(2) Subject to subsection (4), a special fuel distributor or an owner or operator of a motor fuel outlet qualifying for a credit under this section is entitled to claim a credit, as provided in subsection (3), for the costs described in subsection (1) incurred in the 2 tax years before the taxpayer begins blending biodiesel fuel for sale or in any tax year in which the taxpayer is blending biodiesel fuel for sale.

(3) (a) The total amount of the credits for all years that may be claimed by a distributor under this section is 15% of the costs described in subsection (1), up to a total of $52,500.

(b) The total amount of the credits for all years that may be claimed by an owner or operator of a motor fuel outlet under this section is 15% of the costs described in subsection (1), up to a total of $7,500.

(4) The following requirements must also be met for a taxpayer to be entitled to a tax credit under this section:

(a) The investment must be for depreciable property used primarily to blend petroleum diesel with biodiesel made entirely from Montana-produced feedstocks.

(b) Sales of biodiesel must be at least 2% of the taxpayer’s total diesel sales by the end of the third year following the initial tax year in which the credit is initially claimed.

However, a credit may not be carried forward to any tax year in which the facility is not blending biodiesel or storing biodiesel for blending or beyond the 7th tax year after the tax year for which the credit was initially claimed. If a facility for which a credit is claimed ceases blending of biodiesel with petroleum diesel for sale for a period of 12 continuous months within 5 years after the initial claiming of a credit under this section or within 5 years after a year in which the credit was carried forward or if the taxpayer claiming the credit fails to satisfy the conditions of subsection (4)(b), the total credit is subject to recapture. The person claiming the credit is liable for the total amount of the credit in the event of recapture.

(7) The taxpayer’s adjusted basis for determining gain or loss may not be further decreased by any tax credits allowed under this section.

(8) If the taxpayer is a shareholder of an electing small business corporation, the credit must be computed using the shareholder’s pro rata share of the corporation’s cost of investing in the biodiesel blending facility. In all other respects, the allowance and effect of the tax credit apply to the corporation as otherwise provided by law.
(9) As used in this section, “biodiesel” has the meaning provided in 15-70-401.

(10) The department shall report to the revenue transportation and transportation interim committee biennially, in accordance with 5-11-210, regarding the number and type of taxpayers claiming the credit under this section, the total amount of the credit claimed, and the department’s cost associated with administering the credit.”

Except as provided in subsection (2), in the event of a projected general fund budget deficit, the governor, taking into account the criteria provided in subsection (1)(c), shall direct agencies to reduce spending in an amount that ensures that the projected ending general fund balance for the biennium will be at least:

(i) 6% of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;

(ii) 3% of the general fund appropriations for the second fiscal year of the biennium in October of the year preceding a legislative session;

(b) An agency may not be required to reduce general fund spending for any program, as defined in each general appropriations act, by more than 10% during a biennium. Departments or agencies headed by elected officials or the board of regents may not be required to reduce general fund spending by a percentage greater than the percentage of general fund spending reductions required for the total of all other executive branch agencies. The legislature may exempt from a reduction an appropriation item within a program or may direct that the appropriation item may not be reduced by more than 10%.

(c) The governor shall direct agencies to manage their budgets in order to reduce general fund expenditures. Prior to directing agencies to reduce spending as provided in subsection (1)(a), the governor shall direct each agency to analyze the nature of each program that receives a general fund appropriation to determine whether the program is mandatory or permissive and to analyze the impact of the proposed reduction in spending on the purpose of the program. An agency shall submit its analysis to the office of budget and program planning and shall at the same time provide a copy of the analysis to the legislative fiscal analyst. The report must be submitted in an electronic format. The office of budget and program planning shall review each agency’s analysis, and the budget director shall submit to the governor a copy of the office of budget and program planning’s recommendations for reductions in spending. The recommendations must be provided in an electronic format. The legislative finance committee shall meet within 20 days of the date that the proposed changes to the recommendations for reductions in spending are provided to the legislative fiscal analyst. The legislative fiscal analyst shall provide a copy of the legislative fiscal analyst’s review of the proposed reductions in spending to the budget director at least 5 days before the meeting of the legislative finance committee. The committee may make recommendations concerning the proposed reductions in spending. The governor shall consider each agency’s analysis and the recommendations of the office of budget and program planning and the legislative finance
committee in determining the agency’s reduction in spending. Reductions in spending must be designed to have the least adverse impact on the provision of services determined to be most integral to the discharge of the agency’s statutory responsibilities.

(2) Reductions in spending for the following may not be directed by the governor:

(a) payment of interest and principal on state debt;
(b) the legislative branch;
(c) the judicial branch;

(e) salaries of elected officials during their terms of office; and
(f) the Montana school for the deaf and blind.

(3) (a) As used in this section, “projected general fund budget deficit” means an amount, certified by the budget director to the governor, by which the projected ending general fund balance for the biennium is less than:

(i) 5% of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;
(ii) 1.875% in October of the year preceding a legislative session;
(iii) 1.25% in January of the year in which a legislative session is convened; and
(iv) 0.625% in March of the year in which a legislative session is convened.

(b) In determining the amount of the projected general fund budget deficit, the budget director shall take into account revenue, established levels of appropriation, anticipated supplemental appropriations for school equalization aid and the cost of the state’s wildland fire suppression activities exceeding the amount statutorily appropriated in 10-3-312, and anticipated reversions.

(4) If the budget director determines that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate established pursuant to 5-5-227, the budget director shall notify the revenue and transportation interim committee of the estimated amount. Within 20 days of notification, the revenue and transportation interim committee shall provide the budget director with any recommendations concerning the amount. The budget director shall consider any recommendations of the revenue and transportation interim committee prior to certifying a projected general fund budget deficit to the governor.

(5) If the budget director certifies a projected general fund budget deficit, the governor may authorize transfers to the general fund from certain accounts as set forth in subsections (6) and (7).

(6) The governor may authorize transfers from the budget stabilization reserve fund provided for in 17-7-130. The governor may authorize $2 of transfers from the fund for each $1 of reductions in spending.

(7) If the budget director certifies a projected general fund budget deficit, the governor may authorize transfers to the general fund from the fire suppression account established in 76-13-150. The amount of funds available for a transfer from this account is up to the sum of the fund balance of the account, plus expected current year revenue, minus the sum of 1% of the general fund appropriations for the second fiscal year of the biennium, plus estimated expenditures from the account for the fiscal year. The governor may authorize $1 of transfers from the fire suppression account established in 76-13-150 for each $1 of reductions in spending.”

(2) Money transferred into investment accounts established under this section may be expended from a subsidiary checking account under the conditions specified in subsection (3)(b).

(3) The district may either:

(a) establish and use the accounts as nonspending accounts to ensure that district funds remain in an interest-bearing status until money is reverted to the budgeted or nonbudgeted fund of original deposit as necessary for use by the county treasurer to pay claims against the district. The district shall ensure that sufficient money is reverted to the district’s budgeted and nonbudgeted funds maintained by the county treasurer in sufficient time to pay all claims presented against the applicable funds of the district. The county treasurer shall accept all money that is reverted upon tendered transfer of the district.
(b) establish a subsidiary checking account for expenditures from the investment accounts. The district may write checks on or provide electronic payments from the account if:
(ii) the payments made from the accounts representing budgeted funds are in compliance with the budget adopted by the trustees;
(iii) the accounts are subject to the audit of district finances completed for compliance with 2-7-503 and 20-9-503; and
(iii) the district complies with all accounting system requirements required by the superintendent of public instruction.

(i) establish specific procedures and reporting dates to comply with the requirements of subsection (3);
(ii) be binding upon the district and the county treasurer for a negotiated period of time;

this section, an employee who terminates employment with the agency is

the accumulated sick leave. The pay attributed to the accumulated sick leave
must be computed on the basis of the employee’s salary or wage at the time
the employee terminates employment with the state, county, or city. Accrual
of sick leave credits for calculating the lump-sum payment provided for in this
subsection begins July 1, 1971. The payment is the responsibility of the agency
in which the sick leave accrues. However, an employee does not forfeit any sick
leave rights or benefits accrued prior to July 1, 1971. However, when

(8) Abuse of sick leave is cause for dismissal and forfeiture of the lump-sum payments provided for in this section.

(9) An employee of a state agency may contribute any portion of the employee’s accumulated sick leave or accumulated vacation leave to a nonrefundable sick leave fund for state employees and becomes eligible to draw upon the fund if an extensive illness or accident exhausts the employee’s accumulated sick leave, irrespective of the employee’s membership or nonmembership in the employee welfare benefit plan established pursuant to 2-18-1304. The department of administration shall, in consultation with the state employee group benefits advisory council, provided for in 2-15-1016, administer the sick leave fund and adopt rules to implement this subsection.

(10) A local government may establish and administer through local rule a sick leave fund into which its employees may contribute a portion of their accumulated sick leave or vacation leave.”

“2-18-621. Unlawful termination -- unlawful payments. (1) It is unlawful for an employer to terminate or separate an employee from employment in an attempt to circumvent the provisions of 2-18-611, 2-18-612, and 2-18-614. (c) any other payment authorized by law.”

Section 6. Compensatory time death benefit. Compensatory time accumulated by an employee of a state agency as defined in 2-2-102 who dies in an accident while on the job and before being able to use the compensatory
time must be converted at 100% of its value to a death benefit to be paid to the employee’s beneficiary or estate.

Section 7. Codification instruction. [Section 6] is intended to be codified as an integral part of Title 2, chapter 18, and the provisions of Title 2, chapter 18, apply to [section 6].

CHAPTER NO. 169

[HB 24]

AN ACT REVISING ALLOWABLE WATER COSTS USED FOR VALUING IRRIGATED AGRICULTURAL PROPERTY; AMENDING SECTION 15-7-201, MCA; AND PROVIDING AN APPLICABILITY DATE.
Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-7-201, MCA, is amended to read:

“15-7-201. Legislative intent — value of agricultural property. (1) Because the market value of many agricultural properties is based upon speculative purchases that do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land must be classified according to its use, which classifications include but are not limited to irrigated use, nonirrigated use, and grazing use.

(3) Within each class, land must be subclassified by productive capacity. Productive capacity is determined based on yield.

(4) In computing the agricultural land valuation schedules to take effect on the date when each revaluation cycle takes effect pursuant to 15-7-111, the department of revenue shall determine the productive capacity value of all agricultural lands using the formula 

\[ V = \frac{I}{R} \]

where:

(a) \( V \) is the per-acre productive capacity value of agricultural land in each subclass;

(b) \( I \) is the per-acre net income of agricultural land in each subclass and is to be determined as provided in subsection (5); and

(c) \( R \) is the capitalization rate and, unless the advisory committee recommends a different rate and the department adopts the recommended capitalization rate by rule, is equal to 6.4%. This capitalization rate must remain in effect until the next revaluation cycle.

(5) (a) Net income must be determined separately for each subclass.

(b) Net income must be based on commodity price data, which may include grazing fees, crop and livestock share arrangements, cost of production data, and water cost data for the base period using the best available data.

(i) Commodity price data and cost of production data for the base period must be obtained from the Montana Agricultural Statistics, the Montana crop and livestock reporting service, and other sources of publicly available information if considered appropriate by the advisory committee.

(ii) Crop share and livestock share arrangements are based on typical agricultural business practices and average landowner costs.

(iii) Allowable water costs consist only of the per-acre labor costs, energy costs of irrigation, and, unless the advisory committee recommends otherwise and the department adopts the recommended cost by rule, a base water cost of $15 for each acre of irrigated land. Total allowable water costs may not exceed are $50 for each acre of irrigated land. Labor and energy costs must be determined as follows:

(A) Labor costs are $5 an acre for pivot sprinkler irrigation systems; $10 an acre for tow lines, side roll, and lateral sprinkler irrigation systems; and $15 an acre for hand-moved and flood irrigation systems.

(B) Energy costs must be based on per-acre energy costs incurred in the energy cost base year, which is the calendar year immediately preceding the valuation date specified by the department in 15-7-103(6). By July 1 of the year following the energy cost base year, an owner of irrigated land shall provide the department, on a form prescribed by the department, with energy costs incurred in that energy cost base year. In the event that no energy costs were incurred in the energy cost base year, the owner of irrigated land shall provide the department with energy costs from the most recent year available. The department shall adjust the most recent year’s energy costs to reflect costs in the energy cost base year.
(c) The base crop for valuation of irrigated land is alfalfa hay adjusted to 80% of the sales price, and the base crop for valuation of nonirrigated land is spring wheat. The base unit for valuation of grazing lands is animal unit months, defined as the average monthly requirement of pasture forage to support a 1,200-pound cow with a calf or its equivalent.

(d) Unless the advisory committee recommends a different base period and the department adopts the recommended base period by rule, the base period used to determine net income must be the most recent 10 years for which data is available prior to the date the revaluation cycle ends. Unless the advisory committee recommends a different averaging method and the department adopts the recommended averaging method by rule, data referred to in subsection (5)(b) must be averaged, but the average must exclude the lowest and highest yearly data in the period.

(6) The department shall compile data and develop valuation manuals adopted by rule to implement the valuation method established by subsections (4) and (5).

(7) The governor shall appoint an advisory committee of persons knowledgeable in agriculture and agricultural economics. The advisory committee shall include one member of the Montana state university-Bozeman, college of agriculture, staff. The advisory committee shall:

(a) compile and review data required by subsections (4) and (5);

(b) recommend to the department any adjustments to data or to landowners’ share percentages if required by changes in government agricultural programs, market conditions, or prevailing agricultural practices;

(c) recommend appropriate base periods and averaging methods to the department;

(d) evaluate the appropriateness of the capitalization rate and recommend a rate to the department;

(e) verify for each class and subclass of land that the income determined in subsection (5) reasonably approximates that which the average Montana farmer or rancher could have attained;

(f) recommend agricultural land valuation schedules to the department. With respect to irrigated land, the recommended value of irrigated land may not be below the value that the land would have if it were not irrigated.

(g) provide methods for adjusting agricultural land productivity values when more site-specific data is available and pertinent; and

(h) recommend to the department definitions for “site-specific” and “pertinent”.

Section 2. Applicability. [This act] applies to tax years beginning after December 31, 2020, and to the reappraisal cycle beginning January 1, 2021.

Approved April 18, 2019

(d) If all parties in the action have submitted affidavits for dissolution of marriage or legal separation without a hearing and the court determines that entry of a decree is appropriate, the court may enter the decree without a hearing.

(5) Upon request by a wife party whose marriage is dissolved or declared invalid, the court shall order the wife's maiden or birth name or a former name restored.”

Section 2. Section 40-4-131, MCA, is amended to read:

      (iv) The auxiliary subfund segregates that portion of the current fund’s financial resources that is devoted to providing essential on-campus services primarily to students, faculty, or staff in which a fee that is directly related to but does not necessarily equal the cost of the service provided is charged to the consumer.

(5) Authority to expend appropriated money may be transferred from one state agency to another, provided that the original purpose of the appropriation is maintained.

(6) Fees and charges for services deposited in the internal service fund type must be based upon commensurate costs. The legislative auditor, during regularly scheduled audits of state agencies, shall audit and report on the reasonableness of internal service fund type fees and charges and on the fund equity balances.

(7) The creation of accounts in the enterprise fund or the internal service fund must be approved by the department, using conformity with generally accepted accounting principles as the primary approval criteria. The report must be provided in an electronic format.

(8) Enterprise and internal service funds must be appropriated if they are used as a part of a program that is not an enterprise or internal service function and that otherwise requires an appropriation. An enterprise fund that is required by law to transfer money to the general fund or to any other appropriated fund is subject to appropriation. The payment of funds into an internal service fund must be authorized by law.”

(4) its container is made, formed, or filled in a manner that is misleading;
(5) it is in package form, unless it bears a label containing:
   (a) the name and place of business of the manufacturer, packer, or distributor;
   (b) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; provided that reasonable variations must be permitted and exemptions as to small packages must be established by regulations prescribed by the department;

(7) it purports to be or is represented as a food for which a definition and standard of identity have been prescribed by regulations as provided by 50-31-201, unless:
   (a) it conforms to that definition and standard; and

(8) it purports to be or is represented as:
   (a) a food for which a standard of quality has been prescribed by regulations as provided by 50-31-201 and its quality falls below that standard, unless its label bears, in a manner and form that the regulations specify, a statement that it falls below that standard; or

   (b) in case it is fabricated from two or more ingredients, the common or usual name of each ingredient; except that spices, flavorings, and colorings, other than those sold as such, may be designated as spices, flavorings, and colorings without naming each. To the extent that compliance with the requirements of this subsection (9)(b) is impractical or results in deception or unfair competition, exemptions must be established by regulations promulgated by the department. (11) it bears or contains any artificial flavoring, artificial coloring, or chemical preservative unless it bears labeling stating that fact. To the extent that compliance with the requirements of this subsection is impracticable, exemptions must be established by regulations promulgated by the department.

(12) it is a product intended as an ingredient of another food and when used according to the directions of the purveyor will result in the final food product being adulterated or misbranded;

(13) it is a color additive, unless its packaging and labeling are in conformity with packaging and labeling requirements applicable to that color additive prescribed under the provisions of the federal act;

(14) it is a cell-cultured edible product labeled as meat but does not meet the definition of meat in 81-9-217. A cell-cultured edible product derived from meat muscle cells, fat cells, connective tissue, blood, or other meat components is not considered to be misbranded if it is labeled in accordance with 50-31-103 to indicate it is derived from those cells, tissues, blood, or components.”

If a placard is used, it must satisfy the requirements of subsections (2)(c) and (2)(d). The provisions of this subsection do not apply to the service of prepared hamburger or ground beef at a food service establishment.”

   (b) it bears or contains, by reason of administration of any substance to the meat, an added poisonous or added deleterious substance other than a color additive, a food additive, or a pesticide chemical in or on a raw agricultural commodity, any of which may in the board’s judgment make the meat unfit for human food;

(d) accountability of recipients and providers; and
(e) development of a system consistent with the state policy as provided in 52-2-301.

(3) The department may, subject to the terms and conditions of a federal waiver of law, administer programs of home and community-based services to serve persons with disabilities or persons who are elderly who meet the level of care requirements for one of the categories of long-term care services that may be funded with medicaid money. Persons with disabilities include persons with physical disabilities, chronic mental illness, developmental disabilities, brain injury, or other characteristics and needs recognized as appropriate populations by the U.S. department of health and human services. Programs may serve combinations of populations and subsets of populations that are appropriate subjects for a particular program of services.

(4) The provision of services to a specific population through a home and community-based services program must be less costly in total medicaid funding than serving that population through the categories of long-term care facility services that the specific population would be eligible to receive otherwise.

(5) The department may initiate and operate a home and community-based services program to more efficiently apply available state general fund money, other available state and local public and private money, and federal money to the development and maintenance of medicaid-funded programs of health care and related services and to structure those programs for more efficient and effective delivery to specific populations.
(6) The department, in establishing programs of home and community-based services, shall administer the expenditures for each program within the available state spending authority that may be applied to that program. In establishing covered services for a home and community-based services program, the department shall establish those services in a manner to ensure that the resulting expenditures remain within the available funding for that program. To the extent permitted under federal law, the department may adopt financial participation requirements for enrollees in a home and community-based services program to foster appropriate utilization of services among enrollees and to maintain fiscal accountability of the program. The department may adopt financial participation requirements that may include but are not limited to copayments, payment of monthly or yearly enrollment fees, or deductibles. The financial participation requirements adopted by the department may vary among the various home and community-based services programs. The department, as necessary, may further limit enrollment in programs, reduce the per capita expenditures available to enrollees, and modify and reduce the types and amounts of services available through a home and community-based services program when the department determines that expenditures for a program are reasonably expected to exceed the available spending authority.

(7) The department may consider the following populations or subsets of populations for home and community-based services programs:

(a) persons with developmental disabilities who need, on an ongoing or frequent basis, habilitative and other specialized and supportive developmental disabilities services to meet their needs of daily living and to maintain the persons in community-integrated residential and day or work situations;

(b) persons with developmental disabilities who are 18 years of age and older and who are in need of habilitative and other specialized and supportive developmental disabilities services necessary to maintain the persons in personal residential situations and in integrated work opportunities;

(c) persons 18 years of age and older with developmental disabilities and chronic mental illness who are in need of mental health services in addition to habilitative and other developmental disabilities services necessary to meet their needs of daily living, to treat the their mental illness, and to maintain the persons in community-integrated residential and day or work situations;

(d) children under 21 years of age who are seriously emotionally disturbed and in need of mental health and other specialized and supportive services to treat their mental illness and to maintain the children with their families or in other community-integrated residential situations;

(e) persons 18 years of age and older with brain injuries who are in need, on an ongoing or frequent basis, of habilitative and other specialized and supportive services to meet their needs of daily living and to maintain the persons in personal or other community-integrated residential situations;

(f) persons 18 years of age and older with physical disabilities who are in need, on an ongoing or frequent basis, of specialized health services and personal assistance and other supportive services necessary to meet their needs of daily living and to maintain the persons in personal or other community-integrated residential situations;

(g) persons with human immunodeficiency virus (HIV) infection who are in need of specialized health services and intensive pharmaceutical therapeutic regimens for abatement and control of the HIV infection and related symptoms in order to maintain the persons in personal residential situations;

(h) persons with chronic mental illness who suffer from serious chemical dependency and who are in need of intensive mental health and
chemical dependency services to maintain the persons in personal or other community-integrated residential situations;

(i) persons 65 years of age and older who are in need, on an ongoing or frequent basis, of health services, personal assistance, and other supportive services necessary to meet their needs of daily living and to maintain the persons in personal or other community-integrated residential situations; or

(j) persons 18 years of age and older with chronic mental illness who are in need, on an ongoing or frequent basis, of specialized health services and other supportive services necessary to meet their needs of daily living and to maintain the persons in personal or other community-integrated residential situations.

(8) For each authorized program of home and community-based services, the department shall set limits on overall expenditures and enrollment and limit expenditures as necessary to conform with the requirements of section 1915 of Title XIX of the Social Security Act, 42 U.S.C. 1396n, and the conditions placed upon approval of a program authorized through a waiver of federal law by the U.S. department of health and human services.

(9) A home and community-based services program may include any of the following categories of services as determined by the department to be appropriate for the population or populations to be served and as approved by the U.S. department of health and human services:

(a) case management services;
(b) homemaker services;
(c) home health aide services;
(d) personal care services;
(e) adult day health services;
(f) habilitation services;
(g) respite care services; and
(h) other cost-effective services appropriate for maintaining the health and well-being of persons and to avoid institutionalization of persons.

(10) Subject to the approval of the U.S. department of health and human services, the department may establish appropriate programs of home and community-based services under this section in conjunction with programs that have limited pools of providers or with managed care arrangements, as implemented through 53-6-116 and as authorized under section 1915 of Title XIX of the Social Security Act, 42 U.S.C. 1396n, or in conjunction with a health insurance flexibility and accountability demonstration initiative or other demonstration project as authorized under section 1115 of Title XI of the Social Security Act, 42 U.S.C. 1315.

(11) (a) The department may conduct long-term care preadmission screenings in accordance with section 1919 of Title XIX of the Social Security Act, 42 U.S.C. 1396r.

(b) Long-term care preadmission screenings are required for all persons seeking admission to a long-term care facility.

(c) A person determined through a long-term care preadmission screening to have an intellectual disability or a mental illness may not reside in a long-term care facility unless the person meets the long-term care level-of-care determination applicable to the type of facility and is determined to have a primary need for the care provided through the facility.

(d) The long-term care preadmission screenings must include a determination of whether the person needs specialized intellectual disability or mental health treatment while residing in the facility.

(12) The department may adopt rules necessary to implement the long-term care preadmission screening process as required by section 1919 of Title XIX
of the Social Security Act, 42 U.S.C. 1396r. The rules must provide criteria, procedures, schedules, delegations of responsibilities, and other requirements necessary to implement long-term care preadmission screenings.

(13) (a) The department shall adopt rules necessary for the implementation of each program of home and community-based services. The rules may include but are not limited to the following:

(i) the populations or subsets of populations, as provided in subsection (7), to be served in each program;
(ii) limits on enrollment;
(iii) limits on per capita expenditures;
(iv) requirements and limitations for service costs and expenditures;
(v) eligibility categories criteria, requirements, and related measures;
(vi) designation and description of the types and features of the particular services provided for under subsection (9);
(vii) provider requirements and reimbursement;
(viii) financial participation requirements for enrollees as provided in subsection (6);
(ix) utilization measures;
(x) measures to ensure the appropriateness and quality of services to be delivered; and
(xi) other appropriate provisions necessary to the administration of the program and the delivery of services in accordance with 42 U.S.C. 1396n and any conditions placed upon approval of a program by the U.S. department of health and human services.

(b) Unless required by federal law or regulation, the department may not adopt rules that exclude a child from home and community-based services or require prior authorization for a child to access home and community-based services if the child would be eligible for or able to access the home and community-based services without prior authorization if the child was not in foster care.

(14) The department shall establish by rule the procedures for moving a person from a waiting list for services provided through a medicaid home and community-based services waiver into the waiver services, including the process and priorities to be used in making determinations related to the waiting list. The department may not modify the policies established in rule by adopting supplemental policies or procedures not subject to the administrative rulemaking process.

(15) The department shall adopt rules for the provision of the fraud prevention training required under 53-6-405, including but not limited to establishing the elements that must be contained in fraud prevention education materials and the models that may be used for the training.

(16) The department shall adopt rules to carry out the cost reporting provisions of 53-6-406, including but not limited to the costs that a provider is required to report to the department, the format of the report, and the deadline for filing the report.”

circumstances that may delay issuing a license. For nonroutine licenses, the
department shall confer with the board to which the licensure application is

(b) The board shall issue a temporary practice permit as provided in this section within 45 calendar days of receiving a completed application. The board shall notify an applicant within 10 days of receiving an application under this section of deficiencies in the application or provide information as to any exigent circumstances that may delay issuing a temporary practice permit.

(c) The person may practice under the permit until a license is granted or until a notice of proposal to deny a license is issued.

(d) The permit may be issued in the board’s discretion if the applicant verifies or states in the application that the applicant has requested verification from the state or states in which the person is licensed that the person is currently licensed and is not subject to pending charges or final disciplinary action for unprofessional conduct or impairment. If the board or its screening panel finds reasonable cause to believe that the applicant falsely affirmed or stated that the applicant has requested verification from the other state or states, the board may summarily suspend the license permit pending further action to discipline or revoke the license permit.

(2) A board may issue a temporary practice permit to a person seeking licensure in this state who has met all licensure requirements other than passage of the licensing examination. Except as provided in 37-68-311 and 37-69-306, a permit is valid until the person either fails the first license examination for which the person is eligible following issuance of the permit or passes the examination and is granted a license. A screening panel is an agency for purposes of summary suspensions under 2-4-631. A screening panel shall specify in writing the particular statute, rule, or standard that the panel believes may have been violated. The screening panel shall also state in writing the reasonable grounds that support the panel’s finding that a violation may have occurred. The assigned board members may not subsequently participate in a hearing of the case. The final decision on the case must be made by a majority of the board members who did not serve on the screening panel for the case.

Upon receipt of the criminal background check report, the department of justice shall promptly destroy the fingerprint card of the applicant.

[5) Each board shall require a license applicant to provide the applicant’s social security number as a part of the application. Each board shall keep the social security number from this source confidential, except that a board may provide the number to the department of public health and human services for use in administering Title IV-D of the Social Security Act.] (Bracketed language terminates on occurrence of contingency--sec. 1, Ch. 27, L. 1999.)"

   (i) the number of students that entered the 9th grade in the school district but did not graduate from a high school in that district and for which the school district did not receive a transfer request. For reporting purposes, the students identified under this subsection (3)(i) are considered to have dropped out of school.

(4) Each school district shall also post on the school district’s internet website a copy of every working agreement the district has with any organized labor organization and the district’s costs, if any, associated with employee union representation, collective bargaining, and union grievance procedures and litigation resulting from union employee grievances.

(5) If a school district does not have an internet website, the school district shall publish the information required under subsections (2) and (3) in printed form and provide a copy of the information upon request at the cost incurred by the school district for printing only.

(6) The superintendent of public instruction shall continually work in consultation with the K-12 data task force provided for in 20-7-105 to analyze the best options for a statewide data system that will best enhance the ability of school districts to use data for the purposes identified in this section. Emphasis must be placed on developing or purchasing and customizing a statewide data system that promotes and preserves community ownership and local control and that incorporates innovative technologies available in the marketplace that may be in use and that are successfully working in other states. The office of public instruction and the K-12 data task force shall collaborate to enhance the statewide data system to support:
(a) the needs of school districts in using data to improve instruction and student performance;
(b) the collection of data from schools through a process that provides for automated conversion of data from systems already in use by school districts
or the office of public instruction and that resolves the repetition of data entry and redundancy of data requested that has been characteristic of the data system in the past and that otherwise reduces the diversion of district staff time away from instruction and supervision;

(c) increased use of data from the centralized system by various functions within the office of public instruction; and

(d) transparency in reporting to schools, school districts, communities, and the public.

(7) The superintendent of public instruction shall gather, maintain, and distribute longitudinal, actionable data in the following areas:

(g) a statewide data audit system;

(h) a system to track student achievement with a direct teacher-to-student match to help track, report, and create opportunities for improved individual student performance;

(i) student-level course completion data, including transcripts, to assess career and college readiness; and

(j) student-level ACT results, scholastic achievement test results, and advanced placement exam data.

(8) The superintendent of public instruction shall emphasize the creation of and distribution of individual diagnostic data for each student in a manner that is timely and protects the privacy rights of students and families as they relate to education so that school districts may use the data to support timely academic intervention as needed and to otherwise improve the academic achievement of the students of each school district.

(9) (a) In addition to the data privacy protections in subsection (1)(b) and except as provided in subsection (9)(b), the superintendent of public instruction may provide personally identifiable information gathered, maintained, and distributed pursuant to subsection (7) and any other personally identifiable data only to the office of public instruction, the school district where the student is or has been enrolled, the parent, and the student. The superintendent of public instruction may not share, sell, or otherwise release personally identifiable information to any for-profit business, nonprofit organization, public-private partnership, governmental unit, or other entity unless the student’s parent has provided written consent specifying the data to be released, the reason for the release, and the recipient to whom the data may be released.

(b) The superintendent may release student-level information to the commissioner of higher education and the department of labor and industry for the sole purpose of research directed at ensuring that Montana’s K-12 education system meets the expectations of the Montana university system and the workforce needs of the state. The superintendent shall determine the necessity of research requests from the commissioner and the department of labor and industry and may only release student-level information after entering agreements with the commissioner and the department to ensure student privacy. An agreement under this subsection (9)(b) must:

(i) expire no later than 18 months after the agreement is made; and
(ii) require the commissioner and the department to destroy and retain no part of student-level information upon completion of the research outlined in the agreement.

(10) On or before June 30, 2013, the superintendent of public instruction shall begin presenting longitudinal data on academic achievement and shall develop plans for a measurement of growth for the statewide student assessment required by the board of public education.”

CHAPTER NO. 199

[HB 347]

AN ACT PROVIDING THAT TITLE 40, CHAPTER 9, MCA, IS NOT AN EXCLUSIVE REMEDY AND A GRANDPARENT IS NOT PRECLUDED FROM SEEKING RELIEF UNDER OTHER STATUTES RELATING TO CHILD CUSTODY AND WELFARE; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Legislature recognizes that the rights of parents to the custody and control of a child are based on liberties secured by the United States and Montana constitutions and that a parent’s rights to custody and control of a child are therefore normally superior to the interests of other persons; and

WHEREAS, the Legislature also recognizes the Montana Constitution affords a child the same fundamental rights as a parent, including, at a minimum, the inalienable right to a clean and healthful environment, the right to pursue life’s basic necessities, the right to enjoy a safe, healthy, and happy life, and the right to basic human dignity as provided in Article II, sections 3, 4, and 15, of the Montana Constitution, and that in appropriate circumstances, a parent’s rights should yield to the child’s; and

WHEREAS, the Legislature recognized in 1997 the importance of a child’s contact with grandparents and subsequently in 2007 with the passage of section 40-6-501, MCA, a growing phenomenon in which absent or otherwise unavailable parents have temporarily surrendered the custody and care of their children to a grandparent or other relative for lengthy periods of time; and

WHEREAS, the Legislature acknowledges that the federal Supporting Grandparents Raising Grandchildren Act (Public Law 115-196, adopted July 7, 2018) establishes an advisory council to support grandparents raising grandchildren, and the legislation further establishes a number of federal agencies having responsibilities or administering programs related to grandparents or other older relatives raising children, with particular emphasis on those impacted by the opioid epidemic; and

WHEREAS, most importantly, the Legislature acknowledges the Montana Supreme Court’s recent decision in In re Parenting of L.R.S., 2018 MT 48, in which the court held that a grandparent seeking contact with a child could do so only through an action brought under Title 40, chapter 9, MCA, precluding a grandparent who met the necessary prerequisites from seeking visitation under section 40-4-228, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose — legislative intent. The legislature finds and declares that a grandparent is not precluded from seeking relief in lieu of or in addition to relief available under this chapter, including relief under Title 40, chapter 4 or 6, Title 41, chapter 3, Title 42, or Title 72, chapter 5, if the grandparent otherwise meets the necessary prerequisites of these statutes.
Section 2. Nonexclusive remedy. In addition to or in lieu of seeking reasonable rights to contact with a child under this chapter, a grandparent retains the following rights:
   (1) to seek a parental interest, visitation, or parenting plan under Title 40, chapter 4;
   (2) to seek authority as a caretaker relative, including authority to consent to medical care, for a child under Title 40, chapter 6;
   (3) to seek custody of a child as an extended family member under Title 41, chapter 3;
   (4) to seek adoption of a child under Title 42; and
   (5) to seek guardianship of a child under Title 72, chapter 5.

Section 3. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 40, chapter 9, and the provisions of Title 40, chapter 9, apply to [sections 1 and 2].

Section 4. Effective date. [This act] is effective on passage and approval.

   (b) impose a penalty on any insurer that fails to pay an assessment when due; or

Section 10. Calculation of reinsurance payments. (1) Each reinsurance payment must be calculated with respect to an eligible health insurer’s incurred claims costs for an individual enrollee’s covered benefits in the applicable benefit year. If the claims costs do not exceed the attachment point, the reinsurance payment is $0. If the claims costs exceed the attachment point, the reinsurance payment must be calculated as the product of the coinsurance rate and the less of:
   (a) the claims costs minus the attachment point; or
   (b) the reinsurance cap minus the attachment point.
(2) The board shall ensure that the reinsurance payments made to the eligible health insurer do not exceed the total amount paid by the eligible health insurer for any eligible claim.

Claims submitted after the date established by the board following the benefit year in which they were incurred will be allocated to the next benefit year in accordance with the board’s operating rules, policies, and procedures.
(2) If funds accumulated in the reinsurance program account in the state special revenue fund with respect to a benefit year are expected to be insufficient to pay all program expenses, claims for reimbursement, and other disbursements allocable to that benefit year, all claims for reimbursement allocable to that benefit year must be reduced proportionately to the extent necessary to prevent a deficiency in the funds for that benefit year. Any reduction in claims for reimbursement with respect to a benefit year must apply to all claims that are allocated to that benefit year without regard to
when those claims were submitted for reimbursement, and any reduction must be applied to each claim in the same proportion.

(3) If funds accumulated in the reinsurance program account in the state special revenue fund exceed the actual claims for reimbursement and program expenses of the association in a given benefit year, the board shall use such excess funds to pay reinsurance claims in successive benefit years and may recommend to the commissioner a reduction in the assessment amount for the following year.

(4) For each applicable benefit year, the board must notify eligible health insurers of reinsurance payments to be made for the applicable benefit year by the date established by the board in the plan of operation in the year following the applicable benefit year.

(5) By August 15 of the year following the applicable benefit year, the board must disburse all applicable reinsurance payments payable to an eligible health insurer.

WHEREAS, subsequently, the Attorney General of Montana issued an opinion, 51 A.G. Op. 2 (2005), holding that the judicial decision restored the original legislative district distribution requirements as they existed before the approval of the invalid amendments; and
WHEREAS, the court’s decision and the Attorney General’s opinion did not alter the official, printed text of Article XIV, section 9, as amended, but they did affect the meaning and interpretation of that section; and
WHEREAS, the current official text of the Montana Constitution is confusing and inaccurate and does not reflect the current state of the law to qualify an initiative for a constitutional amendment for the ballot; and
WHEREAS, the Montana Constitution’s text should accurately reflect how an initiative for a constitutional amendment may qualify for the ballot; and
WHEREAS, this amendment will ensure public transparency by conforming the official text of the Montana Constitution with current constitutional amendment initiative petition signature requirements.

Be it enacted by the Legislature of the State of Montana:

Section 1. Article XIV, section 9, of The Constitution of the State of Montana is amended to read:

“Section 9. Amendment by initiative. (1) The people may also propose constitutional amendments by initiative. (2) The petitions shall be filed with the secretary of state. If the petitions are found to have been signed by the required number of electors, the secretary
of state shall cause the amendment to be published as provided by law twice each month for two months previous to the next regular state-wide election.

(3) At that election, the proposed amendment shall be submitted to the qualified electors for approval or rejection. If approved by a majority voting thereon, it shall become a part of the constitution effective the first day of July following its approval, unless the amendment provides otherwise.”

Section 3. Effective date. [This act] is effective upon approval by the electorate.

Section 4. Submission to electorate. [This act] shall be submitted to the qualified electors of Montana at the general election to be held in November 2020 by printing on the ballot the full title of [this act] and the following:

CHAPTER NO. 217

[HB 245]

AN ACT SUBMITTING TO THE QUALIFIED ELECTORS OF MONTANA AN AMENDMENT TO ARTICLE III, SECTION 4, OF THE MONTANA CONSTITUTION TO REVISE THE METHOD OF QUALIFYING AN INITIATIVE FOR THE BALLOT; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, in 2005 in Montana Public Interest Research Group v. Johnson, 361 F. Supp. 2d 1222 (D.C. WHEREAS, the federal District Court permanently enjoined Montana from enforcing the county distribution requirements; and

The grant of a license under this subsection does not affect the limits established under 87-2-505.

(4) (a) Instead of receiving the benefits provided in subsection (2) or (3), a landowner of record who becomes a cooperator in the hunter management program and who agrees to provide public hunting access may designate an immediate family member or employee to receive, without charge, a wildlife conservation license and:

(ii) a Class B-10 nonresident big game combination license, without charge, if the family member designated person is a nonresident. An employee rather than a family member may be designated to receive a license.

(b) For purposes of this subsection (4), an immediate family member means a parent, grandparent, child, or grandchild of the cooperator by blood or marriage, a spouse, a legally adopted child, a sibling of the cooperator or spouse, or a niece or nephew.

(c) For purposes of this subsection (4), the term “employee” means a person who works full time and year-round for the landowner as part of an active farm or ranch operation.

(d) An immediate family member or employee who is designated to receive a license pursuant to this subsection (4) must be eligible for licensure under current Montana law and may not transfer the license by gift or sale.

(e) The grant of a Class B-10 nonresident big game combination license to an immediate family member or employee pursuant to this subsection (4) does not affect the limits established in 87-2-505.

(5) Any landowner who is enrolled in the block management program may receive the benefits provided under the hunter management program, as outlined in this section, and the benefits provided under the hunting access enhancement program, as outlined in 87-1-267.

(6) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1) applies to a landowner who participates in the hunter management program.”

“87-2-115. Nonresident elk and deer license preference point system. (1) The department shall establish a preference point system to distribute Class B-10 nonresident big game combination licenses and Class B-11 nonresident deer combination licenses.

(2) In addition to payment of any fees established in 87-2-113, 87-2-505, and 87-2-510, nonresidents applying to purchase a Class B-10 or Class B-11 license may purchase a preference point, upon payment of a nonrefundable $50 fee, that gives an applicant who has more preference points
priority to receive a Class B-10 or Class B-11 license over an applicant who has purchased fewer preference points.

(3) An applicant may:
   (a) purchase only one preference point per license year; and
   (b) purchase a preference point without applying for a Class B-10 or Class B-11 license. An applicant not applying for a Class B-10 or Class B-11 license may purchase a preference point only between July 1 and September 30 prior to the applicable license year. The department shall delete an applicant’s accumulated preference points if the applicant does not apply for a Class B-10 or Class B-11 license for 2 consecutive years.

(5) The department shall issue 75% of the Class B-10 and Class B-11 licenses made available for purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants in the order of which applicants have purchased the greatest number of preference points. If the number of licenses to be issued under this subsection exceeds the number of applicants who have purchased preference points, the remaining licenses must be added to the licenses issued pursuant to subsection (6).

(6) The department shall issue 25% of the Class B-10 and Class B-11 licenses made available for purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants who have not purchased any preference points. If the number of licenses to be issued under this subsection exceeds the number of applicants who have not purchased preference points, the remaining licenses must be added to the licenses issued pursuant to subsection (5).

(7) Up to five applicants may apply as a party under this section. The department shall use an average of the number of preference points accumulated by those applicants to determine their priority in receiving licenses issued pursuant to subsection (5). The department shall consider any fraction that results from the calculation of an average when determining that priority.”

upon payment of the resident base hunting license fee in 87-2-116 [and the purchase of the resident aquatic invasive species prevention pass pursuant to 87-2-130], in the license year that the member returns from military service or in the year following the member’s return, based on the member’s election, and in any of the 4 years after the member’s election.

(B) the parcels would have met the qualification set out in subsection (1)(b)(i)(A) were it not for independent, intervening causes of production failure beyond the control of the producer or a marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice.

(ii) Noncontiguous parcels of land that meet the income requirement of subsection (1)(b)(i) are eligible for valuation, assessment, and taxation as agricultural land under subsection (1)(b)(i) if:

(A) the land is an integral part of a bona fide agricultural operation undertaken by the persons set forth in subsection (1)(b)(i) as defined in this section; and

(A) rental or lease of the land as long as the land is actively used for grazing livestock or for other agricultural purposes; and

(B) rental payments made under the federal conservation reserve program or a successor to that program;

(ii) land that is devoted to residential use or that is used for agricultural buildings and is included in or is contiguous to land under the same ownership that is classified as agricultural land, other than nonqualified agricultural land described in 15-6-133(1)(c), must be classified as agricultural land, and the land must be valued as provided in 15-7-206.

(b) the parcels would have met the qualification set out in subsection (2)(a) were it not for independent, intervening causes of production failure beyond the control of the producer or marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice; or

(c) in a prior year, the parcels totaled 20 acres or more and qualified as agricultural land under this section, but the number of acres was reduced to less than 20 acres for a public use described in 70-30-102 by the federal government, the state, a county, or a municipality, and since that reduction in acres, the parcels have not been further divided.

(3) For grazing land to be eligible for classification as agricultural land under subsections (1)(b) and (2), the land must be capable of sustaining a minimum number of animal unit months of carrying capacity. The minimum number of animal unit months of carrying capacity must equate to $1,500 in annual gross income as determined by the Montana state university-Bozeman department of agricultural economics and economics.

(4) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise is not considered a bona fide agricultural operation.

Land of 20 acres or more but less than 160 acres for which no application for agricultural classification has been made is valued as provided in 15-6-133(1)(c) and is taxed as provided in 15-6-133(3). If land has been valued, assessed, and taxed as agricultural land in any year, it must continue to be valued, assessed, and taxed as agricultural until the department reclassifies the property. A reclassification does not mean revaluation pursuant to 15-7-111.

WHEREAS, the Federal Voting Assistance Program and the Council of State Governments has determined that voter experience could be improved if states would allow the use of the digital signature available with common access cards, which are identification cards issued by the U.S. Department of Defense only to qualified personnel; and

WHEREAS, allowing uniformed and overseas voters the option of using a common access card digital signature would provide an additional opportunity for these voters to register and vote as well as added security; and

WHEREAS, providing this option need not involve a costly change within the secretary of state’s electronic absentee system because the digital signature can be validated through a current publicly available certificate-based protocol for which the U.S. Department of Defense is the trusted authority.

TEACHERS AND OTHER SCHOOL PERSONNEL TO BE PREPARED TO IDENTIFY AND SERVE STUDENTS WITH DYSLEXIA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

WHEREAS, reading is fundamental to developing a person’s full educational potential, which is the goal of the people of Montana as stated in Article X, section 1, of the Montana Constitution; and

WHEREAS, dyslexia can impede a person’s ability to read and is one of the most common learning disabilities, with some estimates as high as one in five people having dyslexia; and

WHEREAS, the Legislature finds that ensuring Montana students with dyslexia are identified and receive appropriate educational services as early as possible is vital to these students maximizing their educational potential.

Be it enacted by the Legislature of the State of Montana:

Section 1. Dyslexia — definition — screening — intervention. (1) This section may be cited as the “Montana Dyslexia Screening and Intervention Act”.

(2) For the purposes of this section, “dyslexia” means a specific learning disability that is neurological in origin and characterized by difficulties with accurate or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede the growth of vocabulary and background knowledge.

(3) (a) In alignment with the existing requirements of the Individuals With Disabilities Education Act, rules of the board of public education, and rules of the superintendent of public instruction, school districts shall establish procedures to ensure that all resident children with disabilities, including specific learning disabilities resulting from dyslexia, are identified and evaluated for special education and related services as early as possible.

(b) To support the goal of the people of Montana to develop the full educational potential of each person, articulated in Article X, section 1(1), of the Montana constitution, and to ensure early identification and intervention for students with dyslexia, a school district shall utilize a screening instrument aimed at identifying students at risk of not meeting grade-level reading benchmarks. The screening instrument must:

(i) be administered to:

(A) a child in the first year that the child is admitted to a school of the district up to grade 2; and

(B) a child who has not been previously screened by the district and who fails to meet grade-level reading benchmarks in any grade;

(ii) be administered by an individual with an understanding of, and training to identify, signs of dyslexia; and

(iii) be designed to assess developmentally appropriate phonological and phonemic awareness skills.

(c) If a screening under subsection (3)(b) suggests that a child may have dyslexia or a medical professional diagnoses a child with dyslexia, the child’s school district shall take steps to identify the specific needs of the child and implement best practice interventions to address those needs. This process may lead to consideration of the child’s qualification as a child with a disability under the Individuals With Disabilities Education Act.
(4) The office of public instruction shall:
   (a) endeavor to raise statewide awareness of dyslexia, as well as the
       attendant rights of students and parents and the responsibilities of school
       districts related to dyslexia; and
   (b) provide guidance to school districts related to:
       (i) the early identification of students with dyslexia, including best practices
           for universal, valid, and reliable screening methods and other assessments in
           support of the requirements of subsection (3)(b) that:
           (A) have minimal or no cost to a district; and
           (B) are able to be integrated with a district’s existing reading programs;
       (ii) best practice interventions to support students with dyslexia as early as
           possible, including interventions for those students with dyslexia evaluated as
           requiring special education and those students with dyslexia evaluated as not
           requiring special education; and
       (iii) best practices for collaborating with and supporting parents of students
           with dyslexia.

(5) The legislature urges all entities within the state with authority over, or
    a role to play in, teacher preparation and professional development to ensure
    that teachers and other school personnel, especially those in the early grades,
    are well prepared to identify and serve students with dyslexia.

(6) No later than September 15, 2020, the office of public instruction and
    the board of public education shall report to the education interim committee
    on progress made in addressing dyslexia pursuant to this act.

Section 2. Codification instruction. [Section 1] is intended to be codified
as an integral part of Title 20, chapter 7, part 4, and the provisions of Title 20,
chapter 7, part 4, apply to [section 1].

Section 3. Effective date. [This act] is effective on July 1, 2019.

Section 4. Applicability. [This act] applies to school years beginning on
or after July 1, 2019.

(6) In addition to any sentence imposed under subsection (2) or (3), after determining the financial resources and future ability of the offender to pay restitution as required by 46-18-242, the court shall require the offender, if able, to pay the victim’s reasonable medical and counseling costs that result from

(1) Except as provided in subsection (2) and this subsection, an investment may not be made that will result in any one business enterprise or person receiving a benefit from or incurring a debt to the permanent coal tax trust fund the total current accumulated amount of which exceeds 10% of the permanent coal tax trust fund. If an investment results in any one business enterprise or person incurring a debt in excess of 6% of the permanent coal tax trust fund, at least 30% of the debt incurred for the project or enterprise for the coal tax investment that was made to the business enterprise or person must be held by a commercial lender. This subsection does not:

(2) The total amount of loans made pursuant to 17-6-309(2) may not exceed $80 million, the total amount of loans made pursuant to 17-6-317 may not exceed $70 million, and a single loan may not be less than $250,000. Except for a loan made pursuant to 17-6-317, a loan may not exceed $16,666 for each job that is estimated to be created. In determining the size of a loan made pursuant to 17-6-309(2), the board shall consider:

(a) the estimated number of jobs to be created by the project within a 4-year period from the time that the loan is made and the impact of the jobs on the state and the community where the project will be located;

(b) the long-term effect of corporate and personal income taxes estimated to be paid by the business and its employees;

(c) the current and projected ability of the community to provide necessary infrastructure for economic and community development purposes;

(d) the amount of increased salaries, wages, and business incomes of existing jobholders and businesses; and

(e) other matters that the board considers necessary.

(3) The total amount of loans made annually pursuant to 17-6-309(3) may not exceed $10 $50 million. In determining the size of a loan, the board shall consider:
(a) the direct and indirect tax implications to the state if a coal-fired generating unit is retired prematurely;
(b) the current and projected ability of an owner to operate and maintain a coal-fired generating unit; and
(c) other matters that the board considers necessary.”

Section 4. Section 17-6-317, MCA, is amended to read:

“17-6-317. Participation by private financial institutions — rulemaking. (1) (a) The board may jointly participate with private financial institutions in making loans to a business enterprise if the loan will:

(i) result in the creation of a business estimated to employ at least 10 people in Montana on a permanent, full-time basis;
(ii) result in the expansion of a business estimated to employ at least an additional 10 people in Montana on a permanent, full-time basis; or
(iii) prevent the elimination of the jobs of at least 10 Montana residents who are permanent, full-time employees of the business.
(b) Loans under this section may be made only to:

(i) business enterprises that are producing or will produce value-added products or commodities; or
(ii) owners of coal-fired generating units to provide for the continued operation and maintenance of a coal-fired generating unit until July 1, 2022 for the purposes established in 17-6-308(6).
(c) A loan made pursuant to this section does not qualify for a job credit interest rate reduction under 17-6-318.

(2) A loan made pursuant to this section may not exceed 1% of the coal severance tax permanent fund and must comply with each of the following requirements:

(a) (i) The business enterprise seeking a loan must have a cash equity position equal to at least 25% of the total loan amount.
(ii) A participating private financial institution may not require the business to have an equity position greater than 50% of the total loan amount.
(iii) If additional security or guarantees, exclusive of federal guarantees, are required to cover a participating private financial institution, then the additional security or guarantees must be proportional to the amount loaned by all participants, including the board of investments.
(b) The board shall provide 75% of the total loan amount.
(c) The term of the loan may not exceed 15 years.
(d) The board shall charge interest at the following annual rate:

(i) 2% for the first 5 years if 15 or more jobs are created or retained;
(ii) 4% for the first 5 years if 10 to 14 jobs are created or retained;
(iii) 6% for the second 5 years; and
(iv) the board’s posted interest rate for the third 5 years, but not to exceed 10% a year.
(e) (i) The interest rates in subsections (2)(d)(i) and (2)(d)(ii) become effective when the board receives certification that the required number of jobs has been created or as provided in subsection (2)(e)(ii). If the board disburses loan proceeds prior to creation of the required jobs, the loan must bear interest at the board’s posted rate.

