beneficiary has not elected the form of payment by the date on which the beneficiary is to receive the benefit and the beneficiary is eligible for a monthly benefit, the benefit must be paid as provided in 19-20-702(2)(d)(i) or a lump sum must be paid if that is the only benefit due the beneficiary.”

Section 17. Compliance with federal act. With respect to a member’s death occurring on or after January 1, 2007, while a member is performing qualified military service covered under the Heroes Earnings Assistance and Relief Tax Act of 2008, Public Law 110-245, and to the extent required by section 401(a)(37) of the Internal Revenue Code, 26 U.S.C. 401(a)(37), the designated beneficiaries are entitled to benefits that the system would have provided if the member had resumed employment and then died and that are contingent on the member’s death while employed.

Section 18. Section 20-15-106, MCA, is amended to read:

“20-15-106. Retirement systems for employees, and teachers, and administrators. (1) Teachers and administrators of a community college district are subject to and eligible for the benefits of the Montana teachers’ retirement system pursuant to the provisions of Title 19, chapter 20.

(2) Subject to any statutory provision establishing stricter limitations, only active or vested inactive members are eligible to purchase or transfer service credit, membership service, or contributions.

(3) A member who wishes to redepot amounts withdrawn under 19-2-602 or who is eligible to purchase service credit as provided by the statutes
governing the retirement system to which the member belongs may elect to make a lump-sum payment by personal check or rollover of funds from another eligible plan, to make installment payments, or to make a combination of a lump-sum payment and installment payments.

(4) Installment payments must be made by personal check paid directly to the board; unless the member elects to make payments by irrevocable payroll deduction. The minimum installment period for payments made directly to the board is 3 months, and the maximum installment period is 5 years.

(5) To elect installment payments by irrevocable payroll deduction, the member shall file with the board and the member’s employer an irrevocable, written application and authorization for payroll deductions. The application and authorization:

(a) must be signed by the member and the member’s employer;
(b) must specify the dollar amount of each deduction and the number of deductions to be made, subject to any maximum amounts or duration established by state or federal law;

(6) If the board notifies the employer that a proper written application and authorization has been filed with the board, the employer shall initiate the payroll deduction as follows:

(c) The member may not choose to receive the contributed amounts directly instead of having them paid by the employer to the board.
(d) The effective date of the employer pickup and payment pursuant to this section is the date on which the employee’s additional contribution is first deducted from the employee’s compensation. However, the effective date may not be prior to the date that the member properly completes the written application and authorization for payroll deductions and files it with the board. The pickup may not apply to any additional contributions made before the effective date or to any contributions related to compensation earned for services rendered before the effective date.
(e) Installment payments initiated by contract prior to July 1, 1999, may be paid by payroll deduction only if the member files a written application and authorization for payroll deductions pursuant to this section. If the member does not file a written application and authorization for payroll deductions
pursuant to this section, the installment contract payments agreed to by the member must be paid by the member directly to the board.

(f) A member may file more than one irrevocable payroll deduction agreement and authorization as long as a subsequent deduction authorization does not amend a previous irrevocable authorization. A member may not prepay an amount under an irrevocable payroll deduction agreement without terminating employment, except when a member with an existing contract to purchase service credit elects to transfer to the defined contribution retirement plan pursuant to 19-3-2111(7) or to the optional retirement program pursuant to 19-3-2112(3)(a) becomes a member of another retirement system by an authorized election and the service purchase is in accordance with 19-2-715.

(7) If a member terminates employment or dies before completing all payments required by a payroll deduction authorization filed pursuant to this section, the deduction authorization expires and the board shall prorate the service credit based on the amount paid unless further payment is made as provided in this subsection. In the case of a termination from employment, the member may make a lump-sum payment for up to the balance of the service credit remaining to be purchased, subject to the limitations of section 415 of the Internal Revenue Code. In the case of death of the member, the payment may be made from the member's estate subject to the limitations of section 415 of the Internal Revenue Code.

Section 4. Section 19-2-710, MCA, is amended to read:

“19-2-710. Nonapplication of part to defined contribution plan. Except as otherwise provided in 19-2-715 and chapter 3, part 21, of this title, none of the provisions of this part apply under the defined contribution plan.”

“19-2-715. Purchase of Montana public service. (1) (a) An active member may, at any time before retirement, file a written application with the board to purchase as service credit in the member's retirement system all or any portion of the member's previous service credit in the public employees', judges', highway patrol officers', sheriffs', game wardens' and peace officers', firefighters' unified, or municipal police officers' retirement system if the member has:

(i) received or is eligible to receive a refund of accumulated contributions; or

(ii) become a member of one of the other retirement systems covered under chapter 3, 5, 6, 7, 8, 9, or 13 of this title.

(b) To purchase this service credit, the member shall pay the actuarial cost of the service credit in the member's current retirement system, based on the system's most recent actuarial valuation and the annual compensation of the member, minus the employer contribution provided in subsection (1)(c).

(c) Upon receiving the member's payment under subsection (1)(b), the board shall transfer from the member's former retirement system to the member's current retirement system an amount equal to the employer contributions made on compensation during the member's former service, but no more than an amount equal to the normal cost contribution rate minus the employee contribution rate in the member's current retirement system according to the system's most recent actuarial valuation.

(d) If the member was formerly in the public employees' retirement system’s defined contribution plan, the member shall pay the actuarial cost of the service credit in the member's current retirement system, based on the system’s most
recent actuarial valuation and the annual compensation of the member. The member is eligible to transfer the vested portion of the member’s defined contribution account to pay the balance due. Any nonvested portion of the defined contribution account is forfeited pursuant to 19-3-2117.

(2) (a) An active member may, at any time before retirement, file a written application with the board to purchase all or a portion of service credit for full-time service performed previous employment for the state or a political subdivision of the state. To purchase service credit under this section, the member shall pay the actuarial cost of the service credit in the member’s current retirement system, as determined by the board, based on the system’s most recent actuarial valuation. For the purpose of this subsection (2)(a), a political subdivision of the state includes a school district.

(b) The board is the sole authority under subsection (2)(a) in determining what constitutes full-time public service, subject to 19-2-403.”

Section 6. Section 19-2-801, MCA, is amended to read:

“19-2-801. Designation of beneficiary. (1) (a) In the absence of any statutory beneficiaries, designated beneficiaries are the natural persons, charitable organizations, estate of the payment recipient, or trusts for the benefit of natural living persons that the member or payment recipient designates on the membership card or other form provided by the board. Unless otherwise provided by statute, a member or payment recipient may revoke the designation and name different designated beneficiaries by filing with the board a new membership card or other form provided by the board. Except as provided in subsection (1)(b), the most recent beneficiary designation filed with the board is effective for all purposes.

(b) A member may elect to either override or retain the member’s existing beneficiary designation when completing a membership card for temporary or secondary employment with another employer within the same Title 19 retirement system.

(2) If a statutory or designated beneficiary predeceases the member or payment recipient, the predeceased beneficiary's share must be paid to the remaining statutory or designated beneficiaries in amounts proportional to each remaining statutory or designated beneficiary's original share.

(3) A statutory or designated beneficiary who renounces an interest in the payment rights of a member or payment recipient will be considered, with respect to that interest, as having predeceased the member or payment recipient.”

Section 7. Section 19-2-908, MCA, is amended to read:

“19-2-908. Time of commencement of benefit — rulemaking. (1) (a) The board shall grant a benefit to any active or inactive member who is vested, or the member’s statutory or designated beneficiary, who has fulfilled all eligibility requirements, terminated service, and filed the appropriate written application with the board. However, the board may, on its own accord and without a written application, begin benefit payments to a member or beneficiary in order to comply with section 401(a)(9) of the Internal Revenue Code.

(b) A member may apply for retirement benefits before termination from employment, but commencement of the benefits must be as provided in this section.
(2) (a) Except as provided in subsection (2)(b), the service retirement benefit may commence on the first day of the month following the eligible member’s last day of membership service employment or, if requested by the inactive member in writing, on the first day of a later month following filing of the written application.

(b) If an elected official’s term of office expires before the 15th day of the month, the official may elect that service retirement benefits from a defined benefit plan commence on the first day of the month following the official’s last full month in office. An official electing this option shall file a written application with the board. An official electing this option may not earn membership service, service credit, or compensation for purposes of calculating highest average compensation or final average compensation, as defined under the provisions of the appropriate retirement system, in the partial month ending the official’s term, and compensation earned in that partial month is not subject to employer or employee contributions.

(3) (a) Subject to the provisions of subsection (3)(b), the disability retirement benefit payable to a member must commence on the day following the member’s termination from employment.

(4) Monthly survivorship benefits from a defined benefit plan must commence on the day following the death of the member.

(5) Estimated and finalized benefit payments must be issued as provided in rules adopted by the board.

(6) With respect to the defined contribution plan, the board shall adopt rules regarding the commencement of benefits that are consistent with applicable provisions of the Internal Revenue Code and its implementing regulations.

Section 8. Section 19-3-201, MCA, is amended to read:

“19-3-201. Contracts with political subdivisions. (1) Any municipal corporation, county, or public agency in the state may become a contracting employer and make all or specified groups of its employees members of the retirement system by through a contract entered into between the board and the legislative body of the contracting employer. The contract must provide that all employees eligible under this chapter must become members. Contracts executed prior to July 1, 2009, that limit membership to a specific group or groups of employees remain valid. The contract may include any provisions that are consistent with chapter 2 and this chapter and necessary in the administration of the retirement system as it affects the contracting employer and its employees.

(2) The approval of the contract is subject to the following provisions, in addition to the other provisions of chapter 2 and this chapter:

(a) The legislative body of the contracting employer shall adopt a resolution of intention to approve the contract and containing a summary of the major provisions of the retirement system. The contract may not be approved unless the employees proposed to be included in the retirement system adopt the proposal by a majority affirmative vote in a secret ballot. The ballot at the
election must include the summary of the retirement system as set forth in the resolution. The election must be conducted as prescribed by the legislative body of the contracting employer. Approval of the contract must be by the affirmative vote of two-thirds of the members of the legislative body within 40 days after the adoption of the resolution.

(b) The contract must specify that the provisions of the retirement system apply to all employees on the effective date of the contract and to all employees hired after the effective date of the contract. An employee’s membership in either the defined benefit plan or the defined contribution plan is determined on an individual basis as provided in this chapter.

(c) The contract may be amended in the manner prescribed in this section for the original approval of contracts. The contract must be approved by the board. The board may disapprove of a contract if, in the board’s sole discretion, the contract adversely affects the interests of the retirement system. Any amendments to the retirement system made pursuant to Montana laws immediately apply to and become a part of the contract.

(3) The termination of the contract is subject to the following provisions, in addition to the other provisions of this chapter:

(a) The legislative body of a contracting employer shall adopt a resolution giving notice to its employees that it intends to terminate retirement system coverage.

(b) All employees covered under the retirement system must be given notice of the termination resolution and be permitted to vote for or against the resolution by secret ballot.

(c) If a majority of covered employees votes for termination, the legislative body, within 20 days after the approval of the resolution by the employees, may adopt by a two-thirds majority a resolution terminating coverage under the system effective the last day of that month and forward the resolution and a certified copy of the election results to the board.

(d) Upon receipt of the termination resolution, the board may request an actuarial valuation of the liabilities of the terminating agency to the retirement system, and the board may withhold approval of the termination of contract until satisfactory arrangements are made to provide funding for any excess accrued liabilities not previously funded by the terminating agency.”

Section 9. Section 19-3-316, MCA, is amended to read:

“19-3-316. Employer contribution rates. (1) Each employer shall contribute to the system. Except as provided in subsection (2), the employer shall pay as employer contributions 6.9% of the compensation paid to all of the employer’s employees plus any additional contribution under subsection (3), except for those employees properly excluded from membership. Of employer contributions made under this subsection for both defined benefit plan and defined contribution plan members, a portion must be allocated for educational programs as provided in 19-3-112. Employer contributions for members under the defined contribution plan must be allocated as provided in 19-3-2117.

(2) Local government and school district employer contributions must be the total employer contribution rate provided in subsection (1) minus the state contribution rates under 19-3-319.

(3) Subject to subsection (4), each employer shall contribute to the system an additional employer contribution equal to the following percentage 0.27% of the
compensation paid to all of the employer's employees, except for those employees properly excluded from membership:

(a) beginning July 1, 2007, 0.135%; and
(b) beginning July 1, 2009, 0.27%.

(4) (a) The board shall periodically review the additional employer contribution provided for under subsection (3) and recommend adjustments to the legislature as needed to maintain the amortization schedule set by the board for payment of the system's unfunded liabilities.

(b) The employer contribution required under subsection (3) terminates on July 1 immediately following the board's receipt of the system's actuarial valuation if:

(i) the actuarial valuation determines that the period required to amortize the system's unfunded liabilities, including adjustments made for any benefit enhancements enacted by the legislature after the valuation, is less than 25 years; and

(ii) terminating the additional employer contribution would not cause the amortization period as of the most recent actuarial valuation to exceed 25 years.

Section 10. Section 19-3-403, MCA, is amended to read:

"19-3-403. Exclusions from membership. The following persons may not become members of the retirement system and, except as provided in subsection (7), may not later purchase previous service under 19-3-505:

(1) inmates of state institutions;

(2) persons in state institutions principally for the purpose of training but who receive compensation;

(3) independent contractors;

(4) persons who are members of any other retirement or pension system supported wholly or in part by funds of the United States government, any state government, or political subdivision of the state and who are receiving credit in the other system for employment. It is the purpose of this subsection to prevent a person from receiving credit for the same employment in two retirement systems supported wholly or in part by public funds, except when the service qualifies and is applied for and the service credit is purchased pursuant to 19-3-503. A member of the retirement system who, because of employment by the state, is required to become a member of any other system described in this subsection is considered, with regard to that employment, an inactive member of the retirement system, except that the member is not eligible for retirement or a refund of the member's accumulated contributions. Exclusion under this subsection is subject to the following exceptions:

(a) The employees of an employer who has entered into a collective bargaining agreement involving a multiemployer pension plan qualified by the internal revenue service and that requires contributions by the employer for the members of the bargaining unit remain eligible, if otherwise qualified, for membership in the retirement system.

(b) For the purpose of this subsection (4), persons receiving pensions, retirement benefits, or other payments from any source on account of employment other than as an employee are not considered, because of receipt, members of any other retirement or pension system.
(5) substitute teachers or part-time teacher’s aides who may elect to join the teachers’ retirement system in accordance with 19-20-302(4);

(6) court commissioners, elected officials, or appointive members of any board or commission who serve the state or any contracting employer intermittently and who are paid on a per diem basis;

(7) full-time students employed at and attending the same public elementary school, high school, community college, or unit of the state university system, except that a person excluded from membership as a student of a public community college or a unit of the state university system who later becomes an active member by otherwise becoming an employee may affirmatively exercise the option of purchasing the service credit excluded by this subsection by applying to the board in writing after becoming an active member and become eligible to receive service credit for the excluded service under the provisions of 19-3-505.”

Section 11. Section 19-3-504, MCA, is amended to read:

“19-3-504. Absence due to illness or injury. (1) Time, not to exceed 5 years, during which a member is absent from service because of injury or illness is considered membership service if, within 1 year after the end of the absence, the injury or illness is determined to have arisen out of and in the course of the member’s employment. However, the member may not earn service credit for this period unless the member files with the board a written notice of the member’s intent to purchase the time of absence and complies with subsections (2) and (3) subsection (2), in which case the absence is considered as time spent in service for both service credit and membership service.

(2) (a) A member absent because of an employment-related illness or injury entitling the member to workers’ compensation payments may, upon the member’s return to service, or upon termination of employment if the member cannot return to service due to the illness or injury, contribute to the retirement system an amount equal to the contributions that would have been made by the member to the system during the absence. The amount of contributions owed will be based on the basis of the member’s compensation at the commencement of the member’s absence, plus regular interest accruing from 1 year from the date after the member returns to service or terminates employment to the date the member contributes for the period of absence.

(b) Whenever a member elects to contribute under subsection (2)(a), the employer shall contribute employer contributions for the period of absence based on the salary as calculated in subsection (2)(a) and may pay interest on the employer’s contribution calculated in the same manner as interest on the employee’s contribution under subsection (2)(a). An employer electing to make an interest payment shall do so for all employees similarly situated. If the employer elects not to pay the interest costs, this amount must be paid by the employee.

(3) At some time after returning to service, a member shall file with the board a written notice of the member’s intent to pay the contributions under subsection (2).

(4) A member loses the right to contribute for an:

(a) the entire absence under this section if all of the member’s accumulated contributions are refunded pursuant to 19-2-602; or

(b) the period of time during which retirement benefits are received if the member retires during the absence.”
Section 12. Section 19-3-513, MCA, is amended to read:

“19-3-513. Application to purchase additional service. (1) Subject to 19-3-514, a member with at least 5 years of membership service may, at any time before retirement, file a written application with the board to purchase 1 year of additional service credit for each 5 years of membership service.

(2) To purchase this service credit under this section, a member shall pay the actuarial cost of the service credit, based on the system’s most recent actuarial valuation.

(3) Service credit purchased under this section is not membership service and may not be used to qualify a member for service retirement.

(4) Once a member has at least 25 years of membership service, purchases of one-for-five service will be used to adjust the early retirement reduction required in 19-3-906.”

Section 13. Section 19-3-906, MCA, is amended to read:

“19-3-906. Early retirement benefit. (1) The amount of retirement benefit payable to a member following early retirement is the actuarial equivalent of the accrued portion of the service retirement benefit that would have been payable to the member commencing at age 60 or upon completion of 30 years of membership service pursuant to 19-3-904.

(2) The early retirement benefit must be determined as prescribed in 19-3-904, with the exception that the benefit must be reduced as follows:

(a) by 1/2 of 1% multiplied by the number of months up to a maximum of 60 months by which the retirement date precedes the date on which the member would have retired had the member attained 60 years of age or had the member completed 30 years of membership service; and

(b) by 3/10 of 1% multiplied by the number of months in excess of the 60 months in subsection (2)(a) but not to exceed 60 additional months that the retirement date precedes the date on which the member would have retired had the member attained 60 years of age or had the member completed 30 years of membership service.

(3) The actuarial reduction provided for in this section must be adjusted for any additional service credit one-for-five service purchased under 19-3-513 once the member has at least 25 years of membership service.”

Section 14. Section 19-3-1015, MCA, is amended to read:

“19-3-1015. Medical examination of disability retiree — cancellation and reinstatement. (1) The board may, in its discretion, require a disabled member to undergo a medical examination. The examination must be made by a board-approved physician or surgeon appointed by the board at a place mutually agreed upon by the retired member and the board, the disabled member, and the physician or surgeon and at the board’s expense. Upon the basis of the examination, the board shall determine whether the disabled member is unable, by reason of physical or mental incapacity, to perform the essential elements of either the position held by the member when the member retired or the position proposed to be assigned to the member. If the board determines that the member is not incapacitated or if the member refuses to submit to a medical examination, the member’s disability retirement benefit must be canceled.

(2) If the board determines that a disabled member should no longer be subject to medical review, the board may grant service retirement status to the member without recalculating the monthly benefit. The board shall notify the
member in writing as to the change in status. If the disabled member disagrees with the board’s determination, the member may file a written application with the board requesting that the board reconsider its action. The written application for reconsideration must be filed within 60 days after receipt of the notice of the status change.

(3) (a) Except as provided in subsections (3)(b) and (3)(c), a member whose disability retirement benefit is canceled because the board has determined that the member is no longer incapacitated must be reinstated to the position held by the member immediately before the member’s retirement or to a position in a comparable pay and benefit category with duties within the member’s capacity if the member was an employee of the state or of the university. If the member was an employee of a contracting employer, the board shall notify the proper official of the contracting employer that the disability retirement benefit has been canceled and that the former employee is eligible for reinstatement to duty. The fact that the former employee was retired for disability may not prejudice any right to reinstatement to duty that the former employee may have or claim to have.

   (b) A member who is employed by an employer forfeits any right to reinstatement provided by this section.

   (c) This section does not affect any requirement that the former employee meet or be able to meet professional certification and licensing standards unrelated to the disability and necessary for reinstatement to duty.

(4) If a member whose disability retirement benefit is canceled is not reemployed in a position subject to the retirement system, the member is considered, for the purposes of 19-2-602, to have terminated service coincident with the commencement of the member’s retirement benefit.”

Section 15. Section 19-3-1106, MCA, is amended to read:

“Section 15. Section 19-3-1106, MCA, is amended to read:

19-3-1106. Limited reemployment — reduction of service retirement benefit upon exceeding limits — exceptions. (1) A retired member under 65 years of age who is receiving a service retirement benefit or early retirement benefit may return to employment covered by the retirement system for a period not to exceed 960 hours in any calendar year without returning to active service and without any effect to the retiree’s retirement benefit. The retirement benefit for any retiree exceeding this 960-hour limitation in any calendar year after retirement must be temporarily reduced $1 for each $1 earned after working 960 hours in that calendar year.

(2) A retiree 65 years of age or older who returns to employment covered by the retirement system is either subject to the 960-hour limitation of subsection (1) or may earn in any calendar year an amount that, when added to the retiree’s current annual retirement benefits, will not exceed the member’s annualized highest average compensation, adjusted for inflation as of January 1 of the current calendar year, whichever limitation provides the higher limit on earned compensation to the retiree. Upon reaching the applicable limitation, the retiree’s benefits must be temporarily reduced $1 for each $1 of compensation earned in service beyond the applicable limitation during that calendar year.

