Employer contributions into an account, the accumulation of interest or other earnings in an account, and payments from an account for qualified health care expenses are tax-exempt, as provided in 15-30-2110 and under applicable federal laws and regulations to the extent that the plan is qualified under applicable sections of the Internal Revenue Code."
Section 3. Section 7-14-1133, MCA, is amended to read:

“7-14-1133. Bonds and obligations. (1) Except for providing financial support to a private development organization, including a corporation organized under Title 32, chapter 4, whose purpose is to advance the economic development of its jurisdiction and of the state and its citizens, an authority may borrow money for any of its corporate purposes and issue bonds, including refunding bonds, for any of its corporate purposes. The bonds may be in the form and upon terms as it determines, payable out of any revenue of the authority, including revenue derived from:

(a) any port or transportation and storage facility;
(b) taxes levied pursuant to 7-14-1131 or 67-10-402;
(c) grants or contributions from the federal government; or
(d) other sources.

(2) The bonds may be issued by resolution of the authority, without an election and without any limitation of amount, except that bonds may not be issued at any time if the total amount of principal and interest to become due in any year on the bonds and on any then-outstanding bonds for which revenue from the same source is pledged exceeds the amount of revenue to be received in that year, as estimated in the resolution authorizing the issuance of the bonds. The authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, and rentals and to request taxes, if any are pledged, sufficient to make the revenue from the pledged source in that year at least equal to the amount of principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Except as otherwise provided in this part, any bonds issued pursuant to this part by an authority may be payable as to principal and interest solely from revenue of the authority or from particular port, transportation, storage, or other facilities of the authority. The bonds must state on their face the applicable limitations or restrictions regarding the source from which principal and interest are payable.

(4) Bonds issued by an authority, county, or municipality pursuant to the provisions of this part are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-2110(2)(a).

(5) (a) For the security of bonds, the authority, county, or municipality may by resolution make and enter into any covenant, agreement, or indenture and may exercise any additional powers authorized to be exercised by a municipality under Title 7, chapter 7, parts 44 and 45. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from any revenue referred to in this part, prior to the payment of current costs of operation and maintenance of the facilities.

(b) As further security for the bonds, the authority, with the approval of the governing body of the county or municipality that created the authority, may pledge, lease, sell, mortgage, or grant a security interest in all or any portion of its port, transportation, storage, or other facilities, whether or not the facilities are financed by the bonds. The instrument effecting the pledge, lease, sale, mortgage, or security interest may contain any agreements and provisions customarily contained in instruments securing bonds, as the commissioners of the authority consider advisable. The provisions must be consistent with this part and are subject to and must be in accordance with the laws of this state governing mortgages, trust indentures, security agreements, or instruments. The instrument may provide that in the event of a default in the payment of principal or interest on the bonds or in the performance of any
agreement contained in the proceedings authorizing the bonds or instrument, the payment or performance may be enforced by mandamus or by the appointment of a receiver in equity. The receiver may collect charges, rental, or fees and may apply the revenue from the mortgaged property or collateral in accordance with the proceedings or the provisions of the instrument.

(6) Nothing in this section or 7-14-1134 or this section may be construed to limit the use of port authority revenue, including federal and state money as described in 7-14-1136, to make grants and loans or to otherwise provide financial and other support to private development organizations, including corporations organized under the provisions of the development corporation act in Title 32, chapter 4. The credit of the state, county, or municipal governments or their agencies or authorities may not be pledged to provide financial support to the development organizations.”

Section 4. Section 7-14-1636, MCA, is amended to read:

“7-14-1636. Bonds and obligations. (1) An authority may borrow money for any of its corporate purposes and issue bonds for its purposes, including refunding bonds, in a form and upon terms as it determines, payable out of any revenue of the authority, including revenue derived from:

(a) a railroad;
(b) taxes levied pursuant to 7-14-1632;
(c) grants or contributions from the federal government; or
(d) other sources.

(2) The bonds may be issued by resolution of the authority, without an election and without any limitation of amount, except that bonds may not be issued at any time if the total amount of principal and interest to become due in a year on the bonds and on any then-outstanding bonds for which revenue from the same source is pledged exceeds the amount of the revenue to be received in that year, as estimated in the resolution authorizing the issuance of the bonds. The authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, and rentals and to request taxes, if any are pledged, sufficient to make the revenue from the pledged source in the year at least equal to the amount of principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Bonds issued by an authority pursuant to this part may be payable as to principal and interest solely from revenue of the authority and must state on their face the applicable limitations or restrictions regarding the source from which the principal and interest are payable.

(4) Bonds issued by an authority pursuant to the provisions of this part are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-2110(2)(a).

(5) For the security of the bonds, the authority may by resolution make and enter into any covenant, agreement, or indenture and may exercise any additional powers authorized to be exercised by a municipality under Title 7, chapter 7, parts 44 and 45. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from the revenue referred to in this part, prior to the payment of current costs of operation and maintenance of the facilities.”

(5) at the discretion of the department, upon consideration of all facts relevant to the specific taxpayer, the taxpayer has the right to pay delinquent taxes, interest, and penalties on an installment basis. This subsection applies only to taxes collected by the department, provided the taxpayer meets reasonable criteria.

pay 50% for that installment and 25% for the third and fourth installments,
respectively. For estimated taxes required to be paid beginning with the third
installment provided for in subsection (2)(a) or (2)(b), the taxpayer shall pay
75% for that installment and 25% for the fourth installment.

(4) (a) If for any required installment the taxpayer determines that the
installment payment is less than the amount determined under subsection
(3)(a), the lower amount may be paid as an annualized income installment.

(b) For any required installment, the annualized income installment
is the applicable percentage described in subsection (4)(c) applied to the tax
computed on the basis of annualized Montana taxable income in the tax year
for the months ending before the due date for the installment less the total
amount of any prior required installments for the tax year.

(c) For the purposes of this subsection (4), the applicable percentage is
determined according to the following schedule:

<td>First</td>
<td>22.5%</td>

(d) A reduction in a required installment resulting from the application
of an annualized income installment must be recaptured by increasing the
amount of the next required installment, determined under subsection (3)(a),
by the amount of the reduction. Any subsequent installment must be increased
by the amount of the reduction until the amount has been recaptured.

(5) (a) Subject to subsection (5)(f), if an estimated tax, an employer
withholding tax, or a combination of estimated tax and employer withholding
tax is underpaid, there must be added to the amount due under this chapter
interest on the amount of the underpayment as provided in 15-1-216. The
interest is computed on the amount of the underpayment, as determined in
subsection (5)(b), for the period from the time the payment was due to the date
payment was made or to the 15th day of the 4th month of the year following
the tax year in which the payment was to be made, whichever is earlier.

(b) For the purpose of determining the amount of interest due in
subsection (5)(a), the amount of the underpayment is the required installment
amount less the installment amount paid, if any, on or before the due date for
the installment.

(c) For the purpose of determining the amount of interest due in subsection
(5)(a), an estimated payment must be credited against unpaid required
installments in the order in which those installments are required to be paid.

(d) For a married taxpayer filing separately on the same form, the
interest provided for in subsection (5)(a) must be computed on the combined
tax liability after reductions for credits and withholding, as shown on the
taxpayer's return.
(e)(d) Interest may not be charged with respect to any underpayment of the fourth installment of estimated taxes if:
(i) the taxpayer pays in full the amount computed on the return as payable; and
(ii) the taxpayer files a return on or before the last day of the month following the close of the tax year referred to in subsection (2)(a) or (2)(b).

(6) Interest on the underpayment of estimated tax may not be assessed against a taxpayer if the tax paid by the taxpayer from employer withholding and estimated tax payments satisfies the requirements of subsection (1)(a)(i) or (1)(a)(ii) and the taxpayer has paid approximately equal quarterly installments of estimated taxes.

For the purposes of this section, “farmer or rancher” means a taxpayer who derives at least 66 2/3% of the taxpayer’s gross income, as defined in 15-30-2101 determined for federal income tax purposes, from farming or ranching operations, or both.

(7) The department shall promulgate rules governing reasonable extensions of time for paying the estimated tax. An extension may not be for more than 6 months.”

Section 20. Section 15-30-2602, MCA, is amended to read:
“15-30-2602. Returns and payment of tax — penalty and interest — refunds — credits — inflation adjustment. (1) (a) For both resident and nonresident taxpayers, each If required to file a federal income tax return pursuant to the Internal Revenue Code, each individual, including each nonresident with Montana source income, or each estate or trust shall file a return married couple not filing a joint return and having a gross income for the tax year of more than the maximum standard deduction for that filing status, as determined in 15-30-2102, is liable for a return to be filed on forms and according to rules that the department may prescribe. The gross income amounts referred to in this subsection (1) must be increased by the personal exemption allowance determined in 15-30-2114 for each additional personal exemption allowance that the taxpayer is entitled to claim for the taxpayer and the taxpayer’s spouse under 15-30-2114(3) and (4).

(b) A taxpayer that is not required to file a federal income tax return shall file a Montana return if the taxpayer has Montana taxable income after taking into consideration the additions and subtractions to federal taxable income in [section 1].

(2) In accordance with instructions set forth by the department, each taxpayer who is married and living with a husband or wife and is required to file a return may, at the taxpayer’s option, file a joint return with the husband or wife even though one of the spouses has neither gross income nor deductions. If a joint return is made, the tax must be computed on the aggregate taxable income and, subject to 15-30-2646, the liability with respect to the tax is joint and several. If a joint return has been filed for a tax year, the spouses may not file separate returns after the time for filing the return of either has expired unless the department consents:
(3) If a taxpayer is unable to make the taxpayer’s own return, the return must be made by an authorized agent or by a guardian or other person charged with the care of the person or property of the taxpayer.

(4)(3) All taxpayers, including but not limited to those subject to the provisions of 15-30-2502 and 15-30-2512, shall compute the amount of income tax payable and shall, on or before the date required by this chapter for filing a return, pay to the department any balance of income tax remaining unpaid after crediting the amount withheld, as provided by 15-30-2502, and any payment made by reason of an estimated tax return provided for in 15-30-2512.
However, the tax computed must be greater by $1 than the amount withheld and paid by estimated return as provided in this chapter. If the amount of tax withheld and the payment of estimated tax exceed by more than $1 the amount of income tax as computed, the taxpayer is entitled to a refund of the excess.

(4) If the department determines that the amount of tax due is greater than the amount of tax computed by the taxpayer on the return, the department shall mail a notice to the taxpayer as provided in 15-30-2642 of the additional tax proposed to be assessed, including penalty and interest as provided in 15-1-216.

(5) Individual income tax forms distributed by the department for each tax year must contain instructions and tables based on the adjusted base year Montana income tax structure for that tax year.

Section 21. Section 15-30-2605, MCA, is amended to read:

“15-30-2605. Revision of return by department — statute of limitations — examination of records and persons. (1) If, in the opinion of the department, any return of a taxpayer is in any essential respect incorrect, it may revise the return.

(2) If a taxpayer does not file a return as required under this chapter, the department may, at any time, audit the taxpayer or estimate the Montana taxable income of the taxpayer from any information in its possession and, based upon the audit or estimate, assess the taxpayer for the taxes, penalties, and interest due the state.

(3) Except as provided in subsections (2) and (4), the amount of tax due under any return may be determined by the department within 3 years after the return was filed, regardless of whether the return was filed on or after the last day prescribed for filing. For the purposes of 15-30-2607 and this section, a tax return due under this chapter and filed before the last day prescribed by law or rule is considered to be filed on the last day prescribed for filing.

(4) If a taxpayer, with intent to evade the tax, purposely or knowingly files a false or fraudulent return that violates a provision of this chapter, the amount of tax due may be determined at any time after the return is filed and the tax may be collected at any time after it becomes due.

(5) The department, for the purpose of ascertaining the correctness of any return or for the purpose of making an estimate of Montana taxable income of any person where information has been obtained, may also examine or cause to have examined by any agent or representative designated by it for that purpose any books, papers, or records of memoranda bearing upon the matters required to be included in the return and may require the attendance of the person rendering the return or any officer or employee of the person or the attendance of any person having knowledge in the premises and may take testimony and require proof material for its information, with power to administer oaths to the person or persons.”

Section 22. Section 15-30-2606, MCA, is amended to read:

“15-30-2606. Tolling of statute of limitations. The running of the statute of limitations provided for under 15-30-2605 must be suspended during any period that the federal statute of limitations for collection of federal income tax has been suspended by written agreement signed by the taxpayer or when the taxpayer has instituted an action that has the effect of suspending the running of the federal statute of limitations and for 1 additional year. If the taxpayer fails to file an amended Montana return as required by 15-30-2619, the statute of limitations does not apply until 3 years from the date the federal changes become final or the amended federal return was filed. If the taxpayer omits from federal gross income, as defined and described in section 61 of the Internal Revenue Code, 26 U.S.C. 61, an amount properly includable as federal
gross income and the amount is in excess of 25% of the amount of adjusted gross income stated in the return, the statute of limitations does not apply for 2 additional years from the time specified in 15-30-2605.”

The authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, rentals, and taxes, if any is pledged, sufficient to make the revenue from the pledged source in the year at least equal to the amount of principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Except as otherwise provided in this section, any bonds issued pursuant to this chapter by an authority may be payable as to principal and interest solely from revenue of the authority and must state on their face the applicable limitations or restrictions regarding the source from which the principal and interest are payable.

(4) Bonds issued by an authority or municipality pursuant to the provisions of this chapter are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-2110(2)(a).

(5) For the security of bonds, the authority or municipality may by resolution make and enter into any covenant, agreement, or indenture and may exercise any additional powers authorized to be exercised by a municipality under Title 7, chapter 7, parts 44 and 45. (6) Subject to the conditions stated in this subsection, the governing body of any municipality having a population in excess of 10,000, with respect to bonds issued pursuant to this chapter by the municipality or by an authority in which the municipality is included, may by resolution covenant that in the event that at any time all revenue, including taxes, appropriated and collected for the bonds is insufficient to pay principal or interest then due, it shall, subject to 15-10-420, levy a general tax upon all of the taxable property in the municipality for the payment of the deficiency. The governing body may further covenant that at any time a deficiency is likely to occur within 1 year for the payment of principal and interest due on the bonds, it shall, subject to 15-10-420, levy a general tax upon all the taxable property in the municipality for the payment of the deficiency, and the taxes are limited to a rate estimated to be sufficient to produce the amount of the deficiency. In the event that more than one municipality having a population in excess of 10,000 is included in an authority issuing bonds pursuant to this chapter, the municipalities may apportion the obligation to levy taxes for the payment of, or in anticipation of, a deficiency in the revenue appropriated for the bonds in a manner that the municipalities may determine. The resolution must state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies. A resolution may not be effective until the question of its approval
has been submitted to the qualified electors of the municipality at a special election called for that purpose by the governing body of the municipality and a majority of the electors voting on the question have voted in favor of the resolution. The special election must be held in conjunction with a regular or primary election. The notice and conduct of the election is governed, to the extent applicable, as provided for municipal general obligation bonds in Title 7, chapter 7, part 42, for an election called by cities and towns and as provided for county general obligation bonds in Title 7, chapter 7, part 22, for an election called by counties. If a majority of the electors voting on the issue vote against approval of the resolution, the municipality may not make the covenant or levy a tax for the payment of deficiencies pursuant to this section, but the municipality or authority may issue bonds under this chapter payable solely from the sources referred to in subsection (1).”

(f) money or credits owed to a customer as a result of a retail business transaction, 3 years after the obligation accrued;
(g) gift certificate, 3 years after December 31 of the year in which the certificate was sold, but if redeemable in merchandise only, the amount abandoned is considered to be 60% of the certificate’s face value. A gift certificate is not presumed abandoned if the gift certificate was sold by a person who in the past fiscal year sold no more than $200,000 in gift certificates, which amount must be adjusted by November of each year by the inflation factor defined in 15-30-2101. The amount considered abandoned for a person who sells more than the amount that triggers presumption of abandonment is the value of gift certificates greater than that trigger.
(h) amount that is owed by an insurer on a life or endowment insurance policy or an annuity that has matured or terminated, 3 years after the obligation to pay arose or, in the case of a policy or annuity payable upon proof of death, 3 years after the insured has attained, or would have attained if living, the limiting age under the mortality table on which the reserve is based;
(i) property distributable by a business association or financial organization in a course of dissolution, 1 year after the property becomes distributable;

(j) property received by a court as proceeds of a class action and not distributed pursuant to the judgment, 1 year after the distribution date;

(k) except as provided in subsection (1)(q), property held by a court, government, governmental subdivision, agency, or instrumentality, 1 year after the property becomes distributable;

(l) wages or other compensation for personal services, 1 year after the compensation becomes payable;

(m) deposit or refund owed to a subscriber by a utility, 1 year after the deposit or refund becomes payable;

(n) property in an individual retirement account, defined benefit plan, or other account or plan that is qualified for tax deferral under the income tax laws of the United States, 3 years after the earliest of the date of the distribution or attempted distribution of the property, the date of the required distribution as stated in the plan or trust agreement governing the plan, or the date, if determinable by the holder, specified in the income tax laws of the United States by which distribution of the property must begin in order to avoid a tax penalty;

(o) a patronage refund owed to a member of a rural electric or telephone cooperative organized under Title 35, chapter 18, that is not used by the cooperative for educational purposes, 5 years after the distribution date;

(p) an unclaimed share in a cooperative that is not used for charitable or civic purposes in the community in which the cooperative is located, 5 years after the distribution date;

(q) surplus funds held by a county treasurer pursuant to 15-18-221, 5 years; and

(r) all other property, 5 years after the owner’s right to demand the property or after the obligation to pay or distribute the property arises, whichever first occurs.

(2) At the time that an interest is presumed abandoned under subsection (1), any other property right accrued or accruing to the owner as a result of the interest, and not previously presumed abandoned, is also presumed abandoned.

(3) Property is unclaimed if, for the applicable period set forth in subsection (1), the apparent owner has not communicated in writing or by other means reflected in a contemporaneous record prepared by or on behalf of the holder with the holder concerning the property or the account in which the property is held and has not otherwise indicated an interest in the property. A communication with an owner by a person other than the holder or its representative who has not in writing identified the property to the owner is not an indication of interest in the property by the owner.

(4) An indication of an owner’s interest in property includes:

(a) the presentment of a check or other instrument of payment of a dividend or other distribution made with respect to an account or underlying stock or other interest in a business association or financial organization or, in the case of a distribution made by electronic or similar means, evidence that the distribution has been received;

(b) owner-directed activity in the account in which the property is held, including a direction by the owner to increase, decrease, or change the amount or type of property held in the account;

(c) the making of a deposit to or withdrawal from an account in a financial organization; and
(d) the payment of a premium with respect to a property interest in an insurance policy; however, the application of an automatic premium loan provision or other nonforfeiture provision contained in an insurance policy does not prevent a policy from maturing or terminating if the insured has died or the insured or the beneficiary of the policy has otherwise become entitled to the proceeds before the depletion of the cash surrender value of a policy by the application of those provisions.

(5) Property is payable or distributable for purposes of this part notwithstanding the owner’s failure to make demand or present an instrument or document otherwise required to obtain payment.

(6) The presumption provided in subsection (1) does not apply to:
(a) unclaimed patronage refunds of a rural electric or telephone cooperative if the cooperative uses the refunds exclusively for educational purposes; or
(b) unclaimed shares in a nonutility cooperative if the cooperative uses the shares for charitable or civic purposes in the community in which the cooperative is located.

(7) For the purposes of this section, “inflation factor” means a number determined for each tax year by dividing the consumer price index for June of the previous tax year by the consumer price index for June 2015.”

Section 67. Transition. (1) As used in this section, the following definitions apply:
   (a) “Transition adjustment” means the net sum of all positive and negative adjustments to a taxpayer’s Montana taxable income related to transition items provided in subsection (3).
   (b) “Transition item” means any difference arising prior to January 1, 2024, from a difference in federal and Montana income tax laws in:
      (i) the amount, character, realization, or recognition of income or an item of income, gain, or credit;
      (ii) the amount, character, allowance, or disallowance of loss or an item of loss, deduction, or expense; or
      (iii) the basis of an asset or liability that will not, after December 31, 2023, increase or decrease a taxpayer’s federal taxable income.

(2) An adjustment to Montana taxable income may not be made to take transition items into account except as provided in subsection (3).

(3) On or before the due date, including extensions, of a return for the tax year ending after December 31, 2023, and before January 1, 2025, a taxpayer may, on forms prescribed by the department, file an election to make a transition adjustment to Montana taxable income. The election must specify and account for all transition items, including but not limited to the following:
   (a) If a taxpayer has a disallowed passive activity loss within the meaning of section 469 of the Internal Revenue Code that is carried over to a tax year ending after December 31, 2023, and before January 1, 2025, and if the amount of the federal carryover is not the same amount as the Montana carryover:
      (i) the difference is a positive adjustment to the taxpayer’s Montana taxable income if the Montana carryover is smaller than the federal carryover; and
      (ii) the difference is a negative adjustment to the taxpayer’s Montana taxable income if the Montana carryover is larger than the federal carryover.
   (b) If a taxpayer has excess long-term or short-term net capital loss described in section 1212(b)(1) of the Internal Revenue Code that is carried over to a tax year ending after December 31, 2023, and before January 1, 2025, and if the amount of the federal carryover is not the same amount as the Montana carryover:
      (i) the difference is a positive adjustment to the taxpayer’s Montana taxable income if the Montana carryover is smaller than the federal carryover; and
      (ii) the difference is a negative adjustment to the taxpayer’s Montana taxable income if the Montana carryover is larger than the federal carryover.
   (c) If a taxpayer or a taxpayer and the taxpayer’s spouse made an election on the taxpayer’s federal return to defer income ratably because of a conversion from an IRA, other than a Roth IRA, to a Roth IRA pursuant to section 408A(d)(3) of the Internal Revenue Code but included all the income in the taxpayer’s Montana income tax return, the sum of the balance of the federal deferred amount as of January 1, 2024, is a negative adjustment to the taxpayer’s Montana taxable income.
(d) Notwithstanding the deduction that a taxpayer would be allowed for net operating loss carryovers and net operating loss carrybacks under section 172(a) of the Internal Revenue Code in a tax year ending after December 31, 2023, and before January 1, 2025, if the taxpayer’s federal net operating loss is different from the taxpayer’s Montana net operating loss as of December 31, 2023, no adjustment to the taxpayer’s Montana taxable income may be made.

(e) If a taxpayer has an asset with a different adjusted basis for federal and Montana income tax purposes after taking into account the effect of the adjustments provided in subsections (3)(a), (3)(b), and (3)(c):

(i) the difference is a positive adjustment to the taxpayer’s Montana taxable income if the Montana adjusted basis is higher than the federal adjusted basis; and

(ii) the difference is a negative adjustment to the taxpayer’s Montana taxable income if the Montana adjusted basis is lower than the federal adjusted basis.

(f) If a taxpayer has a liability with a different adjusted basis for federal and Montana income tax purposes after taking into account the effect of the adjustments provided in subsections (3)(a), (3)(b), and (3)(c):

(i) the difference is a negative adjustment to the taxpayer’s Montana taxable income if the Montana adjusted basis is higher than the federal adjusted basis; and

(g) If a taxpayer received a refund of federal income tax the deduction of which in a tax year beginning after December 31, 2022, resulted in a reduction of Montana income tax liability, the refund is, to the extent the deduction resulted in a reduction of Montana income tax liability, a positive adjustment to the taxpayer’s Montana taxable income.

(4) The department of revenue is authorized to adopt rules and require facts and information to be reported that it considers necessary to administer the transition adjustment provided in this section.

Section 68. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 15, chapter 30, part 21, and the provisions of Title 15, chapter 30, part 21, apply to [section 1].

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-121, MCA, is amended to read:
“15-1-121. Entitlement share payment — purpose — appropriation. (1) As described in 15-1-120(3), each local government is entitled to an annual amount that is the replacement for revenue received by local governments for diminishment of property tax base and various earmarked fees and other revenue that, pursuant to Chapter 574, Laws of 2001, amended by section 4, Chapter 13, Special Laws of August 2002, and later enactments, were consolidated to provide aggregation of certain reimbursements, fees, tax collections, and
other revenue in the state treasury with each local government’s share. The reimbursement under this section is provided by direct payment from the state treasury rather than the ad hoc system that offset certain state payments with local government collections due the state and reimbursements made by percentage splits, with a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending a portion to other local governments.

(2) The sources of dedicated revenue that were relinquished by local governments in exchange for an entitlement share of the state general fund were:

(a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999;
(b) vehicle, boat, and aircraft taxes and fees pursuant to:
   (i) Title 23, chapter 2, part 5;

   (iii) Title 23, chapter 2, part 8;
   (iv) 61-3-317;
   (v) 61-3-321;
   (vi) Title 61, chapter 3, part 5, except for 61-3-509(3), as that subsection read prior to the amendment of 61-3-509 in 2001;
   (vii) Title 61, chapter 3, part 7;
   (viii) 5% of the fees collected under 61-10-122;
   (ix) 61-10-130;
   (x) 61-10-148; and
   (xi) 67-3-205;
(c) gaming revenue pursuant to Title 23, chapter 5, part 6, except for the permit fee in 23-5-612(2)(a);
(d) district court fees pursuant to:
   (i) 25-1-201, except those fees in 25-1-201(1)(d), (1)(g), and (1)(j);
   (ii) 25-1-202;
   (iii) 25-9-506; and
   (iv) 27-9-103;
(e) certificate of title fees for manufactured homes pursuant to 15-1-116;
(f) financial institution taxes collected pursuant to the former provisions of Title 15, chapter 31, part 7;
(g) all beer, liquor, and wine taxes pursuant to:
   (i) 16-1-404;
   (ii) 16-1-406; and
   (iii) 16-1-411;
(h) late filing fees pursuant to 61-3-220;
(i) title and registration fees pursuant to 61-3-203;
(j) veterans’ cemetery license plate fees pursuant to 61-3-459;
(k) county personalized license plate fees pursuant to 61-3-406;
(l) special mobile equipment fees pursuant to 61-3-431;
(m) single movement permit fees pursuant to 61-4-310;
(n) state aeronautics fees pursuant to 67-3-101; and
(o) department of natural resources and conservation payments in lieu of taxes pursuant to former Title 77, chapter 1, part 5.

(3) Except as provided in subsection (7)(b), the total amount received by each local government in the prior fiscal year as an entitlement share payment under this section is the base component for the subsequent fiscal year distribution, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to
subsection (7), is each local government’s base component. The sum of all local
governments’ base components is the fiscal year entitlement share pool.

(4) (a) Except as provided in subsections (4)(b)(iv) and (7)(b), the base
entitlement share pool must be increased annually by an entitlement share
growth rate as provided for in this subsection (4). The amount determined
through the application of annual growth rates is the entitlement share pool
for each fiscal year.

(b) By October 1 of each year, the department shall calculate the growth
rate of the entitlement share pool for the next fiscal year in the following
manner:

(i) The department shall calculate the entitlement share growth rate
based on the ratio of two factors of state revenue sources for the first, second,
and third most recently completed fiscal years as recorded on the statewide
accounting, budgeting, and human resource system. The first factor is the sum
of the revenue for the first and second previous completed fiscal years received
from the sources referred to in subsections (2)(b), (2)(c), and (2)(g) divided by
the sum of the revenue for the second and third previous completed fiscal years
received from the same sources multiplied by 0.75. The second factor is the
sum of the revenue for the first and second previous completed fiscal years
received from individual income tax as provided in Title 15, chapter 30, and
corporate income tax as provided in Title 15, chapter 31, divided by the sum of
the revenue for the second and third previous completed fiscal years received
from the same sources multiplied by 0.25.

(ii) Except as provided in subsections (4)(b)(iii) and (4)(b)(iv), the
entitlement share growth rate is the lesser of:

(A) the sum of the first factor plus the second factor; or

(B) 1.03 for counties, 1.0325 for consolidated local governments, and 1.035
for cities and towns.

(iii) In no instance can the entitlement growth factor be less than 1.
Subject to subsection (4)(b)(iv), the entitlement share growth rate is applied to
the most recently completed fiscal year entitlement payment to determine the
subsequent fiscal year payment.

(iv) The entitlement share growth rate, as described in this subsection (4),
is:

(A) for fiscal year 2018, 1.005;

(B) for fiscal year 2019, 1.0187;

(C) for fiscal year 2020 and thereafter, determined as provided in
subsection (4)(b)(ii). The rate must be applied to the entitlement payment for
the previous fiscal year as if the payment had been calculated using entitlement
share growth rates for fiscal years 2018 and 2019 as provided in subsection
(4)(b)(ii).

(5) As used in this section, “local government” means a county, a
consolidated local government, an incorporated city, and an incorporated
town. A local government does not include a tax increment financing district
provided for in subsection (8). The county or consolidated local government is
responsible for making an allocation from the county’s or consolidated local
government’s share of the entitlement share pool to each special district within
the county or consolidated local government in a manner that reasonably
reflects each special district’s loss of revenue sources for which reimbursement
is provided in this section. The allocation for each special district that existed
in 2002 must be based on the relative proportion of the loss of revenue in 2002.

(6) (a) The entitlement share pools calculated in this section, the amounts
determined distributed under 15-1-123(2) 15-1-123(4) for local governments,
the funding provided for in subsection (8) of this section, and the amounts
determined distributed under 15-1-123(3), 15-1-123(5) for tax increment financing districts are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. The growth factor in the entitlement share must be calculated separately for:

(A) counties;
(B) consolidated local governments; and
(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county’s percentage of the prior fiscal year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county’s population bears to the state population, not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government’s percentage of the prior fiscal year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government’s population bears to the state’s total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city’s or town’s percentage of the prior fiscal year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city’s or town’s population bears to the state’s total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool before the growth amount or adjustments made under subsection (7) are applied is to be distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(7) (a) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section, the department shall determine the reimbursement amount as provided in the enactment and add the appropriate amount to the entitlement share distribution under this section. The total entitlement share distributions in a fiscal year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool. The ratio of each local government’s distribution from the entitlement share pool must be recomputed to determine each local government’s ratio to be used in the subsequent year’s distribution determination under subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A).
(b) For fiscal year 2018 and thereafter, the growth rate provided for in subsection (4) does not apply to the portion of the entitlement share pool attributable to the reimbursement provided for in 15-1-123(2) 15-1-123(1) and (2). The department shall calculate the portion of the entitlement share pool attributable to the reimbursement in 15-1-123(2) 15-1-123(1) and (2), including the application of the growth rate in previous fiscal years, for counties, consolidated local governments, and cities and, for fiscal year 2018 and thereafter, apply the growth rate for that portion of the entitlement share pool as provided in 15-1-123(2) 15-1-123(3).

(c) The growth amount resulting from the application of the growth rate in 15-1-123(2) 15-1-123(3) must be allocated as provided in subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A) of this section.

(8) (a) Except for a tax increment financing district entitled to a reimbursement under 15-1-123(2) 15-1-123(5), if a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any funding. If a tax increment financing district referred to in subsection (8)(b) terminates, then the funding for the district provided for in subsection (8)(b) terminates.

(b) One-half of the payments provided for in this subsection (8)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (8)(a), the entitlement share for tax increment financing districts is as follows:

(9) The estimated fiscal year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from tax increment financing districts.

(10) When there has been an underpayment of a local government’s share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government’s entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department’s estimation of the base component, the entitlement share growth rate, or a local government’s allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) (a) Except as provided in 2-7-517, a payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1.

(b) A payment required pursuant to this section must be withheld if a local government:

(i) fails to meet a deadline established in 2-7-503(1), 7-6-611(2), 7-6-4024(3), or 7-6-4036(1); and

(ii) fails to remit any amounts collected on behalf of the state as required by 15-1-504 or as otherwise required by law within 45 days of the end of a month.

(c) A payment required pursuant to this section may be withheld if, for more than 90 days, a local government fails to:

(i) file a financial report required by 15-1-504;
(ii) remit any amounts collected on behalf of the state as required by 15-1-504; or

(iii) remit any other amounts owed to the state or another taxing jurisdiction."

Section 9. Section 15-10-420, MCA, is amended to read:

“15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year’s newly taxable value, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

(i) annexation of real property and improvements into a taxing unit;

(ii) construction, expansion, or remodeling of improvements;

(iii) transfer of property into a taxing unit;

(iv) subdivision of real property; and

(v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value:

(i) that arises because of an increase in the incremental value within a tax increment financing district; or

(ii) caused by the termination of an exemption that occurs due to the American Rescue Plan Act, Public Law 117-2, and [section 14].

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was constructed, expanded, or remodeled property since the
completion of the last reappraisal cycle is the current year market value of that property less the previous year market value of that property.

(d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property under 15-6-134 or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:
   (a) school district levies established in Title 20; or
   (b) a mill levy imposed for a newly created regional resource authority.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity:
   (a) may increase the number of mills to account for a decrease in reimbursements; and
   (b) may not increase the number of mills to account for a loss of tax base because of legislative action that is reimbursed under the provisions of 15-1-121(7).

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-109, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the calculation must be rounded up to the nearest tenth of a mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:
   (i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;
   (ii) a levy to repay taxes paid under protest as provided in 15-1-402;
   (iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;
   (iv) a levy for the support of a study commission under 7-3-184;
   (v) a levy for the support of a newly established regional resource authority;
   (vi) the portion that is the amount in excess of the base contribution of a governmental entity’s property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703;
   (vii) a levy for reimbursing a county for costs incurred in transferring property records to an adjoining county under 7-2-2807 upon relocation of a county boundary;
   (viii) a levy used to fund the sheriffs’ retirement system under 19-7-404(2)(b); or
   (ix) a governmental entity from levying mills for the support of an airport authority in existence prior to May 7, 2019, regardless of the amount of the levy imposed for the support of the airport authority in the past. The levy under this subsection (9)(a)(ix) is limited to the amount in the resolution creating the authority.
   (b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for
purposes of determining the elimination of property, new improvements, or newly taxable value in a governmental unit.”

Section 10. Section 20-9-366, MCA, is amended to read:

“17-7-140. Reduction in spending. (1) (a) As the chief budget officer of the state, the governor shall ensure that the expenditure of appropriations does not exceed available revenue. Except as provided in subsection (2), in the event of a projected general fund budget deficit, the governor, taking into account the criteria provided in subsection (1)(c), shall direct agencies to reduce spending in an amount that ensures that the projected ending general fund balance for the biennium will be at least:

(i) 4% of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;

(ii) 3% of the general fund appropriations for the second fiscal year of the biennium in October of the year preceding a legislative session;

(iii) 2% of the general fund appropriations for the second fiscal year of the biennium in January of the year in which a legislative session is convened; and

(iv) 1% of the general fund appropriations for the second fiscal year of the biennium in March of the year in which a legislative session is convened.

(b) An agency may not be required to reduce general fund spending for any program, as defined in each general appropriations act, by more than 10% during a biennium. Starting January 1, 2021, a governor may not reduce total agency spending in the biennium by more than 4% of the second year general fund appropriations for the agency. Departments or agencies headed by elected officials or the board of regents may not be required to reduce general fund spending by a percentage greater than the percentage of general fund spending reductions required for the weighted average of all other executive branch agencies. The legislature may exempt from a reduction an appropriation item within a program or may direct that the appropriation item may not be reduced by more than 10%.

(c) The governor shall direct agencies to manage their budgets in order to reduce general fund expenditures. Prior to directing agencies to reduce spending as provided in subsection (1)(a), the governor shall direct each agency to analyze the nature of each program that receives a general fund appropriation to determine whether the program is mandatory or permissive and to analyze the impact of the proposed reduction in spending on the purpose of the program. An agency shall submit its analysis to the office of budget and program planning and shall at the same time provide a copy of the analysis to the legislative fiscal analyst. The report must be submitted in an electronic format. The office of budget and program planning shall review each agency’s analysis, and the budget director shall submit to the governor a copy of the office of budget and program planning’s recommendations for reductions in spending. The budget director shall provide a copy of the recommendations to the legislative fiscal analyst at the time that the recommendations are submitted to the governor and shall provide the legislative fiscal analyst with any proposed changes to the recommendations. The recommendations must be provided in an electronic format. The legislative finance committee shall meet within 20 days of the date that the proposed changes to the recommendations for reductions in spending are provided to the legislative fiscal analyst. The legislative fiscal analyst shall provide a copy of the legislative fiscal analyst’s review of the proposed reductions in spending to the budget director at least 5 days before the meeting of the legislative finance committee. The committee may make recommendations concerning the proposed reductions in spending. The governor shall consider each agency’s analysis and the recommendations of the office of budget and program planning and the legislative finance...
committee in determining the agency’s reduction in spending. Reductions in spending must be designed to have the least adverse impact on the provision of services determined to be most integral to the discharge of the agency’s statutory responsibilities.

(2) Reductions in spending for the following may not be directed by the governor:
   (a) payment of interest and principal on state debt;
   (b) the legislative branch;
   (c) the judicial branch;
   (d) the school BASE funding program, including special education;
   (e) salaries of elected officials during their terms of office; and
   (f) the Montana school for the deaf and blind.

(3) (a) As used in this section, “projected general fund budget deficit” means an amount, certified by the budget director to the governor, by which the projected ending general fund balance for the biennium is less than:
   (i) 4% of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;
   (ii) 1.875% in October of the year preceding a legislative session;
   (iii) 1.25% in January of the year in which a legislative session is convened; and
   (iv) 0.625% in March of the year in which a legislative session is convened.
   (b) In determining the amount of the projected general fund budget deficit, the budget director shall take into account revenue, established levels of appropriation, anticipated supplemental appropriations for school equalization aid and the cost of the state’s wildland fire suppression activities exceeding the amount statutorily appropriated in 10-3-312, and anticipated reversions.

(4) If the budget director determines that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate established pursuant to 5-5-227, the budget director shall notify the revenue interim committee of the estimated amount. Within 20 days of notification, the revenue interim committee shall provide the budget director with any recommendations concerning the amount. The budget director shall consider any recommendations of the revenue interim committee prior to certifying a projected general fund budget deficit to the governor.

(5) If the budget director certifies a projected general fund budget deficit, the governor may authorize transfers to the general fund from certain accounts as set forth in subsections (6), and (7), and (8).

(6) Before January 1, 2021, the governor may authorize transfers from the budget stabilization reserve fund prior to making reductions in spending. A transfer under this subsection may not cause the fund balance of the budget stabilization reserve fund to be less than 1% of all general fund appropriations in the second year of the biennium.

(7) The governor may authorize transfers from the budget stabilization reserve fund provided for in 17-7-130. The governor may authorize $2 of transfers from the fund for each $1 of reductions in spending.

(8) If the budget director certifies a projected general fund budget deficit, the budget stabilization reserve fund provided for in 17-7-130 is fully expended and the governor determines more spending reductions are needed to address the projected general fund budget deficit, the governor may authorize transfers to the general fund from the fire suppression account established in 76-13-150. The amount of funds available for a transfer from this account is up to the sum of the fund balance of the account, plus expected current year revenue, minus the sum of 1% of the general fund appropriations for
the second fiscal year of the biennium, plus estimated expenditures from the account for the fiscal year. The governor may authorize $1 of transfers from the fire suppression account established in 76-13-150 for each $1 of reductions in spending.”

Section 3. Legislative financial modernization and risk analysis study. (1) A committee of members of the legislative finance committee and appointed members shall study the long-term future budget and revenue needs with changing economics and demographics.

(2) The study must be conducted by a bipartisan committee consisting of the following:

CHAPTER NO. 511

[HB 358]

AN ACT GENERALLY REVISING LAWS RELATED TO PRIVACY AND THE PUBLIC RIGHT TO KNOW; PROVIDING DISCLOSURE REQUIREMENTS FOR THE COMPROMISE AND SETTLEMENT OF CLAIMS AGAINST THE STATE; REQUIRING QUARTERLY REPORTS ON DEMANDS TO RESOLVE CLAIMS; PROVIDING DEFINITIONS; AMENDING SECTION 2-9-303, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, there is a strong public policy supporting the public’s right to know the precise reason for the expenditure of public money to settle claims against the government, as discussed in Citizens to Recall Whitlock v. Whitlock, 255 Mont. 517, 524, 844 P.2d 74, 78 (1992); and

WHEREAS, the concept of accountability of government includes accountability of how taxpayer dollars are spent; and

WHEREAS, a 2020 performance audit performed by the Legislative Audit Division, State Employee Settlements: Trends, Transparency, and Administration, concluded that the state used nondisclosure agreements in approximately two-thirds of its monetary settlements with employees; and

WHEREAS, anything that prohibits disclosure of how taxpayer dollars are spent inhibits the public’s right to know under Article II, section 9, of the Montana Constitution and should rarely be precluded by the protections in the right to privacy contained in Article II, section 10, of the Montana Constitution; and

WHEREAS, there is no basis to protect disclosure of details of settlements given that parties who sue the state in court are typically unable to conceal their identities and allegations from public disclosure; and

WHEREAS, there is no public policy basis to conceal facts about a claim against the state when a party settles a claim given that the same treatment is not afforded to a party who chooses to litigate a claim against the state; and

WHEREAS, the Legislature’s intent is to create sunshine and transparency when public money is used to settle claims based on the acts or omissions of state employees and state actors.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 4] may be cited as the “State’s Settlement of Claims Sunshine and Transparency Act”.
Section 2. Definitions. As used in [sections 1 through 4], the following definitions apply:

(1) (a) “Claim” means any claim against a governmental entity for $10,000 or more in monetary compensation, including but not limited to employment-related claims and tort claims.
   (b) The term does not include benefits disputes under Title 39, chapter 51 or 71.

(2) “Department” means the department of administration provided for in 2-15-1001.

(3) “Employee” has the meaning provided in 2-9-101. The term includes a permanent employee, short-term worker, student intern, seasonal employee, personal staff, and temporary employee as those terms are defined in 2-18-101.

(4) “Monetary compensation” includes money and anything of financial value that is used by a governmental entity to resolve a claim, including but not limited to paid administrative leave and reinstatement or rehiring of a terminated employee.

(5) “Nondisclosure agreement” means any kind of contract or agreement requiring the parties to maintain confidentiality of any information related to a settlement with the state, or compromise or settlement agreements with the state.

(6) “Settlement” means a binding legal agreement between the state or its agencies, departments, or other state entities and a party who accepts monetary compensation in return for releasing claims against the state or its entities.

(7) “State” and “governmental entity” means the state of Montana or any office, department, agency, authority, commission, board, institution, hospital, college, or university of the state.

Section 3. Requirements for compromise and settlement of claims against state. (1) The department shall create, monitor, maintain, and update, on an ongoing basis, a website that is available to the public and publishes the following information:
   (a) the names of the parties settling claims with the state unless the right to individual privacy outweighs the public right to know;
   (b) the date of each compromise or settlement of a claim against the state that results in monetary compensation;
   (c) the identity of the entity of the state where the claim originated;
   (d) the amount of monetary compensation contained in the compromise or settlement; and
   (e) a brief description of the alleged conduct, acts, or omissions by one or more employees, officers, or agents of the state at issue in the case.

(2) If a member of the public requests a paper copy of information on the website or a paper copy of the quarterly report as provided in [section 4], the department shall charge a fee for paper copies that is commensurate with the cost of printing.

(3) All information regarding the compromise or settlement of a claim involving a minor is exempted from disclosure under subsection (1).

(4) The information identified in subsection (1) must be published within 60 days of the date the compromise or settlement occurred.

(5) (a) Nondisclosure agreements are disfavored in compromise or settlement agreements when the state is a party and may be utilized only in the rare instance in which the right to individual privacy outweighs the public right to know.
(b) Nondisclosure agreements may not exempt the state from its reporting obligations in subsections (1)(b) through (1)(e), except in the rare instance in which:
   (i) disclosure of information required to be reported by subsection (1)(c) or (1)(e) would lead to a violation of an individual’s right to privacy; and
   (ii) the right to privacy arising as a result of the claim outweighs the public right to know.
   (c) No privacy interest may overcome the public right to know with respect to the duty to report the information in subsections (1)(b) and (1)(d).
   (6) All money paid by the state pursuant to a settlement or compromise must be consistently coded in the statewide accounting, budgeting, and human resource system so that when the code or codes are reviewed a complete list of all settled claims is provided. The department shall set the standards for the coding.
   (7) Among the records to be maintained when monetary compensation is utilized to settle or compromise claims are documents signed by an appropriate official, including:
      (a) a statement that no condition or limitation precludes the use of the funds utilized to pay the settlement or other monetary compensation or damages;
      (b) a detailed description of the alleged conduct, acts, or omissions by one or more employees, officers, or agents of the state, and the state’s defenses, including legal and factual defenses at issue in the case; and
      (c) the settlement terms.
   (8) When a governmental entity provides monetary compensation other than money to resolve a claim, the governmental entity must evaluate the value conveyed pursuant to the settlement or compromise to determine whether it meets the $10,000 threshold requiring disclosure under this section.

Section 4. Quarterly report on demands to resolve claims.
(1) Each governmental entity shall submit a quarterly report to the legislative fiscal division disclosing all civil claims or complaints, including the identity of the court or entity of the state where the complaint is filed, received by or for which service of process has been perfected with initial demands seeking $10,000 or more in monetary compensation, exclusive of initial demands made in mediations or settlement conferences in which court rules or orders preclude disclosure of demands.
   (2) The provisions of this section do not apply to an employee or official in the judicial branch.
   (3) Claims for injunctive relief need not be reported as claims seeking monetary compensation.
   (4) Demands deemed to be frivolous by governmental entities need not be reported under this section, and judicial review is not available to challenge any such determination made by a governmental entity. If a governmental entity does not disclose a claim or complaint in a quarterly report because the claim is deemed to be frivolous, the governmental entity shall disclose the number of claims or complaints not disclosed under the exemption in this subsection.

Section 5. Section 2-9-303, MCA, is amended to read:
“2-9-303. Compromise or settlement of claim against state. (1) (a) The department of administration may compromise and settle any claim allowed by parts 1 through 3 of this chapter, subject to the terms of insurance, if any. A settlement from the self-insurance reserve fund or deductible reserve fund exceeding $10,000 must be approved by the district court of the first
judicial district except when suit has been filed in another judicial district, in which case the presiding judge shall approve the compromise settlement.

(b) All records related to a compromise or settlement of a claim against the state must be retained for a period of 20 years.

(2) (a) All terms, conditions, and details of the governmental portion of a compromise or settlement agreement entered into or approved pursuant to subsection (1) are public records available for public inspection unless a right of individual privacy clearly exceeds the merits of public disclosure.

(b) Unless the state or its entities pay nothing to resolve a claim, the compromise or settlement agreement must include a description of the alleged acts, omissions, or other basis of liability at issue.

(3) An employee who is a party to a compromise or settlement entered into or approved pursuant to subsection (1) may waive the right of individual privacy and allow the state to release all records or details of the compromise or settlement, such as personnel records, that pertain to the employee personally and that would otherwise be protected by the right of individual privacy subject to the merits of public disclosure.”

Section 6. Use of existing resources. It is the intent of the legislature that the executive branch agencies and entities implement the provisions of [this act] within existing resources.

Section 7. Codification instruction. [Sections 1 through 4] are intended to be codified as an integral part of Title 2, chapter 6, part 10, and the provisions of Title 2, chapter 6, part 10, apply to [sections 1 through 4].

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Effective date. [This act] is effective July 1, 2021.

A hearing must be held if the applicant presents facts demonstrating that conditions over the route or in the territory and affecting transportation facilities have materially changed since the previous public investigation and finding and that public convenience and necessity now require the motor carrier operation.”

Section 7. Section 69-12-322, MCA, is amended to read:

(b) The commission may extend the time for making a decision to a date requested by the applicant.

(2) (a) If after a hearing on the request for a certificate of public convenience and necessity the commission finds from the evidence that public convenience and necessity require the authorization of the service proposed or any part of the service proposed, a certificate of public convenience and necessity must be issued. In determining whether a certificate of public convenience and necessity should be issued, the commission shall consider:

- the transportation service being furnished or that will be furnished by any railroad or other existing transportation agency;
- the likelihood of the proposed service being permanent and continuous throughout 12 months of the year; and
- the effect that the proposed transportation service may have on other forms of transportation service that are essential and indispensable to the communities to be affected by the proposed transportation service or that might be affected by the proposed transportation service.

(b) For the purposes of issuing a certificate of public convenience and necessity to a Class D motor carrier, a determination of public convenience and necessity may include a consideration of competition.

(3) The commission may issue the certificate as requested in the application or in part and may attach terms and conditions to a certificate of public convenience and necessity for a motor carrier pursuant to 69-12-311(1)(a) or 69-12-312(1)(a), a Class C motor carrier, or a Class D motor carrier that in its judgment public convenience and necessity require.

(4) If a certificate is issued to a motor carrier as provided in this part, the certificate is in effect until terminated by the commission for cause or until terminated by the owner’s failure to comply with 69-12-402.

(5) (a) In determining whether to approve a certificate of compliance for a motor carrier pursuant to 69-12-311(1)(a) or 69-12-312(1)(a) or for a Class E motor carrier, the commission shall consider only whether the applicant meets the requirements of 69-12-415. The commission shall provide notice and may require a hearing in accordance with 69-12-321.

(b) An applicant seeking a certificate of compliance establishes a rebuttable presumption that it meets the requirements of 69-12-415 by demonstrating compliance with insurance, bonding, and security requirements established by the commission in accordance with 69-12-402.”

Section 9. Section 69-12-324, MCA, is amended to read:
“69-12-324. Special provisions when federal or state contract involved. (1) A written contract presented to the commission is sufficient proof that a motor carrier pursuant to 69-12-311(1)(a) or 69-12-312(1)(a) or a Class
E carrier meets the requirements for a certificate of compliance or that a motor carrier pursuant to 69-12-311(1)(b) or 69-12-312(1)(b), a Class C motor carrier, or a Class D motor carrier meets the requirements for a certificate of public convenience and necessity in accordance with the terms and conditions contained within the United States government or state government contracts. Subject to the provisions of this section, a transportation movement is considered to be:

(a) the transportation for hire of persons between two points within the state by a motor carrier pursuant to the terms of a written contract between the carrier and the United States government or an agency or department of the United States; or

(b) the transportation for hire of solid waste between two points within the state by a motor carrier pursuant to the terms of a written contract between the carrier and the state government or an agency or department of the state.

(2) The Class C certificate of public convenience and necessity issued pursuant to the terms and conditions of the United States government or state government contract may be issued by the commission upon receipt of an executed copy of the United States government or state government contract. The certificate of public convenience and necessity may be issued without a public hearing.

(3) The certificate issued pursuant to the terms of the United States government or state government contract is authorized only for the duration of the United States government or state government contract concerned. The certificate may be renewed for another definite term if the motor carrier is the motor carrier authorized to operate under the United States government or state government contract.”

**Section 10.** Section 69-12-403, MCA, is amended to read:

“**69‑12‑403. Discontinuance of service.** No Class A or Class B motor carrier shall abandon or discontinue any service established under this chapter without an order of the commission therefor.”

**Section 11.** Section 69-12-404, MCA, is amended to read:

“**69‑12‑404. Suspension of certificate by petition.** (1) (a) A motor carrier may petition the commission in writing to suspend its certificate for a period not to exceed 6 months. Only one additional 6-month suspension may be requested and granted.

(b) The suspension of a certificate of public convenience and necessity requested by a motor carrier pursuant to 69-12-311(1)(b) or 69-12-312(1)(b), by a Class C motor carrier, or by a Class D motor carrier may be granted upon a showing of present absence of public convenience and necessity or other showing of matters affecting motor carrier transportation.

(2) (a) The suspension of a certificate of compliance for a motor carrier pursuant to 69-12-311(1)(a) or 69-12-312(1)(a) or for a Class E motor carrier as provided for in subsection (1) for a period of 12 consecutive months automatically terminates a certificate of compliance and requires a motor carrier pursuant to 69-12-311(1)(a) or 69-12-312(1)(a) or a Class E motor carrier to reapply for a certificate of compliance.

(b) The suspension of a certificate of public convenience and necessity for a motor carrier pursuant to 69-12-311(1)(b) or 69-12-312(1)(b), a Class C motor carrier, or a Class D motor carrier as provided in subsection (1) for a period of 12 consecutive months establishes a prima facie presumption of absence of public convenience and necessity. If after notice and hearing the motor carrier pursuant to 69-12-311(1)(b) or 69-12-312(1)(b), the Class C motor carrier, or the Class D motor carrier is unable to prove the existence of public
convenience and necessity or existing demand for the transportation service, the commission may cancel a certificate of public convenience and necessity.”

Section 12. Section 69-12-406, MCA, is amended to read:

“69-12-406. Restriction on transportation of certain waste. Except as provided in 69-12-324, a Class A, Class B, Class C, or Class E motor carrier may not be authorized or permitted to transport garbage within the state. This restriction does not apply to recyclables.”

Section 13. Section 69-12-407, MCA, is amended to read:

“69-12-407. Records and reports. (1) All records, books, accounts, and files of a Class A, Class B, Class C, and Class D motor carrier in this state, as they relate to the business of transportation conducted by the motor carrier, must at all times be subject to examination by the commission or by any authorized agent or employee of the commission. The commission shall prescribe a uniform system of accounts and uniform reports covering the operations of Class A, Class B, Class C, and Class D motor carriers. A motor carrier authorized to operate in accordance with the provisions of this chapter shall keep its records, books, and accounts according to the uniform system to the extent possible.

(2) Before April 1 of each year, unless this deadline has been extended for good cause by the commission, a motor carrier authorized to engage in business shall file with the commission a report, under oath, on a form prescribed and furnished by the commission.

(3) In addition to other reporting requirements, a Class D motor carrier shall provide sufficient information to the commission to show that the carrier is entitled to possess the Class D motor carrier certificate of public convenience and necessity under the requirements of 69-12-314.

(4) (a) To ensure safety with respect to transportation network carrier drivers affiliated with Class E motor carriers, the commission may conduct audits of a Class E motor carrier, but not more than twice annually.