(ii) In establishing interest rates under subsections (2)(d)(i) and (2)(d)(ii) for preventing the elimination of jobs, the board shall require the submission of financial data that allows the board to determine if the loan and interest rate will in fact prevent the elimination of jobs.
(f) If a business entitled to the interest rate in subsection (2)(d)(i) or (2)(d)(ii) reduces the number of required jobs, the board may apply a graduated scale to increase the interest rate, not to exceed the board’s posted rate.
(g) For purposes of calculating job creation or retention requirements, the board shall use the state’s average weekly wage, as defined in 39-71-116, multiplied by the number of jobs required. This calculated number is the minimum aggregate salary threshold that is required to be eligible for a reduced interest rate. If individual jobs created pay less than the state’s average weekly wage, the borrower shall create more jobs to meet the minimum aggregate salary threshold. If fewer jobs are created or retained than required in subsection (2)(d)(i) or (2)(d)(ii) but aggregate salaries meet the minimum aggregate salary threshold, the borrower is eligible for the reduced interest rate. A job paying less than the minimum wage, provided for in 39-3-409, may not be included in the required number of jobs.

(h) (i) A participating private financial institution may charge interest in an amount equal to the national prime interest rate, adjusted on January 1 of each year, but the interest rate may not be less than 6% or greater than 12%.

(ii) At the borrower’s discretion, the borrower may request the lead lender to change this prime rate to an adjustable or fixed rate on terms acceptable to the borrower and lender.

(iii) A participating private financial institution, or lead private financial institution if more than one is participating, may charge a 0.5% annual service fee.

(i) The business enterprise may not be charged a loan prepayment penalty.

(j) The loan agreement must contain provisions providing for pro rata priority and pro rata liquidation provisions based on the loan percentage of the board and each participating private lender.

(3) If a portion of a loan made pursuant to this section is for construction, disbursement of that portion of the loan must be made based on the percentage of completion to ensure that the construction portion of the loan is advanced prior to completion of the project.

(4) A private financial institution shall participate in a loan made pursuant to this section to the extent of 85% of its lending limit or 25% of the loan, whichever is less. However, the board’s participation in the loan must be 75% of the loan amount.

(5) (a) Except as provided in subsection (5)(b), subsections (5)(b) and (5)(c), a business enterprise receiving a loan under the provisions of this section may not pay bonuses or dividends to investors until the loan has been paid off, except that incentives may be paid to employees for achieving performance standards or goals.

(b) A business enterprise for the production of ethanol to be used as provided in Title 15, chapter 70, part 5, may pay dividends to investors and bonuses to employees if the business enterprise is current on its loan payments and has available funds equal to at least 15% of the outstanding principal balance of the loan.

(c) A public utility may pay dividends to investors and bonuses to employees if the public utility is current on its loan payments and has available funds equal to at least 15% of the outstanding principal balance of the loan.

(6) The board may adopt rules that it considers necessary to implement this section.”

Section 5. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

   (a) a variance will not result in a lowering of currently attained, ambient water quality;

   (b) the department rules are consistent, as necessary, with federal rules that authorize states to adopt variances from standards, including but not limited to 40 CFR 131.14; and

   (c) (i) a permittee cannot reasonably expect to meet a water quality standard during the permit term for which the variance is approved; and

   (ii) a permit compliance schedule is not feasible to preclude the need for a variance during the permit term for which the variance is approved.

(2) In order to receive a temporary variance, a permittee shall evaluate facility operations and infrastructure to maximize pollutant reduction through an optimization study. The variance must require the implementation of optimization study actions as terms and conditions of the discharge permit.

(3) The department shall review a temporary variance issued pursuant to this section at least once every 5 years and may continue, modify, or terminate the temporary variance as a result of the review.

[SB 92]

AN ACT IMPROVING SCHOOL AND STUDENT SAFETY AND SECURITY; CLARIFYING PERMISSIBLE EXPENDITURES FOR SCHOOL AND STUDENT SAFETY AND SECURITY; EXPANDING PERMISSIBLE EXPENDITURES OF STATE SCHOOL MAJOR MAINTENANCE AID AND MAJOR MAINTENANCE LEVIES TO INCLUDE SCHOOL AND STUDENT SAFETY AND SECURITY; AUTHORIZING THE TRUSTEES OF A SCHOOL DISTRICT TO SEEK VOTER APPROVAL OF A LEVY FOR SCHOOL AND STUDENT SAFETY AND SECURITY; AMENDING SECTIONS 20-9-236, 20-9-502, AND 20-9-525, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-236, MCA, is amended to read:

"20-9-236. Transfer of funds -- improvements to school safety and security. (1) A school district may transfer state or local revenue from any budgeted or nonbudgeted fund, other than the debt service fund or retirement fund, to its building reserve fund in an amount not to exceed the school district’s
estimated costs of improvements to school and student safety and security as follows:

(a) planning for improvements to and maintenance of school and student safety, including but not limited to the cost of staffing for or services provided by architects, engineers, school resource officers, counselors, and other staff or consultants assisting the district with improvements to school and student safety and security;

(b) programs to support school and student safety and security, including but not limited to active shooter training, threat assessments, and restorative justice;

(c) installing or updating locking mechanisms and ingress and egress systems at public school access points, including but not limited to systems for exterior egress doors and interior passageways and rooms, using contemporary technologies;

(d) installing or updating bullet-resistant windows and barriers; and

(e) installing or updating emergency response systems using contemporary technologies.

(2) Any transfers made pursuant to subsection (1) are not considered expenditures to be applied against budget authority. Any revenue transfers that are not encumbered for expenditures in compliance with subsection (1) within 2 full school fiscal years after the funds are transferred must be transferred back to the originating fund from which the revenue was transferred.

(3) The intent of this section is to increase the flexibility and efficiency of school districts without an increase in local taxes. In furtherance of this intent, if transfers of funds are made from any school district fund supported by a nonvoted levy, the district may not increase its nonvoted levy for the purpose of restoring the transferred funds.

Section 2. Section 20-9-502, MCA, is amended to read:

“20-9-502. Purpose and authorization of building reserve fund – levy for school transition costs subfund structure. (1) The trustees of any district may establish a building reserve fund to budget for and expend funds for any of the purposes set forth in this section. Appropriate subfunds must be created to ensure separate tracking of the expenditure of funds from voted and nonvoted levies and transfers for school safety pursuant to 20-9-236.

(2) (a) A voted levy may be imposed and a subfund must be created with the approval of the qualified electors of the district for the purpose of raising money for the future construction, equipping, or enlarging of school buildings or for the purpose of purchasing land needed for school purposes in the district. In order to submit to the qualified electors of the district a building reserve proposition for the establishment of or addition to a building reserve, the trustees shall pass a resolution that specifies:

(i) the purpose or purposes for which the new or addition to the building reserve will be used;

(ii) the duration of time over which the new or addition to the building reserve will be raised in annual, equal installments;

(iii) the total amount of money that will be raised during the duration of time specified for the levy; and

(iv) any other requirements under 15-10-425 and 20-20-201 for the calling of an election.

(b) Except as provided in subsection (4)(b), a building reserve tax authorization may not be for more than 20 years.

(c) The election must be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election must be
qualified under the provisions of 20-20-301. The ballot for a building reserve proposition must be substantially in compliance with 15-10-425.

(d) The building reserve proposition is approved if a majority of those electors voting at the election approve the establishment of or addition to the building reserve. The annual budgeting and taxation authority of the trustees for a building reserve is computed by dividing the total authorized amount by the specified number of years. The authority of the trustees to budget and impose the taxation for the annual amount to be raised for the building reserve lapses when, at a later time, a bond issue is approved by the qualified electors of the district for the same purpose or purposes for which the building reserve fund of the district was established. Whenever a subsequent bond issue is made for the same purpose or purposes of a building reserve, the money in the building reserve must be used for the purpose or purposes before any money realized by the bond issue is used.

(3) (a) A subfund must be created to account for revenue and expenditures for school major maintenance and repairs authorized under this subsection (3). Except as provided in subsection (3)(g), the The trustees of a district may authorize and impose a levy of no more than 10 mills on the taxable value of all taxable property within the district for that school fiscal year for the purposes of raising revenue for identified school major maintenance improvements or projects meeting the requirements of 20-9-525(2). The 10-mill limit under this section subsection (3) must be calculated using the district’s total taxable valuation most recently certified by the department of revenue under 15-10-202. The amount of money raised by the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) may not exceed the district’s school major maintenance amount. For the purposes of this section, the term “school major maintenance amount” means the sum of $15,000 and the product of $100 multiplied by the district’s budgeted ANB for the prior fiscal year. To authorize and impose a levy under this subsection (3), the trustees shall:

(i) following public notice requirements pursuant to 20-9-116, adopt no later than June 1 for fiscal year 2017 only and no later than March 31 for fiscal years 2018 and subsequent fiscal years of each fiscal year; a resolution:

(A) identifying the anticipated school major maintenance improvements or projects for which the proceeds of the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) will be used; and

(B) estimating a total dollar amount of money to be raised by the levy, the deposits and transfers authorized under subsection (3)(f) of this section, anticipated state aid pursuant to 20-9-525(3), and the resulting estimated number of mills to be levied using the district’s taxable valuation most recently certified by the department of revenue under 15-10-202; and

(ii) include the amount of any final levy to be imposed as part of its final budget meeting noticed in compliance with 20-9-131.

(b) Proceeds from the levy may be expended only for the purposes under 20-9-525(2), and the expenditure of the money must be reported in the annual trustees’ report as required by 20-9-213.

(c) Whenever the trustees of a district impose a levy pursuant to this section subsection (3) during the current school fiscal year, they shall budget for the proceeds of the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) in the district’s building reserve fund budget. Any expenditures of the funds must be made in accordance with the financial administration provisions of this title for a budgeted fund.
(d) When a tax levy pursuant to this section subsection (3) is included as a revenue item on the final building reserve fund budget, the county superintendent shall report the levy requirement to the county commissioners by the later of the first Tuesday in September or within 30 calendar days after receiving certified taxable values and a levy on the district must be made by the county commissioners in accordance with 20-9-142.

(e) A subfund in the building reserve fund must be created for the deposit of proceeds from the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3).

(f) If the imposition of 10 mills pursuant to subsection (3)(a) is estimated by the trustees to generate an amount less than the maximum levy revenue specified in subsection (3)(a), the trustees may deposit additional funds from any lawfully available revenue source and may transfer additional funds from any lawfully available fund of the district to the subfund provided for in subsection (3)(a), up to the difference between the revenue estimated to be raised by the imposition of 10 mills and the maximum levy revenue specified in subsection (3)(a). The district’s local effort for purposes of calculating its eligibility for state school major maintenance aid pursuant to 20-9-525 consists of the combined total of funds raised from the imposition of 10 mills and additional funds raised from deposits and transfers in compliance with this subsection (3)(f).

(g) A district awarded a quality schools facility grant pursuant to [former] Title 90, chapter 6, part 8, during the biennium beginning July 1, 2017, may not impose the levy under this subsection (3) during the biennium beginning July 1, 2017.

(4) (a) A voted levy may be imposed and a subfund must be created with the approval of the qualified electors of the district to provide funding for transition costs incurred when the trustees:

(i) open a new school under the provisions of Title 20, chapter 6;

(ii) close a school;

(iii) replace a school building;

(iv) consolidate with or annex another district under the provisions of Title 20, chapter 6; or

(v) receive approval from voters to expand an elementary district into a K-12 district pursuant to 20-6-326.

(b) Except as provided in subsection (4)(c), the total amount the trustees may submit to the electorate for transition costs may not exceed the number of years specified in the proposition times the greater of 5% of the district’s maximum general fund budget for the current year or $250 per ANB for the current year. The duration of the levy for transition costs may not exceed 6 years.

(c) If the levy for transition costs is for consolidation or annexation:

(i) the limitation on the amount levied is calculated using the ANB and the maximum general fund budget for the districts that are being combined; and

(ii) the proposition must be submitted to the qualified electors in the combined district.

(d) The levy for transition costs may not be considered as outstanding indebtedness for the purpose of calculating the limitation in 20-9-406.

(5) (a) A subfund in the building reserve fund must be created for:

(i) the funds transferred to the building reserve fund for school safety and security pursuant to 20-9-236; and

(ii) funds generated by a voter-approved levy for school and student safety and security pursuant to subsection (5)(b) of this section.
(b) A voted levy may be imposed with the approval of the qualified electors of the district to provide funding for improvements to school and student safety and security that meet any of the criteria set forth in 20-9-236(1)(a) through (1)(e). A voted levy for school and student safety and security may not be considered as outstanding indebtedness for the purpose of calculating the limitation in 20-9-406. The election for a voted levy for school and student safety and security must be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a building reserve proposition must be substantially in compliance with 15-10-425.”

Section 3. Section 20-9-525, MCA, is amended to read:

“20-9-525. School major maintenance aid account — formula.
(1) There is a school major maintenance aid account in the state special revenue fund provided for in 17-2-102.

(2) [Subject to legislative fund transfer,] the purpose of the account is to provide, contingent on appropriation from the legislature, funding for school major maintenance aid as provided in subsection (3) for school facility projects that support a basic system of free quality public elementary and secondary schools under 20-9-309 and that involve, except as provided in subsection (7):

(a) first, making any repairs categorized as “safety”, “damage/wear out”, or “codes and standards” in the facilities condition inventory for buildings of the school district as referenced in the K-12 public schools facility condition and needs assessment final report prepared by the Montana department of administration pursuant to section 1, Chapter 1, Special Laws of December 2005; and

(b) after addressing the repairs in subsection (2)(a), any of the following:

(i) updating the facility condition inventory as recommended in the final report referenced in subsection (2)(a) with the scope and methods of the review to be determined by the trustees, employing experts as the trustees determine necessary. The first update must be completed by July 1, 2019, and each district shall certify the completion to the office of public instruction no later than October 31, 2019. Subsequent updates must be certified to the office of public instruction no less than once every 5 years following the first certification.

(ii) undertaking projects designed to produce operational efficiencies such as utility savings, reduced future maintenance costs, improved utilization of staff, and enhanced learning environments for students, including but not limited to projects addressing:

(A) roofing systems;

(B) heating, air conditioning air-conditioning, and ventilation systems;

(C) energy-efficient window and door systems and insulation;

(D) plumbing systems;

(E) electrical systems and lighting systems;

(F) information technology infrastructure, including internet connectivity both within and to the school facility; and

(G) other critical repairs to an existing school facility or facilities.

(3) (a) In any year in which the legislature has appropriated funds for distribution from the school major maintenance aid account, the superintendent of public instruction shall administer the distribution of school major maintenance aid from the school major maintenance aid account for deposit in the subfund of the building reserve fund provided for in 20-9-502(3)(e). Subject to proration under subsection (5) of this section, aid must be annually distributed no later than the last working day of May to a school district imposing a levy pursuant to 20-9-502(3) in the current school fiscal year,
with the amount of state support per dollar of local effort of the applicable elementary and high school program of each district determined as follows:

   (i) using the taxable valuation most recently certified by the department of revenue under 15-10-202:

   (A) divide the total statewide taxable valuation by the statewide total of school major maintenance amounts and multiply the result by 171%;

   (B) multiply the result determined under subsection (3)(a)(i)(A) by the district’s school major maintenance amount;

   (C) subtract the district’s taxable valuation from the amount determined under subsection (3)(a)(i)(B); and

   (D) divide the amount determined under subsection (3)(a)(i)(C) by 1,000;

   (ii) determine the greater of the amount determined in subsection (3)(a)(i) or 18% of the district’s mill value; and

   (iii) multiply the result determined under subsection (3)(a)(ii) by the district’s school major maintenance amount, then divide the product by the sum of the result determined under subsection (3)(a)(ii) and the district’s school major maintenance amount.

   (b) For a district with an adopted general fund budget in the prior year greater than or equal to 97% of the district’s general fund maximum budget in the prior year, the amount determined in subsection (3)(a)(iii) rounded to the nearest cent is the amount of school major maintenance aid per dollar of local effort, not to exceed an amount that would result in the state aid composing more than 80% of the district’s school major maintenance amount.

   (c) For a district with an adopted general fund budget in the prior year less than 97% of the district’s maximum budget in the prior year, multiply the amount determined in subsection (3)(a)(iii) by the ratio of the district’s adopted general fund budget in the prior year to the district’s maximum general fund budget in the prior year. The result, rounded to the nearest cent, is the amount of state school major maintenance aid per dollar of local effort, not to exceed an amount that would result in the state aid composing more than 80% of the district’s school major maintenance amount.

   (4) Using the taxable valuation most recently certified by the department of revenue under 15-10-202, the superintendent shall provide school districts with a preliminary estimated amount of state school major maintenance aid per dollar of local effort for the ensuing school year no later than March 1 and a final amount for the current school year no later than July 31.

   (5) If the appropriation from or the available funds in the school major maintenance aid account in any school fiscal year are less than the amount for which school districts would otherwise qualify, the superintendent of public instruction shall proportionally prorate the aid distributed to ensure that the distributions do not exceed the appropriated or available funds.

   (6) If in any fiscal year the amount of revenue in the school major maintenance aid account is sufficient to fund school major maintenance aid without a proration reduction pursuant to subsection (5) and if in that same fiscal year the amount of revenue available in the school facility and technology account established in 20-9-516 will result in a proration reduction in debt service assistance pursuant to 20-9-346(2)(b) for that fiscal year, the state treasurer shall transfer any excess funds in the school major maintenance aid account to the school facility and technology account, not to exceed the amount required to avoid a proration reduction.

   (7) School district boards of trustees that have certified to the office of public instruction a current school safety plan or emergency operations plan pursuant to 20-1-401 may, prior to addressing the school facility projects under subsection (2) of this section, utilize the proceeds from the levy authorized in 20-9-502(3)
and any school major maintenance aid for improvements to school and student safety and security as described in 20-9-236(1).

(7) For the purposes of this section, the following definitions apply:

(a) “Local effort” means an amount of money raised by levying no more than 10 mills pursuant to 20-9-502(3) and, provided that 10 mills have been levied, any additional amount of money deposited or transferred by trustees to the subfund pursuant to 20-9-502(3).

(b) “School major maintenance amount” means the sum of $15,000 and the product of $100 multiplied by the district’s budgeted ANB for the prior fiscal year. (Bracketed language in subsection (2) terminates June 30, 2019--sec. 28, Ch. 6, Sp. L. November 2017.)”

(4) A person’s act of providing first aid or other medical assistance to a person who is experiencing an actual or reasonably perceived drug-related overdose may be used as a mitigating factor in a criminal prosecution for which immunity is not provided under this section.

(5) This section may not be construed to:

(a) bar the admissibility of evidence obtained in connection with the investigation and prosecution of other crimes or violations committed by a person who otherwise qualified for limited immunity under this section; or

(b) limit, modify, or remove immunity from liability currently available to public entities, public employees, or prosecutors or by law; or

(c) create a new cause of action or other source of criminal liability for a pregnant woman with a substance use disorder who does not seek or receive evaluation, treatment, or support services for a substance use disorder.”

CHAPTER NO. 266
[SB 296]
AN ACT PROVIDING THAT A WATER RIGHT OWNER MAY FILE SUIT TO PROTECT AGAINST UNLAWFUL USE OF WATER AND INTERFERENCE WITH THE USE OF WATER; AMENDING SECTION 85-2-114, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-114, MCA, is amended to read:

“85-2-114. Judicial enforcement. (1) If the department ascertains, by a means reasonably considered sufficient by it, that a person is wasting water, using water unlawfully, preventing water from moving to another person having a prior right to use the water, or violating a provision of this chapter, it may petition the district court supervising the distribution of water among appropriators from the source to:

(a) regulate the controlling works of an appropriation as may be necessary to prevent the wasting or unlawful use of water or to secure water to a person having a prior right to its use;

(b) order the person wasting, unlawfully using, or interfering with another’s rightful use of the water to cease and desist from doing so and to take steps that may be necessary to remedy the waste, unlawful use, or interference; or

(c) issue a temporary, preliminary, or permanent injunction to prevent a violation of this chapter. Notwithstanding the provisions of Title 27, chapter 19, part 3, a temporary restraining order must be granted if it clearly appears from the specific facts shown by affidavit or by the verified complaint that a provision of this chapter is being violated.

(2) Upon the issuance of an order or injunction, the department may attach to the controlling works a written notice, properly dated and signed, setting forth the fact that the controlling works have been properly regulated by it. The notice constitutes legal notice to all persons interested in the appropriation or distribution of the water.

(3) The department may also direct its own attorney or request the attorney general or county attorney to bring suit to enjoin the waste, unlawful use, interference, or violation.

(4) The county attorney or the attorney general may bring suit to enjoin the waste, unlawful use, interference, or violation or bring an action under 85-2-122(1) without being requested to do so by the department.

(5) A county attorney who takes action pursuant to subsection (3) or (4) may request assistance from the attorney general.

(6) When enforcing the provisions of this section, the department, the county attorney, and the attorney general shall give priority to protecting the water rights of a prior appropriator under an existing water right, a certificate, a permit, or a state water reservation.

(7) After considering the provisions of subsection (6), the department may attempt to obtain voluntary compliance through warning, conference, or any other appropriate means before petitioning the district court under subsection (1). An attempt to obtain voluntary compliance under this subsection must extend over a period of at least 7 days and may not exceed 30 working days.
(8) Pursuant to 85-20-1902, the provisions of this section do not apply within the exterior boundaries of the Flathead Indian reservation.

(9) The provisions of this section do not limit a water right owner from seeking relief, including injunctive relief, in district court under Title 27, chapter 19, or this chapter.”

CHAPTER NO. 267

[SB 299]

AN ACT GENERALLY REVISING LAWS RELATED TO SAGE GROUSE CONSERVATION; EXEMPTING CERTAIN LAND USES AND ACTIVITIES FROM REGULATION; REVISING MONTANA SAGE GROUSE OVERSIGHT TEAM AUTHORITY; REVISING REPORTING REQUIREMENTS; REVISING COMPENSATORY MITIGATION REQUIREMENTS; PROVIDING DEFINITIONS; AMENDING SECTIONS 76-22-105, 76-22-111, AND 76-22-118, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Existing land uses and activities exempt. (1) Existing land uses and activities are recognized and respected, and those uses and activities, including those authorized by permit but not yet conducted, that existed as of September 8, 2015, may not be managed under the stipulations of a sage grouse conservation strategy adopted by the governor through executive order or a policy, rule, or regulation adopted by the oversight team. Those existing land uses and activities may continue within an existing defined project boundary even if they exceed the stipulations of those documents. However, permitting agencies shall apply seasonal use restrictions, as necessary, for discretionary activities at existing land use sites.

(2) For the purposes of this section, the term:

(a) “defined project boundary” includes but is not limited to a right-of-way, easement corridor, recognized oil and gas unit, drilling and spacing unit, mine plan, and subdivision plat; and

(b) “existing land uses and activities” means those uses and activities that require a permit or other authorization from a state agency to be conducted and includes but is not limited to railroads, oil and gas, mining, agriculture, processing facilities, power lines, telecommunications facilities, including wire and fiber optic cable, housing, and operations and maintenance activities of existing energy systems that occur within a defined project boundary.

Section 2. Compensatory mitigation reduction or waiver. (1) The oversight team shall consider on a case-by-case basis requests for a reduction in or waiver of compensatory mitigation based upon an assessment including but not limited to the following:

(a) a project that is located at least six-tenths of a mile from the center of an active lek but for which it is economically infeasible to be located more than 2 miles from the center of an active lek;

(b) the economic benefit to the local community and the project developer;

(c) whether the project is undertaken and completed outside of the sage grouse mating season; or

(d) whether the project involves one-time construction and does not require ongoing disturbance once completed, except for occasional routine maintenance of existing facilities.
(2) The oversight team shall provide a summary of the reasons why a reduction in or waiver of compensatory mitigation is approved or denied.

**Section 3. Operations and maintenance exempt.**

(1) Permitting and authorizing agencies and the oversight team shall cooperate to designate as exempt from the habitat quantification tool certain operations and maintenance activities that require a permit or other authorization from a state agency.

(2) Operations and maintenance activities that are exempt from the habitat quantification tool pursuant to subsection (1) may still be subject to stipulations of a sage grouse conservation strategy adopted by the governor through executive order or a policy, rule, or regulation adopted by the oversight team.

**Section 4.** Section 76-22-105, MCA, is amended to read:

"76-22-105. Montana sage grouse oversight team -- duties -- powers.

(1) The oversight team shall:

(a) cooperate with organizations to maintain, enhance, restore, expand, and benefit sage grouse habitat and populations;

(b) identify and map core areas, connectivity areas, and general habitat, subject to the approval of the governor;

(c) evaluate grant applications. As part of its evaluation, the oversight team shall solicit and consider the views of interested and affected persons and entities, including local, state, tribal, and federal governmental agencies, and boards, commissions, and other political subdivisions of the state;

(d) subject to the provisions of 76-22-109, select grant applications to receive funding from the sage grouse stewardship account. The oversight team has the discretion to determine the amount of each grant in accordance with the provisions of this part and may attach conditions of use to the grant.

(e) review and decide whether to approve proposals for the transfer to or acceptance by the state of a fee simple interest in real property. The oversight team shall recommend an approved proposal to the board of land commissioners for a final determination. Prior to making a recommendation, the oversight team shall publish a notice in a newspaper of general circulation in the county in which the real property is located and provide an opportunity for public comment.

(f) review and decide whether to accept offers, from any source, in the form of grants, gifts, transfers, bequests, or donations of money, personal property, or an interest in real property other than a fee simple interest; and

(g) review and act upon compensatory mitigation plans proposed under 76-22-111 with a goal of no net loss of habitat and a net gain preferred. If the plan includes a financial contribution to the sage grouse stewardship account established in 76-22-109, the oversight team shall, using the habitat quantification tool, determine how to secure enough credits with the financial contribution to offset the debits of the project.

(h) semiannually review the number of requests made by project developers for review of proposed projects for compensatory mitigation requirements. This semiannual review must include information on:

(i) how much time elapsed between the date the initial request was received and the date a proposed compensatory mitigation plan was referred to the oversight team for consideration;

(ii) how many projects did or did not proceed after the initial request; and

(iii) if a project did not proceed or a proposed compensatory mitigation plan was not referred to the oversight team, the reason why it did not proceed or was not referred.
(i) work with stakeholders to streamline the compensatory mitigation review process, including calculation of reduced mitigation costs for low-impact projects such as trenchless excavation; and

(j) monitor long-term staffing needs to effectively implement this part, as well as the costs and benefits of doing so.

(2) If a habitat exchange is authorized in Montana by the United States fish and wildlife service, the oversight team may transfer credits it is tracking pursuant to 76-22-104(3) to the habitat exchange, provided that:

(a) the habitat exchange uses the habitat quantification tool to quantify and calculate the value of credits available for purchase; and

(b) if the United States fish and wildlife service revokes authorization of the habitat exchange, the balance of the credits held by the exchange that were transferred to it by the oversight team are transferred back to the oversight team or to another habitat exchange authorized by the United States fish and wildlife service.

(3) The oversight team shall retroactively calculate and make available credits for leases and conservation easements purchased with funds disbursed pursuant to this part after May 7, 2015, but prior to the adoption of rules under 76-22-104.

(4) The oversight team shall seek a depredation order from the United States fish and wildlife service under the Migratory Bird Treaty Act of 1918, as necessary, to control common raven (Corvus corax) or black-billed magpie (Pica hudsonia) to reduce depredation on sage grouse populations and their nests.”

Section 5. Section 76-22-111, MCA, is amended to read:

“76-22-111. Compensatory mitigation — findings. (1) The legislature finds that allowing a project developer to provide compensatory mitigation for the debits of a project is consistent with the purpose of incentivizing voluntary conservation measures for sage grouse habitat and populations. The project developer may provide compensatory mitigation by:

(a) using the habitat quantification tool to calculate the debits attributable to the project; and

(b) under a mitigation plan approved by the oversight team, offsetting those debits in whole or in part by:

(i) purchasing an equal number of credits from a habitat exchange authorized by the United States fish and wildlife service or from the available credits tracked by the oversight team pursuant to 76-22-104. Payments received for credits tracked by the oversight team must be deposited in the sage grouse stewardship account established in 76-22-109.

(ii) if sufficient conservation credits are unavailable for purchase, making a financial contribution to the sage grouse stewardship account established in 76-22-109 that is equal to the average cost of the credits that would otherwise be required;

(iii) providing funds to establish a habitat exchange or finance a conservation project for the purpose of creating credits to offset debits. However, the funds may not be used to subsidize mitigation by or decrease the mitigation obligations of any party involved in the project.

(iv) undertaking other mitigation options identified and approved by the oversight team, including but not limited to sage grouse habitat enhancement, participation in a conservation bank, or funding stand-alone mitigation actions.

(2) All mitigation undertaken pursuant to this section must be taken in consideration of applicable United States fish and wildlife service sage grouse policies, state law, and any rules adopted pursuant to this part.
A mitigation action taken under this section must be conducted within general habitat, core areas, or connectivity areas.

A project developer may submit alternative locations for a project to compare the compensatory mitigation requirements of each and choose which alternative to develop based upon that information.”

Section 6. Section 76-22-118, MCA, is amended to read:

“76-22-118. Reporting. (1) The oversight team shall report to the governor regularly and provide an annual report to the governor, the environmental quality council, the board of land commissioners, and the county commissions in the counties where projects were funded pursuant to this part. The annual report must include information on activities undertaken pursuant to this part, including but not limited to:

(a) any appropriation, grant, gift, transfer, bequest, or donation received, including interest in real property;

(b) each grant awarded and the details of each grant’s status and results; and

(c) any compensatory mitigation activities.

(2) The oversight team shall report to the environmental quality council the findings of its review of staffing needs to effectively implement this part, as well as the costs and benefits of doing so, conducted pursuant to 76-22-105(1)(j).”

Section 7. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 76, chapter 22, part 1, and the provisions of Title 76, chapter 22, part 1, apply to [sections 1 and 2].

Section 8. Effective date. [This act] is effective on passage and approval. Approved May 2, 2019

CHAPTER NO. 268

[SB 302]

AN ACT GENERALLY REVISING LAWS RELATED TO BUDGETING AND ACCOUNTING BY LOCAL GOVERNMENT ENTITIES; PROVIDING AUDIT TIMELINES; REQUIRING THE STOPPAGE OF STATE FINANCIAL ASSISTANCE TO LOCAL GOVERNMENTS UNDER CERTAIN CIRCUMSTANCES; PROVIDING FOR THE REVIEW OF COMPLAINTS AGAINST LOCAL GOVERNMENT ENTITIES BY THE DEPARTMENT OF ADMINISTRATION; PROVIDING AN INDEPENDENT CAUSE OF ACTION AGAINST A LOCAL GOVERNMENT ENTITY; ALLOWING A FINANCIAL RECEIVER TO BE APPOINTED UNDER CERTAIN CIRCUMSTANCES; AMENDING SECTIONS 2-7-515, 7-6-611, AND 15-1-121, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

(5) The department shall accept and review claims made pursuant to [sections 5 and 7].”

Section 3. Section 15-1-121, MCA, is amended to read:

“15-1-121. Entitlement share payment — purpose — appropriation.
(1) As described in 15-1-120(3), each local government is entitled to an annual
amount that is the replacement for revenue received by local governments for diminishment of property tax base and various earmarked fees and other revenue that, pursuant to Chapter 574, Laws of 2001, amended by section 4, Chapter 13, Special Laws of August 2002, and later enactments, were consolidated to provide aggregation of certain reimbursements, fees, tax collections, and other revenue in the state treasury with each local government’s share. The reimbursement under this section is provided by direct payment from the state treasury rather than the ad hoc system that offset certain state payments with local government collections due the state and reimbursements made by percentage splits, with a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending a portion to other local governments.

(2) The sources of dedicated revenue that were relinquished by local governments in exchange for an entitlement share of the state general fund were:

(a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999;
(b) vehicle, boat, and aircraft taxes and fees pursuant to:
   (i) Title 23, chapter 2, part 5;
   (ii) Title 23, chapter 2, part 6;
   (iii) Title 23, chapter 2, part 8;
   (iv) 61-3-317;
   (v) 61-3-321;
   (vi) Title 61, chapter 3, part 5, except for 61-3-509(3), as that subsection read prior to the amendment of 61-3-509 in 2001;
   (vii) Title 61, chapter 3, part 7;
   (viii) 5% of the fees collected under 61-10-122;
   (ix) 61-10-130;
   (x) 61-10-148; and
   (xi) 67-3-205;
(c) gaming revenue pursuant to Title 23, chapter 5, part 6, except for the permit fee in 23-5-612(2)(a);
(d) district court fees pursuant to:
   (i) 25-1-201, except those fees in 25-1-201(1)(d), (1)(g), and (1)(j);
   (ii) 25-1-202;
   (iii) 25-9-506; and
   (iv) 27-9-103;
   (e) certificate of title fees for manufactured homes pursuant to 15-1-116;
   (f) financial institution taxes collected pursuant to the former provisions of Title 15, chapter 31, part 7;
   (g) all beer, liquor, and wine taxes pursuant to:
      (i) 16-1-404;
      (ii) 16-1-406; and
      (iii) 16-1-411;
   (h) late filing fees pursuant to 61-3-220;
   (i) title and registration fees pursuant to 61-3-203;
   (j) veterans’ cemetery license plate fees pursuant to 61-3-459;
   (k) county personalized license plate fees pursuant to 61-3-406;
   (l) special mobile equipment fees pursuant to 61-3-431;
   (m) single movement permit fees pursuant to 61-4-310;
   (n) state aeronautics fees pursuant to 67-3-101; and
   (o) department of natural resources and conservation payments in lieu of taxes pursuant to former Title 77, chapter 1, part 5.
(3) Except as provided in subsection (7)(b), the total amount received by each local government in the prior fiscal year as an entitlement share payment under this section is the base component for the subsequent fiscal year distribution, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to subsection (7), is each local government’s base component. The sum of all local governments’ base components is the fiscal year entitlement share pool.

(4) (a) Except as provided in subsections (4)(b)(iv) and (7)(b), the base entitlement share pool must be increased annually by an entitlement share growth rate as provided for in this subsection (4). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year.

(b) By October 1 of each year, the department shall calculate the growth rate of the entitlement share pool for the next fiscal year in the following manner:

(i) The department shall calculate the entitlement share growth rate based on the ratio of two factors of state revenue sources for the first, second, and third most recently completed fiscal years as recorded on the statewide budgeting and accounting system. The first factor is the sum of the revenue for the first and second previous completed fiscal years received from the sources referred to in subsections (2)(b), (2)(c), and (2)(g) divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.75. The second factor is the sum of the revenue for the first and second previous completed fiscal years received from individual income tax as provided in Title 15, chapter 30, and corporate income tax as provided in Title 15, chapter 31, divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.25.

(ii) Except as provided in subsections (4)(b)(iii) and (4)(b)(iv), the entitlement share growth rate is the lesser of:

(A) the sum of the first factor plus the second factor; or
(B) 1.03 for counties, 1.0325 for consolidated local governments, and 1.035 for cities and towns.

(iii) In no instance can the entitlement growth factor be less than 1. Subject to subsection (4)(b)(iv), the entitlement share growth rate is applied to the most recently completed fiscal year entitlement payment to determine the subsequent fiscal year payment.

(iv) The entitlement share growth rate, as described in this subsection (4), is:

(A) for fiscal year 2018, 1.005;
(B) for fiscal year 2019, 1.0187;
(C) for fiscal year 2020 and thereafter, determined as provided in subsection (4)(b)(ii). The rate must be applied to the entitlement payment for the previous fiscal year as if the payment had been calculated using entitlement share growth rates for fiscal years 2018 and 2019 as provided in subsection (4)(b)(ii).

(5) As used in this section, “local government” means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (8). The county or consolidated local government is responsible for making an allocation from the county’s or consolidated local government’s share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district’s loss of revenue sources for which reimbursement is provided.
in this section. The allocation for each special district that existed in 2002 must be based on the relative proportion of the loss of revenue in 2002.

(6) (a) The entitlement share pools calculated in this section, the amounts determined under 15-1-123(2) for local governments, the funding provided for in subsection (8) of this section, and the amounts determined under 15-1-123(3) for tax increment financing districts are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. The growth factor in the entitlement share must be calculated separately for:
   (A) counties;
   (B) consolidated local governments; and
   (C) incorporated cities and towns.

   (ii) In each fiscal year, the growth amount for counties must be allocated as follows:
   (A) 50% of the growth amount must be allocated based upon each county’s percentage of the prior fiscal year entitlement share pool for all counties; and
   (B) 50% of the growth amount must be allocated based upon the percentage that each county’s population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

   (iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:
   (A) 50% of the growth amount must be allocated based upon each consolidated local government’s percentage of the prior fiscal year entitlement share pool for all consolidated local governments; and
   (B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government’s population bears to the state’s total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

   (iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:
   (A) 50% of the growth amount must be allocated based upon each incorporated city’s or town’s percentage of the prior fiscal year entitlement share pool for all incorporated cities and towns; and
   (B) 50% of the growth amount must be allocated based upon the percentage that each city’s or town’s population bears to the state’s total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

   (v) In each fiscal year, the amount of the entitlement share pool before the growth amount or adjustments made under subsection (7) are applied is to be distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(7) (a) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section, the department shall determine the reimbursement amount as provided in the enactment and add the appropriate amount to the entitlement share distribution under this section. The total entitlement share distributions in a fiscal year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool.
The ratio of each local government’s distribution from the entitlement share pool must be recomputed to determine each local government’s ratio to be used in the subsequent year’s distribution determination under subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A).

(b) For fiscal year 2018 and thereafter, the growth rate provided for in subsection (4) does not apply to the portion of the entitlement share pool attributable to the reimbursement provided for in 15-1-123(2). The department shall calculate the portion of the entitlement share pool attributable to the reimbursement in 15-1-123(2), including the application of the growth rate in previous fiscal years, for counties, consolidated local governments, and cities and, for fiscal year 2018 and thereafter, apply the growth rate for that portion of the entitlement share pool as provided in 15-1-123(2).

(c) The growth amount resulting from the application of the growth rate in 15-1-123(2) must be allocated as provided in subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A) of this section.

(8) (a) Except for a tax increment financing district entitled to a reimbursement under 15-1-123(3), if a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any funding. If a tax increment financing district referred to in subsection (8)(b) terminates, then the funding for the district provided for in subsection (8)(b) terminates.

(b) One-half of the payments provided for in this subsection (8)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (8)(a), the entitlement share for tax increment financing districts is as follows:

| Flathead           | Kalispell - District 2 | $4,638 |
| Flathead           | Kalispell - District 3 | 37,231 |
| Flathead           | Whitefish District     | 148,194 |
| Gallatin           | Bozeman - downtown     | 31,158 |
| Missoula           | Missoula - 1-1C        | 225,251 |
| Missoula           | Missoula - 4-1C        | 30,009 |

(9) The estimated fiscal year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from tax increment financing districts.

(10) When there has been an underpayment of a local government’s share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government’s entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department’s estimation of the base component, the entitlement share growth rate, or a local government’s allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) (a) Except as provided in 2-7-517, a payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1.

(b) A payment required pursuant to this section must be withheld if a local government:

New industry does not include property treated as new industrial property under 15-6-135.

(4) “Qualifying” means meeting all the terms, conditions, and requirements for a reduction in taxable value under 15-24-1402 and this section.”

Section 2. Section 15-24-1402, MCA, is amended to read:

“15-24-1402. New or expanding industry – assessment – notification. (1) In the first 5 years after a construction permit is issued commencement of construction, qualifying improvements or modernized processes that represent new industry or expansion of an existing industry, as designated in the approving resolution, must be taxed at 25% or 50% of their taxable value. Subject to 15-10-420, each year thereafter, the percentage must be increased by equal percentages until the full taxable value is attained in the 10th year. In subsequent years, the property must be taxed at 100% of its taxable value.
(2) (a) In order for a taxpayer to receive the tax benefits described in subsection (1), the taxpayer may submit an application for a project with a project plan and receive approval for an abatement prior to commencement of construction. A taxpayer that does not seek approval prior to commencing construction must have applied by March 1 of the year during which the benefit is first applicable. The governing body of the affected county or the incorporated city or town must have approved by separate resolution for each project, following due notice as provided in 7-1-2121 if a county or 7-1-4127 if an incorporated city or town and a public hearing, the schedule provided for in subsection (1) for its respective jurisdiction. The governing body may not grant approval for the project until all of the applicant’s taxes have been paid in full. Taxes paid under protest do not preclude approval. If a taxpayer receives approval of a tax abatement prior to commencement of construction, the abatement does not extend to property that is outside the scope of the project plan that was submitted to the governing body with the application.

(b) The governing body shall:

(ii) conduct a public hearing regarding an application for the tax treatment provided for in this section and deny or approve it within 120 days of receiving the application as provided in subsection (2)(b)(i).

(c) If the governing body fails to hold a hearing or deny or approve the application within 120 days of receiving the application, the applicant may seek from the district court in the jurisdiction in which the county, city, or town is located a writ of mandamus to compel the governing body to make a determination.

(d) Subject to 15-10-420, the governing body may end the tax benefits by majority vote at any time, but the tax benefits may not be denied an industrial facility that previously qualified for the benefits.

(d) Subject to 15-10-420 and subsection (2)(f) of this section, a tax benefit may not be denied once approved.

(e) The resolution provided for in subsection (2)(a) must include a definition of the improvements or modernized processes that qualify for the tax treatment that is to be allowed in the taxing jurisdiction. The resolution may provide that real property other than land, personal property, improvements, or any combination thereof is eligible for the tax benefits described in subsection (1).

(f) Property taxes abated from the reduction in taxable value allowed by this section are subject to termination or recapture by the local governing body if the ownership or use of the property does not meet the requirements of 15-24-1401, this section, or the resolution required by subsections (2)(a) and (2)(e) of this section. The recapture is equal to the amount of taxes avoided, plus interest and penalties for nonpayment of property taxes provided in 15-16-102, during any period in which an abatement under the provisions of this section was in effect. The amount recaptured, including penalty and interest, must be distributed by the treasurer to funds and accounts subject to the abatement in the same ratio as the property tax was abated. A recapture of taxes abated by this section is not allowed with regard to property ceasing to qualify for the abatement by reason of an involuntary conversion. The recapture of abated taxes may be canceled, in whole or in part, if the local governing body determines that the taxpayer's failure to meet the requirements is a result of circumstances beyond the control of the taxpayer.

(3) The taxpayer shall apply to the department for the tax treatment allowed under subsection (1). The application by the taxpayer must first be approved by the governing body of the appropriate local taxing jurisdiction,
and the governing body shall indicate in its approval that the property of the applicant qualifies for the tax treatment provided for in this section. Upon receipt of the form with the approval of the governing body of the affected taxing jurisdiction, the department shall make the assessment change pursuant to this section.

(4) The tax benefit described in subsection (1) applies only to the number of mills levied and assessed for local high school district and elementary school district purposes and to the number of mills levied and assessed by the governing body approving the benefit over which the governing body has sole discretion. The benefit described in subsection (1) may not apply to levies or assessments required under Title 15, chapter 10, 20-9-331, 20-9-333, or 20-9-360 or otherwise required under state law.

(5) Prior to approving the resolution under this section, the governing body shall notify by certified mail all taxing jurisdictions affected by the tax benefit.”

(7) The person executing the document shall sign it and state beneath or opposite the signature the person’s name and the capacity in which the document is signed. The document may but need not contain a corporate seal, attestation, acknowledgment, or verification.

(8) If the secretary of state has prescribed a mandatory form for the document under [section 4(1)], the document must be in or on the prescribed form.

(9) The document must be delivered to the office of the secretary of state for filing by electronic transmission. The secretary of state may authorize exceptions to the requirement of filing documents by electronic transmission.

(10) When the document is delivered to the office of the secretary of state for filing, the correct filing fee and any franchise tax, license fee, or penalty required by [sections 1 through 221] or other law to be paid at the time of delivery for filing must be paid or provision for payment made in a manner permitted by the secretary of state.

(11) Whenever a provision of [sections 1 through 221] permits any of the terms of a plan or a filed document to be dependent on facts objectively ascertainable outside the plan or filed document, the following provisions apply:
   (a) The manner in which the facts will operate on the terms of the plan or filed document must be set forth in the plan or filed document.
   (b) The facts may include:

(e) If a provision of a filed document is made dependent on a fact ascertainable outside the filed document and if that fact is not ascertainable by reference to a source described in subsection (11)(b)(i) or a document that is a matter of public record and the affected shareholders have not received notice of the fact from the corporation, then the corporation shall file with the secretary of state articles of amendment to the filed document setting forth the fact promptly after the time when the fact referred to is first ascertainable or subsequently changes. Articles of amendment under this subsection (11)(e) are considered to be authorized by the authorization of the original filed document to which they relate and may be filed by the corporation without further action by the board of directors or the shareholders.

Section 4. Forms. (1) (a) The secretary of state may prescribe and furnish on request forms for:
   (i) an application for a certificate of existence or certificate of registration;

   (b) If the secretary of state requires, use of these forms is mandatory.

(2) The secretary of state may prescribe and furnish on request forms for other documents required or permitted to be filed by [sections 1 through 221], but their use is not mandatory.

Section 5. Filing — service — copying fees. (1) The secretary of state shall establish fees for:

(2) Fees authorized under this section must be set and deposited in accordance with 2-15-405.

Section 6. Effective date — filed document. (1) Except to the extent otherwise provided in [section 7(3)] and [sections 19 through 26], a document accepted for filing is effective:

   (3) If the secretary of state refuses to file a document, it must be returned to the person who delivered the document for filing within 10 days after the document was delivered, together with a brief, written explanation of the reason for the refusal.
   (4) The secretary of state’s duty to file documents under this section is ministerial. The secretary of state’s filing or refusing to file a document does not create a presumption that:
      (a) the document does or does not conform to the requirements of [sections 1 through 221]; or
      (b) the information contained in the document is correct or incorrect.
   (5) The secretary of state may correct errors caused by a filing officer. The error and the correction must be retained in the file containing the document in which the error appeared. For the purposes of this subsection, a filing officer is a person employed in a filing office as defined in 30-9A-102.

The document and the explanation of the secretary of state of the refusal to file must be attached to the petition. The court may decide the matter in a summary proceeding.
   (2) The court may order the secretary of state to file the document or take other action the court considers appropriate.
   (3) The court’s final decision may be appealed as in other civil proceedings.

   (d) if an electronic transmission, when it is received as provided in subsection (6); and
   (e) if oral, when communicated.

(10) A notice or other communication may be in the form of an electronic transmission that cannot be directly reproduced in paper form by the recipient through an automated process used in conventional commercial practice only if:
   (a) the electronic transmission is otherwise retrievable in perceivable form; and
   (b) the sender and the recipient have consented in writing to the use of that form of electronic transmission.

(11) If [sections 1 through 221] prescribe requirements for notices or other communications in particular circumstances, those requirements govern. If articles of incorporation or bylaws prescribe requirements for notices or other communications not inconsistent with this section or other provisions of [sections 1 through 221], those requirements govern. The articles of incorporation or bylaws may authorize or require delivery of notices of meetings of directors by electronic transmission.

(12) In the event that any provisions of [sections 1 through 221] are determined to modify, limit, or supersede the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001, et seq., the provisions of [sections 1 through 221] control to the maximum extent permitted by section 102(a)(2) of that federal act.

Section 16. Number of Shareholders. (1) For purposes of [sections 1 through 221], the following, identified as a shareholder in a corporation’s current record of shareholders, constitutes one shareholder:
   (a) three or fewer co-owners;
   (b) a corporation, partnership, trust, estate, or other entity; and
   (c) the trustees, guardians, custodians, or other fiduciaries of a single trust, estate, or account.

(2) For purposes of [sections 1 through 221], shareholdings registered in substantially similar names constitute one shareholder if it is reasonable to believe that the names represent the same person.

Section 17. Qualified Director. (1) A qualified director is a director who, at the time action is to be taken under:
   (a) [section 28(2)(f)], is not a director:
   (i) to whom the limitation or elimination of the duty of an officer to offer potential business opportunities to the corporation would apply; or
(ii) who has a material relationship with any other person to whom the limitation or elimination would apply;
   (b) [section 87], does not have:
      (i) a material interest in the outcome of the proceeding; or
      (ii) a material relationship with a person who has such an interest;
   (c) [section 122 or 124]:
      (i) is not a party to the proceeding;
      (ii) is not a director as to whom a transaction is a director’s conflicting interest transaction or who sought a disclaimer of the corporation’s interest in a business opportunity under [section 133], which transaction or disclaimer is challenged in the proceeding; and
      (iii) does not have a material relationship with a director described in subsection (1)(c)(i) or (1)(c)(ii);
   (d) [section 131] is not a director:
      (i) as to whom the transaction is a director’s conflicting interest transaction; or
      (ii) who has a material relationship with another director as to whom the transaction is a director’s conflicting interest transaction; or
   (e) [section 133] is not a director who:
      (i) pursues or takes advantage of the business opportunity directly or indirectly through or on behalf of another person; or
      (ii) has a material relationship with a director or officer who pursues or takes advantage of the business opportunity, directly or indirectly through or on behalf of another person.

(2) For purposes of this section:
   (a) “material interest” means an actual or potential benefit or detriment, other than one that would devolve on the corporation or the shareholders generally, that would reasonably be expected to impair the objectivity of the director’s judgment when participating in the action to be taken; and
   (b) “material relationship” means a familial, financial, professional, employment, or other relationship that would reasonably be expected to impair the objectivity of the director’s judgment when participating in the action to be taken.

(3) The presence of one or more of the following circumstances does not automatically prevent a director from being a qualified director:
   (a) nomination or election of the director to the current board by any director who is not a qualified director with respect to the matter (or by any person that has a material relationship with that director), acting alone or participating with others;
   (b) service as a director of another corporation of which a director who is not a qualified director with respect to the matter (or any individual who has a material relationship with that director) is or was also a director; or
   (c) with respect to action to be taken under [section 87], status as a named defendant, as a director against whom action is demanded, or as a director who approved the conduct being challenged.

Section 18. Householding. (1) A corporation has delivered written notice or any other report or statement under [sections 1 through 221], the articles of incorporation, or the bylaws to all shareholders who share a common address if:
   (a) the corporation delivers one copy of the notice, report, or statement to the common address;
   (b) the corporation addresses the notice, report, or statement to those shareholders either as a group or to each of those shareholders individually or to the shareholders in a form to which each of those shareholders has consented; and
(c) each of those shareholders consents to delivery of a single copy of the notice, report, or statement to the shareholders’ common address.

(2) Any consent described in subsection (1)(b) or (1)(c) is revocable by any of the shareholders who deliver written notice of revocation to the corporation. If a written notice of revocation is delivered, the corporation shall begin providing individual notices, reports, or other statements to the revoking shareholder no later than 30 days after delivery of the written notice of revocation.

(3) Any shareholder who fails to object by written notice to the corporation within 60 days of written notice by the corporation of its intention to deliver single copies of notices, reports, or statements to shareholders who share a common address as permitted by subsection (1) is considered to have consented to receiving a single copy at the common address, provided that the notice of intention explains that consent may be revoked and the method for revoking.

In [sections 19 through 26], the following definitions apply:
(1) “Corporate action” means any action taken by or on behalf of the corporation, including any action taken by the incorporator, the board of directors, a committee of the board of directors, an officer or agent of the corporation, or the shareholders.

(2) “Date of the defective corporate action” means the date, or the approximate date if the exact date is unknown, the defective corporate action was purported to have been taken.

(3) “Defective corporate action” means:
(a) any corporate action purportedly taken that is, and at the time the corporate action was purportedly taken would have been, within the power of the corporation but is void or voidable due to a failure of authorization; and
(b) an overissue.

(4) “Failure of authorization” means the failure to authorize, approve, or otherwise effect a corporate action in compliance with the provisions of [sections 1 through 221], the articles of incorporation or bylaws, a corporate resolution, or any plan or agreement to which the corporation is a party if and to the extent the failure would render the corporate action void or voidable.