(3) The employer of a retiree returning to employment covered by the retirement system and the returning employee’s employer shall certify to the board the number of hours worked by the retiree and the gross compensation paid to the retiree in that employment during any month pay period after retirement. The certification of hours and compensation may be submitted electronically pursuant to rules adopted by the board.
A retiree returning to employment covered by the retirement system may elect to return to active membership at any time during this period of covered employment.

The following members who return to employment covered by the retirement system are not subject to the hour or earnings limitations in subsections (1) and (2) or the reporting requirements in subsection (3):

(a) a retired member who is 70 1/2 years of age or older; or

(b) an elected official in a covered position who declines optional membership as provided in 19-3-412.

For the purposes of this section, “employment covered by the retirement system” includes work performed by a retiree through a professional employer arrangement, an employee leasing arrangement, or a temporary service contractor as those terms are defined in 39-8-102.

Section 16. Section 19-3-1210, MCA, is amended to read:

“19-3-1210. Death payments to designated beneficiaries of retired members. If a retired member dies without designating a contingent annuitant under 19-3-1501, the member’s designated beneficiary or, if there is no surviving designated beneficiary, the member’s estate must be paid the amount, if any, of the member’s accumulated contributions calculated as of the day of the member’s retirement minus the total of any retirement benefits already paid from the member’s account.”

Section 17. Section 19-3-2111, MCA, is amended to read:

“19-3-2111. Plan membership — written election required — failure to elect — effect of election. (1) Except as otherwise provided in this part:

(a) (i) a member who is an active member of the defined benefit plan on the date that the defined contribution plan becomes effective may, within 12 months after that date, elect to transfer to and become a member of the plan regardless of whether the member remains active, becomes inactive, or terminates employment and plan membership within the 12-month period;

(ii) a member who was an inactive member of the defined benefit plan on the effective date that of the defined contribution plan becomes effective and who is rehired into covered employment after the plan effective date may, within the 12-month period provided for in subsection (2)(a), elect to transfer to and become a member of the plan regardless of whether the member remains active, becomes inactive, or terminates employment and plan membership within the 12-month period;

(b) a member who is initially hired into covered employment on or after the effective date that of the defined contribution plan becomes effective and who is rehired into covered employment after the plan effective date may, within the 12-month period provided for in subsection (2)(a), elect to become a member of the plan regardless of whether the member remains active, becomes inactive, or terminates employment and plan membership within the 12-month period.

(b) A member failing to make an election prescribed by this section remains a member of the defined benefit plan.

(c) An election under this section, including the default election pursuant to subsection (2)(b), is a one-time irrevocable election. Subject to 19-3-2113, this
subsection (2)(c) does not prohibit a new election after a member has terminated membership in either plan and returned to covered employment.

(3) A member in either the defined benefit plan or the defined contribution plan who becomes inactive after an election under this section and who returns to active membership remains in the plan previously elected.

(4) A system member may not simultaneously be a member of the defined benefit plan and the defined contribution plan and must be a member of either the defined benefit plan or the defined contribution plan. A period of service may not be credited in more than one retirement plan within the system.

(5) The provisions of this part do not prohibit the board from adopting rules to allow an employee to elect the defined contribution plan from the first day of covered employment.

(6) A member of the defined benefit plan who is subject to a family law order pursuant to 19-2-907 or an execution or income-withholding order pursuant to 19-2-909 may not transfer to the defined contribution plan unless the order is modified to apply under the defined contribution plan.

The lump-sum payment, unless made by a rollover pursuant to 19-2-708, must be made with after-tax dollars.

(c) If a member who files an election to transfer membership fails to complete or terminate the contract for purchase of service credit by the end of the member's 12-month election window, the board shall terminate the service purchase contract and credit the member with the prorated amount of service credit purchased under the contract.’’

“19-3-2133. Employee investment advisory council. (1) The board shall create an employee investment advisory council. The advisory council shall meet at least four times a year to:

(3)(c) review existing deferred compensation plans and to advise the board on the administration of the program.

(2) The advisory council is not subject to 2-15-122.”

Section 19. Section 19-5-601, MCA, is amended to read:

The examination must be made by a board-approved physician or surgeon at the recipient’s place of residence or at another place mutually agreed on, by the board, the disabled member, and the physician or surgeon and at the board’s expense. Upon the basis of the examination, the board shall determine, by reason of physical or mental capacity, whether the recipient can perform the essential elements of the position held by the recipient when the recipient was retired. If the board determines that the recipient is not incapacitated or if the recipient refuses to submit to a medical examination, the recipient’s disability retirement benefit must be canceled.

(2) The cancellation of a disability retirement benefit because a recipient is no longer incapacitated may not prejudice any right of the recipient to a retirement benefit other than a disability retirement benefit.”

Section 21. Section 19-5-801, MCA, is amended to read:

“19-5-801. Payments upon employment-related death. (1) If Except as provided in subsection (3), if the board finds that a member died as a direct and proximate result of injury received in the course of the member’s service or duty, a survivorship benefit must be paid to the member’s designated beneficiary.

(2) The survivorship benefit is the greater of the following:

“19-5-802. Payments in case of death from other causes. (1) If a retired member not covered under 19-5-901 dies without designating a contingent annuitant under 19-5-701(2), the member’s designated beneficiary must be paid the amount, if any, of the member’s accumulated contributions calculated as of the day of the member’s retirement minus the total of any retirement benefits already paid from the member’s account. At the designated beneficiary’s request, the lump sum may be paid as an actuarially equivalent annuity that will not be subject to increases for any purpose.

(2) If a retired member covered under 19-5-901 dies without designating a contingent annuitant under 19-5-701(2), the member’s designated beneficiary must be paid the amount, if any, of the member’s accumulated contributions...
calculated as of the day of the member’s retirement minus the total of any retirement benefits already paid from the member’s account.

(3) If a vested member dies before reaching normal retirement age, the member’s designated beneficiary is entitled to a monthly survivorship benefit that is the actuarial equivalent of the involuntary retirement benefit provided in 19-5-503.”

“19-6-612. Medical examination of disability retiree — cancellation of benefit. (1) The board may require the recipient of a disability retirement benefit to undergo a medical examination. The examination must be made by a board-approved physician or surgeon at the recipient’s place of residence or at another place mutually agreed on, by the board, the disabled member, and the physician or surgeon and at the board’s expense. Upon the basis of the examination, the board shall determine whether the recipient can perform the essential elements of the position held by the recipient when the recipient retired. If the board determines that the recipient is not incapacitated, the recipient’s disability retirement benefit must be canceled when the recipient is offered a position under subsection (3) or when, if a position is available, the recipient cannot be reinstated under subsection (3) for reasons unrelated to the disability. If the recipient refuses to submit to a medical examination, the recipient’s disability retirement benefit must be canceled.

(2) If the board determines that a recipient of a disability retirement benefit should no longer be subject to medical review, the board may grant a service retirement status to the recipient without recalculating the recipient’s monthly benefit. The board shall notify the recipient in writing as to the change in status. If the recipient disagrees with the board’s determination, the recipient may file a written application with the board requesting that the board reconsider its action. The request for reconsideration must be filed within 60 days after receipt of the notice of the status change.

(3) (a) Except as provided in subsection (3)(b), a recipient whose disability retirement benefit is canceled because the board has determined that the recipient is no longer incapacitated must be reinstated to the position held by the recipient immediately before the recipient’s retirement or to a position in a comparable pay and benefit category within the recipient’s capacity, whichever is first open. The fact that the recipient was retired for disability may not prejudice any right to reinstatement to duty that the recipient may have or claim to have.

(b) This section does not affect any requirement that the former employee meet or be able to meet professional certification and licensing standards unrelated to the disability and necessary for reinstatement to duty.

(4) The department of justice may request a medical or psychological review as to the ability of the recipient to return to work as a member of the highway patrol. If the board’s findings are upheld, the department of justice shall pay the cost of the review.”

Section 24. Section 19-7-404, MCA, is amended to read:

(3) Subject to subsection (4), each employer shall contribute to the system an additional employer contribution equal to the following percentage of the compensation paid to all of the employer’s employees, except for those employees properly excluded from membership:

(a) beginning July 1, 2007, 0.29%; and
(b) beginning July 1, 2009, 0.58%.

(4) (a) The board shall periodically review the additional employer contribution provided for under subsection (3) and recommend adjustments to the legislature as needed to maintain the amortization schedule set by the board for payment of the system’s unfunded liabilities.

(b) The employer contribution required under subsection (3) terminates on July 1 immediately following the board’s receipt of the system’s actuarial valuation if:

(i) the actuarial valuation determines that the period required to amortize the system’s unfunded liabilities, including adjustments made for any benefit enhancements enacted by the legislature after the valuation, is less than 25 years; and

(ii) terminating the additional employer contribution would not cause the amortization period as of the most recent actuarial valuation to exceed 25 years.”

Section 25. Section 19-7-612, MCA, is amended to read:

“19-7-612. Medical examination of disability retiree — cancellation of benefit. The examination must be made by a board-approved physician or surgeon at the recipient’s place of residence or at another place mutually agreed on, by the board, the disabled member, and the physician or surgeon and at the board’s expense. Upon the basis of the examination, the board shall determine, by reason of physical or mental capacity, whether the recipient can perform the essential elements of the position held by the recipient when the recipient was retired. If the board determines that the recipient is not incapacitated, the recipient’s disability retirement benefit must be canceled when the recipient is offered a position under subsection (2) or when, if a position is available, the recipient cannot be reinstated under subsection (2) for reasons unrelated to the disability. If the recipient refuses to submit to a medical examination, the recipient’s disability retirement benefit must be canceled when the recipient is notified of the determination of the board.

(2) (a) Except as provided in subsection (2)(b), a person other than an elected official whose disability retirement benefit is canceled because the person is no longer incapacitated must be reinstated to the position held by the person immediately before the person’s retirement or to a position in a comparable pay and benefit category within the person’s capacity, whichever is first open. The fact that the person was retired for disability may not prejudice any right to reinstatement to duty that the person may have or claim to have.
This section does not affect any requirement that the former employee meet or be able to meet professional certification and licensing standards unrelated to the disability and necessary for reinstatement.

(3) The public body required to reinstate a person under subsection (2) may request a medical or psychological review as to the ability of the member to return to work as a member of the sheriff's office. If the board's findings are upheld, the public body shall pay the cost of the review.”

The examination must be made by a board-approved physician or surgeon at the recipient's place of residence or at another place mutually agreed on by the board, the disabled member, and the physician or surgeon and at the board's expense. Upon the basis of the examination, the board shall determine, by reason of physical or mental capacity, whether the recipient can perform the essential elements of the position held by the recipient when the recipient retired. If the board determines that the recipient is not incapacitated, the recipient's disability retirement benefit must be canceled when the recipient is offered a position under subsection (3) or when, if a position is available, the recipient cannot be reinstated under subsection (3) for reasons unrelated to the disability. If the recipient refuses to submit to a medical examination, the recipient's disability retirement benefit must be canceled when the recipient is notified of the determination of the board.

(2) If the board determines that a recipient of a disability retirement benefit should no longer be subject to medical review, the board may grant a service retirement status to the recipient without recalculating the recipient's monthly benefit. The board shall notify the recipient in writing as to the change in status. If the recipient disagrees with the board's determination, the recipient may file a written application with the board requesting that the board reconsider its action. The request for reconsideration must be filed within 60 days after receipt of the notice of the status change.

(3) (a) Except as provided in subsection (3)(b), a recipient whose disability retirement benefit is canceled because the board has determined that the recipient is no longer incapacitated must be reinstated to the position held by the recipient immediately before the recipient's retirement or to a position in a comparable pay and benefit category within the recipient's capacity, whichever is first open. The fact that the recipient was retired for disability may not prejudice any right to reinstatement to duty that the recipient may have or claim to have.

(b) This section does not affect any requirement that the former employee meet or be able to meet professional certification and licensing standards unrelated to the disability and necessary for reinstatement.

(4) The member's former employer may request a medical or psychological review as to the ability of the recipient to return to work as a peace officer. If the board's findings are upheld, the former employer shall pay the cost of the review.”

Section 27. Section 19-9-904, MCA, is amended to read:

“19-9-904. Termination of disability benefit. The board, in its discretion, may require the recipient of a disability retirement benefit to undergo a medical examination. The examination must be made by a
board-approved physician or surgeon at the recipient's place of residence or at another place mutually agreed upon, by the board, the disabled member, and the physician or surgeon and at the board's expense. Upon the basis of the examination, the board shall determine, by reason of physical or mental capacity, whether the recipient can perform the essential elements of the position held by the recipient when the recipient was retired. If an inactive member is determined by the board to be no longer disabled, the inactive member's disability retirement benefit must be canceled when the inactive member is offered a position under 19-9-905 or when, if a position is available, the former employee could not be reinstated under 19-9-905 for reasons unrelated to the disability. If the inactive member refuses to submit to a medical examination, the inactive member's disability retirement benefit must cease as of the date of the determination. The inactive member must be notified of the determination by the board. The board may review the status of an inactive member at any time."

(2) A member may not receive an annual benefit that exceeds the dollar amount specified in section 415(b)(1)(A) of the Internal Revenue Code, 26 U.S.C. 415(b)(1)(A), subject to the applicable adjustments in section 415(b) 415(d) of the Internal Revenue Code, 26 U.S.C. 415(d).

(3) Notwithstanding any other provision of law to the contrary, the board may modify a request by a member to make a contribution to a retirement system or plan if the amount of the contribution would exceed the limits provided in section 415 of the Internal Revenue Code, by using the following methods:

(a) If the law requires a lump-sum payment for the purchase of service credit, the board may establish a periodic payment plan for the member to avoid a contribution in excess of the limits under section 415(c) or 415(n) of the Internal Revenue Code, 26 U.S.C. 415(c) or 415(n).

(b) If payment pursuant to subsection (3)(a) will not avoid a contribution in excess of the limits imposed by section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c), the board shall either reduce the member's contribution to an amount within the limits of that section or refuse the member's contribution.

(ii) except as provided in subsection (4)(c), the requirements of section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c), are met, determined by treating all the contributions as annual additions for purposes of section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c).

(b) For purposes of applying subsection (4)(a)(i), the retirement system or plan may not fail to meet the reduced limit under section 415(b)(2)(C) of the Internal Revenue Code, 26 U.S.C. 415(b)(2)(C), solely by reason of subsection (4)(a).

(c) For purposes of applying subsection (4)(a)(ii), the retirement system or plan may not fail to meet the percentage limitation under section 415(c)(1)(B) of the Internal Revenue Code, 26 U.S.C. 415(c)(1)(B) solely by reason of this subsection (4).

(b) the distribution rules applicable to the plan under federal law apply to those amounts and any benefits attributable to those amounts.

(10) (a) For purposes of this subsection (10), an eligible plan member is an individual who became a member of the plan before January 1, 1998.

(a) certify that the petition is sufficient under the provisions of subsection (2)
    and present it to the governing body at its next meeting; or

(b) reject the petition if it is insufficient under the provisions of subsection
(2).

(4) A defect in the contents of the petition or in its title, form of notice, or
    signatures may not invalidate the petition and subsequent proceedings as long
    as the petition has a sufficient number of qualified signatures attached.

Section 4. Determining special district boundaries. (1) The
    boundaries of the proposed special district must be mapped and clearly
    described before the district may be approved.

(2) The governing body or petitioners shall consult with a professional land
    surveyor, as defined in 37-67-101, to prepare a legal description of the
    boundaries for the proposed special district.

(3) The boundaries must follow property ownership, precinct, school district,
    municipal, and county lines as far as practical.

Section 5. Public hearing — resolution of intention to create special
district. (1) The governing body shall hold at least one public hearing
concerning the creation of a proposed special district prior to the passage of a
resolution of intention to create the special district. A resolution of intention to
create a special district may be based upon a decision of the governing body or
upon a petition that contains the required number of signatures.

(2) The resolution must designate:

(a) the proposed name of the special district;

(b) the necessity for the proposed special district;
(c) a general description of the territory or lands to be included within the proposed special district, giving the boundaries of the proposed special district;

(d) the general character of any proposed improvements and the proposed location for the proposed program or improvements;

(e) the estimated cost and method of financing the proposed program or improvements;

(f) any requirements specifically applicable to the type of special district; and

(g) whether the proposed special district would be administered by the governing body or an appointed or elected board.

(3) (a) The governing body shall publish notice of passage of the resolution of intention to create a special district as provided in 7-1-2121 and 7-1-2122 or 7-1-4127 and 7-1-4129, as applicable. The notice must contain a notice of a hearing and the time and place where the hearing will be held.

(b) At the same time that notice is published pursuant to subsection (3)(a), the governing body shall provide a list of those properties subject to potential assessment, fees, or taxation under the creation of the proposed special district. The list may not be distributed or sold for use as a mailing list in accordance with 2-6-109.

(c) A copy of the notice described in subsection (3)(a) must be mailed to the owners of the property included on the list referred to in subsection (3)(b).

Section 6. Right to protest — procedure — hearing. (1) An owner of property that is liable to be assessed for the program or improvements in the proposed special district has 30 days from the date of the first publication of the notice of passage of the resolution of intention to make a written protest against the proposed program or improvements.

(2) The protest must be in writing, identify the property in the district owned by the protestor, be signed by all of the owners of that property, and be delivered to the clerk of the governing body, who shall endorse on the protest the date of receipt.

(3) (a) For purposes of this section, “owner” means, as of the date a protest is filed, the record owner of fee simple title to the property or the contract buyer on file with the county clerk and recorder.

(b) The term does not include a tenant of or other holder of a leasehold interest in the property.

(4) An owner of property created as a condominium may protest pursuant to the provisions in [section 18].

(5) (a) At the hearing provided for in [section 5], the governing body shall consider all protests.

(b) In determining the sufficiency of protest, each protest must be weighted in proportion to the amount of the assessment to be levied against the lot or parcel with respect to which it is made.

(c) If the protest is made by the owners of property in the proposed district to be assessed for more than 50% of the cost of the proposed program or improvements, in accordance with the method or methods of assessment, further proceedings may not be taken by the governing body for at least 12 months.

(d) In determining whether or not sufficient protests have been filed in the proposed special district to prevent further proceedings, property owned by a
governmental entity must be considered the same as any other property in the
district.

(e) The decision of the governing body is final and conclusive.

(f) The governing body may adjourn the hearing from time to time.

Section 7. Referendum — election. (1) The governing body may order a
referendum on the creation of the proposed special district to be submitted to the
registered voters who reside within the proposed special district and the
individuals qualified to vote pursuant to subsections (5) and (6).

(2) The referendum must state:

(a) the type and maximum rate of the initial proposed assessments or fees
that would be imposed, consistent with the requirements of [sections 5(2)(e) and
15];

(b) the type of activities proposed to be financed, including a general
description of the program or improvements;

(c) a general description of the areas included in the proposed special
district; and

(d) whether the proposed special district would be administered by the
governing body or an appointed or elected board.

(3) The referendum must be held in conjunction with a regular or primary
election or must be conducted by mail ballot election as provided in Title 13,
chapter 19.

(4) The proposition to be submitted to the electorate must read: “Shall the
proposition to organize (name of proposed special district) be adopted?”

(5) Except as provided in subsection (6), an individual is entitled to vote on
the proposition if the individual:

(a) meets all qualifications required of electors under the general election
laws of the state; and

(b) is a resident of or owner of taxable real property in the area subject to the
proposed special district.

(6) An individual who is the owner of real property described in subsection
(5)(b) need not possess the qualifications required of an elector in subsection
(5)(a) if the individual is qualified to vote in any county of the state and files
proof of registration with the election administrator at least 20 days prior to the
referendum in which the individual intends to vote.

(7) The referendum must be conducted, the vote canvassed, and the result
declared in the same manner as provided by Title 13 in respect to general
elections, so far as it is applicable, except as provided in subsection (3).

(8) If the referendum is approved, the election administrator of each county
shall:

(a) immediately file with the secretary of state a certificate stating that the
proposition was adopted and record the certificate in the office of the clerk and
recorder of the county or counties in which the special district is situated; and

(b) notify any municipalities lying within the boundaries of the special
district.

Section 8. Certificate of establishment. (1) Upon receipt of the
certificate referred to in [section 7(8)], the secretary of state shall, within 10
days, issue a certificate reciting that the specified district has been established
according to the laws of the state of Montana. A copy of the certificate must be transmitted to and filed with the clerk and recorder of the county or counties in which the district is situated.

(2) When the certificate is issued by the secretary of state, the district named in the certificate is established with all the rights, privileges, and powers set forth in [section 12].

Section 9. Order creating district — power to implement program.
(1) The governing body may create a special district and establish assessments or fees if the governing body finds that insufficient protests have been made in accordance with [section 6] or if the eligible registered voters have approved a referendum as provided in [section 7].

(2) To create a special district, the governing body shall issue an order or pass an ordinance or resolution in accordance with the resolution of intention introduced and passed by the governing body or in accordance with the terms of the referendum. This must be done within 30 days of the end of the protest period or approval of the referendum.

(3) If the governing body creates the special district of its own accord and without a referendum being held, a copy of the order, ordinance, or resolution creating the district, certified by the clerk of the governing body, must be delivered to the clerk and recorder of the county or counties in which the special district is situated and to the secretary of state, who shall issue a certificate of establishment in accordance with [section 8].