(b) A Class E motor carrier shall, upon request from the commission, provide to the commission up to 1,000 unique identification numbers, each of which has been assigned by the motor carrier to an individual transportation network carrier driver affiliated with the motor carrier.

(c) The commission may request from the Class E motor carrier copies of records held by the motor carrier for up to 10 of the motor carrier’s drivers, who may be identified in the request only by the driver’s unique identification number.

(d) The Class E motor carrier shall comply with the request in an electronic format acceptable to the commission within 1 business day after receiving the request.

(e) The Class E motor carrier may redact the records provided to the commission under subsection (4)(d) to protect the individual privacy of the transportation network carrier’s drivers, including information that could be used to identify a driver. Information that a Class E motor carrier may redact includes but is not limited to the transportation network carrier driver’s name, address, and social security number, other than the last four digits.

(5) Except as required by Article II, section 9 or 10, of the Montana constitution, the records obtained by the commission under subsection (4) may not be publicly disclosed by the commission.”

Section 14. Section 69-12-501, MCA, is amended to read:

“69-12-501. Rate schedules to be maintained. (1) A Class A or Class B motor carrier issued a certificate shall maintain on file with the commission, if applicable, a full and complete schedule of its rates, fares, charges, classifications, and rules of service and any and all tariff provisions relating to
rates, fares, charges, classifications, or rules. A schedule on file and approved on March 7, 1961, remains in full force and effect until changed or modified by the commission or by the carrier with the approval of the commission.

2. A change, modification, alteration, increase, or decrease in any rate, fare, charge, classification, or rule of service may not be made by a motor carrier without first obtaining the approval of the commission. The commission shall prescribe rules providing for the form and style of all schedules and tariffs and for the procedures to be followed in filing or publishing any changes or modifications of schedules and tariffs.”

Section 15. Section 69-12-502, MCA, is amended to read:
“69-12-502. Prohibition on deviation from rate schedules. It shall be unlawful for any Class A or B motor carrier to charge, demand, receive, or collect any greater or less rate, charge, or fare than that fixed by the commission for the transportation service provided. When maximum or minimum rates have been established for any service provided by any Class C motor carrier, it shall likewise be unlawful for such the carrier to charge, demand, receive, or collect any greater compensation or rate than that established for the service by any applicable maximum rate or any less compensation or rate than that established by any applicable minimum rate. It also shall be unlawful for any Class A or B motor carrier or any Class C motor carrier subject to maximum or minimum rates to refund or remit, in any manner or by any device, any portion of the rates, fares, and charges required to be collected under the schedule of the Class A or B carrier on file with the commission or under the maximum or minimum rates established by the commission for the Class C carrier.”

Section 16. Section 69-12-611, MCA, is amended to read:
“69-12-611. Leasing of power equipment. (1) All Class A, Class B, Class C, and Class D motor carriers subject to the jurisdiction of the commission may lease power equipment for the purpose of performing transportation movements within the state. The leasing of power units must be in writing.
2. All leases must contain:
(a) the full names and addresses of negotiating parties;
(b) a complete description of each vehicle involved;
(c) a provision that the sole possession, responsibility, control, and direction of each vehicle resides with the lessee for the entire term of the lease;
(d) a provision that the lessee assumes full responsibility for all regulatory fees;
(e) the amount of compensation to be paid for use of the vehicle while under the lease and the method by which the compensation is determined;
(f) the renewal conditions of the lease, if any; and

(f) a local government, including a local government health department or local government board of health.

Section 2. Liability. Except as provided in [sections 3 through 6], a government entity is not liable for civil damages for injuries or death from or relating to exposure or potential exposure to covid-19 unless the civil action involves an act or omission that constitutes gross negligence, willful and wanton misconduct, or intentional tort.

Section 3. Duty of care — limited liability. (1) A government entity that possesses or is in control of a premises, including a tenant, lessee, or occupant of a premises, who directly or indirectly invites or permits an individual onto a premises, is not liable for civil damages for injuries or death sustained from the individual’s exposure to covid-19, whether the exposure occurs on a premises or during an activity managed by the person who possesses or is in control of a premises, unless the civil action involves an act or omission that constitutes gross negligence, willful and wanton misconduct, or intentional tort.

(2) The standard established in subsection (1) applies in landlord-tenant claims made under 70-24-303(1)(b) through (1)(e) for injuries or death sustained from an individual’s exposure to covid-19.

of an individual through an act or omission that constitutes gross negligence, willful and wanton misconduct, or an intentional tort. This section applies to:

(1) injury or death resulting from screening, assessing, diagnosing, caring for, or treating individuals with a suspected or confirmed case of covid-19;
(2) prescribing, administering, or dispensing a pharmaceutical for off-label use to treat a patient with a suspected or confirmed case of covid-19; or

Section 5. Affirmative defense — reasonable measures consistent with regulations, orders, and public health guidance. (1) In addition to all other defenses, a government entity may assert as an affirmative defense that the government entity took reasonable measures consistent with a federal or state statute, regulation, order, or public health guidance related to covid-19 that was applicable to the government entity or activity at issue at the time of the alleged injury, death, or property damage.

(2) If two or more sources of public health guidance are applicable, a government entity does not breach a duty of care if the person took reasonable measures consistent with one applicable set of public health guidance.

(3) If a government entity proves the affirmative defense contained in this section, the affirmative defense is a complete bar to any action relating to covid-19.

(4) This section may not be construed to impose liability on a government entity for failing to comply with a federal or state statute, regulation, order, or public health guidance related to covid-19.

Section 6. Limitation on requirements. (1) If a federal or state statute, regulation, order, or public health guidance related to covid-19 recommends or requires the use of a face mask, a government entity is not required to ensure face masks are being used or a face mask is sufficient to stop the spread of covid-19 to meet the standard of care.

(2) If a federal or state statute, regulation, order, or public health guidance related to covid-19 recommends or requires temperature checks, a government entity is not required to conduct a temperature check before allowing an individual to enter a premises if the individual refuses to allow the temperature check.

(3) If a federal or state statute, regulation, order, or public health guidance related to covid-19 recommends or requires a vaccine, an individual
is not required to receive a vaccine and a government entity is not required to ensure employees or agents are vaccinated to meet the standard of care.

Section 7. Codification instruction. [Sections 1 through 6] are intended to be codified as an integral part of Title 2, chapter 9, and the provisions of Title 2, chapter 9, apply to [sections 1 through 6].

If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. Two-thirds vote required. Because [sections 2, 3, and 5] limit government liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage.

Section 11. Effective date. [This act] is effective on passage and approval.

Section 12. Termination. [This act] terminates December 31, 2031.

[HB 447]

AN ACT GENERALLY REVISING LAWS RELATED TO LEGISLATIVE OVERSIGHT OF ADMINISTRATIVE RULES; REQUIRING AN AGENCY TO SEND A COPY OF A PROPOSAL NOTICE TO THE APPROPRIATE ADMINISTRATIVE COMMITTEE WHEN IT SENDS THE NOTICE TO THE SECRETARY OF STATE FOR PUBLISHING; PROHIBITING THE ADOPTION OF RULES IN THE LAST QUARTER OF A YEAR BEFORE A LEGISLATIVE SESSION; PROVIDING EXCEPTIONS; REVISIGN RULEMAKING AUTHORITY; AMENDING SECTIONS 2-4-302 AND 2-4-305, MCA; AND PROVIDING AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 2-4-302, MCA, is amended to read:

 "2-4-302. Notice, hearing, and submission of views. (1) (a) Prior to the adoption, amendment, or repeal of any rule, the agency shall give written notice of its proposed action. The proposal notice must include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved; the reasonable necessity for the proposed action; and the time when, place where, and manner in which interested persons may present their views on the proposed action. The reasonable necessity must be written in plain, easily understood language. The reasonable necessity must be written in plain, easily understood language.

(b) The agency shall state in the proposal notice the date on which and the manner in which contact was made with the primary sponsor as required in subsection (2)(d) (2)(e). If the notification to the primary sponsor was given by mail, the date stated in the proposal notice must be the date on which the notification was mailed by the agency. If the proposal notice fails to state the date on which and the manner in which the primary sponsor was contacted, the filing of the proposal notice under subsection (2)(a)(i) (2)(a) is ineffective for the purposes of this part and for the purposes of the law that the agency cites in the proposal notice as the authority for the proposed action.

(c) If the agency proposes to adopt, increase, or decrease a monetary amount that a person shall pay or will receive, such as a fee, cost, or benefit, the notice must include an estimate, if known, of:

(i) the cumulative amount for all persons of the proposed increase, decrease, or new amount; and

(ii) the number of persons affected.

(2) (a) The proposal notice must be filed with the secretary of state for publication in the register, as provided in 2-4-312. When the agency files the proposal notice with the secretary of state to prepare it for publication in the register, the agency shall concurrently send an electronic copy of the proposal
notice to the appropriate administrative rule review committee. If the secretary of state requires formatting changes to the proposal notice before it may be published, the agency is not required to send another copy of the proposal notice to the committee. The requirement to concurrently send a copy of the proposal notice to the committee is fulfilled if the agency sends an electronic copy to each member of the staff of the appropriate rule review committee on the same day that the notice is filed with the secretary of state.

(b) (i) Except as provided in subsection (2)(a)(ii) (2)(b)(ii), within 3 days of publication, a copy of the published proposal notice must be sent to interested persons who have made timely requests to the agency to be informed of its rulemaking proceedings, and to the office of any professional, trade, or industrial society or organization or member of those entities who has filed a request with the appropriate administrative rule review committee when the request has been forwarded to the agency as provided in subsection (2)(b)(ii).

(ii) In lieu of sending a copy of the published proposal notice to an interested person who has requested the notice, the agency may, with the consent of that person, send that person an electronic notification that the proposal notice is available on the agency’s website and an electronic link to the part of the agency’s website or a description of the means of locating that part of the agency’s website where the notice is available.

(iii) Each agency shall create and maintain a list of interested persons and the subject or subjects in which each person on the list is interested. A person who submits a written comment or attends a hearing in regard to proposed agency action under this part must be informed of the list by the agency. An agency complies with this subsection (2)(b)(iii) if it includes in the proposal notice an advisement explaining how persons may be placed on the list of interested persons and if it complies with subsection (7).

(b)(c) The appropriate administrative rule review committee shall forward a list of all organizations or persons who have submitted a request to be informed of agency actions to the agencies that the committee oversees that publish rulemaking notices in the register. The list must be amended by the agency upon request of any person requesting to be added to or deleted from the list.

(b)(d) The proposal notice required by subsection (1) must be published at least 30 days in advance of the agency’s proposed action. The agency shall post the proposal notice on a state electronic access system or other electronic communications system available to the public.

(b)(e) (i) When an agency begins to work on the substantive content and the wording of a proposal notice for a rule that initially implements legislation, the agency shall contact, as provided in subsection (8), the legislator who was the primary sponsor of the legislation to:

(A) obtain the legislator’s comments;

(B) inform the legislator of the known dates by which each step of the rulemaking process must be completed; and

(C) provide the legislator with information about the time periods during which the legislator may comment on the proposed rules, including the opportunity to provide comment to the appropriate administrative rule review committee.

(ii) If the legislation affected more than one program, the primary sponsor must be contacted pursuant to this subsection (2)(d)(i) (2)(e)(i) each time that a rule is being proposed to initially implement the legislation for a program.

(iii) Within 3 days after a proposal notice covered under subsection (2)(d)(i) (2)(e)(i) has been published as required in subsection (2)(a)(i) (2)(a), a copy of
the published notice must be sent to the primary sponsor contacted under this subsection (2)(d) (2)(e).

(3) If a statute provides for a method of publication different from that provided in subsection (2), the affected agency shall comply with the statute in addition to the requirements contained in this section. However, the notice period may not be less than 30 days or more than 6 months.

(4) Prior to the adoption, amendment, or repeal of any rule, the agency shall afford interested persons at least 20 days' notice of a hearing and at least 28 days from the day of the original notice to submit data, views, or arguments, orally or in writing. If an amended or supplemental notice is filed, additional time may be allowed for oral or written submissions. In the case of substantive rules, the notice of proposed rulemaking must state that opportunity for oral hearing must be granted if requested by either 10% or 25, whichever is less, of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency, by the appropriate administrative rule review committee, or by an association having not less than 25 members who will be directly affected. If the proposed rulemaking involves matters of significant interest to the public, the agency shall schedule an oral hearing.

(5) An agency may continue a hearing date for cause. In the discretion of the agency, contested case procedures need not be followed in hearings held pursuant to this section. If a hearing is otherwise required by statute, nothing in this section alters that requirement.

(6) If an agency fails to publish a notice of adoption within the time required by 2-4-305(7) and the agency again proposes the same rule for adoption, amendment, or repeal, the proposal must be considered a new proposal for purposes of compliance with this chapter.

(7) At the commencement of a hearing on the intended action, the person designated by the agency to preside at the hearing shall:

(a) read aloud the “Notice of Function of Administrative Rule Review Committee” appearing in the register; and

(b) inform the persons at the hearing of the provisions of subsection (2)(a) (2)(b) and provide them an opportunity to place their names on the list.

(8) (a) For purposes of contacting primary sponsors under subsection (2)(d) (2)(e), a current or former legislator who wishes to receive notice shall keep the current or former legislator's name, address, e-mail address, and telephone number on file with the secretary of state. The secretary of state may also use legislator contact information provided by the legislative services division for the purposes of the register. The secretary of state shall update the contact information whenever the secretary of state receives corrected information from the legislator or the legislative services division. An agency proposing rules shall consult the register when providing sponsor contact.

(b) An agency has complied with the primary bill sponsor contact requirements of this section when the agency has attempted to reach the primary bill sponsor at the legislator’s address, e-mail address, and telephone number on file with the secretary of state pursuant to subsection (8)(a). If the agency is able to contact the primary sponsor by using less than all of these three methods of contact, the other methods need not be used.

(9) This section applies to the department of labor and industry adopting a rule relating to a commercial drug formulary as provided in 39-71-704. This section does not apply to the automatic updating of department of labor and industry rules relating to commercial drug formularies as provided in 39-71-704.”
Section 2. Section 2-4-305, MCA, is amended to read:

“2-4-305. Requisites for validity — authority and statement of reasons. (1) (a) The agency shall fully consider written and oral submissions respecting the proposed rule, including comments submitted by the primary sponsor of the legislation prior to the drafting of the substantive content and wording of a proposed rule that initially implements legislation.

(b) (i) Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement the reasons for overruling the considerations urged against its adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is published in the register, the differences must be described in the statement of reasons for and against agency action. When written or oral submissions have not been received, an agency may omit the statement of reasons.

(ii) If an adopted rule that initially implements legislation does not reflect the comments submitted by the primary sponsor, the agency shall provide a statement explaining why the sponsor's comments were not incorporated into the adopted rule.

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this
section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency’s notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section, and unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule, and unless the adoption is in compliance with the prohibitions of subsection (11). The measure of whether an agency has adopted a rule in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section is not whether the agency has provided notice of the proposed rule, standing alone, but rather must be based on an analysis of the agency’s substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) (a) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules.

(b) An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(c) If an agency uses an amended proposal notice to amend a statement of reasonable necessity for reasons other than for corrections in citations of authority, in citations of sections being implemented, or of a clerical nature, the agency shall allow additional time for oral or written comments from the same interested persons who were notified of the original proposal notice, including from a primary sponsor, if primary sponsor notification was required under 2-4-302, and from any other person who offered comments or appeared at a hearing already held on the proposed rule.

(9) If a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to all or a portion of a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to all or a portion of the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, all or a portion of the proposal notice that the committee objects to may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the committee’s notification to the agency must be included in the committee’s records.

(10) This section applies to the department of labor and industry adopting a rule relating to a commercial drug formulary as provided in 39-71-704. This section does not apply to the automatic updating of department of labor and industry rules relating to commercial drug formularies as provided in 39-71-704.
In the year preceding the year in which the legislature meets in regular session, an agency may not adopt a rule between October 1 through the end of the year.

This subsection (11) does not apply to:

(i) an emergency rule adopted under 2-4-303; or

(ii) a rule adopted for implementation of a program or policy if the unavailability of information, guidance, or notice precluded adoption of the rule before October 1. A rule may only be exempted under this subsection (11)(b)(ii) if the notice required under 2-4-302(1)(a) provides a statement explaining why the unavailability of information, guidance, or notice precluded adoption of the rule before October 1."

Section 3. Applicability. (1) [Section 1] applies to rule proposals filed with the secretary of state on or after [the effective date of this act].

(2) [Section 2] applies to rule proposals published in the register as required by 2-4-302 on or after [the effective date of this act]. [Section 2] does not apply to rule proposals published in the register prior to [the effective date of this act], even if the rule is subject to a final adoption on or after [the effective date of this act].

Section 8. Section 41-3-202, MCA, is amended to read:

“41-3-202. Action on reporting. (1) (a) Upon receipt of a report that a child is or has been abused or neglected, the department shall promptly assess the information contained in the report and make a determination regarding the level of response required and the timeframe within which action must be initiated.

(b) (i) Except as provided in subsection (1)(b)(ii), upon receipt of a report that includes an allegation of sexual abuse or sexual exploitation or if the department determines during any investigation that the circumstances surrounding an allegation of child abuse or neglect include an allegation of sexual abuse or sexual exploitation, the department shall immediately report the allegation to the county attorney of the county in which the acts that are the subject of the report occurred.

(ii) If a victim of sexual abuse or sexual exploitation has attained the age of 14 and has sought services from a contractor as described in 41-3-201(2)(j) that provides confidential services to victims of sexual assault, conditioned upon an understanding that the criminal conduct will not be reported by the department to the county attorney in the jurisdiction in which the alleged crime occurred, the department may not report pursuant to 41-3-205(5)(d) and subsection (1)(b)(i) of this section.

(c) If the department determines that an investigation and a safety and risk assessment are required, a social worker child protection specialist shall promptly conduct a thorough investigation into the circumstances surrounding the allegations of abuse or neglect of the child and perform a safety and risk assessment to determine whether the living arrangement presents an unsafe environment for the child. The safety and risk assessment may include an investigation at the home of the child involved, the child’s school or day-care facility, or any other place where the child is present and into all other nonfinancial matters that in the discretion of the investigator are relevant to the safety and risk assessment. In conducting a safety and risk assessment under this section, a social worker child protection specialist may not inquire into the financial status of the child’s family or of any other person responsible for the child’s care, except as necessary to ascertain eligibility for state or federal assistance programs or to comply with the provisions of 41-3-446.

(2) An initial investigation of alleged abuse or neglect may be conducted when an anonymous report is received. However, if the initial investigation does
not within 48 hours result in the development of independent, corroborative, and attributable information indicating that there exists a current risk of physical or psychological harm to the child, a child may not be removed from the living arrangement. If independent, corroborative, and attributable information indicating an ongoing risk results from the initial investigation, the department shall then conduct a safety and risk assessment.

(3) The social worker child protection specialist is responsible for conducting the safety and risk assessment. If the child is treated at a medical facility, the social worker child protection specialist, county attorney, or peace officer, consistent with reasonable medical practice, has the right of access to the child for interviews, photographs, and securing physical evidence and has the right of access to relevant hospital and medical records pertaining to the child. If an interview of the child is considered necessary, the social worker child protection specialist, county attorney, or peace officer may conduct an interview of the child. The interview may be conducted in the presence of the parent or guardian or an employee of the school or day-care facility attended by the child.

(4) Subject to 41-3-205(3), if the child’s interview is audiotaped or videotaped, an unedited audiotape or videotape with audio track must be made available, upon request, for unencumbered review by the family.

(5) (a) If from the safety and risk assessment the department has reasonable cause to suspect that the child is suffering abuse or neglect, the department may provide emergency protective services to the child, pursuant to 41-3-301, or voluntary protective services pursuant to 41-3-302, and may provide protective services to any other child under the same care. The department shall:

(i) after interviewing the parent or guardian, if reasonably available, document the determinations of the safety and risk assessment; and

(ii) notify the child’s family of the determinations of the safety and risk assessment, unless the notification can reasonably be expected to result in harm to the child or other person.

(b) Except as provided in subsection (5)(c), the department shall destroy all safety and risk assessment determinations and associated records, except for medical records, within 30 days after the end of the 3-year period starting from the date of completion of the safety and risk assessment.

(c) Safety and risk assessment determinations and associated records may be maintained for a reasonable time as defined by department rule under the following circumstances:

(i) the safety and risk assessment determines that abuse or neglect occurred;

(ii) there had been a previous or there is a subsequent report and investigation resulting in a safety and risk assessment concerning the same person; or

(iii) an order has been issued by a court of competent jurisdiction adjudicating the child as a youth in need of care based on the circumstances surrounding the initial allegations.

(6) The investigating social worker child protection specialist, within 60 days of commencing an investigation, shall also furnish a written safety and risk assessment to the department and, upon request, to the family. Subject to time periods set forth in subsections (5)(b) and (5)(c), the department shall maintain a record system documenting investigations and safety and risk assessment determinations. Unless records are required to be destroyed under subsections (5)(b) and (5)(c), the department shall retain records relating to the
safety and risk assessment, including case notes, correspondence, evaluations, videotapes, and interviews, for 25 years.

(7) Any person reporting abuse or neglect that involves acts or omissions on the part of a public or private residential institution, home, facility, or agency is responsible for ensuring that the report is made to the department.

(8) The department shall, upon request from any reporter of alleged child abuse or neglect, verify whether the report has been received, describe the level of response and timeframe for action that the department has assigned to the report, and confirm that it is being acted upon.”

(c) providing services to help protect the child from being placed with or having unsupervised visitation with the person alleged to have committed partner or family member assault or strangulation of a partner or family member until the department determines that the alleged offender has met conditions considered necessary to protect the safety of the child.

(4) A child who has been removed from the child’s home or any other place for the child’s protection or care may not be placed in a jail.
(5) The department may locate and contact extended family members upon placement of a child in out-of-home care. The department may share information with extended family members for placement and case planning purposes.

(6) If a child is removed from the child’s home by the department, a child protection specialist shall submit an affidavit regarding the circumstances of the emergency removal to the county attorney and provide a copy of the affidavit to the parents or guardian, if possible, within 2 working days of the emergency removal. An abuse and neglect petition must be filed within 5 working days, excluding weekends and holidays, of the emergency removal of a child unless arrangements acceptable to the agency for the care of the child have been made by the parents or voluntary protective services are provided pursuant to 41-3-302.

(8) If the department determines that a petition for immediate protection and emergency protective services must be filed to protect the safety of the child, the child protection specialist shall interview the parents of the child to whom the petition pertains, if the parents are reasonably available, before the petition may be filed. The district court may immediately issue an order for immediate protection of the child.

(9) The department shall make the necessary arrangements for the child’s well-being as are required prior to the court hearing.”

Section 11. Section 41-3-427, MCA, is amended to read:

“41-3-427. Petition for immediate protection and emergency protective services ‑‑ order ‑‑ service. (1) (a) In a case in which it appears that a child is abused or neglected or is in danger of being abused or neglected, the county attorney, the attorney general, or an attorney hired by the county may file a petition for immediate protection and emergency protective services. In implementing the policy of this section, the child’s health and safety are of paramount concern.

(b) A petition for immediate protection and emergency protective services must state the specific authority requested and must be supported by an affidavit signed by a representative of the department stating in detail the alleged facts upon which the request is based and the facts establishing probable cause or, if the case is subject to the federal Indian Child Welfare Act, clear and convincing evidence that a child is abused or neglected or is in danger of being abused or neglected. The affidavit of the department representative must contain information, if any, regarding statements made by the parents about the facts of the case.

(c) If from the alleged facts presented in the affidavit it appears to the court that there is probable cause or, if the case is subject to the federal Indian Child Welfare Act, clear and convincing evidence to believe that the child has been abused or neglected or is in danger of being abused and neglected, the judge shall grant emergency protective services and the relief authorized by subsection (2) until the adjudication hearing or the temporary investigative hearing. If it appears from the alleged facts contained in the affidavit that there is insufficient probable cause or, if the case is subject to the federal Indian Child Welfare Act, clear and convincing evidence to believe that the child has been abused or neglected or is in danger of being abused or neglected, the court shall dismiss the petition.

(d) If the parents, parent, guardian, person having physical or legal custody of the child, or attorney for the child disputes the material issues of
fact contained in the affidavit or the veracity of the affidavit, the person may request a contested show cause hearing pursuant to 41-3-432 within 10 days following service of the petition and affidavit.

(e) The petition for immediate protection and emergency protective services must include a notice advising the parents, parent, guardian, or other person having physical or legal custody of the child that the parents, parent, guardian, or other person having physical or legal custody of the child may have a support person present during any in-person meeting with a social worker child protection specialist concerning emergency protective services. Reasonable accommodation must be made in scheduling an in-person meeting with the social worker child protection specialist.

(2) Pursuant to subsection (1), if the court finds probable cause or, if the case is subject to the federal Indian Child Welfare Act, clear and convincing evidence based on the petition and affidavit, the court may issue an order for immediate protection of the child. The court shall consider the parents’ statements, if any, included with the petition and any accompanying affidavit or report to the court. If the court finds probable cause or, if the case is subject to the federal Indian Child Welfare Act, clear and convincing evidence, the court may issue an order granting the following forms of relief, which do not constitute a court-ordered treatment plan under 41-3-443:

(a) the right of entry by a peace officer or department worker;
(b) the right to place the child in temporary medical or out-of-home care, including but not limited to care provided by a noncustodial parent, kinship or foster family, group home, or institution;
(c) the right of the department to locate, contact, and share information with any extended family members who may be considered as placement options for the child;
(d) a requirement that the parents, guardian, or other person having physical or legal custody furnish information that the court may designate and obtain evaluations that may be necessary to determine whether a child is a youth in need of care;
(e) a requirement that the perpetrator of the alleged child abuse or neglect be removed from the home to allow the child to remain in the home;
(f) a requirement that the parent provide the department with the name and address of the other parent, if known, unless parental rights to the child have been terminated;
(g) a requirement that the parent provide the department with the names and addresses of extended family members who may be considered as placement options for the child who is the subject of the proceeding; and
(h) any other temporary disposition that may be required in the best interests of the child that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditure is reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(3) An order for removal of a child from the home must include a finding that continued residence of the child with the parent is contrary to the welfare of the child or that an out-of-home placement is in the best interests of the child.

(4) The order for immediate protection of the child must require the person served to comply immediately with the terms of the order and to appear before the court issuing the order on the date specified for a show cause hearing. Upon a failure to comply or show cause, the court may hold the person in contempt
or place temporary physical custody of the child with the department until further order.

(5) The petition must be served as provided in 41-3-422.”

Section 12. Section 41-3-445, MCA, is amended to read:

“41-3-445. Permanency hearing. (1) (a) Subject to subsection (1)(b), a permanency hearing must be held by the court or, subject to the approval of the court and absent an objection by a party to the proceeding, by the foster care review committee, as provided in 41-3-115, or the citizen review board, as provided in 41-3-1010:

(A) within 30 days of a determination that reasonable efforts to provide preservation or reunification services are not necessary under 41-3-423, 41-3-438(6), or 41-3-442(1); or

(B) no later than 12 months after the initial court finding that the child has been subjected to abuse or neglect or 12 months after the child’s first 60 days of removal from the home, whichever comes first.

(ii) Within 12 months of a hearing under subsection (1)(a)(i)(B) and every 12 months thereafter until the child is permanently placed in either an adoptive or a guardianship placement, the court or the court-approved entity holding the permanency hearing shall conduct a hearing and the court shall issue a finding as to whether the department has made reasonable efforts to finalize the permanency plan for the child.

(b) A permanency hearing is not required if the proceeding has been dismissed, the child was not removed from the home, the child has been returned to the child’s parent or guardian, or the child has been legally adopted or appointed a legal guardian.

(c) The permanency hearing may be combined with a hearing that is required in other sections of this part or with a review held pursuant to 41-3-115 or 41-3-1010 if held within the applicable time limits. If a permanency hearing is combined with another hearing or a review, the requirements of the court related to the disposition of the other hearing or review must be met in addition to the requirements of this section.

(d) The court-approved entity conducting the permanency hearing may elect to hold joint or separate reviews for groups of siblings, but the court shall issue specific findings for each child.

(2) At least 3 working days prior to the permanency hearing, the department shall submit a report regarding the child to the entity that will be conducting the hearing for review. The report must address the department’s efforts to effectuate the permanency plan for the child, address the options for the child’s permanent placement, examine the reasons for excluding higher priority options, and set forth the proposed plan to carry out the placement decision, including specific times for achieving the plan.

(3) At least 3 working days prior to the permanency hearing, the guardian ad litem or an attorney or advocate for a parent or guardian may submit an informational report to the entity that will be conducting the hearing for review.

(4) In a permanency hearing, the court or other entity conducting the hearing shall consult, in an age-appropriate manner, with the child regarding the proposed permanency or transition plan for the child.

(5) (a) The court’s order must be issued within 20 days after the permanency hearing if the hearing was conducted by the court. If a member of the child’s extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that custody be awarded to that family member or that a prior grant of temporary custody with that family member be made permanent, the department shall investigate and
determine if awarding custody to that family member is in the best interests of the child. The department shall provide the reasons for any denial to the court. If the court accepts the department’s custody recommendation, the court shall inform any denied family member of the reasons for the denial to the extent that confidentiality laws allow. The court shall include the reasons for denial in the court order if the family member who is denied custody requests it to be included.

(b) If an entity other than the court conducts the hearing, the entity shall keep minutes of the hearing and the minutes and written recommendations must be provided to the court within 20 days of the hearing.

(c) If an entity other than the court conducts the hearing and the court concurs with the recommendations, the court may adopt the recommendations as findings with no additional hearing required. In this case, the court shall issue written findings within 10 days of receipt of the written recommendations.

(6) The court shall approve a specific permanency plan for the child and make written findings on:

(a) whether the child has been asked about the desired permanency outcome;
(b) whether the permanency plan is in the best interests of the child;
(c) whether the department has made reasonable efforts to effectuate the permanency plan for the individual child;
(d) whether the department has made reasonable efforts to finalize the plan;
(e) whether there are compelling reasons why it is not in the best interest of the individual child to:
   (i) return to the child’s home; or
   (ii) be placed for adoption, with a legal guardian, or with a fit and willing relative; and
   (f) other necessary steps that the department is required to take to effectuate the terms of the plan.

(7) In its discretion, the court may enter any other order that it determines to be in the best interests of the child that does not conflict with the options provided in subsection (8) and that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditures are reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(8) Permanency options include:

(a) reunification of the child with the child’s parent or guardian;
(b) permanent placement of the child with the noncustodial parent, superseding any existing custodial order;
(c) adoption;
(d) appointment of a guardian pursuant to 41-3-444; or
(e) long-term custody if the child is in a planned permanent living arrangement and if it is established by a preponderance of the evidence, which is reflected in specific findings by the court, that:
   (i) the child is being cared for by a fit and willing relative;
   (ii) the child has an emotional or mental handicap that is so severe that the child cannot function in a family setting and the best interests of the child are served by placement in a residential or group setting;
   (iii) the child is at least 16 years of age and is participating in an independent living program and that termination of parental rights is not in the best interests of the child;
(iv) the child’s parent is incarcerated and circumstances, including placement of the child and continued, frequent contact with the parent, indicate that it would not be in the best interests of the child to terminate parental rights of that parent; or

(v) the child meets the following criteria:

(A) the child has been adjudicated a youth in need of care;

(B) the department has made reasonable efforts to reunite the parent and child, further efforts by the department would likely be unproductive, and reunification of the child with the parent or guardian would be contrary to the best interests of the child;

(C) there is a judicial finding that other more permanent placement options for the child have been considered and found to be inappropriate or not to be in the best interests of the child; and

(D) the child has been in a placement in which the foster parent or relative has committed to the long-term care and to a relationship with the child, and it is in the best interests of the child to remain in that placement.

(9) For a child 14 years of age or older, the permanency plan must:

(a) be developed in consultation with the child and in consultation with up to two members of the child’s case planning team who are chosen by the child and who are not a foster parent or social worker child protection specialist for the child;

(b) identify one person from the case management team, who is selected by the child, to be designated as the child’s advisor and advocate for the application of the reasonable and prudent parenting standard; and

(c) include services that will be needed to transition the child from foster care to adulthood.

(10) A permanency hearing must document the intensive, ongoing, and unsuccessful efforts made by the department to return the child to the child’s home or to secure a permanent placement of the child with a relative, legal guardian, or adoptive parent.

(11) The court may terminate a planned permanent living arrangement upon petition of the birth parents or the department if the court finds that the circumstances of the child or family have substantially changed and the best interests of the child are no longer being served.”

Section 8. Section 17-7-138, MCA, is amended to read:

“17-7-138. Operating budget. (1) (a) Expenditures by a state agency must be made in substantial compliance with the budget approved by the legislature. Substantial compliance may be determined by conformity to the conditions contained in the general appropriations act and to legislative intent as established in the narrative accompanying the general appropriations act. An explanation of any significant change in agency or program scope must be submitted on a regular basis to the interim committee that has program evaluation and monitoring functions for the agency pursuant to Title 5, chapter 5, part 2, program evaluation and monitoring functions for the agency pursuant to Title 5, chapter 5, part 2, and to the appropriate interim budget committee in accordance with [section 1]. An explanation of any significant change in agency or program scope, objectives, activities, or expenditures must be submitted to the legislative fiscal analyst for review and comment by the legislative finance committee prior to any implementation of the change. A significant change may not conflict with a condition contained in the general appropriations act. If the approving authority certifies that a change is time-sensitive, the approving authority may approve the change prior to the next regularly scheduled meeting of the legislative finance committee. The approving authority shall submit all proposed time-sensitive changes to the legislative fiscal analyst prior to approval. If the legislative fiscal analyst determines that notification of the legislative finance committee is warranted, the legislative fiscal analyst shall immediately notify as many members as possible of the proposed change and communicate any concerns expressed to the approving authority. The approving authority shall present a report fully explaining the reasons for the action to the next meeting of the legislative finance committee. Except as provided in subsection (2), the expenditure of money appropriated in the general appropriations act is contingent upon approval of an operating budget by August 1 of each fiscal year. An approved original operating budget must comply with state law and conditions contained in the general appropriations act.

(b) For the purposes of this subsection (1), an agency or program is considered to have a significant change in its scope, objectives, activities, or expenditures if:

(i) the operating budget change exceeds $1 million; or

(ii) the operating budget change exceeds 25% of a budget category and the change is greater than $75,000. If there have been other changes to the budget
category in the current fiscal year, all the changes, including the change under consideration, must be used in determining the 25% and $75,000 threshold.

(2) The expenditure of money appropriated in the general appropriations act to the board of regents, on behalf of the university system units, as defined in 17-7-102, is contingent upon approval of a comprehensive operating budget by October 1 of each fiscal year. The operating budget must contain detailed revenue and expenditures and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. After the board of regents approves operating budgets, transfers between units may be made only with the approval of the board of regents. Transfers and related justification must be submitted to the office of budget and program planning and to the legislative fiscal analyst.

(3) The operating budget for money appropriated by the general appropriations act must be separate from the operating budget for money appropriated by another law except a law appropriating money for the state pay plan or any portion of the state pay plan. The legislature may restrict the use of funds appropriated for personal services to allow use only for the purpose of the appropriation. Each operating budget must include expenditures for each agency program, detailed at least by first-level categories as provided in 17-1-102(3). Each agency shall record its operating budget for all funds, other than higher education funds, and any approved changes on the statewide accounting, budgeting, and human resource system. Documents implementing approved changes must be signed. The operating budget for higher education funds must be recorded on the university financial system, with separate accounting categories for each source or use of state government funds. State sources and university sources of funds may be combined for the general operating portion of the current unrestricted funds."

Section 9. Section 17-7-139, MCA, is amended to read:

“17-7-139. Program transfers. (1) Unless prohibited by law or a condition contained in the general appropriations act, the approving authority may approve agency requests to transfer appropriations between programs within each fund type within each fiscal year. The legislature may restrict the use of funds appropriated for personal services to allow use only for the purpose of the appropriation. An explanation of any significant transfer must be submitted on a regular basis to the interim committee that has program evaluation and monitoring functions for the agency pursuant to Title 5, chapter 5, part 2 program evaluation and monitoring function for the agency pursuant to Title 5, chapter 5, part 2, and to the appropriate interim budget committee in accordance with [section 1]. An explanation of any transfer that involves a significant change in agency or program scope, objectives, activities, or expenditures must be submitted to the legislative fiscal analyst for review and comment by the legislative finance committee prior to any implementation of the change. If the approving authority certifies that a request for a transfer representing a significant change in agency or program scope, objectives, activities, or expenditures is time-sensitive, the approving authority may approve the transfer prior to the next regularly scheduled meeting of the legislative finance committee. The approving authority shall submit all proposed time-sensitive changes to the legislative fiscal analyst prior to approval. If the legislative fiscal analyst determines that notification of the legislative finance committee is warranted, the legislative fiscal analyst shall immediately notify as many members as possible of the proposed change and communicate any concerns expressed to the approving authority. The approving authority shall present a report fully explaining the reasons for the action to the next meeting of the legislative finance committee. All program transfers must be completed within the same fund from which the transfer originated. A request for a transfer accompanied by a justification explaining
the reason for the transfer must be submitted by the requesting agency to the approving authority and the office of budget and program planning. Upon approval of the transfer in writing, the approving authority shall inform the legislative fiscal analyst of the approved transfer and the justification for the transfer. If money appropriated for a fiscal year is transferred to another fiscal year, the money may not be retransferred, except that money remaining from projected costs for spring fires estimated in the last quarter of the first year of a biennium may be retransferred.

(2) For the purposes of subsection (1), an agency or program is considered to have a significant change in its scope, objectives, activities, or expenditures if:
   (a) the budget transfer exceeds $1 million; or
   (b) the budget transfer exceeds 25% of a program’s total operating plan and the transfer is greater than $75,000. If there have been other transfers to or from the program in the current fiscal year, all the transfers, including the transfer under consideration, must be used in determining the 25% and $75,000 threshold.”

Except as otherwise provided by this chapter, any challenge to an action taken by the department or to a decision issued by the board pursuant to this chapter must be brought in the district court in the county where the activity that is the subject of the challenge is proposed to occur. If an activity is proposed to occur or will occur in more than one county, the challenge may be brought in the district court in any of the counties where the activity is proposed to occur or will occur.

Section 2. Section 2-4-702, MCA, is amended to read:

“2-4-702. (Temporary) Initiating judicial review of contested cases. (1) (a) Except as provided in 75-2-213 and 75-20-223, a person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final written decision in a contested case is entitled to judicial review under this chapter. This section does not limit use of or the scope of judicial review available under other means of review, redress, relief, or trial de novo provided by statute.

(b) A party who proceeds before an agency under the terms of a particular statute may not be precluded from questioning the validity of that statute on judicial review, but the party may not raise any other question not raised before the agency unless it is shown to the satisfaction of the court that there was good cause for failure to raise the question before the agency.

(2) (a) Except as provided in 75-2-211, 75-2-213, and subsections (2)(c) and (2)(e) of this section, proceedings for review must be instituted by filing a petition in district court within 30 days after service of the final written decision of the agency or, if a rehearing is requested, within 30 days after the written decision is rendered. Except as otherwise provided by statute or, subsection (2)(d), or subsection (2)(e), the petition must be filed in the district court for the county where the petitioner resides or has the petitioner’s principal place of business or where the agency maintains its principal office. Copies of the petition must be promptly served upon the agency and all parties of record.
(b) The petition must include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved, and the ground or grounds specified in 2-4-704(2) upon which the petitioner contends to be entitled to relief. The petition must demand the relief to which the petitioner believes the petitioner is entitled, and the demand for relief may be in the alternative.

(c) If a petition for review is filed pursuant to 33-16-1012(2)(c), the workers' compensation court, rather than the district court, has jurisdiction and the provisions of this part apply to the workers' compensation court in the same manner as the provisions of this part apply to the district court.

(d) If a petition for review is filed challenging a licensing or permitting decision made pursuant to Title 75 or Title 82, the petition for review must be filed in the county where the facility is located or proposed to be located or where the action is proposed to occur.

If a petition for judicial review is filed in the water court, the water court rather than the district court has jurisdiction and the provisions of this part apply to the water court in the same manner as they apply to the district court. The time for filing a petition is the same as provided in subsection (2)(a).

(ii) If more than one party is aggrieved by a final decision on an application for a permit or change in appropriation right filed under Title 85, chapter 2, part 3, the district court where the appropriation right is located has jurisdiction. If more than one aggrieved party files a petition but no aggrieved party files a petition in the district court where the appropriation right is located, the first judicial district, Lewis and Clark County, has jurisdiction.

(iii) If a petition for judicial review is filed in the district court, the petition for review must be filed in the district court in the county where the appropriation right is located.

(3) Unless otherwise provided by statute, the filing of the petition may not stay enforcement of the agency's decision. The agency may grant or the reviewing court may order a stay upon terms that it considers proper, following notice to the affected parties and an opportunity for hearing. A stay may be issued without notice only if the provisions of 27-19-315 through 27-19-317 are met.

(4) Within 30 days after the service of the petition or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be required by the court to pay the additional costs. The court may require or permit subsequent corrections or additions to the record. (Terminates September 30, 2025--sec. 6, Ch. 126, L. 2017.)

2-4-702. (Effective October 1, 2025) Initiating judicial review of contested cases. (1) (a) Except as provided in 75-2-213 and 75-20-223, a person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final written decision in a contested case is entitled to judicial review under this chapter. This section does not limit use of or the scope of judicial review available under other means of review, redress, relief, or trial de novo provided by statute.

(b) A party who proceeds before an agency under the terms of a particular statute may not be precluded from questioning the validity of that statute on judicial review, but the party may not raise any other question not raised
before the agency unless it is shown to the satisfaction of the court that there was good cause for failure to raise the question before the agency.

(2) (a) Except as provided in 75-2-211, 75-2-213, and subsection (2)(c) of this section, proceedings for review must be instituted by filing a petition in district court within 30 days after service of the final written decision of the agency or, if a rehearing is requested, within 30 days after the written decision is rendered. Except as otherwise provided by statute or subsection (2)(d), the petition must be filed in the district court for the county where the petitioner resides or has the petitioner’s principal place of business or where the agency maintains its principal office. Copies of the petition must be promptly served upon the agency and all parties of record.

(b) The petition must include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved, and the ground or grounds specified in 2-4-704(2) upon which the petitioner contends to be entitled to relief. The petition must demand the relief to which the petitioner believes the petitioner is entitled, and the demand for relief may be in the alternative.

(c) If a petition for review is filed pursuant to 33-16-1012(2)(c), the workers’ compensation court, rather than the district court, has jurisdiction and the provisions of this part apply to the workers’ compensation court in the same manner as the provisions of this part apply to the district court.

(d) If a petition for review is filed challenging a licensing or permitting decision made pursuant to Title 75 or Title 82, the petition for review must be filed in the county where the facility is located or proposed to be located or where the action is proposed to occur.

(3) Unless otherwise provided by statute, the filing of the petition may not stay enforcement of the agency’s decision. The agency may grant or the reviewing court may order a stay upon terms that it considers proper, following notice to the affected parties and an opportunity for hearing. A stay may be issued without notice only if the provisions of 27-19-315 through 27-19-317 are met.

(4) Within 30 days after the service of the petition or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be required by the court to pay the additional costs. The court may require or permit subsequent corrections or additions to the record.”

“50-6-504. Enforcement — cessation order — hearing — injunction. (1) If the department receives information that an AED is being used in violation of this part or a rule adopted by the department pursuant to 50-6-503, it may
send a written order to the entity responsible for use of the AED, as specified in the plan prepared pursuant to 50-6-502, ordering the entity to cease the violation immediately. The order is effective upon receipt by the entity, and the entity shall comply with the terms of the order. If the department receives information that the violation has been corrected, the department may rescind its order by sending a notice to that effect to the entity. The rescission is effective upon its receipt by the entity.

(2) The entity may request a hearing to contest an order issued by the department pursuant to subsection (1) by submitting a written request to the department within 30 days after receipt of the order. A request for a hearing does not stay the enforceability of the department’s order. The hearing must be held within 30 days after the department receives the request, unless the hearings officer sets a later date for good cause. The hearing must be held pursuant to the contested case provisions of the Montana Administrative Procedure Act.

(3) Either the county attorney for the county in which the violation occurred or the department may bring an action in the district court of the county where the violation occurred or in the district court for Lewis and Clark County to enforce the department’s order or to directly enjoin a violation of this part or a rule adopted pursuant to 50-6-503.”

(c) 3 years:

(i) for a second conviction if the vehicle:

(A) being operated at the time of the violation was transporting placardable hazardous materials; or

(B) was designed or being used to transport more than 15 passengers, inclusive of the driver; and

(ii) for a third or subsequent conviction.

(5) For purposes of this section, an offender is considered to have been previously convicted if less than 10 years have elapsed between the commission of the present offense and a previous conviction.

Section 27. Section 75-2-401, MCA, is amended to read:

“75-2-401. Enforcement — notice — order for corrective action — administrative penalty. (1) When the department believes that a violation of this chapter, a rule adopted under this chapter, or a condition or limitation imposed by a permit issued pursuant to this chapter has occurred, it may cause written notice to be served personally or by certified mail on the alleged violator or the violator’s agent. The notice must specify the provision of this chapter, the rule, or the permit condition or limitation alleged to be violated and the facts alleged to constitute a violation. The notice may include an order to take necessary corrective action within a reasonable period of time stated in the order or an order to pay an administrative penalty, or both. The order becomes final unless, within 30 days after the notice is received, the person named requests in writing a hearing before the board. On receipt of the request, the board shall schedule a hearing.

(2) If, after a hearing held under subsection (1), the board finds that violations have occurred, it shall issue an appropriate order for the prevention,
abatement, or control of the emissions involved or for the taking of other corrective action or assess an administrative penalty, or both. As appropriate, an order issued as part of a notice or after a hearing may prescribe the date by which the violation must cease; time limits for particular action in preventing, abating, or controlling the emissions; or the date by which the administrative penalty must be paid. If, after a hearing on an order contained in a notice, the board finds that a violation has not occurred or is not occurring, it shall rescind the order.

(3) (a) An action initiated under this section may include an administrative civil penalty of not more than $10,000 for each day of each violation, not to exceed a total of $80,000. If an order issued by the board under this section requires the payment of an administrative civil penalty, the board shall state findings and conclusions describing the basis for its penalty assessment.

(b) Administrative penalties collected under this section must be deposited in the alternative energy revolving loan account established in 75-25-101.

(c) Penalties imposed by an administrative order under this section may not be assessed for any day of violation that occurred more than 2 years prior to the issuance of the initial notice and order by the department under subsection (1).

(d) In determining the amount of penalty to be assessed for an alleged violation under this section, the department or board, as appropriate, shall consider the penalty factors in 75-1-1001.

(e) The department may bring a judicial action to enforce a final administrative order issued pursuant to this section. The action must be filed in the district court of the county in which the violation occurred or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.

(4) The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing conducted under this section.

(5) Instead of issuing the order provided for in subsection (1), the department may either:

(a) require that the alleged violators appear before the board for a hearing at a time and place specified in the notice and answer the charges complained of; or

(b) initiate action under 75-2-412 or 75-2-413.

(6) This chapter does not prevent the board or department from making efforts to obtain voluntary compliance through warning, conference, or any other appropriate means.

(7) In connection with a hearing held under this section, the board may and on application by a party shall compel the attendance of witnesses and the production of evidence on behalf of the parties.”

Section 28. Section 75-2-413, MCA, is amended to read:

“75-2-413. Civil penalties — venue — effect of action — presumption of continuing violation under certain circumstances. (1) (a) A person who violates any provision of this chapter, a rule adopted under this chapter, or any order or permit made or issued under this chapter is subject to a civil penalty not to exceed $10,000 for each violation. Each day of each violation constitutes a separate violation. The department may institute and maintain in the name of the state any enforcement proceedings under this section. Upon request of the department, the attorney general or the county attorney of the county of violation shall petition the district court to impose, assess, and recover the civil penalty. The civil penalty is in lieu of the criminal penalty
provided for in 75-2-412, except for civil penalties for violation of the operating permit program required by Subchapter V of the federal Clean Air Act.

(b) Penalties assessed under this subsection (1) must be determined in accordance with the penalty factors in 75-1-1001.

(2) (a) Action under subsection (1) is not a bar to enforcement of this chapter or of a rule, order, or permit made or issued under this chapter by injunction or other appropriate civil remedies.

(b) An action under subsection (1) or to enforce this chapter or a rule, order, or permit made or issued under this chapter may be brought in the district court of any county where a violation occurs or is threatened or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.

(3) If the department has notified a person operating a commercial hazardous waste incinerator of a violation and if the department makes a prima facie showing that the conduct or events giving rise to the violations are likely to have continued or recurred past the date of notice, the days of violation are presumed to include the date of the notice and every day after the notice until the person establishes that continuous compliance has been achieved. This presumption may be overcome to the extent that the person operating a commercial hazardous waste incinerator can prove by a preponderance of evidence that there were intervening days when a violation did not occur, that the violation was not continuing in nature, or that the telemetering device was compromised or otherwise tampered with.

(4) Money collected under this section must be deposited in the alternative energy revolving loan account established in 75-25-101. This subsection does not apply to money collected by an approved local air pollution control program.”

Section 29. Section 75-2-514, MCA, is amended to read:

“75-2-514. Civil penalties – venue for actions to recover. (1) (a) A district court may assess a civil penalty of not more than $25,000 a day upon a person that violates any provision of this part, a rule adopted under this part, or a permit or order issued under this part. In the case of a continuing violation, each day the violation continues constitutes a separate violation.

(b) Penalties assessed under this subsection (1) must be determined in accordance with the penalty factors in 75-1-1001.

(2) An action under this section is not a bar to enforcement by injunction or other appropriate civil or administrative remedies.

(3) Penalties provided for in subsection (1) are recoverable in an action brought by the department. The action must be filed in the district court of the county in which the violation occurred or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.”

Section 30. Section 75-5-611, MCA, is amended to read:

“75-5-611. Violation of chapter – administrative actions and penalties – notice and hearing. (1) When the department has reason to believe that a violation of this chapter, a rule adopted under this chapter, or a condition of a permit or authorization required by a rule adopted under this chapter has occurred, it may have a written notice letter served personally or by certified mail on the alleged violator or the violator’s agent. The notice letter must state:

(a) the provision of statute, rule, permit, or approval alleged to be violated;

(b) the facts alleged to constitute the violation;

(c) the specific nature of corrective action that the department requires;
(d) as applicable, the amount of the administrative penalty that will be assessed by order under subsection (2) if the corrective action is not taken within the time provided under subsection (1)(e); and

(e) as applicable, the time within which the corrective action is to be taken or the administrative penalty will be assessed. For the purposes of this chapter, service by certified mail is complete on the date of receipt. Except as provided in subsection (2)(a)(ii), an administrative penalty may not be assessed until the provisions of subsection (1) have been complied with.

(2) (a) The department may issue an administrative notice and order in lieu of the notice letter provided under subsection (1) if the department's action:

(i) does not involve assessment of an administrative penalty; or

(ii) seeks an administrative penalty only for an activity that it believes and alleges has violated or is violating 75-5-605.

(b) A notice and order issued under this section must meet all of the requirements specified in subsection (1).

(3) In a notice and order given under subsection (1), the department may require the alleged violator to appear before the board for a public hearing and to answer the charges. The hearing must be held no sooner than 15 days after service of the notice and order, except that the board may set an earlier date for hearing if it is requested to do so by the alleged violator. The board may set a later date for hearing at the request of the alleged violator if the alleged violator shows good cause for delay.

(4) If the department does not require an alleged violator to appear before the board for a public hearing, the alleged violator may request the board to conduct the hearing. The request must be in writing and must be filed with the department no later than 30 days after service of a notice and order under subsection (2). If a request is filed, a hearing must be held within a reasonable time. If a hearing is not requested within 30 days after service upon the alleged violator, the opportunity for a contested case appeal to the board under Title 2, chapter 4, part 6, is waived.

(5) If a contested case hearing is held under this section, it must be public and must be held in the county in which the violation is alleged to have occurred or in Lewis and Clark County.

(6) (a) After a hearing, the board shall make findings and conclusions that explain its decision.

(b) If the board determines that a violation has occurred, it shall also issue an appropriate order for the prevention, abatement, or control of pollution, the assessment of administrative penalties, or both.

(c) If the order requires abatement or control of pollution, the board shall state the date or dates by which a violation must cease and may prescribe timetables for necessary action in preventing, abating, or controlling the pollution.

(d) If the order requires payment of an administrative penalty, the board shall explain how it determined the amount of the administrative penalty.

(e) If the board determines that a violation has not occurred, it shall declare the department's notice void.

(7) The alleged violator may petition the board for a rehearing on the basis of new evidence, which petition the board may grant for good cause shown.

(8) Instead of issuing an order, the board may direct the department to initiate appropriate action for recovery of a penalty under 75-5-631, 75-5-632, 75-5-633, or 75-5-635.

(9) (a) Except as provided in subsection (9)(d), an action initiated under this section may include an administrative penalty of not more than $10,000
for each day of each violation; however, the maximum penalty may not exceed $100,000 for any related series of violations.

(b) Administrative penalties collected under this section must be deposited in the general fund.

(c) In determining the amount of penalty to be assessed to a person, the department and board shall consider the penalty factors in 75-1-1001, rules promulgated under 75-5-201, and subsection (9)(d).

(d) A person who commits a violation that adversely affects the department’s administration of this chapter, a rule adopted pursuant to this chapter, or a condition of a permit or authorization issued under this chapter but does not harm or have the potential to harm human health, the environment, or the department’s ability to protect human health or the environment may not be assessed a penalty of more than $500 for each day of the violation, not to exceed $5,000 for all days of the same violation.

(e) The contested case provisions of the Montana Administrative Procedure Act, provided for in Title 2, chapter 4, part 6, apply to a hearing conducted under this section.”