(5) “Overissue” means the purported issuance of:
(a) shares of a class or series in excess of the number of shares of a class or series the corporation has the power to issue under [section 46] at the time of the issuance; or
(b) shares of any class or series that is not then authorized for issuance by the articles of incorporation.

(6) “Putative shares” means the shares of any class or series (including shares issued upon exercise of rights, options, warrants, or other securities convertible into shares of the corporation or interests with respect to those shares) that were created or issued as a result of a defective corporate action and that:
(a) but for any failure of authorization would constitute valid shares; or
(b) cannot be determined by the board of directors to be valid shares.

(7) “Valid shares” means the shares of any class or series that have been duly authorized and validly issued in accordance with [sections 1 through 221], including as a result of ratification or validation under [sections 19 through 26].

(8) (a) “Validation effective time”, with respect to any defective corporate action ratified under [sections 19 through 26], means the later of:
(i) the time at which the ratification of the defective corporate action is approved by the shareholders or, if approval of shareholders is not required,
the time at which the notice required by [section 23] becomes effective in accordance with [section 15]; or

(ii) the time at which any articles of validation filed in accordance with [section 25] become effective.

(b) The validation effective time is not affected by the filing or pendency of a judicial proceeding under [section 26] or otherwise unless ordered by the court.

Section 20. Defective corporate actions. (1) A defective corporate action is not void or voidable if ratified in accordance with [section 21] or validated in accordance with [section 26].

(2) Ratification under [section 21] or validation under [section 26] may not be considered the exclusive means of ratifying or validating a defective corporate action, and the absence or failure of ratification in accordance with [sections 19 through 26] does not, of itself, affect the validity or effectiveness of any corporate action properly ratified under common law or otherwise or create a presumption that any corporate action is or was a defective corporate action or is void or voidable.

(3) In the case of an overissue, putative shares are valid shares effective as of the date originally issued or purportedly issued on:

(a) the effectiveness under [sections 19 through 26] and under [sections 149 through 160] of an amendment to the articles of incorporation authorizing, designating, or creating the shares; or

(b) the effectiveness of any other corporate action under [sections 19 through 26] ratifying the authorization, designation, or creation of the shares.

Section 21. Ratification — defective corporate actions. (1) To ratify a defective corporate action under this section, other than the ratification of an election of the initial board of directors under subsection (2), the board of directors shall take action ratifying the action in accordance with [section 22], stating:

(a) the defective corporate action to be ratified and, if the defective corporate action involved the issuance of putative shares, the number and type of putative shares purportedly issued;

(b) the date of the defective corporate action;

(c) the nature of the failure of authorization with respect to the defective corporate action to be ratified; and

(d) that the board of directors approves the ratification of the defective corporate action.

(2) In the event that a defective corporate action to be ratified relates to the election of the initial board of directors of the corporation under [section 31(1)(b)], a majority of the persons who, at the time of the ratification, are exercising the powers of directors may take an action stating:

(a) the name of the person or persons who first took action in the name of the corporation as the initial board of directors of the corporation;

(b) the earlier of the date on which those persons first took action or the date on which they were purported to have been elected as the initial board of directors; and

(c) that the ratification of the election of the person or persons as the initial board of directors is approved.

(3) If any provision of [sections 1 through 221], the articles of incorporation or bylaws, any corporate resolution, or any plan or agreement to which the corporation is a party that is in effect at the time action under subsection (1) is taken requires shareholder approval or would have required shareholder approval at the date of the occurrence of the defective corporate action, the ratification of the defective corporate action approved in the action taken by
the directors under subsection (1) must be submitted to the shareholders for approval in accordance with [section 22].

(4) Unless otherwise provided in the action taken by the board of directors under subsection (1), after the action by the board of directors has been taken and, if required, approved by the shareholders, the board of directors may abandon the ratification at any time before the validation effective time without further action of the shareholders.

**Section 22. Action on ratification.** (1) The quorum and voting requirements applicable to a ratifying action by the board of directors under [section 21(1)] are the quorum and voting requirements applicable to the corporate action proposed to be ratified at the time the ratifying action is taken.

(2) If the ratification of the defective corporate action requires approval by the shareholders under [section 21(3)] and if the approval is to be given at a meeting, the corporation shall notify each holder of valid and putative shares, regardless of whether entitled to vote, as of the record date for notice of the meeting and as of the date of the occurrence of defective corporate action, provided that notice is not required to be given to holders of valid or putative shares whose identities or addresses for notice cannot be determined from the records of the corporation. The notice must state that the purpose or one of the purposes of the meeting is to consider ratification of a defective corporate action and must be accompanied by:

(a) either a copy of the action taken by the board of directors in accordance with [section 21(1)] or the information required by [section 21(1)(a) through (1)(d)]; and

(b) a statement that any claim that the ratification of the defective corporate action and any putative shares issued as a result of the defective corporate action should not be effective or should be effective only on certain conditions must be brought within 120 days from the applicable validation effective time.

(3) Except as provided in subsection (4) with respect to the voting requirements to ratify the election of a director, the quorum and voting requirements applicable to the approval by the shareholders required by [section 21(3)] must be the quorum and voting requirements applicable to the corporate action proposed to be ratified at the time of the shareholder approval.

(4) The approval by shareholders to ratify the election of a director requires that the votes cast within the voting group favoring ratification exceed the votes cast opposing ratification of the election at a meeting at which a quorum is present.

(5) Putative shares on the record date for determining the shareholders entitled to vote on any matter submitted to shareholders under [section 21(3)] (and without giving effect to any ratification of putative shares that becomes effective as a result of the vote) are neither entitled to vote nor counted for quorum purposes in a vote to approve the ratification of a defective corporate action.

(6) If the approval under this section of putative shares would result in an overissue, in addition to the approval required by [section 21], approval of an amendment to the articles of incorporation under [sections 149 through 160] to increase the number of shares of an authorized class or series or to authorize the creation of a class or series of shares so there would be no overissue is also required.

**Section 23. Notice requirements.** (1) Unless shareholder approval is required under [section 21(3)], prompt notice of an action taken under [section 21] must be given to each holder of valid and putative shares, regardless of whether entitled to vote, as of:

(a) the date of the action by the board of directors; and
(b) the date the defective corporate action was ratified, provided that notice may not be required to be given to holders of valid and putative shares whose identities or addresses for notice cannot be determined from the records of the corporation.

(2) The notice must contain:
   (a) either:
      (i) a copy of the action taken by the board of directors in accordance with [section 21(1) or (2)]; or
      (ii) the information required by [section 21(1)(a) through (1)(d) or (2)(a) through (2)(c)], as applicable; and
   (b) a statement that any claim that the ratification of the defective corporate action and any putative shares issued as a result of the defective corporate action should not be effective or should be effective only on certain conditions must be brought within 120 days from the applicable validation effective time.

(3) No notice under this section is required with respect to any action required to be submitted to shareholders for approval under [section 21(3)] if notice is given in accordance with [section 22(2)].

(4) A notice required by this section may be given in any manner permitted by [section 15] and, for any corporation subject to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934, may be given by means of a filing or furnishing of the notice with the United States securities and exchange commission.

Section 24. Effect of ratification. From and after the validation effective time and without regard to the 120-day period during which a claim may be brought under [section 26]:

(1) each defective corporate action ratified in accordance with [section 21] may not be void or voidable as a result of the failure of authorization identified in the action taken under [section 21(1) or (2)] and is considered a valid corporate action effective as of the date of the defective corporate action;

(2) the issuance of each putative share or fraction of a putative share purportedly issued pursuant to a defective corporate action identified in the action taken under [section 21] may not be void or voidable, and such putative share or fraction of a putative share is considered an identical share or fraction of a valid share as of the time it was purportedly issued; and

(3) any corporate action taken subsequent to the defective corporate action ratified in accordance with [sections 19 through 26] in reliance on the defective corporate action having been validly effected and any subsequent defective corporate action resulting directly or indirectly from the original defective corporate action are valid as of the time taken.

Section 25. Filings. (1) If the defective corporate action ratified under [sections 19 through 26] would have required under any other section of [sections 1 through 221] a filing in accordance with [sections 1 through 221], then, regardless of whether a filing was previously made with respect to the defective corporate action and in lieu of a filing otherwise required by [sections 1 through 221], the corporation shall file articles of validation in accordance with this section, and the articles of validation serve to amend or substitute for any other filing with respect to the defective corporate action required by [sections 1 through 221].

(2) The articles of validation must set forth:
   (a) the defective corporate action that is the subject of the articles of validation, including, in the case of any defective corporate action involving the issuance of putative shares, the number and type of putative shares issued and the date or dates on which the putative shares were purported to have been issued;
(b) the date of the defective corporate action;
(c) the nature of the failure of authorization in respect of the defective corporate action;
(d) a statement that the defective corporate action was ratified in accordance with [section 21], including the date on which the board of directors ratified the defective corporate action and the date, if any, on which the shareholders approved the ratification of the defective corporate action; and
(e) the information required by subsection (3).

(3) The articles of validation must also contain the following information:
(a) if a filing was previously made with respect to the defective corporate action and no changes to the filing are required to give effect to the ratification of the defective corporate action in accordance with [section 21], the articles of validation must set forth:
(i) the name, title, and filing date of the filing previously made and any articles of correction to that filing; and
(ii) a statement that a copy of the filing previously made, together with any articles of correction to that filing, is attached as an exhibit to the articles of validation;
(b) if a filing was previously made with respect to the defective corporate action and the filing requires any change to give effect to the ratification of the defective corporate action in accordance with [section 21], the articles of validation must set forth:
(i) the name, title, and filing date of the filing previously made and any articles of correction to that filing; and
(ii) a statement that a filing containing all of the information required to be included under the applicable section or sections of [sections 1 through 221] to give effect to the defective corporate action is attached as an exhibit to the articles of validation; and
(iii) the date and time that the filing is considered to have become effective; or
(c) if a filing was not previously made in respect of the defective corporate action and the defective corporate action ratified under [section 21] would have required a filing under any other section of [sections 1 through 221], the articles of validation must set forth:
(i) a statement that a filing containing all of the information required to be included under the applicable section or sections of [sections 1 through 221] to give effect to the defective corporate action is attached as an exhibit to the articles of validation; and
(ii) the date and time that the filing is considered to have become effective.

Section 26. Judicial proceedings – validity of corporate actions. (1) Upon application by the corporation, any successor entity to the corporation, a director of the corporation, any shareholder, beneficial shareholder, or unrestricted voting trust beneficial owner of the corporation, including any shareholder, beneficial shareholder, or unrestricted voting trust beneficial owner as of the date of the defective corporate action ratified under [section 21], or any other person claiming to be substantially and adversely affected by a ratification under [section 21], the district court in the county where the corporation’s principal office is located or, if its principal office is not located in this state, of the first judicial district may:
(a) determine the validity and effectiveness of any corporate action or defective corporate action;
(b) determine the validity and effectiveness of any ratification under [section 21];
(c) determine the validity of any putative shares; and
modify or waive any of the procedures specified in [section 21 or 22] to
ratify a defective corporate action.
(2) In connection with an action under this section, the court may make
findings or orders and take into account any factors or considerations regarding
matters it considers proper under the circumstances.
(3) Service of process of the application under subsection (1) on the
corporation may be made in any manner provided by statute of this state or by
rule of the applicable court for service on the corporation, and no other party
need be joined in order for the court to adjudicate the matter. In an action
filed by the corporation, the court may require that notice of the action be
provided to other persons specified by the court and permit the other persons
to intervene in the action.
(4) Notwithstanding any other provision of this section or otherwise under
applicable law, any action asserting that the ratification of any defective
corporate action and any putative shares issued as a result of the defective
corporate action should not be effective or should be effective only on certain
conditions must be brought within 120 days of the validation effective time.

Section 27.  Incorporators. One or more persons may act as the
incorporator or incorporators of a corporation by delivering articles of
incorporation to the secretary of state for filing.

Section 28.  Articles of incorporation. (1) The articles of incorporation
must set forth:
(a) a corporate name for the corporation that satisfies the requirements of
[section 39];
(b) the number of shares the corporation is authorized to issue;
(c) the street and mailing addresses of the corporation’s initial registered
office and the name of its initial registered agent at that office; and
(d) the name and address of each incorporator.
(2) The articles of incorporation may set forth:
(a) the names and addresses of the individuals who are to serve as the
initial directors;
(b) provisions not inconsistent with law regarding:
(i) the purpose or purposes for which the corporation is organized;
(ii) managing the business and regulating the affairs of the corporation;
(iii) defining, limiting, and regulating the powers of the corporation, its
board of directors, and its shareholders;
(iv) a par value for authorized shares or classes of shares; or
(v) the imposition of interest holder liability on shareholders;
(c) any provision that under [sections 1 through 221] is required or
permitted to be set forth in the bylaws;
(d) a provision eliminating or limiting the liability of a director to the
corporation or its shareholders for money damages for any action taken or any
failure to take any action as a director, except liability for:
(i) the amount of a financial benefit received by a director to which the
director is not entitled;
(ii) an intentional infliction of harm on the corporation or the shareholders;
(iii) a violation of [section 113]; or
(iv) an intentional violation of criminal law;
(e) a provision permitting or making obligatory indemnification of a director
for liability as defined in [section 119] to any person for any action taken or any
failure to take any action as a director, except liability for:
(i) receipt of a financial benefit to which the director is not entitled;
(ii) an intentional infliction of harm on the corporation or its shareholders;
(iii) a violation of [section 113]; or
(iv) an intentional violation of criminal law; and
(f) a provision limiting or eliminating any duty of a director or any other person to offer the corporation the right to have or participate in any or one or more classes or categories of business opportunities before the pursuit or taking of the opportunity by the director or other person, provided that any application of such a provision to an officer or a related person of that officer:
(i) also requires approval of that application by the board of directors, subsequent to the effective date of the provision, by action of qualified directors taken in compliance with the procedures set forth in [section 131]; and
(ii) may be limited by the authorizing action of the board.
(3) The articles of incorporation need not set forth any of the corporate powers enumerated in [sections 1 through 221].
(4) Provisions of the articles of incorporation may be made dependent on facts objectively ascertainable outside the articles of incorporation in accordance with [section 3(11)].
(5) As used in this section, “related person” has the meaning specified in [section 129].

Section 29. Incorporation. (1) Unless a delayed effective date is specified, the corporate existence begins when the articles of incorporation are filed.
(2) The secretary of state’s filing of the articles of incorporation is conclusive proof that the incorporators satisfied all conditions precedent to incorporation except in a proceeding by the state to cancel or revoke the incorporation or involuntarily dissolve the corporation.

Section 30. Liability for preincorporation transactions. All persons purporting to act as or on behalf of a corporation, knowing there was no incorporation under [sections 1 through 221], are jointly and severally liable for all liabilities created while so acting.

Section 31. Organization of corporation. (1) After incorporation:
(a) if initial directors are named in the articles of incorporation, the initial directors shall hold an organizational meeting, at the call of a majority of the directors, to complete the organization of the corporation by appointing officers, adopting bylaws, and carrying on any other business brought before the meeting; or
(b) if initial directors are not named in the articles of incorporation, the incorporator or incorporators shall hold an organizational meeting at the call of a majority of the incorporators:
(i) to elect initial directors and complete the organization of the corporation; or
(ii) to elect a board of directors who shall complete the organization of the corporation.
(2) Action required or permitted by [sections 1 through 221] to be taken by incorporators at an organizational meeting may be taken without a meeting if the action taken is evidenced by one or more written consents describing the action taken and signed by each incorporator.
(3) An organizational meeting may be held in or out of this state.

Section 32. Bylaws. (1) The incorporators or board of directors of a corporation shall adopt initial bylaws for the corporation.
(2) The bylaws of a corporation may contain any provision that is not inconsistent with law or the articles of incorporation.
(3) The bylaws may contain one or both of the following provisions:
(a) a requirement that if the corporation solicits proxies or consents with respect to an election of directors, the corporation include in its proxy statement and any form of its proxy or consent, to the extent and subject to the procedures or conditions provided in the bylaws, one or more individuals
nominated by a shareholder in addition to individuals nominated by the board of directors; and

(b) a requirement that the corporation reimburse the expenses incurred by a shareholder in soliciting proxies or consents in connection with an election of directors, to the extent and subject to procedures and conditions provided in the bylaws, provided that no bylaw so adopted applies to elections for which any record date precedes its adoption.

(4) Notwithstanding [section 158(2)(b)], the shareholders in amending, repealing, or adopting a bylaw described in subsection (3) may not limit the authority of the board of directors to amend or repeal any condition or procedure set forth in or to add any procedure or condition to the bylaw to provide for a reasonable, practical, and orderly process.

Section 33. Emergency bylaws. (1) Unless the articles of incorporation provide otherwise, the board of directors may adopt bylaws to be effective only in an emergency as provided in subsection (4). The emergency bylaws, which are subject to amendment or repeal by the shareholders, may make all provisions necessary for managing the corporation during the emergency, including:

(a) procedures for calling a meeting of the board of directors;
(b) quorum requirements for the meeting; and
(c) designation of additional or substitute directors.

(2) All provisions of the regular bylaws not inconsistent with the emergency bylaws remain effective during the emergency. The emergency bylaws are not effective after the emergency ends.

(3) Corporate action taken in good faith in accordance with the emergency bylaws:

(a) binds the corporation; and
(b) may not be used to impose liability on a director, officer, employee, or agent of the corporation.

(4) An emergency exists for purposes of this section if a quorum of the board of directors cannot readily be assembled because of some catastrophic event.

Section 34. Forum selection. (1) The articles of incorporation or the bylaws may require that any or all internal corporate claims must be brought exclusively in any specified court or courts of this state and, if so specified, in any additional courts in this state or in any other jurisdictions with which the corporation has a reasonable relationship.

(2) A provision of the articles of incorporation or bylaws adopted under subsection (1) may not have the effect of conferring jurisdiction on any court or over any person or claim and may not apply if none of the courts specified by the provision has the requisite personal and subject matter jurisdiction. If the court or courts of this state specified in a provision adopted under subsection (1) do not have the requisite personal and subject matter jurisdiction and another court of this state does have the jurisdiction, then the internal corporate claim may be brought in that other court of this state, notwithstanding that the other court of this state is not specified in the provision, and in any other court specified in the provision that has the requisite jurisdiction.

(3) No provision of the articles of incorporation or the bylaws may prohibit bringing an internal corporate claim in the courts of this state or require the claims to be determined by arbitration.

(4) For the purposes of this section, “internal corporate claim” means:

(a) any claim that is based on a violation of a duty under the laws of this state by a current or former director, officer, or shareholder in such capacity;
(b) any derivative action or proceeding brought on behalf of the corporation;
Section 35. Purposes. (1) Every corporation incorporated under [sections 1 through 221] has the purpose of engaging in any lawful business unless a more limited purpose is set forth in the articles of incorporation.

(2) A corporation engaging in a business that is subject to regulation under another statute of this state may incorporate under [sections 1 through 221] only if permitted by and subject to all limitations of the other statute.

Section 36. General powers. Unless its articles of incorporation provide otherwise, every corporation has perpetual duration and succession in its corporate name and has the same powers as an individual to do all things necessary or convenient to carry out its business and affairs, including power:

(1) to sue and be sued, complain, and defend in its corporate name;

(2) to have a corporate seal, which may be altered at will, and to use it or a facsimile of it by impressing or affixing it or in any other manner reproducing it;

(3) to make and amend bylaws not inconsistent with its articles of incorporation or with the laws of this state for managing the business and regulating the affairs of the corporation;

(4) to purchase, receive, lease, or otherwise acquire and to own, hold, improve, use, and otherwise deal with real or personal property or any legal or equitable interest in property, wherever located;

(5) to sell, convey, mortgage, pledge, lease, exchange, and otherwise dispose of all or any part of its property;

(6) to purchase, receive, subscribe for, or otherwise acquire, own, hold, vote, use, sell, mortgage, lend, pledge, or otherwise dispose of and deal in and with shares or other interests in or obligations of any other entity;

(7) to make contracts and guarantees, incur liabilities, borrow money, issue its notes, bonds, and other securities and obligations, which may be convertible into or include the option to purchase other securities of the corporation, and secure any of its obligations by mortgage or pledge of any of its property, franchises, or income;

(8) to lend money, invest and reinvest its funds, and receive and hold real and personal property as security for repayment;

(9) to be a promoter, partner, member, associate, or manager of any partnership, joint venture, trust, or other entity;

(10) to conduct its business, locate offices, and exercise the powers granted by [sections 1 through 221] within or outside this state;

(11) to elect directors and appoint officers, employees, and agents of the corporation, define their duties, fix their compensation, and lend them money and credit;

(12) to pay pensions and establish pension plans, pension trusts, profit sharing plans, share bonus plans, share option plans, and benefit or incentive plans for any or all of its current or former directors, officers, employees, and agents;

(13) to make donations for the public welfare or for charitable, scientific, or educational purposes;

(14) to transact any lawful business that will aid governmental policy; and

(15) to make payments or donations or do any other act not inconsistent with law that furthers the business and affairs of the corporation.
Section 37. Emergency powers. (1) In anticipation of or during an emergency as provided in subsection (4), the board of directors of a corporation may:

(a) modify lines of succession to accommodate the incapacity of any director, officer, employee, or agent; and

(b) relocate the principal office, designate alternative principal offices or regional offices, or authorize the officers to do so.

(2) During an emergency as provided in subsection (4), unless emergency bylaws provide otherwise:

(a) notice of a meeting of the board of directors must be given only to those directors whom it is practicable to reach and may be given in any practicable manner; and

(b) one or more officers of the corporation present at a meeting of the board of directors may be considered to be directors for the meeting, in order of rank and within the same rank in order of seniority, as necessary to achieve a quorum.

(3) Corporate action taken in good faith during an emergency under this section to further the ordinary business affairs of the corporation:

(a) binds the corporation; and

(b) may not be used to impose liability on a director, officer, employee, or agent.

(4) An emergency exists for purposes of this section if a quorum of the board of directors cannot readily be assembled because of some catastrophic event.

Section 38. Lack of power to act. (1) Except as provided in subsection (2), the validity of corporate action may not be challenged on the grounds that the corporation lacks or lacked power to act.

(2) A corporation’s power to act may be challenged:

(a) in a proceeding by a shareholder against the corporation to enjoin the act;

(b) in a proceeding by the corporation, directly, derivatively, or through a receiver, trustee, or other legal representative, against an incumbent or former director, officer, employee, or agent of the corporation; or

(c) in a proceeding by the attorney general under [section 197].

(3) In a shareholder’s proceeding under subsection (2)(a) to enjoin an unauthorized corporate act, the court may enjoin or set aside the act, if equitable and if all affected persons are parties to the proceeding, and may award damages for loss, other than anticipated profits, suffered by the corporation or another party because of enjoining the unauthorized act.

Section 39. Corporate name. (1) A corporate name:

(a) must contain the word “corporation”, “incorporated”, “company”, or “limited”, the abbreviation “corp.”, “inc.”, “co.”, or “ltd.”, or words or abbreviations of similar meaning in another language; and

(b) may not contain language stating or implying that the corporation is organized for a purpose other than that permitted by [section 35] and its articles of incorporation.

(2) Except as authorized by subsections (3) and (4), a corporate name must be distinguishable in the records of the secretary of state from:

(a) the corporate name of a corporation incorporated in this state that is not administratively dissolved. If the corporation has been administratively dissolved, this provision applies to its corporate name for a period of 120 days following the effective date of its administrative dissolution.

(b) a corporate name reserved or registered under [section 40 or 41] or any similar provision of the law of this state;
(c) the name of a foreign corporation registered to do business in this state or an alternate name adopted by a foreign corporation registered to do business in this state because its corporate name is unavailable;

(d) the corporate name of a nonprofit corporation incorporated in this state that is not administratively dissolved. If the nonprofit corporation has been administratively dissolved, this provision applies to its corporate name for a period of 120 days following the effective date of its administrative dissolution.

(e) the name of a foreign nonprofit corporation registered to do business in this state or an alternate name adopted by a foreign nonprofit corporation registered to do business in this state because its real name is unavailable;

(f) the name of a domestic filing entity or limited liability partnership that is not administratively dissolved. If the domestic filing entity or limited liability partnership has been administratively dissolved, this provision applies to its corporate name for a period of 120 days following the effective date of its administrative dissolution.

(g) the name of a foreign unincorporated entity registered to do business in this state or an alternate name adopted by a foreign unincorporated entity registered to do business in this state because its real name is unavailable; and

(h) any assumed business name, trademark, or service mark reserved or registered with the secretary of state.

(3) A corporation may apply to the secretary of state for authorization to use a name that is not distinguishable in the secretary of state’s records from one or more of the names described in subsection (2). The secretary of state shall authorize use of the name applied for if:

(a) the other corporation or unincorporated entity consents to the use in writing and submits an undertaking in a form satisfactory to the secretary of state to change its name to a name that is distinguishable in the records of the secretary of state from the name of the applying corporation; or

(b) the applicant delivers to the secretary of state a certified copy of the final judgment of a court of competent jurisdiction establishing the applicant’s right to use the name applied for in this state.

(4) A corporation, domestic filing entity, or limited liability partnership may use the name, including the fictitious name, of another domestic or foreign corporation, domestic or foreign filing entity, or domestic or foreign limited liability partnership that is used in this state if the other corporation, filing entity, or limited liability partnership is incorporated or authorized to transact business in this state and the proposed user corporation, domestic filing entity, or limited liability partnership:

(a) has merged with the other corporation, filing entity, or limited liability partnership;

(b) has been formed by reorganization of the other corporation, filing entity, or limited liability partnership;

(c) has acquired all or substantially all of the assets, including the name, of the other corporation, filing entity, or limited liability partnership;

(d) has obtained written permission from the other corporation, filing entity, or limited liability partnership for use of the name and has filed a copy of the grant of permission with the secretary of state.

(5) [Sections 1 through 221] do not control the use of fictitious names.

Section 40. Reserved name. (1) A person may reserve the exclusive use of a corporate name, including a fictitious or alternate name for a foreign corporation whose corporate name is not available, by delivering an application to the secretary of state for filing. The application must set forth the name and address of the applicant and the name proposed to be reserved. If the secretary of state finds that the corporate name applied for is available, the
secretary of state shall reserve the name for the applicant’s exclusive use for a nonrenewable 120-day period.

(2) The owner of a reserved corporate name may transfer the reservation to another person by delivering to the secretary of state a signed notice of the transfer that states the name and address of the transferee.

Section 41. Registered name. (1) A foreign corporation may register its corporate name, or its corporate name with the addition of any word or abbreviation listed in [section 39(1)(a)] if necessary for the corporate name to comply with [section 39(1)(a)], if the name is distinguishable in the records of the secretary of state from the corporate names that are not available under [section 39(2)].

(2) A foreign corporation registers its corporate name, or its corporate name with any addition permitted by subsection (1), by delivering to the secretary of state for filing an application setting forth that name, the state or country and date of its incorporation, and a brief description of the nature of the business that is to be conducted in this state.

(3) The name is registered for the applicant’s exclusive use on the effective date of the application and for the remainder of the calendar year unless renewed.

(4) A foreign corporation whose name registration is effective may renew it for successive years by delivering to the secretary of state for filing a renewal application that complies with the requirements of subsection (2) between October 1 and December 31 of each year the registration is effective. The renewal application when filed renews the registration for the following calendar year.

(5) A foreign corporation whose name registration is effective may:
   (a) register to do business as a foreign corporation under the registered name if it complies with [section 39(1)(b)]; or
   (b) consent in writing to the use of that name by a domestic corporation subsequently incorporated under [sections 1 through 221] or by another foreign corporation. The registration terminates when the domestic corporation is incorporated or the foreign corporation registers to do business under that name.

Section 42. Registered office and agent — domestic and registered foreign corporations. (1) Each corporation shall continuously maintain in this state a registered office and a registered agent in compliance with Title 35, chapter 7.

(2) As used in [sections 42 through 45], “corporation” means both a domestic corporation and a registered foreign corporation.

Section 43. Change — registered office — registered agent. A corporation may change its registered office or registered agent in compliance with Title 35, chapter 7.

Section 44. Resignation — registered agent. A registered agent may resign as agent for a corporation in compliance with Title 35, chapter 7.

Section 45. Service on corporation. (1) A corporation’s registered agent is the corporation’s agent for service of process, notice, or demand required or permitted by law to be served on the corporation.

(2) If a corporation does not have a registered agent or the agent cannot with reasonable diligence be served, the corporation may be served by registered or certified mail, return receipt requested, addressed to the secretary at the corporation’s principal office. Service is perfected under this subsection at the earliest of:
   (a) the date the corporation receives the mail;
(b) the date shown on the return receipt if signed on behalf of the corporation; or
(c) 5 days after its deposit in the United States mail, as evidenced by the postmark, if mailed postpaid and correctly addressed.

(3) If process, notice, or demand cannot be served on a corporation pursuant to subsection (1) or (2) or is to be served on a registered foreign corporation that has withdrawn its registration pursuant to [section 209 or 211] or the registration of which has been terminated pursuant to [section 213], then the secretary of state is an agent of the corporation on whom process, notice, or demand may be served. Service of any process, notice, or demand on the secretary of state as agent for a corporation may be made by delivering to the secretary of state duplicate copies of the process, notice, or demand. If process, notice, or demand is served on the secretary of state, the secretary of state shall forward one of the copies by registered or certified mail, return receipt requested, to the corporation at the last address shown in the records of the secretary of state. Service is effected under this subsection at the earliest of:
(a) the date the corporation receives the process, notice, or demand;
(b) the date shown on the return receipt if signed on behalf of the corporation; or
(c) 5 days after the process, notice, or demand is deposited in the United States mail by the secretary of state.

(4) This section does not prescribe the only means or necessarily the required means of serving a corporation.

Section 46. Authorized shares. (1) The articles of incorporation must set forth any classes of shares and series of shares within a class, and the number of shares of each class and series, that the corporation is authorized to issue. If more than one class or series of shares is authorized, the articles of incorporation must prescribe a distinguishing designation for each class or series and, before the issuance of shares of a class or series, describe the terms, including the preferences, rights, and limitations, of that class or series. Except to the extent varied as permitted by this section, all shares of a class or series must have terms, including preferences, rights, and limitations, that are identical with those of other shares of the same class or series.

(2) The articles of incorporation must authorize:
(a) one or more classes or series of shares that together have full voting rights; and
(b) one or more classes or series of shares, which may be the same class, classes, or series as those with voting rights, that together are entitled to receive the net assets of the corporation on dissolution.

(3) The articles of incorporation may authorize one or more classes or series of shares that:
(a) have special, conditional, or limited voting rights or no right to vote, except to the extent otherwise provided by [sections 1 through 221];
(b) are redeemable or convertible as specified in the articles of incorporation:
(i) at the option of the corporation, the shareholder, or another person or on the occurrence of a specified event;
(ii) for cash, indebtedness, securities, or other property; and
(iii) at prices and in amounts specified or determined in accordance with a formula;
(c) entitle the holders to distributions calculated in any manner, including dividends that may be cumulative, noncumulative, or partially cumulative; or
(d) have preference over any other class or series of shares with respect to distributions, including distributions on the dissolution of the corporation.
(4) Terms of shares may be made dependent on facts objectively ascertainable outside the articles of incorporation in accordance with [section 3(11)].

(5) Any of the terms of shares may vary among holders of the same class or series so long as the variations are expressly set forth in the articles of incorporation.

(6) The description of the preferences, rights, and limitations of classes or series of shares in subsection (3) is not exhaustive.

Section 47. Terms of class or series — determination by board of directors. (1) If the articles of incorporation so provide, the board of directors is authorized, without shareholder approval, to:

(a) classify any unissued shares into one or more classes or into one or more series within a class;

(b) reclassify any unissued shares of any class into one or more classes or into one or more series within one or more classes; or

(c) reclassify any unissued shares of any series of any class into one or more classes or into one or more series within a class.

(2) If the board of directors acts pursuant to subsection (1), it shall determine the terms, including the preferences, rights, and limitations, to the same extent permitted under [section 46], of:

(a) any class of shares before the issuance of any shares of that class; or

(b) any series within a class before the issuance of any shares of that series.

(3) Before issuing any shares of a class or series created under this section, the corporation shall deliver to the secretary of state for filing articles of amendment setting forth the terms determined under subsection (2).

Section 48. Issued and outstanding shares. (1) A corporation may issue the number of shares of each class or series authorized by the articles of incorporation. Shares that are issued are outstanding shares until they are reacquired, redeemed, converted, or canceled.

(2) The reacquisition, redemption, or conversion of outstanding shares is subject to the limitations of subsection (3) and to [section 60].

(3) At all times that shares of the corporation are outstanding, one or more shares that together have full voting rights and one or more shares that together are entitled to receive the net assets of the corporation upon dissolution must be outstanding.

Section 49. Fractional shares. (1) A corporation may issue fractions of a share or in lieu of doing so may:

(a) pay in cash the value of fractions of a share;

(b) issue scrip in registered or bearer form entitling the holder to receive a full share on surrendering enough scrip to equal a full share; or

(c) arrange for disposition of fractional shares by the holders of those shares.

(2) Each certificate representing scrip must be conspicuously labeled “scrip” and must contain the information required by [section 55(2)].

(3) The holder of a fractional share is entitled to exercise the rights of a shareholder, including the rights to vote, to receive dividends, and to receive distributions upon dissolution. The holder of scrip is not entitled to any of these rights unless the scrip provides for them.

(4) The board of directors may authorize the issuance of scrip subject to any condition, including that:

(a) the scrip will become void if not exchanged for full shares before a specified date; and

(b) the shares for which the scrip is exchangeable may be sold and the proceeds paid to the scripholders.
Section 50. Subscription for shares — before incorporation. (1) A subscription for shares entered into before incorporation is irrevocable for 6 months unless the subscription agreement provides a longer or shorter period or all the subscribers agree to revocation.

(2) The board of directors may determine the payment terms of subscriptions for shares that were entered into before incorporation unless the subscription agreement specifies them. A call for payment by the board of directors must be uniform so far as practicable as to all shares of the same class or series unless the subscription agreement specifies otherwise.

(3) Shares issued pursuant to subscriptions entered into before incorporation are fully paid and nonassessable when the corporation receives the consideration specified in the subscription agreement.

(4) If a subscriber defaults in payment of cash or property under a subscription agreement entered into before incorporation, the corporation may collect the amount owed as any other debt. Alternatively, unless the subscription agreement provides otherwise, the corporation may rescind the agreement and may sell the shares if the debt remains unpaid for more than 20 days after the corporation delivers a written demand for payment to the subscriber.

Section 51. Issuance of shares. (1) The powers granted in this section to the board of directors may be reserved to the shareholders by the articles of incorporation.

(2) The board of directors may authorize shares to be issued for consideration consisting of any tangible or intangible property or benefit to the corporation, including cash, promissory notes, services performed, contracts for services to be performed, or other securities of the corporation.

(3) Before the corporation issues shares, the board of directors shall determine that the consideration received or to be received for shares to be issued is adequate. That determination by the board of directors is conclusive insofar as the adequacy of consideration for the issuance of shares relates to whether the shares are validly issued, fully paid, and nonassessable.

(4) When the corporation receives the consideration for which the board of directors authorized the issuance of shares, the shares issued are fully paid and nonassessable.

(5) The corporation may place in escrow shares issued for a contract for future services or benefits or for a promissory note or make other arrangements to restrict the transfer of the shares and may credit distributions in respect of the shares against their purchase price until the services are performed, the benefits are received, or the note is paid. If the services are not performed, the benefits are not received, or the note is not paid, the shares escrowed or restricted and the distributions credited may be canceled in whole or part.

(6) (a) An issuance of shares or other securities convertible into or rights exercisable for shares in a transaction or a series of integrated transactions requires approval of the shareholders at a meeting at which a quorum consisting of a majority, or a greater number the articles of incorporation may prescribe, of the votes entitled to be cast on the matter exists if:

(i) the shares, other securities, or rights are to be issued for consideration other than cash or cash equivalents; and

(ii) the voting power of shares that are issued and issuable as a result of the transaction or series of integrated transactions will comprise more than 20% of the voting power of the shares of the corporation that were outstanding immediately before the transaction.
(b) In this subsection (6):
   (i) For purposes of determining the voting power of shares issued and issuable as a result of a transaction or series of integrated transactions, the voting power of shares or other securities convertible into or rights exercisable for shares is the greater of:
      (A) the voting power of the shares to be issued; or
      (B) the voting power of the shares that would be outstanding after giving effect to the conversion of convertible shares and other securities and the exercise of rights to be issued.
   (ii) A series of transactions is integrated only if consummation of one transaction is made contingent on consummation of one or more of the other transactions.

Section 52. Liability of shareholders. (1) A purchaser from a corporation of the corporation’s own shares is not liable to the corporation or its creditors with respect to the shares except to pay the consideration for which the shares were authorized to be issued or specified in the subscription agreement.

(2) A shareholder of a corporation is not personally liable for any liabilities of the corporation, including liabilities arising from acts of the corporation, except:
   (a) to the extent provided in a provision of the articles of incorporation permitted by [section 28(2)(b)(v)]; and
   (b) that a shareholder may become personally liable by reason of the shareholder’s own acts or conduct.

Section 53. Share dividends. (1) Unless the articles of incorporation provide otherwise, shares may be issued pro rata and without consideration to the corporation’s shareholders or to the shareholders of one or more classes or series of shares. An issuance of shares under this subsection is a share dividend.

(2) Shares of one class or series may not be issued as a share dividend in respect of shares of another class or series unless:
   (a) the articles of incorporation authorize the issue;
   (b) a majority of the votes entitled to be cast by the class or series to be issued approve the issue; or
   (c) there are no outstanding shares of the class or series to be issued.

(3) The board of directors may fix the record date for determining shareholders entitled to a share dividend, which may not be retroactive. If the board of directors does not fix the record date for determining shareholders entitled to a share dividend, the record date is the date the board of directors authorizes the share dividend.

Section 54. Share rights -- options -- warrants -- awards. (1) A corporation may issue rights, options, or warrants for the purchase of shares or other securities of the corporation. The board of directors shall determine:
   (a) the terms and conditions upon which the rights, options, or warrants are issued; and
   (b) the terms, including the consideration, for which the shares or other securities are to be issued. The authorization by the board of directors for the corporation to issue the rights, options, or warrants constitutes authorization of the issuance of the shares or other securities for which the rights, options, or warrants are exercisable.

(2) The terms and conditions of the rights, options, or warrants may include restrictions or conditions that:
   (a) preclude or limit the exercise, transfer, or receipt of the rights, options, or warrants by any person owning or offering to acquire a specified number or percentage of the outstanding shares or other securities of the corporation or by any transferee of the person; or
(b) invalidate or void the rights, options, or warrants held by any person or transferee described in subsection (2)(a).

(3) The board of directors may authorize one or more officers to:
(a) designate the recipients of rights, options, warrants, or other equity compensation awards that involve the issuance of shares; and 
(b) determine, within an amount and subject to any other limitations established by the board of directors and, if applicable, the shareholders, the number of rights, options, warrants, or other equity compensation awards and the terms of the rights, options, warrants, or awards to be received by the recipients, provided that an officer may not use this authority to designate the officer or any other person the board of directors may specify as a recipient of those rights, options, warrants, or other equity compensation awards.

Section 55. Certificates – form – content. (1) Shares may be, but need not be, represented by certificates. Unless [sections 1 through 221] or another statute expressly provides otherwise, the rights and obligations of shareholders are identical regardless of whether their shares are represented by certificates.

(2) At a minimum, each share certificate must state on its face:
(a) the name of the corporation and that it is organized under the law of this state;
(b) the name of the person to whom issued; and
(c) the number and class of shares and the designation of the series, if any, the certificate represents.

(3) If the corporation is authorized to issue different classes of shares or series of shares within a class, the front or back of each certificate must summarize:
(a) the preferences, rights, and limitations applicable to each class and series;
(b) any variations in preferences, rights, and limitations among the holders of the same class or series; and
(c) the authority of the board of directors to determine the terms of future classes or series. Alternatively, each certificate may state conspicuously on its front or back that the corporation will furnish the shareholder this information on request in writing and without charge.

(4) Each share certificate must be signed by two officers designated in the bylaws.

(5) If the person who signed a share certificate no longer holds office when the certificate is issued, the certificate is nevertheless valid.

Section 56. Shares without certificates. (1) Unless the articles of incorporation or bylaws provide otherwise, the board of directors of a corporation may authorize the issuance of some or all of the shares of any or all of its classes or series without certificates. The authorization does not affect shares already represented by certificates until they are surrendered to the corporation.

(2) Within a reasonable time after the issuance or transfer of shares without certificates, the corporation shall deliver to the shareholder a written statement of the information required on certificates by [section 55(2) and (3)] and, if applicable, [section 57].

Section 57. Restriction on transfer of shares. (1) The articles of incorporation, the bylaws, an agreement among shareholders, or an agreement between shareholders and the corporation may impose restrictions on the transfer or registration of transfer of shares of the corporation or may impose restrictions on, including the alteration or elimination of, the application of [section 201]. A restriction does not affect shares issued before the restriction
was adopted unless the holders of the shares are parties to the restriction agreement or voted in favor of the restriction.

(2) A restriction described in subsection (1) is valid and enforceable against a shareholder or a transferee of the shareholder if the restriction is authorized by this section and its existence is noted conspicuously on the front or back of the certificate or is contained in the information statement required by [section 56(2)]. Unless so noted or contained, a restriction is not enforceable against a person without knowledge of the restriction.

(3) A restriction described in subsection (1) is authorized:

(a) to maintain the corporation’s status when it is dependent on the number or identity of its shareholders;
(b) to preserve exemptions under federal or state securities law; or
(c) for any other reasonable purpose.

(4) A restriction described in subsection (1) may:

(a) obligate the shareholder first to offer the corporation or other persons, separately, consecutively, or simultaneously, an opportunity to acquire the restricted shares;
(b) obligate the corporation or other persons, separately, consecutively, or simultaneously, to acquire the restricted shares;
(c) require the corporation, the holders of any class or series of its shares, or other persons to approve the transfer of the restricted shares if the requirement is not manifestly unreasonable; or
(d) prohibit the transfer of the restricted shares to designated persons or classes of persons if the prohibition is not manifestly unreasonable.

(5) For purposes of this section, “shares” includes a security convertible into or carrying a right to subscribe for or acquire shares.

Section 58. Preemptive rights — shareholder. (1) The shareholders of a corporation do not have a preemptive right to acquire the corporation’s unissued shares, except to the extent the articles of incorporation provide that right.

(2) A statement included in the articles of incorporation that “the corporation elects to have preemptive rights”, or words of similar effect, means that the following principles apply, except to the extent the articles of incorporation expressly provide otherwise:

(a) The shareholders of the corporation have a preemptive right, granted on uniform terms and conditions prescribed by the board of directors to provide a fair and reasonable opportunity to exercise the right, to acquire proportional amounts of the corporation’s unissued shares upon the decision of the board of directors to issue them.
(b) A preemptive right may be waived by a shareholder. A waiver evidenced by a writing is irrevocable even though it is not supported by consideration.
(c) There is no preemptive right with respect to:
(i) shares issued as compensation to directors, officers, employees, or agents of the corporation or its subsidiaries or affiliates;
(ii) shares issued to satisfy conversion or option rights created to provide compensation to directors, officers, employees, or agents of the corporation or its subsidiaries or affiliates;
(iii) shares authorized in the articles of incorporation that are issued within 6 months from the effective date of incorporation; or
(iv) shares sold otherwise than for cash.
(d) Holders of shares of any class or series without voting power but with preferential rights to distributions have no preemptive rights with respect to shares of any class or series.
(e) Holders of shares of any class or series with voting power but without preferential rights to distributions have no preemptive rights with respect to shares of any class or series with preferential rights to distributions unless the shares with preferential rights are convertible into or carry a right to subscribe for or acquire the shares without preferential rights.

(f) Shares subject to preemptive rights that are not acquired by shareholders may be issued to any person for a period of 1 year after being offered to shareholders at a consideration set by the board of directors that is not lower than the consideration set for the exercise of preemptive rights. An offer at a lower consideration or after the expiration of 1 year is subject to the shareholders’ preemptive rights.

(3) For purposes of this section, “shares” includes a security convertible into or carrying a right to subscribe for or acquire shares.

Section 59. Corporation’s acquisition of its own shares. (1) A corporation may acquire its own shares, and shares so acquired constitute authorized but unissued shares.

(2) If the articles of incorporation prohibit the reissue of the acquired shares, the number of authorized shares is reduced by the number of shares acquired.

Section 60. Distributions to shareholders. (1) A board of directors may authorize and the corporation may make distributions to its shareholders subject to restriction by the articles of incorporation and the limitation in subsection (3).

(2) The board of directors may fix the record date for determining shareholders entitled to a distribution, which may not be retroactive. If the board of directors does not fix a record date for determining shareholders entitled to a distribution, other than one involving a purchase, redemption, or other acquisition of the corporation’s shares, the record date is the date the board of directors authorizes the distribution.

(3) No distribution may be made if, after giving it effect:

(a) the corporation would not be able to pay its debts as they become due in the usual course of business; or

(b) the corporation’s total assets would be less than the sum of its total liabilities plus, unless the articles of incorporation permit otherwise, the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights on dissolution of shareholders whose preferential rights are superior to those receiving the distribution.

(4) The board of directors may base a determination that a distribution is not prohibited under subsection (3) either on financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances or on a fair valuation or other method that is reasonable in the circumstances.

(5) Except as provided in subsection (7), the effect of a distribution under subsection (3) is measured:

(a) in the case of distribution by purchase, redemption, or other acquisition of the corporation’s shares, as of the earlier of:

(i) the date cash or other property is transferred or debt to a shareholder is incurred by the corporation; or

(ii) the date the shareholder ceases to be a shareholder with respect to the acquired shares;

(b) in the case of any other distribution of indebtedness, as of the date the indebtedness is distributed; and

(c) in all other cases, as of:
(i) the date the distribution is authorized if the payment occurs within 120 days after the date of authorization; or
(ii) the date the payment is made if it occurs more than 120 days after the date of authorization.

(6) A corporation’s indebtedness to a shareholder incurred by reason of a distribution made in accordance with this section is at parity with the corporation’s indebtedness to its general, unsecured creditors except to the extent subordinated by agreement.

(7) Indebtedness of a corporation, including indebtedness issued as a distribution, is not considered a liability for purposes of determinations under subsection (3) if its terms provide that payment of principal and interest is made only if and to the extent that payment of a distribution to shareholders could then be made under this section. If the indebtedness is issued as a distribution, each payment of principal or interest is treated as a distribution, the effect of which is measured on the date the payment is actually made.

(8) This section does not apply to distributions in liquidation under [sections 184 through 202].

Section 61. Annual meeting. (1) Unless directors are elected by written consent in lieu of an annual meeting as permitted by [section 64], a corporation shall hold a meeting of shareholders annually at a time stated in or fixed in accordance with the bylaws at which directors must be elected.

(2) Annual meetings may be held in or out of this state at the place stated in or fixed in accordance with the bylaws. If no place is so stated or fixed, annual meetings must be held at the corporation’s principal office.

(3) The failure to hold an annual meeting at the time stated in or fixed in accordance with a corporation’s bylaws does not affect the validity of any corporate action.

Section 62. Special meeting. (1) A corporation shall hold a special meeting of shareholders:

(a) on call of its board of directors or of the person or persons authorized to do so by the articles of incorporation or bylaws; or

(b) if shareholders holding at least 10% of all the votes entitled to be cast on an issue proposed to be considered at the proposed special meeting sign, date, and deliver to the corporation one or more written demands for the meeting describing the purpose or purposes for which it is to be held, provided that the articles of incorporation may fix a lower percentage or a higher percentage, not exceeding 25%, of all the votes entitled to be cast on any issue proposed to be considered. Unless otherwise provided in the articles of incorporation, a written demand for a special meeting may be revoked by a writing to that effect received by the corporation before the receipt by the corporation of demands sufficient in number to require the holding of a special meeting.

(2) If not otherwise fixed under [section 63 or 67], the record date for determining shareholders entitled to demand a special meeting is the first date on which a signed shareholder demand is delivered to the corporation. No written demand for a special meeting is effective unless, within 60 days of the earliest date on which the demand delivered to the corporation as required by this section was signed, written demands signed by shareholders holding at least the percentage of votes specified in or fixed in accordance with subsection (1)(b) have been delivered to the corporation.

(3) Special meetings of shareholders may be held in or out of this state at the place stated in or fixed in accordance with the bylaws. If no place is so stated or fixed, special meetings must be held at the corporation’s principal office.
(4) Only business within the purpose or purposes described in the meeting notice required by [section 65(3)] may be conducted at a special meeting of shareholders.

Section 63. Court-ordered meeting. (1) The district court of the county where a corporation’s principal office is located or, if its principal office is not located in this state, of the first judicial district may summarily order a meeting to be held:

(a) on application of any shareholder of the corporation if an annual meeting was not held or action by written consent in lieu of an annual meeting did not become effective within the earlier of 6 months after the end of the corporation’s fiscal year or 15 months after its last annual meeting; or

(b) on application of one or more shareholders who signed a demand for a special meeting valid under [section 62] if:

(i) notice of the special meeting was not given within 30 days after the first day on which the requisite number of demands was delivered to the corporation; or

(ii) the special meeting was not held in accordance with the notice.

(2) The court may fix the time and place of the meeting, determine the shares entitled to participate in the meeting, specify a record date or dates for determining shareholders entitled to notice of and to vote at the meeting, prescribe the form and content of the meeting notice, fix the quorum required for specific matters to be considered at the meeting or direct that the shares represented at the meeting constitute a quorum for action on those matters, and enter other orders necessary to accomplish the purpose or purposes of the meeting.

(3) For purposes of subsection (1)(a), “shareholder” means a record shareholder, a beneficial shareholder, and an unrestricted voting trust beneficial owner.

Section 64. Action without meeting. (1) Action required or permitted by [sections 1 through 221] to be taken at a shareholders’ meeting may be taken without a meeting if the action is taken by all the shareholders entitled to vote on the action. The action must be evidenced by one or more written consents bearing the date of signature and describing the action taken, be signed by all the shareholders entitled to vote on the action, and be delivered to the corporation for filing by the corporation with the minutes or corporate records.

(2) The articles of incorporation may provide that any action required or permitted by [sections 1 through 221] to be taken at a shareholders’ meeting may be taken without a meeting, and without prior notice, if consents in writing setting forth the action to be taken are signed by the holders of outstanding shares having not less than the minimum number of votes that would be required to authorize or take the action at a meeting at which all shares entitled to vote on the action were present and voted. However, if a corporation’s articles of incorporation authorize shareholders to cumulate their votes when electing directors pursuant to [section 78], directors may not be elected by less than unanimous written consent. A written consent must bear the date of signature of the shareholder who signs the consent and be delivered to the corporation for filing by the corporation with the minutes or corporate records.

(3) If not otherwise fixed under [section 67] and if prior action by the board of directors is not required respecting the action to be taken without a meeting, the record date for determining the shareholders entitled to take action without a meeting is the first date on which a signed written consent is delivered to the corporation. If not otherwise fixed under [section 67] and
if prior action by the board of directors is required respecting the action to be taken without a meeting, the record date is the close of business on the day the resolution of the board of directors taking the prior action is adopted. No written consent is effective to take the corporate action referred to in the consent unless, within 60 days of the earliest date on which a consent delivered to the corporation as required by this section was signed, written consents signed by sufficient shareholders to take the action have been delivered to the corporation. A written consent may be revoked by a writing to that effect delivered to the corporation before unrevoked written consents sufficient in number to take the corporate action have been delivered to the corporation.

(4) A consent signed pursuant to the provisions of this section has the effect of a vote taken at a meeting and may be described in that manner in any document. Unless the articles of incorporation, the bylaws, or a resolution of the board of directors provides for a reasonable delay to permit tabulation of written consents, the action taken by written consent is effective when written consents signed by sufficient shareholders to take the action have been delivered to the corporation.