Section 10. Additional reporting procedures — coordination of information collection, transfer, and accessibility.
(1) Within 60 days after the creation of a special district or by January 1 of the effective tax year, whichever occurs first, the governing body shall provide to the department of revenue:

(a) legal description of the special district;
(b) map of its boundaries;
(c) list of the property taxpayers or owners of real property within the special district's boundaries; and
(d) copy of the resolution establishing the special district, including any adopted method of assessment.

(2) The department of revenue shall review the information provided in accordance with subsection (1) and work with the governing body to identify and correct any discrepancies before the information is recorded by the department.

(3) If the governing body intends to submit any digital information to the department of revenue for the purposes of subsection (4)(b), the governing body shall notify the department of revenue as to the expected date of submission and submit the digital information in a manner prescribed by the department of revenue in consultation with the department of administration.

(4) The department of administration, in coordination with the department of revenue, governing bodies, and other appropriate entities, may develop standards, best practices, and procedures for:

(a) collecting and transferring between agencies any digital information submitted by a governing body for purposes of subsection (4)(b); and
(b) creating digital information to map special districts for land information purposes authorized in Title 90, chapter 1, part 4, that can be accessed through
the department’s base map service center’s website and discovered through the Montana geographical information system portal at the Montana state library.

**Section 11. Limitations on lawsuits.** (1) A finding of the governing body in favor of the genuineness and sufficiency of the petition or election is final and conclusive against all persons except the state of Montana upon suit brought by the attorney general.

(2) A lawsuit filed by the attorney general must be filed by the earlier of:

(a) 1 year after the order, ordinance, or resolution creating the special district is approved by the governing body; or

(b) the issuance of bonds to implement the program or improvements approved for the special district.

**Section 12. Governance — powers and duties.** (1) A special district must be administered and operated either by the governing body or by a separate elected or appointed board as determined by the governing body.

(2) (a) If the special district is governed by a separate board, the board must be established in accordance with Title 7, chapter 1, part 2, and specific powers and duties granted to the board and those specifically withheld must be stated.

(b) The governing body may grant additional powers to the board. This includes the authorization to use privately contracted legal counsel or the attorney of the governing body. If privately contracted counsel is used, notice must be provided to the attorney of the governing body.

(c) The governing body has ultimate authority under this subsection (2).

(3) The entity chosen to administer the special district, as provided in subsection (1), may:

(f) receive gifts, grants, or donations for the purpose of advancing the program and, by gift, deed, devise, or purchase, acquire land, facilities, buildings, and material necessary to implement the purposes of the special district;

(g) construct and maintain facilities and buildings necessary to accomplish the purposes of the special district;

(h) provide grants to private, nonprofit entities as part of implementing an effective program;

(i) adopt a seal and alter it at the entity’s pleasure;

(j) administer local ordinances as appropriate;

(k) establish district capital improvement funds pursuant to 7-6-616, maintenance funds, and debt service funds; and

(l) borrow money by the issuance of:
(i) general obligation bonds as authorized by the governing body pursuant to Title 7, chapter 6, part 40, and the appropriate provisions of Title 7, chapter 7, part 22 or 42; or
(ii) revenue bonds for the lease, purchase, and maintenance of land, facilities, and buildings and the funding of projects in the manner and subject to the appropriate provisions of Title 7, chapter 7, part 25 or 44.

(4) The entity chosen to administer the special district shall submit annual budget and work plans to the governing body for review and approval.

(5) The right to exercise eminent domain pursuant to 70-30-102 is limited to cemetery districts.

Section 13. Multiple jurisdictions. (1) A special district created by a combination of local governments acting together must be administered according to an interlocal agreement. The interlocal agreement may determine whether the administrative body of the special district consists of the entire membership of all governing bodies from the participating jurisdictions or representatives of each governing body or jurisdiction.

(2) A special district created by a combination of local governments acting together may enlarge an existing service district, but may not supersede or void an existing contract, district, or interlocal agreement under which the same service is currently provided to residents of one or more of the participating jurisdictions. The local governments acting together may agree to alter an existing contract, district, or interlocal agreement as necessary.

(3) The local governments shall proportionally share the ownership of real or personal property acquired by the district pursuant to their interlocal agreement.

Section 14. Alteration of special districts. (1) The governing body may change the boundaries of any special district by resolution.

(2) The boundaries may be altered by petition after complying with the requirements for petitions as provided in [section 3].

(3) Alteration of boundaries is also subject to procedures for public notice, protest, referendum, certification, reporting, and establishment of assessment as provided in [sections 4 through 11 and 15].

(4) Changes made to the boundaries may not:
   (a) occur more than once each year unless the governing body makes a special finding that an alteration is necessary;
   (b) delete any portion of the area if the deletion will create an island of included or excluded lands;
   (c) delete any portion of the area that is negatively contributing or may reasonably be expected to negatively contribute to environmental impacts that fall within the scope of the special district’s program; and
   (d) affect indebtedness existing at the time of the change.

Section 15. Financing for special district. (1) The governing body shall make assessments or impose fees for the costs and expenses of the special district based upon a budget proposed by the governing body or separate board administering the district pursuant to [section 12].

(2) For the purposes of this section, “assessable area” means the portion of a lot or parcel of land that is benefited by the special district. The assessable area may be less than but may not exceed the actual area of the lot or parcel.
(3) The governing body shall assess the percentage of the cost of the program or improvements:
   (a) against the entire district as follows:
      (i) each lot or parcel of land within the special district may be assessed for that part of the cost that its assessable area bears to the assessable area of the entire special district, exclusive of roads, streets, avenues, alleys, and public places;
      (ii) if the governing body determines that the benefits derived from the program or improvements by each lot or parcel are substantially equivalent, the cost may be assessed equally to each lot or parcel located within the special district without regard to the assessable area of the lot or parcel;
      (iii) each lot or parcel of land, including the improvements on the lot or parcel, may be assessed for that part of the cost of the special district that its taxable valuation bears to the total taxable valuation of the property of the district;
      (iv) each lot or parcel of land may be assessed based on the lineal front footage of any part of the lot or parcel that is in the district and abuts the area to be improved or maintained;
      (v) each lot or parcel of land within the district may be assessed for that part of the cost that the reasonably estimated vehicle trips generated for a lot or parcel of its size in its zoning classification bear to the reasonably estimated vehicle trips generated for all lots in the district based on their size and zoning classification; or
      (vi) any combination of the assessment options provided in subsections (3)(a)(i) through (3)(a)(v) may be used for the special district as a whole; or
   (b) based upon the character, kind, and quality of service for a residential or commercial unit, taking into consideration:
      (i) the nature of the property or entity assessed;
      (ii) a calculated basis for the program or service, including volume or weight;
      (iii) the cost, incentives, or penalties applicable to the program or service practices; or
      (iv) any combination of these factors.

(4) If property created as a condominium is subject to assessment, each unit within the condominium is considered a separate parcel of real property subject to separate assessment and the lien of the assessment. Each unit must be assessed for the unit’s percentage of undivided interest in the common elements of the condominium. The percentage of the undivided ownership interest must be as set forth in the condominium declaration.

Section 16. Notice of resolution for assessment — assessment. (1) The governing body shall estimate, as near as practicable, the cost of each established special district annually by the later of the second Monday in August or within 45 calendar days after receiving certified taxable values from the department of revenue.

(2) The governing body shall pass and finally adopt a resolution specifying the special district assessment option and levying and assessing all the property within the special district with an amount equal to the annual cost of the program and improvements.
(3) The resolution levying the assessment to defray the cost of the special district must contain or refer to a list that describes the lot or parcel of land assessed with the name of the owner of the lot or parcel, if known, and the amount assessed.

(4) The resolution must be kept on file in the office of the clerk of the governing body.

(5) A notice, signed by the clerk of the governing body, stating that the resolution levying a special assessment or changing the method of assessment to defray the cost of the special district is on file in the clerk's office and subject to inspection must be published as provided in 7-1-2121 or 7-1-4127. The notice must state the time and place at which objections to the final adoption of the resolution will be heard by the governing body and must contain a statement setting out the method of assessment being proposed for adoption or the change in assessment being proposed for adoption. The time for the hearing must be at least 5 days after the final publication of the notice.

(6) The notice and hearing process may be included in the local government's general budgeting process as provided in Title 7, chapter 6, part 40.

(7) At the time set, the governing body shall meet and hear all objections that may be made to the assessment or any part of the assessment, may adjourn from time to time for that purpose, and may by resolution modify the assessment.

(8) A copy of the resolution, certified by the clerk of the governing body, must be delivered to the department of revenue by the third Monday in August or within 45 calendar days after receiving certified taxable values from the department of revenue.

Section 17. Collection of special district assessments. (1) When a resolution of assessment has been certified by the clerk of the local government, the county treasurer, the city treasurer, or the town clerk, as provided in 7-12-4182, shall collect the assessment in the same manner and at the same time as property taxes for general purposes are collected.

(2) All money received by the special district, including interest and earnings accrued, must be deposited in an account held only for the special district by the office of the county treasurer, city treasurer, or town clerk.

Section 18. Payment of assessment under protest — action to recover. (1) When an assessment made under [sections 1 through 20] is considered unlawful by the party whose property is charged or from whom the payment is demanded, the person may pay the assessment or any part of the assessment considered to be unlawful under protest to the county treasurer, city treasurer, or town clerk, whoever is charged with collection of the assessment.

(2) The party paying under protest or the party's legal representative may bring an action in any court of competent jurisdiction against the officer to whom the assessment was paid or against the local government on whose behalf the assessment was collected to recover the assessment or any portion of the assessment paid under protest. An action instituted to recover the assessment paid under protest must be commenced within 90 days after the date of payment.

(3) The assessment paid under protest must be held by the county treasurer, city treasurer, or town clerk until the determination of an action brought for the recovery of the assessment.

(4) If the assessment considered to be unlawful pertains to property created as a condominium and the property is not solely a certain unit in the
condominium, then the owner of the property created as a condominium that is entitled to protest is considered to be the collective owners of all units having an undivided ownership interest in the common elements of the condominium.

(5) An owner of property created as a condominium may protest against the method of assessment or vote at an election of the special district only through a president, vice president, secretary, or treasurer of the condominium owners’ association who timely presents to the secretary of the special district the following:

(a) a writing identifying the condominium property;
(b) the condominium declaration or other condominium document that shows how votes of unit owners in the condominium are calculated;
(c) original signatures of owners of units in the condominium having an undivided ownership interest in the common elements of the condominium sufficient to constitute an affirmative vote for an undertaking relating to the common elements under the condominium declaration; and
(d) a certificate signed by the president, vice president, secretary, or treasurer of the condominium owners’ association certifying that the votes of the unit owners, as evidenced by the signatures of the owners, are sufficient to constitute an affirmative vote of the condominium owners’ association to protest against the method of assessment.

Section 19. Assessments as liens. (1) An assessment made and levied to defray the cost and expenses of the program or improvements, together with any percentages imposed for delinquency and for cost of collection, constitutes a lien upon the property on which the assessment is made and levied from the date of the passage of the resolution levying the assessment. This lien may be extinguished only by payment of the assessment, with all penalties, costs, and interest, or by sale of the property as provided in subsection (2).

(2) When the payment of an installment of an assessment becomes delinquent, all payments of subsequent installments of the assessment may, at the option of the governing body and upon adoption of the appropriate resolutions, become delinquent. Upon delinquency in one or all installments, the whole property must be sold in the same manner as other property is sold for taxes. The enforcement of the lien of any installment of a special assessment by any method authorized by law does not prevent the enforcement of the lien of any subsequent installment when it becomes delinquent.

Section 20. Dissolution of special district. (1) A special district may be dissolved if it is considered to be in the best interest of a local government or the inhabitants of the local government or if the purpose for creating the special district has been fulfilled and the special district is not needed in perpetuity.

(2) The governing body may pass a resolution of intention to dissolve a special district upon its own request or upon request of the separate board administering the special district.

(3) After the passage of the resolution provided for in subsection (2), the clerk of the local government that established the special district shall publish a notice, as provided in 7-1-2121 or 7-1-4127, of the intention to dissolve the district.

(4) The notice must specify the boundaries of the special district to be dissolved, the date of the passage of the resolution of intention to dissolve, the date set for the passage of the resolution of dissolution, and that the resolution
will be passed unless the clerk of the local government receives written protest in advance from:

(a) 40% of registered voters or 40% of the owners of real property in the district; or

(b) 40% of registered voters or 40% of the property taxpayers in the district if the district program or improvements have been financed through a mill levy.

(5) If the special district is dissolved, the clerk of the local government shall immediately send written notice to:

(a) the secretary of state; and

(b) the department of revenue, providing the same information required in [section 10] when a district is created. The department of revenue and the department of administration shall respond to the dissolution in the same manner they respond to the creation of a district, as described in [section 10].

(6) The dissolution of a special district may not relieve the property owners from the assessment and payment of a sufficient amount to liquidate all charges existing against the special district prior to the date of dissolution.

(7) Any assets remaining after all debts and obligations of the special district have been paid, discharged, or irrevocably settled must be:

(a) deposited in the general fund of the local government;

(b) in the case of multiple local governments, divided in accordance with their interlocal agreement and deposited in the general fund of each local government; or

(c) transferred to a new special district that has been created to provide substantially the same service as provided by the dissolved special district.

(8) If the remaining assets are derived from private grants or gifts that restrict the use of those funds, the funds must be returned to the grantor or donor.

Section 21.  Multijurisdictional public library districts — administration. A multijurisdictional public library district created under the provisions of [sections 1 through 20] must be administered according to the provisions of 22-1-305 through 22-1-317.

(3) (a) Administrative boards, districts, and commissions may be made elective.

A position for which there were no nominees must be filled by appointment by the county commissioners for the same term as if the position were filled by election. If there is only one nominee for a position, the nominee may be declared elected by acclamation.

(4) Administrative boards, districts, and commissions may not sue or be sued independently of the local government unless authorized by state law.

(7) Terms of all members, except elected members, may not exceed 4 years. Unless otherwise provided by resolution, members shall serve terms beginning on July 1 and shall serve at the pleasure of the county commissioners.

(8) An administrative board, district, or commission must consist of a minimum of 3 members and must have an odd number of members.

(9) The resolution creating an administrative board, district, or commission may provide for voting or nonvoting ex officio members.

(10) Two or more local governments may provide for joint boards, districts, or commissions to be established by interlocal agreements.

(11) A majority of members constitutes a quorum for the purposes of conducting business and exercising powers and responsibilities. Action may be taken by a majority vote of members present and voting, unless the resolution creating the board, district, or commission specifies otherwise.
An administrative board, district, or commission shall provide for the keeping of written minutes, including the final vote on all actions and the vote of each member.

An administrative board, district, or commission shall provide by rule for the date, time, and place of regularly scheduled meetings and file the information with the county commissioners.

Unless otherwise provided by law, a person must be a resident of the county to be eligible for appointment to an administrative board, district, or commission. The county commissioners may prescribe by resolution additional qualifications for membership.

A person may be removed from an administrative board, district, or commission for cause by the county commissioners or as provided by resolution.

A resolution creating an administrative board, district, or commission must contain, if applicable, budgeting and accounting requirements for which the board, district, or commission is accountable to the county commissioners.

If a municipality creates a special district in accordance with sections 1 through 20, the governing body of the municipality shall comply with this section if the governing body chooses to have the special district governed by a separate board.

WHEREAS, mercury that is released into the atmosphere can be transported long distances and deposited in aquatic ecosystems where it is methylated to methylmercury, the organic and most toxic form of mercury; and

WHEREAS, mercury-added thermostats represent the largest amount of mercury in ordinary household products; and

WHEREAS, a single mercury-added thermostat contains 3 to 5 grams of mercury; and

WHEREAS, according to the U.S. Environmental Protection Agency’s 2002 estimates, each year about 6 to 8 tons of mercury from discarded thermostats end up in solid waste facilities and between 1 and 2 tons are released into the air; and

WHEREAS, according to a 2004 study by the U.S. Environmental Protection Agency, more than 10% of the estimated mercury reservoir still currently in use in the United States resides in mercury-added thermostats; and

WHEREAS, methylmercury bioaccumulates and biomagnifies in animals, including fish and humans; and

WHEREAS, according to the Montana Department of Public Health and Human Services, mercury has been found in fish in at least 28 water bodies in Montana, including Canyon Ferry Reservoir, Cooney Reservoir, Flathead Lake, Fort Peck Reservoir, Hebgen Lake, Lake Koocanusa, Seeley Lake, Swan Lake, Tongue River Reservoir, and Whitefish Lake; and

WHEREAS, methylmercury is a known neurotoxin to which the human fetus is very sensitive; and

WHEREAS, new evidence indicates that methylmercury exposure may increase the risk of cardiovascular disease in humans, especially adult men; and

WHEREAS, decreases in local and regional sources of mercury emissions have been shown to lead to decreases in mercury levels in fish and wildlife; and

WHEREAS, in 1998, thermostat makers General Electric, Honeywell, and White-Rodgers established the Thermostat Recycling Corporation to implement a program for collecting used mercury-added thermostats under which thermostat wholesalers and contractors, as well as household hazardous waste facilities, volunteer to collect thermostats from heating, ventilating, and air-conditioning contractors and the general public.

“19-20-731. Postretirement employment limitations — cancellation and recalculation of benefits. (1) (a) Except as provided in [section 1 of House Bill No. 363] or as otherwise provided in this section, a retired member may be employed part-time by a school district, state agency, or unit of the university system in a position eligible to participate in the retirement system and may earn, without an adjustment of retirement benefits, an amount not to exceed the greater of:

(i) one-third of the sum of the member’s average final compensation; or

(ii) one-third of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(b) For the purposes of this subsection (1), the maximum compensation that a retired member may earn under subsection (1)(a) without an adjustment of retirement benefits includes all remuneration paid to the retired member, excluding:

(i) the amount of health insurance premiums paid by the employer on the retired member’s behalf;

(ii) the value of housing provided by the employer to the retired member;

(iii) the amount of employment-related travel expenses reimbursed to the retired member by the employer;

(iv) de minimis fringe benefits, as defined in 26 U.S.C. 132(e), paid by the employer to or on behalf of the retired member; and

(v) payroll taxes paid by the employer on behalf of the retired member.

(2) On July 1 of each year following the member’s retirement effective date, the maximum that a retired member may earn under subsection (1)(a) is increased by an amount equal to the consumer price index increase for urban wage earners compiled by the bureau of labor statistics of the United States department of labor or its successor agency in the preceding calendar year.

(3) Except as provided in subsection (5) [section 1 of House Bill No. 34] and [section 1 of House Bill No. 363], the retirement benefit of a retired member:

(a) employed in a part-time position or earning more than allowed by subsections (1) and (2) must be temporarily reduced by $1 for each dollar earned over the maximum allowed. Monthly benefits must be reduced beginning as soon as practical after the excess earnings have been reported to the retirement system by the employer. The retirement benefit must be canceled if the retired member’s earnings exceed the gross monthly benefit amount.

(b) employed in a full-time position must be canceled beginning in the month in which the retired member returns to full-time employment.

(4) Upon termination and retirement subsequent to a cancellation of benefits pursuant to subsection (3), the retirement benefit of a member:

(a) who was reemployed and earned less than 1 year of creditable service must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later. The reinstated retirement benefit is the amount and option
that the retired member would have been entitled to receive had the retired
member not returned to employment.

(b) who was reemployed and earned at least 1 year of creditable service must
be recalculated under 19-20-804 if the member has attained normal retirement
age or under 19-20-802 if the member has not attained normal retirement age
but is eligible for early retirement. The recalculated benefit must include the
service credit accumulated at the time of the member's previous retirement,
plus any service credit accumulated subsequent to reemployment. The
recalculated normal form benefit amount must be increased by the amount of
any benefit enhancement received pursuant to 19-20-719 that the retired
member was receiving when the member's benefits were canceled.

(5) If an early-retired member under 19-20-802 is reemployed with the same
employer within 30 days from the member's effective date of retirement or if the
early-retired member is guaranteed reemployment with the same employer, the
member must be considered to have continued in the status of an active member
and not to have separated from service. Any retirement allowance payments
received by the member must be repaid to the system, together with interest,
at the actuarially assumed rate, and the retirement allowance must be canceled.

(6) For purposes of this section, “position eligible to participate in the
retirement system” includes work performed by a retiree through a professional
employer arrangement, an employee leasing arrangement, or a temporary
service contractor, as those terms are defined in 39-8-102.

The retirement allowance of any retired member who is employed in a
position and who elects to participate in the optional retirement program under
Title 19, chapter 21, must be suspended until the member is no longer employed
in the position and is no longer participating in the optional retirement

(c) make available to building contractors at a price that is commensurate with reproduction costs a checklist devised by the department pursuant to 50-60-118 for single-family dwellings and provide to contractors who attach a completed checklist to the plans submitted for examination the relevant building permit or notice of plan disapproval within 10 working days of the contractor's submission;

(d) during and in the course of construction, order in writing the remedying of any condition found to exist in, on, or about any building that is being constructed in violation of the state building code or county, city, or town building code. Orders may be served upon the owner or the owner's authorized agent personally or by sending by certified mail a copy of the order to the owner or the owner's authorized agent at the address set forth in the application for permission for the construction of the building. A county, city, or town certified pursuant to 50-60-302, by action of its building official, may grant in writing time as may be reasonably necessary for achieving compliance with the order. For the purposes of subsection (2)(a) and this subsection (2)(d), the phrase "during and in the course of construction" refers to the construction of a building until all necessary building permits have been obtained and all work authorized by those permits has been fully approved by the building official having jurisdiction.