Section 31. Section 75-5-631, MCA, is amended to read:

(c) the written notice informs the person that if subsequently found liable pursuant to 75-10-715(1), the person may be required to reimburse the fund for the state's remedial action costs and may be subject to penalties pursuant to this part.

(4) Whenever the department is authorized to act pursuant to subsection (1), it may issue to any person liable under 75-10-715(1) cease and desist, remedial, or other orders as may be necessary or appropriate to protect the public health, safety, or welfare or the environment.

(5) (a) A person who violates or fails to comply with or refuses to comply with an order issued under 75-10-707 or this section may, in an action brought to enforce the order, be assessed a civil penalty of not more than $10,000 for each day in which a violation occurs or a failure or refusal to comply continues. In determining the amount of any penalty assessed, the court may take into account:

(i) the nature, circumstances, extent, and gravity of the noncompliance;
(ii) with respect to the person liable under 75-10-715(1):
   (A) the person’s ability to pay;
   (B) any prior history of violations;
   (C) the degree of culpability; and
   (D) the economic benefit or savings, if any, resulting from the noncompliance; and
(iii) any other matters as justice may require.

(b) Civil penalties collected under subsection (5)(a) must be deposited into the environmental quality protection fund established in 75-10-704.

(6) A court has jurisdiction to review an order issued under 75-10-707 or this section only in the following actions:

(a) an action under 75-10-715 to recover remedial action costs or penalties or for contribution;
(b) an action to enforce an order issued under 75-10-707 or this section;
(c) an action to recover a civil penalty for violation of or failure or refusal to comply with an order issued under 75-10-707 or this section; or
(d) an action by a person to whom an order has been issued to determine the validity of the order, only if the person has been in compliance and continues in compliance with the order pending a decision of the court.

(7) In considering objections raised in a judicial action regarding orders issued under this part, the court shall uphold and enforce an order issued by the department unless the objecting party can demonstrate, on the administrative record, that the department’s decision to issue the order was arbitrary and capricious or otherwise not in accordance with law.

(8) Instead of issuing a notification or an order under this section, the department may bring an action for legal or equitable relief in the district court of the county where the release or threatened release occurred or in the first judicial district as may be necessary to abate any imminent and substantial endangerment to the public health, safety, or welfare or to the environment resulting from the release or threatened release.

(9) A person who is not subject to an administrative or judicial order may not conduct any remedial action at any facility that is subject to an administrative or judicial order issued pursuant to this part without the written permission of the department. If a state or federal administrative or judicial order is issued relative to a facility, the order and any remedial activity conducted pursuant to the order may be admissible in a civil action pertaining to the facility or property adjacent to or allegedly impacted by the facility provided that the reviewing court in its discretion determines the order to be relevant and more probative than prejudicial. Admission of this evidence
does not make the department a necessary party to the action. Remedial action performed in accordance with this part is intended to provide for the protection of the environmental life support system from degradation and to prevent unreasonable depletion and degradation of natural resources.

(10) The department may take remedial action pursuant to subsection (1) at a site that is regulated under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Public Law 96-510, if the department determines that remedial action is necessary to carry out the purposes of this part.

(11) The department may take remedial action as provided for in 75-10-743(12).”

Section 38. Section 75-10-715, MCA, is amended to read:

“75-10-715. Liability — reimbursement and penalties — proceedings — defenses and exclusions. (1) Except as provided in 70-30-323 and 75-10-742 through 75-10-751, notwithstanding any other provision of law, and subject only to the defenses set forth in subsection (5) and the exclusions set forth in subsection (7), the following persons are jointly and severally liable for a release or threatened release of a hazardous or deleterious substance from a facility:

(a) a person who owns or operates a facility where a hazardous or deleterious substance was disposed of;
(b) a person who at the time of disposal of a hazardous or deleterious substance owned or operated a facility where the hazardous or deleterious substance was disposed of;
(c) a person who generated, possessed, or was otherwise responsible for a hazardous or deleterious substance and who, by contract, agreement, or otherwise, arranged for disposal or treatment of the substance or arranged with a transporter for transport of the substance for disposal or treatment; and
(d) a person who accepts or has accepted a hazardous or deleterious substance for transport to a disposal or treatment facility.

(2) A person identified in subsection (1) is liable for the following costs:
(a) all remedial action costs incurred by the state; and
(b) damages for injury to, destruction of, or loss of natural resources caused by the release or threatened release, including the reasonable technical and legal costs of assessing and enforcing a claim for the injury, destruction, or loss resulting from the release, unless the impaired natural resources were specifically identified as an irreversible and irretrievable commitment of natural resources in an approved final state or federal environmental impact statement or other comparable approved final environmental analysis for a project or facility that was the subject of a governmental permit or license and the project or facility was being operated within the terms of its permit or license.

(3) If the person liable under subsection (1) fails, without sufficient cause, to comply with a department order issued pursuant to 75-10-711(4) or to properly provide remedial action upon notification by the department pursuant to 75-10-711(3), the person may be liable for penalties in an amount not to exceed two times the amount of any costs incurred by the state pursuant to this section.

(4) The department may initiate civil proceedings in district court to recover remedial action costs, natural resource damages, or penalties under subsections (1), (2), and (3). Proceedings to recover costs and penalties must be conducted in accordance with 75-10-722. Venue for any action to recover costs, damages, or penalties lies in the county where the release occurred or
where the person liable under subsection (1) resides or has its principal place of business or in the district court of the first judicial district.

(5) A person has a defense and is not liable under subsections (1), (2), and (3) if the person can establish by a preponderance of the evidence that:

(a) the department failed to provide notice to the person claiming the defense when required by 75-10-711. Establishment of this defense only prohibits the department from collecting those costs incurred or encumbered by the department prior to providing notice to the person and does not provide the person a defense to any other liability.

(b) the release did not emanate from any vessel, vehicle, or facility to which the person contributed any hazardous or deleterious substance or over which the person had any ownership, authority, or control and was not caused by any action or omission of the person;

(c) the release or threatened release occurred solely as a result of:

(i) an act or omission of a third party other than either an employee or agent of the person; or

(ii) an act or omission of a third party other than one whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the person, if the person establishes by a preponderance of the evidence that the person:

(A) exercised due care with respect to the hazardous or deleterious substance concerned, taking into consideration the characteristics of the hazardous or deleterious substance in light of all relevant facts and circumstances; and

(B) took precautions against foreseeable acts or omissions of a third party and the consequences that could foreseeably result from those acts or omissions;

(d) the release or threatened release occurred solely as the result of an act of God or an act of war;

(e) the release or threatened release was from a facility for which a permit had been issued by the department, the hazardous or deleterious substance was specifically identified in the permit, and the release was within the limits allowed in the permit;

(f) in the case of assessment of penalties under subsection (3), factors beyond the control of the person prevented the person from taking timely remedial action; or

(g) the person transported only household refuse, unless that person knew or reasonably should have known that the hazardous or deleterious substance was present in the refuse.

(6) (a) For the purpose of subsection (5)(c)(ii), the term “contractual relationship” includes but is not limited to land contracts, deeds, or other instruments transferring title or possession, unless the real property on which the facility is located was acquired by the person after the disposal or placement of the hazardous or deleterious substance on, in, or at the facility and one or more of the following circumstances is also established by the person by a preponderance of the evidence:

(i) At the time the person acquired the facility, the person did not know and had no reason to know that a hazardous or deleterious substance that is the subject of the release or threatened release was disposed of on, in, or at the facility.

(ii) The person is a governmental entity that acquired the facility by escheat, lien foreclosure, or through any other involuntary transfer or acquisition or through the exercise of eminent domain authority by purchase or condemnation pursuant to Title 70, chapter 30.
(iii) The person acquired the facility by inheritance or bequest.

(b) In addition to establishing one or more of the circumstances in subsection (6)(a)(i) through (6)(a)(iii), the person shall establish that the person has satisfied the requirements of subsection (5)(c)(i) or (5)(c)(ii).

(c) To establish that the person had no reason to know, as provided in subsection (6)(a)(i), the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of assessing this inquiry, the following must be taken into account:

(i) any specialized knowledge or experience on the part of the person;

(ii) the relationship of the purchase price to the value of the property if uncontaminated;

(iii) commonly known or reasonably ascertainable information about the property;

(iv) the obviousness of the presence or the likely presence of contamination on the property; and

(v) the ability to detect the contamination by appropriate inspection.

(d) (i) Subsections (5)(b) and (5)(c) or this subsection (6) may not diminish the liability of a previous owner or operator of the facility who would otherwise be liable under this part.

(ii) Notwithstanding this subsection (6), if the previous owner or operator obtained actual knowledge of the release or threatened release of a hazardous or deleterious substance at the facility when the person owned the real property and then subsequently transferred ownership of the property to another person without disclosing the knowledge, the previous owner is liable under subsections (1), (2), and (3) and a defense under subsection (5)(b) or (5)(c) is not available to that person.

(e) This subsection (6) does not affect the liability under this part of a person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous or deleterious substance that is the subject of the action relating to the facility.

(7) A person has an exclusion and is not liable under this section if:

(a) the person generated or disposed of only household refuse, unless the person knew or reasonably should have known that the hazardous or deleterious substance was present in the refuse;

(b) the person owns or operates real property where hazardous or deleterious substances have come to be located solely as a result of subsurface migration in an aquifer from a source or sources outside the person’s property, provided that the following conditions are met:

(i) the owner or operator did not cause, contribute to, or exacerbate the release or threatened release of any hazardous or deleterious substances through any act or omission. The failure to take affirmative steps to mitigate or address contamination that has migrated from a source outside the owner’s or operator’s property does not, in the absence of exceptional circumstances, constitute an omission by the owner or operator.

(ii) the person who caused, contributed to, or exacerbated the release or threatened release of any hazardous or deleterious substance is not and was not an agent or employee of the owner or operator and is not or was not in a direct or indirect contractual relationship with the owner or operator, unless the department provides a written determination that an existing or proposed contractual relationship is an insufficient basis to establish liability under this section;
(iii) there is no other basis of liability under subsection (1) for the owner or operator for the release or threatened release of a hazardous or deleterious substance; and

(iv) the owner or operator cooperates with the department and all persons conducting department-approved remedial actions on the property, including granting access and complying with and implementing all required institutional controls;

(c) the person owns or occupies real property of 20 acres or less for residential purposes, provided that the following conditions are met:

(i) the person did not cause, contribute to, or exacerbate the release or threatened release of any hazardous or deleterious substance through any act or omission;

(ii) the person uses or allows the use of the real property for residential purposes. This exclusion does not apply to any person who acquires or develops real property for commercial use or any use other than residential use.

(iii) at the time the person purchased or occupied the real property, there were no visible indications of contamination on the surface of the real property;

(iv) the person cooperates with the department and all persons conducting department-approved remedial actions on the property, including granting access and complying with and implementing all required institutional controls; and

(v) there is no other basis of liability under subsection (1) for the owner or occupier for the release or threatened release of a hazardous or deleterious substance.

(8) A person is liable under this section if the department provides substantial credible evidence that the person fails to satisfy any element of each exclusion in subsections (7)(a) through (7)(c).

(9) The liability of a fiduciary under the provisions of this part for a release or a threatened release of a hazardous or deleterious substance from a facility held in a fiduciary capacity may not exceed the assets held in the fiduciary capacity that are available to indemnify the fiduciary unless the fiduciary is liable under this part independent of the person’s ownership or actions taken in a fiduciary capacity.

(10) A person who holds indicia of ownership in a facility primarily to protect a security interest is not liable under subsections (1)(a) and (1)(b) for having participated in the management of a facility within the meaning of 75-10-701(15)(b) because of any one or any combination of the following:

(a) holding an interest in real or personal property when the interest is being held as security for payment or performance of an obligation, including but not limited to a mortgage, deed of trust, lien, security interest, assignment, pledge, or other right or encumbrance against real or personal property that is furnished by the owner to ensure repayment of a financial obligation;

(b) requiring or conducting financial or environmental assessments of a facility or a portion of a facility, making financing conditional upon environmental compliance, or providing environmental information or reports;

(c) monitoring the operations conducted at a facility or providing access to a facility to the department or its agents or to remedial action contractors;

(d) having the mere capacity or unexercised right to influence a facility’s management of hazardous or deleterious substances;

(e) giving advice, information, guidance, or direction concerning the administrative and financial aspects, as opposed to day-to-day operational aspects, of a borrower’s operations;
(f) providing general information concerning federal, state, or local laws governing the transportation, storage, treatment, and disposal of hazardous or deleterious substances and concerning the hiring of remedial action contractors;

(g) engaging in financial workouts, restructuring, or refinancing of a borrower’s obligations;

(h) collecting rent, maintaining utility services, securing a facility from unauthorized entry, or undertaking other activities to protect or preserve the value of the security interest in a facility;

(i) extending or denying credit to a person owning or in lawful possession of a facility;

(j) in an emergency, requiring or undertaking activities to prevent exposure of persons to hazardous or deleterious substances or to contain a release;

(k) requiring or conducting remedial action in response to a release or threatened release if prior notice is given to the department and the department approves the remedial action; or

(l) taking title to a facility by foreclosure, provided that the holder of indicia of ownership, from the time the holder acquires title, undertakes to sell, re-lease property held pursuant to a lease financing transaction (whether by a new lease financing transaction or substitution of the lessee), or otherwise divest itself of the property in a reasonably expeditious manner, using whatever commercially reasonable means are relevant or appropriate with respect to the facility and taking all facts and circumstances into consideration and provided that the holder does not:

(i) outbid or refuse a bid for fair consideration for the property or outbid or refuse a bid that would effectively compensate the holder for the amount secured by the facility;

(ii) worsen the contamination at the facility;

(iii) incur liability under subsection (1)(c) or (1)(d) by arranging for disposal of or transporting hazardous or deleterious substances; or

(iv) engage in conduct described in subsection (11).

(11) The protection from liability provided in subsections (9) and (10) is not available to a fiduciary or to a person holding indicia of ownership primarily to protect a security interest if the fiduciary or person through affirmative conduct:

(a) causes or contributes to a release of hazardous or deleterious substances from the facility;

(b) allows others to cause or contribute to a release of hazardous or deleterious substances; or

(c) in the case of a person holding indicia of ownership primarily to protect a security interest, actually participates in the management of a facility by:

(i) exercising decisionmaking control over environmental compliance; or

(ii) exercising control at a level comparable to that of a manager of the enterprise with responsibility for day-to-day decisionmaking either with respect to environmental compliance or substantially all of the operational, as opposed to financial or administrative, aspects of the facility.”

Section 39. Section 75-10-1223, MCA, is amended to read: “75-10-1223. Penalties and fines. (1) A person who disposes of septage in violation of 75-10-1210 or of the standards adopted pursuant to 75-10-1202 is guilty of a misdemeanor and upon conviction shall be fined an amount not to exceed $500.

(2) (a) A person who violates this part or a rule or order adopted pursuant to this part is subject to a civil penalty of not more than $500. Each day that violation of this part, a rule of the department, or an order issued pursuant to
this part occurs constitutes a separate violation. The department or the county attorney of the county in which the violation occurred may file an action to collect the penalty.

(b) Penalties assessed under this subsection (2) must be determined in accordance with the penalty factors in 75-1-1001. An action to recover penalties must be brought in the district court of the county in which the violation occurred or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.

(3) Penalties collected by the department under this section must be deposited in the environmental rehabilitation and response account in the state special revenue fund provided for in 75-1-110. Fines and penalties collected by a county must be deposited in the general fund of the county.”

Section 40. Section 75-11-223, MCA, is amended to read:

“75-11-223. Civil and administrative penalties. (1) (a) A person who violates a provision of this part, a rule adopted under this part, or an order of the department or the board is subject to an administrative penalty not to exceed $500 for each violation or a civil penalty not to exceed $10,000 for each violation. If an installer or an inspector who is an employee is in violation, the employer of that installer or that inspector is the entity that is subject to the provisions of this section unless the violation is the result of a grossly negligent or willful act. Each day of violation of this part, a rule adopted under this part, or an order constitutes a separate violation.

(b) Penalties assessed under this subsection (1) must be determined in accordance with the penalty factors in 75-1-1001.

(2) The department may institute and maintain in the name of the state any enforcement proceedings under this section. The enforcement or collection action must be brought in the district court of the county in which the violation occurred or, if mutually agreed upon by the parties, in the district court of the first judicial district, Lewis and Clark County. Upon request of the department, the attorney general or the county attorney of the county where the violation occurred shall petition the district court to impose, assess, and recover the civil penalty.

(3) Action under this section does not bar:

(a) enforcement of this part, rules adopted under this part, orders of the department or the board, or terms of a license or permit by injunction or other appropriate remedy; or

(b) action under 75-11-224.”

Section 41. Section 75-11-516, MCA, is amended to read:

“75-11-516. Civil penalties. (1) (a) A person who violates any provision of this part, a rule adopted under this part, or an order of the department or the board is subject to a civil penalty not to exceed $10,000 for each violation. Each day of violation constitutes a separate violation.

(b) Penalties assessed under this subsection (1) must be determined in accordance with the penalty factors in 75-1-1001.

(2) The department may institute and maintain in the name of the state any enforcement proceedings under this section. Upon request of the department, the attorney general or the county attorney of the county of violation shall petition the district court to impose, assess, and recover the civil penalty. Penalties are also recoverable in an action brought by the department. The action must be brought in the district court of the county in which the violation occurred or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.

(3) Action under this section does not bar enforcement of this part, rules adopted under this part, or orders of the department or the board.
(4) Money collected under this section must be deposited in the state general fund.”

Section 42. Section 75-11-518, MCA, is amended to read:

“75-11-518. Venue for legal actions. All legal actions affecting underground storage tanks or the disposal of regulated substances must be brought in the county in which the underground storage tank is located or, if mutually agreed upon by the affected parties, in the first judicial district, Lewis and Clark County.”

Section 43. Section 75-11-525, MCA, is amended to read:

“75-11-525. Administrative penalties for violations — appeals — venue. (1) (a) A person who violates any of the provisions of this part or any rules promulgated under the authority of this part may be assessed and ordered by the department to pay an administrative penalty not to exceed $500 for each violation. This limitation on administrative penalties applies only to penalties assessed under this section. Each occurrence of the violation and each day that it remains uncorrected constitutes a separate violation. The department may suspend a portion of the administrative penalty assessed under this section if the condition that caused the assessment of the penalty is corrected within a specified time. Assessment of an administrative penalty under this section may be made in conjunction with any order or other administrative action authorized by this chapter.

(b) Penalties assessed under this subsection (1) must be determined in accordance with the penalty factors in 75-1-1001.

(2) When the department assesses an administrative penalty under this section, it must have written notice served personally or by certified mail on the alleged violator or the violator’s agent. For purposes of this chapter, service by mail is complete on the day of receipt. The notice must state:

(a) the provision alleged to be violated;

(b) the facts alleged to constitute the violation;

(c) the amount of the administrative penalty assessed under this section;

(d) the amount, if any, of the penalty to be suspended upon correction of the condition that caused the assessment of the penalty;

(e) the nature of any corrective action that the department requires, whether or not a portion of the penalty is to be suspended;

(f) as applicable, the time within which the corrective action is to be taken and the time within which the administrative penalty is to be paid; and

(g) the right to appeal or to a hearing to mitigate the penalty assessed.

(3) A person assessed a penalty under this section may request a hearing before the board to either contest the alleged violation or request mitigation of the penalty. The contested case provisions of the Montana Administrative Procedure Act, provided for in Title 2, chapter 4, part 6, apply to a hearing conducted under this section. If a hearing is held under this section, it must be held in Lewis and Clark County or in the county in which the alleged violation occurred.

(4) If the department is unable to collect an administrative penalty assessed under this section or if a person fails to pay all or any portion of an administrative penalty assessed under this section, the department may take action in district court to recover the penalty amount and any additional amounts assessed or sought under this chapter. The action must be brought in the district court of the county in which the violation occurred or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.
(5) Action under this section does not bar action under this chapter or any other remedy available to the department for violations of underground storage tank laws or rules promulgated under those laws.

(6) Administrative penalties collected under this section must be deposited in the state general fund.

Section 44. Section 76-4-109, MCA, is amended to read:

“76-4-109. Penalties. (1) A person who violates a provision of this part, except 76-4-122(1), or a rule adopted or an order issued under this part is guilty of an offense and subject to a fine in an amount not to exceed $1,000.

(2) (a) In addition to the fine specified in subsection (1), a person who violates any provision of this part or any rule adopted or order issued under this part is subject to an administrative penalty in an amount not to exceed $250 or a civil penalty in an amount not to exceed $1,000. Each day of violation constitutes a separate violation.

(b) Penalties assessed under this subsection (2) must be determined in accordance with the penalty factors in 76-4-1001. An action to recover penalties must be brought in the district court of the county in which the violation occurred or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.

(3) Penalties imposed under subsection (1) or (2) do not bar enforcement of this part or rules or orders issued under it by injunction or other appropriate remedy.

(4) The purpose of this section is to provide additional and cumulative remedies.”

Section 45. Section 77-2-107, MCA, is amended to read:

“77-2-107. Involvement of lessee when land subject to prior lease. (1) Whenever any kind of right-of-way easement has been granted under this part and the state land in which it is granted is under lease, the party receiving the grant shall give timely notice to the lessee and shall make just settlement with the lessee for any damages resulting to the lessee’s improvements, crops, or leasehold interests.

(2) After the settlement is made, the lessee shall open or move any fences that may obstruct the right-of-way over the lands under lease and otherwise cooperate in the opening of the right-of-way. Proof must be filed with the board that the settlement has been made before the deed to the easement is issued.

(3) (a) If the lessee and the party receiving the right-of-way easement are unable to agree on the value of the damages resulting from the easement, the value of the damages must be ascertained and fixed by three arbitrators, one of whom must be appointed by the lessee, one by the party receiving the easement, and the third by the two appointed arbitrators.

(b) If a party refuses to appoint an arbitrator within 15 days of being requested to do so by the director of the department, the director may appoint an arbitrator for that party. An arbitrator appointed by the director has the same duties and powers as if appointed by one of the parties.

(c) The arbitrators may fix reasonable compensation for their services. The compensation must be paid in equal shares by the owner of the easement and the lessee.

(d) The value of the damages as ascertained and fixed by the arbitrators is binding on both parties; however, if either party is dissatisfied with the valuation, the party may, within 10 days, appeal from their decision to the department. The department shall examine the easements, and, except as provided in subsection (3)(e), its decision on the appeal is final. The department shall collect the actual cost of the reexamination from the owner of the easement and the lessee in the proportion that, in its judgment, justice may demand.
(e) If either party is dissatisfied with the valuation fixed by the department, the party may within 30 days after receipt of the department’s decision petition the district court in the county in which the majority of the state land is located or the district court in Lewis and Clark County for judicial review of the decision.”

Section 46. Section 82-4-142, MCA, is amended to read:

“82-4-142. Mandamus to compel enforcement. (1) A resident of this state who has knowledge that a requirement of this part or a rule adopted under this part is not being enforced by a public officer or employee whose duty it is to enforce the requirement or rule may bring the failure to enforce to the attention of the public officer or employee by a written statement under oath that must state the specific facts of the failure to enforce the requirement or rule. Knowingly making false statements or charges in the affidavit subjects the affiant to penalties prescribed in 45-7-202.

(2) If the public officer or employee neglects or refuses for an unreasonable time after receipt of the statement to enforce the requirement or rule, the resident may bring an action of mandamus in the district court of the first judicial district of this state or in the district court of the county in which the land is located. If the court finds that a requirement of this part or a rule adopted under this part is not being enforced, it shall order the public officer or employee whose duty it is to enforce the requirement or rule to perform the duties. If the officer or employee fails to do so, the public officer or employee must be held in contempt of court and is subject to the penalties provided by law.”

Section 47. Section 82-4-254, MCA, is amended to read:

“82-4-254. Violation — penalty — waiver. (1) (a) Except as provided in subsection (2), a person or operator who violates any of the provisions of this part, rules adopted or orders issued under this part, or term or condition of a permit and any director, officer, or agent of a corporation who purposely or knowingly authorizes, orders, or carries out a violation shall pay an administrative penalty of not less than $100 or more than $5,000 for the violation and an additional administrative penalty of not less than $100 or more than $5,000 for each day during which a violation continues and may be enjoined from continuing the violations as provided in this section. A person or operator who fails to correct a violation within the period permitted by law, rule of the board, or order of the department must be assessed a penalty of not less than $750 for each day, up to 30 days, during which the failure or violation continues.

(b) Penalties assessed under this section must be determined in accordance with the penalty factors in 82-4-1001.

(c) The period permitted for correction of a violation does not, in the case of any review proceeding under 82-4-251(6), end until entry of a final order suspending the abatement requirements or until entry of an order of court ordering suspension of the abatement requirements. If the failure to abate continues for more than 30 days, the department shall, within 30 days after the 30-day period, take appropriate action pursuant to 82-4-251(3) or request action under subsection (4) or (6) of this section.

(2) The department may waive the penalty for a minor violation of this part, a rule adopted or an order issued under this part, or a term or condition of a permit if the department determines that the violation is not of potential harm to public health, public safety, or the environment and does not impair the administration of this part. The department may not waive a penalty assessed under this section if the person or operator fails to abate the violation as directed under 82-4-251. The board shall adopt rules to implement and administer a procedure for waiver of a penalty under this subsection.
(3) (a) To assess an administrative penalty under this section, the department shall issue a notice of violation and penalty order to the person or operator, unless the penalty is waived pursuant to subsection (2). The notice and order must specify the provision of this part, rule adopted or order issued under this part, or term or condition of a permit that is violated and must contain findings of fact, conclusions of law, and a statement of the proposed administrative penalty. The notice and order must be served personally or by certified mail. Service by mail is complete 3 business days after the date of mailing. The notice and order become final unless, within 30 days after the order is served, the person or operator to whom the order was issued requests a hearing before the board. By submitting to the board a written request within 30 days of service of the notice of violation, stating the reason for the request, the person or operator is entitled to a hearing before the board under 82-4-206 on the issues of whether the alleged violation has occurred and whether the penalty proposed to be assessed is proper. On receipt of a request, the board shall schedule a hearing. After a hearing, the board shall make findings of fact and issue a written decision as to the occurrence of the violation and the amount of penalty warranted. If the board finds that the violation occurred and a penalty is warranted, it shall order the payment of the penalty. If the time for requesting a hearing expires without a hearing request, the person or operator shall remit the amount of the penalty within 30 days of the expiration of the period for requesting a hearing.

(b) If the person or operator to whom a final order is issued under subsection (3)(a) wishes to obtain judicial review of the order, the person or operator shall submit with any assessed penalty a statement that the penalty is being paid under protest and the department shall hold the payment in escrow until judicial review is complete. Any person or operator who fails to request and submit testimony at the hearing provided for in subsection (3)(a) or who fails to pay any assessed penalty under protest within 30 days of the order assessing the penalty forfeits the right to seek judicial review of the violation and penalty determinations.

(c) Penalties provided for in this section are recoverable in an action brought by the department. The action must be filed in the district court of the first judicial district, Lewis and Clark County, if mutually agreed on by the parties in the action, or in the district court having jurisdiction over the defendant or in the first judicial district if no other district court has jurisdiction.

(4) The department may bring an action for a restraining order or temporary or permanent injunction against an operator or other person who:

(a) violates, threatens to violate, or fails or refuses to comply with any order or decision issued under this part;

(b) interferes with, hinders, or delays the department in carrying out the provisions of this part;

(c) refuses to admit an authorized representative of the department to the permit area;

(d) refuses to permit inspection of the permit area by an authorized representative of the department;

(e) refuses to furnish any information or report requested by the department in furtherance of the provisions of this part; or

(f) refuses to permit access to and copying of records that the department determines to be necessary in carrying out the provisions of this part.

(5) Any relief granted by a court under subsection (4)(a) continues in effect until the completion or final termination of all proceedings for review of relief granted under this part unless, prior to the final determination, the district court granting the relief sets it aside or modifies it.
(6) A person who violates any of the provisions of this part or any
determination or order issued under this part or who purposely or knowingly
violates any permit condition issued under this part is guilty of a misdemeanor
and shall be fined an amount not less than $500 and not more than $10,000
or be imprisoned for not more than 1 year, or both. Each day on which the
violation occurs constitutes a separate offense.

(7) A person who knowingly makes any false statement, representation,
or certification or knowingly fails to make any statement, representation, or
certification in any application, record, report, plan, or other document filed
or required to be maintained pursuant to this part shall upon conviction be
punished by a fine of not more than $10,000 or by imprisonment for not more
than 1 year, or both.

(8) A person who except as permitted by law purposely or knowingly
resists, prevents, impedes, or interferes with the department or its agents in
the performance of duties pursuant to this part shall be punished by a fine of
not more than $5,000 or by imprisonment for not more than 1 year, or both.

(9) An employee of the department performing any function or duty under
this part may not have a direct or indirect financial interest in any strip- or
underground-coal-mining operation. A person who knowingly violates the
provisions of this subsection shall upon conviction be punished by a fine of not
more than $2,500 or by imprisonment of not more than 1 year, or both.

(10) Within 30 days after receipt of full payment of an administrative
penalty assessed under this section, the department shall issue a written
release of civil liability for the violations for which the penalty was assessed.”

Section 48. Section 82-4-354, MCA, is amended to read:

“82-4-354. Mandamus to compel enforcement. (1) A person having
an interest that is or may be adversely affected, with knowledge that a
requirement of this part or a rule adopted under this part is not being enforced
by a public officer or employee whose duty it is to enforce the requirement or
rule, may bring the failure to the attention of the public officer or employee
by an affidavit stating the specific facts of the failure. Knowingly making
false statements or charges in the affidavit subjects the affiant to penalties
prescribed for false swearing, as provided in 45-7-202.

(2) If the public officer or employee neglects or refuses for an unreasonable
time after receipt of the affidavit to enforce the requirement or rule, the affiant
may bring an action of mandamus in the district court of the first judicial
district or in the district court of the county in which the land is located. If the
court finds that a requirement of this part or a rule adopted under this part is
not being enforced, it shall order the public officer or employee to perform the
duties. If the officer or employee fails to do so, the public officer or employee
must be held in contempt of court and is subject to the penalties provided by
law.

(3) A person having an interest that is or may be adversely affected may
commence a civil action to compel compliance with this part against a person
for the violation of this part or any rule, order, or permit issued under it.
However, an action may not be commenced:

(a) prior to 60 days after the plaintiff has given notice in writing to the
department and to the alleged violator; or

(b) if the department has commenced and is diligently prosecuting a
civil action to require compliance with the provisions of this part or any rule,
order, or permit issued under it. A person having an interest that is or may be
adversely affected may intervene as a matter of right in the civil action.
(4) Legal actions under subsection (3)(a) must be brought in the district court of the county in which the alleged violation occurred or, if mutually agreed to by the parties to the action, in any other judicial district.

(5) Nothing in this section restricts any right of any person under any statute or common law to seek enforcement of this part or the rules adopted under it or to seek any other relief.”

Section 49. Section 82-4-361, MCA, is amended to read:

“82-4-361. Violation — penalties — waiver. (1) When the department has reason to believe that a person is in violation of this part, a rule adopted or an order issued under this part, or a term or condition of a permit issued under this part, it shall send a violation letter to the person. The violation letter must describe the provision of the statute, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The letter must also recommend corrective actions that are necessary to return to compliance. Issuance of a violation letter under this subsection does not limit the authority of the department under this part to bring a judicial action for penalties or injunctive relief or to initiate an administrative enforcement action.

(2) (a) By issuance of an order pursuant to subsection (6), the department may assess an administrative penalty of not less than $100 or more than $1,000 for each of the following violations and an additional administrative penalty of not less than $100 or more than $1,000 for each day during which the violation continues and may bring an action for an injunction from continuing the violation against:

(i) a person or operator who violates a provision of this part, a rule adopted or an order issued under this part, or a term or condition of a permit; or

(ii) any director, officer, or agent of a corporation who purposely or knowingly authorizes, orders, or carries out a violation of a provision of this part, a rule adopted or an order issued under this part, or a term or condition of a permit.

(b) If the violation created an imminent danger to the health or safety of the public or caused significant environmental harm, the maximum administrative penalty is $5,000 for each day of violation.

(c) This subsection does not limit the authority of the department to bring a judicial action for penalties or injunctive relief prior to or instead of initiating an administrative enforcement action under this part.

(3) The department may bring a judicial action seeking a penalty of not more than $5,000 for a violation listed in subsection (2)(a) and a penalty of not more than $5,000 for each day that the violation continues.

(4) Penalties assessed under this section must be determined in accordance with the penalty factors in 82-4-1001.

(5) The department may bring an action for a restraining order or a temporary or permanent injunction against an operator or other person violating or threatening to violate an order issued under this part.

(6) (a) In addition to the violation letter sent pursuant to subsection (1), the department may also issue an order if it has credible information that a violation listed in subsection (2) has occurred. The order must specify the provision of the part, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The order may require necessary corrective action within a reasonable period of time, may assess an administrative penalty determined in accordance with this section, or both. The order must be served personally or by certified mail.

(b) An order issued pursuant to subsection (6)(a) becomes final unless, within 30 days after the order is served, the person to whom the order is issued submits to the board a written request for a hearing stating the reason for
the request. Service of the order by mail is complete 3 business days after mailing. If a request for a hearing is submitted, a hearing must be held within a reasonable time under the contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6. After a hearing, the board shall affirm, modify, or rescind the order.

(7) Legal actions for penalties or injunctive relief under this section must be brought in the district court of the county in which the alleged violation occurred or, if mutually agreed to by the parties to the action, in the first judicial district, Lewis and Clark County.”

Section 50. Section 82-4-427, MCA, is amended to read:

“82‑4‑427. Hearing ‑‑ appeal ‑‑ venue. (1) (a) Subject to subsections (1)(b) and (1)(c), a person whose interests are or may be adversely affected by a final decision of the department to approve or disapprove a permit application and accompanying material or a permit amendment application and accompanying material under this part is entitled to a hearing before the board if a written request stating the reasons for the appeal is submitted to the board within 30 days of the department’s decision.

(b) If an application was noticed publicly as required by this part, to be eligible to file for an appeal a person must have either submitted comments to the department on an application or submitted comments at a public meeting held under 82-4-432.

(c) Subsection (1)(b) does not apply to a person filing for an appeal of an application that was not required to be noticed publicly by this part.

(2) An operator may request a hearing before the board on:

(a) a final decision of the department director pursuant to 82-4-436(4) by submitting a request for a hearing within 15 days of receipt of notice of the director’s decision; and

(b) an order of suspension or revocation issued under 82-4-442 by filing a request for hearing within 30 days of receipt of the decision.

(3) The operator or the landowner may request a hearing before the board on a decision on a bond release application by submitting a written request stating the reasons for the appeal within 30 days of the receipt of the decision.

(4) The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing held under this section.

(5) A petition for judicial review of a board decision made pursuant to this section must be brought in the county in which the permitted activity is proposed to occur or, if mutually agreed upon by both parties to the action, in the first judicial district, Lewis and Clark County. If an activity is proposed to occur in more than one county, the action may be brought in any of the counties in which the activity is proposed to occur.

(6) The petition for judicial review must include the party to whom the permit was issued or the applicant unless otherwise agreed to by the permitholder or applicant. All judicial challenges of permits for projects with a project cost, as determined by the court, of more than $1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action.”

Section 51. Section 82-4-441, MCA, is amended to read:

“82‑4‑441. Administrative and judicial penalties ‑‑ enforcement. (1) When the department has reason to believe that a person is in violation of this part, a rule adopted or an order issued under this part, or a term or
condition of a permit issued under this part, it shall send a violation letter to the person. The violation letter must describe the provision of the statute, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The letter must also recommend corrective actions that are necessary to return to compliance. Issuance of a violation letter under this subsection does not limit the authority of the department under this part to bring a judicial action for penalties or injunctive relief or to initiate an administrative enforcement action.

(2) By issuance of an order pursuant to subsection (5), the department may assess against a person who violates any of the provisions of this part, rules adopted or orders issued under this part, or provisions of a permit:
   (a) an administrative penalty of not less than $100 or more than $1,000 for the violation; and
   (b) an additional administrative penalty of not less than $100 or more than $1,000 for each day during which a violation continues.

In determining the amount of the penalty, the district court shall consider the factors in subsection (4).

(4) Penalties assessed under this section must be determined in accordance with the penalty factors in 82-4-1001.

(5) (a) In addition to the violation letter sent pursuant to subsection (1), the department may also issue an order if it has credible information that a violation listed in subsection (2) has occurred. The order must specify the provision of the part, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The order may require necessary corrective action within a reasonable period of time, may assess an administrative penalty determined in accordance with this section, or both. The order must be served personally or by certified mail.
   (b) An order issued pursuant to subsection (5)(a) becomes final unless, within 30 days after the order is served, the person to whom the order is issued submits to the board a written request for a hearing stating the reason for the request. Service of an order by mail is complete 3 business days after mailing. If a request for a hearing is filed, a hearing must be held within a reasonable time under the contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6. After a hearing, the board shall affirm, modify, or rescind the order.

(6) The department may bring an action to enjoin an operator or other person violating or threatening to violate this part, rules adopted pursuant to this part, or a permit issued pursuant to this part. Actions for injunctions or penalties must be filed in the district court of the county in which the opencut operation is located or, if mutually agreed on by both parties in the action, in the first judicial district, Lewis and Clark County.

(7) The provisions of this section do not limit the authority of the department to bring a judicial action for penalties or injunctive relief prior to or instead of initiating an administrative enforcement action under this part.”

(2) If, after a hearing held under subsection (1), the board of environmental review finds that a violation has occurred, it shall either affirm or modify the order of the department of environmental quality. An order issued by the department of environmental quality or by the board of environmental review may prescribe the date by which the violation must cease and may prescribe time limits for a particular action. If, after hearing, the board of environmental review finds no violation has occurred, it shall rescind the department of environmental quality’s order.

(3) A violation of 82-15-110(8) or of a rule adopted pursuant to 82-15-102(3) is subject to an administrative penalty of up to $1,000. Each day of violation constitutes a separate violation.

If the association believes the program to be unnecessary or excessive in cost, it may appeal the department decision to the district court in any county where all or part of the project works is located or to the district court in Lewis and Clark County.

(3) If an appeal is filed under subsection (2), the court shall hold a trial de novo on the question of necessity of the department program and the question of excessive costs. The tenant shall maintain the carbon monoxide detector and the smoke detector in good working order during the tenant’s rental period. For the purposes of this subsection (1)(g), an approved carbon monoxide detector, as defined in 70-20-113, and an approved smoke detector, as defined in 70-20-113, bear a label or other identification issued by an approved testing agency having a service for inspection of materials and workmanship at the factory during fabrication and assembly.

(2) If the duty imposed by subsection (1)(a) is greater than a duty imposed by subsections (1)(b) through (1)(h) (1)(g), a landlord’s duty must be determined by reference to subsection (1)(a).

(3) A landlord and tenant of a one-, two-, or three-family residence may agree in writing that the tenant perform the landlord’s duties specified in subsections (1)(e) (1)(f) and specified repairs, maintenance tasks, alteration, and remodeling but only if the transaction is entered into in good faith and not for the purpose of evading the obligations of the landlord.

(4) A landlord and tenant of a one-, two-, or three-family residence may agree that the tenant is to perform specified repairs, maintenance tasks, alterations, or remodeling only if:

(a) the agreement of the parties is entered into in good faith and not for the purpose of evading the obligations of the landlord and is set forth in a separate writing signed by the parties and supported by adequate consideration;
(b) the work is not necessary to cure noncompliance with subsection (1)(a); and
(c) the agreement does not diminish the obligation of the landlord to other tenants in the premises.

(5) The landlord is not liable for damages caused as a result of the failure of the carbon monoxide detector or the smoke detector required under subsection (1)(h) (1)(g).”

Section 5. Section 70-24-312, MCA, is amended to read:

“70-24-312. Access to premises by landlord. (1) A tenant may not unreasonably withhold consent to the landlord or the landlord’s agent to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, decorations, alterations, or improvements, supply necessary or agreed services, or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workers, or contractors.

(2) A landlord may enter the dwelling unit without consent of the tenant in the case of an emergency.

(3) (a) A landlord may not abuse the right of access or use it to harass the tenant. Except in the case of an emergency or unless it is impracticable to do so, the landlord shall give the tenant at least 24 hours’ notice of the intent to enter and may enter only at reasonable times.

(b) For the purposes of this subsection (3), in addition to the provisions of 70-24-108, a tenant has notice of the intent to enter if the landlord conspicuously posts the landlord’s intent to enter on the main entry door of the dwelling unit.

(4) A landlord has no other right of access except:

(a) pursuant to court order;
(b) as permitted by 70-24-425 and 70-24-426(2); or
(c) when the tenant has abandoned or surrendered the premises.

(5) A tenant may not remove a lock or replace or add a lock not supplied by the landlord to the premises without the written permission of the landlord. If a tenant removes a lock or replaces or adds a lock not supplied by the landlord to the premises, the tenant shall provide the landlord with a key to ensure that the landlord will have the right of access as provided by this chapter.”
Section 6. Section 70-24-401, MCA, is amended to read:

“70-24-401. Administration of remedies -- enforcement. (1) The remedies provided by this chapter must be administered so that an aggrieved party may recover appropriate damages. The aggrieved party has a duty to mitigate damages. The aggrieved party may include a reasonable charge for the party’s labor.

(2) A right or obligation declared by this chapter is enforceable by action unless the provision declaring it specifies a different and limited effect. Nothing in this chapter prohibits the assignment of a right or the claim of a right by either landlord or tenant. The landlord’s or tenant’s defenses and obligations may not be affected by an assignment.

(3) Rules and regulations that are not a part of this chapter and that affect the relationship between the landlord and tenant must be uniformly and fairly applied and enforced.”

Section 7. Section 70-24-422, MCA, is amended to read:

“70-24-422. Noncompliance of tenant generally — landlord’s right of termination — damages — injunction. (1) Except as provided in this chapter, if there is a noncompliance by the tenant with the rental agreement or a noncompliance with 70-24-321, the landlord may deliver a written notice to the tenant pursuant to 70-24-108 specifying the acts and omissions constituting the noncompliance and that the rental agreement will terminate upon a date specified in the notice not less than the minimum number of days after receipt of the notice provided for in this section. The rental agreement terminates as provided in the notice, subject to the following:

(a) If the noncompliance is remediable by repairs, the payment of damages, or otherwise and the tenant adequately remedies the noncompliance before the date specified in the notice, the rental agreement does not terminate.

(b) If the noncompliance involves an unauthorized pet, the notice period is 3 days.

(c) If the noncompliance involves unauthorized persons residing in the rental unit, the notice period is 3 days.

(d) If the noncompliance is not listed in subsection (1)(b), or (1)(c), or (1)(f), the notice period is 14 days.

(e) If substantially the same act or omission that constituted a prior noncompliance of which notice was given recurs within 6 months, the landlord may terminate the rental agreement upon at least 5 days’ written notice specifying the noncompliance and the date of the termination of the rental agreement.

(f) If the noncompliance is from verbal abuse of the landlord by a tenant, the landlord may terminate the rental agreement on giving 3 days’ written notice. If the tenant adequately remedies the noncompliance, the rental agreement does not terminate.

(2) If rent is unpaid when due and the tenant fails to pay rent within 3 days after written notice by the landlord of nonpayment and the landlord’s intention to terminate the rental agreement if the rent is not paid within that period, the landlord may terminate the rental agreement.

(3) If the tenant destroys, defaces, damages, impairs, or removes any part of the premises in violation of 70-24-321(2), the landlord may terminate the rental agreement upon giving 3 days’ written notice specifying the noncompliance under the provisions of 70-24-321(2).

(4) If the tenant creates a reasonable potential that the premises may be damaged or destroyed or that neighboring tenants may be injured in violation of 70-24-321(3), the landlord may terminate the rental agreement upon giving
3 days’ written notice specifying the violation and noncompliance under the provisions of 70-24-321(3).

(5) Except as provided in this chapter, the landlord may recover actual damages and obtain injunctive relief for any noncompliance by the tenant with the rental agreement or 70-24-321. Except as provided in subsection (6), if the tenant’s noncompliance is purposeful, the landlord may recover treble damages.

(6) Treble damages may not be recovered for the tenant’s early termination of the tenancy.

(7) The landlord is not bound by this section in the event that the landlord elects to use the 30-day notice for termination of tenancy as provided in 70-24-441.”

Section 8. Section 70-24-430, MCA, is amended to read:

“70-24-430. Disposition of personal property abandoned by tenant after termination. (1) (a) If a tenancy terminates by court order, the personal property is considered abandoned and the landlord may immediately dispose of the personal property as allowed by law.

(b) If a tenancy terminates in any manner except by other than court order and the landlord has clear and convincing evidence that the tenant has abandoned all personal property that the tenant has left on the premises and a period of time of at least 48 hours has elapsed since the landlord obtained that evidence, the landlord may immediately remove the abandoned property from the premises and immediately dispose of any trash or personal property that is hazardous, perishable, or valueless.

(c) An item that is clearly labeled “rent to own” or “leased” or likewise identified may be discarded only with confirmation from the lessor that the item does not have a lien, provided that the lessor can be easily identified from the label and the landlord makes a reasonable effort to contact the lessor.

(d) For the purposes of this subsection (1), the following definitions apply:

(i) “Hazardous” means an item that is potentially or actually flammable or a biohazard or an item otherwise capable of inflicting personal harm or injury.

(ii) “Perishable” means any item requiring refrigeration or any food item with a marked expiration date.

(iii) “Valueless” means any item that has an insubstantial resale value but does not include personal photos, jewelry, or other small items that are irreplaceable.

(2) The landlord shall inventory and store all abandoned personal property of the tenant that the landlord reasonably believes is valuable in a place of safekeeping and shall exercise reasonable care for the property. The landlord may charge a reasonable storage and labor charge if the property is stored by the landlord, plus the cost of removal of the property to the place of storage. The landlord may store the property in a commercial storage company, in which case the storage cost includes the actual storage charge plus the cost of removal of the property to the place of storage.

(3) After complying with subsection (2), the landlord shall make a reasonable attempt to notify the tenant in writing that the property must be removed from the place of safekeeping by sending a notice with a certificate of mailing or by certified mail to the last-known address of the tenant, stating that at a specified time, not less than 10 days after mailing the notice, the property will be disposed of if not removed.

(4) The landlord may dispose of the property after complying with subsection (3) by:
(a) selling all or part of the property at a public or private sale; or
(b) destroying or otherwise disposing of all or part of the property if the landlord reasonably believes that the value of the property is so low that the cost of storage or sale exceeds the reasonable value of the property.

(5) If the tenant, upon receipt of the notice provided in subsection (3), responds in writing to the landlord on or before the day specified in the notice that the tenant intends to remove the property and does not do so within 7 days after delivery of the tenant’s response, the tenant’s property whether of value or not is conclusively presumed to be abandoned. If the tenant removes the property, the landlord is entitled to storage costs for the period that the property remains in safekeeping, plus the cost of removal of the property to the place of storage. Reasonable storage costs are allowed a landlord who stores the property, and actual storage costs are allowed a landlord who stores the property in a commercial storage company. A landlord is entitled to payment of the storage costs allowed under this subsection before the tenant may remove the property.

(6) The landlord is not responsible for any loss to the tenant resulting from storage unless the loss is caused by the landlord’s purposeful or negligent act. On the event of purposeful violation, the landlord is liable for actual damages.

(7) A public or private sale authorized by this section must be conducted under the provisions of 30-9A-610 or the sheriff’s sale provisions of Title 25, chapter 13, part 7.

(8) The landlord may deduct from the proceeds of the sale the reasonable costs of notice, storage, labor, and sale and any delinquent rent or damages owing on the premises and shall remit to the tenant the remaining proceeds, if any, together with an itemized accounting. If the tenant cannot after due diligence be found, the remaining proceeds must be deposited with the county treasurer of the county in which the sale occurred and, if not claimed within 3 years, must revert to the general fund of the county available for general purposes.

(9) The landlord shall ensure that the terms of this section are included in plain and understandable language as a notification in any lease or rental agreement at the time of the agreement or when the tenant occupies the property. The landlord shall provide the same notification upon termination of the lease or rental agreement.”

Section 9. Section 70-25-201, MCA, is amended to read: “70-25-201. Security deposit – deductions authorized therefrom. (1) A landlord renting property covered by this chapter may deduct from the security deposit a sum equal to the damage alleged to have been caused by the tenant, together with a sum equal to the unpaid rent, late charges, utilities, penalties due under lease provisions, and other money owing to the landlord at the time of deduction, including rent owed under 70-24-441(3), and a sum for actual cleaning expenses, including a reasonable charge for the landlord’s labor.

(2) At the request of either party, the premises may be inspected within 1 week prior to termination of the tenancy.

(3) Cleaning charges may not be imposed for normal maintenance performed on a cyclical basis by the landlord as noted by the landlord at the time that the tenant occupies the space unless the landlord is forced to perform this maintenance because of negligence of the tenant. Additionally, cleaning charges may not be deducted until written notice has been given to the tenant. The notice must include the cleaning not accomplished by the tenant and the additional and type or types of cleaning that need to be done by the tenant to bring the premises back to its condition at the time of its renting. After
the delivery of the notice, the tenant has 24 hours to complete the required cleaning. If notice is mailed by certified mail, service of the notice is considered to have been made 3 days after the date of the mailing. A tenant who fails to notify the landlord of the intent to vacate or who vacates the premises without notice relieves the landlord of the requirement of giving notice and allows the landlord to deduct the cleaning charges from the deposit, or the landlord may leave a copy of the notice in a conspicuous location in the rental unit and notify the tenant by email, phone, or text, and notice is considered delivered.

(4) A person may not deduct or withhold from the security deposit any amount for purposes other than those set forth in this section.”

(2) If the duty imposed by subsection (1)(a) is greater than a duty imposed by subsections (1)(b) through (1)(f), a landlord’s duty must be determined by reference to subsection (1)(a).

(3) A landlord and tenant may agree in writing that the tenant is to perform the landlord’s duties specified in subsections (1)(e) and (1)(f) but only if the agreement is entered into in good faith and not for the purpose of evading the obligations of the landlord.

(4) A landlord and tenant may agree that the tenant is to perform specified repairs, maintenance tasks, alterations, or remodeling only if:

(a) the agreement of the parties is entered into in good faith and not for the purpose of evading the obligations of the landlord and is set forth in a separate writing signed by the parties and supported by adequate consideration;

(b) the work is not necessary to cure noncompliance with subsection (1)(a); and

(c) the agreement does not diminish the obligation of compliance with subsection (1)(a).

Section 13. Section 70-33-312, MCA, is amended to read:

“70-33-312. Access to premises by landlord. (1) A tenant may not unreasonably withhold consent to the landlord or the landlord’s agent to enter the lot in order to inspect the premises, make necessary or agreed repairs, alterations, or improvements, supply necessary or agreed services, or exhibit the lot to prospective or actual purchasers, mortgagees, tenants, workers, or contractors.

(1) The remedies provided by this chapter must be administered so that an aggrieved party may recover appropriate damages. The aggrieved party has a duty to mitigate damages. The aggrieved party may include a reasonable charge for the party’s labor.
(2) A right or obligation declared by this chapter is enforceable by action unless the provision declaring it specifies a different and limited effect. Nothing in this chapter prohibits the assignment of a right or the claim of a right by either landlord or tenant. The landlord's or tenant's defenses and obligations may not be affected by an assignment.
(3) Rules and regulations that are not a part of this chapter and that affect the relationship between the landlord and tenant must be uniformly and fairly applied and enforced.
(4) A claim or right arising under this chapter or on a rental agreement, if disputed in good faith, may be settled by agreement.”
Section 16. Section 70-33-430, MCA, is amended to read:

70-33-430. Disposition of abandoned personal property. (1) (a) If a tenancy terminates by court order, the personal property is considered abandoned and the landlord may immediately dispose of the personal property as allowed by law.

(b) If a tenancy terminates in any manner except by other than by court order, if the landlord reasonably believes that the tenant has abandoned all personal property that the tenant has left on the premises, and if at least 5 days have elapsed since the occurrence of the events upon which the landlord has based the belief of abandonment, the landlord may remove the property from the premises.

(2) The landlord shall inventory and store all personal property of the tenant in a place of safekeeping and shall exercise reasonable care for the property. The landlord may charge a reasonable storage and labor charge if the property is stored by the landlord, plus the cost of removal of the property to the place of storage. (4) The landlord may dispose of the property after complying with subsection (3) by:

(a) selling all or part of the property at a public or private sale; or

(b) destroying or otherwise disposing of all or part of the property if the landlord reasonably believes that the value of the property is so low that the cost of storage or sale exceeds the reasonable value of the property.

(5) (a) If the tenant, upon receipt of the notice provided in subsection (3), responds in writing to the landlord on or before the day specified in the notice that the tenant intends to remove the property and does not do so within 7 days after delivery of the tenant’s response, the tenant’s property is conclusively presumed to be abandoned.

(b) If the tenant removes the property, the landlord is entitled to storage costs for the period that the property remains in safekeeping, plus the cost of removal of the property to the place of storage. Reasonable storage costs are allowed to a landlord who stores the property, and actual storage costs are allowed to a landlord who stores the property in a commercial storage company. A landlord is entitled to payment of the storage costs allowed under this subsection before the tenant may remove the property.

(6) The landlord is not responsible for any loss to the tenant resulting from storage unless the loss is caused by the landlord’s purposeful or negligent act, in which case the landlord is liable for actual damages.

(7) A public or private sale authorized by this section must be conducted under the provisions of 30-9A-610 or the sheriff’s sale provisions of Title 25, chapter 13, part 7.
The landlord may deduct from the proceeds of the sale the reasonable costs of notice, storage, labor, and sale and, subject to any prior security interest of record, any delinquent rent or damages owing on the premises. The landlord shall remit to the tenant the remaining proceeds, if any, together with an itemized accounting.