(5) If [sections 1 through 221] require that notice of a proposed action be given to nonvoting shareholders and the action is to be taken by written consent of the voting shareholders, the corporation shall give its nonvoting shareholders written notice of the action not more than 10 days after:

(a) written consents sufficient to take the action have been delivered to the corporation; or

(b) the date on which tabulation of consents is completed pursuant to an authorization under subsection (4). The notice must reasonably describe the action taken and contain or be accompanied by the same material that, under any provision of [sections 1 through 221], would have been required to be sent to nonvoting shareholders in a notice of a meeting at which the proposed action would have been submitted to the shareholders for action.

(6) If action is taken by less than unanimous written consent of the voting shareholders, the corporation shall give its nonconsenting voting shareholders written notice of the action not more than 10 days after:

(a) written consents sufficient to take the action have been delivered to the corporation; or

(b) the date on which tabulation of consents is completed pursuant to an authorization under subsection (4). The notice must reasonably describe the action taken and contain or be accompanied by the same material that, under any provision of [sections 1 through 221], would have been required to be sent to voting shareholders in a notice of a meeting at which the action would have been submitted to the shareholders for action.

(7) The notice requirements in subsections (5) and (6) may not delay the effectiveness of actions taken by written consent, and a failure to comply with those notice requirements does not invalidate actions taken by written consent. However, this subsection may not be considered to limit judicial power to fashion any appropriate remedy in favor of a shareholder adversely affected by a failure to give notice within the required time period.

Section 65. Notice of meeting. (1) A corporation shall notify shareholders of the date, time, and place of each annual and special shareholders' meeting no fewer than 10 or more than 60 days before the meeting date. If the board of directors has authorized participation by means of remote communication pursuant to [section 69] for holders of any class or series of shares, the notice to the holders of that class or series of shares must describe the means of remote communication to be used. The notice must include the record date for determining the shareholders entitled to vote at the meeting if that
date is different from the record date for determining shareholders entitled to notice of the meeting. Unless [sections 1 through 221] or the articles of incorporation require otherwise, the corporation is required to give notice only to shareholders entitled to vote at the meeting as of the record date for determining the shareholders entitled to notice of the meeting.

(2) Unless [sections 1 through 221] or the articles of incorporation require otherwise, the notice of an annual meeting of shareholders need not include a description of the purpose or purposes for which the meeting is called.

(3) Notice of a special meeting of shareholders must include a description of the purpose or purposes for which the meeting is called.

(4) If not otherwise fixed under [section 63] or [section 67], the record date for determining shareholders entitled to notice of and to vote at an annual or special shareholders’ meeting is the day before the first notice is delivered to shareholders.

(5) Unless the bylaws require otherwise, if an annual or special shareholders’ meeting is adjourned to a different date, time, or place, notice need not be given of the new date, time, or place if the new date, time, or place is announced at the meeting before adjournment. If a new record date for the adjourned meeting is or must be fixed under [section 67], however, notice of the adjourned meeting must be given under this section to shareholders entitled to vote at the adjourned meeting as of the record date fixed for notice of the adjourned meeting.

Section 66. Waiver of notice. (1) A shareholder may waive any notice required by [sections 1 through 221] or the articles of incorporation or bylaws, before or after the date and time stated in the notice. The waiver must be in writing, be signed by the shareholder entitled to the notice, and be delivered to the corporation for filing by the corporation with the minutes or corporate records.

(2) A shareholder’s attendance at a meeting:
   (a) waives objection to lack of notice or defective notice of the meeting unless the shareholder, at the beginning of the meeting, objects to holding the meeting or transacting business at the meeting; and
   (b) waives objection to consideration of a particular matter at the meeting that is not within the purpose or purposes described in the meeting notice unless the shareholder objects to considering the matter when it is presented.

Section 67. Record date for meeting. (1) The bylaws may fix or provide the manner of fixing the record date or dates for one or more voting groups to determine the shareholders entitled to notice of a shareholders’ meeting, to demand a special meeting, to vote, or to take any other action. If the bylaws do not fix or provide for fixing a record date, the board of directors may fix the record date.

(2) A record date fixed under this section may not be more than 70 days before the meeting or action requiring a determination of shareholders and may not be retroactive.

(3) A determination of shareholders entitled to notice of or to vote at a shareholders’ meeting is effective for any adjournment of the meeting unless the board of directors fixes a new record date or dates, which it shall do if the meeting is adjourned to a date more than 120 days after the date fixed for the original meeting.

(4) If a court orders a meeting adjourned to a date more than 120 days after the date fixed for the original meeting, it may provide that the original record date or dates continue in effect or it may fix a new record date or dates.

(5) The record dates for a shareholders’ meeting fixed by or in the manner provided in the bylaws or by the board of directors is the record date
for determining shareholders entitled both to notice of and to vote at the shareholders' meeting unless, in the case of a record date fixed by the board of directors and to the extent not prohibited by the bylaws, the board, at the time it fixes the record date for shareholders entitled to notice of the meeting, fixes a later record date on or before the date of the meeting to determine the shareholders entitled to vote at the meeting.

Section 68. Conduct of meeting. (1) At each meeting of shareholders, a chair shall preside. The chair must be appointed as provided in the bylaws or, in the absence of that provision, by the board of directors.

(2) The chair, unless the articles of incorporation or bylaws provide otherwise, shall determine the order of business and may establish rules for the conduct of the meeting.

(3) Rules adopted for the meeting and the conduct of the meeting must be fair to shareholders.

(4) The chair of the meeting shall announce at the meeting when the polls close for each matter voted on. If no announcement is made, the polls are considered to have closed on the final adjournment of the meeting. After the polls close, no ballots, proxies, or votes and no revocations or changes to ballots, proxies, or votes may be accepted.

Section 69. Remote participation — shareholder's meetings. (1) Shareholders of any class or series of shares may participate in any meeting of shareholders by means of remote communication to the extent the board of directors authorizes the participation for that class or series. Participation as a shareholder by means of remote communication is subject to guidelines and procedures the board of directors adopts and must be in conformity with subsection (2).

(2) Shareholders participating in a shareholders’ meeting by means of remote communication are considered present and may vote at the meeting if the corporation has implemented reasonable measures:

(a) to verify that each person participating remotely as a shareholder is a shareholder; and

(b) to provide those shareholders a reasonable opportunity to participate in the meeting and to vote on matters submitted to the shareholders, including an opportunity to communicate and to read or hear the proceedings of the meeting substantially concurrently with the proceedings.

Section 70. Shareholders’ list for meeting. (1) After fixing a record date for a meeting, a corporation shall prepare an alphabetical list of the names of all its shareholders who are entitled to notice of a shareholders’ meeting. If the board of directors fixes a different record date under [section 67(5)] to determine the shareholders entitled to vote at the meeting, a corporation also shall prepare an alphabetical list of the names of all its shareholders who are entitled to vote at the meeting. A list must be arranged by voting group and, within each voting group, by class or series of shares and must show the address of and number of shares held by each shareholder. Nothing in this subsection requires the corporation to include on the list the electronic mail address or other electronic contact information of a shareholder.

(2) The shareholders’ list for notice must be available for inspection by any shareholder, beginning 2 business days after notice is given of the meeting for which the list was prepared and continuing through the meeting, at the corporation’s principal office or at a place identified in the meeting notice in the city where the meeting will be held. A shareholders’ list for voting must be similarly available for inspection promptly after the record date for voting. A shareholder or the shareholder’s agent or attorney is entitled on written demand to inspect and, subject to the requirements of [section 216(3)], to
copy the list, during regular business hours and at the shareholder’s expense, during the period it is available for inspection.

(3) The corporation shall make the list of shareholders entitled to vote available at the meeting, and any shareholder or the shareholder’s agent or attorney is entitled to inspect the list at any time during the meeting or any adjournment.

(4) If the corporation refuses to allow a shareholder or the shareholder’s agent or attorney to inspect a shareholders’ list before or at the meeting or to copy a list as permitted by subsection (2), the district court of the county where the corporation’s principal office is located or, if its principal office is not located in this state, the first judicial district, on application of the shareholder, may summarily order the inspection or copying at the corporation’s expense and may postpone the meeting for which the list was prepared until the inspection or copying is complete.

(5) Refusal or failure to prepare or make available the shareholders’ list does not affect the validity of action taken at the meeting.

Section 71. Voting entitlements of shares. (1) Except as provided in subsections (2) and (4) or unless the articles of incorporation provide otherwise, each outstanding share, regardless of class or series, is entitled to one vote on each matter voted on at a shareholders’ meeting. Only shares are entitled to vote.

(2) Shares of a corporation are not entitled to vote if they are owned by or otherwise belong to the corporation:
   (a) directly; or
   (b) indirectly through an entity of which a majority of the voting power is held directly or indirectly by the corporation or that is otherwise controlled by the corporation.

(3) Shares held by the corporation in a fiduciary capacity for the benefit of any person are entitled to vote unless they are held for the benefit of or otherwise belong to the corporation:
   (a) directly; or
   (b) indirectly through an entity of which a majority of the voting power is held directly or indirectly by the corporation or that is otherwise controlled by the corporation.

(4) Redeemable shares are not entitled to vote after delivery of written notice of redemption is effective and a sum sufficient to redeem the shares has been deposited with a bank, trust company, or other financial institution under an irrevocable obligation to pay the holders the redemption price on surrender of the shares.

(5) For purposes of this section, “voting power” means the current power to vote in the election of directors of a corporation or to elect, select, or appoint governors of another entity.

Section 72. Proxies. (1) A shareholder may vote the shareholder’s shares in person or by proxy.

(2) A shareholder or the shareholder’s agent or attorney-in-fact may appoint a proxy to vote or otherwise act for the shareholder by signing an appointment form or by an electronic transmission. An electronic transmission must contain or be accompanied by information from which the recipient can determine the date of the transmission and that the transmission was authorized by the sender or the sender’s agent or attorney-in-fact.

(3) An appointment of a proxy is effective when a signed appointment form or an electronic transmission of the appointment is received by the inspector of election or the officer or agent of the corporation authorized to tabulate votes. An appointment is valid for the term provided in the appointment form
and, if no term is provided, is valid for 11 months unless the appointment is irrevocable under subsection (4).

(4) An appointment of a proxy is revocable unless the appointment form or electronic transmission states that it is irrevocable and the appointment is coupled with an interest. Appointments coupled with an interest include the appointment:
(a) a pledgee;
(b) a person who purchased or agreed to purchase the shares;
(c) a creditor of the corporation who extended it credit under terms requiring the appointment;
(d) an employee of the corporation whose employment contract requires the appointment; and
(e) a party to a voting agreement created under [section 81].

(5) The death or incapacity of the shareholder appointing a proxy does not affect the right of the corporation to accept the proxy’s authority unless notice of the death or incapacity is received by the secretary or other officer or agent authorized to tabulate votes before the proxy exercises authority under the appointment.

(6) An appointment made irrevocable under subsection (4) is revoked when the interest with which it is coupled is extinguished.

(7) Unless it provides otherwise, an appointment made irrevocable under subsection (4) continues in effect after a transfer of the shares and after a transferee takes subject to the appointment, except that a transferee for value of shares subject to an irrevocable appointment may revoke the appointment if the transferee did not know of its existence when acquiring the shares and the existence of the irrevocable appointment was not noted conspicuously on the certificate representing the shares or on the information statement for shares without certificates.

(8) Subject to [section 74] and to any express limitation on the proxy’s authority stated in the appointment form or electronic transmission, a corporation is entitled to accept the proxy’s vote or other action as that of the shareholder making the appointment.

Section 73. Shares held by intermediaries and nominees. (1) A corporation’s board of directors may establish a procedure under which a person on whose behalf shares are registered in the name of an intermediary or nominee may elect to be treated by the corporation as the record shareholder by filing with the corporation a beneficial ownership certificate. The terms, conditions, and limitations of this treatment must be specified in the procedure. To the extent a person is treated under the procedure as having rights or privileges that the record shareholder otherwise would have, the record shareholder does not have those rights or privileges.

(2) The procedure must specify:
(a) the types of intermediaries or nominees to which it applies;
(b) the rights or privileges that the corporation recognizes in a person with respect to whom a beneficial ownership certificate is filed;
(c) the manner in which the procedure is selected, which must include that the beneficial ownership certificate must be signed or assented to by or on behalf of the record shareholder and the person on whose behalf the shares are held;
(d) the information that must be provided when the procedure is selected;
(e) the period for which selection of the procedure is effective;
(f) requirements for notice to the corporation with respect to the arrangement; and
(g) the form and contents of the beneficial ownership certificate.
The procedure may specify any other aspects of the rights and duties created by the filing of a beneficial ownership certificate.

Section 74. Acceptance of votes — other instruments. (1) If the name signed on a vote, ballot, consent, waiver, shareholder demand, or proxy appointment corresponds to the name of a shareholder, the corporation, if acting in good faith, is entitled to accept the vote, ballot, consent, waiver, shareholder demand, or proxy appointment and give it effect as the act of the shareholder.

(2) If the name signed on a vote, ballot, consent, waiver, shareholder demand, or proxy appointment does not correspond to the name of its shareholder, the corporation, if acting in good faith, is nevertheless entitled to accept the vote, ballot, consent, waiver, shareholder demand, or proxy appointment and give it effect as the act of the shareholder if:
   (a) the shareholder is an entity and the name signed purports to be that of an officer or agent of the entity;
   (b) the name signed purports to be that of an administrator, executor, guardian, or conservator representing the shareholder and, if the corporation requests, evidence of fiduciary status acceptable to the corporation has been presented with respect to the vote, ballot, consent, waiver, shareholder demand, or proxy appointment;
   (c) the name signed purports to be that of a receiver or trustee in bankruptcy of the shareholder and, if the corporation requests, evidence of this status acceptable to the corporation has been presented with respect to the vote, ballot, consent, waiver, shareholder demand, or proxy appointment;
   (d) the name signed purports to be that of a pledgee, beneficial owner, or attorney-in-fact of the shareholder and, if the corporation requests, evidence acceptable to the corporation of the signatory’s authority to sign for the shareholder has been presented with respect to the vote, ballot, consent, waiver, shareholder demand, or proxy appointment; or
   (e) two or more persons are the shareholder as co-tenants or fiduciaries, the name signed purports to be the name of at least one of the co-owners, and the person signing appears to be acting on behalf of all the co-owners.

(3) The corporation is entitled to reject a vote, ballot, consent, waiver, shareholder demand, or proxy appointment if the person authorized to accept or reject the instrument, acting in good faith, has reasonable basis for doubt about the validity of the signature on it or about the signatory’s authority to sign for the shareholder.

(4) Neither the corporation, any person authorized by it, nor an inspector of election appointed under [section 79] that accepts or rejects a vote, ballot, consent, waiver, shareholder demand, or proxy appointment in good faith and in accordance with the standards of [section 72(2)] or this section is liable in damages to the shareholder for the consequences of the acceptance or rejection.

(5) Corporate action based on the acceptance or rejection of a vote, ballot, consent, waiver, shareholder demand, or proxy appointment under this section is valid unless a court of competent jurisdiction determines otherwise.

(6) If an inspector of election has been appointed under [section 79], the inspector of election also may request information and make determinations under subsections (1), (2), and (3). Any determination made by the inspector of election under those subsections is controlling.

Section 75. Quorum and voting requirements — voting groups. (1) Shares entitled to vote as a separate voting group may take action on a matter at a meeting only if a quorum of those shares exists with respect to that matter. Unless the articles of incorporation provide otherwise, shares representing a majority of the votes entitled to be cast on the matter by the voting group...
constitute a quorum of that voting group for action on that matter. When [sections 1 through 221] require a particular quorum for a specified action, the articles of incorporation may not provide for a lower quorum.

(2) Once a share is represented for any purpose at a meeting, it is considered present for quorum purposes for the remainder of the meeting and for any adjournment of that meeting unless a new record date is or must be fixed for that adjourned meeting.

(3) If a quorum exists, action on a matter, other than the election of directors, by a voting group is approved if the votes cast within the voting group favoring the action exceed the votes cast opposing the action unless the articles of incorporation or [sections 1 through 221] require a greater number of affirmative votes.

(4) An amendment of the articles of incorporation adding, changing, or deleting a quorum or voting requirement for a voting group greater than specified in subsection (1) or (3) is governed by [section 77].

(5) The election of directors is governed by [section 78].

(6) When a provision of [sections 1 through 221] provides for voting of classes or series as separate voting groups, the rules provided in [section 152] for amendments of the articles of incorporation apply to that provision.

Section 76. Action by single and multiple voting groups. (1) If the articles of incorporation or [sections 1 through 221] provide for voting by a single voting group on a matter, action on that matter is taken when it is voted on by that voting group as provided in [section 75].

(2) If the articles of incorporation or [sections 1 through 221] provide for voting by two or more voting groups on a matter, action on that matter is taken only when it is voted on by each of those voting groups counted separately as provided in [section 75]. Action may be taken by different voting groups on a matter at different times.

Section 77. Modifying quorum or voting requirements. An amendment to the articles of incorporation that adds, changes, or deletes a quorum or voting requirement must meet the same quorum requirement and be adopted by the same vote and voting groups required to take action under the quorum and voting requirements then in effect or proposed to be adopted, whichever is greater.

Section 78. Voting for directors -- cumulative voting. (1) Unless otherwise provided in the articles of incorporation, directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present.

(2) Shareholders do not have a right to cumulate their votes for directors unless the articles of incorporation provide for that right.

(3) A statement included in the articles of incorporation that “[all] [a designated voting group of] shareholders are entitled to cumulate their votes for directors” or words of similar meaning means that the shareholders designated are entitled to multiply the number of votes they are entitled to cast by the number of directors for whom they are entitled to vote and to cast the product for a single candidate or distribute the product among two or more candidates.

(4) Shares otherwise entitled to vote cumulatively may not be voted cumulatively at a particular meeting unless:

(a) the meeting notice or proxy statement accompanying the notice states conspicuously that cumulative voting is authorized; or

(b) a shareholder who has the right to cumulate the shareholder’s votes gives notice to the corporation not less than 48 hours before the time set for the meeting of the shareholder’s intent to cumulate votes during the meeting.
If one shareholder gives this notice, all other shareholders in the same voting group participating in the election are entitled to cumulate their votes without giving further notice.

Section 79. Inspectors of election. (1) A corporation that has a class of equity securities registered pursuant to section 12 of the Securities Exchange Act of 1934 shall, and any other corporation may, appoint one or more inspectors to act at a meeting of shareholders in connection with determining voting results. Each inspector shall verify in writing that the inspector will faithfully execute the duties of inspector with strict impartiality and according to the best of the inspector’s ability. An inspector may be an officer or employee of the corporation. The inspectors may appoint or retain other persons to assist the inspectors in the performance of the duties of inspector under subsection (2) and may rely on information provided by those and other persons, including those appointed to tabulate votes, unless the inspectors believe reliance is unwarranted.

(2) The inspectors shall:
(a) ascertain the number of shares outstanding and the voting power of each;
(b) determine the shares represented at a meeting;
(c) determine the validity of proxy appointments and ballots;
(d) count the votes; and
(e) make a written report of the results.
(3) In performing their duties, the inspectors may examine:
(a) the proxy appointment forms and any other information provided in accordance with [section 72(2)];
(b) any envelope or related writing submitted with the proxy appointment forms;
(c) any ballots;
(d) any evidence or other information specified in [section 74]; and
(e) the relevant books and records of the corporation relating to its shareholders and their entitlement to vote, including any securities position list provided by a depository clearing agency.
(4) The inspectors also may consider other information that they believe is relevant and reliable for the purpose of performing any of the duties assigned to them pursuant to subsection (2), including the purpose of evaluating inconsistent, incomplete, or erroneous information and reconciling information submitted on behalf of banks, brokers, their nominees, or similar persons that indicates more votes being cast than a proxy authorized by the record shareholder is entitled to cast. If the inspectors consider other information allowed by this subsection, they shall in their report under subsection (2) specify the information considered by them, including the purpose or purposes for which the information was considered, the person or persons from whom they obtained the information, when the information was obtained, the means by which the information was obtained, and the basis for the inspectors’ belief that the information is relevant and reliable.
(5) Determinations of law by the inspectors of election are subject to de novo review by a court in a proceeding under [section 92] or other judicial proceeding.

Section 80. Voting trusts. (1) One or more shareholders may create a voting trust, conferring on a trustee the right to vote or otherwise act for them, by signing an agreement setting out the provisions of the trust, which may include anything consistent with its purpose, and transferring their shares to the trustee. When a voting trust agreement is signed, the trustee shall prepare a list of the names and addresses of all voting trust beneficial owners, together
with the number and class of shares each transferred to the trust, and deliver copies of the list and agreement to the corporation at its principal office.

(2) A voting trust becomes effective on the date the first shares subject to the trust are registered in the trustee’s name.

(3) Limits, if any, on the duration of a voting trust are as set forth in the voting trust. A voting trust that became effective prior to [the effective date of sections 1 through 221] remains governed by the statute concerning duration then in effect unless the voting trust is amended to provide otherwise by unanimous agreement of the parties to the voting trust.

Section 81. Voting agreements. (1) Two or more shareholders may provide for the manner in which they will vote their shares by signing an agreement for that purpose. A voting agreement created under this section is not subject to the provisions of [section 80].

(2) A voting agreement created under this section is specifically enforceable.

Section 82. Shareholder agreements. (1) An agreement among the shareholders of a corporation that complies with this section is effective among the shareholders and the corporation even though it is inconsistent with one or more other provisions of [sections 1 through 221] in that it:

(a) eliminates the board of directors or restricts the discretion or powers of the board of directors;

(b) governs the authorization or making of distributions, regardless of whether they are in proportion to ownership of shares, subject to the limitations in [section 60];

(c) establishes who may be directors or officers of the corporation or their terms of office or manner of selection or removal;

(d) governs, in general or in regard to specific matters, the exercise or division of voting power by or between the shareholders and directors or by or among any of them, including use of weighted voting rights or director proxies;

(e) establishes the terms and conditions of any agreement for the transfer or use of property or the provision of services between the corporation and any shareholder, director, officer, or employee of the corporation or among any of them;

(f) transfers to one or more shareholders or other persons all or part of the authority to exercise the corporate powers or to manage the business and affairs of the corporation, including the resolution of any issue about which there exists a deadlock among directors or shareholders;

(g) requires dissolution of the corporation at the request of one or more of the shareholders or on the occurrence of a specified event or contingency; or

(h) otherwise governs the exercise of the corporate powers or the management of the business and affairs of the corporation or the relationship among the shareholders, the directors, and the corporation or among any of them and is not contrary to public policy.

(2) An agreement authorized by this section is:

(a) as set forth:

(i) in the articles of incorporation or bylaws and approved by all persons who are shareholders at the time of the agreement; or

(ii) in a written agreement that is signed by all persons who are shareholders at the time of the agreement and is made known to the corporation; and

(b) subject to amendment only by all persons who are shareholders at the time of the amendment unless the agreement provides otherwise.

(3) The existence of an agreement authorized by this section must be noted conspicuously on the front or back of each certificate for outstanding shares or on the information statement required by [section 56(2)]. If at the time of the agreement the corporation has shares outstanding represented by
certificates, the corporation shall recall the outstanding certificates and issue substitute certificates that comply with this subsection. The failure to note the existence of the agreement on the certificate or information statement does not affect the validity of the agreement or any action taken pursuant to it. Any purchaser of shares who, at the time of purchase, did not have knowledge of the existence of the agreement is entitled to rescission of the purchase. A purchaser is considered to have knowledge of the existence of the agreement if its existence is noted on the certificate or information statement for the shares in compliance with this subsection and, if the shares are not represented by a certificate, the information statement is delivered to the purchaser at or before the time of purchase of the shares. An action to enforce the right of rescission authorized by this subsection must be commenced within the earlier of 90 days after discovery of the existence of the agreement or 2 years after the time of purchase of the shares.

(4) If the agreement ceases to be effective for any reason, the board of directors may, if the agreement is contained or referred to in the corporation's articles of incorporation or bylaws, adopt an amendment to the articles of incorporation or bylaws, without shareholder action, to delete the agreement and any references to it.

(5) An agreement authorized by this section that limits the discretion or powers of the board of directors relieves the directors of and imposes on the person or persons in whom the discretion or powers are vested liability for acts or omissions imposed by law on directors to the extent that the discretion or powers of the directors are limited by the agreement.

(6) The existence or performance of an agreement authorized by this section may not be a ground for imposing personal liability on any shareholder for the acts or debts of the corporation even if the agreement or its performance treats the corporation as if it were a partnership or results in failure to observe the corporate formalities otherwise applicable to the matters governed by the agreement.

(7) Incorporators or subscribers for shares may act as shareholders with respect to an agreement authorized by this section if no shares have been issued when the agreement is made.

(8) Limits, if any, on the duration of an agreement authorized by this section must be set forth in the agreement.

Section 83. Definitions — derivative proceedings. In [sections 83 through 90] the following definitions apply:

(1) “Derivative proceeding” means a civil suit in the right of a domestic corporation or, to the extent provided in [section 90], in the right of a foreign corporation.

(2) “Shareholder” means a record shareholder, a beneficial shareholder, and an unrestricted voting trust beneficial owner.

Section 84. Standing. A shareholder may not commence or maintain a derivative proceeding unless the shareholder:

(1) was a shareholder of the corporation at the time of the act or omission complained of or became a shareholder through transfer by operation of law from one who was a shareholder at that time; and

(2) fairly and adequately represents the interests of the corporation in enforcing the right of the corporation.

Section 85. Demand. A shareholder may not commence a derivative proceeding until:

(1) a written demand has been made on the corporation to take suitable action; and
(2) 90 days have expired from the date delivery of the demand was made unless the shareholder has earlier been notified that the demand has been rejected by the corporation or unless irreparable injury to the corporation would result by waiting for the expiration of the 90-day period.

Section 86. Stay of proceedings. If the corporation commences an inquiry into the allegations made in the demand or complaint, the court may stay any derivative proceeding for any period the court considers appropriate.

Section 87. Dismissal. (1) A derivative proceeding must be dismissed by the court on motion by the corporation if one of the groups specified in subsection (2) or (5) has determined in good faith, after conducting a reasonable inquiry on which its conclusions are based, that the maintenance of the derivative proceeding is not in the best interests of the corporation.

(2) Unless a panel is appointed pursuant to subsection (5), the determination in subsection (1) must be made by:

(a) a majority vote of qualified directors present at a meeting of the board of directors if the qualified directors constitute a quorum; or

(b) a majority vote of a committee consisting of two or more qualified directors appointed by majority vote of qualified directors present at a meeting of the board of directors, regardless of whether those qualified directors constitute a quorum.

(3) If a derivative proceeding is commenced after a determination has been made rejecting a demand by a shareholder, the complaint must allege with particularity facts establishing either:

(a) that a majority of the board of directors did not consist of qualified directors at the time the determination was made; or

(b) that the requirements of subsection (1) have not been met.

(4) If a majority of the board of directors consisted of qualified directors at the time the determination was made, the plaintiff has the burden of proving that the requirements of subsection (1) have not been met. If not, the corporation has the burden of proving that the requirements of subsection (1) have been met.

(5) Upon motion by the corporation, the court may appoint a panel of one or more individuals to make a determination whether the maintenance of the derivative proceeding is in the best interests of the corporation. In that case, the plaintiff has the burden of proving that the requirements of subsection (1) have not been met.

Section 88. Discontinuance – settlement. A derivative proceeding may not be discontinued or settled without the court’s approval. If the court determines that a proposed discontinuance or settlement will substantially affect the interests of the corporation’s shareholders or a class or series of shareholders, the court shall direct that notice be given to the shareholders affected.

Section 89. Payment of expenses. On termination of the derivative proceeding, the court may:

(1) order the corporation to pay the plaintiff’s expenses incurred in the proceeding if it finds that the proceeding has resulted in a substantial benefit to the corporation;

(2) order the plaintiff to pay any defendant’s expenses incurred in defending the proceeding if it finds that the proceeding was commenced or maintained without reasonable cause or for an improper purpose; or

(3) order a party to pay an opposing party’s expenses incurred because of the filing of a pleading, motion, or other paper if it finds that the pleading, motion, or other paper:
(a) was not well grounded in fact after reasonable inquiry or warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; or
(b) was interposed for an improper purpose, including to harass or to cause unnecessary delay or needless increase in the cost of litigation.

Section 90. Applicability to foreign corporations. In any derivative proceeding in the right of a foreign corporation, the matters covered by [sections 83 through 90] are governed by the laws of the jurisdiction of incorporation of the foreign corporation except [sections 86, 88, and 89].

Section 91. Shareholder action to appoint custodian or receiver.
(1) The district court of the county where a corporation’s principal office is located or, if its principal office is not located in this state, of the first judicial district may appoint one or more persons to be custodians, or, if the corporation is insolvent, to be receivers of and for a corporation in a proceeding by a shareholder in which it is established that:
(a) the directors are deadlocked in the management of the corporate affairs, the shareholders are unable to break the deadlock, and irreparable injury to the corporation is threatened or being suffered; or
(b) the directors or those in control of the corporation are acting fraudulently and irreparable injury to the corporation is threatened or being suffered.
(2) The court:
(a) may issue injunctions, appoint a temporary custodian or temporary receiver with all the powers and duties the court directs, take other action to preserve the corporate assets, wherever located, and carry on the business of the corporation until a full hearing is held;
(b) shall hold a full hearing, after notifying all parties to the proceeding and any interested persons designated by the court, before appointing a custodian or receiver; and
(c) has jurisdiction over the corporation and all of its property, wherever located.
(3) The court may appoint an individual, a domestic corporation, or a foreign corporation registered to do business in this state as a custodian or receiver and may require the custodian or receiver to post bond, with or without sureties, in an amount the court directs.
(4) The court shall describe the powers and duties of the custodian or receiver in its appointing order, which may be amended from time to time. Among other powers:
(a) a custodian may exercise all of the powers of the corporation, through or in place of its board of directors, to the extent necessary to manage the business and affairs of the corporation; and
(b) a receiver:
(i) may dispose of all or any part of the assets of the corporation, wherever located, at a public or private sale if authorized by the court; and
(ii) may sue and defend in the receiver’s own name as receiver in all courts of this state.
(5) The court during a custodianship may redesignate the custodian a receiver, and during a receivership may redesignate the receiver a custodian, if doing so is in the best interests of the corporation.
(6) The court from time to time during the custodianship or receivership may order compensation to be paid and expense disbursements or reimbursements to be made to the custodian or receiver from the assets of the corporation or proceeds from the sale of its assets.
(7) In this section, “shareholder” means a record shareholder, a beneficial shareholder, and an unrestricted voting trust beneficial owner.
Section 92. Judicial determination -- corporate offices -- review of elections and shareholder votes. (1) Upon application of or in a proceeding commenced by a person specified in subsection (2), the district court of the county where a corporation’s principal office is located or, if its principal office is not located in this state, of the first judicial district may determine:

(a) the result or validity of the election, appointment, removal, or resignation of a director or officer of the corporation;

(b) the right of an individual to hold the office of director or officer of the corporation;

(c) the result or validity of any vote by the shareholders of the corporation;

(d) the right of a director to membership on a committee of the board of directors; and

(e) the right of a person to nominate or an individual to be nominated as a candidate for election or appointment as a director of the corporation and any right under a bylaw adopted pursuant to [section 32(3)] or any comparable right under any provision of the articles of incorporation, contract, or applicable law.

(2) An application or proceeding pursuant to subsection (1) may be filed or commenced by any of the following persons:

(a) the corporation;

(b) any record shareholder, beneficial shareholder, or unrestricted voting trust beneficial owner of the corporation;

(c) a director of the corporation, an individual claiming the office of director, or a director whose membership on a committee of the board of directors is contested, in each case who is seeking a determination of the person’s right to the office or membership;

(d) an officer of the corporation or an individual claiming to be an officer of the corporation, in each case who is seeking a determination of the person’s right to the office; and

(e) a person claiming a right covered by subsection (1)(e) and seeking a determination of that right.

(3) In connection with any application or proceeding under subsection (1), the following must be named as defendants unless the person made the application or commenced the proceeding:

(a) the corporation;

(b) any individual whose right to office or membership on a committee of the board of directors is contested;

(c) any individual claiming the office or membership at issue; and

(d) any person claiming a right covered by subsection (1)(e) that is at issue.

(4) In connection with any application or proceeding under subsection (1), service of process may be made on each of the persons specified in subsection (3) by either:

(a) service of process on the corporation addressed to the person in any manner provided by statute of this state or by rule of the applicable court for service on the corporation; or

(b) service of process on the person in any manner provided by statute of this state or by rule of the applicable court.

(5) When service of process is made on a person other than the corporation by service on the corporation pursuant to subsection (4)(a), the plaintiff and the corporation or its registered agent shall promptly provide written notice of the service, together with copies of all process and the application or complaint, to the person at the person’s last-known residence or business address or as permitted by statute of this state or by rule of the applicable court.
(6) In connection with any application or proceeding under subsection (1), the court shall dispose of the application or proceeding on an expedited basis and also may:
   (a) order additional or further notice the court considers proper under the circumstances;
   (b) order that additional persons be joined as parties to the proceeding if the court determines that joinder is necessary for a just adjudication of matters before the court;
   (c) order that an election or meeting be held in accordance with the provisions of [section 63(2)] or otherwise;
   (d) appoint a master to conduct an election or meeting;
   (e) enter temporary, preliminary, or permanent injunctive relief;
   (f) resolve, solely for the purpose of this proceeding, any legal or factual issues necessary for the resolution of any of the matters specified in subsection (1), including the right and power of persons claiming to own shares to vote at any meeting of the shareholders; and
   (g) order any other relief the court determines is equitable, just, and proper.

(7) It is not necessary to make a shareholder a party to a proceeding or application pursuant to this section unless the shareholder is a required defendant under subsection (3)(d), relief is sought against the shareholder individually, or the court orders joinder pursuant to subsection (6)(b).

(8) Nothing in this section limits, restricts, or abolishes the subject matter jurisdiction or powers of the court that existed before the enactment of this section, and an application or proceeding pursuant to this section is not the exclusive remedy or proceeding available with respect to the matters specified in subsection (1).

Section 93. Board of directors — requirements — functions.
(1) Except as may be provided in an agreement authorized under [section 82], each corporation must have a board of directors.

(2) Except as may be provided in an agreement authorized under [section 82] and subject to any limitation in the articles of incorporation permitted by [section 28(2)], all corporate powers must be exercised by or under the authority of the board of directors, and the business and affairs of the corporation must be managed by or under the direction of and subject to the oversight of the board of directors.

Section 94. Qualifications of directors. (1) The articles of incorporation or bylaws may prescribe qualifications for directors or for nominees for directors. Qualifications must be reasonable as applied to the corporation and must be lawful.

(2) A requirement that is based on a past, prospective, or current action or expression of opinion by a nominee or director that could limit the ability of a nominee or director to discharge the duties of a director is not a permissible qualification under this section. However, qualifications may include not being or having been subject to specified criminal, civil, or regulatory sanctions or not having been removed as a director by judicial action or for cause.

(3) A director need not be a resident of this state or a shareholder unless the articles of incorporation or bylaws prescribe those requirements.

(4) A qualification for nomination for director prescribed before a person’s nomination applies to the person at the time of nomination. A qualification for nomination for director prescribed after a person’s nomination does not apply to the person with respect to the nomination.

(5) A qualification for director prescribed before a director has been elected or appointed applies only at the time an individual becomes a director or during
a director’s term. A qualification prescribed after a director has been elected or appointed does not apply to that director before the end of that director’s term.

**Section 95. Directors -- number -- election.** (1) A board of directors must consist of one or more individuals, with the number specified in or fixed in accordance with the articles of incorporation or bylaws.

(2) The number of directors may be increased or decreased from time to time by amendment to or in the manner provided in the articles of incorporation or bylaws.

(3) Directors are elected at the first annual shareholders’ meeting and at each annual shareholders’ meeting thereafter unless elected by written consent in lieu of an annual meeting as permitted by [section 64] or unless their terms are staggered under [section 98].

**Section 96. Election of directors -- certain classes or series of shares.** If the articles of incorporation or action by the board of directors pursuant to [section 47] authorizes dividing the shares into classes or series, the articles of incorporation may also authorize the election of all or a specified number of directors by the holders of one or more authorized classes or series of shares. A class or series or multiple classes or series of shares entitled to elect one or more directors constitute a separate voting group for purposes of the election of directors.

**Section 97. Terms of directors generally.** (1) The terms of the initial directors of a corporation expire at the first shareholders’ meeting at which directors are elected.

(2) The terms of all other directors expire at the next or, if their terms are staggered in accordance with [section 98], at the applicable second or third annual shareholders’ meeting following their election, except to the extent:

(a) provided in [section 160] if a bylaw electing to be governed by that section is in effect; or

(b) a shorter term is specified in the articles of incorporation in the event of a director nominee failing to receive a specified vote for election.

(3) A decrease in the number of directors does not shorten an incumbent director’s term.

(4) The term of a director elected to fill a vacancy expires at the next shareholders’ meeting at which directors are elected unless the bylaws state that a director elected or appointed to fill a vacancy is elected or appointed for the unexpired term of the director’s predecessor in office.

(5) Except to the extent otherwise provided in the articles of incorporation or under [section 160] if a bylaw electing to be governed by that section is in effect, despite the expiration of a director’s term, the director continues to serve until the director’s successor is elected and qualifies or there is a decrease in the number of directors.

**Section 98. Staggered terms for directors.** The articles of incorporation may provide for staggering the terms of directors by dividing the total number of directors into two or three groups, with each group containing half or one-third of the total, as near as may be practicable. In that event, the terms of directors in the first group expire at the first annual shareholders’ meeting after their election, the terms of the second group expire at the second annual shareholders’ meeting after their election, and the terms of the third group, if any, expire at the third annual shareholders’ meeting after their election. At each annual shareholders’ meeting held subsequently, directors are elected for a term of 2 years or 3 years, as the case may be, to succeed those whose terms expire.
Section 99. Resignation of directors. (1) A director may resign at any time by delivering a written notice of resignation to the board of directors or its chair or to the secretary.

(2) A resignation is effective as provided in [section 15(9)] unless the resignation provides for a delayed effectiveness, including effectiveness determined on a future event or events. A resignation that is conditioned on failing to receive a specified vote for election as a director may provide that it is irrevocable.

Section 100. Removal of directors by shareholders. (1) The shareholders may remove one or more directors with or without cause unless the articles of incorporation provide that directors may be removed only for cause.

(2) If a director is elected by a voting group of shareholders, only the shareholders of that voting group may participate in the vote to remove that director.

(3) A director may be removed if the number of votes cast to remove exceeds the number of votes cast not to remove the director, except to the extent the articles of incorporation or bylaws require a greater number. However, if cumulative voting is authorized, a director may not be removed if, in the case of a meeting, the number of votes sufficient to elect the director under cumulative voting is cast against removal and, if action is taken by less than unanimous written consent, voting shareholders entitled to the number of votes sufficient to elect the director under cumulative voting do not consent to the removal.

(4) A director may be removed by the shareholders only at a meeting called for the purpose of removing the director, and the meeting notice must state that removal of the director is the purpose of the meeting.

Section 101. Removal of directors by judicial proceeding. (1) The district court of the county where a corporation’s principal office is located or, if its principal office is not located in this state, of the first judicial district may remove a director from office or may order other relief, including barring the director from reelection for a period prescribed by the court, in a proceeding commenced by or in the right of the corporation if the court finds that:

(a) the director engaged in fraudulent conduct with respect to the corporation or its shareholders, grossly abused the position of director, or intentionally inflicted harm on the corporation; and

(b) considering the director’s course of conduct and the inadequacy of other available remedies, removal or other relief would be in the best interests of the corporation.

(2) A shareholder proceeding on behalf of the corporation under subsection (1) of this section must comply with all of the requirements of [sections 83 through 90] except [section 84(1)].

Section 102. Vacancy – board of directors. (1) Unless the articles of incorporation provide otherwise, if a vacancy occurs on a board of directors, including a vacancy resulting from an increase in the number of directors:

(a) the shareholders may fill the vacancy;

(b) the board of directors may fill the vacancy; or

(c) if the directors remaining in office are less than a quorum, they may fill the vacancy by the affirmative vote of a majority of all the directors remaining in office.

(2) If the vacant office was held by a director elected by a voting group of shareholders, only the holders of shares of that voting group are entitled to vote to fill the vacancy if it is filled by the shareholders, and only the remaining directors elected by that voting group, even if less than a quorum, are entitled to fill the vacancy if it is filled by the directors.
A vacancy that will occur at a specific later date, by reason of a resignation effective at a later date under [section 99(2)] or otherwise, may be filled before the vacancy occurs, but the new director may not take office until the vacancy occurs.

Section 103. Compensation of directors. Unless the articles of incorporation or bylaws provide otherwise, the board of directors may fix the compensation of directors.

Section 104. Meetings. (1) The board of directors may hold regular or special meetings in or out of this state.

(2) Unless restricted by the articles of incorporation or bylaws, any or all directors may participate in any meeting of the board of directors through the use of any means of communication by which all directors participating may simultaneously hear each other during the meeting. A director participating in a meeting by this means is considered to be present in person at the meeting.

(3) If requested by a director, minutes of any regular or special meeting must be prepared and be distributed to each director.

Section 105. Action without meeting. (1) Except to the extent that the articles of incorporation or bylaws require that action by the board of directors be taken at a meeting, action required or permitted by [sections 1 through 221] to be taken by the board of directors may be taken without a meeting if each director signs a consent describing the action to be taken and delivers it to the corporation.

(2) Action taken under this section is the act of the board of directors when one or more consents signed by all the directors are delivered to the corporation. The consent may specify a later time as the time at which the action taken is to be effective. A director’s consent may be withdrawn by a revocation signed by the director and delivered to the corporation before delivery to the corporation of unrevoked written consents signed by all the directors.

(3) A consent signed under this section has the effect of action taken at a meeting of the board of directors and may be described in that manner in any document.

Section 106. Notice of meeting. (1) Unless the articles of incorporation or bylaws provide otherwise, regular meetings of the board of directors may be held without notice of the date, time, place, or purpose of the meeting.

(2) Unless the articles of incorporation or bylaws provide for a longer or shorter period, special meetings of the board of directors must be preceded by at least 2 days’ notice of the date, time, and place of the meeting. The notice need not describe the purpose of the special meeting unless required by the articles of incorporation or bylaws.

Section 107. Waiver of notice. (1) A director may waive any notice required by [sections 1 through 221], the articles of incorporation, or the bylaws before or after the date and time stated in the notice. Except as provided by subsection (2), the waiver must be in writing, be signed by the director entitled to the notice, and be delivered to the corporation for filing by the corporation with the minutes or corporate records.

(2) A director’s attendance at or participation in a meeting waives any required notice to the director of the meeting unless the director, at the beginning of the meeting or promptly upon arrival, objects to holding the meeting or transacting business at the meeting and does not after objecting vote for or assent to action taken at the meeting.

Section 108. Quorum and voting. (1) Unless the articles of incorporation or bylaws provide for a greater or lesser number or unless otherwise expressly provided in [sections 1 through 221], a quorum of a board of directors consists
of a majority of the number of directors specified in or fixed in accordance with the articles of incorporation or bylaws.

(2) The quorum of the board of directors specified in or fixed in accordance with the articles of incorporation or bylaws may not consist of less than one-third of the specified or fixed number of directors.

(3) If a quorum is present when a vote is taken, the affirmative vote of a majority of directors present is the act of the board of directors unless the articles of incorporation or bylaws require the vote of a greater number of directors or unless otherwise expressly provided in sections 1 through 221.

(4) A director who is present at a meeting of the board of directors or a committee when corporate action is taken is considered to have assented to the action taken unless:

(a) the director objects, at the beginning of the meeting or promptly upon arrival, to holding it or transacting business at the meeting;

(b) the dissent or abstention from the action taken is entered in the minutes of the meeting; or

(c) the director delivers written notice of the director’s dissent or abstention to the presiding officer of the meeting before its adjournment or to the corporation immediately after adjournment of the meeting. The right of dissent or abstention is not available to a director who votes in favor of the action taken.

Section 109. Committees of board. (1) Unless sections 1 through 221, the articles of incorporation, or the bylaws provide otherwise, a board of directors may establish one or more board committees composed exclusively of one or more directors to perform functions of the board of directors.

(2) The establishment of a board committee and appointment of members to it must be approved by the greater of:

(a) a majority of all the directors in office when the action is taken; or

(b) the number of directors required by the articles of incorporation or bylaws to take action under section 108 unless, in either case, sections 1 through 221 or the articles of incorporation provide otherwise.

(3) Sections 104 through 108 apply to board committees and their members.

(4) A board committee may exercise the powers of the board of directors under section 93 to the extent specified by the board of directors or in the articles of incorporation or bylaws, except that a board committee may not:

(a) authorize or approve distributions except according to a formula or method, or within limits, prescribed by the board of directors;

(b) approve or propose to shareholders action that sections 1 through 221 require to be approved by shareholders;

(c) fill vacancies on the board of directors or, subject to subsection (5), on any board committees;

(d) adopt, amend, or repeal bylaws;

(e) approve a plan of merger, including plans not requiring shareholder approval;

(f) authorize or approve reacquisition of shares except according to a formula or method prescribed by the board of directors; or

(g) authorize or approve the issuance of or sale or contract for sale of shares or determine the designation and relative rights, preferences, and limitations of a class or series of shares. However, the board of directors may authorize a committee or a senior executive officer of the corporation to do so within limits specifically prescribed by the board of directors.

(5) The board of directors may appoint one or more directors as alternate members of any board committee to replace any absent or disqualified member
during the member’s absence or disqualification. If the articles of incorporation, the bylaws, or the resolution creating the board committee so provide, the member or members present at any board committee meeting and not disqualified from voting may, by unanimous action, appoint another director to act in place of an absent or disqualified member during that member’s absence or disqualification.

Section 110. Submission of matters for shareholder vote. A corporation may agree to submit a matter to a vote of its shareholders even if, after approving the matter, the board of directors determines it no longer recommends the matter.

Section 111. Standards of conduct for directors. (1) Each member of the board of directors, when discharging the duties of a director, shall act:
   (a) in good faith; and
   (b) in a manner the director reasonably believes to be in the best interests of the corporation.

   (2) The members of the board of directors or a board committee, when becoming informed in connection with their decisionmaking function or devoting attention to their oversight function, shall discharge their duties with the care that a person in a like position would reasonably believe appropriate under similar circumstances.

   (3) In discharging board or board committee duties, a director shall disclose or cause to be disclosed to the other board or committee members information not already known by them but known by the director to be material to the discharge of their decisionmaking or oversight functions, except that disclosure is not required to the extent that the director reasonably believes that doing so would violate a duty imposed under law, a legally enforceable obligation of confidentiality, or a professional ethics rule.

   (4) In discharging board or board committee duties, a director who does not have knowledge that makes reliance unwarranted is entitled to rely on the performance by any of the persons specified in subsection (6)(a) or (6)(c) to whom the board may have delegated, formally or informally by course of conduct, the authority or duty to perform one or more of the board’s functions that are delegable under applicable law.

   (5) In discharging board or board committee duties, a director who does not have knowledge that makes reliance unwarranted is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, prepared or presented by any of the persons specified in subsection (6).

   (6) A director is entitled to rely, in accordance with subsection (4) or (5), on:
      (a) one or more officers or employees of the corporation whom the director reasonably believes to be reliable and competent in the functions performed or the information, opinions, reports, or statements provided;
      (b) legal counsel, public accountants, or other persons retained by the corporation as to matters involving skills or expertise the director reasonably believes are matters:
         (i) within the particular person’s professional or expert competence; or
         (ii) as to which the particular person merits confidence; or
      (c) a board committee of which the director is not a member if the director reasonably believes the committee merits confidence.

Section 112. Standards of liability for directors. (1) A director may not be liable to the corporation or its shareholders for any decision to take or not to take action, or any failure to take any action, as a director unless the party asserting liability in a proceeding establishes that:
(a) no defense interposed by the director precludes liability based on:
   (i) any provision in the articles of incorporation authorized by [section 28(2)(d) or (2)(f)];
   (ii) the protection afforded by [section 130] for action taken in compliance with [section 131] or [section 132]; or
   (iii) the protection afforded by [section 133]; and
(b) the challenged conduct consisted or was the result of:
   (i) action not in good faith; or
   (ii) a decision:
      (A) that the director did not reasonably believe to be in the best interests of the corporation; or
      (B) as to which the director was not informed to an extent the director reasonably believed appropriate in the circumstances; or
      (iii) a lack of objectivity due to the director’s familial, financial, or business relationship with, or a lack of independence due to the director’s domination or control by, another person having a material interest in the challenged conduct and:
         (A) the relationship, domination, or control could reasonably be expected to have affected the director’s judgment respecting the challenged conduct in a manner adverse to the corporation; and
         (B) after a reasonable expectation of an effect on the director’s judgment has been established, the director may not have established that the challenged conduct was reasonably believed by the director to be in the best interests of the corporation; or
      (iv) a sustained failure of the director to devote attention to ongoing oversight of the business and affairs of the corporation or a failure to devote timely attention, by making or causing to be made appropriate inquiry, when particular facts and circumstances of significant concern materialize that would alert a reasonably attentive director to the need for an inquiry; or
      (v) receipt of a financial benefit to which the director was not entitled or any other breach of the director’s duties to deal fairly with the corporation and its shareholders that is actionable under applicable law.
(2) The party seeking to hold the director liable:
   (a) for money damages also has the burden of establishing that:
      (i) harm to the corporation or its shareholders has been suffered; and
      (ii) the harm suffered was proximately caused by the director’s challenged conduct; or
   (b) for other money payment under a legal remedy, such as compensation for the unauthorized use of corporate assets, also has whatever persuasion burden may be called for to establish that the payment sought is appropriate in the circumstances; or
   (c) for other money payment under an equitable remedy, such as profit recovery by or disgorgement to the corporation, also has whatever persuasion burden may be called for to establish that the equitable remedy sought is appropriate in the circumstances.
(3) Nothing in this section:
   (a) in any instance where fairness is at issue, such as consideration of the fairness of a transaction to the corporation under [section 129(2)(c)], alters the burden of proving the fact or lack of fairness otherwise applicable;
   (b) alters the fact or lack of liability of a director under another section of [sections 1 through 221], such as the provisions governing the consequences of an unlawful distribution under [section 113] or a transactional interest under [section 130];
(c) affects any rights to which the corporation or a shareholder may be entitled under another statute of this state or the United States; or

(d) invalidates or otherwise limits the business judgment rule under the common law.

Section 113. Director’s liability for unlawful distributions. (1) A director who votes for or assents to a distribution in excess of what may be authorized and made pursuant to [section 60(1)] or [section 192(1)] is personally liable to the corporation for the amount of the distribution that exceeds what could have been distributed without violating [section 60(1)] or [section 192(1)] if the party asserting liability establishes that when taking the action the director did not comply with [section 111].

(2) A director held liable under subsection (1) for an unlawful distribution is entitled to:
   (a) contribution from every other director who could be held liable under subsection (1) for the unlawful distribution; and
   (b) recoupment from each shareholder of the pro rata portion of the amount of the unlawful distribution the shareholder accepted knowing the distribution was made in violation of [section 60(1)] or [section 192(1)].

(3) A proceeding to enforce:
   (a) the liability of a director under subsection (1) is barred unless it is commenced within 2 years after the date:
      (i) on which the effect of the distribution was measured under [section 60(5) or (7)];
      (ii) as of which the violation of [section 60(1)] occurred as the consequence of disregard of a restriction in the articles of incorporation; or
      (iii) on which the distribution of assets to shareholders under [section 192(1)] was made; or
   (b) contribution or recoupment under subsection (2) is barred unless it is commenced within 1 year after the liability of the claimant has been finally adjudicated under subsection (1).

Section 114. Officers. (1) A corporation has the officers described in its bylaws or appointed by the board of directors in accordance with the bylaws.