(e) issue certificates of occupancy as provided in 50-60-107;

(f) issue permits, licenses, and other required documents in connection with the construction of a building;

(g) ensure that all construction-related fees or charges imposed and collected by the county, city, or town are necessary, reasonable, and uniform and are:

(i) except as provided in subsection (2)(g)(iii), used only for building code enforcement, which consists of those necessary and reasonable costs directly and specifically identifiable for the enforcement of building codes, plus indirect costs charged on the same basis as other local government proprietary funds not paying administrative charges as direct charges. If indirect costs are waived for any local government proprietary fund, they must also be waived for the program established in this section. Indirect charges are limited to the charges that are allowed under federal cost accounting principles that are applicable to a local government.

(ii) reduced if the amount of the fees or charges accumulates above the amount needed to enforce building codes for 12 months. The excess must be placed in a reserve account and may be used only for building code enforcement. Collection and expenditure of fees and charges must be fully documented.

(iii) allocated and remitted to the department, in an amount not to exceed 0.5% of the building fees or charges collected, for the building codes education program established in 50-60-116.

(3) Each county, city, or town with a building code enforcement program that has been certified under 50-60-302 may, within the area of its jurisdiction:

(a) make, amend, and repeal rules for the administration and enforcement of the provisions of this section and for the collection of fees and charges related to construction; and
(b) prohibit the commencement of construction until a permit has been issued by the building code enforcement authority having jurisdiction after a showing of compliance with the requirements of the applicable provisions of the state building code or county, city, or town building code or other county, city, or town ordinance or resolution that pertains to the proposed construction. A county, city, or town subject to this subsection (3) may, as part of its building code or by town ordinance or resolution, adopt voluntary energy conservation standards for new construction for the purpose of providing incentives to encourage voluntary energy conservation. The incentive-based energy conservation standards adopted may exceed any applicable energy conservation standards contained in the state building code. New construction is not required to meet local standards that exceed state energy conservation standards unless the building contractor elects to receive a local incentive.

(4) Each county, city, or town with a building code enforcement program that has been certified under 50-60-302 may perform inspections of buildings that are outside its jurisdictional limits, subject to the following conditions:

(a) The inspections are requested in writing by the owners or builders of the buildings to be inspected.

(b) The inspections are not done in lieu of inspections by another county, city, or town that has jurisdiction over the buildings to be inspected.

(c) (i) The county, city, or town powers of enforcement possessed as a result of building code enforcement certification by the department may not be exercised in conjunction with the requested inspections.

(ii) Similar powers of building code enforcement may not be contractually created or required by the requester and the inspecting jurisdiction.

(5) In situations in which buildings may be annexed into an inspecting city’s or town’s jurisdiction subsequent to a requested inspection, the city or town may not require owners or builders to have duplicative inspections of those buildings prior to annexation as a condition precedent to receiving any public services or utilities.”

Section 3. Section 50-60-301, MCA, is amended to read: “50-60-301. County, city, and town building codes authorized — health care facility and public health center doors — fee adjustment for model plans. (1) The local legislative body of a county, city, or town may adopt a building code to apply to the county, city, or town by an ordinance or resolution, as appropriate:

(a) adopting a building code; or

(b) authorizing the adoption of a building code by administrative action.

(2) (a) Except as provided in subsection (2)(b), a county, city, or town building code may include only codes adopted by the department.

(b) A county, city, or town may, as part of its building code or by town ordinance or resolution, adopt voluntary energy conservation standards for new construction for the purpose of providing incentives to encourage voluntary energy conservation. The incentive-based energy conservation standards adopted may exceed any applicable energy conservation standards contained in the state building code. New construction is not required to meet local standards that exceed state energy conservation standards unless the building contractor elects to receive a local incentive.
Any provision of a building code requiring the installation or maintenance of self-closing or automatic closing corridor doors to patient rooms does not apply to health care facilities, as defined in 50-5-101, or to a public health center, as defined in 7-34-2102.

(4) (a) When the same single-family dwelling plan is constructed at more than one site, the county, city, or town shall, after the first examination of the plan, adjust the required plan fee to reflect only the cost of reviewing requirements pertaining to the review of:

(i) zoning;
(ii) footings, foundations, and basements;
(iii) curbs;
(iv) gutters;
(v) landscaping;
(vi) utility connections;
(vii) street requirements;
(viii) sidewalks; and
(ix) other requirements related specifically to the exterior of the building.

(b) If a building contractor alters the single-family dwelling plan referred to in subsection (4)(a) in a fashion that substantially affects the building code requirements, the county, city, or town may impose the full examination fee permitted under 50-60-106."

Section 4. Section 50-60-802, MCA, is amended to read:

“50-60-802. Enforcement of energy code through builder self-certification. (1) Except as provided in subsection (2), a person who begins construction on a residential building in Montana after October 1, 1993, shall certify in writing to the building owner at the conclusion of construction that the residential building has been constructed in compliance with the energy-efficient construction standards adopted under the provisions of 50-60-203(1).

(2) A person who begins construction on a residential building in Montana after the effective date of this act shall certify in writing to the building owner at the conclusion of construction that the residential building has been constructed in compliance with the voluntary energy-efficient construction standards adopted by a county, city, or town with a building code enforcement program that has jurisdiction over the construction if the building meets or exceeds those standards."

   (d) other natural or artificial factors affecting its prospects of survival or recruitment within the state; or
   (e) any combination of the foregoing factors.

(2) All residential construction contracts that are subject to the provisions of this section must be in writing and must contain the following:

(a) a disclosure that the general contractor has a current general liability policy;

(b) a disclosure that the general contractor has a workers’ compensation policy or is an independent contractor without employees;

(c) a provision setting out the billing cycle establishing the payment schedule to be followed by the owner;

(d) a provision establishing procedures for handling change orders by the owner;

(f) a statement that the owner is entitled at the owner’s expense to have any inspections and tests conducted that the owner considers necessary; and

(g) a statement that the general contractor is providing an express warranty that is valid for a period of at least 1 year from completion of the construction project. The warranty must provide detailed descriptions of those components that are included or excluded from the warranty, the length of the warranty, and any specialty warranty provisions or time periods relating to certain components. CHAPTER NO. 303

[HB 475]

AN ACT RELATING TO ELECTRONIC-FORMAT RULES AND
RULEMAKING NOTICES, ELECTRONIC RULEMAKING SERVICES, AND
FEES FOR THOSE RULES, NOTICES, AND SERVICES CHARGED BY THE
SECRETARY OF STATE; AND AMENDING SECTIONS 2-4-305, 2-4-306,
2-4-311, AND 2-4-313, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-305, MCA, is amended to read:

“2-4-305. Requisites for validity — authority and statement of
reasons. (1) The agency shall fully consider written and oral submissions
respecting the proposed rule. Upon adoption of a rule, an agency shall issue a
concise statement of the principal reasons for and against its adoption,
incorporating in the statement the reasons for overruling the considerations
urged against its adoption. If substantial differences exist between the rule as
proposed and as adopted and the differences have not been described or set forth
in the adopted rule as that rule is printed in the register, the
differences must be described in the statement of reasons for and against agency
action. When written or oral submissions have not been received, an agency may
omit the statement of reasons.

(2) Rules may not unnecessarily repeat statutory language. Whenever it is
necessary to refer to statutory language in order to convey the meaning of a rule
interpreting the language, the reference must clearly indicate the portion of the
language that is statutory and the portion that is an amplification of the
language.

(3) Each proposed and adopted rule must include a citation to the specific
grant of rulemaking authority pursuant to which the rule or any part of the rule
is adopted. In addition, each proposed and adopted rule must include a citation
to the specific section or sections in the Montana Code Annotated that the rule
purports to implement. A substantive rule may not be proposed or adopted
unless:

(a) a statute granting the agency authority to adopt rules clearly and
specifically lists the subject matter of the rule as a subject upon which the
agency shall or may adopt rules; or
(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency’s notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section and unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules. An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(9) If a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, the proposal notice may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the
Section 2. Section 2-4-306, MCA, is amended to read:

"2-4-306. Filing, format, and adoption and effective dates — dissemination of emergency rules. (1) Each agency shall file with the secretary of state a copy of each rule adopted by it or a reference to the rule as contained in the proposal notice. A rule is adopted on the date that the adoption notice is filed with the secretary of state and is effective on the date referred to in subsection (4), except that if the secretary of state requests corrections to the adoption notice, the rule is adopted on the date that the revised notice is filed with the secretary of state.

(2) Pursuant to 2-15-401, the secretary of state may prescribe rules to effectively administer this chapter, including rules regarding the printed or electronic format, style, and arrangement for notices and rules that are filed pursuant to this chapter, and may refuse to accept the filing of any notice or rule that is not in compliance with this chapter and the secretary of state’s rules. The secretary of state shall keep and maintain a permanent register of all notices and rules filed, including superseded and repealed rules, that must be open to public inspection and shall provide copies of any notice or rule upon request of any person. Unless otherwise provided by statute, the secretary of state may require the payment of the cost of providing copies.

(3) If the appropriate administrative rule review committee has conducted a poll of the legislature in accordance with 2-4-403, the results of the poll must be published with the rule if the rule is adopted by the agency.

(4) Each rule is effective after publication in the register, as provided in 2-4-312, except that:

(a) if a later date is required by statute or specified in the rule, the later date is the effective date;

(b) subject to applicable constitutional or statutory provisions:

(i) a temporary rule is effective immediately upon filing with the secretary of state or at a stated date following publication in the register; and

(ii) an emergency rule is effective at a stated date following publication in the register or immediately upon filing with the secretary of state if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare. The agency’s finding and a brief statement of reasons for the finding must be filed with the rule. The agency shall, in addition to the required publication in the register, take appropriate and extraordinary measures to make emergency rules known to each person who may be affected by them.

(c) if, following written administrative rule review committee notification to an agency under 2-4-305(9), the committee meets and under 2-4-406(1) objects to all or some portion of a proposed rule before the proposed rule is adopted, the proposed rule or portion of the proposed rule objected to is not effective until the day after final adjournment of the regular session of the legislature that begins after the notice proposing the rule was published by the secretary of state, unless, following the committee’s objection under 2-4-406(1):

(i) the committee withdraws its objection under 2-4-406 before the proposed rule is adopted; or

(ii) the rule or portion of a rule objected to is adopted with changes that in the opinion of a majority of the committee members, as communicated in writing to
the committee presiding officer and staff, make it comply with the committee’s objection and concerns.

(5) An agency may not enforce, implement, or otherwise treat as effective a rule proposed or adopted by the agency until the effective date of the rule as provided in this section. Nothing in this subsection prohibits an agency from enforcing an established policy or practice of the agency that existed prior to the proposal or adoption of the rule as long as the policy or practice is within the scope of the agency’s lawful authority.”

Section 3. Section 2-4-311, MCA, is amended to read:

“2-4-311. Publication and arrangement of ARM. (1) The secretary of state shall compile, index, arrange, rearrange, correct errors or inconsistencies without changing the meaning, intent, or effect of any rule, and publish in the appropriate format all rules filed pursuant to this chapter in the ARM. The secretary of state shall supplement, revise, and publish the ARM or any part of the ARM as often as the secretary of state considers necessary. The secretary of state may include editorial notes, cross-references, and other matter that the secretary of state considers desirable or advantageous. The secretary of state shall publish supplements to the ARM at the times and in the form that the secretary of state considers appropriate.

(2) The ARM must be arranged, indexed, and published in a manner that permits separate publication of portions relating to individual agencies. An agency may make arrangements with the secretary of state for the printing of as many copies of the separate publications as it may require. The secretary of state may charge a fee for any printed electronic publications. The fee must be set and deposited in accordance with 2-15-405 and must be paid by the agency.”

Section 4. Section 2-4-313, MCA, is amended to read:

“2-4-313. Distribution, costs, and maintenance, and fees. (1) The secretary of state shall distribute copies of the ARM and supplements or revisions to the ARM to the following in an electronic format unless a hard copy is requested:

(a) attorney general, one copy;
(b) clerk of United States district court for the district of Montana, one copy;
(c) clerk of United States court of appeals for the ninth circuit, one copy;
(d) county commissioners or governing body of each county of this state, for use of county officials and the public, at least one but not more than two copies, which may be maintained in a public library in the county seat or in the county offices as the county commissioners or governing body of the county may determine;
(e) state law library, one copy;
(f) state historical society, one copy;
(g) each unit of the Montana university system, one copy;
(h) law library of the university of Montana-Missoula, one copy;
(i) legislative services division, two copies;
(j) library of congress, one copy;
(k) state library, one copy.

(2) The secretary of state, each county in the state, and the librarians for the state law library and the university of Montana-Missoula law library shall
maintain a complete, current set of the ARM, including supplements or revisions to the ARM. The designated persons shall also maintain the register issues published during the preceding 2 years. The secretary of state shall maintain a permanent set of the registers. An entity required by this section to maintain a copy or set of the ARM and supplements or revisions to it and a copy of the register complies with this section if it provides access to an electronic version of the current ARM and the current year’s issues of the register or the current year’s issue and register archives for the prescribed period of time.

(3) The secretary of state shall make printed or electronic copies of and subscriptions to the ARM and supplements or revisions to the ARM and the register available to any person for a fee set in accordance with subsection (6). Fees are not refundable.

(4) The secretary of state may charge agencies a filing fee for all material to be published in the ARM or the register.

(5) In addition to the fees authorized by 2-4-311 and 2-4-312 and other fees authorized by this section, the secretary of state may charge fees for internet or other computer-based services requested by state agencies, groups, or individuals.

(6) The secretary of state shall set and deposit the fees authorized in this section in accordance with 2-15-405.

CHAPTER NO. 305
[HB 488]
AN ACT REVISING TERRITORY TRANSFER LAWS RELATING TO
SCHOOL DISTRICTS; AMENDING SECTION 20-6-105, MCA; AND
PROVIDING AN IMMEDIATE EFFECTIVE DATE.
Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-6-105, MCA, is amended to read:

“20-6-105. Transfer of territory from one district to another — hearing on effects of proposed transfer — burden of proof — standard of proof — appeal to district court. (1) (a) Except as provided in 20-6-214, 20-6-215, 20-6-308, 20-6-322, and subsections (1)(b) and (1)(c) of this section, a petition to transfer territory from one school district to another may be presented to the county superintendent if:

(i) the petition is signed by 60% of the registered electors qualified to vote at general elections in the territory proposed for transfer;

(ii) the territory to be transferred is contiguous to the district to which it is to be attached, includes taxable property, and has school-age children living in it;

(iii) the territory to be transferred is not located within 3 miles, over the shortest practicable route, of an operating school in the district from which it is to be transferred; and

(iv) the board of trustees of the school district that would receive the territory has approved the proposed transfer by a resolution adopted by a majority of the members of the board of trustees at a meeting for which proper notice was given.

(b) A petition to transfer territory to or from a K-12 district may not be presented to a county superintendent unless both school boards and the county superintendents have agreed in writing.

(c) Registered voters within the exterior boundaries of school districts that consolidated during the years 2004 to 2008 may petition for changes in their boundaries under the law in effect on July 1, 2005.

(2) Once a petition to transfer territory has been filed, an additional petition to transfer that territory may not be filed for 4 years unless the county superintendents have agreed in writing.

(3) The petition for a transfer of territory must be delivered to the county superintendent and must:

(a) provide a legal description of the territory that is requested to be transferred and a description of the district to which the territory is to be transferred;

(b) state the reasons why the transfer is requested; and

(c) state the number of school-age children residing in the territory.

(4) If both the trustees of the receiving and transferring school districts have approved the proposed territory transfer in writing, the county superintendent shall grant the transfer.

(5) For any petition that meets the criteria specified in subsection (1) and contains the information required by subsection (3) but that has not been approved in writing by the board of trustees of the school district that would transfer the territory, the county superintendent shall:
(a) not more than 40 days after receipt of the petition, set a place, date, and time for a hearing to consider the petition; and

(b) give notice of the place, date, and time of the hearing. The notice must be posted in the districts affected by the petition for the transfer of territory in the manner prescribed in this title for notices for school elections, with at least one notice posted in the territory to be transferred. Notice must also be delivered to the board of trustees of the school district from which the territory is to be transferred.

(6) The county superintendent shall conduct a hearing as scheduled, and any resident, taxpayer, or representative of the receiving or transferring district must, upon request, be heard. At the hearing, the petitioners have the initial burden of presenting evidence on the proposed transfer’s effect on:

(a) the educational opportunity for the students in the receiving and transferring districts, including but not limited to:

(i) class size;

(ii) ability to maintain demographic diversity;

(iii) local control;

(iv) parental involvement; and

(v) the capability of the receiving district to provide educational services;

(b) student transportation, including but not limited to:

(i) safety;

(ii) cost; and

(iii) travel time of students;

(c) the economic viability of the proposed new districts, including but not limited to:

(i) the existence of a significant burden on the taxpayers of the district from which the territory will be transferred;

(ii) the significance of any loss in state funding for the students in both the receiving and transferring districts;

(iii) the viability of the future bonding capacity of the receiving and transferring districts, including but not limited to the ability of the receiving district and the transferring district to meet minimum bonding requirements;

(iv) the ability of the receiving district and the transferring district to maintain sufficient reserves; and

(v) the cumulative effect of other transfers of territory out of the district in the previous 8 years on the taxable value of the district from which the territory is to be transferred. In cases where the cumulative effect of other transfers of territory out of the district in the previous 8 years is equal to or greater than 25% of the district’s taxable value, the following additional factors must be considered and weighed in the decision:

(A) the district’s rate of passage of discretional levies placed before the voters over the previous 8 years;

(B) the district’s reduction or elimination of instructional staff or programs over the previous 8 years; and

(C) any increase in district taxes over the previous 8 years and the likely increase in district taxes if the transfer is granted.
(7) After receiving evidence from both the proponents and opponents of the proposed territory transfer on the effects described in subsection (6), the county superintendent shall, within 30 days after the hearing, issue findings of fact, conclusions of law, and an order.

(8) If, based on a preponderance of the evidence, the county superintendent determines that the evidence on the effects described in subsection (6) supports a conclusion that a transfer of the territory is in the best and collective interest of students in the receiving and transferring districts and does not negatively impact the ability of the districts to serve those students, the county superintendent shall grant the transfer. If the county superintendent determines that, based on a preponderance of the evidence presented at the hearing, a transfer of the territory is not in the best and collective interest of students in the receiving and transferring districts and will negatively impact the ability of the districts to serve those students, the county superintendent shall deny the territory transfer.

(9) The decision of the county superintendent is final 30 days after the date of the decision unless it is appealed to the district court by a resident, taxpayer, or representative of either district affected by the petitioned territory transfer. The county superintendent’s decision must be upheld unless the court finds that the county superintendent’s decision constituted an abuse of discretion under this section.

(10) Whenever a petition to transfer territory from one district to another district creates a joint district or affects the boundary of an existing joint district, the petition to transfer territory must be delivered to the county superintendent of the county in which the territory proposed to be transferred is located. The county superintendent shall notify any other county superintendents of counties with districts affected by the petition, and the duties prescribed in this section for the county superintendent must be performed jointly. If the number of county superintendents involved is an even number, the county superintendents shall jointly appoint an additional county superintendent from an unaffected county to join them in conducting the hearing required in subsection (6) and in issuing the decision required in subsection (8). The decision issued under subsection (8) must be made by a majority of the county superintendents.

(11) A petition seeking to transfer territory out of or into a K-12 district must propose the transfer of territory for both elementary and high school purposes. In the case of a proposed transfer out of or into a K-12 district, a petition that fails to propose the transfer of territory for both elementary and high school purposes is invalid for the purposes of this section.”

(b) Notwithstanding any other licensing provision contained in Montana law, every new motor vehicle dealer shall obtain a license under part 1 of this chapter.

(c) The obtaining of a license under Title 61, chapter 4, part 1, or this part conclusively establishes that a new motor vehicle dealer, manufacturer, distributor, or importer is subject to the laws of this state regulating new motor vehicle dealers, manufacturers, importers, and distributors.

(6) When an objection to a proposal to terminate or not continue a franchise or a proposal to enter into a franchise establishing an additional new motor vehicle dealership of the same line-make is made pursuant to 61-4-206, a replacement license or new license may not be issued under this section to any replacement dealer or new dealer until adjudication by the department of the written objection filed pursuant to 61-4-206 and the exhaustion of all appellate remedies available to the objector.”

Section 3. Section 61-4-204, MCA, is amended to read:

“61-4-204. Filing agreement — product liability. (1) A franchisee shall, at the time of application for a new motor vehicle dealer license under the provisions of 61-4-101, file with the department a certified copy of the franchisee’s written agreement with a manufacturer and a certificate of appointment as dealer or distributor. The certificate of appointment must be signed by an authorized agent of the manufacturer of domestic motor vehicles whenever there is a direct manufacturer dealer agreement or by an authorized agent of the distributor whenever the manufacturer is wholesaling through an appointed distributorship. The certificate must be signed by an authorized agent of the importer of foreign-made vehicles whenever there is a direct importer-dealer agreement or by an authorized agent of the distributor whenever there is an indirect distributor-dealer agreement. The distributor’s certificate of appointment must be signed by an authorized agent of the manufacturer of domestically manufactured motor vehicles or by an authorized agent of the manufacturer or importer of foreign-made motor vehicles.