If the tenant cannot after due diligence be found, the remaining proceeds must be deposited with the county treasurer of the county in which the sale occurred and, if not claimed within 3 years, must revert to the general fund of the county.

The landlord shall ensure that the terms of this section are included in plain and understandable language as a notification upon termination of the lease or rental agreement.

An application is complete if it contains the items listed in subsections (1) and (2). If the department determines that the application is not complete, the department shall notify the applicant in writing and include a detailed identification of information necessary to make the application complete.

(ii) The time limit provided in subsection (4)(a)(i) applies to each submittal of the application until the department determines that the application is complete.

(b) (i) A determination that an application is complete does not ensure that the application is acceptable and does not limit the department’s ability to request additional information or inspect the site during the review process.

(ii) Upon determining that an application is complete, the department shall begin reviewing the application for acceptability pursuant to this section.

(iii) The department shall accept public comment throughout the review process.

(c) The department may declare an application abandoned and void if:

(i) the applicant fails to respond to the department’s written request for more information within 1 year; and

(ii) the department notifies the applicant of its intent to abandon the application and the applicant fails to provide information within 30 days.

(d) The department shall notify the applicant when an application is complete and post the complete application on the department’s website.

(5) Within 15 days after the department sends notice of a complete application to the applicant, the applicant shall provide public notice, which must include:

(a) the name, address, and telephone number of the applicant;

(b) a description of the acreage, the estimated volume of overburden and materials to be removed, the type of materials to be removed, the facilities, the duration of activities, and the access points of the proposed opencut operation;

(c) a legal description of the proposed opencut operation and a map, or directions on how to access a map, showing the location of the proposed opencut operation and immediately surrounding property; and

(d) on a form provided by the department, notification that the application is complete and information on how to request a public meeting pursuant to this section.

(6) To provide public notice, the applicant shall:

(a) publish notice at least twice in a newspaper of general circulation in the locality of the proposed opencut operation. A map is not required in the
notice if, in addition to the legal description of the proposed opencut operation, the notice provides an address for the map posted on the department’s website and instructions for obtaining a paper copy of the map from an applicant. If the notice does not include a map, the applicant shall promptly provide a paper copy to a requestor.

(b) mail the notice by first-class mail to the board of county commissioners of the county in which the proposed opencut operation is located and to surface owners of land located within one-half mile of the boundary of the proposed opencut permit area using the most current known owners of record as shown in the paper or electronic records of the county clerk and recorder for the county where the proposed opencut operation is located;

(c) post the notice in at least two prominent locations at the site of the proposed opencut operation, including near a public road if possible; and

(d) provide the department with the names and addresses of those notified pursuant to subsection (6)(b).

(7) (a) Except as provided in subsection (7)(b), the department shall accept requests for a public meeting for 45 days after the department sends notice to the applicant of a complete application. Within this period, unless a public meeting is required pursuant to subsection (9), the department shall notify the applicant as to whether or not the application is acceptable pursuant to subsection (10).

(b) If the applicant and the department mutually agree or the applicant submits documentation on a form provided by the department showing that a public meeting will not be required pursuant to subsection (9), the department shall inform the applicant within 30 days of the notice of a complete application as to whether or not the application is acceptable pursuant to subsection (10).

(8) If a public meeting is required pursuant to subsection (9), within 30 days from the closing date of the public meeting request period in subsection (7), the department shall:

(a) hold a meeting; and

(b) notify the applicant as to whether or not the application is acceptable pursuant to subsection (10) or that the application requires an extended review pursuant to 82-4-439.

(9) (a) The department shall hold a public meeting in the area of the proposed opencut operation at the request of:

(i) the applicant; or

(ii) at least 90% 51% of the real property owners on which occupied dwelling units exist or 10 real property owners on which occupied dwelling units exist, whichever is greater, notified pursuant to this section. For the purposes of this subsection (9)(a)(ii), multiple property owners of the same parcel occupied dwelling unit are to be counted as a single real property owner.

(b) To provide notice for a public meeting, the department shall notify by first-class mail or electronically the property owners on the list provided by the applicant pursuant to this section and the board of county commissioners in the county where the proposed opencut operation is located.

(10) (a) An application is acceptable if it complies with the requirements of subsections (1) and (2) and includes a plan of operation that satisfies the requirements of 82-4-434 and rules adopted pursuant to this part related to 82-4-434. If the department determines that the application is not acceptable, the department shall notify the applicant in writing and include a detailed identification of all deficiencies.

(b) Within 10 working days of receipt of the applicant’s response to the identified deficiencies, the department shall review the responses and notify the applicant as to whether or not the application is acceptable. If the application is
unacceptable, the department shall notify the applicant in writing and include a detailed identification of the deficiencies.

(c) If the application is acceptable, the department shall issue a permit to the operator that entitles the operator to engage in the opencut operation on the land described in the application.

(11) (a) An operator may amend a permit by submitting an amendment application to the department. Upon receipt of the amendment application, the department shall review it in accordance with the requirements and procedures in this section. If the amendment application is acceptable, the department shall issue an amendment to the original permit.

(b) An application for an amendment is not subject to the public notice or public meeting requirements of this section or an extended review pursuant to 82-4-439 unless it proposes an increase in permitted acreage of 50% or more of the amount of permitted acreage in the current permit.

(c) For amendment applications not subject to the public notice and public meeting requirements of this section, the department shall, within 45 days of notifying the applicant that the application is complete, notify the applicant as to whether or not the application is acceptable pursuant to subsection (10).

(12) (a) Except as provided in subsection (12)(b), if weather or other field conditions prevent the department from conducting an adequate site inspection to evaluate a permit or amendment application, the time limits provided in subsections (7) and (11) are suspended until the weather or other field conditions allow for an adequate site inspection.

(b) Before suspending time limits, the department shall allow the operator to provide the information needed from a site inspection by other means, including but not limited to surveys, photos, videos, or other reports.

(13) The department shall post a copy of an acceptable permit or amendment on its website.

(viii) the proposed permit boundary in a format acceptable to the department and a location map;

(ix) a certification from the operator that there are fewer than 10 occupied dwelling units within one-half mile of the permit boundary of the operation no more than 60 days from the date the application materials are submitted;

(x) certification from the operator that notice of the proposed opencut operation was:

(A) published at least twice in a newspaper of general circulation in the locality of the proposed opencut operation;
(B) mailed to surface owners of land located within one-half mile of the boundary of the proposed opencut permit area using the most current known owners of record as shown in the paper or electronic records of the county clerk and recorder for the county where the proposed opencut operation is located. If the notice does not include a map, the applicant shall promptly provide a copy to a requestor.

(C) posted in at least two prominent locations at the site of the proposed opencut operation, including near a public road if possible;

(xi) the date the site is to be fully reclaimed.

(b) Except as provided in 75-1-208(4)(b), upon receipt of an application under this subsection (14), the department shall, within 5 working days, review the application and notify the person as to whether or not the application is complete. An application is complete if it contains the items listed in subsection (14)(a). If the department determines that the application is not complete, the department shall notify the applicant in writing and include a detailed identification of information necessary to make the application complete.

(c) Upon determining that an application is complete, the department shall begin reviewing the application for acceptability pursuant to this section. Public comment may be submitted throughout the review period.

(d) Within 15 days of receiving the information required by subsection (14)(a), the department shall determine if the information meets the requirements of subsection (14)(a) and notify the operator in writing. If the requirements are met, the operator may commence the operation on receipt of the notification.

(e) If the information submitted does not meet the requirements of subsection (14)(a), the department shall notify the applicant in writing and include a detailed identification of all deficiencies.

(f) Within 10 working days of receipt of the applicant’s response to the identified deficiencies, the department shall review the responses and notify the applicant as to whether the information submitted meets the requirements of subsection (14)(a). If the information submitted does not meet the requirements, the department shall notify the applicant in writing and include a detailed identification of the deficiencies.

(g) If the information submitted to the department meets the requirements of subsection (14)(a), the department shall notify the operator in writing. On receipt of the notification, the operator may commence opencut operations on the land described in the application.

(h) The department may prohibit an operation under this section if, at the time of submission of information required by subsection (14)(a), the operator has a pattern of violations of this part or is in current violation of this part, rules adopted under this part, or provisions of a permit.

(i) Prior to removing materials, the operator shall salvage all of the soil from the area to be disturbed.

(j) Prior to the final reclamation date, the operator shall grade the affected land to 3:1 or flatter slopes for rangeland and to 5:1 or flatter slopes for farmland and cropland, blend the graded land into the surrounding topography, replace an appropriate amount of overburden and all soils, and reclaim to conditions either present prior to operations or as specified by the landowner, including all access roads used for the operation unless the landowner requests in writing that specific roads or portions of roads remain in place. Roads left at the landowner’s request must be sized to support the use of the road after operations.”

Section 5. Section 82-4-434, MCA, is amended to read:

“82-4-434. Plan of operation — requirements. (1) The department shall accept a plan of operation if the department finds that the plan complies with the requirements of this part and the rules adopted pursuant to this part
and that after the opencut operation is completed, the affected land will be reclaimed to a productive use. Once the plan of operation is accepted by the department, it becomes a part of the permit but is subject to annual review and amendment by the department. Any amendment by the department must comply with the provisions of 82-4-436(2).

(2) The department may not accept a plan of operation unless the plan provides:

(a) that the affected land will be reclaimed for one or more specified uses, including but not limited to agriculture, forest, pasture, orchard, cropland, residence, recreation, industry, habitat for wildlife, including food, cover, or water, or other reasonable, practical, and achievable uses;

(b) that whenever the opencut operation results in a need to prevent acid drainage or sedimentation on or in adjoining lands or streams, catchments, ponds, or other reasonable devices to control water drainage and sediment will be constructed and maintained, provided the devices will not interfere with other landowners’ rights or contribute to water pollution;

(c) that soil and other suitable overburden will be salvaged and replaced on affected land, when required by the postmining land use, after completion or termination of that particular phase of the opencut operation. The depth of soil and other suitable overburden to be placed on the reclaimed area must be specified in the plan.

(d) that grading will result in a postmining topography conducive to the designated postmining land use;

(e) that waste will be buried on site in a manner that protects water quality and is compatible with the postmining land use or will be disposed of off site in accordance with state laws and rules;

(f) that all access, haul, and other support roads will be located, constructed, and maintained in a manner that controls and minimizes erosion;

(g) that the opencut operation will be conducted to avoid range and wildland fires and spontaneous combustion and that open burning will be conducted in accordance with suitable practices for fire prevention and control. Approval of the plan for fire prevention and control under this part does not relieve the operator of the duty to comply with the air quality permitting and protection requirement of Title 75, chapter 2.

(h) that archaeological and historical values on affected lands will be given appropriate legally required protection;

(i) that except for those postmining land uses that do not require vegetation, each surface area of the mined premises that will be disturbed will be revegetated when its use for the opencut operation is no longer required;

(j) that seeding and planting will be done in a manner to achieve a permanent vegetative cover that is suitable for the postmining land use and that retards erosion;

(k) that reclamation will be as concurrent with the opencut operation as feasible and will be completed within a specified length of time;

(l) that surface water and ground water will be given appropriate protection, consistent with state law, from deterioration of water quality and quantity that may arise as a result of the opencut operation;

(m) that noise and visual impacts on residential areas will be minimized to the degree practicable through berms, vegetation screens, and reasonable limits on hours of operation; and

(n) that any additional procedures, including monitoring, that are necessary, consistent with the purposes of this part, to prevent significant physical harm to the affected land or adjacent land, structures, improvements, or life forms will be implemented.
(j) a declaration by the operator that the operator will comply with applicable federal, state, county, or local regulations, ordinances and permits, licenses, and approvals for the operation;

(k) for the construction of berms between the opencut operation and residences located within 300 feet of the permit boundary; and

(l) procedures to prevent physical harm to water conveyance facilities, or that allow the owner of a water conveyance facility to authorize in writing the relocation or disturbance of the water conveyance facility.

(3) If reclamation according to the plan of operation is not completed in the time specified, the department may:

(a) pursue an administrative order pursuant to 82-4-441;

(b) after 30 days' written notice, order the operator to cease mining and, if the operator does not cease, issue an order to reclaim, a notice of violation, or an order of abatement; or

(c) institute an action to enjoin further operation; or

(d) on request of the operator:

(i) extend the timeframe for reclamation-only activities, including revegetation, up to 3 years by submitting the request on a form furnished by the department and provide an updated landowner consultation form and bond, as appropriate; or

(ii) change the post mine land use by submitting the request on a form furnished by the department and provide an updated landowner consultation form and bond, as appropriate.

(4) (a) At any time during the term of the permit, the operator may for good reason submit to the department a new plan of operation or amendments to the existing plan, including extensions of time for reclamation.

(b) The department may approve the proposed new plan of operation or amendments to the existing plan if:

(i) the new plan of operation or amendments comply with the requirements of this section; and

(ii) (A) the operator has in good faith conducted opencut operations according to the existing plan of operation; or

(B) it is highly improbable that reclamation will be successful unless the existing plan of operation is replaced or amended.

(5) The permit, plan of operation, and amendments accepted by the department are a public record and are open to inspection.”

Section 6. Section 82-4-439, MCA, is amended to read:

“82-4-439. Extended review — criteria — timeframes. (1) The department may subject an opencut application to an extended review if the department determines that comments received at a public meeting held pursuant to 82-4-432 reveal substantial issues not adequately satisfied in the proposed plan of operation violates provisions of this part.

(2) (a) For a complete application subject to an extended review, the department shall, within 60 days from the date the department determines the application warrants an extended review, inspect the proposed site if the department determines an inspection is necessary and notify the applicant as to whether or not the application is acceptable pursuant to 82-4-432. If the application is unacceptable, the notice must include a detailed explanation of the deficiencies.

(b) Within 30 days of receipt of the applicant’s response to the identified deficiencies, the department shall review the responses and notify the applicant as to whether or not the application is acceptable. If the application is unacceptable, the department shall notify the applicant in writing and include a detailed identification of the deficiencies.
(c) The department may for sufficient cause extend either or both of the review periods in subsection (2)(a) or (2)(b) for an additional 30 days if it notifies the applicant of the extension prior to the end of the respective original period. The department shall include in the notification of extension the reason for the extension.

(d) If the application is acceptable, the department shall issue a permit or a permit amendment to the operator that entitles the operator to engage in the opencut operation on the land described in the application.”

"53-6-1302. (Temporary) Montana HELP Act program—legislative findings and purpose. (1) There is a Montana Health and Economic Livelihood Partnership Act program established through a collaborative effort of the department of public health and human services and the department of labor and industry to:

(a) provide coverage of health care services for low-income Montanans;
(b) improve the readiness of program participants to enter the workforce or obtain better-paying jobs; and
(c) reduce the dependence of Montanans on public assistance programs.

(2) The legislature finds that improving the delivery of health care services to Montanans requires state government, health care providers, patient advocates, and other parties interested in high-quality, affordable health care to collaborate in order to:

(a) increase the availability of high-quality health care to Montanans;
(b) provide greater value for the tax dollars spent on the Montana medicaid program;
(c) reduce health care costs;
(d) provide incentives that encourage Montanans to take greater responsibility for their personal health;
(e) boost Montana's economy by reducing the costs of uncompensated care; and
(f) reduce or minimize the shifting of payment for unreimbursed health care costs to patients with health insurance.

(3) The legislature further finds that providing greater value for the dollars spent on the medicaid program requires considering options for delivering services in a more efficient and cost-effective manner; including but not limited to:

(a) offering incentives to encourage health care providers to achieve measurable performance outcomes;
(b) improving the coordination of care among health care providers who participate in the medicaid program;
(c) reducing preventable hospital readmissions; and
(d) exploring methods of medicaid payment that promote quality of care and efficiencies.

(4) The legislature further finds that assessing workforce readiness, providing necessary job training, or skill development, or supportive services,
and establishing community engagement requirements for individuals who need assistance with health care costs could help those individuals obtain employment that has health care coverage benefits or that would allow them to purchase their own health insurance coverage.

(5) The legislature further finds that:
   (a) it is important to implement additional fraud, waste, and abuse safeguards to protect and preserve the integrity of the medicaid program and the unemployment insurance program for individuals who qualify for the programs; and
   (b) state policymakers have an interest in testing the effectiveness of wellness incentives in order to collect and analyze information about the correlation between wellness incentives and health status.

(6) The purposes of the act are to:
   (a) modify and enhance Montana’s health care delivery system to provide access to high-quality, affordable health care for all Montana citizens; and
   (b) provide low-income Montanans with opportunities to improve their readiness for work or to obtain higher-paying jobs.

(7) The department of labor and industry and the department of public health and human services shall maximize the use of existing resources in administering the program. (Terminates June 30, 2025--secs. 38, 48, Ch. 415, L. 2019.)

(6) “Rural health clinic” means a health care provider that is eligible to receive federal funds under 42 U.S.C. 1395x(aa)(2).

(1) Any expenditures or grants of public funds for family planning services by the state by and through the department of public health and human services must be made in the following order of priority:
   (a) to public entities;
   (b) to federally qualified health centers and rural health clinics;

AN ACT GENERALLY REVISING TAXATION TO PROMOTE NEW BUSINESS AND ECONOMIC ACTIVITY; PROVIDING FOR THE CREATION OF AN INCOME TAX CREDIT TO INCENTIVIZE MONTANA JOB GROWTH; PROVIDING FOR ADMINISTRATION BY THE DEPARTMENT OF LABOR AND INDUSTRY AND THE DEPARTMENT OF REVENUE; PROVIDING THAT THE CREDITS BE TAKEN AGAINST INDIVIDUAL INCOME TAX AND CORPORATE INCOME TAX LIABILITIES; PROVIDING DEFINITIONS; PROVIDING RULEMAKING AUTHORITY; PROVIDING APPROPRIATIONS; AMENDING SECTIONS 15-30-2303, 15-30-2357, 15-30-2618, AND 15-31-511, MCA; AND PROVIDING EFFECTIVE DATES, APPLICABILITY DATES, AND TERMINATION DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Employer job growth incentive tax credit — administration. (1) An employer that hires qualifying new employees is eligible for an annual job growth incentive tax credit against income taxes imposed pursuant to Title 15, chapter 30 or 31.

(2) The amount and duration of the credit is administered by the department of revenue as provided in [sections 2 and 3].

(3) A qualifying employer seeking approval to claim a credit shall apply for a credit certificate with the department for the preceding calendar year. The application must be submitted on a form prescribed by the department on which the employer:

(a) identifies and describes the number of qualifying new employees hired;

(b) provides necessary details to calculate the net employee growth and qualifying net employee growth;

(c) provides documentation necessary to calculate the job growth incentive tax credit, including but not limited to the average yearly wage of each qualifying new employee; and

(d) submits any other information the department considers necessary for auditing purposes and to determine whether the employer qualifies for a credit certificate.

(4) After receiving an application, the department shall:

(a) provide the employer with a credit certificate, which must accompany the employer’s tax return that is filed with the department of revenue; or

(b) deny an application for a credit certificate and provide the employer with the reasoning for the denial. Prior to issuing a denial, the department
shall provide the employer with an opportunity to resolve deficiencies in the application.

(5) The department shall provide to the department of revenue a list of the qualifying employers approved for a credit certificate, the qualifying new employees employed by the qualifying employer, and the aggregate total of net employee growth and qualified net employee growth for qualified employers claiming the credit. The list must include the federal tax identification number of the qualifying employer and the name and social security number or federal tax identification number of the qualifying new employees that were utilized during the issuance of a credit certificate.

(6) The identity and social security number or federal tax identification number of individuals employed by the employer are subject to the provisions of 15-30-2618 and 15-31-511.

(7) The department may audit an employer applying for a credit certificate or who has obtained a credit certificate.

(8) By November 1 of each year, the department shall multiply the minimum yearly wage in subsection (10)(j)(i)(C) by the inflation factor for the following tax year and round the product to the nearest $10. The resulting minimum yearly wage is effective for that following tax year and must be used in calculating the minimum yearly wage.

(9) The department may adopt rules necessary to administer this section.

(10) For the purposes of this section, the following definitions apply:

(a) “Business transfer” means any change in ownership or transfer of all or a material portion of the business to another entity or individual by entity merger, combination, reorganization, asset acquisition, transfer, or other similar business transaction in which an existing business is continued under new ownership or a different entity.

(b) “Credit certificate” means a statement issued by the department to a qualifying employer that provides the number of qualifying new employees hired or retained by the qualifying employer starting with calendar year 2022 and ending in calendar year 2028.

(c) “Department” means the department of labor and industry provided for in 2-15-1701.

(d) “Employer” includes any person, entity, or fiduciary, resident or nonresident, subject to a tax or other obligation imposed by Title 15, chapters 30 and 31.

(e) “Inflation factor” means a number determined for each tax year by dividing the consumer price index as defined in 15-30-2101 for June of the previous tax year by the consumer price index for June 2021.

(f) “Net employee growth” means the difference between the total number of qualifying new employees employed by the employer in the state during any calendar year starting with calendar year 2022 and ending in calendar year 2028 and the total number of full-time equivalent employees that were employed by the employer or predecessor in the state during calendar year 2021.

(g) “Predecessor” means any entity or individual that operated a business prior to a business transfer to the employer.

(h) “Qualifying employer” means an employer with qualifying net employee growth.

(i) “Qualifying net employee growth” means:

(A) unless subsection (10)(i)(i)(B) applies, net employee growth equal to at least 10 qualifying new employees during the first year the credit is claimed and at least 15 total qualifying new employees during any subsequent calendar year;
(B) for a county with a population of 20,000 or less, net employee growth equal to at least 5 qualifying new employees during the first year the credit is claimed and at least 7 total qualifying new employees during any subsequent calendar year.

(ii) In order to qualify, the net employee growth must be associated with a project in the state that encourages, promotes, and stimulates economic development in the sectors of construction, natural resources, mining, agriculture, forestry, manufacturing, transportation, utilities, or outdoor recreation.

(j)(i) “Qualifying new employee” means an employee of a qualifying employer:

(A) who is hired in any calendar year starting with calendar year 2022 and ending in calendar year 2028;

(B) who is employed for at least 6 months during the year for which the credit is granted; and

(C) with a yearly wage of at least $50,000, plus any benefits paid to other employees of the employer.

(ii) The term does not include an employee:

(A) previously employed by the employer or a predecessor in the preceding 12 months; or

(B) hired to replace an employee of a predecessor.

Section 2. Grow Montana jobs — annual job growth incentive tax credit. (1) Subject to the provisions of [section 1], a taxpayer is allowed an annual job growth incentive tax credit against the tax imposed by chapter 31 or this chapter for creating qualifying net employee growth in the state.

(2) The amount of the credit is equal to the number of qualifying new employees in the credit certificate multiplied by 50% of the taxpayer’s total estimated taxes imposed on the taxpayer each year for the Montana source wages paid to qualifying new employees under the Federal Insurance Contributions Act, 26 U.S.C. 3111(a) and (b).

(3) The credit allowed by this section may not be refunded if the taxpayer has a tax liability less than the amount of the credit. If the sum of credit carryovers from the credit, if any, and the amount of credit allowed by this section for the tax year exceeds the taxpayer’s tax liability for the current tax year, the excess attributable to the current tax year’s credit is a credit carryover to succeeding tax years for a period not to exceed 10 years from the tax year the credit was claimed. The entire amount of unused credit must be carried forward to the earliest of the succeeding years, and the oldest available unused credit must be used first. Any credit remaining 10 years after the tax year for which the credit is based may not be refunded or credited to the taxpayer.

(4) The credit may be claimed for up to 7 years, but only in a tax year in which the department of labor and industry approved the credit by issuing the taxpayer with a credit certificate as provided in [section 1]. If a taxpayer claims the credit but was not approved by the department of labor and industry, the taxpayer’s return will be processed without regard to the credit.

(5) For fiscal year filers, the credit available to claim in the current fiscal year is the credit allowed for the calendar year that ends within the taxpayer’s fiscal period.

(6) The department shall, after consultation with the department of labor and industry, prescribe a form for a taxpayer to claim the tax credit. The form must provide the department with sufficient information for the proper administration of the credit.

(7) The department shall provide the department of labor and industry with an annual report detailing the tax credit provided to taxpayers for the
previous year. The information provided to the department of labor and industry is subject to the provisions of 15-30-2618 and 15-31-511.

(8) A taxpayer claiming this credit may not claim the apprenticeship tax credit pursuant to sections 15-30-2357, 15-31-173, and 39-6-109 in the same tax year that this credit is claimed. This subsection does not prevent a credit carryover from this credit from being used in a tax year in which the apprenticeship tax credit is claimed.

(9) Each biennium, the department shall provide to the revenue interim committee information regarding all approvals granted and credit certificates issued, including the credits claimed, the names of the qualifying employers of the credits, and the amount of tax credits claimed. This information is not subject to the confidentiality requirements of 15-30-2618 or 15-31-511.

(10) For the purposes of this section, the terms “credit certificate”, “qualifying employer”, “qualifying net employee growth”, and “qualifying new employee” have the same meaning as those terms are defined in [section 1].

Section 3. Grow Montana jobs — annual job growth incentive tax credit. (1) There is an annual job growth incentive tax credit against the taxes otherwise due under 15-31-121 or 15-31-122 that is allowable in the amount established pursuant to [section 2] when a taxpayer hires qualifying new employees in the state. The credit is administered as provided in [sections 1 and 2] and this section.

(2) If the credit allowed under this section is claimed by a small business corporation as defined in 15-30-3301 or a partnership, the credit must be attributed to shareholders or partners using the same proportion to report the corporation’s or partnership’s income or loss for Montana income tax purposes.

Section 4. Employer job growth incentive tax credit — administration. (1) An employer that hires qualifying new employees is eligible for an annual job growth incentive tax credit against income taxes imposed pursuant to Title 15, chapter 30 or 31.

   (a) identifies and describes the number of qualifying new employees hired;
   (b) provides necessary details to calculate the net employee growth and qualifying net employee growth;
   (c) provides documentation necessary to calculate the job growth incentive tax credit, including but not limited to the average yearly wage of each qualifying new employee; and
   (d) submits any other information the department considers necessary for auditing purposes and to determine whether the employer qualifies for a credit certificate.

(4) After receiving an application, the department shall:
   (a) provide the employer with a credit certificate, which must accompany the employer’s tax return that is filed with the department of revenue; or
   (b) deny an application for a credit certificate and provide the employer with the reasoning for the denial. Prior to issuing a denial, the department shall provide the employer with an opportunity to resolve deficiencies in the application.

(5) The department shall provide to the department of revenue a list of the qualifying employers approved for a credit certificate, the qualifying new employees employed by the qualifying employer, and the aggregate total of net
employee growth and qualified net employee growth for qualified employers claiming the credit. The list must include the federal tax identification number of the qualifying employer and the name and social security number or federal tax identification number of the qualifying new employees that were utilized during the issuance of a credit certificate.

(6) The identity and social security number or federal tax identification number of individuals employed by the employer are subject to the provisions of 15-30-2618 and 15-31-511.

(7) The department may audit an employer applying for a credit certificate or who has obtained a credit certificate.

(8) By November 1 of each year, the department shall multiply the minimum yearly wage in subsection (10)(j)(i)(C) by the inflation factor for the following tax year and round the product to the nearest $10. The resulting minimum yearly wage is effective for that following tax year and must be used in calculating the minimum yearly wage.

(9) The department may adopt rules necessary to administer this section.

(10) For the purposes of this section, the following definitions apply:

(a) “Business transfer” means any change in ownership or transfer of all or a material portion of the business to another entity or individual by entity merger, combination, reorganization, asset acquisition, transfer, or other similar business transaction in which an existing business is continued under new ownership or a different entity.

(b) “Credit certificate” means a statement issued by the department to a qualifying employer that provides the number of qualifying new employees hired or retained by the qualifying employer starting with calendar year 2022 and ending in calendar year 2028.

(c) “Department” means the department of labor and industry provided for in 2-15-1701.

(d) “Employer” includes any person, entity, or fiduciary, resident or nonresident, subject to a tax or other obligation imposed by Title 15, chapters 30 and 31.

(e) “Inflation factor” means a number determined for each tax year by dividing the consumer price index as defined in 15-30-2101 for June of the previous tax year by the consumer price index for June 2021.

(f) “Net employee growth” means the difference between the total number of qualifying new employees employed by the employer in the state during any calendar year starting with calendar year 2022 and ending in calendar year 2028 and the total number of full-time equivalent employees that were employed by the employer or predecessor in the state during calendar year 2021.

(g) “Predecessor” means any entity or individual that operated a business prior to a business transfer to the employer.

(h) “Qualifying employer” means an employer with qualifying net employee growth.

(i) “Qualifying net employee growth” means:

(A) unless subsection (10)(i)(i)(B) applies, net employee growth equal to at least 10 qualifying new employees during the first year the credit is claimed and at least 15 total qualifying new employees during any subsequent calendar year;

(B) for a county with a population of 20,000 or less, net employee growth equal to at least 5 qualifying new employees during the first year the credit is claimed and at least 7 total qualifying new employees during any subsequent calendar year.
(ii) In order to qualify, the net employee growth must be associated with a project in the state that encourages, promotes, and stimulates economic development in the sectors of construction, natural resources, mining, agriculture, forestry, manufacturing, transportation, utilities, or outdoor recreation.

(j) (i) “Qualifying new employee” means an employee of a qualifying employer:
(A) who is hired in any calendar year starting with calendar year 2022 and ending in calendar year 2028;
(B) who is employed for at least 6 months during the year for which the credit is granted; and
(C) with a yearly wage of at least $50,000, plus any benefits paid to other employees of the employer.

(ii) The term does not include an employee:
(A) previously employed by the employer or a predecessor in the preceding 12 months; or
(B) hired to replace an employee of a predecessor.

Section 5. Grow Montana jobs — annual job growth incentive tax credit. (1) Subject to the provisions of [section 4], a taxpayer is allowed an annual job growth incentive tax credit against the tax imposed by chapter 31 or this chapter for creating qualifying net employee growth in the state.

(2) The amount of the credit is equal to the number of qualifying new employees in the credit certificate multiplied by 50% of the taxpayer’s total estimated taxes imposed on the taxpayer each year for the Montana source wages paid to qualifying new employees under the Federal Insurance Contributions Act, 26 U.S.C. 3111(a) and (b).

(3) The credit allowed by this section may not be refunded if the taxpayer has a tax liability less than the amount of the credit. If the sum of credit carryovers from the credit, if any, and the amount of credit allowed by this section for the tax year exceeds the taxpayer’s tax liability for the current tax year, the excess attributable to the current tax year’s credit is a credit carryover to succeeding tax years for a period not to exceed 10 years from the tax year the credit was claimed. The entire amount of unused credit must be carried forward to the earliest of the succeeding years, and the oldest available unused credit must be used first. Any credit remaining 10 years after the tax year for which the credit is based may not be refunded or credited to the taxpayer.

(4) The credit may be claimed for up to 7 years, but only in a tax year in which the department of labor and industry approved the credit by issuing the taxpayer with a credit certificate as provided in [section 4]. If a taxpayer claims the credit but was not approved by the department of labor and industry, the taxpayer’s return will be processed without regard to the credit.

(5) For fiscal year filers, the credit available to claim in the current fiscal year is the credit allowed for the calendar year that ends within the taxpayer’s fiscal period.

(6) The department shall, after consultation with the department of labor and industry, prescribe a form for a taxpayer to claim the tax credit. The form must provide the department with sufficient information for the proper administration of the credit.

(7) The department shall provide the department of labor and industry with an annual report detailing the tax credit provided to taxpayers for the previous year. The information provided to the department of labor and industry is subject to the provisions of 15-30-2618 and 15-31-511.

(8) A taxpayer claiming this credit may not claim the apprenticeship tax credit pursuant to sections 15-30-2357, 15-31-173, and 39-6-109 in the
same tax year that this credit is claimed. This subsection does not prevent a credit carryover from this credit from being used in a tax year in which the apprenticeship tax credit is claimed.

(9) Each biennium, the department shall provide to the revenue interim committee information regarding all approvals granted and credit certificates issued, including the credits claimed, the names of the qualifying employers of the credits, and the amount of tax credits claimed. This information is not subject to the confidentiality requirements of 15-30-2618 or 15-31-511.

(10) For the purposes of this section, the terms “credit certificate”, “qualifying employer”, “qualifying net employee growth”, and “qualifying new employee” have the same meaning as those terms are defined in [section 4].

Section 8. Grow Montana jobs — annual job growth incentive tax credit. (1) Subject to the provisions of [section 7], a taxpayer is allowed an annual job growth incentive tax credit against the tax imposed by chapter 31 or this chapter for creating qualifying net employee growth in the state.
   (2) The amount of the credit is equal to the number of qualifying new employees in the credit certificate multiplied by 50% of the taxpayer’s total estimated taxes imposed on the taxpayer each year for the Montana source wages paid to qualifying new employees under the Federal Insurance Contributions Act, 26 U.S.C. 3111(a) and (b).
   (3) The credit allowed by this section may not be refunded if the taxpayer has a tax liability less than the amount of the credit. If the sum of credit carryovers from the credit, if any, and the amount of credit allowed by this section for the tax year exceeds the taxpayer’s tax liability for the current tax year, the excess attributable to the current tax year’s credit is a credit carryover to succeeding tax years for a period not to exceed 10 years from the tax year the credit was claimed. The entire amount of unused credit must be carried forward to the earliest of the succeeding years, and the oldest available unused credit must be used first. Any credit remaining 10 years after the tax year for which the credit is based may not be refunded or credited to the taxpayer.
   (4) The credit may be claimed for up to 7 years, but only in a tax year in which the department of labor and industry approved the credit by issuing the taxpayer with a credit certificate as provided in [section 7]. If a taxpayer claims the credit but was not approved by the department of labor and industry, the taxpayer’s return will be processed without regard to the credit.
   (5) For fiscal year filers, the credit available to claim in the current fiscal year is the credit allowed for the calendar year that ends within the taxpayer’s fiscal period.
   (6) The department shall, after consultation with the department of labor and industry, prescribe a form for a taxpayer to claim the tax credit. The form must provide the department with sufficient information for the proper administration of the credit.
   (7) The department shall provide the department of labor and industry with an annual report detailing the tax credit provided to taxpayers for the previous year. The information provided to the department of labor and industry is subject to the provisions of 15-30-2618 and 15-31-511.
   (8) A taxpayer claiming this credit may not claim the apprenticeship tax credit pursuant to sections 15-30-2357, 15-31-173, and 39-6-109 in the same tax year that this credit is claimed. This subsection does not prevent a credit carryover from this credit from being used in a tax year in which the apprenticeship tax credit is claimed.
   (9) Each biennium, the department shall provide to the revenue interim committee information regarding all approvals granted and credit certificates
issued, including the credits claimed, the names of the qualifying employers of the credits, and the amount of tax credits claimed. This information is not subject to the confidentiality requirements of 15-30-2618 or 15-31-511.

A school district receiving a maintenance of equity payment shall deposit the money in the district's miscellaneous programs fund and may use the money for general operations and instruction as determined by the board of trustees.

Section 2. Section 20-6-326, MCA, is amended to read:

“20-6-326. Procedure for expansion of elementary school district into K-12 school district — trustee resolution. (1) An existing elementary district that is not part of a unified school system or governed by a joint board with a high school district may expand into a K-12 district under the procedures outlined in this section only if the elementary district’s ANB, as calculated under the provisions of 20-9-311, is at least 1,000.

(2) The expansion to a K-12 district may be requested by the trustees of an existing elementary district through passage of a resolution that includes the information outlined in 20-6-105(3) and requests the county superintendent to order an election to allow the electors of the elementary district to consider the proposition of expanding the elementary school district into a K-12 district. The trustees of an existing elementary district with an ANB of at least 1,000 may not pass a resolution for expansion more than one time within a 5-year period.

(3) (a) If the proposition for the expansion is approved by the electors of the elementary district and the trustees issue a certificate of election as provided in 20-20-416, for a period of 2 years from the date of the certification of the election the elementary trustees have the authority to propose to the electors of the elementary district:

(i) a transition costs levy pursuant to 20-9-502; and
(ii) a general obligation bond pursuant to Title 20, chapter 9, part 4, for the purpose of building, altering, repairing, buying, furnishing, equipping, purchasing lands for, or obtaining a water supply for a school to accommodate high school students.

(b) The bond limitations pursuant to 20-9-406 imposed on a district proposing a bond under subsection (3)(a) must be calculated on the limits for a K-12 district with the high school ANB calculated by dividing the ANB of the elementary district by 9 and multiplying the result by 4.

(c) A bond approved under subsection (3)(a) becomes a bond of, and may not be issued until the creation of, the K-12 district formed pursuant to subsection (4).

(d) A district that issues a bond under this subsection (3) is eligible for facility reimbursements and advances pursuant to 20-9-366 through 20-9-371 that, until the new high school has enrolled students in all grades and has established an actual ANB for budgeting purposes, must be based on an estimated high school ANB calculated by dividing the ANB of the elementary district by 9 and multiplying the result by 4.

(e) Until the county superintendent orders the creation of a new high school district and attachment of the expanding elementary district to form a new K-12 district pursuant to subsection (4), the existing high school district remains intact for all purposes.

(4) If elementary electors approve a bond pursuant to subsection (3), on July 1 following the approval of the bond the county superintendent shall order the creation of a new high school district with identical boundaries to the expanding elementary district and the immediate attachment of the expanding elementary district to form a K-12 district. The county superintendent shall send a copy of the order to the board of county commissioners and to the trustees of the districts affected by the creation of the district. The trustees of the expanding elementary district must be designated as the trustees of the new K-12 district.

(5) Prior to the first school fiscal year in which the K-12 district will enroll students in a particular high school grade, the K-12 trustees shall prepare operating budgets for the new high school according to the school budgeting provisions of this title, except that:

(a) the ANB for any inaugural grades for the high school program of the K-12 district must be estimated by the trustees and may not exceed the number resulting from dividing the highest budgeted ANB of the elementary program in the preceding 3 fiscal years by 9 and multiplying the result by the number of grades in which the high school will enroll students for the first time in the ensuing school year;

(b) the number of quality educators for the high school program must be estimated by the trustees and may not exceed the number resulting from dividing the ANB estimated under subsection (5)(a) by 10;

(c) the taxable value for budgeting purposes of both the elementary and high school programs of the K-12 district must be based on the taxable value as most recently determined by the department of revenue;

(d) the general fund budget adopted by the trustees must be based on only the basic entitlement, the quality educator payment, and the budget components derived from ANB counts; and

(e) the district’s BASE aid for the upcoming year must be based on the general fund budget adopted by the trustees for the upcoming school year.

(6) Until the first school year in which the K-12 school district enrolls high school students in all grades and for a period of time not to exceed 6 years following the creation of the K-12 district:
(a) the high school district shall provide high school instruction to high school students of the K-12 district in any grades in which the K-12 district is not enrolling students;
(b) the K-12 district shall be responsible for providing transportation for its students enrolled in the high school district pursuant to subsection (6)(a), may establish a transportation budget for this purpose, and may receive state and county reimbursements under Title 20, chapter 10; and
(c) the K-12 district shall pay the high school district 20% of the per-ANB maximum rate established in 20-9-306 for each of its students enrolled in the high school district with one-half of the amount due by December 31 of the year following the year of attendance and the remainder due no later than June 15 of the year following the year of attendance. The K-12 trustees shall establish a tuition fund and levy to fund these payments.

(7) (a) Bonded indebtedness of the high school district that is outstanding as of the date of creation of the K-12 district must remain secured by and be the indebtedness of the original territory against which the bonds of the high school district were issued and must be paid by tax levies against the original territory.

Section 3. Section 20-9-166, MCA, is amended to read:
"20-9-166. State financial aid for (Temporary) Financial support for transportation budget amendments and covid-19-related enrollment increases. Whenever a final budget amendment has been adopted for the general fund to finance the cost of an amendment resulting from increased enrollment, the trustees may apply to the superintendent of public instruction for an increased payment from the state for direct state aid.
(1) Whenever a final budget amendment has been adopted for the transportation fund, the trustees may apply to the superintendent of public instruction
for an increased payment for state transportation reimbursement. The superintendent of public instruction shall adopt rules for the application for state transportation reimbursement. The superintendent of public instruction shall approve or disapprove each application for increased state aid made in accordance with § 20-9-314 and this section state transportation reimbursement. When the superintendent of public instruction approves an application, the superintendent of public instruction shall determine the additional amount of direct state aid or the state transportation reimbursement that will be made available to the applicant district because of the increase in enrollment or additional pupil transportation obligations. The superintendent of public instruction shall notify the applicant district of the superintendent’s approval or disapproval and, in the event of approval, the amount of additional state aid that will be made available for the general fund or the transportation fund. The superintendent of public instruction shall disburse the state aid to the eligible district at the time the next regular state aid payment is made.

(2) (a) Any increase in enrollment for a district at the October enrollment count for fiscal years 2022 and 2023 compared to the enrollment count of the district in October of the immediately preceding fiscal year is declared by the legislature to be related to the uncertainty created by covid-19 and qualifies the district for additional financial support as described in this subsection (2). The legislature also declares that the state’s fiscal challenges in the biennium beginning July 1, 2021, are a direct result of the economic downturn resulting from covid-19.

(b) Subject to reduction under subsection (2)(c), the amount of additional financial support the district qualifies for must be calculated by the superintendent of public instruction as the difference between the district’s BASE budget for that fiscal year and the amount of the district’s BASE budget if the district’s budget limit ANB for that fiscal year was calculated using the district’s actual October enrollment count in the current school year in place of the average of the preceding year’s October and February enrollment counts.

(c) (i) The total amount of the additional financial support for a district must be reduced by 10% of the Title I allocation and any portion of an amount allocated on a per-quality-educator basis to the district as of the enrollment count date pursuant to:

(A) the Coronavirus Response and Relief Supplemental Appropriations Act of 2021; and

(B) the American Rescue Plan Act of 2021, except for the 20% portion of the funds specifically earmarked and restricted to spending on learning loss programs.

(ii) The superintendent of public instruction shall consider the 10% amount calculated under this subsection (2)(c) as an expense eligible for reimbursement under catalog of federal domestic assistance number 84.425D.

(d) The only increases in financial support resulting from increased enrollment are the increases described in this subsection (2). The superintendent of public instruction shall allocate the additional financial support to a qualifying district, first from federal money appropriated by the legislature for this purpose and if necessary, from the BASE aid appropriation in House Bill No. 2.

(e) A district receiving additional financial support under this subsection (2) shall deposit the money in the district’s miscellaneous programs fund and use it to address costs associated with the enrollment increase. (Terminates June 30, 2023).”
Section 4. Section 20-9-314, MCA, is amended to read:

“20-9-314. Procedures for determining eligibility and amount of increased average number belonging due to unusual enrollment increase. A district that anticipates an unusual increase in enrollment in the ensuing school fiscal year, as provided for in 20-9-313(1)(d), may increase its basic entitlement and total per-ANB entitlement for the ensuing school fiscal year in accordance with the following provisions:

(1) Prior to June 1, the district shall estimate the elementary or high school enrollment to be realized during the ensuing school fiscal year, based on as much factual information as may be available to the district.

(2) No later than June 1, the district shall submit its application for an anticipated unusual enrollment increase by elementary or high school level to the superintendent of public instruction. The application must include:

(a) the enrollment for the current school fiscal year;
(b) the average number belonging used to calculate the basic entitlement and total per-ANB entitlement for the current school fiscal year;
(c) the average number belonging that will be used to calculate the basic entitlement and total per-ANB entitlement for the ensuing school fiscal year;
(d) the anticipated enrollment, including the factual information on which the estimate is based, as provided in subsection (1); and
(e) any other information or data that may be requested by the superintendent of public instruction.

(3) The superintendent of public instruction shall immediately review all the factors of the application and shall approve or disapprove the application or adjust the enrollment used to calculate the budgeted average number belonging for the ensuing school fiscal year. After approving an estimate, with or without adjustment, the superintendent of public instruction shall:

(a) determine the percentage by which the adjusted enrollment exceeds the enrollment used for the budgeted average number belonging; and
(b) approve an increase of the average number belonging used to establish the ensuing year’s basic entitlement and total per-ANB entitlement in accordance with subsection (5) if the increase in subsection (3)(a) is at least 4% or 40 students, whichever is less.

(4) The superintendent of public instruction shall notify the district of the decision by the fourth Monday in June.

(5) Whenever an unusual enrollment increase is approved by the superintendent of public instruction, the maximum allowable increase to the average number belonging is equal to the adjusted enrollment as determined by the superintendent of public instruction in subsection (3) minus the sum of:

(a) the enrollment used to calculate the budgeted average number belonging for the ensuing school fiscal year; and
(b) the lesser of 40 students or 4% of the enrollment used to calculate the budgeted average number belonging for the ensuing school fiscal year.

(6) (a) Any entitlement increases resulting from provisions of this section must be reviewed at the end of the ensuing school fiscal year.

(b) If the actual enrollment is less than the enrollment used to determine the budgeted ANB, the superintendent of public instruction shall recalculate the district’s BASE budget and maximum budget limitations, adopted budget, and BASE aid using the actual enrollment in place of the adjusted enrollment and:

(i) any BASE aid received by the district in excess of the amount recalculated is an overpayment subject to the refund provisions of 20-9-344(4); and
(ii) any revenue received by the district from BASE budget and over-BASE budget levies increased by the difference between the adjusted enrollment and the actual enrollment is an overpayment and must be used to reduce the BASE budget levy calculated as provided in 20-9-141 to the extent of any BASE budget levy overpayment and to reduce the over-BASE budget levy to the extent of any over-BASE budget levy revenue overpayment in the ensuing school fiscal year. In order to return the full amount of the overpayment to local taxpayers, the amount of the reduction in the BASE budget mills levied as a result of any overpayment must be calculated as a final step in computing the district’s general fund net BASE levy requirement pursuant to the procedure set forth in 20-9-141(2) and the district’s guaranteed tax base aid must be calculated prior to the reduction in BASE mills.”

(2) The department may also develop and administer alternative programs to the block management program that are designed to promote public access to private and public lands for hunting purposes.

(5) If the department determines that an agreement may adversely influence game management decisions or wildlife habitat on public lands, then other public land agencies, interested sportspersons, and affected landowners
must be consulted. An affected landowner’s management goals and personal observations regarding game populations and habitat use must be considered in development of the agreement.

(6) The commission may adopt rules to implement the provisions of this section, including but not limited to rules that determine tangible benefits to be provided to a landowner who participates in a hunting access program. Benefits are intended to offset potential impacts associated with public hunting access, including but not limited to those associated with general ranch maintenance, conservation efforts, weed control, fire protection, liability insurance, roads, fences, and parking area maintenance. Factors used in determining benefits may include but are not limited to:

(a) the number of days of public hunting provided by a participating landowner;
(b) wildlife habitat provided;
(c) resident game populations;
(d) number, sex, and species of animals taken; and
(e) access provided to adjacent public lands.

(7) (a) Benefits earned by a landowner who participates in a hunting access program may include but are not limited to those applied in the manner described in subsections (7)(b) and (7)(c).

(b) A landowner may receive direct payments:
   (i) for weed control or may direct payments to be made directly to the county weed control board;
   (ii) for fire protection or may direct fire protection payments to be made to the local fire district or the county where the landowner resides; and
   (iii) to offset insurance costs incurred for allowing public hunting access.

(c) The department may provide assistance in the construction and maintenance of roads, gates, and parking facilities and in the signing of property.

(8) (a) Except as provided in 87-1-264 and subsection (8)(b) of this section, payments to a landowner who participates in a hunting access program through an annual agreement may not exceed $15,000 $25,000 per year.

(b) Each landowner who participates in a unified cooperative agreement pursuant to subsection (3) may be eligible for payments not to exceed $25,000 per year.

(9) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1) applies to a landowner who participates in a hunting access program.”

Section 3. Section 87-1-295, MCA, is amended to read:

(1) A public access land agreement may be granted only to a landowner who is providing access across the landowner’s land to public land that is leased by the landowner or to public land for which there is no leaseholder. (2) The department shall negotiate the terms of a proposed public access land agreement with the landowner. Negotiable terms include:
   (a) the amount of compensation, not to exceed $15,000 annually, and the duration of the agreement;
   (b) improvements to the land provided by the department that may facilitate public access;
   (c) the location of the access and the transportation mode by which the public may use the access;
   (d) time periods when the access may and may not be used; and
(e) penalties for trespassing on private land not covered by the agreement.

(3) The private land/public wildlife advisory committee appointed pursuant to 87-1-269 shall review proposed public access land agreements and make recommendations to the department. The department shall consider the recommendations when issuing agreements.

(6) (a) A landowner who proposes a public access land agreement to the department shall pay a $5 application fee.

(b) All application fees must be deposited in the department’s general license account and used for the purpose of establishing public access land agreements. At the end of each fiscal year, application revenue that remains unobligated is available to the department for any purpose pursuant to 87-1-201(3).

(7) The department may adopt rules to implement the provisions of this section.”

B-11 nonresident deer combination licenses.
(2) Nonresidents applying to purchase a Class B-10 or Class B-11 license
may purchase a preference point, upon payment of a nonrefundable $50
fee, that gives an applicant who has more preference points priority to receive
a Class B-10 or Class B-11 license over an applicant who has purchased fewer
preference points.
(3) An applicant may:
(a) purchase only one preference point per license year except a nonresident
hunting with an outfitter licensed pursuant to Title 37, chapter 47, part 3, and
providing the documentation required in subsection (8), may purchase two
preference points per license year. No applicant may accumulate more than
three preference points total; and

Class B-11 license. An applicant not applying for a Class B-10 or Class B-11
license may purchase a preference point only between July 1 and September
30 December 31 of that license year. The department shall delete an applicant’s
accumulated preference points if the applicant does not apply for a Class B-10
or Class B-11 license for 3 consecutive years.
(4) (a) Except as provided in subsection (3)(b), the department may not
delete an applicant’s accumulated preference points unless the applicant

(5) The department shall issue 75% of the Class B-10 and Class B-11 licenses made available for purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants in the order of which applicants have purchased the greatest number of preference points. If the number of licenses to be issued under this subsection exceeds the number of applicants who have purchased preference points, the remaining licenses must be added to the licenses issued pursuant to subsection (6).

(6) The department shall issue 25% of the Class B-10 and Class B-11 licenses made available for purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants who have not purchased any preference points. If the number of licenses to be issued under this subsection exceeds the number of applicants who have not purchased preference points, the remaining licenses must be added to the licenses issued pursuant to subsection (5).

(7) Up to five applicants may apply as a party under this section. The department shall use an average of the number of preference points accumulated by those applicants to determine their priority in receiving licenses issued pursuant to subsection (5). The department shall use any fraction that results from the calculation of an average when determining that priority.

(8) A nonresident purchasing a second preference point pursuant to subsection (3)(a) shall provide written affirmation at the time of application indicating the name and license number of the outfitter with whom the person intends to hunt. If the nonresident obtains the license applied for with the preference points purchased pursuant to subsection (3)(a), the nonresident may only use the license when accompanied by an outfitter or the outfitter’s designee licensed to provide guiding services.

(9) (a) Fees collected from a nonresident purchasing a second preference point pursuant to subsection (3)(a) must be allocated as follows:
   (i) 25% to public access land agreements established pursuant to 87-1-295;

   (iii) 25% to the future fisheries program established in 87-1-272 with a priority given to funding projects that provide public access through private property; and
   (iv) 25% to the purchase of permanent easements through private property to access otherwise inaccessible lands. An easement funded by this subsection (9)(a)(iv) may be granted only across private land to public land that is leased by the landowner, public land for which there is no leaseholder, or public land for which the landowner has consent of the leaseholder.

   (b) The department may expend up to 10% of the revenue allocated pursuant to subsection (9)(a) to pay administrative costs incurred by the department for the purposes outlined in subsection (9)(a), including but not limited to contracting and transaction costs incurred by the department or entities partnering with the department, and for providing support to the private land/public wildlife advisory committee for its review of public access land agreements pursuant to 87-1-295.

(6) A nonresident outfitter or guide licensed pursuant to Title 37, chapter 47, part 3, is not required to have a Class D-4 license.
(7) After recovering the costs associated with license administration, the department shall use revenue collected from the sale of licenses pursuant to this section for the management, conservation, and monitoring of mountain lions.
(8) The cost of the Class D-4 license must be adjusted annually based on any change to the consumer price index from the previous year. (c) The proponent shall consider the recommendations and respond in writing to the legislative services division, accepting, rejecting, or modifying
each of the recommended revisions. If revisions are not recommended, a response is not required.

(3) The legislative services division shall furnish a copy of the correspondence provided for in subsection (2) to the secretary of state, who shall make a copy of the correspondence available to any person upon request.

(4) Before a petition may be circulated for signatures, the final text of the proposed issue and ballot statements must be submitted to the secretary of state. The secretary of state shall reject the proposed issue if the text or a ballot statement contains material not submitted to the legislative services division that is a substantive change not recommended by the legislative services division. If accepted, the secretary of state shall refer a copy of the proposed issue and statements to the attorney general for a determination as to the legal sufficiency of the issue and for approval of the petitioner’s ballot statements and for a determination pursuant to 13-27-312 as to whether a fiscal note is necessary.

Nothing in this section prevents the interim committee from meeting remotely or via conference call. Proxies must be allowed for legislators unable to participate if a quorum of the committee or council meets to fulfill the requirements of this section.

Section 5. Section 13-27-204, MCA, is amended to read:

“13-27-204. Petition for initiative. (1) The following, including the language provided for in subsection (2)(b), is substantially the form for a petition calling for a vote to enact a law by initiative:

PETITION TO PLACE INITIATIVE NO.____ ON THE ELECTION BALLOT

(a) If 5% of the voters in each of one-half of the counties sign this petition and the total number of voters signing this petition is ______, this initiative will appear on the next general election ballot. If a majority of voters vote for this initiative at that election, it will become law.