(2) The board of directors may elect individuals to fill one or more offices of the corporation. An officer may appoint one or more officers if authorized by the bylaws or the board of directors.

(3) The bylaws or the board of directors shall assign to an officer responsibility for maintaining and authenticating the records of the corporation required to be kept under [section 215(1)].

(4) The same individual may simultaneously hold more than one office in a corporation.

Section 115. Functions of officers. Each officer has the authority and shall perform the functions set forth in the bylaws or, to the extent consistent with the bylaws, the functions prescribed by the board of directors or by direction of an officer authorized by the board of directors to prescribe the functions of other officers.

Section 116. Standards of conduct for officers. (1) An officer, when performing in an official capacity, has the duty to act:
   (a) in good faith;
   (b) with the care that a person in a like position would reasonably exercise under similar circumstances; and
   (c) in a manner the officer reasonably believes to be in the best interests of the corporation.
(2) The duty of an officer includes the obligation:
(a) to inform the superior officer to whom or the board of directors or the board committee to which the officer reports of information about the affairs of the corporation known to the officer within the scope of the officer’s functions and known to the officer to be material to the superior officer, board, or committee; and
(b) to inform the officer’s superior officer, another appropriate person within the corporation, or the board of directors, or a board committee of any actual or probable material violation of law involving the corporation or any material breach of duty to the corporation by an officer, employee, or agent of the corporation that the officer believes has occurred or is likely to occur.

(3) In discharging the officer’s duties, an officer who does not have knowledge that makes reliance unwarranted is entitled to rely on:
(a) the performance of properly delegated responsibilities by one or more employees of the corporation whom the officer reasonably believes to be reliable and competent in performing the responsibilities delegated; or
(b) information, opinions, reports, or statements, including financial statements and other financial data, prepared or presented by one or more employees of the corporation whom the officer reasonably believes to be reliable and competent in the matters presented or by legal counsel, public accountants, or other persons retained by the corporation as to matters involving skills or expertise the officer reasonably believes are matters:
   (i) within the particular person’s professional or expert competence; or
   (ii) as to which the particular person merits confidence.

(4) An officer is not liable to the corporation or its shareholders for any decision to take or not to take action or any failure to take any action as an officer if the duties of the office are performed in compliance with this section. Whether an officer who does not comply with this section has liability will depend in each instance on applicable law, including those principles of section 112 that have relevance.

Section 117. Resignation and removal of officers. (1) An officer may resign at any time by delivering a written notice to the corporation. A resignation is effective as provided in [section 15(9)] unless the notice provides for delayed effectiveness, including effectiveness determined on a future event or events. If effectiveness of a resignation is stated to be delayed and the board of directors or the appointing officer accepts the delay, the board of directors or the appointing officer may fill the pending vacancy before the delayed effectiveness, but the new officer may not take office until the vacancy occurs.

(2) An officer may be removed at any time with or without cause by:
(a) the board of directors;
(b) the appointing officer unless the bylaws or the board of directors provides otherwise; or
(c) any other officer if authorized by the bylaws or the board of directors.

(3) In this section, “appointing officer” means the officer, including any successor to that officer, who appointed the officer resigning or being removed.

Section 118. Contract rights of officers. (1) The election or appointment of an officer does not itself create contract rights.

(2) An officer’s removal does not affect the officer’s contract rights, if any, with the corporation. An officer’s resignation does not affect the corporation’s contract rights, if any, with the officer.

Section 119. Definitions — indemnification and advance for expenses. For the purposes of [sections 119 through 128], unless the context clearly requires otherwise, the following definitions apply:
(1) “Corporation” includes any domestic or foreign predecessor entity of a corporation in a merger or other transaction in which the predecessor’s existence ceased upon consummation of the transaction.

(2) “Director” means an individual who is or was a director of a corporation or who, while a director of the corporation, is or was serving at the corporation’s request as a director of another entity or trustee of an employee benefit plan. A director is considered to be serving as a trustee of an employee benefit plan at the corporation’s request if the individual’s duties to the corporation also impose duties on, or otherwise involve services by, the individual to the plan or to participants in or beneficiaries of the plan. The term includes the estate or personal representative of a director.

(3) “Liability” means the obligation to pay a judgment, a settlement, a penalty, a fine, including an excise tax assessed with respect to an employee benefit plan, or expenses incurred with respect to a proceeding, including attorney fees.

(4) “Officer” means an individual who is or was an officer of a corporation or who, while an officer of the corporation, is or was serving at the corporation’s request as an officer of another entity or trustee of an employee benefit plan. An officer is considered to be serving as a trustee of an employee benefit plan at the corporation’s request if the individual’s duties to the corporation also impose duties on or otherwise involve services by the individual to the plan or to participants in or beneficiaries of the plan. The term includes the estate or personal representative of an officer.

(5) (a) “Official capacity” means:
   (i) when used with respect to a director, the office of director in a corporation; and
   (ii) when used with respect to an officer as contemplated in [section 125], the office in a corporation held by the officer.

   (b) The term does not include service for any other domestic or foreign corporation or any joint venture, trust, employee benefit plan, or other entity.

(6) “Party” means an individual who was, is, or is threatened to be made a defendant or respondent in a proceeding.

(7) “Proceeding” means any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, arbitrative, or investigative and whether formal or informal.

**Section 120. Permissible indemnification.** (1) Except as otherwise provided in this section, a corporation may indemnify an individual who is a party to a proceeding because the individual is a director against liability incurred in the proceeding if:

(a) (i) the director acted in good faith; and
   (ii) the director reasonably believed:
       (A) in the case of conduct in an official capacity, that the conduct was in the best interests of the corporation; and
       (B) in all other cases, that the conduct was at least not opposed to the best interests of the corporation; and
   (iii) in the case of a criminal proceeding, the director had no reasonable cause to believe the conduct was unlawful; or

   (b) the director engaged in conduct for which broader indemnification has been made permissible or obligatory under a provision of the articles of incorporation as authorized by [section 28(2)(e)].

(2) A director’s conduct with respect to an employee benefit plan for a purpose the director reasonably believed to be in the interests of the participants in and the beneficiaries of the plan is conduct that satisfies the requirement of subsection (1)(a)(ii)(B).
(3) The termination of a proceeding by judgment, order, settlement, or conviction or upon a plea of nolo contendere or its equivalent is not, of itself, determinative that the director did not meet the relevant standard of conduct described in this section.

(4) Unless ordered by a court under [section 123(1)(c)], a corporation may not indemnify a director:

(a) in connection with a proceeding by or in the right of the corporation except for expenses incurred in connection with the proceeding if it is determined that the director has met the relevant standard of conduct under subsection (1); or

(b) in connection with any proceeding with respect to conduct for which the director was adjudged liable on the basis of receiving a financial benefit to which the director was not entitled, regardless of whether it involved action in the director's official capacity.

Section 121. Mandatory indemnification. A corporation shall indemnify a director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which the director was a party because the director was a director of the corporation against expenses incurred by the director in connection with the proceeding.

Section 122. Advance for expenses. (1) A corporation may, before final disposition of a proceeding, advance funds to pay for or reimburse expenses incurred in connection with the proceeding by an individual who is a party to the proceeding because that individual is a director if the director delivers to the corporation a signed, written undertaking of the director to repay any funds advanced if:

(a) the director is not entitled to mandatory indemnification under [section 121]; and

(b) it is ultimately determined under [section 123] or [section 124] that the director is not entitled to indemnification.

(2) The undertaking required by subsection (1) must be an unlimited general obligation of the director but need not be secured and may be accepted without reference to the financial ability of the director to make repayment.

(3) Authorizations under this section must be made:

(a) by the board of directors in the following manner:

(i) if there are two or more qualified directors, by a majority vote of all the qualified directors, a majority of whom for this purpose constitute a quorum, or

(ii) by a majority of the members of a committee consisting solely of two or more qualified directors appointed by a majority vote of all the qualified directors; or

(b) by special legal counsel:

(i) selected in the manner prescribed in subsection (3)(a); or

(ii) if there are fewer than two qualified directors, selected by the board of directors, in which directors who are not qualified directors may participate; or

(c) by the shareholders, but shares owned by or voted under the control of a director who at the time is not a qualified director may not be voted on the authorization.

Section 123. Court-ordered indemnification and advance for expenses. (1) A director who is a party to a proceeding because the person is a director may apply for indemnification or an advance for expenses to the court conducting the proceeding or to another court of competent jurisdiction. After receipt of an application and after giving any notice it considers necessary, the court shall:

(a) order indemnification if the court determines that the director is entitled to mandatory indemnification under [section 121];
(b) order indemnification or advance for expenses if the court determines that the director is entitled to indemnification or advance for expenses pursuant to a provision authorized by [section 127(1)]; or
(c) order indemnification or advance for expenses if the court determines, in view of all the relevant circumstances, that it is fair and reasonable to indemnify the director or to advance expenses to the director even if, in either case, the director has not met the relevant standard of conduct set forth in [section 120(1)], has failed to comply with [section 122], or was adjudged liable in a proceeding referred to in [section 120(4)(a) or (4)(b)]. If the director was adjudged liable in a proceeding referred to in [section 120(4)] indemnification is limited to expenses incurred in connection with the proceeding.

(2) If the court determines that the director is entitled to indemnification under subsection (1)(a) or to indemnification or advance for expenses under subsection (1)(b), it shall also order the corporation to pay the director’s expenses incurred in connection with obtaining court-ordered indemnification or advance for expenses. If the court determines that the director is entitled to indemnification or advance for expenses under subsection (1)(c), it may also order the corporation to pay the director’s expenses incurred to obtain court-ordered indemnification or advance for expenses.

Section 124. Determination and authorization of indemnification. (1) A corporation may not indemnify a director under [section 120] unless authorized for a specific proceeding after a determination has been made that indemnification is permissible because the director has met the relevant standard of conduct set forth in [section 120].

(2) The determination must be made:
(a) if there are two or more qualified directors, by the board of directors by a majority vote of all the qualified directors, a majority of whom for this purpose constitute a quorum, or by a majority of the members of a committee of two or more qualified directors appointed by a majority vote of all the qualified directors;
(b) by special legal counsel:
   (i) selected in the manner prescribed in subsection (2)(a); or
   (ii) if there are fewer than two qualified directors, selected by the board of directors, in which directors who are not qualified directors may participate; or
(c) by the shareholders, but shares owned by or voted under the control of a director who at the time is not a qualified director may not be voted on the determination.

(3) Authorization of indemnification must be made in the same manner as the determination that indemnification is permissible, except that if there are fewer than two qualified directors or if the determination is made by special legal counsel, authorization of indemnification must be made by those entitled to select special legal counsel under subsection (2)(b)(ii).

Section 125. Indemnification of officers. (1) A corporation may indemnify and advance expenses under [sections 119 through 128] to an officer who is a party to a proceeding because the person is an officer:
(a) to the same extent as a director; and
(b) if the person is an officer but not a director, to any further extent provided by the articles of incorporation or the bylaws or by a resolution adopted or a contract approved by the board of directors or shareholders, except for:
   (i) liability in connection with a proceeding by or in the right of the corporation other than for expenses incurred in connection with the proceeding; or
   (ii) liability arising out of conduct that constitutes:
(A) receipt by the officer of a financial benefit to which the officer is not entitled;
(B) an intentional infliction of harm on the corporation or the shareholders;
or
(C) an intentional violation of criminal law.

(2) Subsection (1)(b) applies to an officer who is also a director if the officer is made a party to the proceeding based on an act or omission solely as an officer.

(3) An officer who is not a director is entitled to mandatory indemnification under [section 121] and may apply to a court under [section 123] for indemnification or an advance for expenses, in each case to the same extent to which a director may be entitled to indemnification or advance for expenses under those sections.

Section 126. Insurance. A corporation may purchase and maintain insurance on behalf of an individual who is a director or officer of the corporation or who, while a director or officer of the corporation, serves at the corporation’s request as a director, officer, partner, trustee, employee, or agent of another domestic or foreign corporation or a joint venture, trust, employee benefit plan, or other entity against liability asserted against or incurred by the individual in that capacity or arising from the individual’s status as a director or officer, regardless of whether the corporation would have power to indemnify or advance expenses to the individual against the same liability under [sections 119 through 128].

Section 127. Variation by corporate action – application. (1) A corporation may, by a provision in its articles of incorporation or bylaws or in a resolution adopted or a contract approved by the board of directors or shareholders, obligate itself in advance of the act or omission giving rise to a proceeding to provide indemnification in accordance with [section 120] or advance funds to pay for or reimburse expenses in accordance with [section 122]. An obligatory provision under this section satisfies the requirements for authorization referred to in [section 122(3)] and [section 124(3)]. Any provision that obligates the corporation to provide indemnification to the fullest extent permitted by law obligates the corporation to advance funds to pay for or reimburse expenses in accordance with [section 122] to the fullest extent permitted by law unless the provision expressly provides otherwise.

(2) A right of indemnification or to advances for expenses created by [sections 119 through 128] or under subsection (1) of this section and in effect at the time of an act or omission may not be eliminated or impaired with respect to the act or omission by an amendment of the articles of incorporation or bylaws or a resolution of the board of directors or shareholders adopted after the occurrence of the act or omission unless, in the case of a right created under subsection (1), the provision creating the right and in effect at the time of the act or omission explicitly authorizes the elimination or impairment after the act or omission has occurred.

(3) A provision pursuant to subsection (1) may not obligate the corporation to indemnify or advance expenses to a director of a predecessor of the corporation pertaining to conduct with respect to the predecessor unless otherwise expressly provided. A provision for indemnification or advance for expenses in the articles of incorporation or bylaws or a resolution of the board of directors or shareholders of a predecessor of the corporation in a merger or in a contract to which the predecessor is a party that exists at the time the merger takes effect is governed by [section 167(1)(d)].
Subject to subsection (2), a corporation may, by a provision in its articles of incorporation, limit any of the rights to indemnification or advance for expenses created by or pursuant to [sections 119 through 128].

[Sections 119 through 128] do not limit a corporation’s power to pay or reimburse expenses incurred by a director or an officer in connection with appearing as a witness in a proceeding at a time when the director or officer is not a party.

[Sections 119 through 128] do not limit a corporation’s power to indemnify, advance expenses to, or provide or maintain insurance on behalf of an employee or agent.

Section 128. Exclusivity. A corporation may provide indemnification or advance expenses to a director or an officer only as permitted by [sections 119 through 128].

Section 129. Definitions — director’s conflicting interest transactions. For the purposes of [sections 129 through 132], unless otherwise specified, the following definitions apply:

(1) “Control” or “controlled by” means:

(a) having the power, directly or indirectly, to elect or remove a majority of the members of the board of directors or other governing body of an entity, whether through the ownership of voting shares or interests, by contract, or otherwise; or

(b) being subject to a majority of the risk of loss from the entity’s activities or entitled to receive a majority of the entity’s residual returns.

(2) “Director’s conflicting interest transaction” means a transaction effected or proposed to be effected by the corporation or by an entity controlled by the corporation:

(a) to which, at the relevant time, the director is a party;

(b) respecting which, at the relevant time, the director had knowledge and a material financial interest known to the director; or

(c) respecting which, at the relevant time, the director knew that a related person was a party or had a material financial interest.

(3) “Fair to the corporation” means, for purposes of [section 130(2)(c)], that the transaction as a whole was beneficial to the corporation, taking into appropriate account whether it was:

(a) fair in terms of the director’s dealings with the corporation; and

(b) comparable to what might have been obtainable in an arm’s-length transaction, given the consideration paid or received by the corporation.

(4) “Material financial interest” means a financial interest in a transaction that would reasonably be expected to impair the objectivity of the director’s judgment when participating in action on the authorization of the transaction.

(5) “Related person” means:

(a) an individual’s spouse;

(b) a child, stepchild, grandchild, parent, stepparent, grandparent, sibling, step sibling, half sibling, aunt, uncle, niece, or nephew, or spouse of any of them, of an individual or of an individual’s spouse;

(c) a natural person living in the same home as an individual;

(d) an entity, other than the corporation or an entity controlled by the corporation, controlled by an individual or any person specified in subsections (5)(a) through (5)(c);

(e) a domestic or foreign:

(A) business or nonprofit corporation, other than the corporation or an entity controlled by the corporation, of which an individual is a director;

(B) unincorporated entity of which an individual is a general partner or a member of the governing body; or
(C) individual, trust, or estate for whom or of which an individual is a trustee, guardian, personal representative, or similar fiduciary; or

(f) a person that is or an entity that is controlled by an employer of an individual.

(6) “Relevant time” means:

(a) the time at which directors’ action respecting the transaction is taken in compliance with [section 131]; or

(b) if the transaction is not brought before the board of directors or a committee for action under [section 131], the time at which the corporation or an entity controlled by the corporation becomes legally obligated to consummate the transaction.

(7) “Required disclosure” means disclosure of:

(a) the existence and nature of the director’s conflicting interest; and

(b) all facts known to the director respecting the subject matter of the transaction that a director free of that conflicting interest would reasonably believe to be material in deciding whether to proceed with the transaction.

Section 130. Judicial action. (1) A transaction effected or proposed to be effected by the corporation or by an entity controlled by the corporation may not be the subject of equitable relief or give rise to an award of damages or other sanctions against a director of the corporation in a proceeding by a shareholder or by or in the right of the corporation on the ground that the director has an interest respecting the transaction if it is not a director’s conflicting interest transaction.

(2) A director’s conflicting interest transaction may not be the subject of equitable relief or give rise to an award of damages or other sanctions against a director of the corporation in a proceeding by a shareholder or by or in the right of the corporation on the ground that the director has an interest respecting the transaction if:

(a) directors’ action respecting the transaction was taken in compliance with [section 131] at any time;

(b) shareholders’ action respecting the transaction was taken in compliance with [section 132] at any time; or

(c) the transaction, judged according to the circumstances at the relevant time, is established to have been fair to the corporation.

Section 131. Directors’ action. (1) Directors’ action respecting a director’s conflicting interest transaction is effective for purposes of [section 130(2)(a)] if the transaction has been authorized by the affirmative vote of a majority, but no fewer than two, of the qualified directors who voted on the transaction after required disclosure by the conflicted director of information not already known by the qualified directors or after modified disclosure in compliance with subsection (2), provided that:

(a) the qualified directors have deliberated and voted outside the presence of and without participation by any other director; and

(b) if the action has been taken by a board committee, all members of the committee were qualified directors and either:

(i) the committee was composed of all the qualified directors on the board of directors; or

(ii) the members of the committee were appointed by the affirmative vote of a majority of the qualified directors on the board of directors.

(2) Notwithstanding subsection (1), when a transaction is a director’s conflicting interest transaction only because a related person of the director is a party to or has a material financial interest in the transaction, the conflicted director is not obligated to make required disclosure to the extent that the director reasonably believes that doing so would violate a duty imposed under
law, a legally enforceable obligation of confidentiality, or a professional ethics rule if the conflicted director discloses to the qualified directors voting on the transaction:

(a) all information required to be disclosed that is not violative of the duty, obligation, or rule;

(b) the existence and nature of the director’s conflicting interest; and

(c) the nature of the conflicted director’s duty not to disclose the confidential information.

(3) A majority, but no fewer than two, of all the qualified directors on the board of directors or on the board committee constitutes a quorum for purposes of action that complies with this section.

(4) If directors’ action under this section does not satisfy a quorum or voting requirement applicable to the authorization of the transaction by reason of the articles of incorporation or bylaws or a provision of law, independent action to satisfy those authorization requirements must be taken by the board of directors or a board committee, in which directors who are not qualified directors may participate.

Section 132. Shareholders’ action. (1) Shareholders’ action respecting a director’s conflicting interest transaction is effective for purposes of [section 130(2)(b)] if a majority of the votes cast by the holders of all qualified shares are in favor of the transaction after:

(a) notice to shareholders describing the action to be taken respecting the transaction;

(b) provision to the corporation of the information referred to in subsection (2); and

(c) communication to the shareholders entitled to vote on the transaction of the information that is the subject of required disclosure, to the extent the information is not known by them. In the case of shareholders’ action at a meeting, the shareholders entitled to vote must be determined as of the record date for notice of the meeting.

(2) A director who has a conflicting interest respecting the transaction shall, before the shareholders’ vote, inform the secretary or other officer or agent of the corporation authorized to tabulate votes, in writing, of the number of shares that the director knows are not qualified shares under subsection (3), and of the identity of the holders of those shares.

(3) For purposes of this section:

(a) “holder” means and “held by” refers to shares held by a record shareholder, a beneficial shareholder, and an unrestricted voting trust beneficial owner; and

(b) “qualified shares” means all shares entitled to be voted with respect to the transaction except shares that the secretary or other officer or agent of the corporation authorized to tabulate votes either knows or under subsection (2) is informed are held by:

(i) a director who has a conflicting interest respecting the transaction; or

(ii) a related person of the director, excluding a person described in [section 129(5)(f)].

(4) A majority of the votes entitled to be cast by the holders of all qualified shares constitutes a quorum for purposes of compliance with this section. Subject to the provisions of subsection (5), shareholders’ action that otherwise complies with this section is not affected by the presence of holders of or by the voting of shares that are not qualified shares.

(5) If a shareholders’ vote does not comply with subsection (1) solely because of a director’s failure to comply with subsection (2) and if the director establishes that the failure was not intended to influence and did not in fact
determine the outcome of the vote, the court may take any action respecting the transaction and the director, and may give any effect to the shareholders’ vote, that the court considers appropriate in the circumstances.

(6) If shareholders’ action under this section does not satisfy a quorum or voting requirement applicable to the authorization of the transaction by reason of the articles of incorporation, the bylaws, or a provision of law, independent action to satisfy those authorization requirements must be taken by the shareholders, in which shares that are not qualified shares may participate.

Section 133. Business opportunities. (1) If a director or officer pursues or takes advantage of a business opportunity directly, or indirectly through or on behalf of another person, that action may not be the subject of equitable relief or give rise to an award of damages or other sanctions against the director, officer, or other person in a proceeding by or in the right of the corporation on the ground that the opportunity should have first been offered to the corporation if:

(a) before the director, officer, or other person becomes legally obligated respecting the opportunity, the director or officer brings it to the attention of the corporation and either:

(i) action by qualified directors disclaiming the corporation’s interest in the opportunity is taken in compliance with the procedures set forth in [section 131]; or

(ii) shareholders’ action disclaiming the corporation’s interest in the opportunity is taken in compliance with the procedures set forth in [section 132], in either case as if the decision being made concerned a director’s conflicting interest transaction, except that rather than making required disclosure as defined in [section 129], the director or officer must have made prior disclosure to those acting on behalf of the corporation of all material facts concerning the business opportunity known to the director or officer; or

(b) the duty to offer the corporation the business opportunity has been limited or eliminated pursuant to a provision of the articles of incorporation adopted and, if required, made effective by action of qualified directors in accordance with [section 28(2)(f)].

(2) In any proceeding seeking equitable relief or other remedies based on an alleged improper pursuit or taking advantage of a business opportunity by a director or officer directly, or indirectly through or on behalf of another person, the fact that the director or officer did not employ the procedure described in subsection (1)(a)(i) or (1)(a)(ii) before pursuing or taking advantage of the opportunity does not create an implication that the opportunity should have been first presented to the corporation or alter the burden of proof otherwise applicable to establish that the director or officer breached a duty to the corporation in the circumstances.

Section 134. Definitions — domestication — conversion. As used in [sections 134 through 148] the following definitions apply:

(1) “Conversion” means a transaction pursuant to [sections 143 through 148].

(2) “Converted entity” means the converting entity as it continues in existence after a conversion.

(3) “Converting entity” means the domestic corporation or eligible entity that approves a plan of conversion pursuant to [section 145] or the foreign eligible entity that approves a conversion pursuant to the organic law of the eligible entity.

(4) “Domesticated corporation” means the domesticating corporation as it continues in existence after a domestication.
(5) “Domesticating corporation” means the domestic corporation that approves a plan of domestication pursuant to [section 139] or the foreign corporation that approves a domestication pursuant to the organic law of the foreign corporation.

(6) “Domestication” means a transaction pursuant to [sections 138 through 142].

(7) “Protected agreement” means:
(a) a document evidencing indebtedness of a domestic corporation or eligible entity and any related agreement in effect immediately before the enactment date;
(b) an agreement that is binding on a domestic corporation or eligible entity immediately before the enactment date;
(c) the articles of incorporation or bylaws of a domestic corporation or the organic rules of a domestic eligible entity, in each case in effect immediately before the enactment date; or
(d) an agreement that is binding on any of the shareholders, members, interest holders, directors, or other governors of a domestic corporation or eligible entity, in their official capacities, immediately before the enactment date. For purposes of [sections 138 and 143] and this subsection (7), “enactment date” means the earliest date on which the laws of this state authorized a transaction having the effect of a domestication or a conversion, as applicable.

Section 135. Excluded transactions. (1) [Sections 134 through 148] may not be used to effect a transaction that:
(a) converts or domesticates a company organized on the mutual principle to one organized on the basis of share ownership;
(b) converts or domesticates banks and trust companies regulated under Title 32, chapter 1;
(c) converts or domesticates building and loan associations regulated under Title 32, chapter 2;
(d) converts or domesticates credit unions regulated under Title 32, chapter 3; or
(e) converts or domesticates insurance companies regulated under Title 33.

(2) The conversion of a domestic corporation to a domestic benefit corporation is governed by Title 35, chapter 1, part 14, and not by [sections 134 through 148].

Section 136. Required approvals. If a domestic or foreign corporation or eligible entity may not be a party to a merger without the approval of the attorney general, the state auditor, the department of administration, or the public service commission and the applicable statutes or regulations do not specifically deal with transactions under [sections 134 through 148] but do require approval by one of those agencies or officials for mergers, a corporation or eligible entity may not be a party to a transaction under [sections 134 through 148] without the prior approval of that agency or official.

Section 137. Relationship to other laws. A transaction effected under [sections 134 through 148] does not create or impair a right, duty, or obligation of a person under the laws of this state other than [sections 134 through 148] relating to a change in control, business combination, control-share acquisition, or a similar transaction involving a domesticating or converting domestic corporation unless the approval of the plan of domestication or conversion is by a vote of the shareholders or the board of directors that would be sufficient to create or impair the right, duty, or obligation directly under that law.

Section 138. Domestication. (1) By complying with the provisions of [sections 138 through 142] applicable to foreign corporations, a foreign
corporation may become a domestic corporation if the domestication is permitted by the organic law of the foreign corporation.

(2) By complying with the provisions of [sections 138 through 142], a domestic corporation may become a foreign corporation pursuant to a plan of domestication if the domestication is permitted by the organic law of the foreign corporation.

(3) The plan of domestication must include:
   (a) the name of the domesticating corporation;
   (b) the name and jurisdiction of formation of the domesticated corporation;
   (c) the manner and basis of reclassifying the shares of the domesticating corporation into shares or other securities, obligations, rights to acquire shares or other securities, cash, other property, or any combination;
   (d) the proposed articles of incorporation and bylaws of the domesticated corporation; and
   (e) the other terms and conditions of the domestication.

(4) In addition to the requirements of subsection (3), a plan of domestication may contain any other provision not prohibited by law.

(5) The terms of a plan of domestication may be made dependent on facts objectively ascertainable outside the plan in accordance with [section 3(11)].

(6) If a protected agreement of a domestic domesticating corporation in effect immediately before the domestication becomes effective contains a provision applying to a merger of the corporation and the agreement does not refer to a domestication of the corporation, the provision applies to a domestication of the corporation as if the domestication were a merger until the first time the provision is amended after the enactment date.

Section 139. Action on plan of domestication. In the case of a domestication of a domestic corporation into a foreign jurisdiction, the plan of domestication must be adopted in the following manner:

(1) The plan of domestication must first be adopted by the board of directors.

(2) (a) The plan of domestication must then be approved by the shareholders. In submitting the plan of domestication to the shareholders for approval, the board of directors shall recommend that the shareholders approve the plan unless:
   (i) the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make the recommendation; or
   (ii) [section 110] applies.
   (b) If either subsection (2)(a)(i) or (2)(a)(ii) applies, the board shall inform the shareholders of the basis for its determination.

(3) The board of directors may set conditions for approval of the plan of domestication by the shareholders or for the effectiveness of the plan of domestication.

(4) If the approval of the shareholders is to be given at a meeting, the corporation shall notify each shareholder, regardless of whether entitled to vote, of the meeting of shareholders at which the plan of domestication is to be submitted for approval. The notice must state that the purpose or one of the purposes of the meeting is to consider the plan of domestication and must contain or be accompanied by a copy or summary of the plan. The notice must include or be accompanied by a copy of the articles of incorporation and the bylaws as they will be in effect immediately after the domestication.

(5) Unless the articles of incorporation or the board of directors acting pursuant to subsection (3) requires a greater vote or a lesser vote, approval of the plan of domestication requires the approval of a majority of the votes entitled to be cast on the plan and, except as provided in subsection (6), the
approval of a majority of the votes entitled to be cast on the plan by any class or series of shares entitled to vote as a separate group on the plan. The articles of incorporation may not provide a lower quorum for a voting group than shares representing a majority of the votes entitled to be cast on the matter by the voting group or a lesser vote for a voting group than is provided for in [section 75(3)].

(6) The articles of incorporation may expressly limit or eliminate the separate voting rights in subsection (5) of any class or series of shares, except when the articles of incorporation of the foreign corporation resulting from the domestication include what would be in effect an amendment that would entitle the class or series to vote as a separate group under [section 152] if it were a proposed amendment of the articles of incorporation of the domesticating corporation.

(7) If as a result of a domestication one or more shareholders of a domesticating corporation would become subject to interest holder liability, approval of the plan of domestication must require the signing in connection with the domestication, by each affected shareholder, of a separate written consent to become subject to the interest holder liability unless, in the case of a shareholder that already has interest holder liability with respect to the domesticating corporation, the terms and conditions of the interest holder liability with respect to the domesticated corporation are substantially identical to those of the existing interest holder liability, other than changes that eliminate or reduce that interest holder liability.

Section 140. Articles of domestication – effectiveness. (1) After:
(a) a plan of domestication of a domestic corporation has been adopted and approved as required by [sections 1 through 221]; or
(b) a foreign corporation that is a domesticating corporation has approved a domestication as required under its organic law, articles of domestication must be signed by the domesticating corporation. The articles must set forth:
(i) the name of the domesticating corporation and its jurisdiction of formation;
(ii) the name of the domesticated corporation and its jurisdiction of formation; and
(iii) if the domesticating corporation is:
(A) a domestic corporation, a statement that the plan of domestication was approved in accordance with [sections 134 through 148]; or
(B) a foreign corporation, a statement that the domestication was approved in accordance with its organic law.

(2) If the domesticated corporation is a domestic corporation, the articles of domestication must have attached articles of incorporation of the domesticated corporation that satisfy the requirements of [section 28]. Provisions that would not be required to be included in restated articles of incorporation may be omitted from the articles of incorporation attached to the articles of domestication.

(3) The articles of domestication must be delivered to the secretary of state for filing and take effect on the effective date determined in accordance with [section 6].

(4) If the domesticated corporation is a domestic corporation, the domestication becomes effective on the date the articles of domestication are effective. If the domesticated corporation is a foreign corporation, the domestication becomes effective on the later of:
(a) the date and time provided by the organic law of the domesticated corporation; or
(b) the date the articles of domestication are effective.
(5) If the domesticating corporation is a foreign corporation that is registered to do business in this state under [sections 203 through 214], its registration statement is canceled automatically when the domestication becomes effective.

Section 141. Amendment of plan of domestication — abandonment.

(1) A plan of domestication of a domestic corporation may be amended:

(a) in the same manner the plan was approved if the plan does not provide for the manner in which it may be amended; or

(b) in the manner provided in the plan, except that a shareholder that was entitled to vote on or consent to approval of the plan is entitled to vote on or consent to any amendment of the plan that will change:

(i) the amount or kind of shares or other securities, obligations, rights to acquire shares or other securities, cash, other property, or any combination to be received by any of the shareholders of the domesticating corporation under the plan;

(ii) the articles of incorporation or bylaws of the domesticated corporation that will be in effect immediately after the domestication becomes effective except changes that do not require approval of the shareholders of the domesticated corporation under its organic law or its proposed articles of incorporation or bylaws as set forth in the plan; or

(iii) any of the other terms or conditions of the plan if the change would adversely affect the shareholder in any material respect.

(2) After a plan of domestication has been adopted and approved by a domestic corporation as required by [sections 138 through 142] and before the articles of domestication have become effective, the plan may be abandoned by the corporation without action by its shareholders in accordance with procedures set forth in the plan or, if no procedures are set forth in the plan, in the manner determined by the board of directors.

(3) If a domestication is abandoned after the articles of domestication have been delivered to the secretary of state for filing but before the articles of domestication have become effective, articles of abandonment signed by the domesticating corporation must be delivered to the secretary of state for filing before the articles of domestication become effective. The articles of abandonment take effect on filing, and the domestication is abandoned and does not become effective. The articles of abandonment must contain:

(a) the name of the domesticating corporation;

(b) the date on which the articles of domestication were filed by the secretary of state; and

(c) a statement that the domestication has been abandoned in accordance with this section.

Section 142. Effect of domestication. (1) When a domestication becomes effective:

(a) all property owned by and every contract right possessed by the domesticating corporation are the property and contract rights of the domesticated corporation without transfer, reversion, or impairment;

(b) all debts, obligations, and other liabilities of the domesticating corporation are the debts, obligations, and liabilities of the domesticated corporation;

(c) the name of the domesticated corporation may be but need not be substituted for the name of the domesticating corporation in any pending proceeding;

(d) the articles of incorporation and bylaws of the domesticated corporation become effective;

(e) the shares of the domesticating corporation are reclassified into shares or other securities, obligations, rights to acquire shares or other securities,
cash, or other property in accordance with the terms of the domestication, and the shareholders of the domesticating corporation are entitled only to the rights provided to them by those terms and to any appraisal rights they may have under the organic law of the domesticating corporation; and

(f) the domesticated corporation is:

(i) incorporated under and subject to the organic law of the domesticated corporation;

(ii) the same corporation without interruption as the domesticating corporation; and

(iii) considered to have been incorporated on the date the domesticating corporation was originally incorporated.

(2) When a domestication of a domestic corporation into a foreign jurisdiction becomes effective, the domesticated corporation is considered to have:

(a) appointed the secretary of state as its agent for service of process in a proceeding to enforce the rights of shareholders who exercise appraisal rights in connection with the domestication; and

(b) agreed that it will promptly pay any amount to which those shareholders are entitled under [sections 171 through 183].

(3) Except as otherwise provided in the organic law or organic rules of a domesticating foreign corporation, the interest holder liability of a shareholder in a foreign corporation that is domesticated into this state who had interest holder liability with respect to the domesticating corporation before the domestication becomes effective is as follows:

(a) The domestication does not discharge that prior interest holder liability with respect to any interest holder liabilities that arose before the domestication becomes effective.

(b) The provisions of the organic law of the domesticating corporation continue to apply to the collection or discharge of any interest holder liabilities preserved by subsection (3)(a) as if the domestication had not occurred.

(d) The shareholder does not, by reason of prior interest holder liability, have interest holder liability with respect to any interest holder liabilities that are incurred after the domestication becomes effective.

(4) A shareholder who becomes subject to interest holder liability with respect to the domesticated corporation as a result of the domestication has that interest holder liability only with respect to interest holder liabilities that arise after the domestication becomes effective.

(5) A domestication does not constitute or cause the dissolution of the domesticating corporation.

(6) Property held for charitable purposes under the laws of this state by a domestic or foreign corporation immediately before a domestication may not, as a result of the transaction, be diverted from the objects for which it was donated, granted, devised, or otherwise transferred except and to the extent permitted by or pursuant to the laws of this state addressing cy près or dealing with nondiversion of charitable assets.

(7) A bequest, devise, gift, grant, or promise contained in a will or other instrument of donation, subscription, or conveyance that is made to the domesticating corporation and that takes effect or remains payable after the domestication inures to the domesticated corporation.
(8) A trust obligation that would govern property if transferred to the domesticating corporation applies to property that is transferred to the domesticated corporation after the domestication takes effect.

Section 143. Conversion. (1) By complying with [sections 143 through 148], a domestic corporation may become:

(a) a domestic eligible entity; or

(b) a foreign eligible entity if the conversion is permitted by the organic law of the foreign entity.

(2) By complying with [sections 143 through 148] and applicable provisions of its organic law, a domestic eligible entity may become a domestic corporation. If procedures for the approval of a conversion are not provided by the organic law or organic rules of a domestic eligible entity, the conversion must be adopted and approved in the same manner as a merger of that eligible entity. If the organic law or organic rules of a domestic eligible entity do not provide procedures for the approval of either a conversion or a merger, a plan of conversion may nonetheless be adopted and approved by the unanimous consent of all the interest holders of the domestic eligible entity. In either case, the conversion may then be effected as otherwise provided in [sections 143 through 148]. For purposes of applying [sections 143 through 148]:

(a) the eligible entity and its members or interest holders, eligible interests, and organic rules taken together are considered a domestic business corporation and its shareholders, shares, and articles of incorporation, respectively and vice versa, as the context may require; and

(b) if the business and affairs of the eligible entity are managed by a person or persons that are not identical to the members or interest holders, the person or persons are considered the board of directors.

(3) By complying with the provisions of [sections 143 through 148] applicable to foreign entities, a foreign eligible entity may become a domestic corporation if the organic law of the foreign eligible entity permits it to become a business corporation in another jurisdiction.

(4) If a protected agreement of a domestic converting corporation in effect immediately before the conversion becomes effective contains a provision applying to a merger of the corporation that is a converting entity and the agreement does not refer to a conversion of the corporation, the provision applies to a conversion of the corporation as if the conversion were a merger until the first time the provision is amended after the enactment date.

Section 144. Plan of conversion. (1) A domestic corporation may convert to a domestic or foreign eligible entity under [sections 143 through 148] by approving a plan of conversion. The plan of conversion must include:

(2) In addition to the requirements of subsection (1), a plan of conversion may contain any other provision not prohibited by law.

(3) The terms of a plan of conversion may be made dependent on facts objectively ascertainable outside the plan in accordance with [section 3(11)].
Section 145. Action on plan of conversion. In the case of a conversion of a domestic corporation to a domestic or foreign eligible entity, the plan of conversion must be adopted in the following manner:

1. The plan of conversion must first be adopted by the board of directors.

2. (a) The plan of conversion must then be approved by the shareholders. In submitting the plan of conversion to the shareholders for their approval, the board of directors shall recommend that the shareholders approve the plan unless:

   (i) the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make the recommendation; or

   (ii) [section 110] applies.

   (b) If either subsection (2)(a)(i) or (2)(a)(ii) applies, the board of directors shall inform the shareholders of the basis for its determination.

3. The board of directors may set conditions for approval of the plan of conversion by the shareholders or for the effectiveness of the plan of conversion.

4. If the approval of the shareholders is to be given at a meeting, the corporation shall notify each shareholder, regardless of whether entitled to vote, of the meeting of shareholders at which the plan of conversion is to be submitted for approval. The notice must state that the purpose or one of the purposes of the meeting is to consider the plan of conversion and must contain or be accompanied by a copy or summary of the plan. The notice must include or be accompanied by a copy of the organic rules of the converted entity, which must be in writing as they will be in effect immediately after the conversion.

5. Unless the articles of incorporation or the board of directors acting pursuant to subsection (3) requires a greater vote or a lesser vote, approval of the plan of conversion requires the approval of a majority of the votes entitled to be cast on the plan and, if any class or series of shares is entitled to vote as a separate group on the plan, the approval of a majority of the votes entitled to be cast on the plan by that voting group. The articles of incorporation may not provide a lower quorum for a voting group than shares representing a majority of the votes entitled to be cast on the matter by the voting group or a lesser vote for a voting group than is provided for in [section 75(3)].

6. If as a result of the conversion one or more shareholders of the converting domestic corporation would become subject to interest holder liability, approval of the plan of conversion must require the signing in connection with the transaction, by each affected shareholder, of a separate written consent to become subject to the interest holder liability.

If the converted entity is a domestic eligible entity, its public organic record, if any, must satisfy the requirements of the organic law of this state, except that the public organic record does not need to be signed.
(3) The articles of conversion must be delivered to the secretary of state for filing and take effect on the effective date determined in accordance with [section 6].
(4) If a converted entity is a domestic entity, the conversion becomes effective when the articles of conversion are effective. With respect to a conversion in which the converted entity is a foreign eligible entity, the conversion itself becomes effective on the later of:
(a) the date and time provided by the organic law of that eligible entity; or
(b) the date the articles of conversion become effective.
(5) Articles of conversion under this section may be combined with any required conversion filing under the organic law of a domestic eligible entity that is the converting entity or converted entity if the combined filing satisfies the requirements of both the other organic law and this section.
(6) If the converting entity is a foreign eligible entity that is registered to do business in this state under a provision of law similar to [sections 203 through 214], its registration statement or other type of foreign qualification is canceled automatically on the effective date of its conversion.
Section 147. Amendment of plan of conversion -- abandonment.
(1) A plan of conversion of a converting entity that is a domestic corporation may be amended:
(a) in the same manner the plan was approved if the plan does not provide for the manner in which it may be amended; or
(b) in the manner provided in the plan, except that shareholders that were entitled to vote on or consent to approval of the plan are entitled to vote on or consent to any amendment of the plan that will change:

   (b) to increase the number of authorized shares of the class to the extent necessary to permit the issuance of shares as a share dividend;
(5) to change the corporate name by substituting the word “corporation”, “incorporated”, “company”, “limited”, or the abbreviation “corp.”, “inc.”, “co.”, or
“ltd.”, for a similar word or abbreviation in the name or by adding, deleting, or changing a geographical attribution for the name;

(6) to reflect a reduction in authorized shares as a result of the operation of [section 59(2)] when the corporation has acquired its own shares and the articles of incorporation prohibit the reissue of the acquired shares;

(7) to delete a class of shares from the articles of incorporation as a result of the operation of [section 59(2)] when there are no remaining shares of the class because the corporation has acquired all shares of the class and the articles of incorporation prohibit the reissue of the acquired shares; or

(8) to make any change expressly permitted by [section 47(1) or (2)] to be made without shareholder approval.

Section 154. Articles of amendment. (1) After an amendment to the articles of incorporation has been adopted and approved in the manner required by [sections 1 through 221] and by the articles of incorporation, the corporation shall deliver to the secretary of state for filing articles of amendment, which must set forth:

(a) the name of the corporation;
(b) the text of each amendment adopted or the information required by [section 3(11)(e)];
(c) if an amendment provides for an exchange, reclassification, or cancellation of issued shares, provisions for implementing the amendment if not contained in the amendment itself, which may be made dependent on facts objectively ascertainable outside the articles of amendment in accordance with [section 3(11)(e)];
(d) the date of each amendment’s adoption; and
(e) if an amendment:
(i) was adopted by the incorporators or board of directors without shareholder approval, a statement that the amendment was duly adopted by the incorporators or by the board of directors and that shareholder approval was not required;
(ii) required approval by the shareholders, a statement that the amendment was duly approved by the shareholders in the manner required by [sections 1 through 221] and by the articles of incorporation; or
(iii) is being filed pursuant to [section 3(11)(e)], a statement to that effect.

(2) Articles of amendment take effect on the effective date determined in accordance with [section 6].

Section 155. Restated articles of incorporation. (1) A corporation’s board of directors may restate its articles of incorporation at any time, without shareholder approval, to consolidate all amendments into a single document.

(2) If the restated articles include one or more new amendments that require shareholder approval, the amendments must be adopted and approved as provided in [section 151].

(3) A corporation that restates its articles of incorporation shall deliver to the secretary of state for filing articles of restatement setting forth:

(a) the name of the corporation;
(b) the text of the restated articles of incorporation;
(c) a statement that the restated articles consolidate all amendments into a single document; and
(d) if a new amendment is included in the restated articles, the statements required under [section 154] with respect to the new amendment.

(4) Duly adopted restated articles of incorporation supersede the original articles of incorporation and all amendments to the articles of incorporation.
(5) The secretary of state may certify restated articles of incorporation as the articles of incorporation currently in effect without including the statements required by subsection (3)(d).

**Section 156. Amendment pursuant to reorganization.** (1) A corporation’s articles of incorporation may be amended without action by the board of directors or shareholders to carry out a plan of reorganization ordered or decreed by a court of competent jurisdiction under the authority of a law of the United States.

(2) The individual or individuals designated by the court shall deliver to the secretary of state for filing articles of amendment setting forth:

   (a) the name of the corporation;
   (b) the text of each amendment approved by the court;
   (c) the date of the court’s order or decree approving the articles of amendment;
   (d) the title of the reorganization proceeding in which the order or decree was entered; and
   (e) a statement that the court had jurisdiction of the proceeding under federal statute.

(3) This section does not apply after entry of a final decree in the reorganization proceeding even though the court retains jurisdiction of the proceeding for limited purposes unrelated to consummation of the reorganization plan.

**Section 157. Effect of amendment.** (1) An amendment to the articles of incorporation does not affect a cause of action existing against or in favor of the corporation, a proceeding to which the corporation is a party, or the existing rights of persons other than the shareholders. An amendment changing a corporation’s name does not affect a proceeding brought by or against the corporation in its former name.

(2) A shareholder who becomes subject to new interest holder liability with respect to the corporation as a result of an amendment to the articles of incorporation has that new interest holder liability only with respect to interest holder liabilities that arise after the amendment becomes effective.

(3) Except as otherwise provided in the articles of incorporation of the corporation, the interest holder liability of a shareholder who had interest holder liability with respect to the corporation before the amendment becomes effective and has new interest holder liability after the amendment becomes effective is as follows:

   (a) The amendment does not discharge that prior interest holder liability with respect to any interest holder liabilities that arose before the amendment becomes effective.
   (b) The provisions of the articles of incorporation of the corporation relating to interest holder liability in effect immediately prior to the amendment continue to apply to the collection or discharge of any interest holder liabilities preserved by subsection (3)(a) as if the amendment had not occurred.
   (c) The shareholder has the rights of contribution from other persons that are provided by the articles of incorporation relating to interest holder liability in effect immediately prior to the amendment with respect to any interest holder liabilities preserved by subsection (3)(a) as if the amendment had not occurred.
   (d) The shareholder does not, by reason of the prior interest holder liability, have interest holder liability with respect to any interest holder liabilities that arise after the amendment becomes effective.

**Section 158. Authority to amend.** (1) A corporation’s shareholders may amend or repeal the corporation’s bylaws.
(2) A corporation’s board of directors may amend or repeal the corporation’s bylaws unless:
(a) the articles of incorporation, [section 159], or, if applicable, [section 160] reserves that power exclusively to the shareholders in whole or part; or
(b) except as provided in [section 32(4)], the shareholders in amending, repealing, or adopting a bylaw expressly provide that the board of directors may not amend, repeal, or adopt that bylaw.

(3) A shareholder of the corporation does not have a vested property right resulting from any provision in the bylaws.

Section 159. Bylaw increasing quorum or voting requirement for directors. (1) A bylaw that increases a quorum or voting requirement for the board of directors may be amended or repealed:
(a) if originally adopted by the shareholders, only by the shareholders unless the bylaw provides otherwise; or
(b) if adopted by the board of directors, either by the shareholders or by the board of directors.

(2) A bylaw adopted or amended by the shareholders that increases a quorum or voting requirement for the board of directors may provide that it can be amended or repealed only by a specified vote of either the shareholders or the board of directors.

(3) Action by the board of directors under subsection (1) to amend or repeal a bylaw that changes a quorum or voting requirement for the board of directors must meet the same quorum requirement and be adopted by the same vote required to take action under the quorum and voting requirement then in effect or proposed to be adopted, whichever is greater.

Section 160. Bylaw provisions relating to election of directors. (1) Unless the articles of incorporation specifically prohibit the adoption of a bylaw pursuant to this section, alter the vote specified in [section 78(1)], or provide for cumulative voting, a corporation may elect in its bylaws to be governed in the election of directors as follows:
(a) each vote entitled to be cast may be voted for or against up to that number of candidates that is equal to the number of directors to be elected or a shareholder may indicate an abstention, but without cumulating the votes;
(b) to be elected, a nominee must have received a plurality of the votes cast by holders of shares entitled to vote in the election at a meeting at which a quorum is present, provided that a nominee who is elected but receives more votes against than for election shall serve as a director for a term that terminates on the date that is the earlier of:
(i) 90 days from the date on which the voting results are determined pursuant to [section 79(2)(e)]; or
(ii) the date on which an individual is selected by the board of directors to fill the office held by the director, which constitutes the filling of a vacancy by the board to which [section 102] applies. Subject to subsection (1)(c) of this section, a nominee who is elected but receives more votes against than for election may not serve as a director beyond the 90-day period referenced in subsection (1)(b)(i).
(iii) the board of directors may select any qualified individual to fill the office held by a director who received more votes against than for election.
(2) Subsection (1) does not apply to an election of directors by a voting group if:
(a) at the expiration of the time fixed under a provision requiring advance notification of director candidates; or
(b) absent such a provision, at a time fixed by the board of directors that is not more than 14 days before notice is given of the meeting at which the
election is to occur, there are more candidates for election by the voting group than the number of directors to be elected, one or more of whom are properly proposed by shareholders. An individual may not be considered a candidate for purposes of this subsection (2)(b) if the board of directors determines before the notice of meeting is given that the individual’s candidacy does not create a bona fide election contest.

(3) A bylaw electing to be governed by this section may be repealed:

(a) if originally adopted by the shareholders, only by the shareholders unless the bylaw provides otherwise;
(b) if adopted by the board of directors, by the board of directors or the shareholders.

Section 161. Definitions – mergers and share exchanges. As used in sections 161 through 168, the following definitions apply:

(1) “Acquired entity” means the domestic or foreign corporation or eligible entity that will have all of one or more classes or series of its shares or eligible interests acquired in a share exchange.

(2) “Acquiring entity” means the domestic or foreign corporation or eligible entity that will acquire all of one or more classes or series of shares or eligible interests of the acquired entity in a share exchange.

(3) “New interest holder liability” means interest holder liability of a person resulting from a merger or share exchange that is:

(a) with respect to an entity that is different from the entity in which the person held shares or eligible interests immediately before the merger or share exchange became effective; or
(b) with respect to the same entity as the one in which the person held shares or eligible interests immediately before the merger or share exchange became effective if:

(i) the person did not have interest holder liability immediately before the merger or share exchange became effective; or
(ii) the person had interest holder liability immediately before the merger or share exchange became effective, the terms and conditions of which were changed when the merger or share exchange became effective.

(4) “Party to a merger” means any domestic or foreign corporation or eligible entity that will merge under a plan of merger but does not include a survivor created by the merger.

(5) “Survivor” in a merger means the domestic or foreign corporation or eligible entity into which one or more other corporations or eligible entities are merged.

Section 162. Merger. (1) By complying with sections 161 through 168:

(a) one or more domestic business corporations may merge with one or more domestic or foreign business corporations or eligible entities pursuant to a plan of merger, resulting in a survivor; and
(b) two or more foreign business corporations or domestic or foreign eligible entities may merge, resulting in a survivor that is a domestic business corporation created in the merger.

(2) By complying with the provisions of sections 161 through 168 applicable to foreign entities, a foreign business corporation or a foreign eligible entity may be a party to a merger with a domestic business corporation or may be created as the survivor in a merger in which a domestic business corporation is a party, but only if the merger is permitted by the organic law of the foreign business corporation or eligible entity.

(3) If the organic law or organic rules of a domestic eligible entity do not provide procedures for the approval of a merger, a plan of merger may nonetheless be adopted and approved by the unanimous consent of all of the
interest holders of the eligible entity, and the merger may then be effected as provided in the other provisions of sections 161 through 168. For the purposes of applying sections 161 through 168:

(a) the eligible entity and its members or interest holders, eligible interests, and articles of incorporation or other organic rules taken together are considered a domestic business corporation and its shareholders, shares, and articles of incorporation, respectively and vice versa, as the context may require; and

(b) if the business and affairs of the eligible entity are managed by a person or persons that are not identical to the members or interest holders, the person or persons are considered the board of directors.