(2) A franchisee need not file a written agreement or certificate of appointment if the manufacturer on direct dealerships or distributor on indirect dealerships or importer on direct dealerships uses the identical basic agreement for all its franchised dealers or distributors in this state and certifies in the certificate of appointment that the blanket agreement is on file and the written agreement with the particular dealer or distributor, respectively, is identical
with the filed blanket agreement and that the franchisee has filed with the department one agreement together with a list of franchised dealers or distributors.

(3) A manufacturer, distributor, or importer franchisor shall notify the department within 30 days of any revision of or addition to the basic agreement on file or of any franchise supplement to the agreement. Annual renewal of a certificate filed as provided in this section is not required.

(4) A manufacturer shall file with the department a copy of the delivery and preparation obligations required to be performed by a dealer prior to the delivery of a new motor vehicle to a buyer. These delivery and preparation obligations constitute the dealer’s only responsibility for product liability as between the dealer and the manufacturer. Any mechanical, body, or parts defects arising from an express or implied warranty of the manufacturer constitute the manufacturer’s product or warranty liability only. However, this section may not affect the obligations of new motor vehicle dealers to perform warranty repair and maintenance that may be required by law or contract. Except with regard to household appliances, including but not limited to ranges, refrigerators, and water heaters, in a recreational vehicle and except with regard to a truck rated at more than 10,000 pounds gross vehicle weight, the manufacturer shall compensate an authorized dealer for labor, parts, and other expenses incurred by a dealer who performs work to rectify the manufacturer’s product or warranty defect or for delivery and preparation obligations at the same rate and time the dealer charges to its retail customers for nonwarranty work of a like kind, based upon a published, nationally recognized, retail flat-rate labor time guide manual if the dealer uses the manual as the basis for computing charges for both warranty and retail work.

(5) (a) All claims made by the dealer pursuant to this section for compensation for delivery, preparation, warranty, and recall service, including labor, parts, and other expenses, and claims made for incentives must be paid by the manufacturer within 30 days of receipt of the claim from the dealer, except that a manufacturer of a motor home shall pay any claim within 60 days of receipt from the dealer.

(b) If a claim is disapproved, the dealer must be notified in writing of the grounds for disapproval. A claim that has not been disapproved in writing within 30 days of having been received must be considered approved, and payment is due to the claimant immediately. However, the manufacturer retains the right to audit a claim for a period of 12 months following the payment of the claim.

(c) A claim that has been approved and paid may not be charged back to the dealer unless the manufacturer proves that:

(i) the claim was false or fraudulent;

(ii) the repairs were not properly made; or

(iii) the repairs were not necessary to correct the defective condition.

(d) A manufacturer may not deny a claim or reduce the amount to be reimbursed to the dealer if the dealer has provided reasonably sufficient documentation demonstrating that the dealer performed the services in compliance with the written policies and procedures of the manufacturer. A manufacturer may not deny a claim based solely on a dealer’s incidental failure to comply with a specific claim processing requirement, such as a clerical error or other administrative technicality that does not put into question the legitimacy of the claim.
(6) Notwithstanding the terms of any agreement, the franchisor may not refuse to allocate, sell, or deliver motor vehicles, may not penalize a dealer, may not charge back or withhold payments or other things of value for which the dealer is otherwise eligible under a sales promotion, program, or contest, and may not prevent the dealer from participating in any promotion, program, or contest based on the dealer's selling of a motor vehicle to a customer who was present at the dealership and that the dealer did not know or could not have reasonably known that the motor vehicle would be shipped to a foreign country. There is a rebuttable presumption that the dealer did not know or could not have reasonably known that the vehicle would be shipped to a foreign country if the motor vehicle is titled in the United States.

(7) A franchisor may not recover or seek to recover any of its costs for compensating a dealer for warranty work, including labor and parts, or for the dealer's participation in incentives by imposing on the dealer any charge or surcharge to the wholesale price paid by the dealer to the franchisor for any product, including motor vehicles and parts.

(e) (8) A franchisor may reasonably and periodically audit a motor vehicle dealer to determine the validity of paid claims or chargebacks for customer or dealer incentives. An audit of incentive payments may apply only to the 18-month period immediately preceding the date on which the dealer was notified of an impending audit.

(9) A dealer has 60 days from the date of notification by a manufacturer of a denial or a chargeback to the dealer to resubmit a claim for payment or compensation if the claim was denied for a dealer's incidental failure as set forth in subsection (5)(d), regardless of whether the denial or chargeback was a direct or an indirect transaction.

(10) A dealer has 90 days after the expiration of a franchisor incentive program, or a longer time if provided by the franchise agreement, to submit a claim for payment or compensation under the program.

(11) Notwithstanding the terms of a franchise agreement or other contract with a dealer and except as provided in subsection (5)(c), after the expiration of 1 year after the date of payment of a motor vehicle claim or 1 year from the end of a program that does not exceed 1 year in length, whichever is later, a franchisor may not:

(a) charge back to a dealer, whether directly or indirectly, the amount of a claim that has been approved and paid by the franchisor under an incentive program;

(b) charge back to a dealer, whether directly or indirectly, the cash value of a prize or other thing of value awarded to the dealer under an incentive program; or

(c) audit the records of a dealer to determine compliance with the terms of an incentive program.

(12) Subsection (11) does not prohibit a franchisor from making chargebacks to a dealer for fraud at any time as permitted by subsection (5)(c).

(6) (13) The dealer shall furnish the purchaser of a new motor vehicle with a signed copy of the manufacturer's delivery and preparation requirements indicating that each of those requirements has been performed.”

Section 4. Section 61-4-205, MCA, is amended to read:

“61-4-205. Limitations on cancellation and termination. (1) Notwithstanding the terms, provisions, or conditions of any agreement or
franchise, a franchisor may not cancel, terminate, or refuse to continue a franchise unless the franchisor has cause for termination or noncontinuance.

(2) A franchisor may not enter into a franchise for the purpose of establishing an additional new motor vehicle dealership in any community in which the same line-make is then represented unless there is good cause for an additional new motor vehicle dealership under a franchise and it is in the public interest.

(3) If a franchisor seeks to terminate or not continue a franchise or seeks to enter into a franchise establishing an additional new motor vehicle dealership of the same line-make, the franchisor shall, not less than 60 days prior to the intended action, and the franchisee may, at any time, file a notice with the department of intention to terminate or not continue the franchise or to enter into a franchise for additional representation of the same line-make. A notice of intention to terminate or not continue a franchise is not required from a franchisor until the conclusion of any review proceeding of that intention offered to the franchisee under the franchise. This section does not apply to an intended termination or noncontinuance of a franchise that the franchisee elects voluntarily, pursuant to a plan established by a franchisor, to submit to binding arbitration.

(4) Upon receiving a notice of intention under the provisions of subsection (3), the department shall, within 5 days of receipt of a notice of intention, send by certified mail, with return receipt requested, a copy of the notice to the franchisor and to the franchisee whose franchise the franchisor seeks to establish, terminate, or not continue. If the notice states an intent to establish an additional new motor vehicle dealership, a copy of the notice must be sent within 5 days of receipt to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. Copies of notices must be addressed to the principal place of business of each recipient and to the statutory agent of each corporate recipient. The department may also give a copy of the franchisor's notice to any other parties whom the department may consider interested persons.

(5) In instances where the change in ownership has the effect of the sale of the franchise, the franchisor may not without good cause withhold its consent to the sale. Good cause relates only to the transferee's financial and managerial capabilities or to the inability of the transferee to comply with a state or federal law relating to new motor vehicle dealerships. The burden of establishing good cause is upon the franchisor.

(6) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, in the event of the sale or transfer of ownership of the franchisee's dealership by sale or transfer of the business or by stock transfer to the dealer's or wholesaler's spouse, son, or daughter or child, the franchisor shall give effect to the sale or transfer of ownership in the franchise unless the transfer of the franchisee's new motor vehicle dealer's or wholesaler's license is denied or the new owner is unable to obtain a license under the laws of this state.

(7) If a franchisor enters into or attempts to enter into a franchise, whether upon termination or refusal to continue another franchise or upon the establishment of an additional new motor vehicle dealership in a community where the same line-make is then represented, without first complying with the provisions of this part, a license under Title 23 or 61-4-101 may not be issued to that franchisee or proposed franchisee to engage in the business of selling new motor vehicles manufactured or distributed by that franchisor.
(8) A franchisor shall, unless a new franchisor of the line-make continues or replaces the dealer's franchise under subsection (10), compensate the dealer as provided in subsection (9) if the franchisor renders itself incapable of performing under a franchise agreement or renders a distributor incapable of performing under a franchise agreement by:

(a) selling or otherwise transferring some or all of the assets essential to the manufacture or distribution of the line-make covered by the franchise agreement;
(b) ceasing production of the line-make; or
(c) terminating, canceling, or not renewing the distributor's rights to distribute the line-make.

(9) (a) A franchisor considered incapable of performing under subsection (8) shall compensate the affected dealer in an amount equal to the greater of:

(i) the actual pecuniary loss that the dealer and its owners suffered as a result of the termination, cancellation, or failure to renew; or
(ii) the higher of the fair market value of the franchise on the following dates:
   (A) the effective date of the termination, cancellation, or failure to renew;
   (B) the date 1 year prior to the effective date of termination, cancellation, or failure to renew; or
   (C) the day prior to the date on which the franchisor announces the action that results in the termination, cancellation, or failure to renew.

(b) The compensation required by this subsection (9) must be paid to the dealer within 30 days of the affected parties' mutual agreement in writing as to the amount of the compensation. If an agreement on compensation is not reached within 90 days of the effective date of the termination, cancellation, or failure to renew, an affected dealer may bring an action for a determination of the amount of compensation due and for recovery of that amount, plus costs and attorney fees.

(10) If, as a result of any of the circumstances described in subsection (8), an entity other than the original manufacturer or distributor of a line-make becomes the manufacturer or distributor for the line-make and intends to distribute motor vehicles of that line-make in this state, the entity shall honor the franchise agreements of the original franchisor and its dealers or offer those dealers a new franchise agreement for the line-make on substantially similar terms and conditions.

(11) The franchisor that is terminating, canceling, or not renewing a franchise agreement pursuant to subsection (8) shall:

(a) authorize the franchisee or another new motor vehicle dealer of the franchisor in the area to continue servicing and supplying parts, including service and parts pursuant to a warranty issued by the franchisor for any goods or services marketed by the franchisee pursuant to the motor vehicle franchise for a period of not less than 5 years from the effective date of the termination, cancellation, or nonrenewal; and

(b) continue to reimburse the franchisee or another new motor vehicle dealer of the franchisor in the area for warranty parts and service in an amount and on terms not less favorable than those in effect prior to the termination, cancellation, or nonrenewal.

(12) The franchisor shall continue to supply the franchisee whose agreement is terminated, canceled, or not renewed pursuant to subsection (8) or another new motor vehicle dealer of the franchisor in the area with replacement parts for any
goods or services marketed by the franchisee pursuant to the franchise agreement for a period of not less than 5 years from the effective date of the termination, cancellation, or nonrenewal at the same price and terms as the franchisor supplies the parts, goods, or services to the remaining franchisees of the franchisor or if there are not any remaining franchisees, at a price and on terms not less favorable than those in effect prior to the termination, cancellation, or nonrenewal.

(13) If the franchisee continues to service motor vehicles and sell parts after the termination, cancellation, or nonrenewal of the franchise agreement pursuant to subsection (8), the compensation paid to the franchisee pursuant to subsection (9) must be reduced to the extent, if any, of the fair market value of the right to continue to service motor vehicles and sell parts as of the effective date of the termination, cancellation, or nonrenewal.”

Section 5. Section 61-4-207, MCA, is amended to read:

“61-4-207. Determination of good cause. (1) In determining whether good cause has been established for terminating or not continuing a franchise, the department shall take into consideration the existing circumstances, including but not limited to:

(a) amount of business transacted by the franchisee in relation to the market;

(b) investment necessarily made and obligations incurred by the franchisee in the performance of the franchisee’s part of the franchise;

(c) permanency of the investment;

(d) whether it is injurious to the public welfare for the business of the franchisee to be discontinued;

(e) whether the franchisee has adequate new motor vehicle facilities, equipment, parts, and qualified management, sales, and service personnel to reasonably provide consumer care for the new motor vehicles sold at retail by the franchisee and any other new motor vehicle of the same line-make;

(f) whether the franchisee refuses to honor warranties of the franchisor to be performed by the franchisee if the franchisor reimburses the franchisee for warranty work performed by the franchisee pursuant to this part; and

(g) except as provided in subsection (2), failure by the franchisee to substantially comply with the written and uniformly applied requirements of the franchise that are determined by the department to be reasonable and material actions by the franchisee that result in a material breach of the written and uniformly applied requirements of the franchise that are determined by the department to be reasonable and material; and

(h) the enforceability of the franchise from a public policy standpoint, including issues of the reasonableness of the franchise’s terms and the parties’ relative bargaining power.

(2) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, the following do not constitute good cause for the termination or noncontinuance of a franchise:

(a) a change in ownership of the franchisee’s dealership; or

(b) the fact that the franchisee refused to purchase or accept delivery of a new motor vehicle, part, accessory, or any other commodity or service not ordered by the franchisee;
(c) the failure of a franchisee to change location of the dealership or to make substantial alterations to the use or number of franchises or the dealership premises or facilities; or

(d) the desire of a franchisor or a franchisor’s representative for market penetration.

(3) In determining whether good cause has been established for entering into an additional franchise for the same line-make, the department shall take into consideration the existing circumstances, including but not limited to:

(a) amount of business transacted by other franchisees of the same line-make in that community;

(b) investment necessarily made and obligations incurred by other franchisees of the same line-make in that community in the performance of their part of their franchises; and

(c) whether the franchisees of the same line-make in that community are providing adequate consumer care, including satisfactory new motor vehicle dealer sales and service facilities, equipment, parts supply, and qualified management, sales, and service personnel, for the new motor vehicle products of the line-make.”

Section 6. Section 61-4-208, MCA, is amended to read:

“61-4-208. Prohibited acts. (1) A manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of the persons or entities listed may not:

(a) coerce, attempt to coerce, or require a new motor vehicle dealer or transferee of a new motor vehicle dealer to:

(i) accept delivery of a new motor vehicle, a part, or an accessory for a new motor vehicle or any other commodity that has not been ordered by the new motor vehicle dealer or transferee of a new motor vehicle dealer;

(ii) participate in or contribute to any local, regional, or national advertising fund or to participate in or to contribute to contests, giveaways, or other sales devices;

(iii) change location of the dealership or to make substantial alterations to the use or number of franchises or the dealership premises or facilities when to do so would be unreasonable, or without written assurance of a sufficient supply of new motor vehicles that would justify an expansion;

(iv) either establish or maintain exclusive facilities, personnel, or display space or to abandon an existing franchise relationship with another manufacturer that was established before April 8, 1997, when those requirements are not justified by reasonable business considerations; in order to keep or enter into a franchise agreement or to participate in any program discount, credit, rebate, or sales incentive;

(v) require, coerce, or attempt to coerce a new motor vehicle dealer or transferee of a new motor vehicle dealer to refrain from participation in the management of, investment in, or acquisition of any other line-make of new motor vehicle or related products, as long as the new motor vehicle dealer or transferee of a new motor vehicle dealer maintains a reasonable line of credit for each franchise and the new motor vehicle dealer or transferee of a new motor vehicle dealer remains in substantial compliance with reasonable facilities requirements. The reasonable facilities requirements may not include any
requirement that a new motor vehicle dealer or transferee of a new motor vehicle dealer establish or maintain exclusive facilities, personnel, or display space.

(v) refrain from participation in the management of, investment in, or acquisition of any other line of new motor vehicle or related products if the new motor vehicle dealer or transferee of a new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicles and remains in compliance with any reasonable capital standards and facility requirements of the manufacturer; or

(vi) enter into an agreement with a manufacturer, factory branch, distributor, distributor branch, or representative of the listed persons or entities or do any other act unfair to the new motor vehicle dealer or transferee of a new motor vehicle dealer by:

(A) threatening to cancel or not renew a franchise existing between the manufacturer, factory branch, distributor, distributor branch, or representative of the listed persons or entities and the new motor vehicle dealer or transferee of a new motor vehicle dealer; or

(B) threatening to withhold, delay, or disrupt the receipt of new motor vehicles or any motor vehicle parts or supplies ordered by the new motor vehicle dealer or transferee of a new motor vehicle dealer from the manufacturer, factory branch, distributor, distributor branch, importer, or representative or agent of the listed entities;

(b) delay, refuse, or fail to deliver new motor vehicles in a reasonable time in a reasonable quantity relative to the new motor vehicle dealer's or transferee of a new motor vehicle dealer's facilities and sales potential after accepting an order from a new motor vehicle dealer or transferee of a new motor vehicle dealer if the new motor vehicles are publicly advertised as being available for immediate delivery; or

(c) impose unreasonable restrictions on the assertion of legal or equitable rights on the new motor vehicle dealer or transferee of a new motor vehicle dealer or franchise of a new motor vehicle dealer or transferee of a new motor vehicle dealer regarding transfer; sale; right to renew; termination; discipline; noncompetition covenants; site control, whether by sublease, collateral pledge of lease, or otherwise; or compliance with subjective standards; or

(d) notwithstanding the terms, provisions, or conditions of any agreement or franchise, use or consider the new motor vehicle dealer's or transferee of a new motor vehicle dealer's performance relating to the sale of new motor vehicles or ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of new motor vehicles, parts, or service contracts in determining:

(i) eligibility to purchase program, certified, or other used motor vehicles;

(ii) the volume, type, or model of program, certified, or other used motor vehicles the new motor vehicle dealer or transferee of a new motor vehicle dealer is eligible to purchase;

(iii) the price or prices of any program, certified, or other used motor vehicles that the new motor vehicle dealer or transferee of a new motor vehicle dealer is eligible to purchase; or

(iv) the availability or amount of any discount, credit, rebate, or sales incentive that the new motor vehicle dealer or transferee of a new motor vehicle dealer is eligible to receive for the purchase of any program, certified, or other used motor vehicles.
There is no violation of subsection (1)(a)(iii) or (1)(b) if a failure on the part of the manufacturer, factory branch, distributor, or distributor branch is beyond the control of the listed persons or entities.

(3) (a) Except as provided in subsection (3)(b) or (3)(c), a manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities may not own or operate, directly or indirectly, a motor vehicle dealership in Montana that is for sale or has been for sale under a franchise agreement with a new motor vehicle dealer in Montana.

(b) If there is no independent person available to own and operate a motor vehicle dealership in a manner that is consistent with the public interest, a manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities may own and operate a motor vehicle dealership for a temporary period, not to exceed 1 year, during the transition from one owner of the dealership to another. Approval of the sale may not be unreasonably withheld by the manufacturer.

(c) A manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities may own an interest in a motor vehicle dealership but may not operate the dealership unless a manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities has a bona fide business relationship with an independent person who is not a franchisor or a franchisor’s agent or affiliate, who has made an investment that is subject to loss in the dealership, and who reasonably expects to acquire full ownership of the dealership on reasonable terms and conditions.”

Section 7. Section 61-4-210, MCA, is amended to read:

“61-4-210. Penalties — administrative penalties. (1) Except as provided in subsection (2), a person who violates any provision of this part is guilty of a misdemeanor and upon conviction shall be fined not less than $500 or more than $1,000 for each violation. Each day that a violation continues or occurs constitutes a separate violation.

(2) A manufacturer on direct dealerships, distributor on indirect dealerships, or importer on direct dealerships who has filed with the department an agreement used by all its franchisees in this state together with a list of all such franchisees and who fails to notify the department within 30 days of any revision, change, or addition thereto is guilty of a misdemeanor and upon conviction shall be fined not to exceed $500.

(3) If any new motor vehicle dealer or transferee of a new motor vehicle dealer incurs pecuniary loss due to a violation of this part by a manufacturer, distributor, importer, or factory branch or representative or agent thereof of the listed persons or entities, the new motor vehicle dealer or transferee of a new motor vehicle dealer may recover damages therefor in a court of competent jurisdiction in an amount equal to three times the pecuniary loss, together with costs including reasonable attorney’s fees.

(4) In addition to any other penalty provided for in this part, the department may take appropriate enforcement action on its own initiative in accordance with the contested case procedures of Title 2, chapter 4. A person who violates
the provisions of this part may be subject to administrative action and a civil penalty not to exceed $500 for each violation.

Section 8. Damage notice. (1) Except as provided in subsection (2), a franchisor is required:

(a) to disclose in writing to a new motor vehicle dealer damage to a new motor vehicle delivered to the new motor vehicle dealer if the damage is known to the franchisor and repaired, the damage occurred after the manufacturing process is complete but before delivery to the new motor vehicle dealer, and the damage exceeds 5% of the franchisor’s suggested retail price as calculated at the rate of the new motor vehicle dealer’s authorized warranty rate for labor and parts; and

(b) to disclose in writing to a purchaser of the new motor vehicle before entering into a sales contract that the new motor vehicle has been damaged and repaired if the damage to the new motor vehicle exceeds 5% of the franchisor’s suggested retail price as calculated at the rate of the new motor vehicle dealer’s authorized warranty rate for labor and parts.

(2) Disclosure is not required for any glass, tires, or bumper of a new motor vehicle if the damaged item has been replaced with original or comparable equipment.