(b) We, the undersigned Montana voters, propose that the secretary of state place the following initiative on the _____________, 20__, general election ballot:

(Title of initiative written pursuant to 13-27-312)

(Statement of purpose and implication written pursuant to 13-27-312)

(Yes and no statements written pursuant to 13-27-312)

(c) Voters are urged to read the complete text of the initiative, which appears (on the reverse side of, attached to, etc., as applicable) this sheet. A signature on this petition is only to put the initiative on the ballot and does not necessarily mean the signer agrees with the initiative.

(d) Voters are advised that either an interim committee or an administrative committee of the legislature in accordance with 5-5-215 or 5-11-105 reviewed the content of this initiative and [did] or [did not] support the placement of the proposed text of this initiative on the ballot. The outcome of the vote was [x] in favor of placing the measure on the ballot and [x] against placing the measure on the ballot.

(e) Each person is required to sign the person’s name and list the person’s address or telephone number in substantially the same manner as on the person’s voter registration form or the signature will not be counted.

2. (a) If the attorney general determines the proposed ballot issue will likely cause significant material harm to one or more business interests in Montana pursuant to 13-27-312(9), the statement in subsection (2)(b) must appear on the front page of the petition form before the information set forth in subsection (1).

(b) The Attorney General of Montana has determined the proposed ballot issue will likely cause significant material harm to one or more business interests in Montana.

3. Numbered lines must follow the heading. Each numbered line must contain spaces for the signature, date, residence address, county of residence, and printed last name and first and middle initials of the signer. In place of a residence address, the signer may provide the signer’s post-office address or the signer’s home telephone number. An address provided on a petition by the signer that differs from the signer’s address as shown on the signer’s voter registration form may not be used as the only means to disqualify the signature of that petition signer.”
Section 6. Section 13-27-312, MCA, is amended to read:

“13-27-312. Review of proposed ballot issue and statements by attorney general — preparation of fiscal note. (1) Upon receipt of a proposed ballot issue and statements from the office of the secretary of state pursuant to 13-27-202, the attorney general shall examine the proposed ballot issue for legal sufficiency as provided in this section and shall determine whether the ballot statements comply with the requirements of this section.

(2) The attorney general shall, in reviewing the ballot statements, endeavor to seek out parties on both sides of the issue and obtain their advice. The attorney general shall review the ballot statements to determine if they contain the following matters:

(a) a statement of purpose and implication, not to exceed 135 words, explaining the purpose and implication of the issue; and

(b) yes and no statements in the form prescribed in subsection (6).

(3) If the proposed ballot issue has an effect on the revenue, expenditures, or fiscal liability of the state, the attorney general shall order a fiscal note incorporating an estimate of the effect, the substance of which must substantially comply with the provisions of 5-4-205. The budget director, in cooperation with the agency or agencies affected by the ballot issue, is responsible for preparing the fiscal note and shall return it to the attorney general within 10 days. If the fiscal note indicates a fiscal impact, the attorney general shall prepare a fiscal statement of no more than 50 words, and the statement must be used on the petition and ballot if the issue is placed on the ballot.

(4) The ballot statements must express the true and impartial explanation of the proposed ballot issue in plain, easily understood language and may not be arguments or written so as to create prejudice for or against the issue.

(5) Unless altered by the court under 13-27-316, the statement of purpose and implication is the petition title for the issue circulated by the petition and the ballot title if the issue is placed on the ballot.

(6) The yes and no statements must be written so that a positive vote indicates support for the issue and a negative vote indicates opposition to the issue and must be placed beside the diagram provided for marking of the ballot in a manner similar to the following:

[ ] YES (insert the type of ballot issue and its number)

[ ] NO (insert the type of ballot issue and its number)

(7) The outcome of the vote by an interim committee or an administrative committee required in 13-27-202(5)(c) does not need to be reflected in the statement of purpose and implication, the petition title, or the ballot title if the issue is placed on the ballot.

(8) The attorney general shall review the proposed ballot issue for legal sufficiency. As used in this part, “legal sufficiency” means that the petition complies with statutory and constitutional requirements governing submission of the proposed issue to the electors, the substantive legality of the proposed issue if approved by the voters, and whether the proposed issue constitutes an appropriation as set forth in [section 1]. Review of the petition for legal sufficiency does not include consideration of the substantive legality of the issue if approved by the voters. The attorney general shall also determine if the proposed issue conflicts with one or more issues that may appear on the ballot at the same election.

(9) (a) The attorney general shall review the proposed ballot issue as to whether the proposed issue could cause a regulatory taking under Montana law or otherwise will likely cause significant material harm to one or more business interests in Montana if approved by the voters.
(b) If the attorney general determines the proposed ballot issue will likely cause significant material harm to one or more business interests in Montana, the attorney general shall notify the secretary of state, which must include the finding set forth in 13-27-204(2) on the final form of the petition.

(8)(10) (a) Within 30 days after receipt of the proposed issue from the secretary of state, the attorney general shall forward to the secretary of state an opinion as to the issue’s legal sufficiency.

(b) If the attorney general determines that the proposed ballot issue is legally sufficient, the attorney general shall also forward to the secretary of state the petitioner’s ballot statements that comply with the requirements of this section. If the attorney general determines in writing that a ballot statement clearly does not comply with the requirements of this section, the attorney general shall prepare a statement that complies with the requirements of this section, forward that statement to the secretary of state as the approved statement, and provide a copy to the petitioner. The attorney general shall give the secretary of state notice of whether the proposed issue conflicts with one or more issues that may appear on the ballot at the same election.

(c) If the attorney general determines that the proposed ballot issue is not legally sufficient, the secretary of state may not deliver a sample petition form unless the attorney general’s opinion is overruled pursuant to 13-27-316 and the attorney general has approved or prepared ballot statements under this section.”

Section 7. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 13, chapter 27, part 2, and the provisions of Title 13, chapter 27, part 2, apply to [section 1].

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 555

[HB 655]

AN ACT GENERALLY REVISING MARIJUANA LAWS; REVISING LABOR LAWS RELATING TO MARIJUANA; REQUIRING CERTAIN DRUG TESTING TO COMPLY WITH APPLICABLE FEDERAL LAWS; PROVIDING CERTAIN EXEMPTIONS FOR MEDICAL MARIJUANA; REVISING LAWS RELATED TO THE BURDEN OF PROOF IN WORKERS COMPENSATION RELATING TO MARIJUANA; INCREASING FEE DISCOUNT PERCENTAGES IN THE EVENT THE DEPARTMENT OF REVENUE DOES NOT PROCESS A LICENSE WITHIN THE STATUTORY REQUIREMENTS; AMENDING SECTIONS 39-51-2303, 39-71-407, AND 50-46-303, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-51-2303, MCA, is amended to read:

“39-51-2303. Disqualification for discharge due to misconduct. An individual must be disqualified for benefits after being discharged:
(1) for misconduct connected with the individual’s work or affecting the individual’s employment until the individual has performed services:
   (a) for which remuneration is received equal to or in excess of eight times the individual’s weekly benefit amount subsequent to the week in which the act causing the disqualification occurred; and
   (b) that constitute employment as defined in 39-51-203 and 39-51-204; or
(2) for gross misconduct connected with the individual’s work or committed on the employer’s premises, as determined by the department, for a period of 52 weeks; or
(3) for failure to pass, or refusal to take, a drug test in violation of an employer’s written workplace drug policy, if the testing procedures comply with federal drug testing statutes and administrative regulations applicable to private sector employers and employees as provided in Title 39, chapter 2. This subsection does not apply to a drug test for marijuana or marijuana products that was administered to an individual who is a registered cardholder under Title 50, chapter 46, part 3.”

Section 2. Section 39-71-407, MCA, is amended to read:
“39-71-407. (Temporary) Liability of insurers — limitations. (1) For workers’ compensation injuries, each insurer is liable for the payment of compensation, in the manner and to the extent provided in this section, to an employee of an employer covered under plan No. 1, plan No. 2, and the state fund under plan No. 3 that it insures who receives an injury arising out of and in the course of employment or, in the case of death from the injury, to the employee’s beneficiaries, if any.
(2) An injury does not arise out of and in the course of employment when the employee is:
   (a) on a paid or unpaid break, is not at a worksite of the employer, and is not performing any specific tasks for the employer during the break; or
   (b) engaged in a social or recreational activity, regardless of whether the employer pays for any portion of the activity. The exclusion from coverage of this subsection (2)(b) does not apply to an employee who, at the time of injury, is on paid time while participating in a social or recreational activity or whose presence at the activity is required or requested by the employer. For the purposes of this subsection (2)(b), “requested” means the employer asked the employee to assume duties for the activity so that the employee’s presence is not completely voluntary and optional and the injury occurred in the performance of those duties.
(3) (a) Subject to subsection (3)(c), an insurer is liable for an injury, as defined in 39-71-119, only if the injury is established by objective medical findings and if the claimant establishes that it is more probable than not that:
      (i) a claimed injury has occurred; or
      (ii) a claimed injury has occurred and aggravated a preexisting condition.
   (b) Proof that it was medically possible that a claimed injury occurred or that the claimed injury aggravated a preexisting condition is not sufficient to establish liability.
   (c) Objective medical findings are sufficient for a presumptive occupational disease as defined in 39-71-1401 but may be overcome by a preponderance of the evidence.
(4) (a) An employee who suffers an injury or dies while traveling is not covered by this chapter unless:
   (i) the employer furnishes the transportation or the employee receives reimbursement from the employer for costs of travel, gas, oil, or lodging as a part of the employee’s benefits or employment agreement and the travel is
necessitated by and on behalf of the employer as an integral part or condition of the employment; or
(ii) the travel is required by the employer as part of the employee’s job duties.

(b) A payment made to an employee under a collective bargaining agreement, personnel policy manual, or employee handbook or any other document provided to the employee that is not wages but is designated as an incentive to work at a particular jobsite is not a reimbursement for the costs of travel, gas, oil, or lodging, and the employee is not covered under this chapter while traveling.

(5) (a) Except as provided in subsection (6), an employee is not eligible for benefits otherwise payable under this chapter if the employee’s use of alcohol or drugs not prescribed by a physician is the major contributing cause of the accident.

(b) For the purposes of this subsection (5), if an employee fails or refuses to take a drug test after the accident and if the testing procedures comply with federal drug testing statutes and administrative regulations applicable to private sector employers and employees as provided in Title 39, chapter 2, there is a presumption that the major contributing cause of the accident was the employee’s use of drugs not prescribed by a physician.

(6) (a) An employee who has received written certification, as defined in 50-46-302, from a physician for the use of marijuana for a debilitating medical condition and who is otherwise eligible for benefits payable under this chapter is subject to the limitations of subsections (6)(b) through (6)(d).

(b) An employee is not eligible for benefits otherwise payable under this chapter if the employee’s use of marijuana for a debilitating medical condition, as defined in 50-46-302, is the major contributing cause of the injury or occupational disease.

(c) Nothing in this chapter may be construed to require an insurer to reimburse any person for costs associated with the use of marijuana for a debilitating medical condition, as defined in 50-46-302.

(d) In an accepted liability claim, the benefits payable under this chapter may not be increased or enhanced due to a worker’s use of marijuana for a debilitating medical condition, as defined in 50-46-302. An insurer remains liable for those benefits that the worker would qualify for absent the worker’s use of marijuana for a debilitating medical condition.

(7) The provisions of subsection (5) do not apply if the employer had knowledge of and failed to attempt to stop the employee’s use of alcohol or drugs not prescribed by a physician. This subsection (7) does not apply to the use of marijuana for a debilitating medical condition because marijuana is not a prescribed drug.

(8) If there is no dispute that an insurer is liable for an injury but there is a liability dispute between two or more insurers, the insurer for the most recently filed claim shall pay benefits until that insurer proves that another insurer is responsible for paying benefits or until another insurer agrees to pay benefits. If it is later proven that the insurer for the most recently filed claim is not responsible for paying benefits, that insurer must receive reimbursement for benefits paid to the claimant from the insurer proven to be responsible.

(9) If a claimant who has reached maximum healing suffers a subsequent nonwork-related injury to the same part of the body, the workers’ compensation insurer is not liable for any compensation or medical benefits caused by the subsequent nonwork-related injury.

(10) Except for cases of presumptive occupational disease as provided in 39-71-1401 and 39-71-1402, an employee is not eligible for benefits payable
under this chapter unless the entitlement to benefits is established by objective medical findings that contain sufficient factual and historical information concerning the relationship of the worker’s condition to the original injury.

(11) (a) For occupational diseases, every employer enrolled under plan No. 1, every insurer under plan No. 2, or the state fund under plan No. 3 is liable for the payment of compensation, in the manner and to the extent provided in this chapter, to an employee of an employer covered under plan No. 1, plan No. 2, or the state fund under plan No. 3 if the employee is diagnosed with a compensable occupational disease.

(b) The provisions of subsection (11)(a) apply to presumptive occupational disease if the employee is diagnosed and meets the conditions of 39-71-1401 and 39-71-1402.

(12) An insurer is liable for an occupational disease only if the occupational disease:

(a) is established by objective medical findings; and

(b) arises out of or is contracted in the course and scope of employment. An occupational disease is considered to arise out of or be contracted in the course and scope of employment if the events occurring on more than a single day or work shift are the major contributing cause of the occupational disease in relation to other factors contributing to the occupational disease. For the purposes of this subsection (12), an occupational disease is not the same as a presumptive occupational disease.

(13) When compensation is payable for an occupational disease or a presumptive occupational disease, the only employer liable is the employer in whose employment the employee was last injuriously exposed to the hazard of the disease.

(14) When there is more than one insurer and only one employer at the time that the employee was injuriously exposed to the hazard of the disease, the liability rests with the insurer providing coverage at the earlier of:

(a) the time that the occupational disease or presumptive occupational disease was first diagnosed by a health care provider; or

(b) the time that the employee knew or should have known that the condition was the result of an occupational disease or a presumptive occupational disease.

(15) In the case of pneumoconiosis, any coal mine operator who has acquired a mine in the state or substantially all of the assets of a mine from a person who was an operator of the mine on or after December 30, 1969, is liable for and shall secure the payment of all benefits that would have been payable by that person with respect to miners previously employed in the mine if acquisition had not occurred and that person had continued to operate the mine, and the prior operator of the mine is not relieved of any liability under this section.

(16) As used in this section, “major contributing cause” means a cause that is the leading cause contributing to the result when compared to all other contributing causes. (Void on occurrence of contingency--sec. 7, Ch. 158, L. 2019.)

39-71-407. (Effective on occurrence of contingency) Liability of insurers — limitations. (1) For workers’ compensation injuries, each insurer is liable for the payment of compensation, in the manner and to the extent provided in this section, to an employee of an employer covered under plan No. 1, plan No. 2, and the state fund under plan No. 3 that it insures who receives an injury arising out of and in the course of employment or, in the case of death from the injury, to the employee’s beneficiaries, if any.
(2) An injury does not arise out of and in the course of employment when the employee is:
(a) on a paid or unpaid break, is not at a worksite of the employer, and is not performing any specific tasks for the employer during the break; or
(b) engaged in a social or recreational activity, regardless of whether the employer pays for any portion of the activity. The exclusion from coverage of this subsection (2)(b) does not apply to an employee who, at the time of injury, is on paid time while participating in a social or recreational activity or whose presence at the activity is required or requested by the employer. For the purposes of this subsection (2)(b), “requested” means the employer asked the employee to assume duties for the activity so that the employee’s presence is not completely voluntary and optional and the injury occurred in the performance of those duties.

(3) (a) An insurer is liable for an injury, as defined in 39-71-119, only if the injury is established by objective medical findings and if the claimant establishes that it is more probable than not that:
(i) a claimed injury has occurred; or
(ii) a claimed injury has occurred and aggravated a preexisting condition.
(b) Proof that it was medically possible that a claimed injury occurred or that the claimed injury aggravated a preexisting condition is not sufficient to establish liability.

(4) (a) An employee who suffers an injury or dies while traveling is not covered by this chapter unless:
(i) the employer furnishes the transportation or the employee receives reimbursement from the employer for costs of travel, gas, oil, or lodging as a part of the employee’s benefits or employment agreement and the travel is necessitated by and on behalf of the employer as an integral part or condition of the employment; or
(ii) the travel is required by the employer as part of the employee’s job duties.
(b) A payment made to an employee under a collective bargaining agreement, personnel policy manual, or employee handbook or any other document provided to the employee that is not wages but is designated as an incentive to work at a particular jobsite is not a reimbursement for the costs of travel, gas, oil, or lodging, and the employee is not covered under this chapter while traveling.

(5) (a) Except as provided in subsection (6), an employee is not eligible for benefits otherwise payable under this chapter if the employee’s use of alcohol or drugs not prescribed by a physician is the major contributing cause of the accident.
(b) For the purposes of this subsection (5), if an employee fails or refuses to take a drug test after the accident and if the testing procedures comply with federal drug testing statutes and administrative regulations applicable to private sector employers and employees as provided in Title 39, chapter 2, there is a presumption that the major contributing cause of the accident was the employee’s use of drugs not prescribed by a physician.

(6) (a) An employee who has received written certification, as defined in 50-46-302, from a physician for the use of marijuana for a debilitating medical condition and who is otherwise eligible for benefits payable under this chapter is subject to the limitations of subsections (6)(b) through (6)(d).
(b) An employee is not eligible for benefits otherwise payable under this chapter if the employee’s use of marijuana for a debilitating medical condition, as defined in 50-46-302, is the major contributing cause of the injury or occupational disease.
(c) Nothing in this chapter may be construed to require an insurer to reimburse any person for costs associated with the use of marijuana for a debilitating medical condition, as defined in 50-46-302.

(d) In an accepted liability claim, the benefits payable under this chapter may not be increased or enhanced due to a worker’s use of marijuana for a debilitating medical condition, as defined in 50-46-302. An insurer remains liable for those benefits that the worker would qualify for absent the worker’s use of marijuana for a debilitating medical condition.

(7) The provisions of subsection (5) do not apply if the employer had knowledge of and failed to attempt to stop the employee’s use of alcohol or drugs not prescribed by a physician. This subsection (7) does not apply to the use of marijuana for a debilitating medical condition because marijuana is not a prescribed drug.

(8) If there is no dispute that an insurer is liable for an injury but there is a liability dispute between two or more insurers, the insurer for the most recently filed claim shall pay benefits until that insurer proves that another insurer is responsible for paying benefits or until another insurer agrees to pay benefits. If it is later proven that the insurer for the most recently filed claim is not responsible for paying benefits, that insurer must receive reimbursement for benefits paid to the claimant from the insurer proven to be responsible.

(9) If a claimant who has reached maximum healing suffers a subsequent nonwork-related injury to the same part of the body, the workers’ compensation insurer is not liable for any compensation or medical benefits caused by the subsequent nonwork-related injury.

(10) An employee is not eligible for benefits payable under this chapter unless the entitlement to benefits is established by objective medical findings that contain sufficient factual and historical information concerning the relationship of the worker’s condition to the original injury.

(11) For occupational diseases, every employer enrolled under plan No. 1, every insurer under plan No. 2, or the state fund under plan No. 3 is liable for the payment of compensation, in the manner and to the extent provided in this chapter, to an employee of an employer covered under plan No. 1, plan No. 2, or the state fund under plan No. 3 if the employee is diagnosed with a compensable occupational disease.

(12) An insurer is liable for an occupational disease only if the occupational disease:
   (a) is established by objective medical findings; and
   (b) arises out of or is contracted in the course and scope of employment.

An occupational disease is considered to arise out of or be contracted in the course and scope of employment if the events occurring on more than a single day or work shift are the major contributing cause of the occupational disease in relation to other factors contributing to the occupational disease.

(13) When compensation is payable for an occupational disease, the only employer liable is the employer in whose employment the employee was last injuriously exposed to the hazard of the disease.

(14) When there is more than one insurer and only one employer at the time that the employee was injuriously exposed to the hazard of the disease, the liability rests with the insurer providing coverage at the earlier of:
   (a) the time that the occupational disease was first diagnosed by a health care provider; or
   (b) the time that the employee knew or should have known that the condition was the result of an occupational disease.

(15) In the case of pneumoconiosis, any coal mine operator who has acquired a mine in the state or substantially all of the assets of a mine from
a person who was an operator of the mine on or after December 30, 1969, is liable for and shall secure the payment of all benefits that would have been payable by that person with respect to miners previously employed in the mine if acquisition had not occurred and that person had continued to operate the mine, and the prior operator of the mine is not relieved of any liability under this section.

(16) As used in this section, “major contributing cause” means a cause that is the leading cause contributing to the result when compared to all other contributing causes.”

Section 3. Section 50-46-303, MCA, is amended to read:

(4) (a) Registry identification cards and licenses issued pursuant to this part must:

(iii) indicate whether the cardholder is obtaining marijuana and marijuana-infused products through the system of licensed providers and marijuana-infused products providers;

(vi) contain a unique identification number; and  
(vii) contain other information that the department may specify by rule.

(iii) if a licensee is unable to operate because a license renewal application has not been acted on, reimburse the licensee 50% of the gross sales the licensee reported in the most recent quarter for the purpose of the tax provided for in 15-64-102.  
(c) Applications that are not processed within 30 days of receipt remain active until the department takes final action.  
(d) An application for a license or renewal of a license is not considered complete until the department has completed a satisfactory inspection as required by this part and related administrative rules.  
(e) The department shall issue a registry identification card, license, or endorsement within 5 days of approving an application or renewal.  
(6) Review of a rejection of an application or renewal may be conducted as a contested case hearing pursuant to the provisions of the Montana Administrative Procedure Act.

(6) “Gross taxable value”, for the purpose of computing the oil and natural gas production tax, means the gross value of the product as determined in 15-36-305.

(7) “Horizontal drain hole” means that portion of a wellbore with 70 degrees to 110 degrees deviation from the vertical and a horizontal projection within the common source of supply, as that term is defined by the board, that exceeds 100 feet.

(b) (i) The reduced tax rates under subsection (5)(d)(i) on oil production from a horizontally completed well for the first 18 months of production begin following the last day of the calendar month immediately preceding the month in which oil is pumped or flows if the well has been certified as a horizontally completed well to the department by the board.

**CHAPTER NO. 566**

[HB 693]

AN ACT IMPLEMENTING PROVISIONS OF THE GENERAL APPROPRIATIONS ACT; PROVIDING FOR REPORTING REQUIREMENTS FOR THE DEPARTMENT OF CORRECTIONS; PROVIDING FOR REPORTING REQUIREMENTS FOR THE OFFICE OF STATE PUBLIC DEFENDER; PROVIDING FOR REPORTING REQUIREMENTS FOR THE DEPARTMENT OF JUSTICE; PROVIDING FOR REPORTING REQUIREMENTS FOR THE OFFICE OF COURT ADMINISTRATOR; PROVIDING FOR LEGISLATIVE INTENT; PROVIDING FOR AN ADDITIONAL JUDGE TO THE 11TH AND THE 18TH JUDICIAL DISTRICTS; EXTENDING THE PUBLIC SAFETY OFFICER STANDARDS AND TRAINING BUREAU; TRANSFERRING ADMINISTRATION OF 9-1-1 FUNDS FROM THE DEPARTMENT OF ADMINISTRATION TO THE DEPARTMENT OF JUSTICE; GRANTING CONSENT TO DISCONTINUE THE CONTRACT WITH THE GREAT FALLS REGIONAL PRISON; PROVIDING NOTIFICATION OF DISCHARGE ELIGIBILITY; PROVIDING FOR A TRANSFER OF FUNDS; ALLOWING A DRIVER TO RENEW A DRIVER’S LICENSE WHEN APPLYING FOR A REAL ID-COMPLIANT LICENSE; REDUCING FEES FOR A REAL ID-COMPLIANT DRIVER’S LICENSE OR IDENTIFICATION CARD REQUESTED PRIOR TO RENEWAL; REVISING FUNDING FOR THE MOTOR VEHICLE INFORMATION TECHNOLOGY SYSTEM ACCOUNT; AMENDING SECTIONS 3-5-102, 10-4-101, 10-4-105, 10-4-304, 44-7-204, 46-23-1011, 61-3-103, 61-3-109, 61-3-203, 61-5-111, AND 61-5-129, MCA; AMENDING SECTION 23, CHAPTER 456, LAWS OF 2019; AND PROVIDING EFFECTIVE DATES.

WHEREAS, the Legislature is concerned with the delays associated with transferring defendants to state custody after imposition of sentence. When the Department of Corrections does not timely assume custody of defendants after
sentencing, local government facilities may lack capacity to hold other persons. It is the expectation of the Legislature that the Department of Corrections will ensure that defendants sentenced for one or more felonies will not remain in a county detention facility for more than 10 business days after sentencing unless unusual circumstances arise; and

WHEREAS, with respect to the Department of Corrections, the Legislature has been advised that the vocational opportunities at the Montana Women’s Prison are inadequate, particularly when compared to the offerings at the Montana State Men’s Prison. The Legislature is mindful that the campuses may face different limitations in what programming may be offered based on location, footprint, and facilities; and

WHEREAS, with respect to the Department of Corrections, the Legislature is concerned with the findings of the Legislative Audit Division in 2020 that the Department of Corrections had drug treatment beds that were not fully utilized in fiscal year 2019, which resulted in a payment for failure to allow the contractor to operate at 75% capacity; and

WHEREAS, with respect to the Department of Corrections, the Legislature is concerned that the Department of Corrections has yet to fully implement statutory directives to measure the effectiveness of its programs—both those provided by the Department of Corrections employees and those provided by contractors. In 2017, the Legislature directed the Department of Corrections to conduct evaluations of programs to determine their impact on reducing recidivism. This work, in addition to other requirements in Senate Bill No. 59 (2017), appears to be unaddressed or incomplete. Moreover, the Department of Corrections’ definition of recidivism is an inadequate measure for the determination of effectiveness of its programming. The Legislature is interested in having data on crimes committed by those discharged from the Department of Corrections’ custody, not merely “the rate at which adult offenders return to prison in Montana for any reason within three years of their release from prison”, which fails to address reentry outcomes of many individuals committed to the Department of Corrections’ custody and evaluates a truncated time period; and

WHEREAS, with respect to the Office of State Public Defender, the Legislature is concerned with the findings of the Legislative Audit Division in 2020 regarding billing practices by contractors, including the failure to require the use of assistants for nonattorney tasks, and allowing contractors to work a number of hours each year that may induce attorneys to be contractors instead of the Office of State Public Defender employees; and

WHEREAS, with respect to the Office of State Public Defender, it is the sense of the Legislature that the Office of State Public Defender expends its appropriation, in part, to perform tasks that are not required by the state or federal constitution or by statutory directive, such as in section 47-1-104(4), MCA. Given limited resources and the demands on the Office of State Public Defender staff, the Legislature believes that it is incumbent on the Office of State Public Defender management to limit the scope of its work to what is required by statute and the constitution; and

WHEREAS, with respect to the Office of State Public Defender, neither through its employees nor its contractors should the Office of State Public Defender impair the Legislature’s intent to have defendants share in the costs of counsel provided by the Office of State Public Defender. The Office of State Public Defender employees and contractors should not move the court to waive assessments under section 46-8-113, MCA, unless the defendant can show a compelling reason why they cannot pay this assessment over the course of the sentence; and
WHEREAS, in House Bill No. 640 (2019), the Legislature established a mechanism to ensure that sexual abuse reports generated by those with mandatory reporting responsibilities are provided to county attorneys and that county attorneys report to the Attorney General on the status of the investigations and prosecutions generated from these referrals. It is the sense of the Legislature that the Department of Justice has not undertaken a thorough review of the reports generated pursuant to section 41-3-210(3), MCA, and the Legislature urges the Department of Justice to do so; and

WHEREAS, the Legislature has taken a number of steps to strengthen the laws and investigative response to address human trafficking and sexual exploitation of minors. Given the collective commitment in the legislative and executive branches to combat these crimes, the Legislature needs greater clarity on whether its appropriations and statutory changes are having an impact; and

WHEREAS, the Legislature expresses its concern that the backlog of testing on sexual assault kits must be eliminated as soon as possible; and

WHEREAS, the definition of recidivism utilized by the judicial branch in evaluating the effectiveness of treatment courts is different than the definition used by the Department of Corrections for its programming, making it difficult to compare the effectiveness of treatment courts to in-patient treatment. It is the sense of the Legislature that a single definition of recidivism would make it possible to have a consistent evaluation of effectiveness; and

WHEREAS, the Legislature believes that expungement of a conviction for driving under the influence of drugs or alcohol will impair the correctional and public safety goals that the Legislature aims to achieve through the Section D appropriation.

Be it enacted by the Legislature of the State of Montana:

Section 1. Department of corrections to report. (1) Beginning July 1, 2021, and each quarter of the 2023 biennium, the department of corrections shall report, in accordance with 5-11-210, to the law and justice interim committee and the legislative finance committee on the utilization of drug treatment beds and any payments made to contractors for the failure to allow the contractor to operate at 75% capacity.

(b) the names of the defendants who remained in a county detention facility for more than 10 business days after sentencing and the county detention facility in which they were held; and
(c) for those defendants remaining in a county detention facility for more than 10 business days after sentencing, on the relevant facts leading to the delay in transfer out of the facility and whether the delay is attributable to untimely receipt of a judgment or other sentencing documents from the judicial branch.

(5) No later than September 1, 2022, for offenders who were under the department’s supervision or in the department’s custody between July 1, 2015, and July 1, 2021, the department of corrections shall report to the law and justice interim committee and the criminal justice oversight council the identity, criminal history, including the crimes or violations requiring the report, and correctional institution history of individuals:

(a) who were sentenced for a felony offense between July 1, 2021, and June 30, 2022; or

(b) whose sentences were revoked for a violation of the terms and conditions of a suspended or deferred sentence between July 1, 2021, and June 30, 2022, excluding a violation that is not a compliance violation as defined in 46-18-203.

Section 2. The office of state public defender to report. (1) By July 1, 2021, the office of state public defender shall report to the legislative finance committee on what measures it is taking in fiscal years 2022 and 2023 to ensure that its employees are accurately and completely making time entries that demonstrate how much time is:

(a) dedicated to core tasks;

(b) spent on specific cases; and

(c) spent on tasks other than those required to meet the constitutional requirement to provide counsel for individuals not financially able to afford counsel for crimes if jail or prison time may be the punishment if convicted.

(2) By July 1, 2021, the office of state public defender shall report to the legislative finance committee on what it will do in fiscal years 2022 and 2023 to address the concerns identified by the legislative audit division in 2020 regarding billing practices by contractors, including the failure to require the use of assistants for nonattorney tasks, and allowing contractors to work a number of hours each year that may induce attorneys to be contractors instead of the office of state public defender employees.

(3) No later than August 1, 2022, the office of state public defender shall report to the legislative finance committee on the tasks performed by attorneys and nonattorneys in fiscal year 2022 that were not required by statute or constitutional requirement and the amount of time dedicated to that work.

(4) No later than September 1, 2022, the office of state public defender shall report to the legislative finance committee on whether funding from Title IV-E of the Social Security Act provided all funding needed to provide legal representation for children and parents in child abuse and neglect proceedings in fiscal year 2022 and, if not, what necessary expenditures were made from other appropriated funds.

(5) The office of state public defender shall identify data needs for measuring agency performance and establish data-based performance measurements and targets and shall report to the legislative finance committee on these needs and measurements by September 1, 2022.

(7) No later than September 1, 2022, the office of state public defender shall report to the legislative finance committee on the time spent by employees and contractors in cases involving defendants in treatment courts.
in the preceding fiscal year for each defendant. The report must report on each defendant without identifying the defendant by name for each district court or court of limited jurisdiction.

(8) No later than September 1, 2022, the office of state public defender shall report to the legislative finance committee on the time spent by employees and contractors in cases involving defendants in capital cases in fiscal year 2022 for each defendant.

Section 3. Department of justice to report. (1) The department shall undertake a thorough review of the reports generated pursuant to 41-3-210(3) and report to the law and justice interim committee and the legislative finance committee no later than August 1, 2021, on the status of reporting by county attorneys since the initial report deadline identified in House Bill No. 640 (2019) and its review of the county attorney reports and overall assessment of the law enforcement and prosecutorial response to reports from mandatory reporters.

(2) No later than September 1, 2022, the department of justice shall report to the law and justice interim committee and the legislative finance committee on the number of human trafficking investigations initiated by the department of justice in fiscal years 2021 and 2022 and the number of prosecutions generated from the investigations. The report must also include information on the sentences imposed for convictions obtained as a result of these prosecutions, including the names of the defendants and the crimes for which convictions were obtained.

(4) The legislature expresses its concern that the backlog of testing on sexual assault kits must be eliminated as soon as possible. It has provided one-time-only funding in fiscal years 2022 and 2023 to provide additional resources to the department of justice to complete this work. No later than September 1, 2022, the department shall report to the legislative finance committee on the number of sexual assault kits evaluated in fiscal year 2022 and the work remaining to eliminate any backlog.

(5) No later than September 1, 2022, the department of justice shall report to the law and justice interim committee and the legislative finance committee on how many offenders have had their convictions expunged since the passage of [this act] through a treatment court and what the underlying crime was for.

Section 4. Office of court administrator to report. Each quarter of the fiscal year, the office of court administrator shall report to the law and justice interim committee and the legislative finance committee on the number of civil cases that have been pending for more than 2 years by judicial district. The report must identify:

(1) the judicial district;
(2) the number of cases in that district that are pending for more than 2 years but less than 3 years;
(3) the number of cases in that district that are pending for more than 3 years but less than 4 years;
(4) the number of cases in that district that are pending for more than 4 years but less than 5 years; and
(5) the number of cases in that district that are pending for more than 5 years.
Section 5. Legislative intent. It is the intent of the legislature that the judicial branch confer with the Montana state library and other states' law libraries to evaluate whether a fee for service model would be appropriate given the services offered by the state law library.

Section 6. Section 3-5-102, MCA, is amended to read:

"3-5-102. Number of judges. In each judicial district, there must be the following number of judges of the district court:

If the sentencing judge did not set conditions of probation at the time of sentencing, the court shall, at the request of the department, hold a hearing and set conditions of probation. The probationer must be present at the hearing. The probationer has the right to counsel as provided in chapter 8 of this title.

(2) If the probationer is being supervised for a sexual offense as defined in 46-23-502, the conditions of probation may require the probationer to refrain from direct or indirect contact with the victim of the offense or an immediate family member of the victim. If the victim is a minor, a parent or guardian of the victim may make the request on the victim’s behalf.

(3) A copy of the conditions of probation must be signed by the probationer. The department may require a probationer to waive extradition for the probationer’s return to Montana.
(4) The probation and parole officer shall regularly advise and consult with the probationer using effective communication strategies and other evidence-based practices to encourage the probationer to improve the probationer’s condition and conduct and shall inform the probationer of the restoration of rights on successful completion of the sentence.

(5) (a) The probation and parole officer may recommend and a judge may modify or add any condition of probation or suspension of sentence at any time.

(b) The probation and parole officer shall provide the county attorney in the sentencing jurisdiction with a report that identifies the conditions of probation and the reason why the officer believes that the judge should modify or add the conditions.

(c) The county attorney may file a petition requesting that the court modify or add conditions as requested by the probation and parole officer.

(d) The court may grant the petition if the probationer does not object. If the probationer objects to the petition, the court shall hold a hearing pursuant to the provisions of 46-18-203.

(e) Except as they apply to supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), 45-5-603(2)(b), or 45-5-625(4), the provisions of 46-18-203(7)(a)(ii) do not apply to this section.

(f) The probationer shall sign a copy of new or modified conditions of probation. The court may waive or modify a condition of restitution only as provided in 46-18-246.

(6) Based on the risk and needs of each individual as determined by the individual’s most recent risk and needs assessment, the probation and parole officer shall recommend notify the probationer of eligibility for conditional discharge from supervision when a probationer is in compliance with the conditions of supervision when:

(a) a low-risk probationer has served 9 months;

(b) a moderate-risk probationer has served 12 months;

(c) a medium-risk probationer has served 18 months; and

(d) a high-risk probationer has served 24 months.

(a) under the women’s risks and needs assessment:

(i) a low-risk probationer has served 9 months;

(ii) a moderate-risk probationer has served 12 months;

(iii) a medium-risk probationer has served 18 months; and

(iv) a high-risk probationer has served 24 months; and

(b) under the Montana offender reentry and risk assessment:

(i) a low-risk probationer has served 9 months;

(ii) a moderate-risk probationer has served 12 months;

(iii) a high-risk probationer has served 18 months; and

(iv) a very high-risk probationer has served 24 months.

(7) The probationer, the probationer’s attorney, or the prosecutor may file a motion recommending conditional discharge. The motion must set forth the following:

(a) why the probationer meets the requirements of subsection (6); and

(b) whether the department of corrections supports or opposes the motion.

(8) The motion must be served on the county attorney serving in the county of the presiding district court. The movant does not need to file an accompanying brief as otherwise required by Rule 2 of the Montana Uniform District Court Rules.

(9) The department of corrections shall make reasonable efforts to notify the victim if required by 46-24-212, and the county attorney shall
make reasonable efforts to notify the victim. The victim must be provided the following:

(a) a copy of the motion;
(b) written notice that:
   (i) the victim may provide written input regarding the motion or may ask the county attorney to state the victim’s position on the motion;
   (ii) if a hearing is set, the date, time, and place of the hearing; and
   (iii) the victim may appear and testify at any hearing held on the motion.

(10) (a) The court may hold a hearing on the motion. A judge may conditionally discharge a probationer from supervision before expiration of the probationer’s sentence if:
   (i) the judge determines that a conditional discharge from supervision:
      (A) is in the best interests of the probationer and society; and
      (B) will not present unreasonable risk of danger to the victim of the offense; and
   (ii) the offender has paid all restitution and court-ordered financial obligations in full.

(b) Subsection (10)(a) does not prohibit a judge from revoking the order suspending execution or deferring imposition of sentence, as provided in 46-18-203, for a probationer who has been conditionally discharged from supervision.”

Section 14. Section 61-3-103, MCA, is amended to read:

“61-3-103. Filing of security interests — perfection — rights — procedure — fees. (1) (a) Except as provided in subsection (2), the department, its authorized agent, or a county treasurer shall, upon payment of the fee required by subsection (8), enter a voluntary security interest or lien against the electronic record of title for a motor vehicle, trailer, semitrailer, pole trailer, camper, motorboat, personal watercraft, sailboat, or snowmobile upon receipt of a written acknowledgment of a voluntary security interest or lien by the owner of a motor vehicle, trailer, semitrailer, pole trailer, camper, motorboat, personal watercraft, sailboat, or snowmobile on a form prescribed by the department.

(b) After the voluntary security interest or lien has been entered on the electronic record of title for the motor vehicle, trailer, semitrailer, pole trailer, camper, motorboat, personal watercraft, sailboat, or snowmobile, the department, its authorized agent, or a county treasurer shall issue a transaction summary receipt to the owner and, if requested, to the secured party or lienholder, showing the date that the security interest or lien was perfected.

(c) A voluntary security interest or lien is perfected on the date that the department, its authorized agent, or a county treasurer receives the written acknowledgment of the voluntary security interest or lien from the owner of the motor vehicle, trailer, semitrailer, pole trailer, camper, motorboat, personal watercraft, sailboat, or snowmobile.

This vehicle is subject to additional security interests on file with the Department of Justice.” Other information regarding the additional security interests is not required to be endorsed on the certificate.

Upon default under a chattel mortgage or conditional sales contract covering a motor vehicle, trailer, semitrailer, pole trailer, camper, motorboat, personal watercraft, sailboat, or snowmobile, the mortgagee or vendor has the same remedies as in the case of other personal property. If a secured party assigns all or part of the party’s interest in a motor vehicle, trailer, semitrailer, pole trailer, camper, motorboat, personal watercraft, sailboat, or snowmobile for which a certificate of title is issued under this chapter, the secured party assigning the interest shall file a copy of the assignment with the department and the department shall record the assignment in the department’s records.

Beginning January 1, 2002, and ending June 30, 2019, the fee to file a lien is $8. Of the $8 fee, $4 must be deposited in the state general fund in accordance with 15-1-504. Beginning July 1, 2026, the fee for a new certificate of title under this subsection is $5.

CHAPTER NO. 572

[SB 316]
AN ACT GENERALLY REVISING CIVIL LAWS; REVISING LAWS RELATED TO THE USE OF FUNDS FOR PROPERTY RESTORATION; REVISING THE LIABILITY STANDARD USED IN REMEDIAL ACTIONS IN THE COMPREHENSIVE ENVIRONMENTAL CLEANUP AND RESPONSIBILITY ACT; REQUIRING THAT AWARDS AND SETTLEMENT FUNDS FOR RESTORATION DAMAGES ARE USED FOR CORRECTIVE ACTION ON PROPERTY; REQUIRING FUNDS TO BE PLACED IN ESCROW OR TRUST ACCOUNTS AND USED FOR INTENDED PURPOSES; PROVIDING OTHER CRITERIA RELATED TO THE USE OF THE FUNDS; PROVIDING FOR RESTORATION DAMAGES; PROVIDING DEFINITIONS; AMENDING SECTION 75-10-711, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Restoration damages. (1) Except as provided in subsections (2) and (3), this section applies to civil claims brought in judicial proceedings on behalf of individuals and entities for the recovery of restoration damages to address impacts to real property caused by releases of hazardous or deleterious substances.

(2) Restoration damages may be awarded only for a claim alleging contamination of special use property and may be obtained only in accordance with the definitions and other requirements set forth in this section. The plaintiff bears the burden of proof to show that the property meets the definition of special use property.

(3) Restoration damages may not be awarded or used to alter an interim or final remedial action that has been or will be undertaken on, or will benefit, a special use property pursuant to any of the following authorities:

(a) a federal administrative order issued pursuant to 42 USC 9601, et seq., as of March 27, 2021;
(b) a state administrative order issued pursuant to this part;
(c) a judicially approved consent decree; or
(d) any other interim or final remedial action plan approved by the department pursuant to state statutory or administrative law.

(4) (a) Restoration damages awarded pursuant to subsection (2), exclusive of awards of attorney fees and costs, may be used only to conduct remedial and corrective action necessary to restore the special use property for which the damages were awarded. Restoration must commence within 3 years from the date the judgment is paid or settlement proceeds are received.

(b) If any awarded restoration damages remain after completion of the restoration work, the surplus must be refunded to the defendant. If the defendant is no longer viable or cannot be found, the funds must be remitted to the department.
(5) Any party may request that a court awarding restoration damages also order that those damages be deposited in a segregated trust or escrow account at a commercial bank or trust company to ensure compliance with subsection (4)(a). The plaintiff may create a trust or escrow account to be overseen by a qualified professional to restore the special use property.

(6) Nothing in this section precludes the award of other damages allowed under common law and statute.

(7) As used in this section, the following definitions apply:

(a) “Qualified professional” means a person who possesses sufficient specific education, training, and experience necessary to exercise professional judgment to design and oversee implementation of a restoration plan.

(b) “Restoration damages” means the amount of compensation determined reasonably necessary by a trier of fact to restore a contaminated special use property to its function, use, or condition prior to the contamination on which a civil claim is based, unless contamination was present at the time the plaintiff acquired the special use property, in which case the term means the amount of compensation determined necessary by a trier of fact to restore a contaminated special use property to the function, use, or condition that existed at the time the plaintiff acquired the special use property.

(c) “Special use property” means real property contaminated by a release of a hazardous or deleterious substance that is found by a trier of fact to have objectively reasonable personal value to the plaintiff not reflected in the market value of the property or to have unique public, historic, cultural, or religious value not reflected in the market value of the property.

Section 2. Section 75-10-711, MCA, is amended to read:

“75-10-711. Remedial action — orders — penalties — judicial proceedings. (1) The department may take remedial action whenever:

(a) there has been a release or there is a substantial threat of a release into the environment that may present an imminent and substantial endangerment to the public health, safety, or welfare or to the environment; and

(b) none of the persons who are liable or potentially liable under 75-10-715(1) and who have been given the opportunity by letter to properly and expeditiously perform the appropriate remedial action will properly and expeditiously perform the appropriate remedial action. Any person liable under 75-10-715(1) shall take immediate action to contain, remove, and abate the release.

(2) Whenever the department is authorized to act pursuant to subsection (1) or has reason to believe that a release has occurred or is about to occur, the department may undertake remedial action in the form of any investigation, monitoring, survey, testing, or other information gathering as authorized by 75-10-707 that is necessary and appropriate to identify the existence, nature, origin, and extent of the release or the threat of release and the extent and imminence of the danger to the public health, safety, or welfare or to the environment.

(3) Except as provided in 75-10-712, the department is authorized to draw on the fund to take action under subsection (1) if it has made diligent good faith efforts to determine the identity of the person or persons liable for the release or threatened release and:

(a) is unable to determine the identity of the liable person or persons in a manner consistent with the need to take timely remedial action; or

(b) a person or persons determined by the department to be liable or potentially liable under 75-10-715(1) have been informed in writing of the department’s determination and have been requested by the department to
take appropriate remedial action but are unable or unwilling to take action in a timely manner; and

c) the written notice informs the person that if subsequently found liable pursuant to 75-10-715(1), the person may be required to reimburse the fund for the state’s remedial action costs and may be subject to penalties pursuant to this part.

(4) Whenever the department is authorized to act pursuant to subsection (1), it may issue to any person liable under 75-10-715(1) cease and desist, remedial, or other orders as may be necessary or appropriate to protect the public health, safety, or welfare or the environment.

(5) (a) A person who violates or fails to comply with or refuses to comply with an order issued under 75-10-707 or this section may, in an action brought to enforce the order, be assessed a civil penalty of not more than $10,000 for each day in which a violation occurs or a failure or refusal to comply continues. In determining the amount of any penalty assessed, the court may take into account:

(i) the nature, circumstances, extent, and gravity of the noncompliance;
(ii) with respect to the person liable under 75-10-715(1):
(A) the person’s ability to pay;
(B) any prior history of violations;
(C) the degree of culpability; and
(D) the economic benefit or savings, if any, resulting from the noncompliance; and
(iii) any other matters as justice may require.

(b) Civil penalties collected under subsection (5)(a) must be deposited into the environmental quality protection fund established in 75-10-704.

(6) A court has jurisdiction to review an order issued under 75-10-707 or this section only in the following actions:

(a) an action under 75-10-715 to recover remedial action costs or penalties or for contribution;
(b) an action to enforce an order issued under 75-10-707 or this section;
(c) an action to recover a civil penalty for violation of or failure or refusal to comply with an order issued under 75-10-707 or this section; or
(d) an action by a person to whom an order has been issued to determine the validity of the order, only if the person has been in compliance and continues in compliance with the order pending a decision of the court.

(7) In considering objections raised in a judicial action regarding orders issued under this part, the court shall uphold and enforce an order issued by the department unless the objecting party can demonstrate, on the administrative record, that the department’s decision to issue the order was arbitrary and capricious or otherwise not in accordance with law.

(8) Instead of issuing a notification or an order under this section, the department may bring an action for legal or equitable relief in the district court of the county where the release or threatened release occurred or in the first judicial district as may be necessary to abate any imminent and substantial endangerment to the public health, safety, or welfare or to the environment resulting from the release or threatened release.

(9) A person who is not subject to an administrative or judicial order may not conduct any remedial action at any facility that is subject to an administrative or judicial order issued pursuant to this part without the written permission of the department. If a state or federal administrative or judicial order is issued relative to a facility, the order and any remedial activity conducted pursuant to the order may be admissible in a civil action pertaining to the facility or property adjacent to or allegedly impacted by the
facility provided that the reviewing court in its discretion determines the order to be relevant and more probative than prejudicial. The probative value is not substantially outweighed by the danger of unfair prejudice. Admission of this evidence does not make the department a necessary party to the action. Remedial action performed in accordance with this part is intended to provide for the protection of the environmental life support system from degradation and to prevent unreasonable depletion and degradation of natural resources.

(10) The department may take remedial action pursuant to subsection (1) at a site that is regulated under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Public Law 96-510, if the department determines that remedial action is necessary to carry out the purposes of this part.

(11) The department may take remedial action as provided for in 75-10-743(12).

Section 3. Codification instruction. (1) [Section 1] is intended to be codified in Title 75, chapter 10, part 7, and the provisions of Title 75, chapter 10, part 7, apply to [section 1].

Section 4. Saving clause. [This act] does not affect proceedings that were begun before [the effective date of this act].

CHAPTER NO. 573

[HB 2]

AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNUM ENDING JUNE 30, 2023; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [This act] may be cited as “The General Appropriations Act of 2021”.

Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2023 biennium, are adopted as legislative intent.

Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

Section 4. Appropriation control. An appropriation item designated “Biennial” may be spent in either year of the biennium. An appropriation item designated “Restricted” may be used during the biennium only for the purpose designated by its title and as presented to the legislature. An appropriation item designated “One Time Only” or “OTO” may not be included in the present law base for the 2025 biennium. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated “Biennial”, “Restricted”, “One Time Only”, or “OTO”. The office of budget and program planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

Section 5. Appropriation control. The office of budget and program planning shall establish a separate appropriation on the statewide accounting,
budgeting, and human resource system for the funding included in each executive branch agency’s budget to pay fixed cost allocations for the state information technology services division of the department of administration. The appropriations must be designated as restricted.

Section 6. Program definition. As used in [this act], “program”, which has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinarily numbered with an Arabic numeral.

Section 7. Personal services funding – 2025 biennium. (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the 2023 biennium submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency must include funding of first level personal services separate from funding of other expenditures. The funding of first level personal services by fund or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request for the 2025 biennium submitted by November 1 to the legislative fiscal analyst by the office of budget and program planning.

(2) The provisions of subsection (1) do not apply to the Montana university system.

Section 8. Budget amendment eligibility. If a state special revenue fund is specifically identified and referenced in [section 11] and eligible for budget amendments in the 2023 biennium, the base budget for the 2025 biennium will be established using the higher of the fiscal year 2023 biennium appropriation in House Bill No. 2 or the fiscal year 2022 actual expenditure level to include expenditures associated with budget amendments as defined in Senate Bill No. 191.

Section 9. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

The Disability Employment and Transitions Division is appropriated $775,000 of state special revenue from the Montana Telecommunications Access Program (MTAP) during each year of the 2023 biennium to cover a contingent FCC mandate, which would require states to provide both Video and Internet Protocol relay services for people with severe hearing, mobility, or speech impairments.

The operating and maintenance required in accordance with 17-7-210 for the Commodities Warehouse Expansion have been included in the General Services Rental Rate in the Business and Financial Services Division.

The Developmental Services Division may only transfer appropriations between the following line items: DSD Traditional Medicaid Benefits, DSD Medicaid Waiver Benefits, DSD CSCT Federal Funds, and DSD CSCT State Funds. The Developmental Services Division may not transfer any Medicaid appropriations outside of the division. If HB 341 is passed and approved, the restriction in this paragraph is void.

The Health Resources Division may only transfer appropriations between the following line items: HRD Traditional Medicaid Benefits, HRD Traditional Medicaid HUF Payments, HRD Medicaid Expansion Benefits, and HRD Medicaid Expansion HUF Payments. The Health Resources Division may not transfer any Medicaid appropriations outside of the division. If HB 341 is passed and approved, the restriction in this paragraph is void.

The Senior and Long-Term Care Division may only transfer appropriations between the following line items: SLTC Traditional Medicaid Benefits, SLTC Medicaid Waiver Benefits, and SLTC Medicaid Expansion Benefits. The Senior and Long-Term Care Division may not transfer any Medicaid appropriations outside of the division. If HB 341 is passed and approved, the restriction in this paragraph is void.

The Addictive and Mental Disorders Division may only transfer appropriations between the following line items: AMDD Traditional Medicaid Benefits, AMDD Medicaid Waiver Benefits, and AMDD Medicaid Expansion Benefits. The Addictive and Mental Disorders Division may not transfer any Medicaid appropriations outside of the division. If HB 341 is passed and approved, the restriction in this paragraph is void.

The budget for the Child and Family Services Division is restricted to use in that division.

For all line items in the Department of Public Health and Human Services that include the word AMedicaid@ or ACHIP@, for each quarter in which the COVID-enhanced Federal Medical Assistance Percentage authorized by the AFamilies First Coronavirus Response Act@ provides a 6.2 percentage points increase...
in federal funding, the department shall decrease: (1) general fund authority pursuant to 17-2-108(2); and (2) state special fund authority pursuant to 17-2-108(3). The combined decrease of general fund and state special authority must equal the amount of the increased federal funding provided for by the 6.2 percentage points increase in Federal Medical Assistance Percentage. The department is authorized to establish a new appropriation to include both general fund and state special revenue equal to the amounts reduced pursuant to 17-2-108 for the first quarter of FY 2022, which serves as a contingency fund that may be used by the department for any use consistent with the goals and objectives of the agency in the biennium. This new appropriation must be established as biennial and one-time-only. The department shall transmit a written report to the legislative fiscal analyst by December 1, 2021. This report must include a detailed accounting of the initial establishment of the contingency funding, by division, 1st level expenditure, SABHRS subclass, and fund. The department shall transmit two further written reports to the legislative fiscal analyst by September 1, 2022 and September 1, 2023. These reports must include a detailed accounting of the manner in which the department utilized the contingency funding, by division, 1st level expenditure, SABHRS subclass, and fund, in the most recently completed fiscal year.

The line item for report on Medicaid paid abortions is to be used by the Department of Public Health and Human Services to review and report the history, utilization data, policies, rules, and definitions for Medicaid paid abortions to the Interim Budget Committee for the Department of Public Health and Human Services and the Children, Families, Health, and Human Services Interim Committee at a meeting in September of 2021 with followup work as the committees request.

The Legislature intends that the Department of Public Health and Human Services eliminate the policy of 12-month continuous eligibility for the Medicaid expansion population.

All appropriations for the Public Defender Division, Appellate Defender Division, Conflict Coordinator Division, and Central Services Division are biennial.

Case Management System funding in FY 2023 is contingent on the Office of State Public Defender implementing a time keeping system in FY 2022 and using the time keeping system to update their caseload hours.