(4) The plan of merger must include:

(a) as to each party to the merger, its name, jurisdiction of formation, and type of entity;

(b) the survivor’s name, jurisdiction of formation, and type of entity and, if the survivor is to be created in the merger, a statement to that effect;

(c) the terms and conditions of the merger;

(d) the manner and basis of converting the shares of each merging domestic or foreign business corporation and eligible interests of each merging domestic or foreign eligible entity into shares or other securities, eligible interests, obligations, rights to acquire shares, or other securities or eligible interests, cash, other property, or any combination;

(e) the articles of incorporation of any domestic or foreign business or nonprofit corporation or the public organic record of any domestic or foreign unincorporated entity to be created by the merger or, if a new domestic or foreign business or nonprofit corporation or unincorporated entity is not to be created by the merger, any amendments to the survivor’s articles of incorporation or other public organic record; and

(f) any other provisions required by the laws under which any party to the merger is organized or by which it is governed or by the articles of incorporation or organic rules of the party.

(5) In addition to the requirements of subsection (4), a plan of merger may contain any other provision not prohibited by law.

(6) Terms of a plan of merger may be made dependent on facts objectively ascertainable outside the plan in accordance with section 3(11).

(7) A plan of merger may be amended only with the consent of each party to the merger except as provided in the plan. A domestic party to a merger may approve an amendment to a plan:

(a) in the same manner as the plan was approved if the plan does not provide for the manner in which it may be amended; or

(b) in the manner provided in the plan, except that shareholders, members, or interest holders that were entitled to vote on or consent to approval of the plan are entitled to vote on or consent to any amendment of the plan that will change:

(i) the amount or kind of shares or other securities, eligible interests, obligations, rights to acquire shares or other securities or eligible interests, cash, or other property to be received under the plan by the shareholders, members, or interest holders of any party to the merger;

(ii) the articles of incorporation of any domestic or foreign business or nonprofit corporation, or the organic rules of any unincorporated entity, that will be the survivor of the merger except changes permitted by section 153 or by comparable provisions of the organic law of any domestic or foreign business corporation, domestic or foreign nonprofit corporation, or unincorporated entity; or
(iii) any other terms or conditions of the plan if the change would adversely affect the shareholders, members, or interest holders in any material respect.

Section 163. Share exchange. (1) By complying with [sections 161 through 168]:
   (a) a domestic corporation may acquire all of the shares of one or more classes or series of shares of another domestic or foreign corporation or all of the eligible interests of one or more classes or series of interests of a domestic or foreign eligible entity in exchange for shares or other securities, eligible interests, obligations, rights to acquire shares or other securities or eligible interests, cash, other property, or any combination pursuant to a plan of share exchange; or
   (b) all of the shares of one or more classes or series of shares of a domestic corporation may be acquired by another domestic or foreign corporation or eligible entity in exchange for shares or other securities, eligible interests, obligations, rights to acquire shares or other securities or eligible interests, cash, other property, or any combination pursuant to a plan of share exchange.

(2) A foreign corporation or eligible entity may be the acquired entity in a share exchange only if the share exchange is permitted by the organic law of that corporation or other entity.

(3) If the organic law or organic rules of a domestic eligible entity do not provide procedures for the approval of a share exchange, a plan of share exchange may be adopted and approved and the share exchange effected in accordance with the procedures, if any, for a merger. If the organic law or organic rules of a domestic eligible entity do not provide procedures for the approval of either a share exchange or a merger, a plan of share exchange may nonetheless be adopted and approved by the unanimous consent of all of the interest holders of the eligible entity whose interests will be exchanged under the plan of share exchange, and the share exchange may subsequently be effected as provided in the other provisions of [sections 161 through 168].

For purposes of applying [sections 161 through 168]:
   (a) the eligible entity and its interest holders, interests, and articles of incorporation or other organic rules taken together are considered a domestic business corporation and its shareholders, shares, and articles of incorporation, respectively and vice versa, as the context may require; and
   (b) if the business and affairs of the eligible entity are managed by a person or persons that are not identical to the members or interest holders, the person or persons are considered the board of directors.

(4) The plan of share exchange must include:
   (a) the name of each domestic or foreign corporation or other eligible entity the shares or eligible interests of which will be acquired and the name of the domestic or foreign corporation or eligible entity that will acquire those shares or eligible interests;
   (b) the terms and conditions of the share exchange;
   (c) the manner and basis of exchanging shares of a domestic or foreign corporation or eligible interests in a domestic or foreign eligible entity the shares or eligible interests of which will be acquired under the share exchange for shares or other securities, eligible interests, obligations, rights to acquire shares or other securities or eligible interests, cash, other property, or any combination; and
   (d) any other provisions required by the organic law governing the acquired entity or its articles of incorporation or organic rules.

(5) Terms of a plan of share exchange may be made dependent on facts objectively ascertainable outside the plan in accordance with [section 3(11)].
(6) A plan of share exchange may be amended only with the consent of each party to the share exchange except as provided in the plan. A domestic entity may approve an amendment to a plan:
   (a) in the same manner the plan was approved if the plan does not provide for the manner in which it may be amended; or
   (b) in the manner provided in the plan, except that shareholders, members, or interest holders that were entitled to vote on or consent to approval of the plan are entitled to vote on or consent to any amendment of the plan that will change:
      (i) the amount or kind of shares or other securities, eligible interests, obligations, rights to acquire shares or other securities or eligible interests, cash, or other property to be received under the plan by the shareholders, members, or interest holders of the acquired entity; or
      (ii) any of the other terms or conditions of the plan if the change would adversely affect the shareholders, members, or interest holders in any material respect.

Section 164. Action on plan of merger or share exchange. In the case of a domestic corporation that is a party to a merger or the acquired entity in a share exchange, the plan of merger or share exchange must be adopted in the following manner:
   (1) The plan of merger or share exchange must first be adopted by the board of directors.
   (2) (a) Except as provided in [section 165] and in subsections (8), (10), and (12) of this section, the plan of merger or share exchange must then be approved by the shareholders. In submitting the plan of merger or share exchange to the shareholders for approval, the board of directors shall recommend that the shareholders approve the plan or, in the case of an offer referred to in subsection (10)(b), that the shareholders tender their shares to the offeror in response to the offer unless:
      (i) the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation; or
      (ii) [section 110] applies.
   (b) If either subsection (2)(a)(i) or (2)(a)(ii) applies, the board shall inform the shareholders of the basis for its determination.
   (3) The board of directors may set conditions for the approval of the plan of merger or share exchange by the shareholders or for the effectiveness of the plan of merger or share exchange.
   (4) If the plan of merger or share exchange is required to be approved by the shareholders and if the approval is to be given at a meeting, the corporation shall notify each shareholder, regardless of whether entitled to vote, of the meeting of shareholders at which the plan is to be submitted for approval. The notice must state that the purpose or one of the purposes of the meeting is to consider the plan and must contain or be accompanied by a copy or summary of the plan. If the corporation is to be merged into an existing foreign or domestic corporation or eligible entity, the notice must also include or be accompanied by a copy or summary of the articles of incorporation and bylaws or the organic rules of that corporation or eligible entity. If the corporation is to be merged with a domestic or foreign corporation or eligible entity and a new domestic or foreign corporation or eligible entity is to be created pursuant to the merger, the notice must include or be accompanied by a copy or summary of the articles of incorporation and bylaws or the organic rules of the new corporation or eligible entity.
(5) Unless the articles of incorporation require a greater vote or a lesser vote, approval of the plan of merger or share exchange requires the approval of a majority of the votes entitled to be cast on the plan and, if any class or series of shares is entitled to vote as a separate group on the plan of merger or share exchange, the approval of a majority of the votes entitled to be cast on the merger or share exchange by that voting group. The articles of incorporation may not provide a lower quorum for a voting group than shares representing a majority of the votes entitled to be cast on the matter by the voting group or a lesser vote for a voting group than is provided for in [section 75(3)].

(6) Subject to subsection (7), separate voting by voting groups is required:
   (a) on a plan of merger, by each class or series of shares that:
      (i) are to be converted under the plan of merger into shares, other securities, eligible interests, obligations, rights to acquire shares or other securities or eligible interests, cash, other property, or any combination; or
      (ii) are entitled to vote as a separate group on a provision in the plan that constitutes a proposed amendment to the articles of incorporation of a surviving corporation that requires action by separate voting groups under [section 152];
   (b) on a plan of share exchange, by each class or series of shares included in the exchange, with each class or series constituting a separate voting group; and
   (c) on a plan of merger or share exchange, if the voting group is entitled under the articles of incorporation to vote as a voting group to approve a plan of merger or share exchange, respectively.

(7) The articles of incorporation may expressly limit or eliminate the separate voting rights provided in subsections (6)(a)(i) and (6)(b) as to any class or series of shares, except when the plan of merger or share exchange:
   (a) includes what is or would be in effect an amendment subject to subsection (6)(a)(ii); and
   (b) will not effect a substantive business combination.

(8) Unless the articles of incorporation provide otherwise, approval by the corporation’s shareholders of a plan of merger is not required if:
   (a) the corporation will survive the merger;
   (b) except for amendments permitted by [section 153], its articles of incorporation will not be changed;
   (c) each shareholder of the corporation whose shares were outstanding immediately before the effective date of the merger or share exchange will hold the same number of shares, with identical preferences, rights, and limitations, immediately after the effective date of the merger; and
   (d) the issuance in the merger of shares or other securities convertible into or rights exercisable for shares does not require a vote under [section 51(6)].

(9) If as a result of a merger or share exchange one or more shareholders of a domestic corporation would become subject to new interest holder liability, approval of the plan of merger or share exchange requires the signing in connection with the transaction, by each affected shareholder, of a separate written consent to become subject to the new interest holder liability unless, in the case of a shareholder that already has interest holder liability with respect to the domestic corporation:
   (a) the new interest holder liability is with respect to a domestic or foreign corporation, which may be a different or the same domestic corporation in which the person is a shareholder; and
   (b) the terms and conditions of the new interest holder liability are substantially identical to those of the existing interest holder liability, other than changes that eliminate or reduce interest holder liability.
(10) Unless the articles of incorporation provide otherwise, approval by the shareholders of a plan of merger or share exchange is not required if:

(a) the plan of merger or share exchange expressly:
   (i) permits or requires the merger or share exchange to be effected under this subsection (10); and
   (ii) provides that if the merger or share exchange is to be effected under this subsection (10), the merger or share exchange will be effected as soon as practicable following the satisfaction of the requirement set forth in subsection (10)(f);

(b) another party to the merger, the acquiring entity in the share exchange, or a parent of another party to the merger or the acquiring entity in the share exchange makes an offer to purchase on the terms provided in the plan of merger or share exchange any and all of the outstanding shares of the corporation that, absent this subsection (10)(b), would be entitled to vote on the plan of merger or share exchange, except that the offer may exclude shares of the corporation that are owned at the commencement of the offer by the corporation, the offeror, or any parent of the offeror or by any wholly owned subsidiary of any of them;

(c) the offer discloses that the plan of merger or share exchange provides that the merger or share exchange will be effected as soon as practicable following the satisfaction of the requirement set forth in subsection (10)(f) and that the shares of the corporation that are not tendered in response to the offer will be treated as set forth in subsection (10)(h);

(d) the offer remains open for at least 10 days;

(e) the offeror purchases all shares properly tendered in response to the offer and not properly withdrawn;

(f) the following shares are collectively entitled to cast at least the minimum number of votes on the merger or share exchange that, absent this subsection (10)(f), would be required by [sections 161 through 168] and by the articles of incorporation for the approval of the merger or share exchange by the shareholders and by any other voting group entitled to vote on the merger or share exchange at a meeting at which all shares entitled to vote on the approval were present and voted:

   (i) shares purchased by the offeror in accordance with the offer;
   (ii) shares otherwise owned by the offeror or by any parent of the offeror or any wholly owned subsidiary of any of them; and
   (iii) shares subject to an agreement that they are to be transferred, contributed, or delivered to the offeror, any parent of the offeror, or any wholly owned subsidiary of any of them in exchange for shares or eligible interests in the offeror, parent, or subsidiary;

(g) the offeror or a wholly owned subsidiary of the offeror merges with or into, or effects a share exchange in which it acquires shares of, the corporation; and

(h) each outstanding share of each class or series of shares of the corporation that the offeror is offering to purchase in accordance with the offer and that is not purchased in accordance with the offer is to be converted in the merger into or into the right to receive, or is to be exchanged in the share exchange for or for the right to receive, the same amount and kind of securities, eligible interests, obligations, rights, cash, or other property to be paid or exchanged in accordance with the offer for each share of that class or series of shares that is tendered in response to the offer, except that shares of the corporation that are owned by the corporation or that are described in subsection (10)(f)(ii) or (10)(f)(iii) need not be converted into or exchanged for the consideration described in this subsection (10)(h).
(11) As used in subsection (10):
(a) “offer” means the offer referred to in subsection (10)(b);
(b) “offeror” means the person making the offer;
(c) “parent” of an entity means a person that owns directly, or indirectly through one or more wholly owned subsidiaries, all of the outstanding shares of or eligible interests in that entity;
(d) shares tendered in response to the offer are considered to have been “purchased” in accordance with the offer at the earliest time that:
   (i) the offeror has irrevocably accepted those shares for payment; and
   (ii) either:
      (A) in the case of shares represented by certificates, the offeror or the offeror’s designated depository or other agent has physically received the certificates representing those shares; or
      (B) in the case of shares without certificates, those shares have been transferred into the account of the offeror or its designated depository or other agent or an agent’s message relating to those shares has been received by the offeror or its designated depository or other agent; and
(e) “wholly owned subsidiary” of a person means an entity of which or in which that person owns directly, or indirectly through one or more wholly owned subsidiaries, all of the outstanding shares or eligible interests.

(12) Unless the articles of incorporation provide otherwise:
(a) approval of a plan of share exchange by the shareholders of a domestic corporation is not required if the corporation is the acquiring entity in the share exchange; and
(b) shares not to be exchanged under the plan of share exchange are not entitled to vote on the plan.

Section 165. Merger between parent and subsidiary or between subsidiaries. (1) A domestic or foreign parent entity that owns shares of a domestic corporation that carry at least 90% of the voting power of each class and series of the outstanding shares of the subsidiary that has voting power may:
(a) merge the subsidiary into itself if it is a domestic or foreign corporation or eligible entity or into another domestic or foreign corporation or eligible entity in which the parent entity owns at least 90% of the voting power of each class and series of the outstanding shares or eligible interests that have voting power; or
(b) merge itself if it is a domestic or foreign corporation or eligible entity into the subsidiary, in either case without the approval of the board of directors or shareholders of the subsidiary, unless the articles of incorporation or organic rules of the parent entity or the articles of incorporation of the subsidiary corporation provide otherwise. [Section 164(9)] applies to a merger under this section. The articles of merger relating to a merger under this section do not need to be signed by the subsidiary.

(2) A parent entity shall, within 10 days after the effective date of a merger approved under subsection (1), notify each of the subsidiary’s shareholders that the merger has become effective. The notice must include:
(a) a copy of the plan of merger; or
(b) a summary of the plan of merger and a statement that the plan of merger is on file in the office of the surviving entity, the address of the surviving entity, and a statement that a copy of the plan of merger will be furnished, upon request and at no cost, to any shareholder of any party to the merger.

(3) Except as provided in subsections (1) and (2), a merger between a parent entity and a domestic subsidiary corporation is governed by the provisions of [sections 161 through 168] applicable to mergers generally.
Section 166. Articles of merger or share exchange. (1) After a plan of merger has been adopted and approved as required by [sections 1 through 221] or, if the merger is being effected under [section 162(1)(b)], the merger has been approved as required by the organic law governing the parties to the merger, the articles of merger must be signed by each party to the merger except as provided in [section 165(1)]. The articles must set forth:

(a) the name, jurisdiction of formation, and type of entity of each party to the merger;
(b) the name, jurisdiction of formation, and type of entity of the survivor;
(c) if the survivor of the merger is a domestic corporation and its articles of incorporation are amended or if a new domestic corporation is created as a result of the merger:
   (i) the amendments to the survivor’s articles of incorporation; or
   (ii) the articles of incorporation of the new corporation;
(d) if the survivor of the merger is a domestic eligible entity and its public organic record is amended or if a new domestic eligible entity is created as a result of the merger:
   (i) the amendments to the public organic record of the survivor; or
   (ii) the public organic record of the new eligible entity;
(e) if the plan of merger required approval by the shareholders of a domestic corporation that is a party to the merger, a statement that the plan was duly approved by the shareholders and, if voting by any separate voting group was required, by each separate voting group in the manner required by [sections 1 through 221] and the articles of incorporation;
(f) if the plan of merger or share exchange did not require approval by the shareholders of a domestic corporation that is a party to the merger, a statement to that effect;
(g) as to each foreign corporation that is a party to the merger, a statement that the participation of the foreign corporation was duly authorized as required by its organic law;
(h) as to each domestic or foreign eligible entity that is a party to the merger, a statement that the merger was approved in accordance with its organic law or [section 162(3)]; and
   (i) if the survivor is created by the merger and is a domestic limited liability partnership, the filing required to become a limited liability partnership, as an attachment.

(2) After a plan of share exchange in which the acquired entity is a domestic corporation or eligible entity has been adopted and approved as required by [sections 1 through 221], articles of share exchange must be signed by the acquired entity and the acquiring entity. The articles must set forth:

(a) the name of the acquired entity;
(b) the name, jurisdiction of formation, and type of entity of the domestic or foreign corporation or eligible entity that is the acquiring entity; and
(c) a statement that the plan of share exchange was duly approved by the acquired entity by:
   (i) the required vote or consent of each class or series of shares or eligible interests included in the exchange; and
   (ii) the required vote or consent of each other class or series of shares or eligible interests entitled to vote on approval of the exchange by the articles of incorporation or organic rules of the acquired entity or by [section 163(3)].

(3) In addition to the requirements of subsection (1) or (2), articles of merger or share exchange may contain any other provision not prohibited by law.

(4) The articles of merger or share exchange must be delivered to the secretary of state for filing and, subject to subsection (5), the merger or share
exchange takes effect on the effective date determined in accordance with [section 6].

(5) With respect to a merger in which one or more foreign entities is a party or a foreign entity created by the merger is the survivor, the merger itself becomes effective on the later of:

(a) the date all documents required to be filed in foreign jurisdictions to effect the merger have become effective; or

(b) the date the articles of merger take effect.

(6) Articles of merger filed under this section may be combined with any filing required under the organic law governing any domestic eligible entity involved in the transaction if the combined filing satisfies the requirements of both that organic law and this section.

Section 167. Effect of merger or share exchange. (1) When a merger becomes effective:

(a) the domestic or foreign corporation or eligible entity that is designated in the plan of merger as the survivor continues or comes into existence, as the case may be;

(b) the separate existence of every domestic or foreign corporation or eligible entity that is a party to the merger, other than the survivor, ceases;

(c) all property owned by and every contract right possessed by each domestic or foreign corporation or eligible entity that is a party to the merger, other than the survivor, are the property and contract rights of the survivor without transfer, reversion, or impairment;

(d) all debts, obligations, and other liabilities of each domestic or foreign corporation or eligible entity that is a party to the merger, other than the survivor, are debts, obligations, or liabilities of the survivor;

(e) the name of the survivor may be but need not be substituted in any pending proceeding for the name of any party to the merger whose separate existence ceased in the merger;

(f) if the survivor is a domestic entity, the articles of incorporation and bylaws or the organic rules of the survivor are amended to the extent provided in the plan of merger;

(g) the articles of incorporation and bylaws or the organic rules of a survivor that is a domestic entity and is created by the merger become effective;

(h) the shares of each domestic or foreign corporation that is a party to the merger, and the eligible interests in an eligible entity that is a party to a merger, that are to be converted in accordance with the terms of the merger into shares or other securities, eligible interests, obligations, rights to acquire shares or other securities or eligible interests, cash, other property, or any combination are converted, and the former holders of the shares or eligible interests are entitled only to the rights provided to them by those terms or to any rights they may have under [sections 171 through 183] or the organic law governing the eligible entity or foreign corporation;

(i) except as provided by law or the terms of the merger, all the rights, privileges, franchises, and immunities of each entity that is a party to the merger, other than the survivor, are the rights, privileges, franchises, and immunities of the survivor; and

(j) if the survivor exists before the merger:

(i) all the property and contract rights of the survivor remain its property and contract rights without transfer, reversion, or impairment;

(ii) the survivor remains subject to all its debts, obligations, and other liabilities; and

(iii) except as provided by law or the plan of merger, the survivor continues to hold all of its rights, privileges, franchises, and immunities.
(2) When a share exchange becomes effective, the shares or eligible interests in the acquired entity that are to be exchanged for shares or other securities, eligible interests, obligations, rights to acquire shares or other securities or eligible interests, cash, other property, or any combination are entitled only to the rights provided to them in the plan of share exchange or to any rights they may have under [sections 171 through 183] or under the organic law governing the acquired entity.

(3) Except as otherwise provided in the articles of incorporation of a domestic corporation or the organic law governing or organic rules of a foreign corporation or a domestic or foreign eligible entity, the effect of a merger or share exchange on interest holder liability is as follows:

(a) A person who becomes subject to new interest holder liability with respect to an entity as a result of a merger or share exchange has that new interest holder liability only with respect to interest holder liabilities that arise after the merger or share exchange becomes effective.

(b) If a person had interest holder liability with respect to a party to the merger or the acquired entity before the merger or share exchange becomes effective with respect to shares or eligible interests of the party or acquired entity:

(i) that were exchanged in the merger or share exchange;
(ii) that were cancelled in the merger; or
(iii) the terms and conditions of which relating to interest holder liability were amended pursuant to the merger, the following provisions apply:

(A) The merger or share exchange does not discharge that prior interest holder liability with respect to any interest holder liabilities that arose before the merger or share exchange becomes effective.

(B) The provisions of the organic law governing any entity for which the person had that prior interest holder liability continue to apply to the collection or discharge of any interest holder liabilities preserved by subsection (3)(b)(i) as if the merger or share exchange had not occurred.

(C) The person has the rights of contribution from other persons that are provided by the organic law governing the entity for which the person had that prior interest holder liability with respect to any interest holder liabilities preserved by subsection (3)(b)(i) as if the merger or share exchange had not occurred.

(D) The person may not by reason of that prior interest holder liability have interest holder liability with respect to any interest holder liabilities that arise after the merger or share exchange becomes effective.

(c) If a person has interest holder liability both before and after a merger becomes effective with unchanged terms and conditions with respect to the entity that is the survivor by reason of owning the same shares or eligible interests before and after the merger becomes effective, the merger has no effect on that interest holder liability.

(d) A share exchange has no effect on interest holder liability related to shares or eligible interests of the acquired entity that were not exchanged in the share exchange.

(4) Upon a merger becoming effective, a foreign corporation or foreign eligible entity that is the survivor of the merger is considered to have:

(a) appointed the secretary of state as its agent for service of process in a proceeding to enforce the rights of shareholders of each domestic corporation that is a party to the merger who exercise appraisal rights; and

(b) agreed that it will promptly pay the amount, if any, to which those shareholders are entitled under [sections 171 through 183].
Except as provided in the organic law governing a party to a merger or in its articles of incorporation or organic rules, the merger does not give rise to any rights that an interest holder, governor, or third party would have upon a dissolution, liquidation, or winding up of that party. The merger does not require a party to the merger to wind up its affairs and does not constitute or cause its dissolution or termination.

Property held for a charitable purpose under the laws of this state by a domestic or foreign corporation or eligible entity immediately before a merger becomes effective may not, as a result of the transaction, be diverted from the objects for which it was donated, granted, devised, or otherwise transferred except and to the extent permitted by or pursuant to the laws of this state addressing cy prés or dealing with nondiversion of charitable assets.

A bequest, devise, gift, grant, or promise contained in a will or other instrument of donation, subscription, or conveyance that is made to an entity that is a party to a merger that is not the survivor and that takes effect or remains payable after the merger inures to the survivor.

A trust obligation that would govern property if transferred to a nonsurviving entity applies to property that is transferred to the survivor after a merger becomes effective.

### Section 168. Abandonment of merger or share exchange.

(1) After a plan of merger or share exchange has been adopted and approved as required by [sections 161 through 168] and before articles of merger or share exchange have become effective, the plan may be abandoned by a domestic business corporation that is a party to the plan without action by its shareholders in accordance with any procedures set forth in the plan of merger or share exchange or, if no procedures are set forth in the plan, in the manner determined by the board of directors.

(2) If a merger or share exchange is abandoned under subsection (1) after articles of merger or share exchange have been delivered to the secretary of state for filing but before the merger or share exchange has become effective, a statement of abandonment signed by all the parties that signed the articles of merger or share exchange must be delivered to the secretary of state for filing before the articles of merger or share exchange become effective. The statement takes effect on filing and the merger or share exchange is abandoned and does not become effective. The statement of abandonment must contain:

- (a) the name of each party to the merger or the names of the acquiring and acquired entities in a share exchange;
- (b) the date on which the articles of merger or share exchange were filed by the secretary of state; and
- (c) a statement that the merger or share exchange has been abandoned in accordance with this section.

### Section 169. Disposition of assets not requiring shareholder approval.

No approval of the shareholders is required, unless the articles of incorporation provide otherwise:

1. to sell, lease, exchange, or otherwise dispose of any or all of the corporation’s assets in the usual and regular course of business;
2. to mortgage, pledge, dedicate, with or without recourse, to the repayment of indebtedness, or otherwise encumber any or all of the corporation’s assets, regardless of whether in the usual and regular course of business;
3. to transfer any or all of the corporation’s assets to one or more domestic or foreign corporations or other entities all of the shares or interests of which are owned by the corporation; or
4. to distribute assets pro rata to the holders of one or more classes or series of the corporation’s shares.
Section 170. Shareholder approval of certain dispositions. (1) A sale, lease, exchange, or other disposition of assets, other than a disposition described in [section 169], requires approval of the corporation’s shareholders if the disposition would leave the corporation without a significant continuing business activity. A corporation is conclusively held to have retained a significant continuing business activity if it retains a business activity that represented, for the corporation and its subsidiaries on a consolidated basis, at least:

(a) 25% of total assets at the end of the most recently completed fiscal year; and

(b) either 25% of income from continuing operations before taxes or 25% of revenue from continuing operations, in each case for the most recently completed fiscal year.

(2) (a) To obtain the approval of the shareholders under subsection (1), the board of directors shall first adopt a resolution authorizing the disposition. The disposition must then be approved by the shareholders. In submitting the disposition to the shareholders for approval, the board of directors shall recommend that the shareholders approve the disposition unless:

(i) the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make the recommendation; or

(ii) [section 110] applies.

(b) If either subsection (2)(a)(i) or (2)(a)(ii) applies, the board shall inform the shareholders of the basis for its determination.

(3) The board of directors may set conditions for the approval by the shareholders of a disposition or for the effectiveness of the disposition.

(4) If a disposition is required to be approved by the shareholders under subsection (1) and if the approval is to be given at a meeting, the corporation shall notify each shareholder, regardless of whether entitled to vote, of the meeting of shareholders at which the disposition is to be submitted for approval. The notice must state that the purpose or one of the purposes of the meeting is to consider the disposition and must contain a description of the disposition, including the terms and conditions of the disposition and the consideration to be received by the corporation.

(5) Unless the articles of incorporation require a greater vote or a lesser vote, approval of the disposition requires the approval of a majority of the votes entitled to be cast on the disposition and, if any class or series of shares is entitled to vote as a separate group on the disposition, the approval of a majority of the votes entitled to be cast on the disposition by that voting group. The articles of incorporation may not provide a lower quorum for a voting group than shares representing a majority of the votes entitled to be cast on the matter by the voting group or a lesser vote for a voting group than is provided for in [section 75(3)].

(6) After a disposition has been approved by the shareholders under [sections 169 and 170] and at any time before the disposition has been consummated, it may be abandoned by the corporation without action by the shareholders, subject to any contractual rights of other parties to the disposition.

(7) A disposition of assets in the course of dissolution under [sections 184 through 202] is not governed by this section.

(8) The assets of a direct or indirect consolidated subsidiary are the assets of the parent corporation for the purposes of this section.
Section 171. Definitions — appraisal rights. For the purposes of [sections 171 through 183], the following definitions apply:

(1) “Affiliate” means a person that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with another person or is a senior executive of another person. For purposes of [section 172(2)(d)], a person is considered an affiliate of its senior executives.

(2) “Beneficial owner” means any person who directly, or indirectly through any contract, arrangement, or understanding, other than a revocable proxy, has or shares the power to vote or to direct the voting of shares. However, a member of a national securities exchange is not considered a beneficial owner of securities held directly or indirectly by it on behalf of another person if the member is precluded by the rules of the exchange from voting without instruction on contested matters or matters that may affect substantially the rights or privileges of the holders of the securities to be voted. When two or more persons agree to act together for the purpose of voting their shares of the corporation, each member of the group formed is held to have acquired beneficial ownership, as of the date of the agreement, of all shares having voting power of the corporation that are beneficially owned by any member of the group.

(3) “Corporation” means the domestic corporation that is the issuer of the shares held by a shareholder demanding appraisal and, for matters covered in [sections 176 through 182], includes the survivor of a merger.

(4) “Excluded shares” means shares acquired pursuant to an offer for all shares having voting power if the offer was made within 1 year before the corporate action for consideration of the same kind and of a value equal to or less than that paid in connection with the corporate action.

(5) “Fair value” means the value of the corporation’s shares determined:

(a) immediately before the effectiveness of the corporate action to which the shareholder objects;

(b) using customary and current valuation concepts and techniques generally employed for similar businesses in the context of the transaction requiring appraisal; and

(c) without discounting for lack of marketability or minority status except, if appropriate, for amendments to the articles of incorporation pursuant to [section 172(1)(d)].

(6) “Interest” means interest from the date the corporate action becomes effective until the date of payment, at the rate of interest on judgments in this state on the effective date of the corporate action.

(7) “Interested person” means a person or an affiliate of a person who at any time during the 1-year period immediately preceding approval by the board of directors of the corporate action:

(a) was the beneficial owner of 20% or more of the voting power of the corporation, other than as owner of excluded shares;

(b) had the power, contractually or otherwise and other than as owner of excluded shares, to cause the appointment or election of 25% or more of the directors to the board of directors of the corporation; or

(c) was a senior executive or director of the corporation or a senior executive of any affiliate of the corporation and will receive, as a result of the corporate action, a financial benefit not generally available to other shareholders, other than:

(i) employment, consulting, retirement, or similar benefits established separately and not as part of or in contemplation of the corporate action;

(ii) employment, consulting, retirement, or similar benefits established in contemplation of or as part of the corporate action that are not more favorable
than those existing before the corporate action or, if more favorable, that have
been approved on behalf of the corporation in the same manner as is provided
in [section 131]; or

(iii) in the case of a director of the corporation who will, in the corporate
action, become a director or governor of the acquiror or any of its affiliates,
rights and benefits as a director or governor that are provided on the same
basis as those afforded by the acquiror generally to other directors or governors
of the entity or affiliate.

(8) “Interested transaction” means a corporate action described in [section
172(1)], other than a merger pursuant to [section 165], involving an interested
person in which any of the shares or assets of the corporation are being
acquired or converted.

(9) “Preferred shares” means a class or series of shares whose holders have
preference over any other class or series of shares with respect to distributions.

(10) “Senior executive” means the chief executive officer, chief operating
officer, chief financial officer, and any individual in charge of a principal
business unit or function.

(11) “Shareholder” means a record shareholder, a beneficial shareholder,
and a voting trust beneficial owner.

Section 172. Right to appraisal. (1) A shareholder is entitled to appraisal
rights and to obtain payment of the fair value of that shareholder’s shares in
the event of any of the following corporate actions:

(a) consummation of a merger to which the corporation is a party if:

(i) shareholder approval is required for the merger by [section 164] or would
be required but for the provisions of [section 164(10)], except that appraisal
rights are not available to any shareholder of the corporation with respect to
shares of any class or series that remain outstanding after consummation of
the merger; or

(ii) the corporation is a subsidiary and the merger is governed by [section
165];

(b) consummation of a share exchange to which the corporation is a party
the shares of which will be acquired, except that appraisal rights may not be
available to any shareholder of the corporation with respect to any class or
series of shares of the corporation that is not acquired in the share exchange;

(c) consummation of a disposition of assets pursuant to [section 170] if the
shareholder is entitled to vote on the disposition, except that appraisal rights
are not available to any shareholder of the corporation with respect to shares
of any class or series if:

(i) under the terms of the corporate action approved by the shareholders,
the corporation’s net assets, in excess of a reasonable amount reserved to meet
claims of the type described in [sections 189 and 190], are to be distributed to
shareholders in cash:

(A) within 1 year after the shareholders’ approval of the action; and

(B) in accordance with their respective interests determined at the time of
distribution; and

(ii) the disposition of assets is not an interested transaction;

(d) an amendment of the articles of incorporation with respect to a class or
series of shares that reduces the number of shares of a class or series owned by
the shareholder to a fraction of a share if the corporation has the obligation or
right to repurchase the fractional share created;

(e) any other merger, share exchange, disposition of assets, or amendment
to the articles of incorporation, in each case to the extent provided by the
articles of incorporation, the bylaws, or a resolution of the board of directors;
(f) consummation of a domestication pursuant to [section 138] if the shareholder does not receive shares in the foreign corporation resulting from the domestication that have terms as favorable to the shareholder in all material respects, and represent at least the same percentage interest of the total voting rights of the outstanding shares of the foreign corporation, as the shares held by the shareholder before the domestication;

(g) consummation of a conversion of the corporation to a nonprofit corporation pursuant to [section 143]; or

(h) consummation of a conversion of the corporation to an unincorporated entity pursuant to [section 143].

(2) Notwithstanding subsection (1), the availability of appraisal rights under subsections (1)(a), (1)(b), (1)(c), (1)(d), (1)(f) and (1)(h) is limited in accordance with the following provisions:

(a) Appraisal rights are not available for the holders of shares of any class or series of shares that is:

(i) a covered security under section 18(b)(1)(A) or (B) of the Securities Act of 1933;

(ii) traded in an organized market and has at least 2,000 shareholders and a market value of at least $20 million, exclusive of the value of shares of that class or series held by the corporation’s subsidiaries, senior executives, and directors and by any beneficial shareholder and any voting trust beneficial owner owning more than 10% of those shares; or

(iii) issued by an open-end management investment company registered with the United States securities and exchange commission under the Investment Company Act of 1940 and that may be redeemed at the option of the holder at net asset value.

(b) The applicability of subsection (2)(a) must be determined as of:

(i) the record date fixed to determine the shareholders entitled to receive notice of the meeting of shareholders to act upon the corporate action requiring appraisal rights or, in the case of an offer made pursuant to [section 164(10)], the date of the offer; or

(ii) if there is no meeting of shareholders and no offer made pursuant to [section 164(10)], the day before the consummation of the corporate action or effective date of the amendment of the articles of incorporation, as applicable.

(c) Subsection (2)(a) is not applicable and appraisal rights are available pursuant to subsection (1) for the holders of any class or series of shares:

(i) who are required by the terms of the corporate action requiring appraisal rights to accept for those shares anything other than cash or shares of any class or any series of shares of any corporation, or any other proprietary interest of any other entity, that satisfies the standards set forth in subsection (2)(a) at the time the corporate action becomes effective; or

(ii) in the case of the consummation of a disposition of assets pursuant to [section 170], unless the cash, shares, or proprietary interests received in the disposition are, under the terms of the corporate action approved by the shareholders, to be distributed to the shareholders as part of a distribution to shareholders of the net assets of the corporation in excess of a reasonable amount to meet claims of the type described in [sections 189 and 190]:

(A) within 1 year after the shareholders’ approval of the action; and

(B) in accordance with their respective interests determined at the time of the distribution.

(d) Subsection (2)(a) is not applicable and appraisal rights must be available pursuant to subsection (1) for the holders of any class or series of shares where the corporate action is an interested transaction.
(3) Notwithstanding any other provision of this section, the articles of incorporation as originally filed or any amendment to the articles of incorporation may limit or eliminate appraisal rights for any class or series of preferred shares, except that:

(a) no limitation or elimination is effective if the class or series does not have the right to vote separately as a voting group, alone or as part of a group, on the action or if the action is a conversion under [section 143] or a merger having a similar effect as a conversion in which the converted entity is an eligible entity; and

(b) any limitation or elimination contained in an amendment to the articles of incorporation that limits or eliminates appraisal rights for any shares that are outstanding immediately before the effective date of the amendment or that the corporation is or may be required to issue or sell thereafter pursuant to any conversion, exchange, or other right existing immediately before the effective date of the amendment does not apply to any corporate action that becomes effective within 1 year after the effective date of the amendment if the action would otherwise afford appraisal rights.

Section 173. Assertion of rights — nominees — beneficial shareholders. (1) A record shareholder may assert appraisal rights as to fewer than all the shares registered in the record shareholder’s name but owned by a beneficial shareholder or a voting trust beneficial owner only if the record shareholder objects with respect to all shares of a class or series owned by the beneficial shareholder or the voting trust beneficial owner and notifies the corporation in writing of the name and address of each beneficial shareholder or voting trust beneficial owner on whose behalf appraisal rights are being asserted. The rights of a record shareholder who asserts appraisal rights for only part of the shares held of record in the record shareholder’s name under this subsection must be determined as if the shares to which the record shareholder objects and the record shareholder’s other shares were registered in the names of different record shareholders.

(2) A beneficial shareholder and a voting trust beneficial owner may assert appraisal rights as to shares of any class or series held on behalf of the shareholder only if the shareholder:

(a) submits to the corporation the record shareholder’s written consent to the assertion of the rights no later than the date referred to in [section 176(2)(b)(ii)]; and

(b) does so with respect to all shares of the class or series that are beneficially owned by the beneficial shareholder or the voting trust beneficial owner.

Section 174. Notice of appraisal rights. (1) When any corporate action specified in [section 172(1)] is to be submitted to a vote at a shareholders’ meeting, the meeting notice or, when no approval of the action is required pursuant to [section 164(10)], the offer made pursuant to [section 164(10)] must state that the corporation has concluded that appraisal rights are, are not, or may be available under [sections 171 through 183]. If the corporation concludes that appraisal rights are or may be available, a copy of [sections 171 through 183] must accompany the meeting notice or offer sent to those record shareholders entitled to exercise appraisal rights.

(2) In a merger pursuant to [section 165], the parent entity shall notify in writing all record shareholders of the subsidiary who are entitled to assert appraisal rights that the corporate action became effective. The notice must be sent within 10 days after the corporate action became effective and include the materials described in [section 176].
(3) When any corporate action specified in [section 172(1)] is to be approved by written consent of the shareholders pursuant to [section 64]:

(a) written notice that appraisal rights are, are not, or may be available must be sent to each record shareholder from whom a consent is solicited at the time consent of each shareholder is first solicited, and if the corporation has concluded that appraisal rights are or may be available, the notice must be accompanied by a copy of [sections 171 through 183]; and

(b) written notice that appraisal rights are, are not, or may be available must be delivered together with the notice to nonconsenting and nonvoting shareholders required by [section 64(5) and (6)], may include the materials described in [section 176], and, if the corporation has concluded that appraisal rights are or may be available, must be accompanied by a copy of [sections 171 through 183].

(4) When corporate action described in [section 172(1)] is proposed or a merger pursuant to [section 164] is effected, the notice referred to in subsection (1) or (3) of this section, if the corporation concludes that appraisal rights are or may be available, and in subsection (2) must be accompanied by:

(a) financial statements of the corporation that issued the shares that may be subject to appraisal, consisting of a balance sheet as of the end of a fiscal year ending not more than 16 months before the date of the notice, an income statement for that year, and a cash flow statement for that year, provided that if those financial statements are not reasonably available, the corporation shall provide reasonably equivalent financial information; and

(b) the latest interim financial statements of the corporation, if any.

(5) The right to receive the information described in subsection (4) may be waived in writing by a shareholder before or after the corporate action.

Section 175. Notice of intent to demand payment — consequences of voting or consenting. (1) If a corporate action specified in [section 172(1)] is submitted to a vote at a shareholders’ meeting, a shareholder who wishes to assert appraisal rights with respect to any class or series of shares:

(a) shall deliver to the corporation, before the vote is taken, written notice of the shareholder’s intent to demand payment if the proposed action is effected; and

(b) may not vote, or cause or permit to be voted, any shares of that class or series in favor of the proposed action.

(2) If a corporate action specified in [section 172(1)] is to be approved by written consent, a shareholder who wishes to assert appraisal rights with respect to any class or series of shares may not sign a consent in favor of the proposed action with respect to that class or series of shares.

(3) If a corporate action specified in [section 172(1)] does not require shareholder approval pursuant to [section 164(10)], a shareholder who wishes to assert appraisal rights with respect to any class or series of shares:

(a) shall deliver to the corporation before the shares are purchased pursuant to the offer written notice of the shareholder’s intent to demand payment if the proposed action is effected; and

(b) may not tender or cause or permit to be tendered any shares of that class or series in response to the offer.

(4) A shareholder who fails to satisfy the requirements of subsection (1), (2) or (3) is not entitled to payment under [sections 171 through 183].

Section 176. Appraisal notice and form. (1) If a corporate action requiring appraisal rights under [section 172(1)] becomes effective, the corporation shall deliver the written appraisal notice and form required by subsection (2) of this section to all shareholders who satisfy the requirements of [section 175(1), (2), or (3)]. In the case of a merger under [section 165], the
parent shall deliver an appraisal notice and form to all record shareholders who may be entitled to assert appraisal rights.

(2) The appraisal notice must be delivered no earlier than the date the corporate action specified in [section 172(1)] became effective and no later than 10 days after that date and must:

(a) supply a form that:

(i) specifies the first date of any announcement to shareholders made before the date the corporate action became effective of the principal terms of the proposed corporate action; and

(ii) if the announcement was made, requires the shareholder asserting appraisal rights to certify whether beneficial ownership of those shares for which appraisal rights are asserted was acquired before that date; and

(iii) requires the shareholder asserting appraisal rights to certify that the shareholder did not vote for or consent to the transaction as to the class or series of shares for which appraisal is sought;

(b) state:

(i) where the form must be sent and where certificates for certificated shares must be deposited and the date by which those certificates must be deposited, which may not be earlier than the date by which the corporation must receive the required form under subsection (2)(b)(ii);

(ii) a date by which the corporation must receive the form, which may not be fewer than 40 or more than 60 days after the date the appraisal notice was sent, and state that the shareholder has waived the right to demand appraisal with respect to the shares unless the form is received by the corporation by the specified date;

(iii) the corporation’s estimate of the fair value of the shares;

(iv) that if requested in writing, the corporation will provide to the shareholder so requesting, within 10 days after the date specified in subsection (2)(b)(ii), the number of shareholders who return the forms by the specified date and the total number of shares owned by them; and

(v) the date by which the notice to withdraw under [section 177] must be received, which must be within 20 days after the date specified in subsection (2)(b)(ii) of this section; and

(c) be accompanied by a copy of [sections 171 through 183].

Section 177. Perfection of rights — right to withdraw. (1) A shareholder who receives notice pursuant to [section 176] and who wishes to exercise appraisal rights shall sign and return the form sent by the corporation and, in the case of certificated shares, deposit the shareholder’s certificates in accordance with the terms of the notice by the date referred to in the notice pursuant to [section 176(2)(b)(ii)]. In addition, if applicable, the shareholder shall certify on the form whether the beneficial owner of the shares acquired beneficial ownership of the shares before the date required to be set forth in the notice pursuant to [section 176(2)(a)(i)]. If a shareholder fails to make this certification, the corporation may elect to treat the shareholder’s shares as after-acquired shares under [section 179]. Once a shareholder deposits that shareholder’s certificates or, in the case of uncertificated shares, returns the signed forms, that shareholder loses all rights as a shareholder unless the shareholder withdraws pursuant to subsection (2).

(2) A shareholder who has complied with subsection (1) may nevertheless decline to exercise appraisal rights and withdraw from the appraisal process by notifying the corporation in writing by the date set forth in the appraisal notice pursuant to [section 176(2)(b)(v)]. A shareholder who fails to withdraw from the appraisal process may not thereafter withdraw without the corporation’s written consent.
(3) A shareholder who does not sign and return the form and, in the case of certificated shares, deposit that shareholder’s share certificates where required, each by the date set forth in the notice described in [section 176(2)], is not entitled to payment under [sections 171 through 183].

**Section 178. Payment.** (1) Except as provided in [section 179], within 30 days after the form required by [section 176(2)(b)(ii)] is due, the corporation shall pay in cash to those shareholders who complied with [section 177(1)] the amount the corporation estimates to be the fair value of their shares, plus interest.

(2) The payment to each shareholder pursuant to subsection (1) must be accompanied by:

(a) (i) financial statements of the corporation that issued the shares to be appraised, consisting of a balance sheet as of the end of a fiscal year ending not more than 16 months before the date of payment, an income statement for that year, and a cash flow statement for that year or, if those annual financial statements are not reasonably available, reasonably equivalent financial information; and

(ii) the latest interim financial statements of the corporation, if any;

(b) a statement of the corporation’s estimate of the fair value of the shares, which must equal or exceed the corporation’s estimate given pursuant to [section 176(2)(b)(iii)]; and

(c) a statement that shareholders described in subsection (1) of this section have the right to demand further payment under [section 180] and that if any shareholder does not do so within the time period specified in [section 180(2)], the shareholder is considered to have accepted the payment under subsection (1) of this section in full satisfaction of the corporation’s obligations under [sections 171 through 183].

**Section 179. After-acquired shares.** (1) A corporation may elect to withhold payment required by [section 178] from any shareholder who was required to but did not certify that beneficial ownership of all of the shareholder’s shares for which appraisal rights are asserted was acquired before the date set forth in the appraisal notice sent pursuant to [section 176(2)(a)].

(2) If the corporation elected to withhold payment under subsection (1) of this section, it shall, within 30 days after the form required by [section 176(2)(b)(ii)] is due, notify all shareholders who are described in subsection (1) of this section:

(a) of the information required by [section 178(2)(a)];

(b) of the corporation’s estimate of fair value pursuant to [section 178(2)(b)];

(c) that they may accept the corporation’s estimate of fair value, plus interest, in full satisfaction of their demands or demand appraisal under [section 180];

(d) that those shareholders who wish to accept the offer shall notify the corporation of their acceptance of the corporation’s offer within 30 days after receiving the offer; and

(e) that those shareholders who do not satisfy the requirements for demanding appraisal under [section 180] are considered to have accepted the corporation’s offer.

(3) Within 10 days after receiving the shareholder’s acceptance pursuant to subsection (2)(d), the corporation shall pay in cash the amount it offered under subsection (2)(b), plus interest, to each shareholder who agreed to accept the corporation’s offer in full satisfaction of the shareholder’s demand.

(4) Within 40 days after delivering the notice described in subsection (2), the corporation shall pay in cash the amount it offered to pay under subsection (2)(b), plus interest, to each shareholder described in subsection (2)(e).
Section 180. Procedure if shareholder dissatisfied with payment or offer. (1) A shareholder paid pursuant to [section 178] who is dissatisfied with the amount of the payment shall notify the corporation in writing of that shareholder’s estimate of the fair value of the shares and demand payment of that estimate, less any payment under [section 178], plus interest. A shareholder offered payment under [section 179] who is dissatisfied with that offer may reject the offer and demand payment of the shareholder’s stated estimate of the fair value of the shares, plus interest.

(2) A shareholder who fails to notify the corporation in writing of that shareholder’s demand to be paid the shareholder’s stated estimate of the fair value plus interest under subsection (1) within 30 days after receiving the corporation’s payment or offer of payment under [section 178] or [section 179], respectively, waives the right to demand payment under this section and is entitled only to the payment made or offered pursuant to those respective sections.

Section 181. Judicial appraisal of shares — court action. (1) If a shareholder makes demand for payment under [section 180] that remains unsettled, the corporation shall commence a proceeding within 60 days after receiving the payment demand and petition the court to determine the fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the 60-day period, it shall pay in cash to each shareholder the amount the shareholder demanded pursuant to [section 180], plus interest.

(2) The corporation shall commence the proceeding in the district court of the county in which its principal office is located or, if its principal office is not located in this state, in the first judicial district.

(3) The corporation shall make all shareholders, regardless of whether they are residents of this state, whose demands remain unsettled parties to the proceeding as in an action against their shares, and all parties must be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law.

(4) The jurisdiction of the court in which the proceeding is commenced under subsection (2) is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers have the powers described in the order appointing them or in any amendment to it. The shareholders demanding appraisal rights are entitled to the same discovery rights as parties in other civil proceedings. There is no right to a jury trial.

(5) Each shareholder made a party to the proceeding is entitled to judgment:

(a) for the amount, if any, by which the court finds the fair value of the shareholder’s shares exceeds the amount paid by the corporation to the shareholder for the shares, plus interest; or

(b) for the fair value, plus interest, of the shareholder’s shares for which the corporation elected to withhold payment under [section 179].

Section 182. Court costs — expenses. (1) The court in an appraisal proceeding commenced under [section 181] shall determine all court costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the court costs against the corporation, except that the court may assess court costs against all or some of the shareholders demanding appraisal, in amounts the court finds equitable, to the extent the court finds the shareholders acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by [sections 171 through 183].
(2) The court in an appraisal proceeding may also assess the expenses of the respective parties in amounts the court finds equitable:

(a) against the corporation and in favor of any or all shareholders demanding appraisal if the court finds the corporation did not substantially comply with the requirements of [section 174, 176, 178, or 179]; or

(b) against either the corporation or a shareholder demanding appraisal, in favor of any other party, if the court finds the party against whom expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by [sections 171 through 183].

(3) If the court in an appraisal proceeding finds that the expenses incurred by any shareholder were of substantial benefit to other shareholders similarly situated and that the expenses should not be assessed against the corporation, the court may direct that those expenses be paid out of the amounts awarded the shareholders who were benefited.

(4) To the extent the corporation fails to make a required payment pursuant to [section 178, 179, or 180], any affected shareholder may sue directly for the amount owed and, to the extent successful, is entitled to recover from the corporation all expenses of the suit.

Section 183. Other remedies limited. (1) The legality of a proposed or completed corporate action described in [section 172(1)] may not be contested, and the corporate action may not be enjoined, set aside, or rescinded, in a legal or equitable proceeding by a shareholder after the shareholders have approved the corporate action.

(2) Subsection (1) does not apply to a corporate action that:

(a) was not authorized and approved in accordance with the applicable provisions of:

(i) [sections 134 through 148], [sections 149 through 160], [sections 161 through 168], or [sections 169 and 170];

(ii) the articles of incorporation or bylaws; or

(iii) the resolution of the board of directors authorizing the corporate action;

(b) was procured as a result of fraud, a material misrepresentation, or an omission of a material fact necessary to make statements made, in light of the circumstances in which they were made, not misleading;

(c) is an interested transaction unless it has been recommended by the board of directors in the manner provided in [section 131] and has been approved by the shareholders in the manner provided in [section 132] as if the interested transaction were a director’s conflicting interest transaction; or

(d) is approved by less than unanimous consent of the voting shareholders pursuant to [section 64] if:

(i) the challenge to the corporate action is brought by a shareholder who did not consent and as to whom notice of the approval of the corporate action was not effective at least 10 days before the corporate action was effected; and

(ii) the proceeding challenging the corporate action is commenced within 10 days after notice of the approval of the corporate action is effective as to the shareholder bringing the proceeding.