(3) If disclosure is not required under subsection (2), a purchaser may not revoke or rescind a sales contract due solely to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(4) For purposes of this section, “franchisor’s suggested retail price” means the retail price of the new motor vehicle suggested by the franchisor, including the retail delivered price suggested by the franchisor for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the franchisor for the new motor vehicle.

Section 9. Codification instruction. [Section 8] is intended to be codified as an integral part of Title 61, chapter 4, and the provisions of Title 61, chapter 4, apply to [section 8].

Section 10. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 11. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 309

[HB 635]

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-2-705, MCA, is amended to read:
33-2-705. Report on premiums and other consideration — tax. (1) Each authorized insurer and each formerly authorized insurer with respect to premiums received while an authorized insurer in this state shall file with the commissioner, on or before March 1 each year, a report in a form prescribed by the commissioner showing total direct premium income, including policy, membership, and other fees, premiums paid by application of dividends, refunds, savings, savings coupons, and similar returns or credits to payment of premiums for new or additional or extended or renewed insurance, charges for payment of premium in installments, and all other consideration for insurance from all kinds and classes of insurance, whether designated as a premium or otherwise, received by a life insurer or written by an insurer other than a life insurer during the preceding calendar year on account of policies covering property, subjects, or risks located, resident, or to be performed in Montana, with proper proportionate allocation of premium as to property, subjects, or risks in Montana insured under policies or contracts covering property, subjects, or risks located or resident in more than one state, after deducting from the total direct premium income applicable cancellations, returned premiums, the unabsorbed portion of any deposit premium, the amount of reduction in or refund of premiums allowed to industrial life policyholders for payment of premiums direct to an office of the insurer, all policy dividends, refunds, savings, savings coupons, and other similar returns paid or credited to policyholders with respect to the policies. As to title insurance, “premium” includes the total charge for the insurance. A deduction may not be made of the cash surrender values of policies. Considerations received on annuity contracts may not be included in total direct premium income and are not subject to tax.

(2) Coincident with the filing of the tax report referred to in subsection (1), each insurer shall pay to the commissioner a tax upon the net premiums computed at the rate of 2 3/4%.

(3) That portion of the tax paid under this section by an insurer on account of premiums received for fire insurance must be separately specified in the report as required by the commissioner, for apportionment as provided by law. When insurance against fire is included with insurance of property against other perils at an undivided premium, the insurer shall make a reasonable allocation from the entire premium to the fire portion of the coverage as must be stated in the report and as may be approved or accepted by the commissioner.

(4) With respect to authorized insurers, the premium tax provided by this section must be payment in full and in lieu of all other demands for any and all state, county, city, district, municipal, and school taxes, licenses, fees, and excises of whatever kind or character, excepting only those prescribed by this code, taxes on real and tangible personal property located in this state, and taxes payable under 50-3-109.

(5) Insurers paying a premium tax under subsection (2) and holding a certificate pursuant to Title 90, chapter 10, may redeem the certificate under the terms of 90-10-301 as a credit against the premium tax after excluding the portion of premiums identified in subsection (3).

(6) The commissioner may suspend or revoke the certificate of authority of any insurer that fails to pay its taxes as required under this section.

(7) In addition to the penalty provided for in subsection (6), the commissioner may impose upon an insurer who fails to pay the tax required under this section a fine of $100 plus interest on the delinquent amount at the annual interest rate of 12%.
The commissioner may by rule provide a quarterly schedule for payment of portions of the premium tax under this section during the year in which tax liability is accrued.”

Section 2. Section 90-1-112, MCA, is amended to read:

“90-1-112. Policy — purpose. (1) It is the policy of this state to:

(a) strengthen the foundations of the state’s business environment and diversify and expand existing economic endeavors to achieve long-term economic stability;

(b) cooperate with business enterprises, local governments, other public organizations, and the federal government and use all practical means and measures, including financial and technical assistance, to:

(i) establish an economic climate in which the state’s natural resources and agricultural operations remain constant contributors to the state’s economic welfare;

(ii) articulate a coherent economic development vision for the future; and

(iii) take a proactive role to ensure that Montana has the flexibility and resources to be an effective competitor in the changing global marketplace.

(2) The purpose of 2-15-218, 2-15-219, and 90-1-112 through 90-1-114, and Title 90, chapter 10, is to provide a vision and a direction through the development of strategies and initiatives to ensure that the state’s role in expanding the economy takes place in an orderly and effective manner.”

[SB 292]

AN ACT PROVIDING FOR A REDUCED SEVERANCE TAX RATE ON COAL RECOVERED FROM A STRIP MINE BY AUGER MINING; AMENDING SECTIONS 15-35-102 AND 15-35-103, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-35-102, MCA, is amended to read:

"15-35-102. Definitions. As used in this chapter, the following definitions apply:

(2) "Auger mining" means the method of recovering coal by boring with an auger into a coal bed prepared by strip-mining excavations or in naturally sloping terrain. Auger mining is used when the ratio of overburden to coal does not allow the economical recovery of coal.

(2)(a) "Base consumption level" for a purchaser, except as provided in subsection (2)(b), applies only for the term of an agreement in effect as of December 31, 1984, and means the lesser of:

(i) the volume of coal purchased during calendar year 1986 from all Montana coal mine operators; or

(ii) the greater of:

(A) the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators; or

(B) 90% of the maximum tonnage provided for in any agreement executed prior to January 1, 1985, for which the highest scheduled minimum quantity of coal stipulated by the terms of the agreement as they existed on January 1, 1985, has not been purchased at any time during the term of the agreement, plus the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators under all other agreements.

(b) If the volume calculated in subsection (2)(a)(i) is less than one-third of the volume calculated in subsection (2)(a)(ii), the base consumption level is the lesser of:

(i) the volume of coal purchased during calendar year 1986 from all Montana coal mine operators; or

(ii) the greater of:

(A) the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators; or

(B) 90% of the maximum tonnage provided for in any agreement executed prior to January 1, 1985, for which the highest scheduled minimum quantity of coal stipulated by the terms of the agreement as they existed on January 1, 1985, has not been purchased at any time during the term of the agreement, plus the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators under all other agreements.

(b) If the amount calculated in subsection (3)(a)(ii) is less than one-third of the amount calculated in subsection (3)(a)(i), the base production level is the lesser of:

(i) the arithmetic average volume of coal produced in Montana and sold to a purchaser in calendar years 1983 and 1984; or

(ii) the volume of coal produced in Montana and sold to a purchaser in 1986.

(b) If the amount calculated in subsection (3)(a)(ii) is less than one-third of the amount calculated in subsection (3)(a)(i), the base production level is the lesser of:

(i) the arithmetic average volume of coal produced in Montana and sold to a purchaser in calendar years 1983 and 1984; or

**Department** means the department of revenue.

**Energy conversion process** includes any process by which coal in the solid state is transformed into slurry, gas, electrical energy, or any other form of energy.

**Incremental production** means that quantity of coal produced annually by a coal mine operator and sold to a qualified purchaser that exceeds the base production level of the coal mine operator for that purchaser, but only to the extent the quantity of coal exceeds that purchaser's base consumption level from all Montana producers.

**Produced** means severed from the earth.

**Purchaser** means a person who purchases or contracts to purchase Montana coal directly from a coal mine operator or indirectly from a broker and who utilizes that coal in any industrial, commercial, or energy conversion process. A coal broker or any other third party intermediary is not a purchaser under the provisions of this chapter.

**Qualified purchaser** means a purchaser whose purchases of Montana coal in any given year exceed the purchaser's base consumption level. A purchaser of Montana coal who enters into a coal agreement with another purchaser or a broker that causes a reduction in the base consumption level of a purchaser is not a qualified purchaser.

**Strip mining** is defined in 82-4-203 and includes “surface mining”.

**Taxes paid on production** includes any tax paid to the federal, state, or local governments upon the quantity of coal produced as a function of either the volume or the value of production and does not include any tax upon the value of mining equipment, machinery, or buildings and lands, any tax upon a person's net income derived in whole or in part from the sale of coal, or any license fee.

**Ton** means 2,000 pounds.

</tr>
</tbody>

(2) “Value” means the contract sales price.
(3) A person is not liable for any severance tax upon 50,000 tons of the coal that the person produces in a calendar year, except that if more than 50,000 tons of coal are produced in a calendar year, the producer is liable for severance tax upon all coal produced in excess of the first 20,000 tons.

(2) control persons of the applicant if the control persons are individuals; and

(3) individuals that control, directly or indirectly, the election of 25% or more of the members of the board of directors of the entity.

Section 13. Section 32-9-116, MCA, is amended to read:

(c) a statement as to whether the applicant is under investigation, has been convicted of or pleaded guilty to any felony or criminal offense involving fraud or dishonesty, or has been subject to any adverse civil judgment for any conduct involving fraudulent or dishonest dealing.

(2) The department shall investigate each applicant. The investigation shall include a criminal records check based on the fingerprints of the applicant and a civil records check. The department shall require each applicant to file a set of the applicant’s fingerprints, taken by a law enforcement agency, and any other information necessary to complete a statewide and nationwide criminal check with the criminal investigation bureau of the department of justice for state processing and with the federal bureau of investigation for federal processing. All costs associated with the criminal history check are the responsibility of the applicant. Criminal history records provided to the department under this section are confidential and the department may use the records only to determine if the applicant is eligible for licensure. If an investigation outside this state is necessary, the department may require the applicant to advance sufficient funds to pay the actual expenses of the investigation. The department may deny the application if the applicant’s criminal history demonstrates any felony criminal convictions or other convictions involving fraud or dishonesty or if the applicant has had any adverse civil judgments involving fraudulent or dishonest dealings.

(3) A mortgage loan originator may transact business only for an employing mortgage broker or one employing mortgage lender licensed in accordance with the provisions of this part. Each original license issued to a mortgage loan originator must be provided to and maintained by the employing mortgage broker or employing mortgage lender at the mortgage broker’s employing licensee’s main office. A copy of the mortgage loan originator’s license must be displayed at the office where that mortgage loan originator principally transacts business.

(4) If the employment of a mortgage loan originator is terminated, the mortgage broker or mortgage lender shall return the mortgage loan originator’s license to the department within 5 business days after the termination and remove sponsorship of the mortgage loan originator on the nationwide mortgage licensing system and registry within 5 business days of the termination. For a period of 6 months after the termination of employment, the mortgage loan originator may request the transfer of the license to another mortgage broker or mortgage lender by submitting a relocation application to the department, along with complying with the nationwide mortgage licensing system and registry procedures and paying a fee established by the department by rule. The return of the license to the department that is not transferred to another mortgage broker or mortgage lender terminates the right of the mortgage loan originator to engage in any residential mortgage loan origination activity until department nationwide mortgage licensing system and registry procedures have been followed to reinstate sponsorship of the license. The license of any mortgage loan originator that has been returned to the department removed from sponsorship...
and not transferred within 6 months of termination of employment must be canceled."

Section 14. Provisional licenses and previously licensed persons. An individual described in subsection (1)(b) may act as a designated manager under 32-9-122 and is not subject to any additional license fees for acting in the capacity of a designated manager. The fees set by the department must be commensurate with the costs of the program. Failure to submit required information or fees within the time prescribed means the license expires. The department may adopt procedures for reinstatement of expired licenses that are consistent with the standards established by the nationwide mortgage licensing system and registry.

(3) An application for renewal must be accompanied by evidence that the continuing education requirements provided for in 32-9-118 have been met and that there has not been a material change in the status of the licensee in the preceding 12 months. An application for renewal also must demonstrate that the licensee continues to meet the standards for licensure under this part and that the licensee has paid all fees for renewal of the license.

SECTION 1. NATURE OF RELATIONSHIP. In connection with this mortgage loan:

(1) (name of licensee) is acting as an independent contractor and not as your agent;

(2) (name of licensee) enters into separate independent contractor agreements with various lenders; and

(b) a government or governmental subdivision, agency, or instrumentality to the extent that it holds funds exclusively for a charitable purpose; and

(c) a trust that had both charitable and noncharitable interests, after all noncharitable interests have terminated.

(b) The term does not include:

(1) If the donor consents in a record, an institution may release or modify, in whole or in part, a restriction contained in a gift instrument or instrument of donor intent on the management, investment, or purpose of an institutional fund. A release or modification may not allow a fund to be used for a purpose other than a charitable purpose of the institution.

(2) The court, upon application of an institution, may modify a restriction contained in a gift instrument or instrument of donor intent regarding the management or investment of an institutional fund if the restriction has become impracticable or wasteful, if it impairs the management or investment of the fund, or if, because of circumstances not anticipated by the donor, a modification of a restriction will further the purposes of the fund. The institution shall notify the attorney general of the application, and the attorney general must be given an opportunity to be heard. To the extent practicable, any modification must be made in accordance with the donor’s probable intention.

(3) If a particular charitable purpose or a restriction contained in a gift instrument or instrument of donor intent on the use of an institutional fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the court, upon application of an institution, may modify the purpose of the fund or the restriction on the use of the fund in a manner consistent with the charitable purposes expressed in the gift instrument or instrument of donor intent. The institution shall notify the attorney general of the application, and the attorney general must be given an opportunity to be heard.

(4) If an institution determines that a restriction contained in a gift instrument or instrument of donor intent on the management, investment, or purpose of an institutional fund is unlawful, impracticable, impossible to achieve, or wasteful, the institution, 60 days after notification to the attorney general, may release or modify the restriction, in whole or part, if:

(a) the institutional fund subject to the restriction has a total value of less than $25,000; or

(b) more than 20 years have elapsed since the fund was established; and

(c) the institution uses the property in a manner consistent with the charitable purposes expressed in the gift instrument or instrument of donor intent.”

Section 3. Section 72-30-208, MCA, is amended to read:

“72-30-208. Standard of conduct in managing and investing institutional fund. (1) Subject to the intent of a donor expressed in a gift instrument or instrument of donor intent, an institution, in managing and investing an institutional fund, shall consider the charitable purposes of the institution and the purposes of the institutional fund.

(2) In addition to complying with the duty of loyalty imposed by law other than this chapter, each person responsible for managing and investing an institutional fund shall manage and invest the fund in good faith and with the
care an ordinarily prudent person in a like position would exercise under similar circumstances.

(3) In managing and investing an institutional fund, an institution:

(a) may incur only costs that are appropriate and reasonable in relation to the assets, the purposes of the institution, and the skills available to the institution; and

(b) shall make a reasonable effort to verify facts relevant to the management and investment of the fund.

(4) An institution may pool two or more institutional funds for purposes of management and investment.

(5) Except as otherwise provided by a gift instrument or instrument of donor intent, the following rules apply:

(a) In managing and investing an institutional fund, the following factors, if relevant, must be considered:

(i) general economic conditions;

(ii) the possible effect of inflation or deflation;

(iii) the expected tax consequences, if any, of investment decisions or strategies;

(iv) the role that each investment or course of action plays within the overall investment portfolio of the fund;

(v) the expected total return from income and the appreciation of investments;

(vi) other resources of the institution;

(vii) the needs of the institution and the fund to make distributions and to preserve capital; and

(viii) an asset’s special relationship or special value, if any, to the charitable purposes of the institution.

(b) Management and investment decisions about an individual asset must be made not in isolation but rather in the context of the institutional fund’s portfolio of investments as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the fund and to the institution.

(c) Except as otherwise provided by law other than this chapter, an institution may invest in any kind of property or type of investment consistent with this section.

(d) An institution shall diversify the investments of an institutional fund unless the institution reasonably determines that, because of special circumstances, the purposes of the fund are better served without diversification or unless

except the gift instrument or instrument of donor intent provides otherwise.

(e) Within a reasonable time after receiving property, an institution shall make and carry out decisions concerning the retention or disposition of the property or to rebalance a portfolio, in order to bring the institutional fund into compliance with the purposes, terms, and distribution requirements of the institution as necessary to meet other circumstances of the institution and the requirements of this chapter.
(f) A person that has special skills or expertise or is selected in reliance upon the person's representation that the person has special skills or expertise has a duty to use those skills or that expertise in managing and investing institutional funds."

Section 4. Section 72-30-209, MCA, is amended to read:

"72-30-209. Appropriation for expenditure or accumulation of endowment fund — rules of construction. (1) Subject to the intent of a donor expressed in the gift instrument or instrument of donor intent and to subsection (4), an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Unless stated otherwise in the gift instrument or instrument of donor intent, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution. In making a determination to appropriate or accumulate, the institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, and shall, in addition to considering the gift instrument or instrument of donor intent, consider, if relevant, the following factors:

(a) the duration and preservation of the endowment fund;
(b) the purposes of the institution and the endowment fund;
(c) general economic conditions;
(d) the possible effect of inflation or deflation;
(e) the expected total return from income and the appreciation of investments;
(f) other resources of the institution; and
(g) the investment policy of the institution.

(2) To limit the authority to appropriate for expenditure or accumulate under subsection (1), a gift instrument or instrument of donor intent must specifically state the limitation.

(3) Terms in a gift instrument or instrument of donor intent designating a gift as an endowment or a direction or authorization in the gift instrument or instrument of donor intent to use only "income", "interest", "dividends", or "rents, issues, or profits" or "to preserve the principal intact" or words of similar import:

(a) create an endowment fund of permanent duration unless other language in the gift instrument or instrument of donor intent limits the duration or purpose of the fund; and
(b) do not otherwise limit the authority to appropriate for expenditure or accumulate under subsection (1).

(4) The appropriation for expenditure in any year of an amount greater than 7% of the fair market value of an endowment fund, calculated on the basis of market values determined at least quarterly and averaged over a period of not less than 3 years immediately preceding the year in which the appropriation for expenditure was made, creates a rebuttable presumption of imprudence. For an endowment fund in existence for fewer than 3 years, the fair market value of the endowment fund must be calculated for the period the endowment fund has been in existence. This subsection does not:

(a) apply to an appropriation for expenditure permitted under law other than this chapter or by the gift instrument or instrument of donor intent; or
(b) create a presumption of prudence for an appropriation for expenditure of
an amount less than or equal to 7% of the fair market value of the endowment
fund.

Section 5. Section 72-30-210, MCA, is amended to read:

“72-30-210. Delegation of management and investment functions. (1)
Subject to any specific limitation set forth in a gift instrument, in an instrument
of donor intent, or in law other than this chapter, an institution may delegate to
an external agent the management and investment of an institutional fund to
the extent that an institution could prudently delegate under the circumstances. An institution shall act in good faith, with the care that an
ordinarily prudent person in a like position would exercise under similar
circumstances, in:

(a) selecting an agent;
(b) establishing the scope and terms of the delegation, consistent with the
purposes of the institution and the institutional fund; and
(c) periodically reviewing the agent’s actions in order to monitor the agent’s
performance and compliance with the scope and terms of the delegation.

(2) In performing a delegated function, an agent owes a duty to the
institution to exercise reasonable care to comply with the scope and terms of the
devlagation.

(3) An institution that complies with subsection (1) is not liable for the
decisions or actions of an agent to which the function was delegated.

(4) By accepting delegation of a management or investment function from an
institution that is subject to the laws of this state, an agent submits to the
jurisdiction of the courts of this state in all proceedings arising from or related to
the delegation or the performance of the delegated function.

(5) An institution may delegate management and investment functions to
its committees, officers, or employees as authorized by law of this state other
than this chapter.”

WHEREAS, Congressman Charlie Dent (R-PA) and Senator Bob Casey (D-PA) introduced a resolution creating a National Teen Driver Safety Week in response to several tragic crashes involving Pennsylvania high school students and the first annual National Teen Driver Safety Week was held October 15 through 20, 2007; and

WHEREAS, many people, especially teenagers, do not realize the consequences of driving while distracted and education is needed in order for teenagers to become more aware of the dangers they face while driving; and

WHEREAS, a national survey shows that two out of three teenagers use cell phone text messaging while driving, which has been found to increase the chances of a car accident by 50%; and

WHEREAS, other distractions while driving include talking on a cell phone, eating, dealing with personal hygiene, and adjusting music and, according to the federal government, more than 30% of all car crashes in the United States involve a distracted driver; and
WHEREAS, because 77% of fatal crashes involving 16-year-olds behind the wheel are caused by driver error, it is apparent that education could significantly lower the number of fatal car accidents; and

WHEREAS, officials say that teens’ inexperience and recklessness on the road have a lot to do with the deadly statistics; and

WHEREAS, 18 states, not including Montana, have focused on the specific problem of teen driving and cell phone text messaging while driving and have made text messaging while driving illegal; and

WHEREAS, since 2007, approximately 21 states have recognized National Teen Driver Safety Week and planned specific activities targeting teen drivers; and

WHEREAS, establishing a state Teen Driver Safety Day is an important tool for raising awareness about the tragedy of teen driver car crashes, will spark communication among teenagers, their parents, and civic leaders about the causes of and solutions to teen driver car crashes, and will encourage self-reflection by teen drivers.

AN ACT REVISING THE USE OF PORTABLE SCALES; REQUIRING PORTABLE SCALES TO BE USED ON ENGINEERED SITES; DEFINING “ENGINEERED SITE”; AND AMENDING SECTIONS 61-10-141 AND 61-10-144, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-141, MCA, is amended to read:

“61-10-141. Officers authorized to weigh vehicles and require removal of excessive loads — definition. (1) A peace officer, officer of the highway patrol, or employee of the department of transportation may weigh any vehicle regulated by 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110, except recreational vehicles, travel trailers, or motor homes, by means of either portable scales used on an engineered site or stationary scales. The peace officer, officer of the highway patrol, or employee of the department of transportation may require that the vehicle be driven to the nearest stationary scales or engineered site for use of portable scales if those stationary scales or an engineered site is within 2 miles.