It is the intent of the legislature that the Office of State Public Defender report each quarter of FY 2022 and FY 2023 to the Office of Budget and Program Planning on the number of new cases filed and the number of cases worked on by Office of State Public Defender employees. Cases worked on are defined as follows:

A case was opened.
An Office of State Public Defender employee charged time directly related to the case.
An Office of State Public Defender contractor submitted a valid and approved claim for work related to the case.
Two or more of the following events took place during a calendar month:

- the case was in an open status;
- the case went from inactive status to closed status;
- an Office of State Public Defender employee generated a document related to the case; and
- a noncontinued, nonvacated court or client-related event took place.

Caseload growth contingency may be expended only after the budget director certifies that the number of cases worked on meets or exceeds 0.5% growth as compared to the same quarter in the prior fiscal year. The amount of funding available each quarter is limited to $49,332 in FY 2022 and $50,723 in FY 2023.

All appropriations for the Probation and Parole Division, Secure Custody Facilities, and Clinical Services Division are biennial.

If, through the Legislative Audit Division process for establishing performance audits, a performance audit for Department of Corrections evidence-based programs is prioritized, the Legislative Audit Division shall contract with an educational organization that has appropriate subject matter expertise to provide specialist services as part of the audit.

It is the intent of the Legislature that offender placement be based on a risk and needs score and offender risk to the community. In placing offenders in treatment facilities, the department shall rely on risk and needs assessment tools and the underlying offense. Behavioral health assessment tools will be used to determine an offender's treatment dosage and needs.
It is the intent of the Legislature that the department “pre-screen” offenders for an appropriate correctional placement. Pre-screening is not required for offenders who have a plea agreement for a suspended or deferred sentence, a prison commitment, or when no PSI is ordered. Contracted treatment and pre-release centers should simultaneously screen an offender’s application. The department shall provide a sentencing recommendation to the court that is based on the risk and needs evaluation of the offender and considers input from the other interested parties and the underlying offense. It is the intent of the Legislature that these sentencing recommendations do not bind the judicial branch. Pre-screening and providing placement recommendations will begin no later than July 1, 2021.

It is the intent of the Legislature to utilize all community-based residential and nonresidential options and treatment program placements. The department is authorized to expand program capacity up to 10% over contract maximums to fulfill this mandate and may use existing resources from all bureaus to fulfill this intent.

The Director’s Office contingency funding may be expended only after the budget director certifies that county jail holds are maintained at a monthly average of 250 or less each month of the biennium beginning on July 1, 2021. Funds will be certified on a monthly basis by the budget director.

Jail hold rates include funding to house inmates in county jails. It is the intent of the Legislature that the Department of Corrections pay no more than $69.63 for each day in fiscal year 2022 and 2023 to house inmates in county jails.

The Department of Corrections Director’s Office is reduced by $1,956,193 in general fund in FY 2022 and $1,957,315 in FY 2023, $127,635 in state special revenue in FY 2022 and $127,670 in FY 2023, and $13,507,265 in federal special revenue in FY 2022 and $13,507,578 in FY 2023 supporting 17.50 FTE and $1,690,654 in personal services in FY 2022 and $1,694,849 in FY 2023, $1,016,318 in operating expenses in FY 2022 and $1,013,593 in FY 2023, $12,909 in equipment and intangible assets in FY 2022 and $12,909 in FY 2023, $9,885,395 in grants in FY 2022 and $9,885,395 in FY 2023, and $2,885,817 in transfers in FY 2022 and $2,885,817 in FY 2023 to comply with the requirements of SB 19.

If HB 553 is not passed and approved as introduced, the Probation and Parole Division general fund is increased by $173,039 in FY 2022 and $162,889 in FY 2023 and the Department of Corrections may increase full-time equivalent positions authorized in HB 2 by 2.00 FTE.

The Miscellaneous Fines and Fees state special revenue fund in the Department of Corrections is eligible to be amended under 17-7-402(1)(a)(xii), MCA, in the 2023 biennium budget.

If HB 46 is passed and approved, the appropriation for Special Education becomes part of K-12 BASE Aid.

The Office of Superintendent of Public Instruction may distribute funds from the appropriation for In-State Treatment to public school districts for the purpose of providing educational costs of children with significant behavioral or physical needs.

All revenue up to $1.3 million in the traffic education account for distribution to schools under the provisions of 20-7-506 and 61-5-121 is appropriated as provided in Title 20, chapter 7, part 5.

All appropriations for federal special revenue programs in state level activities and in local education activities are biennial. The Major Maintenance Aid and Debt Service Assistance restricted line item appropriation is restricted to the major maintenance aid program established in 20-9-365 unless funding requirements for the program are less than the available funds. Any remaining appropriation authority from the restricted appropriations may be used to augment the appropriations for debt service assistance established in 20-9-367.

If HB 206 is not passed and approved, State Tuition Payments are increased by $214,944 general fund in FY 2022 and $220,649 general fund in FY 2023.

If HB 206 is not passed and approved, In-State Treatment is increased by $477,893 general fund in FY 2022 and $450,724 general fund in FY 2023.

Items designated as OCHE Administration (01), Student Assistance (02), Educational Outreach and Diversity (06), Workforce Development (08), Appropriation Distribution (09), Guaranteed Student Loan (12), and the Board of Regents (13) are designated as biennial appropriations.

General fund money, state and federal special revenue, and proprietary fund revenue appropriated to the Board of Regents are included in all Montana University System programs. All other public funds received by units of the Montana University System (other than plant funds appropriated in HB 5, relating to long-range building) are appropriated to the Board of Regents and may be expended under the provisions of 17-7-138(2), MCA. The Board of Regents shall allocate the appropriations to individual university system units, as defined in 17-7-102(13), MCA, according to board policy.

The Montana University System, except for the Office of the Commissioner of Higher Education and the community colleges, shall provide the Office of Budget and Program Planning and the Legislative Fiscal Division banner access to the entire university system's information system, except for information pertaining
to individual students and individual employees that is protected by Article II, sections 9 and 10, of the Montana Constitution, 20-25-515, MCA, or the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g.

The Montana University System shall provide the electronic data required for entering human resource data for the current unrestricted operating funds into the Internet Budgeting and Reporting System (IBARS). The salary and benefit data provided must reflect approved Board of Regents operating budgets.

The average budgeted amount for each full-time equivalent student at the community colleges, includes $3,264 for each year of the 2023 biennium. The general fund appropriation for OCHE B Community College Assistance provides 48.2% in FY 2022 and 48.2% in FY 2023 of the budget amount for each full-time equivalent student each year of the 2023 biennium. The remaining 51.8% of the budget amount for each full-time equivalent student must be paid from funds other than those appropriated for OCHE B Community College Assistance.

The commissioner may adjust the funding distribution between community colleges based on actual enrollment.

Funding to be transferred to the state energy conservation program debt service account for energy improvements are as follows. Transferred funding for each year of the biennium to retire bonded projects are MSU Northern $16,700 in FY 2022 and $16,200 in FY 2023, MSU Billings $45,519, and Great Falls $86,500. Funding to be transferred for each year of the biennium for state energy revolving projects are MSU Billings $55,323, MSU Northern $64,576, Miles Community College $23,553, and University of Montana $294,875. Montana State University transfers are $277,611 in FY 2022 and $254,753 in FY 2023.

Total audit costs are estimated to be $242,498 for the community colleges for the biennium. The general fund appropriation for each community college provides 48.2% of the total audit costs in the 2023 biennium. The remaining 51.8% of these costs must be paid from funds other than those appropriated from OCHE B Community College Assistance B Legislative Audit. Audit costs charged to the community colleges for the biennium may not exceed $66,388 for Flathead Valley Community College, $86,994 for Miles Community College, and $89,116 for Dawson Community College. Total audit cost for OCHE/BOR $66,816, UM-Missoula $301,752, and MSU-Bozeman $301,752.

The Montana University System shall pay $109,276 for the 2023 biennium in current funds in support of the Montana Natural Resource Information System (NRIS) located at the Montana State Library. Quarterly payments must be made on receipt of the bills from the state library, up to the total appropriated.

The general fund appropriation for Community College Assistance is calculated to fund education in the community colleges for an estimated 2,050 resident FTE in FY 2022 and 2,109 in FY 2023. If total resident FTE student enrollment in the community colleges is greater than the estimated number for the biennium, the community colleges shall serve the additional students without a state general fund contribution. If actual resident FTE student enrollment is less than the estimated numbers for the biennium, the community colleges shall revert general fund money to the state in accordance with 17-7-142.

Implementation of HB 102 is restricted to the provision of full implementation of open and concealed carry of firearms on the Montana University System campuses, including but not limited to firearms training, metal detectors for events, gun safes for campus resident housing, or awareness campaigns. If the Montana University System files a lawsuit contesting the legality of HB 102, Implementation of HB 102 is void.

If HB 403 is not passed and approved, the appropriation for Grow Your Own Teacher Grant Program is void.

[HB 92]

AN ACT PROVIDING COMPENSATION FOR PEOPLE WHO HAVE BEEN WRONGLY CONVICTED OF FELONY CRIMES AND EXONERATED; PROVIDING A PROCEDURE FOR FILING AND DETERMINING PETITIONS FOR COMPENSATION; PROVIDING FOR AN ELECTION OF REMEDIES; PROVIDING FOR EXPUNGEMENT OF CONVICTION AND THE PAYMENT OF DAMAGES FOR SUCCESSFUL PETITIONS; PROVIDING OFFSETS FOR DAMAGES OBTAINED IN OTHER LITIGATION; PROVIDING FOR COUNTY AND CONSOLIDATED GOVERNMENT CONTRIBUTION TOWARD DAMAGES, COSTS, AND ATTORNEY FEES AWARDED; CREATING A STATE SPECIAL REVENUE ACCOUNT; PROVIDING A TRANSFER; PROVIDING A STATUTORY APPROPRIATION; AMENDING SECTIONS 17-7-502 AND 46-23-1041, MCA; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 8], the following definitions apply:

(1) “Claimant” means a person who:
   (a) was convicted and subsequently imprisoned for one or more felony crimes that the person did not commit; and
   (b) is not currently serving a term of imprisonment; and
   (c) meets the requirements of [section 2].

(2) “Imprisonment” means a term of confinement of at least 6 months in a correctional institution as defined in 45-2-101.

Section 2. Contents of petition — establishment of claim for compensation. (1) A claimant may bring a civil action against the state and county of conviction in the district court in which the conviction originated to seek the relief provided for in [section 6]. All claims of compensation are governed by the Montana Rules of Civil Procedure. The claim must be:
   (a) accompanied by a statement of facts explaining the basis of the claim, including a proffer establishing actual innocence;
   (b) written and verified by the claimant under penalty of perjury; and
   (c) filed within a period of 3 years after:
      (i) dismissal of the criminal charges against the claimant or a finding of not guilty on retrial; or
      (ii) the grant of a pardon to the claimant if the pardon is based on innocence for the act that was the basis of the conviction.

(2) A claimant convicted, imprisoned, and released from custody before July 1, 2021, who intends to bring an action under [sections 1 through 8] shall commence the action no later than July 1, 2024.

(3) All pleadings must be captioned as follows: “In the matter of the wrongful conviction of [name of claimant].”

(4) (a) A claimant who meets the criteria in subsection (1) and intends to bring an action under [sections 1 through 8] must receive a transition assistance grant of $5,000 from the department of corrections within 30 days of the claimant’s release from imprisonment.
   (b) The claimant shall verify by affidavit filed with the department of corrections that the claimant satisfies the requirements set forth in subsection (1), under penalty of perjury.
(c) If the claimant fails to file a claim within the time period described in this section, or if the claim is denied by the district court, the claimant shall reimburse the state in the amount of $5,000 within 1 year following receipt of the grant money.

Section 3. Election of remedies. (1) To be eligible to receive relief under [section 2], the claimant shall affirmatively waive any and all other remedies, causes of action, and other forms of relief or compensation against the state, any political subdivision of the state, and their officers, employees, agents, and volunteers related to the claimant’s wrongful conviction and imprisonment. This waiver includes all state, common law, and federal claims for relief, including claims pursuant to 42 U.S.C. 1983. The claimant shall execute a release of all claims against the state, any political subdivision of the state, and their officers, employees, agents and volunteers arising from the facts contained in the petition prior to the payment of any damages or compensation or the receipt of a housing voucher under [section 6].

(2) An individual who has a legal proceeding pending or in which judgment has been entered in state or federal court seeking damages or relief for wrongful conviction or imprisonment based on facts that could establish a cognizable claim pursuant to [sections 1 through 8] may not bring a claim under [section 2].

Section 4. Commencement of proceedings – burden of proof. (1) A claimant is entitled to a hearing in district court as expeditiously as possible after filing a claim for compensation.

(2) A claim filed pursuant to [sections 1 through 8] must be served on the department of justice and the county of conviction. The department shall provide a defense for the state and the county of conviction shall provide its own defense for claims filed under [sections 1 through 8].

(3) A claim filed under [sections 1 through 8] must be tried by a jury unless a jury trial is waived upon agreement of the parties.

(4) If a claimant dies prior to filing or during pendency of a claim under [sections 1 through 8], the person’s estate may file or maintain a claim pursuant to [sections 1 through 8].

(5) The claimant must prove by a preponderance of the evidence that:

(a) the claimant did not commit the crime or crimes for which the claimant was convicted, did not aid, abet, or act as an accomplice or accessory to a person who committed the acts that were the basis of the conviction, and did not commit a lesser offense necessarily included in the crime for which the claimant was convicted;

(b) the claimant did not commit perjury under 45-7-201, fabricate evidence, or by the claimant’s own conduct cause or bring about the conviction. A confession or admission that is later found to be false or a guilty plea that is withdrawn does not constitute committing perjury, fabricating evidence, or causing or bringing about the conviction, and 45-7-201 does not apply.

(c) (i) the claimant’s conviction was reversed or vacated and either the claimant was not retried and the charges were dismissed, or the claimant was retried and was found not guilty, and the basis for reversing or vacating the conviction was not legal error unrelated to factual innocence; or

(ii) the claimant was pardoned by the board of pardons and parole or the governor on the grounds that the claimant was innocent of the act for which the claimant was convicted.

(6) The court, in exercising its discretion regarding the weight and admissibility of evidence submitted under this section, may in the interest of justice give due consideration to difficulties of proof caused by the passage of time, the death or unavailability of witnesses, the destruction of evidence, or
other factors not caused by claimants, the state, the county of conviction, or those acting on their behalf.

(7) If the court finds that the claimant is entitled to judgment, the court shall enter a certificate of innocence finding that the claimant is innocent of all crimes for which the claimant was mistakenly convicted. The clerk of the court shall send a certified copy of the certificate of innocence and the judgment to the department of justice and the county of conviction for payment pursuant to [sections 1 through 8].

(8) The decision of the district court may be appealed directly to the supreme court.

Section 5. Expungement. (1) Upon entry of a certificate of innocence, the court shall order the associated convictions and arrest records expunged and purged from all applicable systems, including both electronic and hard copy systems. The court shall enter the expungement order regardless of whether the claimant has prior criminal convictions in other cases that are not the subject of the claim for compensation.

(2) The order of expungement must state:
(a) the claimant’s current full name;
(b) the claimant’s full name at the time of arrest and conviction, if different from the claimant’s current name;
(c) the claimant’s sex, race, and date of birth;
(d) the crime for which the claimant was arrested and convicted;
(e) the date of the claimant’s arrest and the date of the claimant’s conviction; and
(f) the identity of the arresting law enforcement authority and the identity of the district court that rendered the conviction.

(3) The order of expungement also must direct the department of justice to purge the conviction and arrest information from the central repository of the criminal justice information network and all applicable databases. The clerk of the court shall send a certified copy of the order to the department of justice for immediate action, and the department shall carry out the order and notify the federal bureau of investigation, the department of corrections, and any other criminal justice agency that may have a record of the conviction and arrest. The department of justice shall provide confirmation of the action to the court.

(4) If a certificate of innocence and an order of expungement are entered, the claimant must be treated as not having been arrested or convicted of the crime or crimes to which the certificate of innocence applies.

(5) (a) Upon entry of a certificate of innocence:
(i) the court shall order the expungement and destruction of any associated biological samples from the claimant. The order must state the information required to be expunged and destroyed.
(ii) the court shall seal all district court records regarding the conviction. The district court records are only available upon a good cause finding by the court.
(iii) the clerk of the court shall send a certified copy of the order to the department of justice, which must carry out the order and provide confirmation of the action to the court.

(b) The department is not required to expunge and destroy any samples record associated with the claimant related to an offense other than the offense or offenses for which the court has entered a certificate of innocence.

(6) The decision to grant or deny a certificate of innocence does not have a res judicata effect on any other criminal proceedings involving the claimant.
Section 6. Damages. (1) Damages, except as provided in subsection (3), awarded under this section are:
   (a) $60,000 for each year of imprisonment; and
   (b) $25,000 for each additional year served on parole or probation supervision or for each additional year the claimant was required to register as a sexual or violent offender, whichever is greater.
   (2) Compensation awarded under [sections 1 through 8] is not subject to the monetary limitation under 2-9-108.
   (3) All damages must be paid out of the account provided for in [section 8].
   (4) A claimant is not entitled to receive compensation for any period of imprisonment during which the claimant was concurrently serving a sentence for a conviction of another crime for which the claimant was lawfully convicted and incarcerated.
   (5) (a) Except as provided in subsection (5)(b), the court shall order that the award be paid as a combination of an initial payment not to exceed $100,000 or 25% of the award, whichever is greater, and the remainder as an annuity not to exceed $80,000 a year.
       (b) (i) On July 1 of each year, the award increases by an amount equal to the percentage increase, if any, for the preceding calendar year in the annual average consumer price index for urban wage earners, compiled by the bureau of labor statistics of the United States department of labor or its successor agency.
       (ii) The amount for any partial year must be prorated in order to compensate only for the portion of the year when the claimant was incarcerated.
   (c) The claimant shall designate a beneficiary or beneficiaries for the annuity by filing a beneficiary designation with the court.
   (d) The court may order that the award be paid in one lump sum if the court finds that it is in the best interests of the claimant.
   (6) (a) In addition to the damages awarded pursuant to subsection (1), a claimant:
       (i) is entitled to receive costs, including but not limited to the actual cost of all expenses reasonably incurred in an action brought pursuant to [sections 1 through 8], and reasonable attorney fees, not to exceed a total of $25,000
       (ii) is entitled to up to 2 years of tuition assistance at any unit or campus of the Montana university system, which must be used during the first 5 years after receiving a damages award; and
       (iii) is entitled to 1 year of state-funded medical insurance.
   (b) All funds received by the claimant and the value of services provided, except any attorney fees retained by counsel, are exempt from state income taxes.
   (7) The department of corrections shall provide a housing voucher pursuant to 46-23-1041 to the claimant while an action under [sections 1 through 8] is pending.

Section 7. Offset provision. In the event the waiver or release provided under [section 3(1)] is held invalid in whole or in part for any reason:
   (1) if, at the time of an award of monetary damages or compensation under [section 6], the claimant has also been awarded damages against the state, a political subdivision, or their officers, employees, agents, or volunteers in a civil action related to the claimant’s same wrongful conviction or imprisonment, including any settlement, the amount awarded under [section 6] must be reduced by the amount of damages or compensation previously awarded; and
   (2) if, after the time of an award of monetary damages or compensation under [section 6], the claimant is awarded damages against the state, a political
subdivision, or their officers, employees, agents, or volunteers in a civil action related to the claimant’s same wrongful conviction or imprisonment, including any settlement, the claimant shall reimburse to the state or a political subdivision of the state any amount awarded under [section 6].

Section 8. Exoneree compensation fund. (1) There is an account in the state special revenue fund established in 17-2-102 known as the exoneree compensation fund.

(2) Money in this account may be used only to pay compensation awarded under [sections 1 through 8].

(3) (a) Funds in the account may come from grants, gifts, donations, fund transfers, and funds received from counties and consolidated local governments.

(b) The county or consolidated government where the exoneree was convicted is responsible for 75% of the damages, costs of medical insurance and tuition, costs, and attorney fees awarded to a claimant.

(c) The department of administration shall invoice the responsible county or consolidated government no later than 30 days from the appeal deadline, if no appeal is filed, or no later than 30 days from entry of remittitur by the Montana supreme court.

(a) arrange for a physician to conduct a physical examination or review of medical records required under [sections 9 through 23], either in the physician’s office or at another location; or

(4) A violation of this section constitutes unprofessional conduct under 37-1-316. If the board of medical examiners finds that a physician has violated this section, the board shall restrict the physician’s authority to provide written certification for the use of marijuana. The board of medical examiners shall notify the department of the sanction.

(2) Except as provided in subsections (3) and (4), an employer may not refuse to employ or license and may not discriminate against an individual with respect to compensation, promotion, or the terms, conditions, or privileges of employment because the individual legally uses a lawful product off the employer’s premises during nonworking hours.

(3) Subsection (2) does not apply to:

(a) use of a lawful product, including the use of marijuana for a debilitating medical condition as defined in 50-46-302, that:

(i) affects in any manner an individual’s ability to perform job-related employment responsibilities or the safety of other employees; or

Section 67. Section 39-71-407, MCA, is amended to read:

“39-71-407. (Temporary) Liability of insurers — limitations. (1) For workers’ compensation injuries, each insurer is liable for the payment of compensation, in the manner and to the extent provided in this section, to an employee of an employer covered under plan No. 1, plan No. 2, and the state fund under plan No. 3 that it insures who receives an injury arising out of and in the course of employment or, in the case of death from the injury, to the employee’s beneficiaries, if any.

(2) An injury does not arise out of and in the course of employment when the employee is:

(a) on a paid or unpaid break, is not at a worksite of the employer, and is not performing any specific tasks for the employer during the break; or

(b) engaged in a social or recreational activity, regardless of whether the employer pays for any portion of the activity. The exclusion from coverage of this subsection (2)(b) does not apply to an employee who, at the time of injury, is on paid time while participating in a social or recreational activity or whose presence at the activity is required or requested by the employer. For the purposes of this subsection (2)(b), “requested” means the employer asked the employee to assume duties for the activity so that the employee’s presence is not completely voluntary and optional and the injury occurred in the performance of those duties.
(3) (a) Subject to subsection (3)(c), an insurer is liable for an injury, as defined in 39-71-119, only if the injury is established by objective medical findings and if the claimant establishes that it is more probable than not that:
   (i) a claimed injury has occurred; or
   (ii) a claimed injury has occurred and aggravated a preexisting condition.
   (b) Proof that it was medically possible that a claimed injury occurred or that the claimed injury aggravated a preexisting condition is not sufficient to establish liability.
   (c) Objective medical findings are sufficient for a presumptive occupational disease as defined in 39-71-1401 but may be overcome by a preponderance of the evidence.

(4) (a) An employee who suffers an injury or dies while traveling is not covered by this chapter unless:
   (i) the employer furnishes the transportation or the employee receives reimbursement from the employer for costs of travel, gas, oil, or lodging as a part of the employee’s benefits or employment agreement and the travel is necessitated by and on behalf of the employer as an integral part or condition of the employment; or
   (ii) the travel is required by the employer as part of the employee’s job duties.
   (b) A payment made to an employee under a collective bargaining agreement, personnel policy manual, or employee handbook or any other document provided to the employee that is not wages but is designated as an incentive to work at a particular jobsite is not a reimbursement for the costs of travel, gas, oil, or lodging, and the employee is not covered under this chapter while traveling.

(5) Except as provided in subsection (6), an employee is not eligible for benefits otherwise payable under this chapter if the employee’s use of alcohol or drugs not prescribed by a physician is the major contributing cause of the accident.

(6) (a) An employee who has received written certification, as defined in 50-46-302 [section 10], from a physician for the use of marijuana for a debilitating medical condition and who is otherwise eligible for benefits payable under this chapter is subject to the limitations of subsections (6)(b) through (6)(d).
   (b) An employee is not eligible for benefits otherwise payable under this chapter if the employee’s use of marijuana for a debilitating medical condition, as defined in 50-46-302 [16-12-102], is the major contributing cause of the injury or occupational disease.
   (c) Nothing in this chapter may be construed to require an insurer to reimburse any person for costs associated with the use of marijuana for a debilitating medical condition, as defined in 50-46-302 [16-12-102].
   (d) In an accepted liability claim, the benefits payable under this chapter may not be increased or enhanced due to a worker’s use of marijuana for a debilitating medical condition, as defined in 50-46-302 [16-12-102]. An insurer remains liable for those benefits that the worker would qualify for absent the worker’s use of marijuana for a debilitating medical condition.

(7) The provisions of subsection (5) do not apply if the employer had knowledge of and failed to attempt to stop the employee’s use of alcohol or drugs not prescribed by a physician. This subsection (7) does not apply to the use of marijuana for a debilitating medical condition because marijuana is not a prescribed drug.

(8) If there is no dispute that an insurer is liable for an injury but there is a liability dispute between two or more insurers, the insurer for the most
recently filed claim shall pay benefits until that insurer proves that another insurer is responsible for paying benefits or until another insurer agrees to pay benefits. If it is later proven that the insurer for the most recently filed claim is not responsible for paying benefits, that insurer must receive reimbursement for benefits paid to the claimant from the insurer proven to be responsible.

(9) If a claimant who has reached maximum healing suffers a subsequent nonwork-related injury to the same part of the body, the workers’ compensation insurer is not liable for any compensation or medical benefits caused by the subsequent nonwork-related injury.

(10) Except for cases of presumptive occupational disease as provided in 39-71-1401 and 39-71-1402, an employee is not eligible for benefits payable under this chapter unless the entitlement to benefits is established by objective medical findings that contain sufficient factual and historical information concerning the relationship of the worker’s condition to the original injury.

(11) (a) For occupational diseases, every employer enrolled under plan No. 1, every insurer under plan No. 2, or the state fund under plan No. 3 is liable for the payment of compensation, in the manner and to the extent provided in this chapter, to an employee of an employer covered under plan No. 1, plan No. 2, or the state fund under plan No. 3 if the employee is diagnosed with a compensable occupational disease.

(b) The provisions of subsection (11)(a) apply to presumptive occupational disease if the employee is diagnosed and meets the conditions of 39-71-1401 and 39-71-1402.

(12) An insurer is liable for an occupational disease only if the occupational disease:

(a) is established by objective medical findings; and
(b) arises out of or is contracted in the course and scope of employment. An occupational disease is considered to arise out of or be contracted in the course and scope of employment if the events occurring on more than a single day or work shift are the major contributing cause of the occupational disease in relation to other factors contributing to the occupational disease. For the purposes of this subsection (12), an occupational disease is not the same as a presumptive occupational disease.

(13) When compensation is payable for an occupational disease or a presumptive occupational disease, the only employer liable is the employer in whose employment the employee was last injuriously exposed to the hazard of the disease.

(14) When there is more than one insurer and only one employer at the time that the employee was injuriously exposed to the hazard of the disease, the liability rests with the insurer providing coverage at the earlier of:

(a) the time that the occupational disease or presumptive occupational disease was first diagnosed by a health care provider; or
(b) the time that the employee knew or should have known that the condition was the result of an occupational disease or a presumptive occupational disease.

(15) In the case of pneumoconiosis, any coal mine operator who has acquired a mine in the state or substantially all of the assets of a mine from a person who was an operator of the mine on or after December 30, 1969, is liable for and shall secure the payment of all benefits that would have been payable by that person with respect to miners previously employed in the mine if acquisition had not occurred and that person had continued to operate the mine, and the prior operator of the mine is not relieved of any liability under this section.
As used in this section, “major contributing cause” means a cause that is the leading cause contributing to the result when compared to all other contributing causes. (Void on occurrence of contingency--sec. 7, Ch. 158, L. 2019.)

39-71-407. (Effective on occurrence of contingency) Liability of insurers — limitations. (1) For workers’ compensation injuries, each insurer is liable for the payment of compensation, in the manner and to the extent provided in this section, to an employee of an employer covered under plan No. 1, plan No. 2, and the state fund under plan No. 3 that it insures who receives an injury arising out of and in the course of employment or, in the case of death from the injury, to the employee’s beneficiaries, if any.

(2) An injury does not arise out of and in the course of employment when the employee is:
   (a) on a paid or unpaid break, is not at a worksite of the employer, and is not performing any specific tasks for the employer during the break; or
   (b) engaged in a social or recreational activity, regardless of whether the employer pays for any portion of the activity. The exclusion from coverage of this subsection (2)(b) does not apply to an employee who, at the time of injury, is on paid time while participating in a social or recreational activity or whose presence at the activity is required or requested by the employer. For the purposes of this subsection (2)(b), “requested” means the employer asked the employee to assume duties for the activity so that the employee’s presence is not completely voluntary and optional and the injury occurred in the performance of those duties.

(3) (a) An insurer is liable for an injury, as defined in 39-71-119, only if the injury is established by objective medical findings and if the claimant establishes that it is more probable than not that:
   (i) a claimed injury has occurred; or
   (ii) a claimed injury has occurred and aggravated a preexisting condition.
   (b) Proof that it was medically possible that a claimed injury occurred or that the claimed injury aggravated a preexisting condition is not sufficient to establish liability.

(4) (a) An employee who suffers an injury or dies while traveling is not covered by this chapter unless:
   (i) the employer furnishes the transportation or the employee receives reimbursement from the employer for costs of travel, gas, oil, or lodging as a part of the employee’s benefits or employment agreement and the travel is necessitated by and on behalf of the employer as an integral part or condition of the employment; or
   (ii) the travel is required by the employer as part of the employee’s job duties.

   (b) A payment made to an employee under a collective bargaining agreement, personnel policy manual, or employee handbook or any other document provided to the employee that is not wages but is designated as an incentive to work at a particular jobsite is not a reimbursement for the costs of travel, gas, oil, or lodging, and the employee is not covered under this chapter while traveling.

(5) Except as provided in subsection (6), an employee is not eligible for benefits otherwise payable under this chapter if the employee’s use of alcohol or drugs not prescribed by a physician is the major contributing cause of the accident.

(6) (a) An employee who has received written certification, as defined in 50-46-302 [section 10], from a physician for the use of marijuana for a debilitating medical condition and who is otherwise eligible for benefits
payable under this chapter is subject to the limitations of subsections (6)(b) through (6)(d).

(b) An employee is not eligible for benefits otherwise payable under this chapter if the employee's use of marijuana for a debilitating medical condition, as defined in 50-46-302 [16-12-102], is the major contributing cause of the injury or occupational disease.

(c) Nothing in this chapter may be construed to require an insurer to reimburse any person for costs associated with the use of marijuana for a debilitating medical condition, as defined in 50-46-302 [16-12-102].

(d) In an accepted liability claim, the benefits payable under this chapter may not be increased or enhanced due to a worker’s use of marijuana for a debilitating medical condition, as defined in 50-46-302 [16-12-102]. An insurer remains liable for those benefits that the worker would qualify for absent the worker’s use of marijuana for a debilitating medical condition.

(7) The provisions of subsection (5) do not apply if the employer had knowledge of and failed to attempt to stop the employee’s use of alcohol or drugs not prescribed by a physician. This subsection (7) does not apply to the use of marijuana for a debilitating medical condition because marijuana is not a prescribed drug.

(8) If there is no dispute that an insurer is liable for an injury but there is a liability dispute between two or more insurers, the insurer for the most recently filed claim shall pay benefits until that insurer proves that another insurer is responsible for paying benefits or until another insurer agrees to pay benefits. If it is later proven that the insurer for the most recently filed claim is not responsible for paying benefits, that insurer must receive reimbursement for benefits paid to the claimant from the insurer proven to be responsible.

(9) If a claimant who has reached maximum healing suffers a subsequent nonwork-related injury to the same part of the body, the workers’ compensation insurer is not liable for any compensation or medical benefits caused by the subsequent nonwork-related injury.

(10) An employee is not eligible for benefits payable under this chapter unless the entitlement to benefits is established by objective medical findings that contain sufficient factual and historical information concerning the relationship of the worker’s condition to the original injury.

(11) For occupational diseases, every employer enrolled under plan No. 1, every insurer under plan No. 2, or the state fund under plan No. 3 is liable for the payment of compensation, in the manner and to the extent provided in this chapter, to an employee of an employer covered under plan No. 1, plan No. 2, or the state fund under plan No. 3 if the employee is diagnosed with a compensable occupational disease.

(12) An insurer is liable for an occupational disease only if the occupational disease:

(a) is established by objective medical findings; and

(b) arises out of or is contracted in the course and scope of employment. An occupational disease is considered to arise out of or be contracted in the course and scope of employment if the events occurring on more than a single day or work shift are the major contributing cause of the occupational disease in relation to other factors contributing to the occupational disease.

(13) When compensation is payable for an occupational disease, the only employer liable is the employer in whose employment the employee was last injuriously exposed to the hazard of the disease.

(14) When there is more than one insurer and only one employer at the time that the employee was injuriously exposed to the hazard of the disease, the liability rests with the insurer providing coverage at the earlier of:
(a) the time that the occupational disease was first diagnosed by a health care provider; or
(b) the time that the employee knew or should have known that the condition was the result of an occupational disease.

(15) In the case of pneumoconiosis, any coal mine operator who has acquired a mine in the state or substantially all of the assets of a mine from a person who was an operator of the mine on or after December 30, 1969, is liable for and shall secure the payment of all benefits that would have been payable by that person with respect to miners previously employed in the mine if acquisition had not occurred and that person had continued to operate the mine, and the prior operator of the mine is not relieved of any liability under this section.

(16) As used in this section, “major contributing cause” means a cause that is the leading cause contributing to the result when compared to all other contributing causes.”

(b) The informal youth court records are confidential and may be shared only with those persons and agencies listed in 41-5-215(2).

Section 81. Section 50-46-319, MCA, is amended to read:

“50-46-319. Legal protections — allowable amounts. (1) (a) A registered cardholder who has elected to obtain marijuana and marijuana-infused products through the system of licensed providers and marijuana-infused products providers may:

(i) possess up to 1 ounce of usable marijuana; and
(ii) purchase a maximum of 5 ounces of usable marijuana a month and no more than 1 ounce of usable marijuana a day.

(b) (i) A registered cardholder who has elected not to use the system of licensed providers and marijuana-infused products providers may possess up to 4 mature plants, 4 seedlings, and the amount of usable marijuana allowed by the department by rule.

(ii) If two or more registered cardholders share a residence and have elected not to use the system of licensed providers and marijuana-infused products providers, the cardholders may have a maximum of 8 mature plants, 8 seedlings, and the amount of usable marijuana allowed by the department by rule. The limits in this subsection (1)(b)(ii) apply regardless of the location of the plants and seedlings.

(iii) A registered cardholder who possesses mature plants or seedlings shall notify the department of the location of the plants and seedlings pursuant to 50-46-303(6)(b).

(c) (b) A provider or marijuana-infused products provider may have the canopy allowed by the department for the provider or marijuana-infused products provider. The canopy allotment is a cumulative total for all of the provider’s or marijuana-infused products provider’s registered premises and may not be interpreted as an allotment for each premises.

(d) (c) (i) A registered cardholder may petition the department for an exception to the monthly limit on purchases. The request must be accompanied by a confirmation from the physician who signed the cardholder’s written
certification that the cardholder’s debilitating medical condition warrants purchase of an amount exceeding the monthly limit.

(ii) If the department approves an exception to the cap, the approval must establish the monthly amount of usable marijuana that the cardholder may purchase and the limit must be entered into the seed-to-sale tracking system.

(2) Except as provided in 50-46-320 and subject to the provisions of subsection (7) of this section, an individual who possesses a registry identification card or license issued pursuant to this part may not be arrested, prosecuted, or penalized in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by a professional licensing board or the department of labor and industry, solely because:

(a) the person cultivates, manufactures, possesses, or transports marijuana in the amounts allowed under this section; or

(b) the registered cardholder acquires or uses marijuana.

(3) A physician may not be arrested, prosecuted, or penalized in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by the board of medical examiners or the department of labor and industry, solely for providing written certification for a patient with a debilitating medical condition.

(4) Nothing in this section prevents the imposition of a civil penalty or a disciplinary action by a professional licensing board or the department of labor and industry if:

(a) a registered cardholder’s use of marijuana impairs the cardholder’s job-related performance; or

(b) a physician violates the standard of care or other requirements of this part.

(5) (a) An individual may not be arrested or prosecuted for constructive possession, conspiracy as provided in 45-4-102, or other provisions of law or any other offense solely for being in the presence or vicinity of the use of marijuana and marijuana-infused products as permitted under this part.

(b) This subsection (5) does not prevent the arrest or prosecution of an individual who is in the vicinity of a registered cardholder’s use of marijuana if the individual is in possession of or is using marijuana and is not a registered cardholder.

(6) Except as provided in 50-46-329, possession of or application for a license or registry identification card does not alone constitute probable cause to search the person or individual or the property of the person or individual or otherwise subject the person or individual or property of the person or individual possessing or applying for the license or card to inspection by any governmental agency, including a law enforcement agency.

(7) The provisions of this section relating to protection from arrest or prosecution do not apply to an individual unless the individual has obtained a license or registry identification card prior to an arrest or the filing of a criminal charge. It is not a defense to a criminal charge that an individual obtains a license or registry identification card after an arrest or the filing of a criminal charge.

(8) (a) A registered cardholder, a provider, or a marijuana-infused products provider is presumed to be engaged in the use of marijuana as allowed by this part if the person:

(i) is in possession of a valid registry identification card or license; and

(ii) is in possession of an amount of marijuana that does not exceed the amount permitted under this part.
(b) The presumption may be rebutted by evidence that the possession of marijuana was not for the purpose of alleviating the symptoms or effects of a registered cardholder’s debilitating medical condition.”

(a) evidence of any measured amount or detected presence of alcohol, drugs, or a combination of alcohol and drugs in the person at the time of a test, as shown by an analysis of the person’s blood, breath, or oral fluid, is admissible. A positive test result does not, in itself, prove that the person was under the influence of a drug or drugs at the time the person was in control of a motor vehicle. A person may not be convicted of a violation of 61-8-401 based upon the presence of a drug or drugs in the person unless some other competent evidence exists that tends to establish that the person was under the influence of a drug or drugs while driving or in actual physical control of a motor vehicle within this state.

(b) a report of the facts and results of one or more tests of a person’s blood, breath, or oral fluid is admissible in evidence if:
(i) a breath test, *oral fluid screening test*, or preliminary alcohol screening test was performed by a person certified by the forensic sciences division of the department to administer the test;

(ii) a blood sample was analyzed in a laboratory operated or certified by the department or in a laboratory exempt from certification under the rules of the department and the blood was withdrawn from the person by a person competent to do so under 61-8-405(1);

(c) a report of the facts and results of a physical, psychomotor, or physiological assessment of a person is admissible in evidence if it was made by a person trained by the department or by a person who has received training recognized by the department.

(2) If the person under arrest refused to submit to one or more tests under 61-8-402, whether or not a sample was subsequently collected for any purpose, proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol, drugs, or a combination of alcohol and drugs. The trier of fact may infer from the refusal that the person was under the influence. The inference is rebuttable.

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

Section 89. Section 61-8-405, MCA, is amended to read:

“61-8-405. Administration of tests. (1) Only a physician, registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse may, at the request of a peace officer, withdraw blood for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. This limitation does not apply to the sampling of breath.

(2) In addition to any test administered at the direction of a peace officer, a person may request that an independent blood sample be drawn by a physician or registered nurse for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. The peace officer may not unreasonably impede the person’s right to obtain an independent blood test. The officer may but has no duty to transport the person to a medical facility or otherwise assist the person in obtaining the test. The cost of an independent blood test is the sole responsibility of the person requesting the test. The failure or inability to obtain an independent test by a person does not preclude the admissibility in evidence of any test given at the direction of a peace officer.

(3) Upon the request of the person tested, full information concerning any test given at the direction of the peace officer must be made available to the person or the person’s attorney.

(4) A physician, registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse does not incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer a test.

(5) The department in cooperation with any appropriate agency shall adopt uniform rules for the giving of tests and may require certification of training to administer the tests as considered necessary.

(6) If a peace officer has probable cause to believe that a person has violated 61-8-401, 61-8-406, 61-8-410, 61-8-411, 61-8-465, or 61-8-805 and a sample of blood, breath, urine, *oral fluid*, or other bodily substance is taken from that person for any reason, a portion of that sample sufficient for analysis
must be provided to a peace officer if requested for law enforcement purposes and upon issuance of a subpoena as provided in 46-4-301."

Section 90. Section 61-8-409, MCA, is amended to read:

“61-8-409. Preliminary alcohol or drug screening test. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a preliminary alcohol screening test of the person’s breath, for the purpose of estimating the person’s alcohol concentration, or a preliminary drug screening test of a person’s oral fluid for the purpose of estimating the person’s drug concentration(s), upon the request of a peace officer who has a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol, drugs, or a combination of alcohol and drugs or in violation of 61-8-410 or 61-8-465.

(2) The person’s obligation to submit to a test under 61-8-402 is not satisfied by the person submitting to a preliminary alcohol screening test, preliminary drug screening test, or both pursuant to this section.

(3) The peace officer shall inform the person of the right to refuse the test and that the refusal to submit to the preliminary alcohol screening test, preliminary drug screening test, or both will result in the suspension for up to 1 year of that person’s driver’s license.

(4) If the person refuses to submit to a test under this section, a test will not be given except as provided in 61-8-402(5). However, the refusal is sufficient cause to suspend the person’s driver’s license as provided in 61-8-402.

(5) A hearing as provided for in 61-8-403 must be available. The issues in the hearing must be limited to determining whether a peace officer had a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410 and whether the person refused to submit to the alcohol test.

(6) The provisions of 61-8-402(3) through (10) that do not conflict with this section are applicable to refusals under this section. If a person refuses a test requested under 61-8-402 and this section for the same incident, the department may not consider each a separate refusal for purposes of suspension under 61-8-402.

(7) A test may not be conducted or requested under this section unless both the peace officer and the instrument used to conduct the preliminary alcohol screening test or preliminary drug screening test have been certified by the department pursuant to rules adopted under the authority of 61-8-405(5).”

Section 91. Section 61-8-442, MCA, is amended to read:

If a person is convicted of a second or subsequent violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465, in addition to the punishments provided in 61-8-714, 61-8-722, and 61-8-465, regardless of disposition, the court shall:

(b) require the person to participate in the 24/7 sobriety and drug monitoring program provided for in 44-4-1203 and pay the fees associated with the program or require the person to participate in a court-approved alcohol or drug detection testing program and pay the fees associated with the testing program; or

(c) order that each motor vehicle owned by the person at the time of the offense be seized and subjected to the forfeiture procedure provided under 61-8-421.

Any restriction or requirement imposed under this section must be included in a report of the conviction made by the court to the department in accordance with 61-11-101 and placed upon the person’s driving record maintained by the department in accordance with 61-11-102.

The duration of a restriction imposed under this section must be monitored by the department.

(5) All court-approved alcohol or drug detection testing programs allowed under this section are required to use the state’s data management system pursuant to 44-4-1203.”

Section 92. Section 61-11-101, MCA, is amended to read:

“61-11-101. Report of convictions and suspension or revocation of driver’s licenses — surrender of licenses. (1) If a person is convicted of an offense for which chapter 5 or chapter 8, part 8, makes mandatory the suspension or revocation of the driver’s license or commercial driver’s license of the person by the department, the court in which the conviction occurs shall require the surrender to it of all driver’s licenses then held by the convicted person. The court shall, within 5 days after the conviction, forward the license and a record of the conviction to the department. If the person does not possess a driver’s license, the court shall indicate that fact in its report to the department.

(3) A court or other agency of this state or of a subdivision of the state that has jurisdiction to take any action suspending, revoking, or otherwise limiting a license to drive shall report an action and the adjudication upon which it is based to the department within 5 days on forms furnished by the department.

(4) (a) On a conviction referred to in subsection (1) of a person who holds a commercial driver’s license or who is required to hold a commercial driver’s license, a court may not take any action, including deferring imposition of judgment, that would prevent a conviction for any violation of a state or local traffic control law or ordinance, except a parking law or ordinance, in any type of motor vehicle, from appearing on the person’s driving record. The provisions
of this subsection (4)(a) apply only to the conviction of a person who holds a commercial driver’s license or who is required to hold a commercial driver’s license and do not apply to the conviction of a person who holds any other type of driver’s license.

(b) For purposes of this subsection (4), “who is required to hold a commercial driver’s license” refers to a person who did not have a commercial driver’s license but who was operating a commercial motor vehicle at the time of a violation of a state or local traffic control law or ordinance resulting in a conviction referred to in subsection (1).

[HB 691]

AN ACT ESTABLISHING REQUIREMENTS FOR CRISIS RESPONSE SERVICES IN THE DEVELOPMENTAL DISABILITIES SYSTEM; PROVIDING DIRECTION TO THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES ON THE USE OF EXISTING FUNDING; PROVIDING RULEMAKING AUTHORITY; PROVIDING AN APPROPRIATION; AMENDING SECTION 53-20-204, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Crisis response services -- department and provider responsibilities. (1) (a) The department shall establish crisis response services to help individuals with developmental disabilities minimize or avoid instances of crisis. The services must assist providers and families in preventing, deescalating, and intervening in instances in which individuals with developmental disabilities are likely to go into crisis.

(b) For the purposes of this section, “crisis” means an instance in which an individual is upset, afraid, confused, or otherwise experiencing emotional or physical disequilibrium, which negatively affects the individual’s actions and places the individual at risk of incarceration, hospitalization, civil commitment, or loss of the individual’s placement in community services.

(2) The crisis response services must consist of three different levels of prevention, intervention, and crisis support services:

(a) a preventive level of response that involves training providers and families in identifying and preventing crisis and in responding to a crisis in its initial stages before the crisis escalates to require a higher level of intervention;

(b) an intermediate level of response that involves providing direct professional staff support to an individual in the individual’s current community placement when the individual is in or is approaching crisis; and

(c) an advanced level of response that involves qualified providers providing support services to an individual approaching or in crisis outside of the individual’s current community placement. A provider offering crisis support services at this level must receive an enhanced reimbursement rate that reflects the higher level of support being provided to the individual in crisis.

(3) (a) To access crisis response services, providers shall:

(i) contact the department for assistance when an individual with developmental disabilities is in or is approaching crisis; and

(ii) implement the suggestions made for crisis response.

(b) If the individual needs the highest level of response, the department shall find an appropriate placement for the individual if the provider is unable to offer the level of response needed to mitigate the crisis and maintain the individual in the current placement.

(4) (a) A person offering training in crisis response or providing direct crisis response services must:

(i) be licensed in the practice of applied behavior analysis pursuant to Title 37, chapter 17; and

(ii) meet other requirements established by the department by rule.

(b) If a team of individuals is offering training under this section, at least one member of the team must meet the licensure requirements of Title 37, chapter 17.
(5) The department may not provide the training or direct services described under this section and shall contract with one or more private entities for the services.

(6) In developing and carrying out crisis response services, the department shall consult with and include other entities that respond to crisis situations involving individuals with developmental disabilities, including but not limited to law enforcement agencies, hospitals, and mental health providers.

Section 2. Section 53-20-204, MCA, is amended to read:
“53-20-204. Rules. (1) The department may adopt rules necessary for the proper administration of this part, including but not limited to:
(a) the training and other standards necessary to provide crisis support services as allowed under [section 1]; and
(b) the reimbursement rates for crisis support services provided pursuant to [section 1].
(2) The department shall adopt rules in cooperation with the board of nursing under which a properly trained staff member of a facility providing services to persons with developmental disabilities under this part may assist and supervise a client of the facility in taking medication if the medication is usually self-administered and if a physician has prescribed the assistance.”

Section 3. Appropriation. (1) There is appropriated $231,000 from the federal special revenue fund and $231,000 from the general fund to the department of public health and human services for the biennium beginning July 1, 2021.

(2) The appropriation may be used only for the crisis response services provided for in [section 1].

(3) The legislature intends that funding for the program be considered a part of the ongoing base for the next legislative session.

Section 4. Direction to department of public health and human services -- reporting requirement. (1) The department of public health and human services shall replace the services currently provided by the behavior consultation team in the developmental services division with the crisis response services established pursuant to [section 1]. During the biennium beginning July 1, 2021, the department shall develop the crisis response services provided for in [section 1] by using the appropriation in [section 3], which is intended to consist of money built into the base budget in the House Bill No. 2 appropriation for the developmental services division for the 2023 biennium and representing the amount of money allocated for the behavior consultation team in the 2021 biennium.

(2) The appropriation in [section 3] and the coordination instruction in [section 6] represent the legislature’s intent that the crisis response services be funded with a combination of existing federal special revenue and general fund money.

(3) The department may implement the crisis response services in areas of the state with the highest need if existing funding does not allow for development of statewide crisis response services.

(4) The department shall report to the 2021-2022 children, families, health, and human services interim committee on:
(a) the status of the implementation of the crisis response services;
(b) the number of community providers who received training in crisis prevention and intervention;
(c) the amount and type of direct services provided to individuals in their community placement settings pursuant to [section 1(2)(b)];
(d) the number of individuals receiving advanced crisis support services pursuant to [section 1(2)(c)] and the cost of the services provided;
(e) to the extent possible, the degree to which higher levels of crisis response were avoided because of the training, prevention, or intervention services that were provided; and

(f) the cost of expanding the program in the future, if statewide services cannot be carried out within existing resources.

Section 5. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 53, chapter 20, part 2, and the provisions of Title 53, chapter 20, part 2, apply to [section 1].

Section 6. Coordination instruction. If both House Bill No. 2 and [this act] are passed and approved and [this act] contains an appropriation from the federal special revenue fund and the general fund to the department of public health and human services totaling $718,000 or more for the biennium beginning July 1, 2021, then the House Bill No. 2 appropriation for the developmental services division of the department of public health and human services must be reduced by the following amounts in each year of the biennium:

$115,500 federal special revenue
$115,500 general fund.

Section 7. Effective date. [This act] is effective July 1, 2021.

WHEREAS, in 1979 the Montana Legislature eliminated a criminal defendant’s right to raise the so-called “insanity defense” to avoid conviction on the grounds the defendant was suffering from a mental disorder that made the defendant unable to understand the criminal nature of the acts at issue or to conform to the requirements of the law; and

WHEREAS, Montana is one of only four states in the United States without the “insanity defense”, using instead a nonstandard legal practice that has an unclear role in and impact on the safety of our communities, recidivism rates, and overall criminal justice costs; and

WHEREAS, state law now includes a variety of different medical legal categories for defendants and offenders in Montana’s criminal justice system, including guilty but mentally ill, not guilty due to mental illness, and unfit to proceed to trial; and

WHEREAS, these medical legal categories help determine whether a defendant can be tried for a crime, whether the person acted purposely or knowingly when committing a crime, and whether the person was able to appreciate the criminality of the act or was able to act within the law; and

WHEREAS, state law now requires a court to determine whether a defendant is fit to proceed to trial, whether the person acted purposely or knowingly when committing a crime, and whether the person was able to appreciate the criminality of the act or was able to act within the law; and

WHEREAS, if a judge finds that the person was guilty of the crime but suffered from a mental disorder at the time the crime was committed, the judge is required to sentence the person to the director of the Department of Public Health and Human Services for placement in an appropriate facility; and

WHEREAS, the number of these criminal commitments has increased in recent years, putting pressure on the Montana State Hospital to accommodate not only individuals placed at the facility through the civil commitment process but also those committed to the facility through the criminal justice system; and

WHEREAS, in 2016 the Department of Public Health and Human Services created a 54-bed Forensic Mental Health Facility at Galen for people who have been criminally committed to the department; and

WHEREAS, the Department of Corrections is seeing more offenders with complex mental health issues because individuals found guilty but mentally ill are being transferred to the Department of Corrections when they are too aggressive for Department of Public Health and Human Services facilities or have received maximum therapeutic benefit from the treatment being provided; and

WHEREAS, increasing numbers of youth with mental illnesses or mental health issues are being committed to Department of Corrections youth facilities; and
WHEREAS, the Legislature has not closely examined the Forensic Mental Health Facility’s role in Montana’s mental health and criminal justice system. NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) analyze the legal framework around the statutes involving the determination of criminality for defendants with mental illness and the criminal commitment and other processes involving trial disposition, treatment, sentencing, and conditional release and monitoring;

(2) examine the use of the Forensic Mental Health Facility, including criteria for admission to the facility, the number of people placed at the facility for pretrial evaluations, the number placed at the facility on sentencing, and the number transferred to the facility from the Montana State Prison or other correctional facilities;

(3) review the availability of the Forensic Mental Health Facility for people being held in local correctional facilities

(4) the costs of operating the facility; and

(5) the optimal role of the facility in Montana’s mental health and criminal justice systems.

BE IT FURTHER RESOLVED, that the study include input from appropriate stakeholders, including but not limited to county attorneys, district court judges, law enforcement organizations, mental health professionals, the Department of Public Health and Human Services, the Department of Corrections, family members of individuals in the correctional system with mental illness, including family members of those in the Forensic Mental Health Facility, and representatives of organizations serving and advocating for people with mental illness.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2022.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 68th Legislature.

HOUSE JOINT RESOLUTION NO. 9

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE PRESIDENT OF THE UNITED STATES AND THE UNITED STATES CONGRESS TO END THE ENDLESS WAR IN AFGHANISTAN, TO REPEAL THE 2001 AUTHORIZATION FOR USE OF MILITARY FORCE, TO TAKE NO ACTION TO EMPLOY MILITARY FORCES OF THE UNITED STATES IN ACTIVE DUTY COMBAT UNLESS THE UNITED STATES CONGRESS HAS PASSED AN OFFICIAL DECLARATION OF WAR OR HAS TAKEN AN OFFICIAL ACTION OR RENEWED ACTION TO AUTHORIZE THE USE OF MILITARY FORCE, AND TO EXECUTE A PRUDENT FOREIGN POLICY.