Section 184. Dissolution by incorporators or initial directors. A majority of the incorporators or initial directors of a corporation that has not issued shares or has not commenced business may dissolve the corporation by delivering to the secretary of state for filing articles of dissolution that set forth:

(1) the name of the corporation;

(2) the date of its incorporation;

(3) either:

(i) that none of the corporation’s shares has been issued; or
(ii) that the corporation has not commenced business;
(4) that no debt of the corporation remains unpaid;
(5) that the net assets of the corporation remaining after winding up have been distributed to the shareholders if shares were issued; and
(6) that a majority of the incorporators or initial directors authorized the dissolution.

Section 185. Dissolution by board of directors and shareholders.  
(1) The board of directors may propose dissolution for submission to the shareholders by first adopting a resolution authorizing the dissolution.
(2) (a) For a proposal to dissolve to be adopted, it must then be approved by the shareholders. In submitting the proposal to dissolve to the shareholders for approval, the board of directors shall recommend that the shareholders approve the dissolution unless:
   (i) the board of directors determines that because of conflict of interest or other special circumstances it should make no recommendation; or
   (ii) [section 110] applies.
   (b) If either subsection (2)(a)(i) or (2)(a)(ii) of this section applies, the board shall inform the shareholders of the basis for its determination.
(3) The board of directors may set conditions for the approval of the proposal for dissolution by shareholders or for the effectiveness of the dissolution.
(4) If the approval of the shareholders is to be given at a meeting, the corporation shall notify each shareholder, regardless of whether entitled to vote, of the meeting of shareholders at which the dissolution is to be submitted for approval. The notice must state that the purpose or one of the purposes of the meeting is to consider dissolving the corporation.
(5) Unless the articles of incorporation require a greater vote or a lesser vote, approval of the dissolution requires the approval of a majority of the votes entitled to be cast on the dissolution and, if any class or series of shares is entitled to vote as a separate group on the dissolution, the approval of a majority of the votes entitled to be cast on the dissolution by that voting group. The articles of incorporation may not provide a lower quorum for a voting group than shares representing a majority of the votes entitled to be cast on the matter by the voting group or a lesser vote for a voting group than is provided for in [section 75(3)].

Section 186. Articles of dissolution.  (1) At any time after dissolution is authorized, the corporation may dissolve by delivering to the secretary of state for filing articles of dissolution setting forth:
   (a) the name of the corporation;
   (b) the date that dissolution was authorized; and
   (c) if dissolution was approved by the shareholders, a statement that the proposal to dissolve was duly approved by the shareholders in the manner required by [sections 1 through 221] and by the articles of incorporation.
(2) The articles of dissolution take effect on the effective date determined in accordance with [section 6]. A corporation is dissolved on the effective date of its articles of dissolution.
(3) For purposes of [sections 184 through 192], “dissolved corporation” means a corporation whose articles of dissolution have become effective and includes a successor entity to which the remaining assets of the corporation are transferred subject to its liabilities for purposes of liquidation.

Section 187. Revocation of dissolution.  (1) A corporation may revoke its dissolution within 120 days after its effective date.
(2) Revocation of dissolution is authorized in the same manner as the dissolution was authorized unless that authorization permitted revocation by action of the board of directors alone, in which event the board of directors may revoke the dissolution without shareholder action.
(3) After the revocation of dissolution is authorized, the corporation may revoke the dissolution by delivering to the secretary of state for filing articles of revocation of dissolution, together with a copy of its articles of dissolution, that set forth:
   (a) the name of the corporation;
   (b) the effective date of the dissolution that was revoked;
   (c) the date that the revocation of dissolution was authorized;
   (d) if the corporation’s board of directors or incorporators revoked the dissolution, a statement to that effect;
   (e) if the corporation’s board of directors revoked a dissolution as authorized by the shareholders, a statement that revocation was permitted by action by the board of directors alone pursuant to that authorization; and
   (f) if shareholder action was required to revoke the dissolution, a statement that the revocation was duly approved by the shareholders in the manner required by [sections 1 through 221] and by the articles of incorporation.
   (g) The articles of revocation of dissolution take effect on the effective date determined in accordance with [section 6]. Revocation of dissolution is effective on the effective date of the articles of revocation of dissolution.
   (h) When the revocation of dissolution is effective, it relates back to and takes effect as of the effective date of the dissolution, and the corporation resumes carrying on its business as if dissolution had never occurred.

Section 188. Effect of dissolution. (1) A corporation that has dissolved continues its corporate existence, but the dissolved corporation may not carry on any business except that appropriate to wind up and liquidate its business and affairs, including:
   (a) collecting its assets;
   (b) disposing of its properties that will not be distributed in kind to its shareholders;

   (f) abate or suspend a proceeding pending by or against the corporation on the effective date of dissolution; or
   (g) terminate the authority of the registered agent of the corporation.

(3) A distribution in liquidation under this section may be made only by a dissolved corporation. For purposes of determining the shareholders entitled to receive a distribution in liquidation, the board of directors may fix a record date for determining shareholders entitled to a distribution in liquidation, which may not be retroactive. If the board of directors does not fix a record date for determining shareholders entitled to a distribution in liquidation, the

   (b) provide a mailing address where a claim may be sent;
   (c) state the deadline, which may not be fewer than 120 days after the written notice is effective, by which the dissolved corporation must receive the claim; and
   (d) state that the claim will be barred if not received by the deadline.

(3) A claim against the dissolved corporation is barred:
   (a) if a claimant who was given written notice under subsection (2) does not deliver the claim to the dissolved corporation by the deadline; or
   (b) if a claimant whose claim was rejected by the dissolved corporation does not commence a proceeding to enforce the claim within 90 days after the rejection notice is effective.

(4) For purposes of this section, “claim” does not include a contingent liability or a claim based on an event occurring after the effective date of dissolution.

Section 190. Other claims against dissolved corporations. (1) A dissolved corporation may publish notice of its dissolution and request that persons with claims against the dissolved corporation present them in accordance with the notice.

(2) The notice must:

   (a) a claimant who was not given written notice under [section 189];
   (b) a claimant whose claim was timely sent to the dissolved corporation but not acted on by the corporation;
   (c) a claimant whose claim is contingent or based on an event occurring after the effective date of dissolution.

(4) A claim that is not barred by [section 189(3)] or subsection (3) of this section may be enforced:
   (a) against the dissolved corporation to the extent of its undistributed assets; or
   (b) except as provided in [section 191(4)], if the assets have been distributed in liquidation, against a shareholder of the dissolved corporation to the extent of the shareholder’s pro rata share of the claim or the corporate assets distributed
to the shareholder in liquidation, whichever is less, but a shareholder’s total liability for all claims under this section may not exceed the total amount of assets distributed to the shareholder.

Section 191. Court proceedings. (1) A dissolved corporation that has published a notice under [section 190] may file an application with the district court of the county where its principal office is located or, if its principal office is not located in this state, of the first judicial district for a determination of the amount and form of security to be provided for payment of claims that are contingent or have not been made known to the dissolved corporation or that are based on an event occurring after the effective date of dissolution but that, based on the facts known to the dissolved corporation, are reasonably estimated to arise after the effective date of dissolution. Provision need not be made for any claim that is or is reasonably anticipated to be barred under [section 190(3)].

(2) Within 10 days after the filing of the application, notice of the proceeding must be given by the dissolved corporation to each claimant holding a contingent claim whose contingent claim is shown on the records of the dissolved corporation.

(3) The court may appoint a guardian ad litem to represent all claimants whose identities are unknown in any proceeding brought under this section. The reasonable fees and expenses of the guardian, including all reasonable expert witness fees, must be paid by the dissolved corporation.

(4) Provision by the dissolved corporation for security in the amount and the form ordered by the court under subsection (1) satisfies the dissolved corporation’s obligations with respect to claims that are contingent, have not been made known to the dissolved corporation, or are based on an event occurring after the effective date of dissolution, and those claims may not be enforced against a shareholder who received assets in liquidation.

Section 192. Director duties. (1) Directors shall cause the dissolved corporation to discharge or make reasonable provision for the payment of claims and make distributions in liquidation of assets to shareholders after payment of or provision for claims.

(2) Directors of a dissolved corporation that has disposed of claims under [sections 189 through 191] may not be liable for breach of subsection (1) with respect to claims against the dissolved corporation that are barred or satisfied under [sections 189 through 191].

Section 193. Grounds for administrative dissolution. The secretary of state may commence a proceeding under [section 194] to dissolve a corporation administratively if:

(5) the corporation’s period of duration stated in its articles of incorporation expires.

Section 194. Procedure for and effect of administrative dissolution. (1) On or before September 1 of each year, the secretary of state shall compile a
list of corporations for which one or more grounds exist under [section 193] for
dissolving a corporation, and the secretary of state shall serve the corporation
with written notice of the determination under [section 45].

(2) The notice must specify the grounds for the proposed dissolution and

following the delivery or publication of notice:

   (b) the corporations will forfeit its right to carry on business within the
state.

(3) If the corporation does not correct each ground for dissolution or
demonstrate to the reasonable satisfaction of the secretary of state that each
ground determined by the secretary of state does not exist within 90 days after
service of the notice, the secretary of state shall administratively dissolve the
corporation by signing a certificate of dissolution that recites the ground or
grounds for dissolution and its effective date. The secretary of state shall file
the original of the certificate and serve a copy on the corporation under [section
45].

(4) A corporation administratively dissolved continues its corporate
existence but may not carry on any business except that necessary to wind up
and liquidate its business and affairs under [section 188] and notify claimants
under [sections 189 and 190].

(5) The administrative dissolution of a corporation does not terminate the
authority of its registered agent.

Section 195. Reinstatement following administrative dissolution.
(1) A corporation administratively dissolved under [section 194] may apply to
the secretary of state for reinstatement within 5 years after the effective date
do dissolution. The application must:

information, documents, and fees required by subsections (1) and (2) and that
the information, documents, and fees are complete and correct, the secretary
of state shall cancel the certificate of dissolution and prepare a certificate
of reinstatement that recites the determination and the effective date of
reinstatement, file the original of the certificate, and serve a copy on the
corporation under [section 45].

(4) When the reinstatement is effective, it relates back to and takes effect
as of the effective date of the administrative dissolution, and the corporation
resumes carrying on its business as if the administrative dissolution had never
occurred.

Section 196. Appeal from denial of reinstatement. (1) If the secretary
of state denies a corporation’s application for reinstatement following
administrative dissolution, the secretary of state shall serve the corporation

   (i) the corporation obtained its articles of incorporation through fraud; or
   (ii) the corporation has continued to exceed or abuse the authority conferred upon it by law;
(b) in a proceeding by a shareholder if it is established that:
   (i) the directors are deadlocked in the management of the corporate affairs, the shareholders are unable to break the deadlock, and irreparable injury to the corporation is threatened or being suffered or the business and affairs of the corporation can no longer be conducted to the advantage of the shareholders generally because of the deadlock;

(3) A court in a proceeding brought to dissolve a corporation may issue injunctions, appoint a receiver or custodian during the proceeding with all powers and duties the court directs, take other action required to preserve the corporate assets wherever located, and carry on the business of the corporation until a full hearing can be held.

(5) The court from time to time during the receivership or custodianship may order compensation paid and expenses paid or reimbursed to the receiver or custodian from the assets of the corporation or proceeds from the sale of the assets.

Section 200. Decree of dissolution. (1) If after a hearing the court determines that one or more grounds for judicial dissolution described
in [section 197] exist, it may enter a decree dissolving the corporation and specifying the effective date of the dissolution, and the clerk of the court shall deliver a certified copy of the decree to the secretary of state for filing.

An election pursuant to this section is irrevocable unless the court determines that it is equitable to set aside or modify the election.

(2) An election to purchase pursuant to this section may be filed with the court at any time within 90 days after the filing of a petition under [section 197(1)(b)] or at any later time as the court in its discretion may allow. If the election to purchase is filed by one or more shareholders, the corporation shall, within 10 days after the filing, give written notice to all shareholders other than the petitioner. The notice must state the name of and number of shares owned by the petitioner and the name of and number of shares owned by each electing shareholder and must advise the recipients of their right to join in the election to purchase shares in accordance with this section. Shareholders who wish to participate shall file notice of their intention to join in the purchase no later than 30 days after the effectiveness of the notice to them. All shareholders who have filed an election or notice of their intention to participate in the election to purchase become parties to the proceeding and shall participate in the purchase in proportion to their ownership of shares as of the date the first election was filed unless they otherwise agree or the court otherwise directs. After an election has been filed by the corporation or one or more shareholders, the proceeding under [section 197(1)(b)] may not be discontinued or settled, and the petitioning shareholder may not sell or otherwise dispose of shares, unless the court determines that it would be equitable to the corporation and the shareholders, other than the petitioner, to permit that discontinuance, settlement, sale, or other disposition.

(3) If, within 60 days of the filing of the first election, the parties reach agreement as to the fair value and terms of purchase of the petitioner's shares, the court shall enter an order directing the purchase of the petitioner's shares on the terms and conditions agreed to by the parties.

(4) If the parties are unable to reach an agreement as provided for in subsection (3), the court, upon application of any party, shall stay the proceedings under [section 197(1)(b)] and determine the fair value of the petitioner's shares as of the day before the date on which the petition under [section 197(1)(b)] was filed or another date the court finds appropriate under the circumstances.

(5) Upon determining the fair value of the shares, the court shall enter an order directing the purchase on terms and conditions the court finds appropriate, which may include payment of the purchase price in installments when necessary in the interests of equity, provision for security to ensure payment of the purchase price and any additional expenses awarded, and, if the shares are to be purchased by shareholders, the allocation of shares among them. In allocating the petitioner's shares among holders of different
classes or series of shares, the court shall attempt to preserve the existing distribution of voting rights among holders of different classes or series as far as practicable and may direct that holders of a specific class or classes or series may not participate in the purchase. Interest may be allowed at the rate and from the date determined by the court to be equitable, but if the court finds that the refusal of the petitioning shareholder to accept an offer of payment was arbitrary or otherwise not in good faith, no interest may be allowed. If the court finds that the petitioning shareholder had probable grounds for relief under [section 197(1)(b)(ii) or (1)(b)(iv)], it may award expenses to the petitioning shareholder.

(6) Upon entry of an order under subsection (3) or (5), the court shall dismiss the petition to dissolve the corporation under [section 197(1)(b)], and the petitioning shareholder no longer has any rights or status as a shareholder of the corporation except the right to receive the amounts awarded by the order of the court, which is enforceable in the same manner as any other judgment.

(7) The purchase ordered pursuant to subsection (5) must be made within 10 days after the date the order becomes final.

(8) Any payment by the corporation pursuant to an order under subsection (3) or (5), other than an award of expenses pursuant to subsection (5), is subject to the provisions of [section 60].

Section 202. Deposit with state treasurer. Assets of a dissolved corporation that should be transferred to a creditor, claimant, or shareholder of the corporation who cannot be found or who is not competent to receive them must be reduced to cash and deposited with the state treasurer or other appropriate state official for safekeeping. When the creditor, claimant, or shareholder furnishes satisfactory proof of entitlement to the amount deposited, the state treasurer or other appropriate state official shall pay the person or the person’s representative that amount.

Section 203. Foreign corporations -- governing law. (1) The law of the jurisdiction of formation of a foreign corporation governs:
   (a) the internal affairs of the foreign corporation; and
   (b) the interest holder liability of its shareholders.

(2) A foreign corporation is not precluded from registering to do business in this state because of any difference between the law of the foreign corporation’s jurisdiction of formation and the law of this state.

(3) Registration of a foreign corporation to do business in this state does not permit the foreign corporation to engage in any business or affairs or exercise any power that a domestic corporation may not engage in or exercise in this state.

Section 204. Registration to do business in this state. (1) A foreign corporation may not do business in this state until it registers with the secretary of state under [sections 203 through 214].

(2) A foreign corporation doing business in this state may not maintain a proceeding in any court of this state until it is registered to do business in this state.

(3) Except as provided in subsection (4), the failure of a foreign corporation to register to do business in this state does not impair the validity of a contract or act of the foreign corporation or preclude it from defending a proceeding in this state.

(4) A contract between the state of Montana, an agency of the state, or a political subdivision of the state and a foreign corporation that has failed to register to do business as required under [section 207(4)] is voidable by the state, the contracting state agency, or the contracting political subdivision.
(5) A limitation on the liability of a shareholder or director of a foreign corporation is not waived solely because the foreign corporation does business in this state without registering.

(6) [Section 203(1)] applies even if a foreign corporation fails to register under [sections 203 through 214].

Section 205. Foreign registration statement. To register to do business in this state, a foreign corporation shall deliver a foreign registration statement to the secretary of state for filing. The registration statement must be signed by the foreign corporation and state:

1. the corporate name of the foreign corporation and, if the name does not comply with [section 39], an alternate name as required by [section 208];

2. the foreign corporation’s jurisdiction of formation;

3. the street and mailing addresses of the foreign corporation’s principal office and, if the law of the foreign corporation’s jurisdiction of formation requires the foreign corporation to maintain an office in that jurisdiction, the street and mailing addresses of that office;

4. the street and mailing addresses of the foreign corporation’s registered office in this state and the name of its registered agent at that office;

5. the names and business addresses of its directors and principal officers;

6. a brief description of the nature of its business to be conducted in this state; and

7. a statement that the foreign corporation has complied with the organizational laws in the jurisdiction in which it is organized and that the foreign corporation exists in that jurisdiction.

Section 206. Amendment of foreign registration statement. A registered foreign corporation shall sign and deliver to the secretary of state for filing an amendment to its foreign registration statement if there is a change in:

1. its name or alternate name;

2. its jurisdiction of formation unless its registration is determined to have been withdrawn under [section 210] or transferred under [section 212]; or

3. an address required by [section 205(3)].

Section 207. Activities not constituting doing business. (1) Activities of a foreign corporation that do not constitute doing business in this state for purposes of [sections 203 through 214] include:

(a) maintaining, defending, mediating, arbitrating, or settling a proceeding;

(b) carrying on any activity concerning the internal affairs of the foreign corporation, including holding meetings of its shareholders or board of directors;

(c) maintaining accounts in financial institutions;

(d) maintaining offices or agencies for the transfer, exchange, and registration of securities of the foreign corporation or maintaining trustees or depositories with respect to those securities;

(e) selling through independent contractors;

(f) soliciting or obtaining orders by any means if the orders require acceptance outside this state before they become contracts;

(g) creating or acquiring indebtedness, mortgages, or security interests in property;

(h) securing or collecting debts or enforcing mortgages or security interests in property securing the debts and holding, protecting, or maintaining property so acquired;

(i) owning real or personal property that is acquired incident to activities described in subsection (1)(h) if the property is disposed of within 5 years after the date of acquisition, does not produce income, or is not used in the performance of a corporate function;
(j) conducting an isolated transaction that is completed within 30 days and that is not in the course of repeated transactions of a similar nature; and

(k) doing business in interstate commerce.

(2) The list of activities in subsection (1) is not exhaustive.

(3) This section does not apply in determining the contacts or activities that may subject a foreign corporation to service of process, taxation, or regulation under the laws of this state other than [sections 1 through 221].

(4) A foreign corporation is transacting business within the meaning of subsection (1) if it enters into a contract, including a contract entered into pursuant to Title 18, with the state of Montana, an agency of the state, or a political subdivision of the state and must register to do business under [sections 203 through 214] before entering into the contract. This subsection does not apply to contracts for goods fully prepared or services fully performed out of state for delivery or use in this state.

Section 208. Noncomplying name of foreign corporation. (1) A foreign corporation whose name does not comply with [section 39] may not register to do business in this state until it adopts, for the purpose of doing business in this state, an alternate name that complies with [section 39] by filing a foreign registration statement under [section 205] or, if applicable, a transfer of registration statement under [section 212] setting forth that alternate name. A foreign corporation adopting an alternate name as provided in this subsection need not file under Title 30, chapter 13, part 2, with respect to that alternate name. After registering to do business in this state with an alternate name, a foreign corporation shall do business in this state under:

(a) the alternate name;

(b) the foreign corporation’s name, with the addition of its jurisdiction of formation; or

(c) a name the foreign corporation is authorized to use under Title 30, chapter 13, part 2.

(2) If a registered foreign corporation changes its name after registration to a name that does not comply with [section 39], it may not do business in this state until it complies with subsection (1) of this section by amending its registration statement to adopt an alternate name that complies with [section 39].

Section 209. Withdrawal of registration of registered foreign corporation. (1) A registered foreign corporation may withdraw its registration by delivering a statement of withdrawal to the secretary of state for filing. The statement of withdrawal must be signed by the foreign corporation and must state:

(a) the name of the foreign corporation and its jurisdiction of formation;

(b) that the foreign corporation is not doing business in this state and that it withdraws its registration to do business in this state;

(c) that the foreign corporation revokes the authority of its registered agent in this state;

(d) an address to which process on the foreign corporation may be sent by the secretary of state under [section 45(3)];

(e) that all taxes imposed on the corporation under Title 15 have been paid, supported by a certificate by the department of revenue to be attached to the application to the effect that the department is satisfied from the available evidence that all taxes imposed have been paid. The issuance of the certificate does not relieve the corporation from liability for any taxes, penalties, or interest due the state of Montana.
(f) additional information that may be necessary or appropriate to enable
the secretary of state to determine and assess any unpaid fees or taxes payable
by the foreign corporation.

(2) After the withdrawal of the registration of a foreign corporation, service
of process in any proceeding based on a cause of action arising during the time
the entity was registered to do business in this state may be made as provided
in [section 45].

Section 210. Withdrawal upon domestication or conversion
to certain domestic entities. A registered foreign corporation that
domesticates to a domestic business corporation or converts to a domestic
nonprofit corporation or any type of domestic filing entity or to a domestic
limited liability partnership is considered to have withdrawn its registration
on the effective date of that event.

Section 211. Withdrawal upon dissolution or conversion to
nonfiling entities. (1) A registered foreign corporation that has dissolved
and completed winding up or has converted to a domestic or foreign nonfiling entity
other than a limited liability partnership shall deliver to the secretary of state
for filing a statement of withdrawal. The statement must be signed by the
dissolved corporation or the converted domestic or foreign nonfiling entity and
must state:

(a) in the case of a foreign corporation that has completed winding up:
   (i) its name and jurisdiction of formation;
   (ii) that the foreign corporation withdraws its registration to do business
        in this state and revokes the authority of its registered agent to accept service
        on its behalf;
   (iii) an address to which process on the foreign corporation may be sent by
         the secretary of state under [section 45(3)];
   (iv) that all taxes imposed on the corporation under Title 15 have been paid,
        supported by a certificate by the department of revenue to be attached to the
        application to the effect that the department is satisfied from the available
        evidence that all taxes imposed have been paid. The issuance of the certificate
does not relieve the corporation from liability for any taxes, penalties, or
        interest due the state of Montana.

(b) in the case of a foreign corporation that has converted to a domestic or
    foreign nonfiling entity other than a limited liability partnership:
   (i) the name of the converting foreign corporation and its jurisdiction of
       formation;
   (ii) the type of the nonfiling entity to which it has converted and its name
       and jurisdiction of formation;
   (iii) that it withdraws its registration to do business in this state and
        revokes the authority of its registered agent to accept service on its behalf;
   (iv) an address to which process on the foreign corporation may be sent by
        the secretary of state under [section 45(3)];
   (v) that all taxes imposed on the corporation under Title 15 have been paid,
       supported by a certificate by the department of revenue to be attached to the
       application to the effect that the department is satisfied from the available
       evidence that all taxes have been paid. The issuance of the certificate does not
       relieve the corporation from liability for any taxes, penalties, or interest due
       the state of Montana.
(vi) additional information that may be necessary or appropriate to enable the secretary of state to determine and assess any unpaid fees or taxes payable by the foreign corporation.

(2) After the withdrawal of the registration of a foreign corporation, service of process in any proceeding based on a cause of action arising during the time the entity was registered to do business in this state may be made as provided in [section 45].

**Section 212. Transfer of registration.** (1) If a registered foreign corporation merges into a nonregistered foreign corporation or converts to a foreign corporation required to register with the secretary of state to do business in this state, the foreign corporation shall deliver to the secretary of state for filing a transfer of registration statement. The transfer of registration statement must be signed by the surviving or converted foreign corporation and must state:

(a) the name of the registered foreign corporation and its jurisdiction of formation before the merger or conversion;

(b) the name of the surviving or converted foreign corporation and its jurisdiction of formation after the merger or conversion and, if the name does not comply with [section 39], an alternate name adopted pursuant to [section 208]; and

(c) the following information regarding the surviving or converted foreign corporation after the merger or conversion:

(i) the street and mailing addresses of the principal office of the foreign corporation and, if the law of the foreign corporation’s jurisdiction of formation requires it to maintain an office in that jurisdiction, the street and mailing addresses of that office; and

(ii) the street and mailing addresses of the foreign corporation’s registered office in this state and the name of its registered agent at that office.

(2) On the effective date of a transfer of registration statement as determined in accordance with [section 6], the registration of the registered foreign corporation to do business in this state is transferred without interruption to the foreign corporation into which it has merged or to which it has been converted.

**Section 213. Administrative termination of registration.** (1) The secretary of state may terminate the registration of a registered foreign corporation in the manner provided in subsections (2) and (3) if:

(a) the foreign corporation does not pay within 60 days after they are due any fees, taxes, interest, or penalties imposed by [sections 1 through 221] or other laws of this state;

(b) the foreign corporation does not deliver its annual report to the secretary of state within 120 days after it is due;

(c) the foreign corporation is without a registered agent or registered office in this state for 60 days or more; or

(d) the secretary of state has not been notified within 60 days that the foreign corporation’s registered agent or registered office has been changed, that its registered agent has resigned, or that its registered office has been discontinued.

(2) On or before September 1 of each year, the secretary of state shall compile a list of registered foreign corporations for which one or more grounds exist under subsection (1) for terminating its registration and shall serve the registered foreign corporation with written notice of the determination under [section 45].
(3) If the registered foreign corporation does not correct each ground for termination or demonstrate to the reasonable satisfaction of the secretary of state that each ground for termination determined by the secretary of state does not exist within 60 days after the notice is delivered, the secretary of state may terminate the registration of a registered foreign corporation by issuing a certificate of termination. The certificate of termination must state the effective date of the termination, which must be not less than 60 days after the secretary of state delivers the notice as prescribed in subsection (2)(b).

(4) The registration of a registered foreign corporation to do business in this state ceases on the effective date of the termination as set forth in the certificate of termination.

(5) After the effective date of the termination as set forth in the certificate of termination, service of process in any proceeding based on a cause of action arising during the time the entity was registered to do business in this state may be made as provided in [section 45].

Section 214. Action by attorney general. The attorney general may maintain an action to enjoin a foreign corporation from doing business in this state in violation of [sections 1 through 221].

Section 215. Corporate records. (1) A corporation shall maintain the following records:
   (a) its articles of incorporation as currently in effect;
   (b) any notices to shareholders referred to in [section 3(11)(e)] specifying facts on which a filed document is dependent if those facts are not included in the articles of incorporation or otherwise available as specified in [section 3(11)(e)];
   (c) its bylaws as currently in effect;
   (d) all written communications within the past 3 years to shareholders generally;
   (e) minutes of all meetings of and records of all actions taken without a meeting by its shareholders, its board of directors, and board committees established under [section 109];
   (f) a list of the names and business addresses of its current directors and officers; and
   (g) its most recent annual report delivered to the secretary of state under [section 221].

(2) A corporation shall maintain all annual financial statements prepared for the corporation for its last 3 fiscal years or any shorter period of existence and any audit or other reports with respect to those financial statements.

(3) A corporation shall maintain accounting records in a form that permits preparation of its financial statements.

(4) A corporation shall maintain a record of its current shareholders in alphabetical order by class or series of shares showing the address of and the number and class or series of shares held by each shareholder. Nothing in this subsection requires the corporation to include in the record the electronic mail address or other electronic contact information of a shareholder.

(5) A corporation shall maintain the records specified in this section in a manner that allows them to be made available for inspection within a reasonable time.

Section 216. Inspection rights of shareholders. (1) A shareholder of a corporation is entitled to inspect and copy, during regular business hours at the corporation's principal office, any of the records of the corporation described in [section 215(1)], excluding minutes of meetings of and records of actions taken without a meeting by the corporation's board of directors and board committees established under [section 109], if the shareholder gives
the corporation a signed written notice of the shareholder’s demand at least 5 business days before the date on which the shareholder wishes to inspect and copy.

(2) A shareholder of a corporation is entitled to inspect and copy, during regular business hours at a reasonable location specified by the corporation, any of the following records of the corporation if the shareholder meets the requirements of subsection (3) and gives the corporation a signed written notice of the shareholder’s demand at least 5 business days before the date on which the shareholder wishes to inspect and copy:

(a) the financial statements of the corporation maintained in accordance with [section 215(2)];
(b) accounting records of the corporation;
(c) excerpts from minutes of any meeting of or records of any actions taken without a meeting by the corporation’s board of directors and board committees maintained in accordance with [section 215(1)]; and
(d) the record of shareholders maintained in accordance with [section 215(4)].

(3) A shareholder may inspect and copy the records described in subsection (2) only if:

(a) the shareholder’s demand is made in good faith and for a proper purpose;
(b) the shareholder’s demand describes with reasonable particularity the shareholder’s purpose and the records the shareholder desires to inspect; and
(c) the records are directly connected with the shareholder’s purpose.

(4) The corporation may impose reasonable restrictions on the confidentiality, use, or distribution of records described in subsection (2).

(5) For any meeting of shareholders for which the record date for determining shareholders entitled to vote at the meeting is different from the record date for notice of the meeting, any person who becomes a shareholder subsequent to the record date for notice of the meeting and is entitled to vote at the meeting is entitled to obtain from the corporation upon request the notice and any other information provided by the corporation to shareholders in connection with the meeting unless the corporation has made the information generally available to shareholders by posting it on its website or by other generally recognized means. Failure of a corporation to provide this information does not affect the validity of action taken at the meeting.

(6) The right of inspection granted by this section may not be abolished or limited by a corporation’s articles of incorporation or bylaws.

(7) This section does not affect:

(a) the right of a shareholder to inspect records under [section 70] or, if the shareholder is in litigation with the corporation, to the same extent as any other litigant; or
(b) the power of a court, independently of [sections 1 through 221], to compel the production of corporate records for examination and to impose reasonable restrictions as provided in [section 218(3)] if, in the case of production of records described in subsection (2) of this section at the request of a shareholder, the shareholder has met the requirements of subsection (3) of this section.

(8) For purposes of this section, “shareholder” means a record shareholder, a beneficial shareholder, and an unrestricted voting trust beneficial owner.

Section 217. Scope of inspection right. (1) A shareholder may appoint an agent or attorney to exercise the shareholder’s inspection and copying rights under [section 216].

(2) The corporation may, if reasonable, satisfy the right of a shareholder to inspect and copy records under [section 216] by furnishing to the shareholder copies by photocopy or other means chosen by the corporation, including furnishing copies through an electronic transmission.
(3) The corporation may comply at its expense with a shareholder’s demand to inspect the record of shareholders under [section 216(2)(d)] by providing the shareholder with a list of shareholders that was compiled no earlier than the date of the shareholder’s demand.

(4) The corporation may impose a reasonable charge to cover the costs of providing copies of documents to the shareholder, which may be based on an estimate of those costs.

Section 218. Court-ordered inspection. (1) If a corporation does not allow a shareholder who complies with [section 216(1)] to inspect and copy any records required by that section to be available for inspection, the district court of the county where the corporation’s principal office is located or, if its principal office is not located in this state, of the first judicial district may summarily order inspection and copying of the records demanded at the corporation’s expense upon application of the shareholder.

(2) If a corporation does not within a reasonable time allow a shareholder who complies with [section 216(2)] to inspect and copy the records required by that section, the shareholder, if the shareholder also complies with [section 216(3)], may apply to the district court of the county where the corporation’s principal office is located or, if its principal office is not located in this state, of the first judicial district for an order to permit inspection and copying of the records demanded. The court shall dispose of an application under this subsection on an expedited basis.

(3) If the court orders inspection and copying of the records demanded under [section 216(2)], it may impose reasonable restrictions on their confidentiality, use, or distribution by the demanding shareholder, and it shall also order the corporation to pay the shareholder’s expenses incurred to obtain the order unless the corporation establishes that it refused inspection in good faith because the corporation had:

(a) a reasonable basis for doubt about the right of the shareholder to inspect the records demanded; or

(b) required reasonable restrictions on the confidentiality, use, or distribution of the records demanded to which the demanding shareholder had been unwilling to agree.

Section 219. Inspection rights of directors. (1) A director of a corporation is entitled to inspect and copy the books, records, and documents of the corporation at any reasonable time to the extent reasonably related to the performance of the director’s duties as a director, including duties as a member of a board committee, but not for any other purpose or in any manner that would violate any duty to the corporation.

(2) The district court of the county where the corporation’s principal office is located or, if its principal office is not located in this state, of the first judicial district may order inspection and copying of the books, records, and documents at the corporation’s expense upon application of a director who has been refused inspection rights unless the corporation establishes that the director is not entitled to those inspection rights. The court shall dispose of an application under this subsection on an expedited basis.

(3) If an order is issued, the court may include provisions protecting the corporation from undue burden or expense and prohibiting the director from using information obtained by exercise of the inspection rights in a manner that would violate a duty to the corporation and may also order the corporation to reimburse the director for the director’s expenses incurred in connection with the application.

Section 220. Financial statements for shareholders. (1) Upon the written request of a shareholder, a corporation shall deliver or make available
to the requesting shareholder by posting on its website or by other generally recognized means annual financial statements for the most recent fiscal year of the corporation for which annual financial statements have been prepared. If financial statements have been prepared for the corporation on the basis of generally accepted accounting principles for the specified period, the corporation shall deliver or make available those financial statements to the requesting shareholder. If the annual financial statements to be delivered or made available to the requesting shareholder are audited or otherwise reported on by a public accountant, the report must also be delivered or made available to the requesting shareholder.

(2) A corporation shall deliver or make available and provide written notice of availability of the financial statements required under subsection (1) to the requesting shareholder within 5 business days of delivery of a written request to the corporation.

(3) A corporation may fulfill its responsibilities under this section by delivering the specified financial statements or otherwise making them available in any manner permitted by the applicable rules and regulations of the United States securities and exchange commission.

(4) Notwithstanding the provisions of subsections (1) through (3):

(a) as a condition to delivering or making available financial statements to a requesting shareholder, the corporation may require the requesting shareholder to agree to reasonable restrictions on the confidentiality, use, and distribution of the financial statements; and

(b) the corporation may, if it reasonably determines that the shareholder’s request is not made in good faith or for a proper purpose, decline to deliver or make available financial statements to that shareholder.

(5) If a corporation does not respond to a shareholder’s request for annual financial statements pursuant to this section in accordance with subsection (2) within 5 business days of delivery of the request to the corporation:

(a) The requesting shareholder may apply to the district court of the county where the corporation’s principal office is located or, if its principal office is not located in this state, of the first judicial district for an order requiring delivery of or access to the requested financial statements. The court shall dispose of an application under this subsection on an expedited basis.

(b) If the court orders delivery of or access to the requested financial statements, it may impose reasonable restrictions on their confidentiality, use, or distribution.

(c) In a proceeding under this section, if the corporation has declined to deliver or make available financial statements because the shareholder had been unwilling to agree to restrictions proposed by the corporation on the confidentiality, use, and distribution of the financial statements, the corporation has the burden of demonstrating that the restrictions proposed by the corporation were reasonable.

(d) In a proceeding under this section, if the corporation has declined to deliver or make available financial statements pursuant to subsection (4)(b), the corporation has the burden of demonstrating that it had reasonably determined that the shareholder’s request was not made in good faith or for a proper purpose.

(e) If the court orders delivery of or access to the requested financial statements, it shall order the corporation to pay the shareholder’s expenses incurred to obtain the order unless the corporation establishes that it had refused delivery or access to the requested financial statements because the shareholder had refused to agree to reasonable restrictions on the confidentiality, use, or distribution of the financial statements or that the
corporation had reasonably determined that the shareholder’s request was not made in good faith or for a proper purpose.

**Section 221. Annual report for secretary of state.** (1) Each domestic corporation shall deliver to the secretary of state for filing an annual report that sets forth:

(a) the name of the corporation;
(b) the street and mailing address of its registered office and the name of its registered agent at that office in this state;
(c) the street and mailing address of its principal office;
(d) the names and business addresses of its directors and principal officers;
(e) a brief description of the nature of its business;
(f) the total number of authorized shares, itemized by class and series, if any, within each class; and
(g) the total number of issued and outstanding shares, itemized by class and series, if any, within each class.

(2) Each foreign corporation registered to do business in this state shall deliver to the secretary of state for filing an annual report that sets forth:

(a) the name of the foreign corporation and, if the name does not comply with [section 39], an alternate name as required by [section 208];
(b) the foreign corporation’s jurisdiction of formation;
(c) the street and mailing addresses of the foreign corporation’s principal office and, if the law of the foreign corporation’s jurisdiction of formation requires the foreign corporation to maintain an office in that jurisdiction, the street and mailing addresses of that office;
(d) the street and mailing addresses of the foreign corporation’s registered office in this state and the name of its registered agent at that office;
(e) the names and business addresses of its directors and principal officers; and
(f) a brief description of the nature of its business conducted in this state.

(3) Information in the annual report must be current as of the date the annual report is signed on behalf of the corporation.

(4) The first annual report must be delivered to the secretary of state between January 1 and April 15 of the year following the calendar year in which a domestic corporation was incorporated or a foreign corporation was registered to do business. Subsequent annual reports must be delivered to the secretary of state between January 1 and April 15 of subsequent years.

(5) If an annual report does not contain the information required by this section, the secretary of state shall promptly notify the reporting domestic or foreign corporation in writing. The corrected report must be filed by April 15 to be considered timely filed.

**Section 222.** Section 10-4-101, MCA, is amended to read:

“10-4-101. Definitions. As used in this chapter, unless the context requires otherwise, the following definitions apply:

(1) “9-1-1 system” means telecommunications facilities, circuits, equipment, devices, software, and associated contracted services for the transmission of emergency communications. A 9-1-1 system includes the transmission of emergency communications:

(a) from persons requesting emergency services to a primary public safety answering point and communications systems for the direct dispatch, relay, and transfer of emergency communications; and
(b) to or from a public safety answering point to or from emergency service units.

(2) “Access line” means a voice service of a provider of exchange access services, a wireless provider, or a provider of interconnected voice over IP
service that has enabled and activated service for its subscriber to contact a
public safety answering point via a 9-1-1 system by entering or dialing the digits 9-1-1. When the service has the capacity, as enabled and activated by
a provider, to make more than one simultaneous outbound 9-1-1 call, then
each separate simultaneous outbound call, voice channel, or other capacity
constitutes a separate access line.

(3) “Commercial mobile radio service” means:

Section 223. Section 15-31-103, MCA, is amended to read:

“15-31-103. Research and development firms exempt from taxation – application. (1) A research and development firm organized to engage in business in the state of Montana for the first time is not subject to any of the taxes imposed by this chapter on net income earned from research and development activities during its first 5 taxable years of activity in Montana. For purposes of 15-31-401 and this section, “taxable year” means a research and development firm’s taxable year for federal income tax purposes.

(2) (a) To be considered a research and development firm, the chief executive officer of the firm or the officer’s agent shall file with the department of revenue an application for treatment as a research and development firm.

(b) The application must be made on a form to be provided by the department. The form must include, at a minimum:

(i) the name and address of each officer of the research and development firm;

(ii) the name of the research and development firm as required for the purpose of incorporation in 35-1-216;

(3) On receipt of the information required in subsection (2)(b), provided that it was filed in the time allowed under subsection (2)(c), the department shall designate the applicant as a research and development firm for the purposes of this section.

(4) Failure by an applicant to provide information required by the department under subsection (2)(b) or, except as provided in subsection (5), failure to file within the time allowed under subsection (2)(c) automatically disqualifies the applicant from being designated and treated as a research and development firm for the purposes of this section.

(5) The director of the department may grant an extension of time for an applicant to file an application for treatment as a research and development firm, provided the extension is given in writing and the extension does not extend beyond 30 days from the date the application was required to be filed under subsection (2)(c).

(6) For the purpose of calculating or otherwise determining the period for which a deduction, exclusion, exemption, or credit may be taken under the provisions of this chapter, the department shall disregard a research and development firm’s first 5 taxable years of activity in Montana and administer the deduction, exclusion, exemption, or credit as if the corporation did not exist during those taxable years. This treatment of a research and development firm extends to net operating loss carryback and net operating loss carryforward provisions allowed under this chapter.”

Section 224. Section 15-31-552, MCA, is amended to read:

“15-31-552. Corporation dissolution or withdrawal certificates and tax clearance certificates furnished. (1) For purposes of voluntary withdrawal or dissolution as set forth in 35-1-944 Title 35, upon request of a corporation, the department of revenue may furnish to it a dissolution or withdrawal certificate verifying that the corporation has filed all applicable returns and has paid all taxes owing the state up to the date of the request for dissolution or withdrawal.

(2) Upon final withdrawal or dissolution, the department may furnish to a corporation a tax clearance certificate verifying that the corporation has filed all applicable returns and that all taxes have been paid through and including the corporation’s final year of existence in Montana.”

Section 225. Section 20-5-320, MCA, is amended to read:

“20-5-320. Attendance with discretionary approval. (1) A child may be enrolled in and attend a school in a Montana school district that is outside of the child’s district of residence or a public school in a district of another state or province that is adjacent to the county of the child’s residence, subject to discretionary approval by the trustees of the resident district and the district of choice. If the trustees grant discretionary approval of the child’s attendance in a school of the district, the parent or guardian may be charged tuition and may be charged for transportation.

(2) (a) Whenever a parent or guardian of a child wishes to have the child attend a school under the provisions of this section, the parent or guardian shall apply to the trustees of the district where the child wishes to attend. The application must be made on an out-of-district attendance agreement
form supplied by the district and developed by the superintendent of public instruction.

(b) The attendance agreement must set forth the financial obligations, if any, for tuition and for costs incurred for transporting the child under Title 20, chapter 10.

(c) (i) The trustees of the district of choice may waive any or all of the tuition rate. The trustees of the district of choice may waive the tuition for all students whose tuition is required to be paid by one type of entity and may charge tuition for all students whose tuition is required to be paid by another type of entity. However, any waiver of tuition must be applied equally to all students whose tuition is paid by the same type of entity.

(ii) As used in this subsection (2)(c), “entity” means a parent or guardian or the trustees of the district of residence.

(3) An out-of-district attendance agreement approved under this section requires that the parent or guardian initiate the request for an out-of-district attendance agreement and that the trustees of both the district of residence and the district of choice approve the agreement.

(4) If the trustees of the district of choice waive tuition, approval of the resident district trustees is not required.

(5) The trustees of a school district may approve or disapprove the out-of-district attendance agreement consistent with this part and the policy adopted by the local board of trustees for out-of-district attendance agreements.

(6) The approval of an out-of-district attendance agreement by the applicable approval agents or as the result of an appeal must authorize the child named in the agreement to enroll in and attend the school named in the agreement for the designated school year.

(7) The trustees of the district where the child wishes to attend have the discretion to approve any attendance agreement.

(8) This section does not preclude the trustees of a district from approving an attendance agreement for educational program offerings not provided by the resident district, such as the kindergarten or grades 7 and 8 programs, if the trustees of both districts agree to the terms and conditions for attendance and any tuition and transportation requirement. For purposes of this subsection, the trustees of the resident district shall initiate the out-of-district agreement.

(9) (a) A provision of this title may not be construed to deny a parent or guardian the right to send a child, at personal expense, to any school of a district other than the resident district when the trustees of the district of choice have approved an out-of-district attendance agreement and the parent or guardian has agreed to pay the tuition as prescribed by 20-5-323. However, under this subsection (9), the tuition rate must be reduced by the amount that the parent or guardian of the child paid in district property taxes during the immediately preceding school fiscal year for the benefit and support of the district in which the child will attend school.

(b) For the purposes of this section, “parent or guardian” includes an individual shareholder of a domestic corporation as defined in 35-1-113 whose shares are 95% held by related family members to the sixth degree of consanguinity or by marriage to the sixth degree of affinity.

(c) The tax amount to be credited to reduce any tuition charge to a parent or guardian under subsection (9)(a) is determined in the following manner:

(i) determine the percentage of the total shares of the corporation held by the shareholder parent or parents or guardian;

(ii) determine the portion of property taxes paid in the preceding school fiscal year by the corporation, parent, or guardian for the benefit and support of the district in which the child will attend school.
(d) The percentage of total shares as determined in subsection (9)(c)(i) is the percentage of taxes paid as determined in subsection (9)(c)(ii) that is to be credited to reduce the tuition charge.

(10) As used in 20-5-320 through 20-5-324, the term “guardian” means the guardian of a minor as provided in Title 72, chapter 5, part 2.”

(5) A banking corporation may not amend or restate its articles of incorporation until its articles of amendment or articles of restatement have been submitted to and have been approved by the department and until it has obtained approval from the department authorizing the proposed amendment or restatement.

Any capital stock purchased or acquired to prevent the loss must be sold by the bank within 6 months after purchase or acquisition if it can be sold for the amount of the claim of the bank against it. All capital stock purchased or acquired must be sold for the best price obtainable by the bank within 1 year after purchase or acquisition, or if the stock is unmarketable, it must be charged off as an investment loss, which is equivalent to the stock’s sale. A person or corporation violating any provision of this section shall forfeit to the state twice the nominal amount of the stock.

(2) A bank may acquire and hold for its own account:

(e) the plan provides for the purchase of the shares of any nonconsenting stockholder in the same manner and subject to the same applicable conditions as provided by Title 35, chapter 1, part 8; [sections 171 through 183] as to rights of nonconsenting stockholders, with respect to consolidation or merger of private corporations;
(f) the plan provides for definite conditions to be fulfilled by a designated early date upon which such mutualization will be deemed effective; and

contract at any time for cause after providing adequate notice as defined in
the contract.
(c) The board may not enter a service provider contract with a person

Upon written application to the board, a terminating member may have the payment of all or any portion of the member’s accumulated contributions rolled over or transferred into another eligible retirement plan or a Roth IRA, provided for under 26 U.S.C. 408A, designated by the member. (3) If a deceased member had 5 or more years of creditable service and was retired at the time of death, the sum of $200 a month must be paid to each minor child of the deceased retiree until the child reaches 18 years of age.

(i) there is no living individual who is an eligible alternate beneficiary at a higher level of priority; and
(ii) the decedent’s estate will not be formally or informally probated.

(3) If the retirement system is unable to identify and locate a surviving individual listed in subsection (2)(a), the alternate beneficiary is the individual
named in the decedent’s will as the personal representative or executor of the decedent’s estate if:

(a) the total amount to be distributed is $5,000 or less;
(b) payment will be made by December 31 in the year of the death; and

(4) A distribution under subsection (3) will be reported for tax purposes as a final distribution to the decedent.

(5) Payment under this section of benefits due shall constitute full discharge of the retirement system’s duties and obligations resulting from the death.

Section 15. When beneficiaries designated — eligible beneficiaries — right to renounce. (1) Upon first becoming an active member of the retirement system, the member shall designate one or more primary beneficiaries and may designate one or more contingent beneficiaries.

(2) (a) At the time of retirement, the member’s beneficiary designations under subsection (1) are void and the member shall designate a joint annuitant or make a new beneficiary designation as provided in this subsection (2).

(b) A member who elects a normal form retirement allowance or a 10-year or 20-year period certain allowance under 19-20-702(3) shall designate one or more primary beneficiaries and may designate one or more contingent beneficiaries.

(c) A member who elects a joint and survivor annuity under 19-20-702(2) shall designate one individual as the member’s joint annuitant and is prohibited from designating a beneficiary.

(3) A designated beneficiary must be one of the following expressly identified by the designator in a beneficiary designation record as a primary or contingent beneficiary:

(a) a named individual;
(b) the member’s estate; or
(c) a legally existing trust created by the member as trustor or grantor.

(4) (a) If the member’s estate or trust is designated as a primary beneficiary, no other primary and no contingent beneficiary may be designated.

(b) If the member’s estate or trust is designated as a contingent beneficiary, no other contingent beneficiaries may be designated.

(5) (a) An eligible beneficiary is a designated beneficiary or alternate beneficiary entitled to receive payment of all or a share of a refund of a member’s account balance, a monthly retirement allowance, or a lump-sum payment of the actuarially determined present value of the remaining payments under a period certain retirement allowance due to the death of a member or benefit recipient, based on the criteria set forth in this section.

(b) For an individual to be an eligible beneficiary, the individual must:
(i) survive at the time the distribution is to be made; and

(c) For the estate of the decedent to be an eligible beneficiary, the estate must:
(i) be in formal or informal probate at the time the distribution is to be made;
(ii) have a court-appointed personal representative; and

(d) For a trust created by the decedent to be an eligible beneficiary, the
trust at the time the distribution is to be made must:
(i) legally exist;
(ii) be irrevocable;
(iii) have a tax identification number.
(6) The eligible beneficiary or beneficiaries are determined at the time
the first distribution is to be made by the retirement system as a result of the
death of a decedent in the following order of priority to:
(a) one or more primary designated beneficiaries;
(b) one or more contingent designated beneficiaries; or
(c) one or more alternate beneficiaries.
(7) An individual who is a designated beneficiary may renounce the
individual’s beneficiary interest. A renunciation must be made of the
beneficiary’s entire interest. A partial renunciation may not be made. A
beneficiary who renounces the beneficiary’s interest is deemed to have
predeceased the designator.

Section 16. Requirements for beneficiary designation to be
effective. (1) To be accepted as an effective beneficiary designation, the
beneficiary designation record must:
(a) be made on a paper form or by an electronic process prescribed by the
retirement system specifically for the designation of beneficiaries;
(b) if submitted electronically, include the certified digital signature of
the member, or, if submitted on a paper form, be signed by the member and
notarized;
(c) specifically identify each eligible beneficiary intended to be designated
as a beneficiary;
(d) include all required information and supporting documentation for
each designated beneficiary;
(e) comply with all other stated requirements and limitations; and
(f) be submitted to the retirement system while the member is still alive.
(3) (a) The retirement system is not responsible for verifying beneficiary
information provided by a designator.
(b) The retirement system may accept or decline a beneficiary designation
record pending receipt of required supporting documentation. However, if the
retirement system accepts a beneficiary designation record pending receipt of
supporting documentation, the beneficiary designation is not effective unless
the retirement system receives all required supporting documentation within
the required timeframe.
(c) If multiple beneficiaries are designated on a beneficiary designation
record and the retirement system accepts the beneficiary designation as
effective but later determines that one or more of the beneficiaries was not
effectively designated or is not an eligible beneficiary at the time payment is to
be made, the beneficiary designation will remain in effect with the ineffectively
designated or ineligible beneficiaries deemed to have predeceased the member.

Section 17. Changes to beneficiary designations — limitations on
changing spouse beneficiary interest. (1) Once accepted by the retirement
system, a beneficiary designation may be changed only by the member
submitting to the retirement system a new effective beneficiary designation
record. No other action, process, or provision of law may invalidate, revoke,
terminate, or otherwise modify the beneficiary designation record. Divorce,
annulment, or other circumstances resulting in the termination of a valid or invalid marriage does not void the member’s designation of the former spouse or purported spouse as a beneficiary.

(2) (a) Except as provided in subsection (3), a member may change the member’s beneficiary designation at any time by filing with the retirement system a new beneficiary designation record.

(b) The new beneficiary designation must meet all requirements specified in [section 16] to be effective.

(c) A new effective beneficiary designation invalidates all prior beneficiary designations.

(3) (a) A member may not reduce or revoke the beneficiary interest of a designated beneficiary identified as the member’s spouse if a divorce is pending, except with a signed and notarized waiver of beneficiary interest made by the spouse or pursuant to an order of the court in which the divorce is pending.

(b) If a change resulting in a reduction or revocation of a spouse beneficiary’s interest is made by the member, the member shall establish the member’s right to reduce or revoke the spouse beneficiary’s interest by completing a certification of marital status.