(b) If it is determined in the weighing process that the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 have been exceeded, the peace officer, officer of the highway patrol, or employee of the department of transportation may then require the driver to
unload at a designated facility that portion of the load necessary to decrease the weight of the vehicle to conform to the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110. If the excess weight does not exceed 10,000 pounds, an excess weight permit may be issued in accordance with 61-10-121. The permit authorizes the driver of the excess weight load to proceed to a designated facility where the load can be safely reduced to legal limits.

(2) Commodities and material unloaded as required by this section must be cared for by the owner or operator of the vehicle at the risk of that owner or operator. Commodities or material unloaded as required by this section may not be left on the highway right-of-way.

(3) The department of transportation may establish, maintain, and operate weigh stations, either intermittently or on a continuous schedule, and may require vehicles, except passenger cars and pickup trucks under 14,000 pounds GVW and recreational vehicles that are not new or used recreational vehicles traveling into or through Montana for delivery to a distributor or a dealer, to enter for the purpose of weighing and inspection for compliance with all laws pertaining to their operation and safety requirements. The department may require vehicles over 10,000 pounds to be inspected and weighed by portable scale crews when the portable scales are used on an engineered site.

(4) For the purposes of this section, “engineered site” means:

(a) a turnout designed and constructed by the department of transportation that has indents in the pavement to level portable scales; or

(b) a site where leveling pads can be used in strict accordance with all of the manufacturer’s manuals and specifications.

Section 2. Section 61-10-144, MCA, is amended to read:

“61-10-144. Violation of standards — tolerance. (1) It is a misdemeanor for a person, firm, or corporation to violate any provision of 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110.

(2) The operator of a vehicle or combination of vehicles may move over the highways to the first open state stationary scale, permanent or portable scale on an engineered site, as defined in 61-10-141(4), without incurring the excess weight penalties set forth in 61-10-145 if the total gross weight of the vehicle or combination of vehicles does not exceed allowable total gross weight limitations by more than 10% and if the weight carried by any axle or combination of axles does not exceed the allowable axle weight limitations by more than 10%. If the vehicle or combination of vehicles is not in excess of the allowable total gross or axle weight limitations by more than 10%, the department may issue a single trip permit for the fee of $10, allowing the vehicle or combination of vehicles to move over the highways to the first facility where its load can be safely adjusted or to its destination. Violations of total gross or axle weight limitations in excess of 10% are subject to the fines provided in 61-10-145, and all loads in excess of 10% of the total gross or axle weight limitations:

(a) may be required to be adjusted or reduced to conform to the size and weight limitations before the vehicle or combination of vehicles is moved from the point of weighing; or

(b) may be issued a permit as authorized by 61-10-141.

(3) Farm vehicles transporting agricultural products from a harvesting combine or other harvesting machinery may be operated on any highway, except a highway that is part of the federal-aid interstate system, within a
100-mile radius of the harvested field to the point of first unloading without incurring excess weight penalties under 61-10-145 if the total gross weight of the farm vehicle or combination of vehicles does not exceed allowable weight limitations by more than 20% for each axle and the maximum load for each inch of tire width does not exceed 670 pounds. A single trip permit, as required in subsection (2), is not applicable to the farm vehicle or combination of vehicles. When a farm vehicle or combination of vehicles violates any of the provisions of this subsection, the fine or penalty imposed applies to that portion of the load above the legal limit.”

(b)(ii) administration of the district;

(c)(iii) the payment of principal and interest on any bonded or other indebtedness of the district; and

(d)(iv) the establishment or maintenance of any required reserves, including reserves needed for expenditures for depreciation and replacement of facilities, as may be determined necessary from time to time by the board or as covenanted in the ordinance or resolution authorizing the outstanding bonds of the district.

(b) A portion of the rate, fee, toll, rent, tax, or other charge provided for in subsection (2)(a) may be charged to the owner of an undeveloped lot, tract, or parcel to pay a share of the principal of and interest on bonded indebtedness issued to finance the capital cost of improvements to an existing water or sewer system, so long as the board makes findings in a resolution or ordinance of the district that demonstrate the improvements to the existing system to be financed by the bonded indebtedness confer a direct benefit on the lot, tract, or parcel.

(3) A person or entity may not use any facility without paying the rate established for the facility. In the event of nonpayment, the board may order the discontinuance of water or sewer service, or both, to the property and may require that all delinquent charges, interest, penalties, and deposits be paid before restoration of the service.
(4) (a) If the board has ordered discontinuance of service as provided in subsection (3) and the person or entity who received the service has not made full payment of all delinquent charges, interest, penalties, and deposits, then a district may elect to have its delinquent charges for water or sewer services collected as a tax against the property by following the procedures of this subsection (4). If a charge for services is due and payable in a fiscal year and is not paid by the end of the fiscal year, the general manager shall, by July 15 of the succeeding fiscal year, give notice to the owners of the property to which the service was provided. The notice must be in writing and:

(i) must specify the charges owed, including any interest and penalty;

(ii) must specify that the amount due must be paid by August 15 or it will be levied as a tax against the property;

(iii) must state that the district may institute suit in any court of competent jurisdiction to recover the amount due; and

(iv) may be served on the owner personally or by letter addressed to the post-office address of the owner as recorded in the county assessor's office.

(b) On September 1 of each year, the general manager shall certify and file with the county assessor a list of all property, including legal descriptions, on which arrearages remain unpaid. The list must include the amount of each arrearage, including interest and penalty. The county assessor shall assess the amount owed as a tax against each lot or parcel with an arrearage. If the property on which arrearages remain unpaid contains a mobile home, the amount owed must be assessed as a tax against the owner of the mobile home. If the mobile home for which arrearages remain unpaid is no longer on the property, the amount owed must be assessed as a tax against the property.

(5) In addition to collecting delinquent charges in the same manner as a tax, a district may bring suit in any court of competent jurisdiction to collect amounts due as a debt owed to the district.

(6) Notwithstanding any other section of part 22 or this part or any limitation imposed in part 22 or this part, when the board has applied for and received from the federal government any money for the construction, operation, and maintenance of facilities, the board may adopt a system of charges and rates to require that each recipient of facility services pays its proportionate share of the costs of operation, maintenance, and replacement and may require industrial users of facilities to pay the portion of the cost of construction of the facilities that is allocable to the treatment of that industrial user's wastes.

Section 7. Section 7-13-2302, MCA, is amended to read:

“7-13-2302. Levy of taxes to meet bond obligations and other expenses. (b) of the amount of money required to establish reasonable reserve funds for either purpose, together with a description of the lands benefited by the bonds, as stated by the board of directors in the resolution declaring the necessity to incur bonded indebtedness; and

(c) of the amount of money required by the district for any other purpose set forth in this section.

(2) The board of county commissioners of the county or city and county, annually, at the time and in the manner of levying other county or city and county taxes, shall:

(a) until any bonded debt is fully paid, levy upon the benefited lands and collect the proportionate share to be borne by the land located in their county of a tax sufficient for the payment of the bonded debt, to be known as the ...... district bond tax; and

(b) until all other expenses or claims are fully paid, levy upon all of the lands of the district and collect the proportionate share to be borne by the land located in their county of a tax sufficient for the payment of the bonded debt other expenses or claims, to be known as the ...... district water and/or sewer tax.

“17-5-305. Sale of bonds and debentures. The refunding bonds or debentures which may be issued under the provisions of this part shall be sold by the board of examiners in such a manner as the board considers to be in the best interests of the state, provided that:

(1) none thereof shall be sold at less than its par value; and

(2) however, if the state shall hold any bonds or debentures to be refunded by any such issue of refunding bonds or debentures as investments of institutional or other funds, the original bonds or debentures may be exchanged for the refunding bonds or debentures if such the exchange be is authorized by the proper state officers or board.”

Section 9. Section 17-5-803, MCA, is amended to read:

“17-5-803. Form — principal and interest — fiscal agent — bond registrar and transfer agent — deposit of proceeds. (1) Subject to the limitations contained in this part and in the bond act and in the furtherance of each bond act, bonds may be issued by the board upon request of the department. The bonds may be issued in the denominations and form, whether payable to bearer or registered as to principal or both principal and interest, with provisions for conversion or exchange, and for the issuance of temporary bonds bearing interest at a rate or rates, maturing at times not exceeding 30 years from date of issue, subject to redemption at earlier times and prices and on notice, and payable at the office of the fiscal agency of the state as the board determines.

(3) The board is authorized to employ a fiscal agent and a bond registrar and transfer agent to assist in the performance of its duties under this part.

(4) The board, in its discretion, is authorized to pay all costs of issuance of bonds, including without limitation rating agency fees, printing costs, legal fees, bank or trust company fees, costs to employ persons or firms to assist in the sale of the bonds, line of credit fees and charges, and all other amounts related to the costs of issuing the bonds from amounts available for these purposes in the general fund or from the proceeds of the bonds.

(5) All proceeds of bonds and notes issued under this part to pay the costs of a project must be deposited in the capital projects account or in a separate general obligation bond or note account created in the state special revenue fund established in 17-2-102, except that any premiums, unless used to pay the costs of issuance, and accrued interest received and the proceeds of refunding bonds or notes must be deposited in the debt service account.”

(2) Within 30 days after the hearing, the governing body of the municipality shall issue its decision. The decision is final 10 days after being filed with the municipal clerk. A copy of each revised rate schedule shall be filed with the public service commission upon final decision.”

Section 11. Section 75-5-1113, MCA, is amended to read:

“75-5-1113. Conditions on loans. (1) Upon approval of a project by the department, the department of natural resources and conservation may lend amounts on deposit in the revolving fund to a municipality or private person to pay part or all of the cost of a project or to buy or refinance an outstanding obligation of a municipality that was issued to finance a project. The loan is subject to the municipality or private person complying with the following conditions:

(a) meeting requirements of financial capability set by the department of natural resources and conservation to ensure sufficient revenue to operate and maintain the project for its useful life and to repay the loan, including the establishment and maintenance by the municipality of a reserve or revolving fund to secure the payment of principal of and interest on the loan to the extent permitted by the applicable law governing the municipality’s obligation;

(b) agreeing to operate and maintain the project properly over its structural and material design life, which may not be less than the term of the loan;

(c) agreeing to maintain proper financial records in accordance with generally accepted accounting standards and agreeing that all records are subject to audit;

(d) meeting the requirements listed in the federal act for projects constructed with funds directly made available by federal capitalization grants;
(e) providing legal assurance that all necessary property titles, easements, and rights-of-way have been obtained to construct, operate, and maintain the project;

(b) If the applicant is a disadvantaged community, as defined by rule, that has qualified for and applied for a loan subsidy, the department may determine that the last installment must be received not more than 30 years after the completion date of the project if the period of the loan does not exceed the expected design life of the project being financed.

(3) (a) Subject to the limitations of the federal act, the interest rate on a loan must ensure that the interest payments on the loan and on other outstanding loans will be sufficient, if paid timely and in full, with other available funds in the revolving fund, including investment income, to enable the state to pay the principal of and interest on the bonds issued pursuant to 75-5-1121.

(b) The interest rate must be determined as of the date the loan is authorized by the department of natural resources and conservation.

(c) The rate may include any additional rate that the department of natural resources and conservation considers reasonable or necessary to provide a reserve for the repayment of the loans. The additional rate may be fixed or variable or may be calculated according to a formula, and it may differ from the rate established for any other loan. Once the reserve has been established at a level considered by the department to be reasonable and prudent for the loans outstanding, the department may use excess reserve payments to make grants to aid in the feasibility of projects.

(4) Each loan must be evidenced by a bond, note, or other evidence of indebtedness of the municipality or private person, in a form prescribed or approved by the department of natural resources and conservation, except that the bond, note, or other evidence must include provisions required by the federal act and must be consistent with the provisions of this part. The bond, note, or other evidence is not required to be identical for all loans. The department of natural resources and conservation may require that loans to private persons be further secured by a mortgage and other security interests in the project that is being financed or other forms of additional security as considered necessary, including personal guarantees and letters of credit.

(5) As a condition to making a loan, the department of natural resources and conservation, with the concurrence of the department, may impose a reasonable administrative fee that may be paid from the proceeds of the loan or other available funds of the municipality or private person. Administrative fees may be deposited:

AN ACT ALLOWING A SCHOOL DISTRICT THAT HAS PROPERTY SUBJECT TO PENDING PROPERTY TAX PROTESTS TO WAIVE THE DISTRICT'S RIGHT TO RECEIVE ITS PORTION OF THE PROTESTED TAXES UPON SETTLEMENT OF THE TAX PROTEST; PROVIDING THAT A DISTRICT THAT HAS WAIVED ITS RIGHT TO RECEIVE ITS PORTION OF PROTESTED PROPERTY TAXES WILL HAVE ITS GUARANTEED TAX BASE DETERMINED ON PROPERTY VALUE THAT DOES NOT INCLUDE THE VALUE OF THE PROTESTED PROPERTY; AMENDING SECTION 15-1-402, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Exclusion of property subject to property tax protest — guarantee tax base — tax refund. (1) A school district that has property subject to pending property tax protests shall, prior to February 1 of each year, elect whether to waive the school district’s right to receive its portion of protested taxes for the previous year.

(2) If the school district elects to waive its right to its portion of the protested taxes, the district’s guaranteed tax base aid calculated under 20-9-366 must be determined based on the total taxable value of property in the school district that is not subject to a tax protest. Upon settlement or other resolution of the protest, the department is responsible for refunding protested taxes or paying any other costs due the protesting taxpayer and retaining any portion of protested taxes that would have been distributed to the school district for each year the school district has elected to waive receiving its portion of the protested taxes.

Section 2. Section 15-1-402, MCA, is amended to read:

“15-1-402. Payment of property taxes or fees under protest. (1) (a) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested.

(b) The protested payment must:

(i) be made to the officer designated and authorized to collect it;

(ii) specify the grounds of protest; and

(iii) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(e) If the protested property tax or fee is on property that is subject to central assessment pursuant to 15-23-101, the person shall report to the department the grounds of the protest and the amount of the protested payment for each county in which a protested payment was made. By November 1 of each year, the department shall mail a notice stating the requirements of this subsection (1)(c) to owners of property subject to central assessment under 15-23-101(1) and (2) who have filed a timely appeal under 15-1-211.

(2) A person appealing a property tax or fee pursuant to chapter 2 or 15, including a person appealing a property tax or fee on property that is subject to central assessment pursuant to 15-23-101(1) or (2), shall pay the tax or fee
under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) (a) Except as provided in subsection (4)(b), all property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state against property that is centrally assessed pursuant to 15-23-101 and any protested taxes in a school district that has elected to waive its right to protested taxes in a specific year pursuant to [section 1] must be remitted by the county treasurer to the department for deposit as provided in subsections (4)(b)(ii) through (4)(b)(iv).

(ii) The department shall deposit 50% of that portion of the funds levied for the university system pursuant to 15-10-107 and 15-10-108 in the state special revenue fund to the credit of the university system, and the other 50% of the funds levied pursuant to 15-10-107 and 15-10-108 must be deposited in a centrally assessed property tax state special revenue fund.

(iii) Fifty percent of the funds remaining after the deposit of university system funds must be deposited in the state general fund, and the other 50% must be deposited in a centrally assessed property tax state special revenue fund.

(iv) Fifty percent of the funds from a school district that has waived its right to protested taxes must be deposited in the state general fund, and the other 50% must be deposited in a school district property tax protest state special revenue fund.

(5) (a) Except as provided in subsection subsections (5)(b) and (5)(c), the governing body of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.
(b) The governing body of a taxing jurisdiction affected by the payment of taxes under protest on property that is centrally assessed pursuant to 15-23-101 in the first and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled. The decision in a previous year of a taxing jurisdiction to leave protested taxes of centrally assessed property in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled.

(c) The provisions of subsections (5)(a) and (5)(b) do not apply to a school district that has elected to waive its right to its portion of protested taxes for that specific year as provided in [section 1].

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest fund or the centrally assessed property tax state special revenue fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

(b) (i) If the action is finally determined adversely to the governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date of payment under protest. The department shall refund from the school district property tax protest state special revenue fund the protested portions of property taxes and interest to a taxpayer in a school district in which the school district has elected to waive its right to its portion of protested taxes for that specific year as provided in [section 1]. If the amount available for the refund in the school district property tax protest state special revenue fund is insufficient to refund the property tax payments, the department shall pay the remainder of the refund from the state general fund.

(ii) The taxing jurisdiction shall pay interest at the rate of interest earned by the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then to interest owed, and lastly to costs.

(d) (i) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible. The treasurer is not responsible for the amount required to be refunded by the state treasurer as provided in subsection (6)(b).

(ii) For an adverse protest action against the state for centrally assessed property, the department shall refund from the centrally assessed property tax
state special revenue fund the amount of protested taxes and from the state general fund the amount of interest as required in subsection (6)(b). The amount refunded for an adverse protested action from the centrally assessed property tax state special revenue fund may not exceed the amount of protested taxes or fees required to be deposited for that action pursuant to subsections (4)(b)(ii) and (4)(b)(iii) or, for taxes or fees protested prior to April 28, 2005, an equivalent amount of the money transferred to the fund pursuant to section 3, Chapter 536, Laws of 2005. If the amount available for the adverse protested action in the centrally assessed property tax state special revenue fund is insufficient to refund the tax payments to which the taxpayer is entitled and for which the state is responsible, the department shall pay the remainder of the refund proportionally from the state general fund and from money deposited in the state special revenue fund levied pursuant to 15-10-107 15-10-108.

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction, including the state, is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the rate referred to in subsection (6)(b) from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus 4 percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction, except the state, may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;
(b) the general fund or any other funds legally available to the governing body; and
(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of $5 or less, a refund is not owed.”

Section 3. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 15, chapter 1, part 4, and the provisions of Title 15, chapter 1, part 4, apply to [section 1].

[HB 585]

AN ACT PROMOTING MONTANA’S FAMILY HUNTING HERITAGE BY CREATING NONRESIDENT COMBINATION HUNTING LICENSES THAT MAY BE USED BY ADULT NONRESIDENT FAMILY MEMBERS WHO WISH TO RETURN TO MONTANA TO HUNT WITH A SPONSOR OR
FAMILY MEMBER; ESTABLISHING THE TERMS AND CONDITIONS OF LICENSURE AND SPONSORSHIP; DEDICATING MONEY FROM THE SALE OF THE LICENSES TO THE ACQUISITION OF PUBLIC HUNTING ACCESS TO INACCESSIBLE PUBLIC LAND; AND PROVIDING A DELAYED EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, Montana’s hunting heritage is promoted when families can continue to hunt together; and

WHEREAS, members of many Montana families have been required to move out of state to pursue expanded employment opportunities; and

WHEREAS, it can be difficult for these adult nonresident family members to draw a nonresident license in order to come back to Montana to hunt with their families; and

WHEREAS, there is a need for new revenue to address public land access concerns because access to public land for hunting is becoming increasingly difficult to obtain as traditional routes across private land are closed to public hunters; and

WHEREAS, creating a temporary new pool of nonresident licenses dedicated to former residents who desire to return to Montana to hunt with their families and directing the revenue from those licenses to fund public access to inaccessible public land would assist in strengthening both aspects of Montana’s hunting heritage; and

WHEREAS, statistics compiled by the Department of Fish, Wildlife, and Parks will provide a measurement of the success of the pilot program to provide more opportunities for former residents to come back home to hunt and to determine whether the license and the associated public land access efforts have resulted in a net increase or decrease in hunting opportunities for resident hunters.

Be it enacted by the Legislature of the State of Montana:

Section 1. License for nonresident to hunt with resident sponsor or family member — use of license revenue. (1) In addition to the nonresident licenses provided for in 87-2-505 and 87-2-510, the department may offer for sale 500 B-10 nonresident big game combination licenses and 500 B-11 nonresident deer combination licenses. The licenses may be used only as provided in this section and as authorized by department rules. Sale of licenses pursuant to this section may not affect the license quotas established in 87-2-505 and 87-2-510. The price of licenses sold under this subsection must be the same as nonresident big game combination licenses and nonresident deer combination licenses offered by general drawing pursuant to 87-2-505 and 87-2-510.

(2) A license authorized in subsection (1) may be used only by an adult nonresident family member of a resident who sponsors the license application and who meets the qualifications of subsection (3). The nonresident family member must have completed a Montana hunter safety and education course prior to March 1, 2010, or have previously purchased a resident hunting license. A nonresident family member who receives a license pursuant to subsection (1) must be accompanied in the field by a sponsor or family member who meets the qualifications of subsection (3).

(3) To qualify as a sponsor or family member who will accompany a nonresident licensed under subsection (1), a person must be a resident, as defined in 87-2-102, who is 18 years old or older and possesses a current resident hunting license and who is related to the nonresident within the second degree

The sponsor shall list on the license application the names of family members who are eligible to hunt with the nonresident hunter.

(4) If the department receives more applications for licenses than the number that are available under subsection (1), the department shall conduct a drawing for the licenses. Applicants who are unsuccessful in the drawing must be entered in the general drawing for a nonresident license provided under 87-2-505 or 87-2-510, as applicable.

(5) All money received from the sale of licenses under subsection (1) must be deposited in a separate account and must be used by the department to acquire public hunting access to inaccessible public land, which may include obtaining hunting access through private land to inaccessible public land.