WHEREAS, Article I, section 8, of the Constitution of the United States vests in the United States Congress the exclusive power to declare war; and

WHEREAS, despite the clear language of the Constitution of the United States, the United States Congress has abdicated its constitutional duty, too often vesting the power to make war solely in the Executive Branch; and

WHEREAS, the first President, George Washington, wrote: “The Constitution vests the power of declaring war in Congress; therefore no offensive expedition of importance can be undertaken until after they shall have deliberated upon the subject and authorized such a measure”; and

WHEREAS, the father of the Constitution of the United States and the fourth President, James Madison, wrote: “The Constitution supposes, what the history of all governments demonstrates, that the Executive is the branch of power most interested in war, and most prone to it... It has accordingly with studied care vested the question of war in the Legislature”; and

WHEREAS, the author of the Declaration of Independence and the third President, Thomas Jefferson, wrote: “We have already given in example one effectual check to the dog of war by transferring the power of letting him loose from the Executive to the Legislative body...” and “Considering that Congress alone is constitutionally invested with the power of changing our condition from peace to war, I have thought it my duty to await their authority for using force in any degree which could be avoided”; and

WHEREAS, another constitutional framer and the first Secretary of the Treasury, Alexander Hamilton, wrote: “The Congress shall have the power to declare war”; the plain meaning of which is that it is the peculiar and exclusive duty of the United States Congress, when the nation is at peace, to change that state into a state of war; and

WHEREAS, contrary to these clear intentions of the Founding Fathers, the United States Congress has not declared war in over 70 years, and the nation has since gone to war repeatedly at the direction of the Executive Branch; and

WHEREAS, even when the United States Congress has passed authorizations for the use of military force in the past 70 years, they have featured broad and unspecific language that has consistently empowered the Executive Branch to engage in open-ended war with little to none of the oversight and debate about our foreign policy that the Founding Fathers intended; and
WHEREAS, less than one-fifth of current members of the United States Congress voted on the 2001 Authorization for the Use of Military Force, the authority for sending American troops into war in Afghanistan; and

WHEREAS, the United States was justified in its initial response to the 9/11 attacks, and through their valiant efforts our military long ago accomplished our principal strategic goals of bringing the perpetrators to justice, decimating core Al-Qaeda, and severely punishing the Taliban; and

WHEREAS, the United States' continued nation-building attempts in Afghanistan ever since have resulted in the longest war in American history, now old enough that children of our first war fighters can join the military and be deployed to the same war zone their parents served; and

WHEREAS, due to its broad and unspecific language, the 2001 Authorization for the Use of Military Force has been invoked over 41 times to deploy United States troops to over 19 countries since 2001, far beyond the intended scope of its sponsors; and

WHEREAS, the decision to put an American troop in harm’s way is among the most important votes a Legislator can take; and

WHEREAS, Montana is home to Malmstrom Air Force Base, nearly 9,000 active duty and reserve military personnel, and over 92,000 veterans, giving it the third-highest percentage of veteran residents of any state; and

WHEREAS, the United States’ post-9/11 wars have carried a heavy price, including more than 7,000 service members lost, over 53,000 wounded, an estimated 1.1 million veterans who have developed service-connected disabilities, and over $6.4 trillion spent; and

WHEREAS, the costs of these open-ended conflicts include an increase in Post-Traumatic Stress Syndrome, faced by nearly a quarter of Iraq and Afghanistan veterans, and veteran suicides, which have increased a shocking 43% between 2005 and 2017 to nearly 17 a day; and

WHEREAS, over two-thirds of American veterans support bringing our troops home from Afghanistan, according to 2021 polling.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the President of the United States and the United States Congress be urged to take no action to employ military forces of the United States in active-duty combat unless and until the United States Congress has passed an official declaration of war or has taken an official action or renewed action to authorize the use of military force save in instances when our forces must respond to attack.

(2) That the President of the United States and the United States Congress be urged to repeal the 2001 Authorization for the Use of Military Force and to ensure any future authorizations feature geographic and mission-specific language on their intended scope, regular reporting on their use, and automatic sunsets to require their periodic review, debate, and approval by recorded vote.

(3) That the State of Montana call on the President of the United States and the United States Congress to continue to follow through on the progress made since February 2020 toward a full withdrawal from Afghanistan, and to end any periods of endless or perpetual armed conflict with no clear conditions of conclusion or connection to our vital national interests that risk the lives of our military members.

(4) That the State of Montana reaffirm its support of our armed forces who have sworn to protect and defend our nation’s freedom and prosperity.

(5) That the Secretary of State send a copy of this resolution to the President of the United States, the Majority Leader of the United States Senate, the
Speaker of the United States House of Representatives, and the members of the Montana Congressional Delegation with the request that this resolution be officially entered into the congressional record.

CONSERVATION DISTRICTS; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 68TH LEGISLATURE.

WHEREAS, Montana has 58 conservation districts collectively operated by a locally elected and appointed group of more than 450 Montanans, and for more than 80 years, conservation district supervisors have served the people of our state and our natural resources without pay, essentially donating tens of millions of dollars of their time to help make Montana the Last Best Place; and

WHEREAS, for decades, the Legislature has linked conservation district funding to the extraction of natural resources, particularly coal, with the intent that the care and conservation of natural resources should be funded using nonrenewable natural resources; and

WHEREAS, the Coal Severance Tax is the primary funding mechanism for the operation of conservation districts; and

WHEREAS, revenue from the Coal Severance Tax has declined over the past several years and continues to show a significant decline that may not abate; and

WHEREAS, the increasing gap in the amount of dollars annually appropriated by the Legislature and the actual, lesser, dollars that are received by the conservation districts impacts the districts’ abilities to fulfill their purpose of providing for conservation, including natural resource projects that take considerable planning and preparation; and

WHEREAS, proposed solutions to the funding decline must be identified to inform the next Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

WHEREAS, the Montana Board of Crime Control receives more requests for Victims of Crime Act assistance and Violence Against Women Act and Sexual Assault Services Programming funding than current funding levels can satisfy; and
WHEREAS, Montana’s victim services allocations are one of the lowest in the nation because of Montana’s small population and its status as one of the few states that does not have support from general fund appropriations; and
WHEREAS, since 2019, Montana’s Victims of Crime Act assistance allocation has decreased every year and fluctuations in federal funding have resulted in unstable sources of funding for victim services; and

HOUSE JOINT RESOLUTION NO. 31

WHEREAS, while many local, tribal, and county criminal justice system stakeholders collect data, Montana currently does not have a central data repository or clearinghouse for that data; and

WHEREAS, the lack of centralized, electronically stored data related to the system can hinder legislative and public oversight of the system and limit improvements to increase the effectiveness of criminal justice processes and interventions; and

WHEREAS, improvements in data collection requirements and scope might allow the Legislature and the public to track criminal justice system outcomes from arrest to release from prison or supervision; and

WHEREAS, local criminal justice system data, including charging decisions, is difficult to obtain, but it can be crucial to understanding statewide justice system outcomes and making comparisons between jurisdictions; and

WHEREAS, although data, data quality, and the use of data to measure criminal justice system outcomes are often discussed in legislative hearings, these related topics have not yet been the focus of an interim study.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HOUSE JOINT RESOLUTION NO. 34

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF PRETRIAL DIVERSION PROGRAMS AND PRESENTENCE DIVERSION AGREEMENTS.

WHEREAS, a presentence diversion agreement allows a defendant and a prosecutor to agree to suspend the prosecution for a criminal offense on entry of a guilty plea if the defendant abides by certain terms in the agreement; and

WHEREAS, the terms of a pretrial diversion program or a presentence diversion agreement typically will require that the defendant obtain a chemical dependency evaluation and complete the recommended treatment as well as comply with other accountability measures or required programs based on the individual’s needs; and

WHEREAS, if the defendant successfully completes the terms of the pretrial diversion program or the presentence diversion agreement, the criminal charge or charges against the person can be dismissed and will not appear on the person’s criminal history; and

WHEREAS, if the defendant does not successfully complete the terms of the pretrial diversion program or the presentence diversion agreement, the defendant will face court proceedings for the criminal offense or offenses; and

WHEREAS, eligible defendants in pretrial diversion programs or presentence diversion agreements will typically include low-risk, low-need defendants charged with possession of illegal drugs or drug-related offenses and who need addiction services and treatment and not incarceration; and

WHEREAS, involvement in the criminal justice system and a criminal conviction can have lasting negative impacts on a person years after the offense; and

WHEREAS, presentence diversion agreements are used to divert low-risk, low-need individuals from the criminal justice system; and

WHEREAS, the crimes are directly related to the defendant’s abuse of drugs, alcohol, or both; and
WHEREAS, a pretrial diversion program or a presentence diversion agreement can allow a defendant to obtain and complete treatment outside of a secure facility; and
WHEREAS, increasing access to pretrial diversion programs and presentence diversion agreements for certain defendants could reduce caseloads for prosecutors, public defenders, judges, and the Department of Corrections, while also prioritizing jail and prison bed space for other offenders; and
WHEREAS, intervening early through pretrial diversion programs and presentence diversion agreements and providing treatment for underlying addiction issues will create cost savings for the criminal justice system and improve outcomes for offenders.

WHEREAS, since reporting began, significant numbers of children have been sent to service providers in other states, including children who are involved in the child protective services system and the juvenile justice system; and

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to undertake a comprehensive review of the elements of Montana’s mental health system for children to determine:

(1) how children become involved in the mental health system, including children who are involved with the child protective or juvenile justice systems, and the reasons some of the children are placed in psychiatric or other facilities that are located outside of Montana;

(2) whether gaps exist in Montana’s service system that cause children to be sent to out-of-state services;

(3) the prevention systems that exist in Montana for children to avoid placement in psychiatric facilities either in Montana or outside of Montana; and

(4) the steps that the Legislature or executive branch could take to improve the system of children’s mental health services in this state to avoid psychiatric institutional placements for children and meet their needs in less-restrictive settings.

(3) (a) “Majority leader” means the leader of the majority party, elected by the caucus.

(b) “Majority party” means the party with the most members, subject to subsection (4).

(8) Upon request of the Minority Leader, the Speaker will submit a request for a fiscal note on any bill.

CHAPTER 2
Decorum

H20-10. Addressing the House — recognition. (1) When a member desires to speak to or address any matter to the House, the member should rise and respectfully address the Speaker or the presiding officer.

(2) The Speaker or presiding officer may ask, “For what purpose does the member rise?” or “For what purpose does the member seek recognition?” and may then decide if recognition is to be granted, except that the Speaker or presiding officer shall always recognize the Speaker pro tempore, the majority leader, or the minority leader.

H20-20. Questions of order and privilege — appeal — restrictions — definitions. (1) The Speaker shall decide all questions of order and privilege, subject to an appeal by any representative, seconded by two representatives, to the House for determination by majority vote. The question on appeal is, “Shall the decision of the chairman be sustained?”.

(2) Responses to parliamentary inquiries and decisions of recognition may not be appealed.

(3) Questions of order and privilege, in order of precedence, are:

(a) those affecting the collective rights, safety, dignity, and integrity of the House; and

(b) those affecting the rights, reputation, and conduct of individual representatives.

(4) A member may not address the House on a question of privilege between the time:

(a) an undebatable motion is offered and the vote is taken on the motion;

(b) the previous question is ordered and the vote is taken on the proposition included under the previous question; or

(c) a motion to lay on the table is offered and the vote is taken on the motion.

(5) (a) “Parliamentary inquiry” means a request for information regarding some procedure concerning some questions before the house.

(b) “Questions of order and privilege” means those questions as provided for in subsection (3) that enforce the House rules, maintain the order of the House, and protect the integrity, rights, and privileges of the House and its members.

H20-30. Limits on lobbying. Lobbying on the House floor and in the anteroom is prohibited during a daily session, 2 hours before the session, and 2 hours after the session. A registered lobbyist is prohibited from the house floor.

H20-40. Admittance to the House floor. (1) The following persons may be admitted to the House floor during a daily session: present legislators and
former legislators who are not registered lobbyists; legislative employees necessary for the conduct of the session; registered media representatives; and members’ spouses and children. The Speaker may allow exceptions to this rule.

(2) Only a member may sit in a member’s chair when the House is in session.

H20-50. Dilatory motions or questions — appeal. The House has a right to protect itself from dilatory motions or questions used for the purpose of delaying or obstructing business. The presiding officer shall decide if motions (except a call of the House) or questions are dilatory. This decision may be appealed to the House for a determination by majority vote.

H20-60. Lobbying by employees — sanctions. (1) A legislative employee or aide of either house is prohibited from lobbying, although a legislative committee may request testimony from a person so restricted.

(2) The Speaker may discipline or discharge any House employee violating this prohibition. The Speaker may withdraw the privileges of any House aide violating this prohibition.

H20-70. Papers distributed on desks — exception. A paper concerning proposed legislation may not be placed on representatives’ desks unless it is authorized by a member and permission has been granted by the Speaker. The Sergeant-at-Arms shall direct its distribution. This restriction does not apply to material prepared by staff and placed on a representative’s desk at the request of the representative.

H20-80. Violation of rules — procedure — appeal. (1) If a member, in speaking or otherwise, violates the rules of the House, the Speaker shall, or the majority or minority leader may, call the member to order, in which case the member called to order must be seated immediately.

(2) The member called to order may move for an appeal to the House and if the motion is seconded by two members, the matter must be submitted to the House for determination by majority vote. The motion is nondebatable.

(3) If the decision of the House is in favor of the member called to order, the member may proceed. If the decision is against the member, the member may not proceed.

(4) If a member is called to order, the matter may be referred to the Rules Committee by the minority or majority leader. The Committee may recommend to the House that the member be censured or be subject to other action. Censure consists of an official public reprimand of a member for inappropriate behavior. The House shall act upon the recommendation of the Committee.

CHAPTER 3

Committees

H30-05. Interim committee appointments. (1) The Speaker shall, with the approval of the House by a majority vote, appoint the membership of interim committees no later than 10 legislative days before the scheduled 90th legislative day or prior to adjournment sine die if before the 90th legislative day.

(2) A change by the Speaker of an interim committee appointment or the filling of a vacancy may be approved by the House by a majority vote.

(3) (a) As provided in subsection (3)(b), the House may change the membership of any interim committee by a three-fifths vote of the members present and voting on 3 legislative days’ notice.

(b) A member under Order of Business No. 9 may move that specified changes be made to the membership of any interim committee, with the vote 3 legislative days from the day the motion was made.

H30-10. House standing committees — appointments — classification. (1) (a) (i) The Speaker shall determine the total number of members and after
good faith consultation with the minority leader shall, with the approval of the House by a majority vote, appoint the chairs, vice chairs, and members to the standing committees.

(ii) A change by the Speaker of a standing committee appointment or the filling of a vacancy may be approved by the House by a majority vote.

(b) The minority leader shall designate a minority vice chair for each standing committee.

(2) The standing committees of the House are as follows:

(a) class one committees:
(i) Appropriations;
(ii) Business and Labor;
(iii) Human Services;
(iv) Judiciary;
(v) State Administration; and
(vi) Taxation;
(b) class two committees:
(i) Education;
(ii) Energy, Technology, and Federal Relations;
(iii) Natural Resources; and
(iv) Transportation;
(c) class three committees:
(i) Agriculture;
(ii) Fish, Wildlife, and Parks; and
(iii) Local Government; and
(d) on call committees:
(i) Ethics;
(ii) Rules; and
(iii) Legislative Administration.

(3) A class 1 committee is scheduled to meet Monday through Friday. A class 2 committee is scheduled to meet Monday, Wednesday, and Friday. A class 3 committee is scheduled to meet Tuesday and Thursday. Unless a class is prescribed for a committee, it meets upon the call of the chair.

(4) The Legislative Council shall review the workload of the standing committees to determine if any change is indicated in the class of a standing committee for the next legislative session. The Legislative Council's recommendations must be submitted to the leadership nominated or elected at the presession caucus.

(5) There will be six subcommittees of the Committee on Appropriations, Education, General Government, Health and Human Services, Natural Resources and Transportation, Judicial Branch, Law Enforcement, and Justice, and Long-Range Planning. Each member serving on the Appropriations Committee must be appointed to at least one of the subcommittees.

(6) The Speaker shall give notice of each appointment to the Chief Clerk for publication.

(7) (a) The Speaker may, in the Speaker's discretion or as authorized by the House, create and appoint select committees, designating the chairman and vice chairman of the select committee with the approval of the House by a majority vote. Select committees may request or receive legislation in the same manner as a standing committee and are subject to the rules of standing committees.

(b) A change by the Speaker of select committee appointment or the filling of a vacancy may be approved by the House by a majority vote.
(8) (a) The Speaker shall appoint all conference, select, and special committees with the advice of the majority leader and minority leader and with the approval of the House by a majority vote.

(b) A change by the Speaker of a conference, select, or special committee appointment or the filling of a vacancy may be approved by the House by a majority vote.

(9) (a) (i) Except as provided in subsection (9)(b), the House may change the membership of any committee by a three-fifths vote of the members present and voting on 3 legislative days’ notice as provided in subsection (9)(a)(ii).

(ii) A member under Order of Business No. 9 may move that specified changes be made to the membership of any committee, with the vote 3 legislative days from the day the motion was made.

(b) (i) The House may change the membership of a conference committee by a three-fifths vote of the members present and voting on 2 legislative days’ notice as provided in subsection (9)(b)(ii).

(ii) A member under Order of Business No. 9 may move that specified changes be made to the membership of any committee, with the vote 2 legislative days from the day the motion was made.

H30-20. Chairman’s duties. (1) The principal duties of the chairman of standing or select committees are to:

(a) preside over meetings of the committee and to put all questions;

(b) except as provided in H30-40(3)(b) and H30-50(3)(b), schedule all bills assigned to committee for a hearing prior to 3 legislative days before the applicable transmittal deadline for the bill as provided in Joint Rule 40-200;

(c) maintain order and decide all questions of order subject to appeal to the committee;

(d) supervise and direct staff of the committee;

(e) have the committee secretary keep the official record of the minutes;

(f) sign reports of the committee and submit them promptly to the Chief Clerk;

(g) appoint subcommittees to perform on a formal or an informal basis as provided in subsection (2); and

(h) inform the Speaker of committee activity.

(2) With the exception of the House Appropriations subcommittees, a subcommittee of a standing committee may be appointed by the chairman of the committee. The chairman of the standing committee shall appoint the chairman of the subcommittee.

H30-30. Quorum — officers as members. (1) A quorum of a committee is a majority of the members of the committee. A quorum of a committee must be present at a meeting to act officially. A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(2) The Speaker, the majority leader, and the minority leader are ex officio, nonvoting members of all House committees. They may count toward establishing a quorum.

H30-40. Meetings — purpose — notice — minutes. (1) All meetings of committees must be open to the public at all times, subject always to the power and authority of the chairman to maintain safety, order, and decorum. The date, time, and place of committee meetings must be posted.

(2) A committee or subcommittee may be assembled for:

(a) a public hearing at which testimony is to be heard and at which official action may be taken on bills, resolutions, or other matters;

(b) a formal meeting at which the committees may discuss and take official action on bills, resolutions, or other matters without testimony; or
(c) a work session at which the committee may discuss bills, resolutions, or other matters but take no formal action.

(3) (a) All committees meet at the call of the chairman or upon the request of a majority of the members of the committee.

(b) A committee, through motion, may schedule a bill within the possession of the committee for a hearing prior to 3 legislative days before the applicable transmittal deadline for the bill as provided in Joint Rule 40-200.

(4) All committees shall provide for and give public notice, reasonably calculated to give actual notice to interested persons, of the time, place, and subject matter of regular and special meetings. All committees are encouraged to provide at least 3 legislative days’ notice to members of committees and the general public. However, a meeting may be held upon notice appropriate to the circumstances.

(5) A committee may not meet during the time the House is in session without leave of the Speaker. Any member attending such a meeting must be considered excused to attend business of the House subject to a call of the House.

(6) All meetings of committees must be recorded and the minutes must be available to the public within a reasonable time after the meeting. The official record must contain at least the following information:

(a) the time and place of each meeting of the committee;
(b) committee members present, excused, or absent;
(c) the names and addresses of persons appearing before the committee, whom each represents, and whether the person is a proponent, opponent, or other witness;
(d) all motions and their disposition;
(e) the results of all votes;
(f) references to the recording log, sufficient to serve as an index to the original recording; and
(g) testimony and exhibits submitted in writing.

H30-50. Procedures — absentee or proxy voting — member privileges.

(1) The chairman shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not take up referred legislation unless the sponsor or one of the cosponsors is present or unless the sponsor has given written consent. The chairman shall attempt to not schedule Senate bills while the Senate is in session.

(3) (a) Subject to H30-60 and subsection (3)(b), the committee shall act on each bill in its possession and that has had a hearing prior to the last legislative day before the applicable transmittal deadline for the bill as provided in Joint Rule 40-200:

(i) by reporting the bill out of the committee:
(A) with the recommendation that it be referred to another committee;
(B) favorably as to passage; or
(C) unfavorably; or
(ii) by tabling the measure in committee.

(b) Except as provided in subsection (3)(c), at the written request of the sponsor made at least 48 hours prior to a scheduled hearing, a bill may be withdrawn by the sponsor without a hearing. A bill may not be reported from a committee without a hearing.

(c) A bill may not be withdrawn by the sponsor after a hearing.

(4) The committee may not report a bill to the House without recommendation.
(5) The committee may recommend that a bill on which it has made a favorable recommendation by unanimous vote be placed on the consent calendar. A tie vote in a standing committee on the question of a recommendation to the whole House on a matter before the committee, for example on a question of whether a bill is recommended as “do pass” or “do not pass”, does not result in the matter passing out to the whole House for consideration without recommendation.

(6) In reporting a measure out of committee, a committee shall include in its report:

(a) the measure in the form reported out;
(b) the recommendation of the committee;
(c) an identification of all substantive changes; and
(d) a fiscal note, if required and available.

(7) If a measure is withdrawn from a committee and brought to the House floor for debate on second reading on that day without a committee recommendation, the bill does not include amendments formally adopted by the committee because committee amendments are merely recommendations to the House that are formally adopted when the committee report is accepted by the House.

(8) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(9) The vote of each member on all committee actions must be recorded. All motions may be adopted only on the affirmative vote of a majority of the members voting. Standing and select committees may by a majority vote of the committee authorize members to vote by proxy if absent, while engaged in other legislative business or when excused by the presiding officer of the committee due to illness or an emergency. Authorization for absentee or proxy voting must be reflected in the committee minutes.

(10) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(11) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(12) A committee may reconsider any action as long as the matter remains in the possession of the committee. A committee member need not have voted with the prevailing side in order to move reconsideration.

(13) (a) Except as provided in subsection (13)(b), legislation requested by a committee requires three-fourths of all members of the committee to vote in favor of the question to allow the committee to request the drafting or introduction of legislation. Votes requesting drafting and introduction of committee legislation may be taken jointly or separately.

(b) The House Appropriations committee may request the drafting and introduction of legislation by a majority vote of all of the members of the committee.

(14) The chairman shall decide points of order.

(15) The privileges of committee members include the following:

(a) to participate freely in committee discussions and debate;
(b) to offer motions;
(c) to assert points of order and privilege;
(d) to question witnesses upon recognition by the chairman;
(e) to offer any amendment to any bill; and

(f) to vote, either by being present or by proxy if authorized pursuant to subsection (9), using a standard form or through the vice chairman or minority vice chairman.
(16) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the House Rules.

(17) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(18) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the House are applicable except as stated in the House Rules.

H30-60. Public testimony — decorum — time restrictions.

(1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee’s official record.

(3) The chairman may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chairman. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshal. The chairman shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chairman may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is allowed only at the discretion of the chairman.

CHAPTER 4

Legislation

H40-10. Introduction deadlines. If a representative accepts drafted legislation from the Legislative Services Division after the deadline for preintroduction, the representative may not introduce that legislation after 2 legislative days from the time the bill was accepted from the Legislative Services Division.

H40-20. House resolutions. (1) A House resolution is used to adopt or amend House rules, make recommendations on the districting and apportionment plan (Montana Constitution, Art. V, Sec. 14), express the sentiment of the House, or assist House operations.

(2) As to drafting, introduction, and referral, a House resolution is treated as a bill. A House resolution may be requested and introduced at any time. Final passage of a House resolution is determined by the Committee of the Whole report. A House resolution does not progress to third reading.

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

H40-30. Cosponsors. (1) Prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors. A legislator shall sign the cosponsor form attached to the legislation in order to be added as a cosponsor.

(2) After legislation is submitted for introduction but before the legislation returns from the first House committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Chief Clerk. This filing must be noted by the Chief Clerk for the record on Order of Business No. 11.
H40-40. Introduction — receipt — messages from Senate and elected officials. (1) During a session, proposed House legislation may be introduced in the House by submitting it, endorsed with the signature of a representative as chief sponsor, to the Chief Clerk for introduction. Except for the first 15 bill numbers that may be reserved for preintroduced legislation, in each session of the Legislature, the proposed legislation must be numbered consecutively by type in the order of receipt. Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation or other matters transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House or receipt by the House for purposes of applying time limits contained in the House rules. All legislation may be referred to a committee prior to being read across the rostrum as provided in H40-50.

(4) Acknowledgment by the Chief Clerk of receipt of messages from the Senate or other elected officials constitutes receipt by the House for purposes of any applicable time limit. Senate legislation or messages received from the Senate or elected officials are subject to all other rules.

H40-50. First reading — receipt of Senate legislation. Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules. Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate commences the time limit for consideration of the legislation. All legislation received by the House may be referred to a committee prior to being read across the rostrum.

H40-60. One reading per day — exception. Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

H40-70. Referral. (1) The Speaker shall refer to a House committee, joint select committee, or joint special committee all properly introduced House legislation and transmitted Senate legislation in conformity with the House Rules Appendix and within 2 legislative days of introduction or transmission.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee, joint select committee, or joint special committee.

H40-80. Rereferal — Appropriations Committee rereferral — normal progression. (1) Legislation that is in the possession of the House and that has not had a House hearing in the currently assigned House committee may be rereferred to a House committee in accordance with the House Rules Appendix, by House motion approved by a majority of the members present and voting.

(2) (a) With the consent of the majority leader, the minority leader, and the bill sponsor, legislation that has passed second reading in the Committee of the Whole and that has been rereferred to the Appropriations Committee and is reported from committee without amendments may be placed on third reading.

(b) Prior to being placed on third reading, legislation rereferred must be sent to be processed and reproduced as a third reading version and specifically marked as having been passed on second reading and rereferred to the House Appropriations Committee and reported from the committee without amendments.
(3) (a) The normal progress of legislation through the House consists of the following steps in the order listed: introduction; referral to a standing or select committee; a report from the committee; second reading; and third reading.

(b) A motion to remove legislation from its normal progress through the House as provided in subsection (3)(a) by House motion must be approved by not less than three-fifths of the members present and voting.

H40-90. Legislation withdrawn from committee. Legislation may be withdrawn from a House committee after a committee hearing on the legislation by House motion approved by not less than three-fifths of the members present and voting.

H40-100. Standing committee reports — requirement for rejection of adverse committee report. (1) A House standing committee recommendation of “do pass” or “be concurred in” must be announced across the rostrum and, if there is no objection to form, is considered adopted.

(2) A recommendation of “do not pass” or “be not concurred in” must be announced across the rostrum and, on the following legislative day, may be debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by a majority of the members voting. Failure to adopt a motion to reject an adverse committee report constitutes adoption of the report.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

H40-110. Consent calendar procedure. (1) Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(a) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(b) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a “consent calendar” item.

(2) Other legislation may be placed on the consent calendar by agreement between the Speaker and the minority leader following a positive recommendation by a standing committee. The legislation must be sent to be processed as a second reading version but must be specifically announced and posted as a “consent calendar” item.

(3) Legislation must be posted immediately (as soon as it is received appropriately printed) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow “reasonable time” for questions and answers upon request. No debate is allowed.

(4) If any one representative submits a written objection to the placement of legislation on the consent calendar, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda, as separately noted on the agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate. Legislation must be appropriately printed prior to transmittal.
H40-120. Legislation requiring other than a majority vote. Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to third reading and that normally requires a majority vote.

H40-130. Amending House second and third reading agendas — vote requirements. (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

(2) (a) Legislation reported out of committee may be added to the second reading agenda on that legislative day on a motion approved by a majority of the members present and voting.

(b) Legislation reported out of the Committee of the Whole may be added to the third reading agenda on 1 day's notice on a motion approved by a majority of the members present and voting.

H40-140. Second reading — timing — obverse vote on failed motion — status of amendments — rejection of report — segregation. (1) Legislation returned or withdrawn from committee by motion must be placed on second reading prior to the transmittal deadlines provided for in Joint Rule 40-200 that are applicable to each piece of legislation.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill “do pass” or “be concurred in” fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill “do not pass” or “be not concurred in”, is considered to have passed. If a motion to recommend that a bill “do not pass” or “be not concurred in” fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill “do pass” or “be concurred in”, is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, and must be acted on by the Committee of the Whole by the next legislative day unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise. Amendments adopted by the Committee of the Whole on segregated legislation remain adopted unless reconsidered pursuant to H50-170 or unless the legislation is rereferred to a committee.

H40-150. Amendments in the Committee of the Whole — timing — official records. (1) All Committee of the Whole amendments must be prepared by the Legislative Services Division and checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Services Division, before the amendment may be accepted at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.
(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative. Unless the majority leader, the minority leader, and sponsor agree, amendments must be printed and placed on the members’ desks or electronically posted or sent to the members prior to consideration.

(3) An amendment may not be proposed until the sponsor has opened on a bill.

(4) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

(5) An amendment may not change the original purpose of the bill.

**H40-160. Motions in the Committee of the Whole — quorum required.**

(1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

(a) recommend passage or nonpassage;
(b) recommend concurrence or nonconcurrence (Senate amendments to House legislation);
(c) amend;
(d) reconsider as provided in H50-170;
(e) pass consideration;
(f) call for cloture;
(g) change the order in which legislation is placed on the agenda; and
(h) rise, rise and report, or rise and report progress and beg leave to sit again.

(2) Subsections (1)(d) through (1)(f) and (1)(h) are nondebatable but may be amended. Once a motion under subsection (1)(a) or (1)(b) is made, a contrary motion is not in order.

(3) The motions listed in subsection (1) may be made in descending order as listed.

(4) If a quorum of representatives is not present during second reading, the Committee of the Whole may not conduct business on legislation and a motion for a call of the House without a quorum is in order.

**H40-170. Limits on debate in the Committee of the Whole.** (1) Except as provided in H40-180, a representative may not speak more than once on the motion and may speak for no more than 5 minutes. The representative who makes the motion may speak a second time for 5 minutes in order to close.

(2) (a) Except as provided in subsection (2)(b), after at least two proponents and two opponents have spoken on a question and 30 minutes have elapsed from the point in time that the sponsor’s opening remarks on the motion end and debate on the motion begins, a motion to call for cloture is in order.

(b) (i) The 30-minute tolling requirement for a cloture motion made pursuant to subsection (2)(a) does not include time spent on floor debate of a substitute motion to amend the original question.

(ii) Each substitute motion to amend the original question is subject to a cloture motion and the cloture requirements provided for in this rule.

(iii) Once a substitute motion to amend is dispensed with and there are no other substitute motions to amend, the 30-minute tolling requirement for the original question pursuant to subsection (2)(a) resumes from the point in time in which the first substitute motion to amend was made.

(c) Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.
(3) By previous agreement of the majority leader and the minority leader:
(a) a lead proponent and a lead opponent may be granted additional time
to speak on a bill;
(b) a bill or resolution may be allocated a predetermined amount of time for
debate and number of speakers.

**H40-180. Special provisions for debate on the general appropriations**
**bill – sections – amendments.** (1) The Appropriations Committee chairman,
in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chairman shall fully present the
chairman’s portion of the bill. A subcommittee chairman is not subject to the
5-minute speaking limitation.

(3) After the presentation by the subcommittee chairman, the respective
section of the bill is open for debate, questions, and amendments. A proposed
amendment to the general appropriations act may not be divided.

(4) An amendment that affects more than one section of the bill must be
offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed
and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the
amendment of that member may be entertained. Another member wishing to
amend the same section shall make a separate motion to reopen the section.

(7) Debate on the motion to reopen a section is limited to the question of
reopening the section. The amendment itself may not be debated at that time.
This limitation does not prohibit the member from explaining the amendment
to be considered.

**H40-190. Engrossing.** (1) After legislation is passed on second reading,
it must be engrossed within 48 hours under the direction of the Speaker. The
Speaker may grant an additional 24 hours for engrossing.

(2) When the legislation that has passed second reading, as amended, has
been correctly engrossed, it must be placed on third reading on the following
legislative day. If the bill is not amended, the bill must be sent to printing and
must be placed on third reading on the legislative day after receipt. On the
final legislative day, the correctly engrossed legislation may be placed on third
reading on the same legislative day. For the purposes of this rule, “engrossing”
means placing amendments in a bill. (See Joint Rule 40-150.)

**H40-200. Third reading.** (1) All bills, joint resolutions, and Senate
amendments to House bills and joint resolutions passing second reading must
be placed on third reading the day following the receipt of the engrossing or
other appropriate printing report.

(2) Legislation on third reading may not be amended or debated.

(3) The Speaker shall state the question on legislation on third reading. If a
majority of the representatives voting does not approve the legislation, it fails
to pass third reading.

**H40-210. Senate legislation in the House.** Senate legislation properly
transmitted to the House must be treated as House legislation.

**H40-220. Senate amendments to House legislation.** (1) When the
Senate has properly returned House legislation with Senate amendments, the
House shall announce the amendments on Order of Business No. 4, and the
Speaker shall place them on second reading for debate. The Speaker may, with
the approval of the House, rerefer House legislation with Senate amendments
to a committee for a hearing if the Senate amendments constitute a significant
change in the House legislation. The second reading vote is limited to
consideration of the Senate amendments.
(2) If the House accepts Senate amendments, the House shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the House rejects the Senate amendments, the House may request the Senate to recede from its amendments or may direct appointment of a conference committee and request the Senate to appoint a like committee.

**H40-230. Conference committee reports.** (1) When a House conference committee files a report, the report must be announced under Order of Business No. 3.

(2) The House may debate and adopt or reject the conference committee report on second reading on any legislative day. The House may reconsider its action in rejecting a conference committee report under rules for reconsideration, H50-160.

(3) If both the House and the Senate adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the House, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(4) If the House rejects a conference committee report, the committee continues to exist unless dissolved by the Speaker or by motion. The committee may file a subsequent report.

(5) A House conference committee may confer regarding matters assigned to it with any Senate conference committee with like jurisdiction and submit recommendations for consideration of the House.

**H40-240. Enrolling.** (1) When House legislation has passed both houses, it must be enrolled within 48 hours under the direction of the Speaker. The Speaker may grant an additional 24 hours for enrolling.

(2) The chief sponsor of the legislation shall examine the enrolled legislation and, if it has no enrolling errors, shall, within 1 legislative day, certify the legislation as correctly enrolled.

(3) The correctly enrolled legislation must be delivered to the Speaker, who shall sign the legislation within 1 day of receipt of the correctly enrolled legislation unless the bill sponsor concurs to delay the signing of the enrolled legislation.

(4) After the legislation has been reported correctly enrolled but before it is signed, any representative may examine the legislation. (See Joint Rule 40-160.)

**H40-250. Governor’s amendments.** (1) (a) When the Governor returns a bill with recommended amendments, the House shall announce the amendments under Order of Business No. 5.

(b) The Governor’s amendments must be placed on the second reading agenda for consideration by the Committee of the Whole or may be assigned to a committee in accordance with the House Rules Appendix for a recommendation of adoption or rejection of the Governor’s amendments.

(2) The House may debate and adopt or reject the Governor’s recommended amendments on second reading on any legislative day.

(3) If both the House and the Senate accept the Governor’s recommended amendments on a bill that requires more than a majority vote for final passage, the House shall place the final form of the legislation on third reading to determine if the required vote is obtained.

**H40-260. Governor’s veto.** (1) When the Governor returns a bill with a veto, the House shall announce the veto under Order of Business No. 5.

(2) On any legislative day, a representative may move to override the Governor’s veto by a two-thirds vote under Order of Business No. 9.
CHAPTER 5

Floor Actions

H50-10. Attendance — excuse — call of the House. (1) A representative, unless excused, is required to be present at every sitting of the House.

(2) A representative may request in writing to be excused for a specified cause by the representative’s party leader. This excused absence is not a leave with cause from a call of the House.

H50-20. Quorum. (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may not conduct business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

H50-30. Call of the House without a quorum. (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by a successful motion to adjourn for the day or by two-thirds of the representatives present and voting.

H50-50. Leave with cause during call of the House. (1) During a call of the House, a representative with an overriding medical or personal reason may request a leave with cause.

(2) If the representative is present at the time of the call, the Speaker, with the approval of a majority of representatives present, may approve a request for a leave with cause.

(3) If the representative is not present at the time of the call, two-thirds of the representatives present and voting may approve a request for leave with cause.

(4) During a call of the House, a representative on leave with cause may not cast an absentee vote.

H50-60. Opening and order of business. The opening of each legislative day must include an invocation, the pledge of allegiance, and roll call. Following the opening, the order of business of the House is as follows:

(1) communications and petitions;
(2) reports of standing committees;
(3) reports of select committees;
(4) messages from the Senate;
(5) messages from the Governor;
(6) first reading and commitment of bills;
(7) second reading of bills;
(8) third reading of bills;
(9) motions;
(10) unfinished business;
(11) special orders of the day; and
(12) announcement of committee meetings.

H50-65. Request to move to any order of business. (1) Except as provided in subsection (2), the Speaker pro tempore, the majority leader, or the minority leader may request that the House move to any order of business at any time.
(2) If the House has resolved itself into the Committee of the Whole under Order of Business No. 7, a representative may not request that the House move to any order of business.

**H50-70. Motions.** (1) Any representative may propose a motion allowed by the rules for the order of business under which the motion is offered for the consideration of the House. Unless otherwise specified in rule or law, a majority of representatives voting is necessary and sufficient to decide a motion.

(2) Seconds to motions on the House floor are not required.

(3) Absentee votes are not allowed on votes that are specified as “representatives present and voting”.

(4) The majority leader shall make routine procedural motions required to conduct the business of the House.

**H50-80. Limits on debate of debatable motions.** (1) Except for the representative who places a debatable motion before the body, no representative may speak more than once on the question unless a unanimous House consents. The representative who places the motion may close.

(2) No representative may speak for more than 10 minutes on the same question, except that a representative may have 5 minutes to close.

**H50-90. Nondebatable motions.** (1) A representative has the right to understand any question before the House and, usually under the administration of the presiding officer, may ask questions to exercise this right.

(2) The following motions are nondebatable:

(a) to adjourn pursuant to H50-250;
(b) for a call of the House;
(c) to recess or rise;
(d) for parliamentary inquiry;
(e) to table or take from the table;
(f) to call for the previous question or cloture;
(g) to amend a nondebatable motion;
(h) to divide a question;
(i) to suspend the rules;
(j) all incidental motions, such as motions relating to voting or of a general procedural nature;
(k) to appeal a call to order;
(l) to question the lack of a quorum pursuant to H50-20; and
(m) to change a vote pursuant to H50-210.

**H50-100. Questions.** A representative may, through the presiding officer, ask questions of another representative during a floor session. There is no limit on questions and answers, except as provided in H20-50.

**H50-110. Amending motions — limitations.** (1) A representative may move to amend the specific provisions of a motion without changing its substance.

(2) No more than one motion to amend a motion is in order at any one time.

(3) A motion for a call of the House, for the previous question, to table, or to take from the table may not be amended.

**H50-120. Substitute motions.** (1) When a question is before the House, no substitute motion may be made except the following, which have precedence in the order listed:

(a) to adjourn (nondebatable H50-90 and H50-250);
(b) for a call of the House (nondebatable H50-90);
(c) to recess or rise (nondebatable H50-90);
(d) for a question of privilege;
(e) to table (nondebatable H50-90);
(f) to call for the previous question or cloture;
(g) to postpone consideration to a day certain;
(h) to refer to a committee; and
(i) to propose amendments.
(2) Nothing in this section allows a motion that would not otherwise be allowed under a particular order of business.
(3) (a) Except as provided in subsection (3)(b), no more than one substitute motion is in order at any one time.

(b) A motion for cloture is in order on a substitute motion to amend.

**H50-130. Withdrawing motions.** A representative who proposes a motion may withdraw it before it is voted on or amended.

**H50-140. Dividing a question.** Except as provided in H40-180(3), a representative may request to divide a question as a matter of right if it includes two or more propositions so distinct that they can be separated and if at least one substantive question remains after one substantive question is removed. The request is nondebatable under H50-90. The presiding officer may rule that a question is nondivisible. The ruling of the chair may be appealed as provided in H50-160(11) or (13) and H70-50. For an appeal of a ruling of the presiding officer, the question for the house must be stated as, “Shall the ruling of the chair be upheld?”.

**H50-150. Previous question — close.** (1) If a majority of representatives present and voting adopts a motion for the previous question, debate is closed on the question and it must be brought to a vote. The Speaker may not entertain a motion to end debate unless at least one proponent and one opponent have spoken on the question.
(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

**H50-160. Questions requiring other than a majority vote.** The following questions require the vote specified for each condition:

### 100 House Members
(1) a motion to approve a bill to appropriate the principal of the tobacco settlement trust fund pursuant to Article XII, section 4, of the Montana Constitution (two-thirds);

H50‑170. Reconsideration — time restriction. (1) Any representative may, within 1 legislative day of a vote, move to reconsider the House vote on any matter still within the control of the House.
(2) A motion to reconsider is a debatable motion, but the debate is limited to the motion. The debate on a motion to reconsider is limited to two proponents and two opponents to the motion and the debate may not address the substance of the matter for which reconsideration is sought. However, an inquiry may be made concerning the purpose of the motion to reconsider.
(3) A motion for reconsideration, unless tabled or replaced by a substitute motion, must be disposed of when made.
(4) When a motion for reconsideration fails, the question is finally settled. A motion for reconsideration may not be renewed or reconsidered.
(5) A motion to recall legislation from the Senate constitutes a motion to reconsider and is subject to the same rules.
(6) A motion for reconsideration is not in order on a vote to postpone to a day certain or to table legislation.
(7) There may be only one reconsideration vote on a specific issue on a legislative day.

H50‑180. Renewing procedural motions. The House may renew a procedural motion if further House business has intervened.

H50‑190. Tabling. (1) Under Order of Business No. 9, a representative may move to table any question, motion, or legislation before the House except the question of a quorum or a call of the House. The motion is nondebatable and may not be amended.
(2) When a matter has been tabled, a representative may move to take it from the table under Order of Business No. 9 on any legislative day.

H50‑200. Voting — conflict of interest — present by electronic means. (1) The representatives shall vote to decide any motion or question properly before the House. Each representative has one vote.
(2) The House may, without objection, use a voice vote on procedural motions that are not required to be recorded in the journal. If a representative rises and objects, the House shall record the vote.

(3) The House shall record the vote on all substantive questions. If the voting system is inoperable, the Chief Clerk shall record the representatives’ votes by other means.

(4) A member who is present shall vote unless the member has disclosed a conflict of interest to the House.

(5) A member may be present for a vote by electronic means.

H50-210. Changing a vote – consent required. (1) A representative may move to change the representative’s vote within 1 legislative day of the vote. The motion is nondebatable. The motion must be made on Order of Business No. 9, motions. All of the members present and voting are required to consent to the change in order for it to be effective.

(2) The representative making the motion shall first specify the bill number, the question, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation.

(3) A vote change must be entered into the journal as a notation that the member’s vote was changed. The original printed vote will not be reprinted to reflect the change.

(4) An error caused by a malfunction of the voting system may be corrected without a vote.

H50-220. Absentee votes – restrictions. (1) An excused representative may file an absentee vote authorization form to vote during the excused absence on any vote for which absentee voting is allowed.

(4) The absentee vote authorization may be revoked before the vote by the member who signed the authorization.

(5) Absentee voting is not allowed on third reading or on motions specified as present and voting pursuant to H50-70.

H50-230. Recess. The House may stand at ease or recess under any order of business by order of the Speaker or a majority vote. The recess may be ended at the call of the chair or at a time specified.

H50-240. Adjournment for a legislative day. (1) A representative may move that the House adjourn for that legislative day. The motion is nondebatable and may be made under any order of business except Order of Business No. 7.

(2) A motion to adjourn for a legislative day must specify a date and time for the House to convene on the subsequent legislative day.

H50-250. Adjournment sine die. Subject to Article V, section 10(5), of the Montana Constitution, a representative may move that the House adjourn for the session. The motion is nondebatable and may be made under any order of business except Order of Business No. 7.

CHAPTER 6

Motions

H60-10. Proposal for consideration. (1) Every question presented to the House or a committee must be submitted as a definite proposition.
(2) A representative has the right to understand any question before the House and, under the authority of the presiding officer, may ask questions to exercise this right.

(3) Except as provided in H50-160 or as specifically provided for in these House Rules, a majority vote of representatives voting is necessary for a motion or question to pass.

H60-20. Nondebatable motions. The following motions, in addition to any other motion specifically designated, must be decided without debate:

(1) to adjourn;
(2) for a call of the House;
(3) to recess or rise;
(4) for parliamentary inquiry;
(5) to table or to take from the table;
(6) to call for the previous question or for cloture;
(7) to amend a nondebatable motion;
(8) to divide a question;
(9) to suspend the rules; and
(10) all incidental motions, such as motions relating to voting or of a general procedural nature.

H60-30. Motions allowed during debate. (1) When a question is under debate, only the following motions are in order. The motions have precedence in the following order:

(a) to adjourn;
(b) for a call of the House;
(c) to recess or rise;
(d) for a question of privilege;
(e) to table or take from the table;
(f) to call for the previous question or cloture;
(g) to postpone consideration to a day certain;
(h) to refer or rerefer; and
(i) to propose amendments.

(2) This section does not allow a motion that would not otherwise be allowed under a particular order of business.

(3) Only one substitute motion is in order at any time.

H60-40. Motions to adjourn or recess. (1) A motion to adjourn or recess is always in order, except:

(a) when the House is voting on another motion;
(b) when the previous question has been ordered and before the final vote;

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ADOPTING THE

JOINT LEGISLATIVE RULES.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the following Joint Rules be adopted:

JOINT RULES OF THE MONTANA
SENATE AND HOUSE OF REPRESENTATIVES

CHAPTER 1

COVID-19 Response

1-05. Definitions. As used in these joint rules, the following definitions apply:

(1) “Member” means a member of the Senate or the House of Representatives for the 67th Legislature.

(2) “Participating remotely”, “remotely present”, or “participate remotely” means participating by telephone, teleconference, videoconference, or other means.

(3) “Present” means a member was either physically present and participating in the session or remotely present and participating in the session.

(4) “Session” means the 67th legislative session.

1-10. Legislative Leadership COVID-19 Response Panel. (1) There is a Legislative Leadership COVID-19 Response Panel comprised of:

(a) the Senate President;
(b) the Senate President Pro Tempore;
(c) the Senate Majority Leader;
(d) the Senate Minority Leader;
(e) the Speaker of the House;
(f) the Speaker of the House Pro Tempore;
(g) the House Majority Leader; and
(h) the House Minority Leader.

(2) (a) The panel shall elect its presiding officer and vice presiding officer from among its members. A member of the panel votes individually and not by the house to which the panel member belongs.

(b) All meetings of the panel are open to the public to the same extent as other legislative committee meetings, subject to the provisions of Joint Rule 1-20. The panel shall provide for and give public notice, reasonably calculated to give actual notice to interested persons, of the time, place, and subject matter of regular and special meetings. However, a meeting may be held upon notice appropriate to the circumstances.

(c) The panel may meet and conduct business from the start of the legislative session until a new Legislature is elected and takes office.

(3) The purpose of the panel is to comply with constitutional requirements during a period of emergency regarding legislative business and public access while promoting and protecting the health and safety of legislative members, legislative staff, and other individuals involved in the legislative process. The panel is established to provide operating flexibility for the Legislature and
quick responsiveness during the current COVID-19 public health emergency. In any significant panel action that impacts legislative business and public access, the panel will consider the Legislature’s broad authority under the constitutional continuity of government provisions provided in Article III, section 2, of the Montana Constitution, the Legislature’s inherent police powers during an emergency, the constitutional legislative rule provisions, and the Legislature’s specific statutory authority. Subject to subsection (4), the panel may exercise authority over all aspects of legislative business that are impacted by the COVID-19 health emergency, including but not limited to public access as provided in Joint Rule 1-20 and a member’s physical presence as provided in Joint Rule 1-30.

(4) The panel may not exercise authority over a legislator’s independent decision to receive COVID-19 testing or a COVID-19 vaccine.

(5) In order to adequately respond to an emergency, the decisions of the panel are effective immediately without adoption by the House of Representatives or the Senate.

1-20. In-person public access -- right to participate and observe -- COVID-19 Response Panel. (1) In order to promote and protect the health and safety of individuals involved in the legislative process and to minimize public health dangers resulting from the current COVID-19 public health emergency, the Legislative Leadership COVID-19 Response Panel shall determine the level of in-person public involvement in all matters of legislative business, including but not limited to public meetings, House and Senate floor and gallery access, and access to legislative offices. The panel may adjust the level of in-person public involvement at any time based on a sliding scale approach that considers all of the relevant facts and circumstances, including the impact to the public, the legislative process, and the overall risk of becoming infected with COVID-19 in the Capitol.

(2) Subject to subsection (4), the approach may provide restricted in-person public involvement in the legislative process or closure of any areas of the Capitol to the public that are under control of the Legislature. Restrictions may include testing for COVID-19 symptoms, requiring electronic exhibits from members of the public, room capacity limitations, daily in-person attendance limits, advance in-person registration, room closures, directional traffic, and any other relevant social distancing measure that may limit the spread of COVID-19.

(3) (a) The approach may provide for the ability of a committee to receive oral testimony from members of the public through electronic means based on availability of technology and personnel limitations. Electronic means may include telephone, teleconference, videoconference, or other reliable electronic means. The panel may require advance registration or impose other limitations, including time limitations. All members of the public, whether testifying in person or remotely, must be provided with equal time for proponents and opponents to testify. Advance registration requirements include but are not limited to:

(i) registering electronically as a proponent, opponent, or informational witness; and

(ii) providing the city and state of the remote testimony and any relevant contact or technical information for conducting remote meetings.

(b) A committee chair retains the right to limit testimony through electronic means, including deadlines for testimony requests and time allowed for public comment. Witnesses may be called to testify at any point during a bill hearing as determined by the chair, regardless of whether the witness is a proponent or an opponent.
The approach must provide for the public’s right to participate and right to know as required by Article II, sections 8 and 9, and Article V, section 10(3), of the Montana Constitution. The public has an absolute right to participate in the legislative committee process by submitting written testimony as a proponent or an opponent on any legislation through the Legislature’s website or through electronic mail. Written testimony submitted through the website will be included in the record for the committee considering the bill. The option to submit written testimony will be available beginning when a bill is scheduled for a hearing in a committee of reference and will last until the committee hearing on the bill ends. A live broadcast must be streamed online for any legislative committee meeting.

1-30. Legislator participation during session — exclusion of members from physical participation by COVID-19 Response Panel. In order to promote and protect the health and safety of individuals and legislative members involved in the legislative process and to minimize public health dangers resulting from the current COVID-19 public health emergency, the Legislative Leadership COVID-19 Response Panel shall determine when to limit or exclude other members from physical participation in the legislative session, and the level of physical participation of members in all committee meetings and floor sessions. The approach must be balanced by treating all members who have the same factual circumstances and potential exposure to COVID-19 in the same manner. The approach may provide for an excluded member to participate remotely as provided in Joint Rule 1-40.

1-40. Members physically present or remotely present by electronic means. (1) The Senate and the House may assemble, convene, and conduct the session with members being either physically present or participating remotely. A member is not permitted to participate remotely unless excluded from physical participation based on a decision of the Legislative Leadership COVID-19 Response Panel pursuant to Joint Rule 1-30 or through a decision of the member’s caucus leader pursuant to Joint Rule 1-50.

(2) Subject to subsection (3), members who are permitted to participate remotely in the session:

(a) may vote on any question or other matter before the Senate or the House, including committees of the Senate or the House;

(b) have the same privileges, rights, and duties as if the member were physically present, including the right, privilege, and responsibility to cast votes on all questions or other matters brought to a vote;

(c) are considered to have immunity that prevents the member from being questioned in any other place for any speech or debate in the Legislature that happens by participating remotely, as guaranteed by Article V, section 8, of the Montana Constitution;

(d) are entitled to receive compensation for remotely participating in the same manner as a legislator member physically participating during the session; and

(e) are considered present and in attendance at the session for all purposes, including for purposes of:

(i) determining a quorum pursuant to Article V, section 10, of the Montana Constitution; and

(ii) being present for the passage of a bill pursuant to Article V, section 11, of the Montana Constitution.

(3) Members who vote remotely are required to use electronic authentication as determined by the Legislative Leadership COVID-19 Response Panel to prevent access to voting by anyone other than the member.
The Legislative Services Division shall assist members who are participating remotely with any logistical or technical issues during the session.

1-50. Participation during session – permission granted by caucus leader for participating remotely. (1) A member’s caucus leader may allow the member to participate remotely as provided in Joint Rule 1-40 and to vote by proxy, except as provided in subsection (2).

(2) Voting by proxy in third reading may be authorized by a member’s caucus leader only when a member is hospitalized. Proxy voting on third reading is discouraged unless a member is physically present and participating in the session or remotely present and participating in the session, because Article V, section 11, of the Montana Constitution requires a member to be “present and voting”.

(3) For the purpose of this rule, the caucus leader:
   (a) for the majority party in the House is the Speaker of the House, the Speaker Pro Tempore of the House, the House Majority Leader, or a Representative designated by a leader in this subsection (3)(a);
   (b) for the minority party in the House is the House Minority Leader or a Representative designated by the House Minority Leader;
   (c) for the majority party in the Senate is the Senate President, the Senate President Pro Tempore, the Senate Majority Leader, or a Senator designated by a leader in this subsection (3)(c); and
   (d) for the minority party in the Senate is the Senate Minority Leader or a Senator designated by the Senate Minority Leader.