Section 18. Payment to minor child — opportunity to name custodian. (1) The retirement system may not make a payment directly to an individual who is less than 21 years of age.

(2) The retirement system shall make a payment to which a minor child is entitled by making the payment to an entity or adult designated as a custodian for the minor child pursuant to the Montana Uniform Transfers to Minors Act, or to a person or entity designated by court order as legal guardian or conservator for the minor child. (3) If a custodian for the child has not been designated, the retirement system shall withhold payment of any amount until the minor child attains 21 years of age, or until a court order of guardianship or conservatorship is issued on behalf of the child.

Section 19. Supremacy of retirement system provisions. The designation and payment of beneficiaries under the retirement system is governed solely by the provisions of this chapter. No other provisions of law apply.

Section 20. Section 19-20-1212, MCA, is amended to read:

(a) adjust the amount of subsequent contributions due from the employer;

Section 21. Section 19-21-202, MCA, is amended to read:

“19-21-202. Effect on rights under teachers’ retirement system. (1) An election under 19-21-201 to participate in the program is a waiver of all rights and benefits under the teachers’ retirement system except as provided in this section.
(2) A member of the teachers’ retirement system who elects to participate in the program is considered, for the purpose of determining eligibility for rights and benefits under that system, to be no longer employed in a capacity that allows active membership in that system as of the effective date of the election. Thereafter, the member is considered an inactive member of the system if qualified under 19-20-303, with the rights and privileges provided under 19-20-603(1). A member who elects to participate in the program who does not qualify as an inactive member under 19-20-303 is considered a terminated member of the system under 19-20-304(4).

(3) A person who elects to participate in the program is ineligible to be an active member of the teachers’ retirement system while continuously employed in a position eligible to participate in the program.”

(3) The motor vehicle franchisee shall calculate its prevailing retail parts markup by determining the total charges for parts from the qualified repairs submitted, dividing that amount by the franchisee’s total cost of the purchase of those parts including shipping and other charges, subtracting 1, and multiplying by 100 to produce a percentage.

When a claim is disapproved, the motor vehicle franchisee must be notified in writing of the grounds for the disapproval. A claim that has been approved and paid may not be charged back to the franchisee unless it can be shown that the claim was false or fraudulent, that the labor was not properly performed, or that the parts or labor were unnecessary to correct the defective condition.

(c) A manufacturer may not deny a claim or reduce the amount to be reimbursed to the dealer if the dealer has provided reasonably sufficient documentation demonstrating that the dealer performed the services in compliance with the written policies and procedures of the manufacturer known to the dealer at the time of submission of the claim.

(d) A manufacturer may not deny a claim based solely on a dealer’s incidental failure to comply with a specific claim processing requirement, such

(1) Any designated family member who receives notice of the manufacturer’s, factory branch’s, distributor’s, or importer’s refusal to honor the family member’s succession to the ownership and operation of the dealership may, within the 90-day period, file with the department a verified complaint for a
hearing and determination by the department on whether good cause exists for refusal and discontinuance file a written complaint with the department for a hearing and determination by the department as to whether good cause exists for refusal to honor the designated family member’s succession to the operation and ownership of the dealership.

(2) The manufacturer, factory branch, distributor, or importer must establish good cause for refusal by showing that the designated family member failed to comply with the provisions of 61-4-132(2) or that the succession would be detrimental to the public interest or to the representation of the manufacturer, factory branch, distributor, or importer.

(3) The franchise agreement must continue in effect until the final adjudication by the department on the verified complaint written complaint and the exhaustion of all appellate remedies available to the designated family member. The manufacturer, factory branch, distributor, or importer and the designated family member shall abide by the terms of the franchise agreement and the laws of Montana during adjudication by the department and the appeals process.

(4) If the manufacturer, factory branch, distributor, or importer prevails, the department shall include in its order approving the termination of the franchise agreement reasonable conditions affording the complainant designated family member an opportunity to receive fair and reasonable compensation for the value of the dealership.

(5) Any decision by the department may be reviewed pursuant to Title 2, chapter 4, part 7.”

Section 14. Section 61-4-204, MCA, is amended to read:

“61-4-204. Filing agreement – product liability. (1) A franchisee shall, at the time of application for a new motor vehicle dealer license under the provisions of 61-4-101, file with the department a certified copy of the franchisee’s written agreement with a manufacturer and a certificate of appointment as dealer or distributor. The certificate of appointment must be signed by an authorized agent of the manufacturer of domestic motor vehicles whenever there is a direct manufacturer dealer agreement or by an authorized agent of the distributor whenever the manufacturer is wholesaling through an appointed distributorship. The certificate must be signed by an authorized agent of the importer of foreign-made vehicles whenever there is a direct importer-dealer agreement or by an authorized agent of the distributor whenever there is an indirect distributor-dealer agreement. The distributor’s certificate of appointment must be signed by an authorized agent of the manufacturer of domestically manufactured motor vehicles or by an authorized agent of the manufacturer or importer of foreign-made motor vehicles.

(2) A franchisee need not file a written agreement or certificate of appointment if the manufacturer on direct dealerships or distributor on indirect dealerships or importer on direct dealerships uses the identical basic agreement for all its franchised dealers or distributors in this state and certifies in the certificate of appointment that the blanket agreement is on file and the written agreement with the particular dealer or distributor, respectively, is identical with the filed blanket agreement and that the franchisee has filed with the department one agreement together with a list of franchised dealers or distributors.

(3) A franchisor shall notify the department within 30 days of any revision of or addition to the basic agreement on file or of any franchise supplement to the agreement. Annual renewal of a certificate filed as provided in this section is not required.
(4) A manufacturer shall file with the department a copy of the delivery and preparation obligations required to be performed by a dealer prior to the delivery of a new motor vehicle to a buyer. These delivery and preparation obligations constitute the dealer's only responsibility for product liability as between the dealer and the manufacturer. Any mechanical, body, or parts defects arising from an express or implied warranty of the manufacturer constitute the manufacturer's product or warranty liability only. *A manufacturer may not refuse a dealer's demand for defense and indemnity of a claim to which the dealer has been joined as a party, alleging manufacturer's negligence or breach of the manufacturer's warranty or product liability based on the mere allegations of the complaint without a reasonable investigation of the facts and determination that the dealer failed to perform the dealer's delivery and preparation obligations as required by this subsection or otherwise violated a legal duty owed to the claimant or manufacturer.* However, this section may not affect the obligations of new motor vehicle dealers to perform warranty repair and maintenance that may be required by law or contract. Except with regard to household appliances, including but not limited to ranges, refrigerators, and water heaters, in a recreational vehicle and except with regard to a truck rated at more than 10,000 pounds gross vehicle weight, the manufacturer shall compensate an authorized dealer for labor, parts, and other expenses incurred by a dealer who performs work to rectify the manufacturer's product or warranty defect or for delivery and preparation obligations as provided in this part at the same rate and time the dealer charges to its retail customers for nonwarranty work of a like kind, based upon a published, nationally recognized, retail flat-rate labor time guide manual if the dealer uses the manual as the basis for computing charges for both warranty and retail work.

(5) (a) All claims made by the dealer pursuant to this section for compensation for delivery, preparation, warranty, and recall service, including labor, parts, and other expenses, and claims made for incentives must be paid by the manufacturer within 30 days of receipt of the claim from the dealer, unless the claim is properly disapproved, except that a manufacturer of a motor home shall pay any claim within 60 days of receipt from the dealer.

(b) If a claim is disapproved, the dealer must be notified in writing of the grounds for disapproval. A claim that has not been disapproved in writing within 30 days of having been received must be considered approved, and payment is due to the claimant immediately. However, the manufacturer retains the right to audit a claim for a period of 12 months following the payment of the claim.

(c) A claim that has been approved and paid may not be charged back to the dealer unless the manufacturer proves that:

(i) the claim was false or fraudulent;

(ii) the repairs were not properly made; or

(iii) the repairs were not necessary to correct the defective condition.

(d) A manufacturer may not deny a claim or reduce the amount to be reimbursed to the dealer if the dealer has provided reasonably sufficient documentation demonstrating that the dealer performed the services in compliance with the written policies and procedures of the manufacturer. A manufacturer may not deny a claim based solely on a dealer's incidental failure to comply with a specific claim processing requirement, such as a clerical error or other administrative technicality that does not put into question the legitimacy of the claim.

(6) Notwithstanding the terms of any agreement, the franchisor may not refuse to allocate, sell, or deliver motor vehicles, may not penalize a dealer, may not charge back or withhold payments or other things of value for which
the dealer is otherwise entitled under a sales promotion, program, or contest, and may not prevent the dealer from participating in any promotion, program, or contest based on the dealer’s selling of a motor vehicle to a customer who was present at the dealership and that the dealer did not know or could not have reasonably known that the motor vehicle would be shipped to a foreign country. There is a rebuttable presumption that the dealer did not know or could not have reasonably known that the vehicle would be shipped to a foreign country if the motor vehicle is titled in the United States.

(7) A franchisor may not recover or seek to recover any of its costs for compensating a dealer for warranty work, including labor and parts, or for the dealer’s participation in incentives by imposing on the dealer any charge or surcharge to the wholesale price paid by the dealer to the franchisor for any product, including motor vehicles and parts.

(8) A franchisor may reasonably and periodically audit a motor vehicle dealer to determine the validity of paid claims or charge-backs for customer or dealer incentives.

(9) A dealer has 60 days from the date of notification by a manufacturer of a denial or a charge-back to the dealer to resubmit a claim for payment or compensation if the claim was denied for a dealer’s incidental failure as set forth in subsection (5)(d) [section 4(12)(d)], regardless of whether the denial or charge-back was a direct or an indirect transaction.

(10) A dealer has 90 days after the expiration of a franchisor incentive program, or a longer time if provided by the franchise agreement, to submit a claim for payment or compensation under the program.

(11) Notwithstanding the terms of a franchise agreement or other contract with a dealer and except as provided in subsection (5)(e), after the expiration of 1 year after the date of payment of a motor vehicle claim or 1 year from the end of a program that does not exceed 1 year in length, whichever is later, a franchisor may not:

(a) charge back to a dealer, whether directly or indirectly, the amount of a claim that has been approved and paid by the franchisor under an incentive program;

(b) charge back to a dealer, whether directly or indirectly, the cash value of a prize or other thing of value awarded to the dealer under an incentive program; or

(c) audit the records of a dealer to determine compliance with the terms of an incentive program.

(12) Subsection (11) does not prohibit a franchisor from making charge-backs to a dealer for fraud at any time as permitted by subsection (5)(e) 27-2-203.

(13) The dealer shall furnish the purchaser of a new motor vehicle with a signed copy of the manufacturer’s delivery and preparation requirements indicating that each of those requirements has been performed.

(14) Any violation of this section constitutes a prohibited practice.”

Section 15. Section 61-4-205, MCA, is amended to read:
“61-4-205. Limitations on cancellation and termination.
(1) Notwithstanding the terms, provisions, or conditions of any agreement or franchise, a franchisor may not cancel, terminate, or refuse to continue a franchise unless the franchisor has cause for termination or noncontinuance.

(2) A franchisor may not enter into a franchise for the purpose of establishing an additional new motor vehicle dealership in any community in which the same line-make is then represented unless there is good cause for an additional new motor vehicle dealership under a franchise and it is in the public interest.
(3) (a) If a franchisor seeks to terminate or not continue a franchise or seeks to enter into a franchise establishing an additional new motor vehicle dealership of the same line-make, the franchisor shall, not less than 60 days prior to the intended action, and the franchisee may, at any time, file a notice with the department of intention to terminate or not continue the franchise or to enter into a franchise for additional representation of the same line-make. A notice of intention to terminate or not continue a franchise is not required from a franchisor until the conclusion of any review proceeding of that intention offered to the franchisee under the franchise. This section does not apply to an intended termination or noncontinuance of a franchise that the franchisee elects voluntarily, pursuant to a plan established by a franchisor, to submit to binding arbitration.

(b) The notice to be filed with the department of a franchisor’s intention to enter into a franchise for additional representation of the same line-make must name the proposed additional franchisee and must identify by legal description or street address the additional location in the community. A change in the identity of the proposed additional franchisee or of the additional location in the community may only be accomplished by the withdrawal of the initial notice and the filing of a new notice. No more than one notice of intention to enter into a franchise for additional representation of the same line-make in the same community may be made by a franchisor within 3 calendar years of the date of final disposition of a notice of intention.

(c) If good cause is not found under this part or if the franchisor withdraws or dismisses a proceeding under this part, a franchisee who objected to a proceeding initiated by a franchisor under this part is entitled to recover from the franchisor reasonable attorney fees, costs, and expenses, including expert witness and consultant fees incurred in resisting the proceeding.

(4) Upon receiving a notice of intention under the provisions of subsection (3), the department shall, within 5 days of receipt of a notice of intention, send by certified mail, with return receipt requested, a copy of the notice to the franchisor and to the franchisee whose franchise the franchisor seeks to establish, terminate, or not continue. If the notice states an intent to establish an additional new motor vehicle dealership, a copy of the notice must be sent within 5 days of receipt to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. Copies of notices must be addressed to the principal place of business of each recipient and to the statutory agent of each corporate recipient. The department may also give a copy of the franchisor’s notice to any other parties whom the department may consider interested persons.

(5) In instances where the change in ownership has the effect of the sale of the franchise, the franchisor may not without good cause withhold its consent to the sale. Good cause relates only to the transferee’s financial and managerial capabilities or to the inability of the transferee to comply with a state or federal law relating to new motor vehicle dealerships. The burden of establishing good cause is upon the franchisor.

(6) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, in the event of the sale or transfer of ownership of the franchisee’s dealership by sale or transfer of the business or by stock transfer to the dealer’s or wholesaler’s spouse or child, the franchisor shall give effect to the sale or transfer of ownership in the franchise unless the transfer of the franchisee’s new motor vehicle dealer’s or wholesaler’s license is denied or the new owner is unable to obtain a license under the laws of this state.

(7) If a franchisor enters into or attempts to enter into a franchise, whether upon termination or refusal to continue another franchise or upon the
establishment of an additional new motor vehicle dealership in a community where the same line-make is then represented, without first complying with the provisions of this part, a license under Title 23 or 61-4-101 may not be issued to that franchisee or proposed franchisee to engage in the business of selling new motor vehicles manufactured or distributed by that franchisor.

(8) A franchisor shall, unless a new franchisor of the line-make continues or replaces the dealer’s franchise under subsection (10), compensate the dealer as provided in subsection (9) if the franchisor renders itself incapable of performing under a franchise agreement or renders a distributor incapable of performing under a franchise agreement by:

(a) selling or otherwise transferring some or all of the assets essential to the manufacture or distribution of the line-make covered by the franchise agreement;
(b) ceasing production of the line-make; or
(c) terminating, canceling, or not renewing the distributor’s rights to distribute the line-make.

(9) (a) A franchisor considered incapable of performing under subsection (8) shall compensate the affected dealer in an amount equal to the greater of:

(i) the actual pecuniary loss that the dealer and its owners suffered as a result of the termination, cancellation, or failure to renew; or
(ii) the higher of the fair market value of the franchise on the following dates:

(A) the effective date of the termination, cancellation, or failure to renew;
(B) the date 1 year prior to the effective date of termination, cancellation, or failure to renew; or
(C) the day prior to the date on which the franchisor announces the action that results in the termination, cancellation, or failure to renew.

(b) The compensation required by this subsection (9) must be paid to the dealer within 30 days of the affected parties’ mutual agreement in writing as to the amount of the compensation. If an agreement on compensation is not reached within 90 days of the effective date of the termination, cancellation, or failure to renew, an affected dealer may bring an action for a determination of the amount of compensation due and for recovery of that amount, plus costs and attorney fees.

(10) If, as a result of any of the circumstances described in subsection (8), an entity other than the original manufacturer or distributor of a line-make becomes the manufacturer or distributor for the line-make and intends to distribute motor vehicles of that line-make in this state, the entity shall honor the franchise agreements of the original franchisor and its dealers or offer those dealers a new franchise agreement for the line-make on substantially similar terms and conditions.

(11) The franchisor that is terminating, canceling, or not renewing a franchise agreement pursuant to subsection (8) shall:

(a) authorize the franchisee or another new motor vehicle dealer of the franchisor in the area to continue servicing and supplying parts, including service and parts pursuant to a warranty issued by the franchisor for any goods or services marketed by the franchisee pursuant to the motor vehicle franchise for a period of not less than 5 years from the effective date of the termination, cancellation, or nonrenewal; and
(b) continue to reimburse the franchisee or another new motor vehicle dealer of the franchisor in the area for warranty parts and service in an amount and on terms not less favorable than those in effect prior to the termination, cancellation, or nonrenewal.
(12) The franchisor shall continue to supply the franchisee whose agreement is terminated, canceled, or not renewed pursuant to subsection (8) or another new motor vehicle dealer of the franchisor in the area with replacement parts for any goods or services marketed by the franchisee pursuant to the franchise agreement for a period of not less than 5 years from the effective date of the termination, cancellation, or nonrenewal at the same price and terms as the franchisor supplies the parts, goods, or services to the remaining franchisees of the franchisor or if there are not any remaining franchisees, at a price and on terms not less favorable than those in effect prior to the termination, cancellation, or nonrenewal.

(13) If the franchisee continues to service motor vehicles and sell parts after the termination, cancellation, or nonrenewal of the franchise agreement pursuant to subsection (8), the compensation paid to the franchisee pursuant to subsection (9) must be reduced to the extent, if any, of the fair market value of the right to continue to service motor vehicles and sell parts as of the effective date of the termination, cancellation, or nonrenewal.”

Section 16. Section 61-4-206, MCA, is amended to read:

“61-4-206. Objections -- hearing. (1) (a) Except as provided in subsection (1)(b), a person who receives or is entitled to receive a copy of a notice provided for in 61-4-205(4) may object to the approval of the proposed action by filing a written objection with the department within 15 days from the date the notice was received by the person entitled to receive the notice. If an objection is not filed within 15 days from the date the notice was received, the proposed action must be approved.

(b) A franchisee of the same line-make established in the same community as the proposed additional franchise of the same line-make may not object under subsection (1)(a) if the proposed additional franchise was first terminated by a franchisor and the franchise was subsequently awarded back by a legal or administrative proceeding to the franchisee from whom the franchise was terminated.

(2) If a timely objection has been filed, the department shall appoint a hearings officer to preside over and conduct a contested case hearing under the provisions of Title 2, chapter 4, part 6. Within 30 days of the order of appointment, the hearings officer shall enter an order fixing the time for a scheduling conference for the contested case and shall send to the parties by certified mail with return receipt requested a copy of the scheduling conference order and the notice provided for in 61-4-205(4).

(3) Upon hearing or upon objection to the establishment of a new motor vehicle dealership, the franchisor has the burden of proof to establish that good cause exists to terminate, not continue, or not establish the franchise.

(4) The rules of evidence for a hearing provided for in subsection (2) are the same as those found in Title 2, chapter 4. The department shall reasonably apportion all costs related to the contested case hearing between the parties.

(5) The department may issue subpoenas, administer oaths, and compel the attendance of witnesses and production of books, papers, documents, and all other evidence. The department may apply to the district court of the county in which the hearing is held for a court order enforcing this section. The hearing must be conducted pursuant to Title 2, chapter 4.

(6) A transcript of the testimony of each witness taken at the hearing must be made and preserved. Within 60 days after the hearing, the department shall make written findings of fact and conclusions and enter a final order.

(7) Any party to the hearing before the department may appeal pursuant to Title 2, chapter 4.
(8) The franchise agreement must continue in effect until the adjudication by the department on the verified written complaint and the exhaustion of all appellate remedies available to the franchisee. The franchisor and the franchisee shall abide by the terms of the franchise and the laws of Montana during the appeals process.”

Section 17. Section 61-4-207, MCA, is amended to read:

“61-4-207. Determination of good cause. (1) In determining whether good cause has been established for terminating or not continuing a franchise, the department shall take into consideration all the existing circumstances, including but not limited to:

(a) the franchisee’s sales in relation to the Montana market that are essential, reasonable, and not discriminatory and that take into account the franchisee’s local market variations beyond adjusting for the local popularity of general vehicle types;
(b) investment necessarily made and obligations incurred by the franchisee in the performance of the franchisee’s part of the franchise;
(c) permanency of the investment;
(d) whether it is injurious to the public welfare for the business of the franchisee to be discontinued;
(e) whether the franchisee has adequate new motor vehicle facilities, equipment, parts, and qualified management, sales, and service personnel to reasonably provide consumer care for the new motor vehicles sold at retail by the franchisee and any other new motor vehicle of the same line-make;
(f) whether the franchisee refuses to honor warranties of the franchisor to be performed by the franchisee if the franchisor reimburses the franchisee for warranty work performed by the franchisee pursuant to this part;
(g) except as provided in subsection (2), actions by the franchisee that result in a material breach of the written and uniformly applied requirements of the franchise that are determined by the department to be reasonable and material; and
(h) the enforceability of the franchise from a public policy standpoint, including issues of the reasonableness of the franchise’s terms and the parties’ relative bargaining power.

(2) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, the following do not constitute good cause for the termination or noncontinuance of a franchise:

(a) a change in ownership of the franchisee’s dealership;
(b) the fact that the franchisee refused to purchase or accept delivery of a new motor vehicle, part, accessory, or any other commodity or service not ordered by the franchisee;
(c) the failure of a franchisee to change location of the dealership or to make substantial alterations to the use or number of franchises or the dealership premises or facilities; or
(d) the desire of a franchisor or a franchisor’s representative:
   (i) for greater market penetration; or
   (ii) to alter the number of the franchisor’s or franchisor’s representative’s franchises or dealer locations.

(3) In determining whether good cause has been established for entering into an additional franchise for the same line-make, the department shall take into consideration the existing circumstances, including but not limited to:

(a) amount of business transacted by other existing franchisees of the same line-make in that community;
(b) investment necessarily made and obligations incurred by other existing franchisees of the same line-make in that community in the performance
of their part of their franchises franchise agreements and the date of the investment made and the obligations incurred by the existing franchisees in relation to the date of appointment of the additional franchise; and

c whether the other existing franchisees of the same line-make in that community are substantially compliant with reasonable manufacturer requirements for providing adequate consumer care, including satisfactory new motor vehicle dealer sales and service facilities, special and essential tools and equipment, replacement parts supply, and qualified management, sales, and service personnel, for the new motor vehicle products of the line-make; and

d whether the demographic characteristics, including population, of that community have changed sufficiently since the appointment of the other existing franchisees to support the economic viability of both the other existing franchisees and the additional franchisee.”

The department, in exercising its discretion, may consider the amount of funds appropriated by the legislature, whether approval has been received, as provided in 53-1-612, and whether the provision of a particular service is commonly covered by private health insurance plans. However, a recipient who is pregnant, meets the criteria for disability provided in Title II of the Social Security Act, 42 U.S.C. 416, et seq., or is less than 21 years of age is entitled to full medicaid coverage.

(7) The department may implement, as provided for in Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended, a program under medicaid for payment of medicare premiums, deductibles, and coinsurance for persons not otherwise eligible for medicaid.

(8) (a) The department may set rates for medical and other services provided to recipients of medicaid and may enter into contracts for delivery of services to individual recipients or groups of recipients.
(b) The department shall strive to close gaps in services provided to individuals suffering from mental illness and co-occurring disorders by doing the following:

(11) Services, procedures, and items of an experimental or cosmetic nature may not be provided.

(12) If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical services made available under the Montana medicaid program after taking into consideration the funding principles set forth in subsection (2).

Section 4. Appropriation. There is appropriated for the biennium beginning July 1, 2019, on a one-time-only basis, $2.5 million from the mental health services special revenue account provided for in [section 1] and $4,617,490 in federal special revenue to the department of public health and human services for the purposes of paying for medicaid services for behavioral peer support specialists pursuant to 53-6-101.

Be it enacted by the Legislature of the State of Montana:

Section 1. Policy considerations. (1) Article IX, section 3(3), of the Montana constitution declares that all surface, underground, flood, and atmospheric waters within the boundaries of the state are the property of the state for the use of its people and are subject to appropriation for beneficial uses as provided by law.
(2) The legal appropriation of water requires that the water be legally and physically available for appropriation.

(3) Measurement and monitoring of streamflow supports the state’s ability to determine when water is physically and legally available to meet new demands while protecting existing water rights.

(4) The effective management and distribution of water depends on accurate real-time measurement of streamflow.

Section 2. Intent. (1) The 2015 state water plan recognizes that improving Montana’s water supply and distribution monitoring network will improve the ability of water managers and water users to adjust to seasonal supply and demand imbalances as well as plan for longer term imbalances associated with climate variability.

(2) It is the intent of the legislature to support local, state, and federal efforts and programs to collect and distribute timely and accurate information on Montana streamflows.

(3) The legislature recognizes that streamflow information is collected by numerous state and federal agencies and tribes to meet their statutory responsibilities.

(4) The legislature recognizes that streamflow information collected by state, tribal, and federal entities is critical to administration of the Montana Water Use Act, distribution of water by decree, water supply planning for municipalities, and implementation of plans and agreements that address locally developed drought, fish habitat, or water supply objectives.

(5) The legislature recognizes it is in the public interest to support and encourage coordination in the collection and distribution of streamflow information.

Section 3. Section 2-15-3308, MCA, is amended to read:

Additional, nonvoting members who represent federal and local government agencies and public and private interests affected by drought or flooding may also be appointed by the governor.

(3) The drought and water supply advisory committee shall:

(a) with the approval of the governor, develop and implement a state plan that considers drought and flooding;

(b) review and report drought and water supply monitoring information to the public;

(c) coordinate timely drought and flooding impact assessments;

(d) identify areas of the state with a high probability of drought or flooding and target reporting and assistance efforts to those areas;

(e) upon request, assist in organizing local advisory committees for the areas identified under subsection (3)(d);

(f) request state agency staff to provide technical assistance to local advisory committees; and

(g) promote ideas and activities for groups and individuals to consider that may reduce drought or flooding vulnerability; and—
(h) select members of the committee to serve on a stream gauge oversight work group.

(4) The drought and water supply advisory committee shall meet, at a minimum, on or around October 15 and March 15 of each year to assess moisture conditions and forecasts and, as appropriate, begin preparations for drought or flood mitigation.

(5) By April 15 of each year, the drought and water supply advisory committee shall submit a report to the governor describing the potential for drought or flooding in the coming year. If the potential for drought or flooding merits additional activity by the drought and water supply advisory committee, the report must also describe:

(a) activities to be taken by the drought and water supply advisory committee for informing the public about the potential impacts of drought or flooding;

(b) a schedule for completing activities;

(c) geographic areas for which the creation of local drought and water supply advisory committees will be suggested to local governments and citizens; and

(d) requests for the use of any available state resources that may be necessary to prevent or minimize drought or flood impacts.

(6) (a) The stream gauge oversight work group shall meet at least semiannually to review:

(i) locations, uses, and funding arrangements for the stream gauge network of the U.S. geological survey; and

(ii) priorities, needs, and expectations of those funding the maintenance and operations of these stream gauges and those using data measured by these stream gauges.

(b) The work group shall create annually a stream gauge infrastructure work plan, which may include:

(i) a comprehensive overview of the existing stream gauge network;

(ii) a review of options for funding the maintenance and operations of the stream gauge network, including use of private funds, consolidated agreements, or multipayer payments;

(iii) a proposal for stream gauge priorities;

(iv) cost-effective and reasonable alternatives to stream gauges, including gauges that are not part of the U.S. geological survey’s stream gauge network, if applicable;

(v) oversight of recommendations and activities related to any legislative study of stream gauges; and

(vi) coordination of information regarding stream gauge funding recommendations and requests from state and federal agencies.

(c) The work group shall report to the water policy interim committee established in 5-5-231.

(6)(7) Nothing in this section is intended to remove or interfere with the duties and responsibilities of the governor or the division of disaster and emergency services for disaster coordination and emergency response, as provided in Title 10, chapter 3, part 1. The duties and responsibilities of the drought and water supply advisory committee supplement and are consistent with those of the division of disaster and emergency services for drought or flood planning, preparation, coordination, and mitigation.”

Section 4. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

(2) The department shall then compute the ratio: develop the allocation recommendations through an asset management-based approach including an analysis of future performance and condition of the primary highway system as a function of anticipated funding levels and improvement strategies.

(a) between the mileage rated below adequate sufficiency in each financial district and the total mileage rated below adequate sufficiency of the primary highway system in the state; and

(b) between the mileage rated at or below critical sufficiency in each financial district and the total mileage rated at or below critical sufficiency of the primary highway system in the state.

(3) The department, subject to the limitation provided in subsection (4), shall then distribute three-fourths of the available federal-aid highway funds for the primary highway system among the financial districts according to the ratios computed in subsection (2)(a) and one-fourth of the available federal-aid highway funds for the primary highway system among the financial districts according to the ratios computed in subsection (2)(b).

(4) A financial district may not receive more than one-third of the total funds available apportioned for the primary highway system in any biennium. If a financial district would receive more than one-third of the total funds available apportioned under the formula analysis in subsection (9)(2), its apportionment allocation is limited to the one-third maximum and any excess funds that it would have received must be redistributed reallocated among the other districts according to the formula analysis.

(5) To the extent necessary to permit the orderly programming and construction of projects, the commission may transfer and obligate apportioned allocated primary highway system funds for any project located on the federal aid interstate highway or other national highway systems system routes within a financial district. The commission may transfer and obligate any amount of apportioned primary system funds to any other financial district if the financial district receiving primary system funds transfers an equal amount of federal aid interstate or national highway system funds to the financial district from which the transfer originated. This transferred amount
is in addition to the federal aid interstate and national highway system funds that would have been obligated on these systems within the federal fiscal year of transfer.

(b) The intent of the provisions allowing transfers between financial districts is that a district may not receive less funding than the amount distributed by the formula of this subsection (5) and that a district may not transfer more than is received by virtue of this formula for a given federal fiscal year.”

(3) “Controlled-access highway” means those portions of an interstate highway, throughway, or throughway intersection which the commission designates for through traffic or other federal-aid commission-designated highway system or state highway over, from, or to which owners or occupants of abutting land or other persons have no easement of access or only a limited easement of access, light, air, or view. It also means those portions of spurs to the interstate highway system which highways the commission designates as unsafe or impeded by unrestricted access of traffic from intersecting streets or alleys or public or private roads or ways of passage.

(4) “Existing highway” means and includes highways, roads, and streets established, constructed, and in use on March 2, 1955. It does not include highways, roads, or streets established, constructed, and in use after that date

(b) on any other public highway of this state is 70 miles an hour during the daytime and 65 miles an hour during the nighttime;
(c) in an urban district is 25 miles an hour.

(2) A vehicle subject to the speed limits imposed in subsection (1) may exceed the speed limits imposed in subsection (1) by 10 miles an hour in order to overtake and pass a vehicle and return safely to the right-hand lane under the following circumstances:
(a) while traveling on a two-lane road; and
(b) in a designated passing zone.

(3) Subject to the maximum speed limits set forth in subsection (1), a person shall operate a vehicle in a careful and prudent manner and at a reduced rate of speed no greater than is reasonable and prudent under the conditions existing at the point of operation, taking into account the amount and character of traffic, visibility, weather, and roadway conditions.

(1) (a) If the commission determines upon the basis of an engineering and traffic investigation that a speed limit set by 61-8-303 or 61-8-312 is greater or less than is reasonable or safe under the conditions found to exist at an intersection, curve, or dangerous location or on a segment of a highway less than 50 miles in length under its jurisdiction, the commission may set a reasonable and safe special speed limit at that location. In the case of a school zone adjacent to a state highway, the commission is not required to base its speed limit determination solely upon the results of the engineering and traffic investigation.

(b) If a local authority requests the department of transportation or an engineer, as provided in subsection (1)(c)(i), to conduct an engineering and traffic investigation based on the belief that a speed limit on a highway under the jurisdiction of the department of transportation is greater than is reasonable or safe, the commission may not increase the speed limit under consideration as a result of the investigation.

(c) (i) A local authority may request at its own expense that an engineering and traffic investigation be completed by a licensed professional engineer selected from a list compiled and approved by a committee as provided in subsection (1)(c)(ii).

(ii) A committee containing two department of transportation staff appointed by the director and two representatives of associations whose membership comprises cities, towns, and counties, as authorized by 7-5-2141 and 7-5-4141, shall review credentials submitted by licensed professional engineers and

(iii) Upon completion of an engineering and traffic investigation conducted for a local government, the department of transportation shall submit a report to the commission with findings and recommendations. The commission shall decide on an appropriate speed limit based on the traffic investigation within 120 days from the date the investigation is submitted to the department of transportation.

(d) A local authority may request a temporary special reduced or increased speed zone for a route or route segment that is under consideration for a reduced or increased speed limit under subsection (1)(a), (1)(b), or (1)(c). If a local authority makes multiple requests for temporary special reduced or increased speed zones, the local authority shall prioritize the requests. The department of transportation shall conduct a preliminary visual and engineering review of a route or a route segment for which a temporary special speed zone is requested. The reviewing party must include a representative of the local authority. Upon completion of the preliminary review, if the department of transportation concurs with the local authority that a temporary special reduced or increased speed limit is warranted, a temporary special reduced or increased speed zone may be established upon formal approval by the commission. The temporary special reduced or increased speed limit remains in effect until a complete traffic and engineering study has been done on the route or route segment and the commission has made a determination on changing the speed limit.

(2) Pending completion of an engineering and traffic investigation as provided for in subsection (1), the commission may temporarily set a speed limit of not less than 75 miles an hour on a segment of the federal aid an interstate highway system that it reasonably believes is not suitable for the limit established in 61-8-303(1)(a).

(3) The department of transportation shall erect and maintain appropriate signs giving notice of special limits. If the special limits apply to a school zone, the department shall consider the use of electronic signs in lieu of or in addition to other appropriate signs. When the signs are erected, the limits are effective for those zones at all times or at other times that the commission sets.

(4) The authority of the commission under this section includes the authority to set reduced nighttime speed limits on curves and other dangerous locations.

(5) This section does not authorize the commission to set a statewide speed limit.

(6) (a) The violation of a speed limit established under this section, except subsection (2), is a misdemeanor offense and is punishable as provided in 61-8-711.

Section 29. Section 61-8-310, MCA, is amended to read: “61-8-310. When local authorities may and shall alter limits or establish or alter area of school zone. (1) If a local authority in its jurisdiction determines on the basis of an engineering and traffic investigation that the speed permitted under 61-8-303 and 61-8-309 through 61-8-313 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may set a reasonable and safe limit that:

(a) decreases the limit at an intersection;
(b) increases the limit within an urban district, but not to more than 65 miles an hour during the nighttime;

(c) decreases the limit outside an urban district, but not to less than 35 miles an hour on a paved road or less than 25 miles an hour on an unpaved road; or

(d) decreases the limit in a school zone or in an area near a senior citizen center, as defined in 23-5-112, or a designated crosswalk that is close to a school or a senior citizen center to not less than 80%, rounded down to the nearest whole number evenly divisible by 5, of the limit that would be set on the basis of an engineering and traffic investigation, but not less than 15 miles an hour. If warranted by an engineering and traffic investigation, a local authority may adopt variable speed limits to adapt to traffic conditions by time of day, provided that the variable limits comply with the provisions of 61-8-206.

(2) A board of county commissioners may set limits, as provided in subsection (1)(c), without an engineering and traffic investigation on a county road.

(3) A local authority in its jurisdiction may determine the proper speed for all arterial streets and shall set a reasonable and safe limit on arterial streets that may be greater or less than the speed permitted under 61-8-303 for an urban district.

(4) (a) An altered limit established as authorized under this section is effective at all times or at other times determined by the authority when appropriate signs giving notice of the altered limit are erected upon the highway.

(b) If a local authority decreases a speed limit in a school zone, the local authority shall erect signs conforming with the manual adopted by the department of transportation under 61-8-202 giving notice that the school zone has been entered, of the altered speed limit and the penalty provided in 61-8-726, and that the school zone has ended.

(5) Except as provided in subsection (1)(d), the commission has exclusive jurisdiction to set special speed limits on all federal-aid highways or extensions of federal-aid highways or state highways or highways located on the commission-designated highway system as defined in 60-1-103 in all municipalities or urban areas. The commission shall set these limits in accordance with 61-8-309.

(6) A local authority establishing or altering the area of a school zone shall consult with the department of transportation and the commission if the school zone includes a state highway or a federal-aid highway or extension of a federal-aid highway highway located on the commission-designated highway system as defined in 60-1-103.

(7) A local authority shall consult with district officials for a school when:

(a) establishing or altering the area of a school zone near the school; or

(b) setting a speed limit pursuant to subsection (1)(d) in a school zone near the school.

(8) A speed limit set on an unpaved road under subsection (1)(c) must be the same for all types of motor vehicles that may be operated on the road.

(9) The violation of a speed limit established under subsections (1)(a) through (1)(c) is a misdemeanor offense and is punishable as provided in 61-8-711. The violation of a speed limit established under subsection (1)(d) is a misdemeanor offense and is punishable as provided in 61-8-726.”

Section 30. Section 61-8-312, MCA, is amended to read:

“61-8-312. Special speed limitations on trucks, truck tractors, and motor-driven cycles. (1) Except as provided in 61-8-303, 61-8-309, 61-8-310,
and subsection (2) of this section, the speed limit for a truck or truck tractor of more than 1 ton “manufacturer’s rated capacity” traveling on:

(a) a federal-aid an interstate highway, as defined in 60-1-103, is 65 miles an hour; and

(b) any other public highway is 60 miles an hour during the daytime and 55 miles an hour during the nighttime as those terms are defined in 61-8-303.

(2) Except as provided in 61-8-303, 61-8-309, and 61-8-310, the speed limit for a vehicle subject to a term permit under 61-10-124(2)(d) or a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles subject to special permits under 61-10-124(4) is 65 miles an hour unless otherwise stated in the permit.

(3) A person may not operate a motor-driven cycle at any time mentioned in 61-9-201 at a speed greater than 35 miles an hour unless the motor-driven cycle is equipped with a headlamp or lamps that are adequate to reveal a person or vehicle at a distance of 300 feet ahead.”

Section 31. Section 61-8-321, MCA, is amended to read:

“61-8-321. Drive on right side of roadway — exceptions. (1) Upon all roadways of sufficient width, a vehicle must be operated upon the right half of the roadway, except as follows:

(a) when overtaking and passing another vehicle proceeding in the same direction under the rules governing the passing movement;

(b) when the right half of a roadway is closed to traffic while under construction or repair;

(c) upon a roadway divided into three marked lanes for traffic under the rules applicable on a divided roadway;

(d) upon a roadway designated by official traffic control devices for one-way traffic;

(e) when the operator of a vehicle is complying with the provisions of 61-8-346;

(f) when an obstruction exists that makes it necessary to drive to the left of the center of the roadway; or

(g) when a police vehicle or authorized emergency vehicle is performing a job-related duty as provided in 61-8-107.

(2) A person operating a vehicle to the left of the center of the roadway for any of the reasons provided in subsection (1) shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the roadway that are within a distance that constitutes an immediate hazard.

(3) (a) Except as provided in subsection (3)(b) and subject to subsection (4), upon all roadways having two or more lanes for traffic moving in the same direction, a vehicle must be driven in the right-hand lane.

(b) A vehicle being operated upon a roadway having two or more lanes for traffic moving in the same direction is not required to be driven in the right-hand lane when:

(i) overtaking and passing another vehicle proceeding in the same direction;

(ii) traveling at a speed greater than the traffic flow;

(iii) moving left to allow traffic to merge;

(iv) traveling on a roadway within the official boundaries of a city or town, except as provided in subsection (4);

(v) preparing for a left turn at an intersection or into a private road or driveway when a left turn is legally permitted;

(vii) an obstruction or hazardous conditions make it necessary to drive in a lane other than the right-hand lane;
(viii) road or vehicle conditions make it safer to drive in a lane other than the right-hand lane; or
(ix) authorized snow-removal equipment is operating on the roadway.

(4) When traveling upon an interstate highway, as defined in § 60-5-102 or § 60-1-103, within the official boundaries of a city or town, a vehicle must be driven in the right-hand lane unless otherwise directed or permitted by an official traffic control device.”

(2) Except when otherwise provided by the authority having jurisdiction, a vehicle that is stopped or parked upon a one-way roadway must be stopped or parked parallel to the curb or edge of the roadway in the direction of authorized traffic movement, with its right-hand wheels within 18 inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder or with its left-hand wheels within 18 inches of the left-hand curb or as close as practicable to the left edge of the left-hand shoulder.

(3) A local authority may by ordinance permit angle parking on a roadway, except that angle parking may not be permitted on any federal-aid commission-designated highway system or state highway, as defined in § 60-1-103, unless the department of transportation determines that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(4) The authority having jurisdiction may place official traffic control devices prohibiting or restricting the stopping, standing, or parking of vehicles on a highway where in its judgment this stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic.”

Section 33. Section 61-9-101, MCA, is amended to read:
“61-9-101. Application – exceptions. (1) The provisions of this chapter relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except as provided in subsection (4) or where a different place is specifically referred to in a given section.

(2) The operation of motor vehicles directly across the public roads and highways of this state, especially as required in the transportation of natural resource products, including agricultural products and livestock, may not be considered to be the operation of the vehicles on the public roads and highways of this state. (2) (a) Except as provided in subsections (2)(b), (2)(d), (2)(f), (2)(h), (4), and (5), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; or an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. Except as provided in subsection (2)(g), a Rocky Mountain double may not exceed 81 feet in combined trailer length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations
of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsections (4) and (5). Special permits for vehicle combinations may specify and special permits under subsections (4) and (5) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overweight or overlength vehicle referred to in subsection (2)(a). This permit expires on December 31 of each year, with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (1), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semi-trailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system highways, as defined in 60-1-103, or on other highways within a 2-mile radius of an interstate highway interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

(e) A term permit may be issued for a truck tractor-semi-trailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(f) (i) An annual permit may be issued for nondivisible loads up to 120 feet in length. The fee for this permit is $125.

(ii) Portions of a nondivisible load hauled on a public road off of the interstate highway may be detached and reloaded on the same hauling unit if the separate pieces are necessary to the operation of the machine or equipment that is being hauled and if the arrangement does not exceed limits for which a permit may be issued.

(iii) An applicant for a nondivisible load permit for use as provided in subsection (6)(b) is responsible for providing information regarding the number of work hours required to dismantle the load.

(iv) For use as provided in subsection (6)(b) and for the purposes of this section, emergency response vehicles and casks designed and used for the transport of spent nuclear materials are considered nondivisible loads.

(g) A Rocky Mountain double carrying baled hay may not exceed 88 feet of combined trailer length.

(h) A term permit may be issued for an overlength vehicle moving a mobile home or a manufactured home, as defined in 15-24-201, when the vehicle does not exceed 110 feet in length or 16 feet in width.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semi-trailer-trailer-trailer combination of vehicles under the following conditions:
(a) the combination may be operated only on highways that are part of the federal-aid interstate system highways, as defined in 60-1-103, and on other highways within a 2-mile radius of an interstate highway interchange on the interstate system or other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) a combination of vehicles powered by a cab-over or tilt-cab truck tractor or a truck may not exceed an overall length of 105 feet, inclusive of front and rear bumpers and overhang;

(c) a combination of vehicles powered by a conventional truck tractor may not exceed an overall length of 110 feet, inclusive of the front and rear bumpers and overhang;

(e) gross weight fees under 61-10-201 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(f) the combination must have a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(5) The department of transportation may issue special permits under subsection (4) for vehicle combinations that consist of a truck-trailer-trailer if:

(a) the vehicle combination's overall length, inclusive of front and rear bumpers, is not more than 95 feet; and

(b) the person, firm, or corporation applying for the permit:

(i) restricts truck-trailer-trailer operations authorized by the permit to the hauling of talc ore, chlorite, dolomite, limestone, and custom combine equipment;

(ii) operated the truck-trailer-trailer combination before July 1, 1987;

(iii) restricts the truck-trailer-trailer operations authorized by the permit to the specified routes that those vehicles used before July 1, 1987; and

(iv) provides the department of transportation with an affidavit confirming the routes used before July 1, 1987, for truck-trailer-trailer operations.

(6) For the purposes of this section, a “nondivisible load” is:

(a) on public roads off of interstate highways, a load that cannot be readily or reasonably dismantled and that is reduced to a minimum practical size and weight;

(b) on interstate highways, a load or vehicle exceeding applicable length or weight limits that, if separated into smaller loads or vehicles, would:

(i) compromise the intended use of the vehicle;

(ii) destroy the value of the load or vehicle; or

(iii) require more than 8 work hours to dismantle using appropriate equipment. (Void on occurrence of contingency--sec. 2, Ch. 285, L. 2003.)

61-10-124. (Effective on occurrence of contingency) Special permits – fees. (1) Except as provided in subsections (2)(d) and (4), in addition to the regular registration and gross vehicle weight fees, a fee of $10 for each trip permit and a fee of $75 for each term permit issued for size in excess of that specified in 61-10-101 through 61-10-104 must be paid for all movements
under special permits on the public highways under the jurisdiction of the department of transportation.

(2) (a) Except as provided in subsections (2)(b), (2)(d), (2)(f), (2)(g), (4), and (5), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; or an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. A Rocky Mountain double may not exceed 81 feet in combined trailer length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsections (4) and (5). (b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (2)(a). This permit expires on December 31 of each year, with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (1), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer combination, for travel only on highways that are part of the federal aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

(e) A term permit may be issued for a truck tractor-semitrailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal aid interstate system highways, as defined in 60-1-103, and on other highways within a 2-mile radius of an interstate highway interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) a combination of vehicles powered by a cab-over or tilt-cab truck tractor or a truck may not exceed an overall length of 105 feet, inclusive of front and rear bumpers and overhang;

Section 36. Section 61-10-130, MCA, is amended to read:
“61-10-130. Custom combiner’s special permit – fee – collection – distribution – not transferable. (1) In lieu of the taxes required by 15-24-301 and in lieu of motor vehicle license fees, gross vehicle weight fees, and overweight, overlength, and overheight permits provided for in Title 61, a nonresident engaged in the business of custom combining who brings equipment into the state may pay a special permit fee of $40 for each unit. A unit includes:
(a) one truck suitable for hauling grain;
(b) one header trailer or one combine trailer; and
(c) pickup trucks and all other equipment, except combines, used by a nonresident and brought into the state as part of the nonresident’s business of custom combining.

(2) In lieu of gross vehicle weight fees and overweight, overlength, and overheight permits, Montana residents engaged in the business of custom combining may pay the annual farm gross vehicle weight fees and a special permit fee of $20 for each unit. A unit includes:
(a) one truck suitable for hauling grain;
(b) one header trailer or one combine trailer; and
(c) pickup trucks used by the resident in the resident’s business of custom combining.

(3) When used to transport agricultural products, a truck authorized to be used under a custom combiner’s special permit may be operated only within a 100-mile radius from the harvested field to the point of first unloading. The truck may not haul agricultural products from one commercial elevator to another commercial elevator. The truck may be operated on any highway, except a highway that is part of the federal-aid interstate system highway, as defined in 60-1-103, without incurring excess weight penalties under 61-10-145 if the total gross weight of the truck does not exceed allowable weight limitations by more than 20% for each axle and the maximum load for each inch of tire width does not exceed 670 pounds. A trip permit is not required. If the truck exceeds the tolerance provided under this subsection, the fine or penalty imposed applies to all weight over the legal limit allowed by 61-10-107.

(4) A combine trailer authorized to be used under subsection (1)(b) or (2)(b) may be operated under the same limitations, except that the 100-mile limitation does not apply and the combine trailer may be used upon any highway of the state, including a highway that is part of the federal-aid interstate system highway, as defined in 60-1-103. If the combine trailer exceeds the tolerance provided under subsection (3), the fine or penalty imposed applies to all weight over the legal limit allowed by 61-10-107.

(5) The fee required by this section must be collected by the department of transportation. Upon payment of the fee, the department of transportation shall provide an identifying device to be displayed on each truck, header trailer, or combine trailer and other equipment used by the nonresident or resident in the person’s business of custom combining in the state. The device is valid for the calendar year in which the fee is collected.

(6) All fees collected under this section must be distributed not later than January 31 immediately following the period of licensure as follows:
(a) 62 1/2% to the state general fund; and
(b) 37 1/2% to the state special revenue fund for the department of transportation.
(7) The identifying devices and fee paid for each unit are not transferable from one vehicle to another or transferable on the sale or change of ownership.

(8) The department of transportation may adopt rules, as provided in Title 2, chapter 4, to implement the provisions of this section.”

Section 37. Section 61-10-144, MCA, is amended to read:

“61-10-144. Violation of standards — tolerance. (1) It is a misdemeanor for a person, firm, or corporation to violate any provision of 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110.

(2) The operator of a vehicle or combination of vehicles may move over the highways to the first open stationary scale or portable scale on an engineered site, as defined in 61-10-141(4), without incurring the excess weight penalties set forth in 61-10-145 if the total gross weight of the vehicle or combination of vehicles does not exceed allowable total gross weight limitations by more than 10% and if the weight carried by any axle or combination of axles does not exceed the allowable axle weight limitations by more than 10%. If the vehicle or combination of vehicles is not in excess of the allowable total gross or axle weight limitations by more than 10%, the department may issue a single trip permit for the fee of $10, allowing the vehicle or combination of vehicles to move over the highways to the first facility where its load can be safely adjusted or to its destination. Violations of total gross or axle weight limitations in excess of 10% subject the fines provided in 61-10-145, and all loads in excess of 10% of the total gross or axle weight limitations:

(a) may be required to be adjusted or reduced to conform to the size and weight limitations before the vehicle or combination of vehicles is moved from the point of weighing; or

(b) may be issued a permit as authorized by 61-10-141.

(3) Farm vehicles transporting agricultural products from a harvesting combine or other harvesting machinery may be operated on any highway, except a highway that is part of the federal aid interstate system highway, as defined in 60-1-103, within a 100-mile radius of the harvested field to the point of first unloading without incurring excess weight penalties under 61-10-145 if the total gross weight of the farm vehicle or combination of vehicles does not exceed allowable weight limitations by more than 20% for each axle and the maximum load for each inch of tire width does not exceed 670 pounds. A single trip permit, as required in subsection (2), is not applicable to the farm vehicle or combination of vehicles. When a farm vehicle or combination of vehicles violates any of the provisions of this subsection, the fine or penalty imposed applies to that portion of the load above the legal limit.”

Section 38. Section 90-6-210, MCA, is amended to read:

“90-6-210. Coal area highway reconstruction program. (1) The department of transportation, within the area designated as the eastern Montana coal field economic growth center as certified to the secretary of transportation by the governor under 23 U.S.C. 143, shall prepare a special construction program for the reconstruction of deficient sections of these highways in consultation with the governing bodies of the counties in the area.

(2) The department of transportation shall expedite the planning and reconstruction program for projects on the designated portions within this area by using funds allocated under this section and any federal funds that may be made available to match those funds. Until federal funds are made available to match the funds allocated under this section, the department of transportation may, upon approval of the Montana state transportation commission, expend funds for planning and reconstruction projects with or without assurance from the federal government that unmatched state expenditures will be retroactively recognized for matching purposes.
(3) Funds allocated under this section may not be used to match apportionments made for primary and secondary highways under the Federal-Aid Highway Acts, highway systems, as those terms are defined in 60-1-103; however, this section may not be construed to prohibit the implementation of projects otherwise funded by apportionments made under the Federal-Aid Highway Acts 60-3-205 or 60-3-206. In addition, planning and reconstruction projects may be financed in whole or in part by public and private funds provided that the projects conform to the applicable standards, regulations, and procedures of the department of transportation and the federal highway administration.”

Section 39. Repealer. The following sections of the Montana Code Annotated are repealed:
60-2-125. Definitions.
61-10-143. Confiscation -- action by commission.