A tax may not be levied if the balance in the revolving fund exceeds 5% will exceed 10% or, with the amount levied by the tax, will exceed 10% of the principal amount of the then-outstanding special improvement district bonds and warrants secured by the revolving fund after all required transfers have been made to the district funds through fiscal yearend. (2) Whenever there is money in the district fund that is not required for payment of any bond or warrant of the district secured by the revolving fund or of interest on the bond or warrant, as much of the money as may be necessary to pay the loan provided for in 7-12-4223 must, by order of the council, be
transferred to the revolving fund. After all the bonds and warrants issued on any special improvement district or sidewalk, curb, and alley approach warrants secured by the revolving fund have been fully paid, all money remaining in the district fund must, by order of the council, be transferred to and become part of the revolving fund.”

Section 7. Section 7-12-4225, MCA, is amended to read:

“7-12-4225. Covenants to use revolving fund — duration of revolving fund obligation — factors to be considered. (1) In connection with the issuance of special improvement district bonds or sidewalk, curb, and alley approach warrants, the city or town council may undertake and agree:

(a) to make loans or advances from the revolving fund to the district fund involved in amounts sufficient to make good any deficiency in the bond and interest accounts, to the extent that funds are available; and

(c) to retain in the revolving fund a balance of up to 10% of the then-outstanding special improvement district bonds and warrants secured by the revolving fund.

(2) The undertakings and agreements referred to in subsection (1) are binding upon the city or town with respect to the special improvement district bonds or sidewalk, curb, and alley approach warrants until the earlier of:

(b) the date that is the later of:

(i) the final stated maturity date of the bonds or warrants; or

(ii) the date on which all special assessments levied in the district have been either paid or discharged.

(3) The discharge of delinquent special assessments levied with respect to a particular lot or parcel is considered to have occurred upon:

(f) the public benefit of the improvements proposed to be financed; and
(g) in the case of a district created to make improvements in a newly platted subdivision:
(i) the prior subdivision development experience and credit rating or credit history of the person developing the land; and
(ii) any contribution by property owners to the costs of the improvements or any security given by property owners to secure payment of special assessments levied in the district.

(5) Any findings or determinations with respect to the factors contained in subsection (4) made by the city or town council in a resolution authorizing the undertakings and agreements or the issuance of bonds or warrants are conclusive evidence that the city or town council has taken into consideration the factors required by subsection (4).

(6) In lieu of the undertakings and agreements set forth in subsection (1), the city or town council may determine in the resolution authorizing the issuance of the bonds or warrants that the revolving fund does not secure the bonds or warrants and that the bonds or warrants are payable solely from the district fund created for the bonds or warrants and do not have a claim against the revolving fund.”

Section 8. Section 7-12-4227, MCA, is amended to read:

“7-12-4227. Utilization of excess money in revolving fund. Whenever there is an amount in the revolving fund in excess of the amount deposited in the revolving fund under 7-12-4169(2) and in excess of 10% of the outstanding special improvement district bonds and warrants secured by the revolving fund and the council considers any part of the excess to be greater than the amount necessary for payment or redemption of maturing bonds or warrants secured thereby by the revolving fund or interest thereon on the revolving fund, the council may:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-15-4293, MCA, is amended to read:

“7-15-4293. Adjustment of base taxable value following change of law or local disaster. (1) If the base taxable value of an urban renewal area, an industrial district, or a technology district is affected after its original determination by a statutory, administrative, or judicial change in the method of appraising property, the tax rate applied to it, the tax exemption status of property, or the taxable valuation of property if the change in taxable valuation is based on conditions existing at the time the base year was established, the governing body of the municipality may request the department of revenue to estimate the base taxable value so that the tax increment resulting from the increased incremental value is sufficient to pay all principal and interest on the bonds as those payments become due.

(2) If a tax increment financing district created after January 1, 2002, has not issued bonds, the governing body of a municipality may request the department of revenue to adjust the base taxable value to account for a loss of taxable revenue resulting from the state granting property in the district tax-exempt status within the first year of creation of the tax increment financing district. The municipality shall give notice of and hold a public hearing on the proposed change.

(3) (a) If an urban renewal area, an industrial district, or a technology district suffers a loss of property value directly related to a disaster for which the principal executive officer of the local jurisdiction has made a disaster declaration pursuant to 10-3-402, the department of revenue shall decrease the base taxable value of the area or district by the amount of the base taxable value lost because of the disaster in the tax year in which the disaster is declared. The principal executive officer shall forward a copy of the disaster declaration to the department of revenue.

(b) The taxable value removed from the base taxable value of the area or district under subsection (3)(a) must be added to the base taxable value of the area or district upon reconstruction of the property in the tax year of reconstruction. If reconstruction of the property is only partially completed as of January 1 of the tax year, the department of revenue shall determine the base taxable value of the property for that tax year by multiplying the percentage of completion, expressed as a decimal equivalent, of reconstruction of the property by the original base taxable value of the property. The addition to the base taxable

“(3) (a) If an urban renewal area, an industrial district, a technology district, or an aerospace transportation and technology district suffers a loss of property value directly related to a disaster for which the principal executive officer of the local jurisdiction has made a disaster declaration pursuant to 10-3-402, the department of revenue shall decrease the base taxable value of the area or district by the amount of the base taxable value lost because of the disaster in the tax year in which the disaster is declared. The principal executive officer shall forward a copy of the disaster declaration to the department of revenue.

(b) The taxable value removed from the base taxable value of the area or district under subsection (3)(a) must be added to the base taxable value of the area or district upon reconstruction of the property in the tax year of reconstruction. If reconstruction of the property is only partially completed as of January 1 of the tax year, the department of revenue shall determine the base taxable value of the property for that tax year by multiplying the percentage of completion, expressed as a decimal equivalent, of reconstruction of the property by the original base taxable value of the property. The addition to the base taxable value under this subsection (3)(b) is limited to the amount of the original base taxable value of each parcel before the disaster occurred.”

(d) exercise any judicial function, except as an incident to the exercise of an administrative power; or
(e) exercise any power enumerated in 7-1-111.

Section 9. Regional resource authority projects — definition. (1) A regional resource authority may:

The property taxes specifically authorized to be levied for the general purpose served by the project constitute revenue of the project and may not result in a project being considered not self-supporting.

(1) Bonds bearing the signatures of the officers of the regional resource authority in office on the date of the signing of the bonds are valid and binding obligations, notwithstanding that before the delivery of the bonds and payment for the bonds, any or all the persons whose signatures appear on the bonds have ceased to be officers of the regional resource authority issuing the bonds.

(2) The validity of the bonds is not dependent on or affected by the validity or regularity of any proceedings relating to the acquisition, purchase, construction, reconstruction, improvement, betterment, or extension of the project for which the bonds are issued.

(3) The resolution authorizing the bonds may provide that the bonds must contain a recital that they are issued pursuant to [sections 9 through 23]. The recital is conclusive evidence of the validity of the bonds and of the regularity of their issuance.

Section 19. Liens arising from bonds. The resolution or resolutions authorizing the bonds must specify and define the revenue or portion of the revenue that is appropriated and pledged for the security and payment of the bond principal and interest and the relative security of liens on the revenue in favor of bonds of one or more series or issues, whether issued concurrently or at different times.

Section 21. Sale of bonds. (1) Bonds authorized to be issued under [sections 9 through 23] must be sold at a price not less than that prescribed by the governing body of the regional resource authority, plus interest to the date of delivery of the bonds.

(2) (a) The bonds may be sold at private sale to the United States or the state of Montana or any agency, instrumentality, or corporation of the United States or the state.

Section 27. Section 15-10-420, MCA, is amended to read:

“15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year’s value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.
(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:
   (i) annexation of real property and improvements into a taxing unit;
   (ii) construction, expansion, or remodeling of improvements;
   (iii) transfer of property into a taxing unit;
   (iv) subdivision of real property; and
   (v) transfer of property from tax-exempt to taxable status.

   (b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:
   (i) a change in the boundary of a tax increment financing district;
   (ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or
   (iii) the termination of a tax increment financing district.

   (b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

   (c) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:
   (a) school district levies established in Title 20; or
   (b) the portion of a governmental entity’s property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703; or
   (c) a mill levy imposed for a newly created regional resource authority.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in whole mills. If the mill levy calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.
(a) The provisions of subsection (1) do not prevent or restrict:
(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;
(ii) a levy to repay taxes paid under protest as provided in 15-1-402;
(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326; or
(iv) a levy for the support of a study commission under 7-3-184; or
(v) a levy for the support or a newly established regional resource authority.
(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit.”

CHAPTER NO. 356

[SB 108]

AN ACT REVISING CUSTODY LAWS RELATING TO MILITARY SERVICE; PRECLUDING A COURT FROM CONSIDERING MILITARY SERVICE ALONE AS A DETRIMENT TO THE BEST INTEREST OF THE CHILD IN CHILD CUSTODY PROCEEDINGS; ESTABLISHING AN EXPEDITED HEARING PROCEDURE WHEN A PARENT RECEIVES MILITARY SERVICE ORDERS; PROVIDING THAT A COURT-ORDERED MODIFICATION OF A PARENTING PLAN BASED ON MILITARY SERVICE ORDERS OF A PARENT IS TEMPORARY; ALLOWING VISITATION
RIGHTS TO CERTAIN FAMILY MEMBERS WHEN A PARENT RECEIVES MILITARY SERVICE ORDERS; PRECLUDING A COURT FROM CONSIDERING MILITARY SERVICE ALONE IN PARENTING PLANS; AND AMENDING SECTIONS 40-4-212, 40-4-216, 40-4-219, 40-4-228, AND 40-4-234, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-212, MCA, is amended to read:

“40-4-212. Best interest of child. (1) The court shall determine the parenting plan in accordance with the best interest of the child. The court shall consider all relevant parenting factors, which may include but are not limited to:

(a) the wishes of the child’s parent or parents;
(b) the wishes of the child;
(c) the interaction and interrelationship of the child with the child’s parent or parents and siblings and with any other person who significantly affects the child’s best interest;
(d) the child’s adjustment to home, school, and community;
(e) the mental and physical health of all individuals involved;
(f) physical abuse or threat of physical abuse by one parent against the other parent or the child;
(g) chemical dependency, as defined in 53-24-103, or chemical abuse on the part of either parent;
(h) continuity and stability of care;
(i) developmental needs of the child;
(j) whether a parent has knowingly failed to pay birth-related costs that the parent is able to pay, which is considered to be not in the child’s best interests;
(k) whether a parent has knowingly failed to financially support a child that the parent is able to support, which is considered to be not in the child’s best interests;
(l) whether the child has frequent and continuing contact with both parents, which is considered to be in the child’s best interests unless the court determines, after a hearing, that contact with a parent would be detrimental to the child’s best interests. In making that determination, the court shall consider evidence of physical abuse or threat of physical abuse by one parent against the other parent or the child, including but not limited to whether a parent or other person residing in that parent’s household has been convicted of any of the crimes enumerated in 40-4-219(8)(b).
(m) adverse effects on the child resulting from continuous and vexatious parenting plan amendment actions.

(2) When determining the best interest of the child of a parent in military service, the court shall consider all relevant parenting factors provided in subsection (1) and may not determine the best interest of the child based only upon the parent’s military service.

(2)(3) A de facto parenting arrangement, in the absence of a prior parenting decree, does not require the child’s parent or parents to prove the factors set forth in 40-4-219.

(2)(4) The following are rebuttable presumptions and apply unless contrary to the best interest of the child:
(a) A parenting plan action brought by a parent within 6 months after a child support action against that parent is vexatious.

(b) A motion to amend a final parenting plan pursuant to 40-4-219 is vexatious if a parent seeks to amend a final parenting plan without making a good faith effort to comply with the provisions of the parenting plan or with dispute resolution provisions of the final parenting plan.”

Section 2. Section 40-4-216, MCA, is amended to read:

“40-4-216. Hearings. (1) Parenting plan proceedings shall must receive priority in being set for hearing.

(2) Upon motion of a parent who has received military service orders, the court shall, for good cause shown, hold an expedited hearing in parenting or visitation matters instituted under 40-4-228(6) if the military service, as defined in 10-1-1003, of the parent has a material effect on the parent’s ability or anticipated ability to appear in person at a hearing scheduled in an unexpedited manner.

(3) The court may tax as costs the payment of necessary travel and other expenses incurred by any person whose presence at the hearing the court considers necessary to determine the best interest of the child.

(4) The court, without a jury, shall determine questions of law and fact. If it finds that a public hearing may be detrimental to the child’s best interest, the court may exclude the public from a parenting hearing but may admit any person who has a direct and legitimate interest in the particular case or a legitimate educational or research interest in the work of the court.

(5) If the court finds it necessary that the record of any interview, report, investigation, or testimony in a parenting proceeding be kept secret to protect the child’s welfare, the court may make an appropriate order sealing the record.”

Section 3. Section 40-4-219, MCA, is amended to read:

“40-4-219. Amendment of parenting plan — mediation. (1) The court may in its discretion amend a prior parenting plan if it finds, upon the basis of facts that have arisen since the prior plan or that were unknown to the court at the time of entry of the prior plan, that a change has occurred in the circumstances of the child and that the amendment is necessary to serve the best interest of the child. In determining the child’s best interest under this section, the court may, in addition to the criteria in 40-4-212, also consider whether:

(a) the parents agree to the amendment;

(b) the child has been integrated into the family of the petitioner with consent of the parents;

(c) the child is 14 years of age or older and desires the amendment;

(d) one parent has willfully and consistently:

(i) refused to allow the child to have any contact with the other parent; or

(ii) attempted to frustrate or deny contact with the child by the other parent; or

(e) one parent has changed or intends to change the child’s residence in a manner that significantly affects the child’s contact with the other parent.

(2) A court may modify a de facto parenting arrangement in accordance with the factors set forth in 40-4-212.
(3) The court shall presume a parent is not acting in the child's best interest if the parent does any of the acts specified in subsection (1)(d) or (8).

(4) The court may amend the prior parenting plan based on subsection (1)(e) to provide a new residential schedule for parental contact with the child and to apportion transportation costs between the parents.

(5) Attorney fees and costs must be assessed against a party seeking frivolous or repeated amendment if the court finds that the amendment action is vexatious and constitutes harassment.

(6) A parenting plan may be amended upon the death of one parent pursuant to 40-4-221.

(7) As used in this section, “prior parenting plan” means a parenting determination contained in a judicial decree or order made in a parenting proceeding. In proceedings for amendment under this section, a proposed amended parenting plan must be filed and served with the motion for amendment and with the response to the motion for amendment. Preference must be given to carrying out the parenting plan.

(8) (a) If a parent or other person residing in that parent’s household has been convicted of any of the crimes listed in subsection (8)(b), the other parent or any other person who has been granted rights to the child pursuant to court order may file an objection to the current parenting order with the court. The parent or other person having rights to the child pursuant to court order shall give notice to the other parent of the objection as provided by the Montana Rules of Civil Procedure, and the other parent has 20 days from the notice to respond. If the parent who receives notice of objection fails to respond within 20 days, the parenting rights of that parent are suspended until further order of the court. If that parent responds and objects, a hearing must be held within 30 days of the response.

(b) This subsection (8) applies to the following crimes:
   (i) deliberate homicide, as described in 45-5-102;
   (ii) mitigated deliberate homicide, as described in 45-5-103;
   (iii) sexual assault, as described in 45-5-502;
   (iv) sexual intercourse without consent, as described in 45-5-503;
   (v) deviate sexual conduct with an animal, as described in 45-2-101 and prohibited under 45-5-505;
   (vi) incest, as described in 45-5-507;
   (vii) aggravated promotion of prostitution of a child, as described in 45-5-603(1)(b);
   (viii) endangering the welfare of children, as described in 45-5-622;
   (ix) partner or family member assault of the type described in 45-5-206(1)(a);
   (x) sexual abuse of children, as described in 45-5-625.

(9) Except in cases of physical abuse or threat of physical abuse by one parent against the other parent or the child, or when a parent has been convicted of a crime enumerated in subsection (8)(b), the court may, in its discretion, order the parties to participate in a dispute resolution process to assist in resolving any conflicts between the parties regarding amendment of the parenting plan. The dispute resolution process may include counseling or mediation by a specified person or agency, and court action.
(a) Except as provided in subsection (10)(b), a court-ordered or de facto modification of a parenting plan based in whole or in part on military service orders of a parent is temporary and reverts to the previous parenting plan at the end of the military service. If a motion for an amendment of a parenting plan is filed after a parent returns from military service, the court may not consider a parent’s absence due to that military service in its determination of the best interest of the child.

(b) A parent who has performed or is performing military service, as defined in 10-1-1003, may consent to a temporary or permanent modification of a parenting plan:

(i) for the duration of the military service; or
(ii) that continues past the end of the military service.”

Section 4. Section 40-4-228, MCA, is amended to read:

“40-4-228. Parenting and visitation matters between natural parent and third party. (1) In cases when a nonparent seeks a parental interest in a child under 40-4-211 or visitation with a child, the provisions of this chapter apply unless a separate action is pending under Title 41, chapter 3.

(2) A court may award a parental interest to a person other than a natural parent when it is shown by clear and convincing evidence that:

(a) the natural parent has engaged in conduct that is contrary to the child-parent relationship; and

(b) the nonparent has established with the child a child-parent relationship, as defined in 40-4-211, and it is in the best interests of the child to continue that relationship.

(3) For purposes of an award of visitation rights under this section, a court may order visitation based on the best interests of the child.

(4) For purposes of this section, voluntarily permitting a child to remain continuously in the care of others for a significant period of time so that the others stand in loco parentis to the child is conduct that is contrary to the parent-child relationship.

(5) It is not necessary for the court to find a natural parent unfit before awarding a parental interest to a third party under this section.

(6) If the parent receives military service orders that involve moving a substantial distance from the parent’s residence or otherwise have a material effect on the parent’s ability to parent the child for the period the parent is called to military service, as defined in 10-1-1003, the court may grant visitation rights to a family member of the parent with a close and substantial relationship to the minor child during the parent’s absence if granting visitation rights is in the best interests of the child as determined by 40-4-212.”

Section 5. Section 40-4-234, MCA, is amended to read:

“40-4-234. Final parenting plan criteria. (1) In every dissolution proceeding, proceeding for declaration of invalidity of marriage, parenting plan proceeding, or legal separation proceeding that involves a child, each parent or both parents jointly shall submit to the court, in good faith, a proposed final plan for parenting the child, which may include the allocation of parenting functions. A final parenting plan must be incorporated into any final decree or amended decree, including cases of dissolution by default. As used in this section, parenting functions means those aspects of the parent-child relationship in
which the parent makes decisions and performs functions necessary for the care
and growth of the child, which may include:

(a) maintaining a loving, stable, consistent, and nurturing relationship with
the child;

(b) attending to the daily needs of the child, such as feeding, physical care,
development, and grooming, supervision, spiritual growth and development,
health care, day care, and engaging in other activities that are appropriate to
the developmental level of the child and that are within the social and economic
circumstances of the particular family;

(c) attending to adequate education for the child, including remedial or other
education essential to the best interest of the child;

(d) ensuring the interactions and interrelationship of the child with the
child's parents and siblings and with any other person who significantly affects
the child's best interest; and

(e) exercising appropriate judgment regarding the child's welfare,
consistent with the child's developmental level and the family's social and
economic circumstances.

(2) Based on the best interest of the child, a final parenting plan may
include, at a minimum, provisions for:

(a) designation of a parent as custodian of the child, solely for the purposes of
all other state and federal statutes that require a designation or determination
of custody, but the designation may not affect either parent's rights and
responsibilities under the parenting plan;

(b) designation of the legal residence of both parents and the child, except as
provided in 40-4-217;

(c) a residential schedule specifying the periods of time during which the
child will reside with each parent, including provisions for holidays, birthdays of
family members, vacations, and other special occasions;

(d) finances to provide for the child's needs;

(e) any other factors affecting the physical and emotional health and
well-being of the child;

(f) periodic review of the parenting plan when requested by either parent or
the child or when circumstances arise that are foreseen by the parents as
triggering a need for review, such as attainment by the child of a certain age or if
a change in the child's residence is necessitated;

(g) sanctions that will apply if a parent fails to follow the terms of the
parenting plan, including contempt of court;

(h) allocation of parental decisionmaking authority regarding the child's:

(i) education;

(ii) spiritual development; and

(iii) health care and physical growth;

(i) the method by which future disputes concerning the child will be resolved
between the parents, other than court action; and

(j) the unique circumstances of the child or the family situation that the
parents agree will facilitate a meaningful, ongoing relationship between the
child and parents.
In approving a final parenting plan for a child of a parent in military service, the court may not disapprove the plan only because of the parent’s military service.

The court may in its discretion order the parties to participate in a dispute resolution process to assist in resolving any conflicts between the parties regarding adoption of the parenting plan. The dispute resolution process may include counseling or mediation by a specified person or agency or court action.

Each parent may make decisions regarding the day-to-day care and control of the child while the child is residing with that parent, and either parent may make emergency decisions affecting the child’s safety or health. When mutual decisionmaking is designated in the parenting plan but cannot be achieved regarding a particular issue, the parents shall make a good faith effort to resolve the issue through any dispute resolution process provided for in the final parenting plan.

If a parent fails to comply with a provision of the parenting plan, the other parent’s obligations under the parenting plan are not affected.

At the request of either parent or appropriate party, the court shall order that the parenting plan be sealed except for access by the parents, guardian, or other person having custody of the child.”