10-40. Adjournment – recess – meeting place. A house may not, without the consent of the other, adjourn or recess for more than 3 days or to any place other than that in which the two houses are sitting (Montana Constitution, Art. V, Sec. 10(5)). The procedure for obtaining consent is contained in Joint Rule 20-10.

10-50. Access of media – registration – decorum – sanctions. (1) Subject to the presiding officer’s discretion on issues of decorum and order, a registered media representative may not be prohibited from photographing, televising, or recording a legislative meeting or hearing.

The presiding officer may delegate enforcement of this rule to the office of the Secretary of the Senate, Chief Clerk of the House, the respective Sergeant-at-Arms, or the Legislative Information Officer. The privilege may be revoked or suspended for a violation of decorum and order as agreed to by the media representative upon application for registration.

(3) Registered media representatives may be subject to seating in designated areas. Overflow access will be in the gallery.
10-60. Conflict of interest. A member who has a personal or private interest in any measure or bill proposed or pending before the Legislature shall disclose the fact to the house to which the member belongs.

10-70. Telephone calls and internet access. (1) Long-distance telephone calls made by a member on a state telephone while the Legislature is in session or while the member is in travel status are considered official legislative business. These include but are not limited to calls made to constituencies, places of business, and family members. A member’s access to the internet through a permissible server is a proper use of the state communication system if the use is for legislative business or is within the scope of permissible use of long-distance telephone calls.

(2) Session staff, including aides, may use state telephones for long-distance calls only if specifically authorized to do so by their legislative sponsor or supervisor. Sponsoring members and supervisors are accountable for use of state telephones and internet access by their staff, including aides, and may not authorize others to use state phones or state servers to access the internet.

(3) Permanent staff of the Legislature shall comply with executive branch rules applying to the use of state telephones.

(4) For purposes of this section, “state telephone” or “state phone” means a landline telephone or other telephone provided by the state.

(1) Legislators, legislative employees, and all participants in the legislative process have the right to work free of discrimination, harassment, and retaliation when performing services in furtherance of legislative responsibilities, whether the offender is an employer, employee, or legislator.

(2) The policy of the Montana Legislature prohibiting discrimination, harassment, and retaliation, as recommended by the Legislative Council and approved by the Legislature by virtue of adoption of these joint rules, must be shared with members and staff during orientation and training and published separately as an appendix to the Joint Rules.

10-100. Legislative Services Division. (1) The staff of the Legislative Services Division shall serve both houses as required.

(2) The duties of the engrossing and enrolling staff are:

(a) to engross or enroll any bill or resolution delivered to them within 48 hours after it has been received, unless further time is granted in writing by the presiding officer of the house in which the bill originated; and

(b) to correct clerical errors, absent the objection of the sponsor of a bill, resolution, or amendment and the Secretary of the Senate or the Chief Clerk of the House of Representatives in any bill or amendment originating in the
house by which the Clerk or Secretary is employed. The following kinds of clerical errors may be corrected:

(i) errors in spelling;

(3) The engrossing and enrolling staff shall give notice in writing of the clerical correction to the Secretary of the Senate or the Chief Clerk of the House, who shall give notice to the sponsor of the bill or amendment. The form must be filed in the office of the amendments coordinator. A party receiving notice may register an objection to the correction by filing the objection in writing with the Secretary of the Senate or the Chief Clerk of the House by the end of the next legislative day following receipt of the notice. The Senate or House shall vote on whether or not to uphold the objection. If the objection is upheld, the Secretary of the Senate or the Chief Clerk of the House shall notify the Executive Director of the Legislative Services Division, and the engrossing staff shall change the bill to remove the correction or corrections to which the objection was made.

(4) For the purposes of this rule, “engrossing” means placing amendments in a bill.

10-130. Bills — sponsorship — style — format. (1) A bill must be sponsored by a member of the Legislature.

(2) A bill must be formatted electronically with numbered lines and:
   (a) printed on paper with numbered lines;
   (b) numbered at the foot of each page (except page 1);
   (c) backed with a page of substantial material that includes spaces for notations for tracking the progress of the bill; and
   (d) introduced. Introduction constitutes the first reading of the bill.

(3) In a section amending an existing statute, matter to be stricken out must be indicated with a line through the words or part to be deleted, and new matter must be underlined.

(4) (a) Except as provided in subsection (4)(b), sections of the Montana Code Annotated repealed or amended in a bill must be stated in the title.

   (b) (i) Sections of the Montana Code Annotated repealed or amended in a legislative referendum must be stated in the title unless the inclusion of those sections in the title would cause the title to cumulatively exceed a 100-word limit.

   (ii) If the inclusion of sections of the Montana Code Annotated repealed or amended in a legislative referendum title would cause the title to cumulatively exceed 100 words, the title must include those sections that do not exceed the 100-word limit and include a reference to the total number of additional sections listed in the body of the bill that are excluded from the title due to the 100-word limit. Those additional sections excluded from the title must be listed in a section within the body of the bill after the enacting clause.

(5) Introduced bills must be posted online and may be reproduced on white paper and distributed to members.
(6) A legal review note or analysis produced by the Legislative Services Division Legal Services Office may not be attached to an introduced bill or posted on the Legislative Branch website unless requested by the sponsor of the bill.

(7) Prior to submitting legislation for introduction, the chief sponsor may add representatives and senators as cosponsors. A legislator may be added as a cosponsor by an in-person request, an electronic message, a phone communication, or a cosponsor form. If a printed cosponsor form is used, a legislator must sign or initial a cosponsor form supplied upon request by the Secretary of the Senate or the Chief Clerk of the House in order to be added as a cosponsor. A legislator may also sign on the front page of the legislation.

(8) (a) Prior to submitting legislation to the Secretary of the Senate or the Chief Clerk of the House for introduction, the chief sponsor may add representatives and senators as cosponsors. A legislator shall sign the cosponsor form attached to the legislation in order to be added as a cosponsor.

(b) After legislation is submitted for introduction but before the legislation returns from the first House or Senate committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Secretary of the Senate or the Chief Clerk of the House.

10-140. Voting on bills — constitutional amendments. (1) A bill may not become a law except by vote of the constitutionally required majority of all the members present and voting in each house (Montana Constitution, Art. V, Sec. 11(1)). On final passage, the vote must be taken by ayes and noes and the names of those voting entered on the journal (Montana Constitution, Art. V, Sec. 11(2)).

(2) Any vote in one house on a bill proposing an amendment to The Constitution of the State of Montana under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

(3) This rule does not prevent a committee from tabling a bill proposing an amendment to The Constitution of the State of Montana.

10-150. Recording and publication of voting. (1) Every vote of each member on each substantive question in the Legislature, in any committee, or in Committee of the Whole must be recorded and made available to the public. On final passage of any bill or joint resolution, the vote must be taken by ayes and noes and the names entered on the journal (Montana Constitution, Art. V, Sec. 11(2)).

(2) (a) Roll call votes must be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole to:

(i) amend;
(ii) recommend passage or nonpassage;
(iii) recommend concurrence or nonconcurrence; or
(iv) indefinitely postpone.

(b) The text of all proposed amendments in Committee of the Whole must be recorded.

(3) A roll call vote must be taken on nonsubstantive questions on the request of two members who may, on any vote, request that the ayes and noes be spread upon the journal.

(4) Roll call votes and other votes that are to be made public but are not specifically required to be spread upon the journal must be entered in the minutes of the appropriate committee or of the appropriate house (Montana Constitution, Art. V, Sec. 11(2)). A copy of the minutes must be filed with the
Montana Historical Society. If electronically recorded minutes are kept for a committee, a written log must also be kept that includes but is not limited to:

(a) the date, time, and place of the meeting;
(b) a list of the individual members of the public body, agency, or organization who were in attendance;
(c) all matters proposed, discussed, or decided; and
(d) at the request of any member, a record of votes by individual members for any votes taken.

10-160. Journal. Each house shall:

(1) supply the Legislative Services Division with the contents of the daily journal to be stored on an automated system;
(2) examine its journal and order correction of any errors; and
(3) make a daily journal available to all members.

10-170. Journals — authentication — availability. (1) The journal of the Senate must be authenticated by the signature of the President and the journal of the House of Representatives must be authenticated by the signature of the Speaker.

(2) The Legislative Services Division shall make the completed journals available to the public.

CHAPTER 20
Relations With Other House

20-10. Consent for adjournment or recess. As required by Article V, section 10(5), of the Montana Constitution, the consent of the other house is required for adjournment or recess for more than 3 calendar days. Consent for adjournment is obtained by having the house wishing to adjourn send a message to the other house and having the receiving house vote favorably on the request. The receiving house shall inform the requesting house of its consent or lack of consent. Consent is not required on or after the 87th legislative day.

CHAPTER 30
Committees

30-10. Joint committee chair — exception. Except as provided in Joint Rule 30-50 concerning the joint meetings of the Senate Finance and Claims Committee and the House Appropriations Committee, the chair of the Senate committee is the chair of all joint committees.

30-20. Voting in joint committees — exception. (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house to which the committee member belongs.

(2) Because the Rules Committees and conference committees are joint meetings of separate committees, in those committees the committees from each house vote separately. A majority of each committee shall agree before any action may be taken, unless otherwise specified by individual house rules.

30-30. Conference committees — subject matter restrictions. (1) If either house requests a conference committee and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings must be agreed upon by their chairs and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered. A conference committee meeting must be conducted as an open meeting, and minutes of the meeting must be kept.
(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. A conference committee shall confine itself to consideration of the disputed amendment. The committee may recommend:
(a) acceptance or rejection of each disputed amendment in its entirety; or
(b) further amendment of the disputed amendment.

(3) (a) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as provided in subsection (1). A free conference committee may discuss and propose amendments to a bill in its entirety and is not confined to a particular amendment. However, a free conference committee is limited to consideration of amendments that are within the scope of the title of the introduced bill.

(b) A free conference committee may not take executive action on an amendment to a bill implementing provisions of a general appropriation act that does not directly and substantively address the subject of the bill.

30-50. Committee consideration of general appropriation bills.
(1) All general appropriation bills must first be considered by a joint subcommittee composed of designated members of the Senate Finance and Claims Committee and the House Appropriations Committee, and then by each committee separately.

(2) Joint meetings of the House Appropriations Committee and the Senate Finance and Claims Committee must be held upon call of the chair of the House Appropriations Committee, who is chair of the joint committee.

(3) The committee chair of the Senate Finance and Claims Committee or of the House Appropriations Committee may be a voting member in the joint subcommittees if:
(a) either house has fewer members on the joint subcommittees;
(b) the chair represents the house with fewer members on the subcommittees; and
(c) the chair is present for the vote at the time that a question is called. A vote may not be held open to facilitate voting by a chair.

30-60. Estimation of revenue.
(1) The Revenue Interim Committee shall introduce a House joint resolution for the purpose of estimating revenue that may be available for appropriation by the Legislature.

(2) (a) The committee must have prepared by December 1 for introduction during each regular session of the Legislature in which a revenue bill is under consideration an estimate of the amount of revenue projected to be available for legislative appropriation.

(b) The committee may prepare for introduction during a special session of the Legislature in which a revenue bill or an appropriation bill is under consideration an estimate of the amount of projected revenue. The revenue estimate is considered a subject specified in the call of a special session.

30-70. Appointment of interim committees.
(1) During an interim when the Legislature is not in session, the committees listed in subsection (2) are the interim committees of the Legislature. They are empowered to sit as committees and may act in their respective areas of responsibility.

(2) (a) The following are interim committees of the Legislature:
(i) Children, Families, Heath, and Human Services Interim Committee;
(ii) Economic Affairs Interim Committee;

(xi) Water Policy Interim Committee.
(b) For the purposes of this rule, the Environmental Quality Council is also considered an interim committee.

(3) The Speaker of the House and the President of the Senate are ex officio voting members of each interim committee for the sole purpose of breaking a tie vote on a question before an interim committee involving an interim committee objection to an administrative rule pursuant to Title 2, chapter 4, MCA.

(4) Fifty percent of interim committees must be selected to the extent possible from the following legislative standing committees:
(a) Children, Families, Health, and Human Services Interim Committee:

(ii) three members of the Senate, two from the majority party and one from the minority party.
(e) The committee shall elect its presiding officer and vice presiding officer from among its members.
(f) All meetings of the committee are open to the public to the same extent as other legislative committee meetings.
(g) The committee may:
(i) exercise committee investigatory powers under Title 5, chapter 5, part 1, MCA;
(ii) investigate and examine state governmental activities and may examine and inspect all records, books, and files of any department, agency, commission, board, or institution of the state of Montana; and
(iii) contract for special counsel services, subject to the Legislature appropriating funds for this purpose.
(h) The committee may meet and conduct business from the start of the legislative session until a new Legislature is elected and takes office.

30-80. Appointment of committees other than standing or statutory interim committees. Members of committees other than standing or statutory interim committees shall be appointed in accordance with the rules of each house.
CHAPTER 40
Legislation

40-10. Amendment to state constitution. A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

(2) Appropriation bills for the operation of the Legislature must be introduced by the chair of the House Appropriations Committee.

(3) (a) The provisions of a bill that implements provisions of a general appropriation act must directly and substantively relate to a corresponding provision of the general appropriation act.

(b) (i) When a bill that implements provisions of a general appropriation act is transmitted from the Senate to the House for concurrence, the House may refer the bill to the House Appropriations Committee for a joint meeting with the appropriate house standing committee for public review and consideration prior to action by the House Committee of the Whole on second reading.

(ii) When a bill that implements provisions of a general appropriation act is transmitted from the House to the Senate for concurrence, the Senate may refer the bill to the Senate Finance and Claims Committee for a joint meeting with the appropriate Senate standing committee for public review and consideration prior to action by the Senate Finance and Claims Committee and the Senate Committee of the Whole on second reading. The appropriate standing committee may not take executive action on the bill other than making recommendations to the Senate Finance and Claims Committee.

40-30. Effective dates. (1) Except as provided in subsections (2) through (4), a statute takes effect on October 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(3) A statute providing for the taxation or imposition of a fee on motor vehicles takes effect on the first day of January following its passage and approval unless a different time is prescribed in the enacting legislation.

(4) A joint resolution takes effect on its passage unless a different time is prescribed in the joint resolution.

40-40. Bill requests and introduction — limits and procedures — drafting priority — agency and committee bills. (1) Prior to a regular session, a person entitled to serve in that session, referred to as a “member”, or a legislative committee is entitled to request bill drafting services from the Legislative Services Division. Deadlines for requesting certain types of bills during a legislative session are contained in Joint Rule 40-50.

(a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Services Division for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Services Division. At least five of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member’s discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used. A bill requested by an individual may not be
transferred to another legislator but may be introduced by another legislator. The requestor must take delivery of the bill either in person or by electronic means and sign, either in person or by electronic means, a receipt indicating delivery of the bill and may either introduce the bill or give the bill to another legislator for introduction.

(d) These limitations on bill and resolution requests do not apply to:

(i) Code Commissioner bills;

(ii) a bill or resolution requested by a standing committee; and

(iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) (a) Except as provided in subsection (2)(b) or this subsection, the staff of the Legislative Services Division shall work on bill draft requests in the order received. After a member has requested the drafting of five bills, the sixth bill request and all subsequent bill requests of that member must receive a lower drafting priority than all other bills of members not in excess of five per member. The Speaker of the House and the President of the Senate may each direct the staff of the Legislative Services Division to assign a higher priority to 38 draft requests. The minority leader of the House and the minority leader of the Senate may each direct the staff of the Legislative Services Division to assign a higher priority to 20 draft requests. The staff of the Legislative Services Division shall assign a higher priority to any bill draft request when jointly directed by the President of the Senate, the minority leader of the Senate, the Speaker of the House, and the minority leader of the House.

(b) Except for bill draft requests described in subsection (1)(d)(iii), if a draft bill has not been received by the Legislative Services Division by November 15 for a bill by request of an agency or entity, the draft loses its priority under this rule.

(3) Bills and resolutions must be reviewed by the staff of the Legislative Services Division prior to introduction for proper format, style, and legal form. The staff of the Legislative Services Division shall store bills on the automated bill drafting equipment and shall post them electronically or print and deliver them to the requesting members. The original bill back must be signed to indicate review by the Legislative Services Division. The electronic version of the bill must include an indication of review by the Legislative Services Division. A bill may not be introduced unless it is so signed or indicated.

(4) (a) During a session, a bill may be introduced by endorsing it with or indicating the name of a member and presenting it to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears or is indicated first on the bill is a member. The chief joint sponsor's name must appear immediately to the right of the first sponsor's name, and the chief sponsor may not be changed. Except as provided in subsection (4)(b), in each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

(b) The first 15 House bills may be reserved for preintroduced bills.

(5) (a) Except as provided in subsection (5)(b)(ii), any bill requested by an interim or statutory legislative committee or on behalf of an administrative or executive agency or department through an interim or statutory committee must be so indicated by placing after the names of the sponsors the phrase “By Request of the........... (Name of committee or agency)”. The phrase may not be added to an introduced bill by amendment. The phrase may not be placed on a bill unless requested by a statutory or interim committee prior to the convening of the session. Unless requested by an individual member, a bill
draft request submitted at the request of an agency must be submitted to, reviewed by, and requested by the appropriate interim or statutory committee. Except as provided in subsection (5)(b), an agency or committee bill request must be preintroduced or the request is canceled. Preintroduction of an agency, committee, or individual legislator’s bill must occur no later than 5 p.m. on December 15th prior to the convening of a regular legislative session. Preintroduction is accomplished when the Legislative Services Division receives a signed preintroduction form.

(b) (i) The preintroduction requirement does not apply to an office held by an elected official during the official’s first year in that office or to bills requested by a joint select or joint special committee appointed prior to the convening of the legislative session to address a specific issue. Bills requested under this subsection (5)(b) may include the phrase “By Request of........(Name of official or committee)”.

(ii) An official newly elected to a statewide office may request in writing that the Legislative Services Division remove the phrase “By Request of.............” from bills requested by the outgoing official of that office.

(6) Bills may be preintroduced, numbered, posted online, and reproduced prior to a legislative session by the staff of the Legislative Services Division. Actual signatures, facsimile signatures (5-2-105, MCA), or electronic signatures, along with verified email addresses, of persons entitled to serve as members in the ensuing session may be obtained on a consent form from the Legislative Services Division and the sponsor’s name printed or listed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Services Division to be included on the face of the printed bill or included on the electronic version of the bill following standing committee approval.

40-50. Schedules for drafting requests and bill introduction. (1) The following schedule must be followed for submission of drafting requests.

(iii) a joint resolution advising or requesting the repeal, amendment, or adoption of administrative rules; or
(iv) a resolution expressing confirmation.
(b) Bills and resolutions must be introduced within 2 legislative days after delivery. Failure to comply with the introduction deadline results in the bill draft being canceled.

40-60. Joint resolutions. (1) A joint resolution must be adopted by both houses and is not approved by the Governor. It may be used to:
(a) express desire, opinion, sympathy, or request of the Legislature;
(b) recognize relations with other governments, sister states, political subdivisions, or similar governmental entities;

(k) approve the organization of a new community college district under section 20-15-209, MCA.
(2) A joint resolution may not be used for purposes of congratulating or recognizing an individual or group achievement. Recognition of individual or group achievements is handled on special orders of the day.
(3) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.
(4) A copy of every joint resolution must be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

40-65. Appropriation required for bills requesting interim studies. (1) A bill including a request for an interim study may not be transmitted to the Governor unless the bill contains an appropriation sufficient to conduct the study. The bill must include a contingent voidness section that would void the bill if an appropriation is not included. A fiscal note may be requested for a bill requesting an interim study if the appropriation does not appear to be sufficient.
(2) A Senator may introduce a bill that includes a request for an interim study in the Senate without an appropriation, but the bill may not be transmitted to the Governor unless the bill contains an appropriation added in the House that is sufficient to conduct the study.

40-70. Bills with same purpose – vetoes. (1) A bill may not be introduced or received in a house after that house, during that session, has finally rejected a bill designed to accomplish the same purpose, except with the approval of the Rules Committee of the house in which the bill is offered for introduction or reception.
(2) Failure to override a veto does not constitute final rejection.

40-80. Reproduction of full statute required. A statute may not be amended or its provisions extended by reference to its title only, but the
statute section that is amended or extended must be reproduced or published at length.

40-90. Bills -- original purpose. A law may not be passed except by bill. A bill may not be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

40-95. Amendment processing. (1) Amendments to bills and resolutions are drafted by Legislative Services Division staff.

(2) All amendments must be reviewed by the staff of the Legislative Services Division for proper format, style, and legal form.

(3) Amendments requested and approved by a legislator on a bill that has been assigned to a session standing committee must be emailed to members of the committee prior to executive action on the bill.

(4) Amendments requested and approved by a legislator on a bill that is scheduled for second reading in the Committee of the Whole must be posted online.

40-100. Fiscal notes. (1) All bills reported out of a committee of the Legislature, including interim committees, having a potential effect on the revenues, expenditures, or fiscal liability of the state, local governments, or public schools, except appropriation measures carrying specific dollar amounts, must include a fiscal note incorporating an estimate of the fiscal effect. The Legislative Services Division staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes must be requested by the presiding officer of either house, who, at the time of introduction or after adoption of substantive amendments to an introduced bill, shall determine the need for the note, based on the Legislative Services Division staff recommendation.

(2) The Legislative Services Division shall make available an electronic copy of any bill for which it has been determined a fiscal note may be necessary to the Budget Director immediately after the bill has been prepared for introduction and delivered to the requesting member. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request. A bill with financial implications for a local government or school district must comply with subsection (4).

(3) The Budget Director, in cooperation with the governmental entity or entities affected by the bill, is responsible for the preparation of the fiscal note. Except as provided in subsection (4), the Budget Director shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) (a) A bill that may require a local government or school district to perform an activity or provide a service or facility that requires the direct expenditure of additional funds without a specific means to finance the activity, service, or facility in violation of section 1-2-112 or 1-2-113, MCA, must be accompanied, at the time that the bill is presented for introduction, by an estimate of all direct and indirect fiscal impacts on the local government or school district. The estimate of the fiscal impacts must be prepared by the Budget Director in cooperation with a local government or school district affected by the bill.

(b) The Budget Director has 10 days to prepare the estimate. Upon completion of the estimate, the Budget Director shall submit it to the presiding officer and the chief sponsor of the bill.

(5) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall notify the bill’s chief sponsor of the completed fiscal note and request the chief sponsor’s actual or electronic signature. The chief sponsor has 1 legislative day after
delivery to review the fiscal note and to discuss the findings with the Budget Director, if necessary. After the legislative day has elapsed, all fiscal notes having a potential effect on the revenues, expenditures, or fiscal liability must be reproduced for the members of the committee hearing the bill and, if the bill is reported out of committee, placed on the members’ desks, either with or without the chief sponsor’s actual or electronic signature.

(6) A fiscal note must, if possible, show in dollar amounts:
(a) the estimated increase or decrease in revenues or expenditures;
(b) costs that may be absorbed without additional funds; and
(c) long-range financial implications.

(7) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(8) (a) A fiscal note also may be requested, with the approval of the presiding officer, on a bill and on an amended bill by:
(i) a committee considering the bill;
(ii) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or
(iii) the chief sponsor.

(b) With the approval of the presiding officer, a committee may request a revised fiscal note on committee-approved amendments to a bill not reported out of committee by passing a motion to postpone action on the bill pending a revised fiscal note.

(9) The Budget Director shall prepare and deliver an amended fiscal note on an amended bill within 3 days of the request by the presiding officer; otherwise the bill may proceed without the updated fiscal note.

(10) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

(11) If a bill requires a fiscal note, the bill may not be reported from a committee for second reading unless the bill is accompanied by the fiscal note.

(12) (a) If the budget director fails to prepare and submit a fiscal note in a timely fashion in accordance with this rule, the presiding officer of each house may request the preparation of a fiscal note by the Legislative Fiscal Division, which shall prepare a fiscal note for the bill.

(b) The presiding officer of the originating chamber shall designate which fiscal note accompanies the bill or is used in the preparation of the status sheet if more than one fiscal note is prepared.

40-110. Sponsor’s fiscal note rebuttal. (1) If a sponsor elects to prepare a sponsor’s fiscal note rebuttal, the sponsor shall make the election as provided and return the completed sponsor’s fiscal note rebuttal form to the presiding officer within 4 days of the election. The form must identify the bill number, the sponsor of the bill, the date prepared, the version of the fiscal note being rebutted, the reasons the sponsor disagrees with the fiscal note, the items or assumptions in the fiscal note that the sponsor believes are incorrect, and the sponsor’s estimate of the fiscal impact, if an estimate is available.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor’s fiscal note rebuttal.

(3) Upon receipt of the completed sponsor’s fiscal note rebuttal form, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the form must be identified as a sponsor’s fiscal note rebuttal, reproduced, and placed on the members’ desks. The sponsor’s fiscal note rebuttal must be posted online with the bill materials.

(4) The Legislative Services Division or the Legislative Fiscal Division shall provide forms for preparation of sponsors’ fiscal note rebuttals and shall post
the completed sponsors’ fiscal note rebuttals online and may also print the completed sponsors’ fiscal note rebuttal forms on a different color paper than the fiscal notes prepared by the Budget Director.

40-120. Substitute bills. (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

40-130. Reading of bills. Prior to passage, a bill, other than a bill requested by a joint select or joint special committee as provided in 40-40(5)(b), must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title. Introduction constitutes the first reading of the bill.

40-140. Second reading — bill reproduction. (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill and its version status must be posted online and, if printed, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, an indication must be made online on the bill status page. If the bill is printed, only the first sheet must be reproduced on yellow paper, and the remainder of the text may be incorporated by reference to the preceding version of the entire bill.

(3) A bill requested by and heard by a joint select or joint special committee, as provided in 40-40(5)(b), may be referred directly to second reading. If the bill is passed by the house of origin, the bill must be transmitted to the other house, and if the bill was not amended, it may be placed on second reading without the need for referral to a committee.

40-150. Engrossing. (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed if the bill is amended. Committee of the Whole amendments must be included in the engrossed bill. If the bill is not amended, the bill must be sent to printing. The bill must be placed on the calendar for third reading on the legislative day after receipt.

(2) Copies of the engrossed bill must be distributed to members electronically. If also printed, the engrossed bill must be reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it is not required to be reprinted. If printed, only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee in the second house, the amendments must be engrossed and the engrossed bill posted online. If the engrossed bill is also printed, the amendments must be included in a tan-colored bill and distributed in the second house for second reading consideration. If the bill is amended in Committee of the Whole, the amendments must be engrossed and the engrossed bill posted online. If the engrossed bill is also printed, the amendments must be included in a salmon-colored reference bill.
and distributed in the second house for third reading. If the bill passes on third reading, the reference bill must be posted online and, if printed, copies distributed in the original house. The original house may request from the second house a specified number of copies of the amendments to be printed.

40-160. Enrolling. (1) When a bill has passed both houses, it must be enrolled. An original and one duplicate printed copy of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and deleted matter must be shown as stricken. The enrolled bill must be posted online.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and one copy of the bill not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case the presiding officer shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies a desire to examine the bill, the member must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:
   (a) enrolled;
   (b) clerically corrected by the presiding officers, if necessary;
   (c) signed by the presiding officers; and
   (d) delivered to the Governor or, in the case of a bill proposing a referendum, to the Secretary of State, not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and one copy signed by the presiding officer of each house must be presented to the Governor or the Secretary of State, as applicable, in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered on the journal.

(7) The original must be filed with the Secretary of State. A signed copy with a chapter number assigned pursuant to section 5-11-204, MCA, must be filed with the Legislative Services Division.

40-170. Amendment by second house. (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. A bill amended by the second house when the effect of the combined amendments is to return the bill to the form that the bill passed the house in which the bill originated is not considered to have been amended and need not be returned to the house of origin for acceptance or rejection of the amendments. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.
40-180. Final action on a bill. (1) When a bill being heard by the second house has received its third reading or has been rejected, the second house shall transmit it as soon as possible to the original house with notice of the second house’s action.

(2) A bill that reduces revenue and that contains a contingent voidness provision may not be transmitted to the Governor unless there is an identified corresponding reduction in an appropriation contained in the general appropriations act.

40-190. Transmittal of bills between houses — referral — hearing. (1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

(3) Transmitted bills must be referred to committee and scheduled for hearing.

40-200. Transmittal deadlines — two-thirds vote requirement. (1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, a bill proposing a referendum, an interim study resolution, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 45th legislative day.

(ii) Amendments, except to appropriation bills, committee bills implementing the general appropriations bill, the revenue estimating resolution, interim study resolutions, bills proposing referenda, and revenue bills, must be transmitted from one house to the other on or before the 73rd legislative day.

(c) (i) Revenue bills and bills proposing referenda must be transmitted to the other house on or before the 67th legislative day.

(ii) Amendments to revenue bills and bills proposing referenda, received from the other house, must be transmitted to the house of origin on or before the 80th legislative day.

(iii) A revenue bill is one that either increases or decreases revenue by enacting, eliminating, increasing, or decreasing taxes or fees.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 67th legislative day. A fund transfer within the state treasury is not an appropriation for purposes of this section.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced pursuant to 5-5-227, MCA, for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted to the Senate no later than the 60th legislative day.

(b) Amendments to the revenue estimating resolution must be transmitted to the body in which the resolution was introduced no later than the 82nd legislative day.

(3) Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.
(4) Interim study resolutions must be transmitted from one house to the other on or before the 85th legislative day.

40-210. Governor’s veto. (1) Except as provided in 40-65 and 40-180, each bill passed by the Legislature must be submitted to the Governor for the Governor’s signature. This does not apply to:
(a) bills proposing amendments to The Constitution of the State of Montana;
(b) bills ratifying proposed amendments to the United States Constitution;
(c) resolutions; and
(d) referendum measures of the Legislature.
(2) If the Governor does not sign or veto the bill within 10 days after its delivery, the bill becomes law.
(3) The Governor shall return a vetoed bill to the Legislature with a statement of reasons for the veto.
(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.
(5) If the Legislature is not in session when the Governor vetoes a bill, the Governor shall return the bill with reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).
(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

40-220. Response to Governor’s veto. (1) When the presiding officer receives a veto message, the presiding officer shall read it to the members over the rostrum. After the reading, a member may move that the Governor’s veto be overridden.
(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote “aye”, the veto is overridden. If two-thirds of the members present do not vote “aye”, the veto is sustained.

40-230. Governor’s recommendations for amendment — procedure.
(1) The Governor may return any bill to the Legislature with recommendations for amendment. The Governor’s recommendations for amendment must be considered first by the house in which the bill originated.
(2) If the Legislature passes the bill in accordance with the Governor’s recommendations, it shall return the bill to the Governor for reconsideration. The Governor may not return a bill to the Legislature a second time for amendment.
(3) If the Governor returns a bill to the originating house with recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.
(4) The bill then is subject to the following procedures:
(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house’s approval or disapproval of the Governor’s recommendations.
(b) If both houses approve the Governor’s recommendations, the bill must be returned to the Governor for reconsideration.
(c) If both houses disapprove the Governor’s recommendations, the bill must be returned to the Governor for reconsideration.
(d) If one house disapproves the Governor’s recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.
(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor’s recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

CHAPTER 60

Rules

60-05. Source and precedent of legislative rules of the Montana Legislature. (1) The legislative rules of the Montana Legislature are derived from several sources listed below and take precedence in the following order:
   (a) constitutional provisions and judicial decisions on the constitution;
   (b) adopted legislative rules of the Montana Legislature;
   (c) statutory provisions;
   (d) adopted parliamentary authority; and
   (e) parliamentary law.

   (2) Legislative rules passed by one legislature or statutory provisions governing the legislative process are not binding on a subsequent legislature.

60-10. Suspension of joint rule — change in rules. (1) A joint rule may be repealed, amended, or adopted only with the concurrence of both houses. A motion or a joint rule resolution to repeal, amend, or adopt a joint rule must be referred to the Rules Committee. A joint rule may be repealed, amended, or adopted only with the concurrence of a majority of the members voting in both houses.

   (2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

   (3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

   (4) Upon adoption of any change, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Services Division:
      (a) one copy of all motions or resolutions amending Senate, House, or joint rules; and
      (b) copies of all minutes and reports of the Rules Committees.

60-30. Publication and distribution of joint rules. (1) The Legislative Services Division shall codify and publish in one volume:
   (a) the rules of the Senate;
   (b) the rules of the House of Representatives; and
   (c) the joint rules of the Senate and the House of Representatives.

   (2) After the rules have been published, the Legislative Services Division shall distribute copies as directed by the Senate and the House of Representatives.

60-40. Tenure of joint rules. The joint rules remain in effect until removed by a joint resolution or until a new Legislature is elected and takes office.

SENATE JOINT RESOLUTION NO. 3

WHEREAS, closure of coal-fired power plants will result in negative impacts on the Colstrip community, a significant negative impact on the surrounding area, and large losses in Montana tax revenue; and

WHEREAS, continued operations can be achieved by replacing coal-fired boilers with an advanced nuclear reactor, thereby utilizing all of the remaining infrastructure to produce and distribute clean, affordable electricity safely and without carbon emissions; and

WHEREAS, small advanced nuclear reactors employ passive safety and innovative designs that can provide electrical input in the range of 250 megawatts to 500 megawatts by exchanging heat between coolant and a steam generator; and

WHEREAS, the production of emission-free electricity will likely allow current generating facilities to retain a customer base in California, Washington, and Oregon, thereby mitigating the problems created by closure; and

WHEREAS, operation of an advanced nuclear plant would provide clean, well-paying, high-tech jobs for Montana residents and their children far into the future; and

WHEREAS, Montana regulations regarding nuclear power will need to be revised and approved by Montana voters in order to enable the construction and operation of an advanced nuclear reactor at Colstrip; and

WHEREAS, some advanced technology has proven to be “walkaway safe”, meaning it can shut itself down with no need for human intervention in the event of an operational upset within a given timeframe; and

WHEREAS, an advanced commercial reactor at Colstrip could serve as a model for the United States and the world as a means to produce vast amounts of clean, affordable electricity in a safe, carbon-free manner; and

WHEREAS, the United States Department of Energy is working with industry to cultivate advanced nuclear fuel innovations to provide numerous benefits, including enhanced accident tolerance, improved reactor economics, greater fuel efficiency, a reduced environmental footprint, and lower used fuel volumes; and

WHEREAS, once developed, generation IV reactors will gain additional benefits from advanced fuel innovations that include producing energy from spent nuclear fuel resulting in self-sustaining, emission-free energy for millennia with unsurpassed safety; and

WHEREAS, advanced nuclear reactors can provide both frequency control and load-following operations, serving as an ideal complement to variable sources of generation such as wind and solar; and

WHEREAS, the great state of Montana would substantially benefit from being a leader in the transition to clean energy by supporting nuclear power.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to study the feasibility of advanced nuclear power generation in order to:

(1) evaluate current Montana regulations that need revision in order to enable the construction and operation of advanced nuclear reactors;
(2) evaluate the economic feasibility of replacing coal-fired boilers with advanced nuclear reactors while accounting for the avoided costs that would result from the closure of coal-fired plants; and

(3) evaluate the safety of, and the waste stream resulting from, the construction and operation of advanced nuclear reactors and gather input from residents of the Colstrip area.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2022.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 68th Legislature.

SENATE JOINT RESOLUTION NO. 5

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE NATIONAL PARK SERVICE TO INCLUDE SACAGAWEA ON DESIGNATION SIGNS FOR THE LEWIS AND CLARK TRAIL.

WHEREAS, Sacagawea, who spoke both Shoshone and Hidatsa, traveled for over 16 months with the Lewis and Clark Expedition, delivering a child en route, and acting as an interpreter in crucial negotiations between members of the Expedition and Indian tribes; and

WHEREAS, Sacagawea’s translations were significant to the success of the Expedition; and

WHEREAS, Sacagawea shared her knowledge of native foods to help vary the diet of Expedition members and saved provisions from being lost when a boat overturned and others panicked; and

WHEREAS, Sacagawea helped orient the Expedition as it neared the headwaters of the Missouri River; and

WHEREAS, Meriwether Lewis described Sacagawea as a woman of equal parts fortitude and resolution, naming a river south of the confluence of the Musselshell and Missouri Rivers after her.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 67th Legislature recognizes the strength, fortitude, and perseverance of Sacagawea and urges the National Park Service to honor her by including her likeness on the Lewis and Clark Trail designation signs.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the United States Secretary of the Interior, the Director of the National Park Service, and each of the federally recognized tribal governments in Montana.

SENATE JOINT RESOLUTION NO. 6

WHEREAS, Montana law prohibits certain uses within the floodway, including excavation that will cause water to be diverted from the established floodway, cause erosion, obstruct the natural flow of water, or reduce the carrying capacity of the floodway; and

WHEREAS, an engineering analysis is required by state and federal law to show a no-rise in base elevations. Such a complex analysis is not usually needed for simple stream restoration projects where an engineering analysis can cost more than the restoration work; and

WHEREAS, the Montana Association of Conservation Districts adopted Resolution 15-1 to encourage the Montana Department of Natural Resources and Conservation and the Federal Emergency Management Agency to work together to develop solutions to the prohibitive permitting constraints that will be acceptable by all agencies; and

WHEREAS, the Department of Natural Resources and Conservation established a stream restoration committee in 2017 to allow all permitting agencies and interested parties to work together to develop alternatives or guidelines to alleviate unnecessary permitting constraints for restoration projects; and

WHEREAS, an engineering analysis is not necessary to design a restoration project that keeps the rise in 100-year flood levels as close to zero as practically possible to ensure structures are not impacted by flood waters.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Federal Emergency Management Agency and the National Flood Insurance Program be encouraged to implement the guidance developed by Montana’s Stream Restoration Committee so certain stream restoration projects that keep the rise in 100-year flood levels as close to zero as practically possible are allowed to proceed with a simple analysis instead of unnecessary engineering work that makes stream restoration projects too expensive.

(2) That the Secretary of State send a copy of this resolution to the Governor, each member of the Montana Congressional Delegation, the directors of the Federal Emergency Management Agency and the National Flood Insurance program, the regional administrator for Region 8 of the Federal Emergency Management Agency, the director of the Montana Department of Natural Resources and Conservation, and the board of supervisors in each of the conservation districts in Montana.

SENATE JOINT RESOLUTION NO. 7

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO REMOVE THE HIDDEN PASTURE WILDERNESS STUDY AREA FROM FURTHER WILDERNESS STUDY DESIGNATION.

WHEREAS, in 1993, the Bureau of Land Management recommended that Congress exclude the Hidden Pasture Creek Wilderness Study Area located west of Dell, Montana, from the wilderness system; and

WHEREAS, more than 15,000 acres in this area is de facto wilderness as a result of inaction for several decades making it difficult, and in some cases impossible, for the residents of Southwest Montana to conduct business in this area; and

WHEREAS, the southern boundary of this wilderness study area is a county road that has historically been, and remains, the principal transportation route
for those living and using the Big Sheep Basin for ranching and recreation as well as by the Bureau of Land Management, the United States Forest Service, and the Department of Natural Resources and Conservation; and

WHEREAS, power lines from the local electric cooperative crisscross over the road because the canyon is narrow, crooked, and very steep, putting portions of the line in the wilderness study area, subjecting the utility to restrictions that limit access for maintenance, repair, or improvement to this line; and

WHEREAS, the designation precludes Beaverhead County from addressing transportation safety issues, including widening the county road to prevent head-on and side-swipe accidents that have involved travelers unfamiliar with the road, area ranchers, and the Lima School bus, which travels this gravel road twice daily during the school year; and

WHEREAS, some projects require a specific angular-shaped rock that is accessible to larger dump trucks, and this material is located along the north side of the county road in the wilderness study area; and

WHEREAS, the center irrigation pivot owned by a local rancher crosses approximately 2.5 acres of land included in the wilderness study area. Also, the rancher owns 8 acres of land within the wilderness study area. The Bureau of Land Management will not trade land with the rancher, instead requiring him at great expense to install barricades and an auto-reverse option on the sprinkler; and

WHEREAS, the east boundary of the area is within 5 miles of Dell, Interstate 15, Highway 91, and the Union Pacific Railroad track, and has historically, since the early 1900s, been used for logging and coal mining. There are numerous roads as well as the rock quarry used for decades by residents, local contractors, Beaverhead County, and the Union Pacific Railroad; and

WHEREAS, the wilderness study area designation prevents some forms of weed control and fire prevention measures that are available in other areas; and

WHEREAS, area residents, the local telephone and electrical utilities, and the commissioners of Beaverhead County have written letters and sent petitions to the Montana Congressional Delegation asking that the Hidden Pasture Creek Wilderness Study Area be released from further wilderness consideration, in accordance with Bureau of Land Management recommendations.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States Congress be urged to remove the Hidden Pasture Creek Wilderness Study Area from further wilderness study designation.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the Majority Leader of the United States Senate, and each member of the Montana Congressional Delegation.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE MEMBERS OF THE UNITED STATES CONGRESS TO PROPOSE THE “KEEP NINE” AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES TO REQUIRE THAT THE UNITED STATES SUPREME COURT BE COMPOSED OF NINE JUSTICES.
WHEREAS, an independent United States Supreme Court is an essential element of America’s system of checks and balances that protects our constitutional rights; and
WHEREAS, the United States Supreme Court has been composed of nine justices for more than 150 years; and
WHEREAS, the President of the United States and the United States Congress should be prohibited from undermining the independence of the United States Supreme Court by changing the number of justices on the United States Supreme Court.
NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:
That the United States Congress be urged to propose the “Keep Nine Amendment” to the Constitution of the United States that states: “The Supreme Court of the United States shall be composed of nine Justices”.
BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of the Montana Congressional Delegation, the Speaker of the United States House of Representatives, the Majority Leader of the United States Senate, and to all of the Speakers of the House of Representatives and the Presidents of the Senate of the 99 state legislative chambers in the 50 states.

SENATE JOINT RESOLUTION NO. 9
A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REAFFIRMING THE FRIENDSHIP BETWEEN THE STATE OF MONTANA AND TAIWAN; WELCOMING BILATERAL TRADE AGREEMENT TALKS; AND SUPPORTING TAIWAN’S MEANINGFUL PARTICIPATION IN INTERNATIONAL ORGANIZATIONS.
WHEREAS, Taiwan was the 11th largest trading partner of the United States in 2019 with a bilateral trade volume of $85.5 billion, and according to the United States Census Bureau, Taiwan became the ninth largest trading partner in the first half of 2020 with a bilateral trade volume of $42.8 billion; and
WHEREAS, Taiwan remains the seventh largest export market for the agricultural goods of the United States, including the sixth largest market for United States beef, valued at approximately $3.57 billion a year between 2017 and 2019; and
WHEREAS, effective January 1, 2021, Taiwan President Tsai Ing-Wen announced the removal of restrictions on importing United States beef over 30 months of age and United States pork containing ractopamine, demonstrating Taiwan’s efforts to eliminate trade barriers; and
WHEREAS, Taiwan was the State of Montana’s sixth largest export market in 2019, valued at $58 million in sales, which grew 14.5% over 2018; and
WHEREAS, Congress passed the Taiwan Travel Act and the Taiwan Allies International Protection and Enhancement Initiative Act in 2018 and 2019 to encourage bilateral governmental exchange between the United States and Taiwan and to support Taiwan’s international participation; and
WHEREAS, between August 9-12, 2020, United States Secretary of Health and Human Services Alex Azar led a delegation to Taiwan to express the United States government’s support of Taiwan and to recognize Taiwan’s contributions during the global public health pandemic of the novel coronavirus; and
WHEREAS, the year 2021 is the 36th anniversary of the sisterhood between the State of Montana and Taiwan. In 2020, during the pandemic, Taiwan donated nearly 20 million surgical masks all over the world. Demonstrating Taiwan’s friendship and commitment to the State of Montana, Taiwan sent 30,000 surgical masks to Montana’s frontline responders and another 10,000 surgical masks to Montana’s judicial personnel; and

WHEREAS, the State of Montana reaffirms its dedication to strengthening closer trade and cultural ties with Taiwan, supporting increased bilateral trade and investment, and encouraging further governmental exchange.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the State of Montana reaffirms its commitment to a stronger and deeper relationship with the people of Taiwan, in particular during this year, the 36th anniversary of the Montana-Taiwan sisterhood.

(2) That Montana supports the United States’ achievements concerning the bilateral trade agreement with Taiwan.

(3) That in recognition of Taiwan’s contribution to global public health security and a broad range of other issues, including humanitarian assistance, disaster relief, and empowerment of women, which includes hosting regular forums under the United States-Taiwan Global Cooperation and Training Framework, the State of Montana supports Taiwan’s meaningful participation in international organizations.

(4) That the Secretary of State send copies of this resolution to the Montana Congressional Delegation, Governor Gianforte, Minister of Foreign Affairs Jaushieh Wu, and Director General Daniel Chen of the Taipei Economic and Cultural Office in Seattle.

SENATE JOINT RESOLUTION NO. 10

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO APPROPRIATE FUNDING UNDER THE ENERGY ACT OF 2020 FOR THE DEVELOPMENT OF CARBON CAPTURE TECHNOLOGIES AT THE COLSTRIP ELECTRIC GENERATING STATION IN ROSEBUD COUNTY, MONTANA.

WHEREAS, Units 3 and 4 of the Colstrip Electric Generating Station have been providing affordable and reliable power throughout the Pacific Northwest for more than 40 years and have decades of service life remaining; and

WHEREAS, the Colstrip Electric Generating Station provides employment to more than 250 high-wage employees; and

WHEREAS, the Rosebud Mine provides employment to nearly 300 high-wage employees, and provides inexpensive, low-sulfur coal to the Colstrip Electric Generating Station; and

WHEREAS, the Rosebud Mine contributes more than $40 million in tax revenue to the State of Montana annually; and

WHEREAS, the Rosebud Mine contributes more than $11 million in royalties to the federal government annually; and

WHEREAS, severance taxes from the Rosebud Mine have flowed into the Coal Severance Tax Trust Fund for decades and established a trust with a corpus of more than $1 billion from which the interest has funded countless schools and local water, wastewater, and bridge projects; and
WHEREAS, Montana has abundant reserves of coal and our nation has more than 300 years of recoverable coal reserves and more than 30% of the country’s proven reserves with an estimated value of more than $30 trillion; and

WHEREAS, even with the rapid deployment of renewable energy sources, the United States Energy Information Administration estimates that coal will continue to account for nearly 15% of our national energy production in the coming decades; and

WHEREAS, utility customers and regulators are demanding reductions in our national energy carbon footprint; and

WHEREAS, global investment dollars are migrating away from oil, natural gas, and coal toward nonfossil fuel energy research and development; and

WHEREAS, complete removal of coal from the energy mix threatens Montana’s utility rate stability and baseload dependability, which would require purchasing energy on the open market during times of high demand, and threatens power dependability during severe weather events; and

WHEREAS, lack of investment and early closure of Colstrip Units 3 and 4 is projected to result in the loss of more than 3,000 jobs, reduced collective income by Montana households of more than $325 million, a reduction in state tax and nontax revenues on the order of $80 million a year, a population loss of more than 7,000 people, and reduced economic activity across the state due to higher electricity prices, reduced interregional trade, and lower state government spending; and

WHEREAS, it is in the social and economic interest of the State of Montana to facilitate investment in Colstrip to provide stable and affordable power, to preserve the economy, and to reduce emissions; and

WHEREAS, coal remains an essential part of the fuel mix to balance intermittent renewable power, and Carbon Capture Utilization and Storage is the only technology able to achieve deep emission reductions for reliable baseload power; and

WHEREAS, power plants equipped with Carbon Capture Utilization and Storage have potential to act as anchor projects for the construction of shared infrastructure, including the creation of industrial carbon capture hubs and clusters, with large quantities of carbon dioxide enabling economies of scale for infrastructure development; and

WHEREAS, Carbon Capture Utilization and Storage reduces carbon dioxide emissions by more than 95%, with the reductions in emissions serving to benefit the health and welfare of Montana’s citizens, while helping to preserve the natural environment and economy, and

WHEREAS, deployment strategies that shift the focus from large, stand-alone Carbon Capture Utilization and Storage facilities to the development of industrial “hubs” with shared carbon dioxide transport and storage infrastructure are opening up new investment opportunities; and

WHEREAS, development of Carbon Capture Utilization and Storage hubs and clusters will keep mines and power plants open, high-wage jobs preserved, and potentially attract hundreds of additional jobs in other industries that benefit from decarbonization and downstream carbon dioxide products.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the 67th Senate and House of Representatives of Montana maintain standing support of the employees, businesses, and communities that contribute to Montana’s energy economy and our national energy security.

(2) That the 67th Senate and House of Representatives of Montana will resist interference in the operation and maintenance of Montana’s energy
infrastructure that unduly threatens the viability of the Rosebud Mine, Colstrip Electric Generating Station, and other coal mining operations in Montana that are essential to the thousands of employees, contractors, and vendors who rely on the continued operation of these facilities.

(3) That the 67th Senate and House of Representatives of Montana urge the United States Congress to commit funding from the Energy Act of 2020 to fund carbon capture research and development and implementation technologies, including commercial scale deployment, at the Colstrip Electric Generating Station in Rosebud County, Montana.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the Majority and Minority Leaders of the United States House of Representatives and the United States Senate, and to each member of the Montana Congressional Delegation.

SENATE JOINT RESOLUTION NO. 11

WHEREAS, products using the “Product of the USA” label must meet specific criteria that are currently outlined by the Federal Trade Commission; and

WHEREAS, foreign beef and pork are currently able to receive a United States Department of Agriculture inspection label, but the additional “Product of the USA” label deceives the consumer and harms the Montana rancher; and

WHEREAS, beef and pork should be treated with the same discretion as all other food and manufactured products to inform the consumer of the source of their food; and

WHEREAS, labeling provides important information, and a true “Product of the USA” label protects and helps the consumer to make good decisions about purchasing a high-quality product that supports American ranchers.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States Department of Agriculture be encouraged to allow only beef or pork from cattle or swine born, raised, and processed in the United States be labeled as “Product of the USA”, “Made in the USA”, “US Beef”, or “US Pork”.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the United States Secretary of Agriculture and the Montana Congressional Delegation.

SENATE JOINT RESOLUTION NO. 17

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO ALLOW MONTANA TO ENACT YEAR-ROUND DAYLIGHT SAVING TIME.

WHEREAS, Montana observes daylight saving time from March until November, which comprises two-thirds of the year; and

WHEREAS, the United States Congress first adopted daylight saving time in 1918, although Congress soon changed its mind, and the concept was only locally observed until World War II; and

WHEREAS, preserving daylight saving time would allow us to maintain light deep into the summer evenings, which benefits tourism, businesses, and all Montanans; and

WHEREAS, the American Academy of Sleep Medicine stated in a 2020 report that “[a]n abundance of accumulated evidence indicates that the acute transition from standard time to daylight saving time incurs significant public
health and safety risks, including increased risk of adverse cardiovascular events, mood disorders, and motor vehicle crashes."

WHEREAS, schools depend on light in the evenings for sports and other extracurricular events, which daylight saving time provides; and

WHEREAS, in 1966, the United States Congress passed the Uniform Time Act, which established time zones and dates of observance for daylight saving time; and

WHEREAS, the Uniform Time Act did permit states to stay on standard time and to not observe daylight saving time, but it did not permit states to stay on daylight saving time; and

WHEREAS, only the United States Congress through a public law or the federal Department of Transportation through a regulation may allow Montana to maintain year-round daylight saving time; and

WHEREAS, recently 13 states, including Idaho, Wyoming, Georgia, Louisiana, South Carolina, Utah, Arkansas, Delaware, Maine, Oregon, Tennessee, Washington, and Florida, have approved new laws providing for year-round daylight saving time if authorized by the United States Congress.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That Montana should have the choice of adopting permanent daylight saving time.

(2) That the federal government should allow states to observe permanent daylight saving time through legislation in the United States Congress or the adoption of a regulation through the United States Department of Transportation.

(3) That the Secretary of State send a copy of this resolution to the President of the United States, the Majority Leader and the Minority Leader of the United States Senate, the Speaker and the Minority Leader of the United States House of Representatives, the United States Secretary of Transportation, and to each member of the Montana Congressional Delegation.

 Adopted April 15, 2021
WHEREAS, the Endangered Species Act was amended by the United States Congress in 1978 so that the new definition of “species” included a “distinct population segment” that interbreeds; and

WHEREAS, in Senate Report 151 of the 96th United States Congress, the Congress instructed that the authority to designate distinct population segments be exercised “sparingly and only when the biological evidence indicates that such action is warranted”; and

WHEREAS, in 1993, the United States Fish and Wildlife Service revised the Grizzly Bear Recovery Plan, establishing six grizzly bear recovery zones, including the Greater Yellowstone Grizzly Bear Recovery Zone, the Northern Continental Divide Grizzly Bear Recovery Zone, the Cabinet-Yaak Grizzly Bear Recovery Zone, the Selkirk Grizzly Bear Recovery Zone, the Bitterroot (Mountains of Idaho and Montana) Recovery Zone, and the North Cascades (Mountains of Washington) Recovery Zone; and

WHEREAS, in 1996, the United States Fish and Wildlife Service and the National Marine Fisheries Service developed a policy to clarify the meaning of “distinct population segment”, and the clarification required a distinct population segment to exhibit “discreteness” relative to the remainder of the species and “significance” to the species to which it belongs; and

WHEREAS, for the purpose of the discrete population segment policy, the United States Fish and Wildlife Service and the National Marine Fisheries Service define “discreteness” as being separated from other populations of the same species by physical, physiological, ecological, or behavioral factors, or as being delimited by international governmental boundaries with significant differences in habitat management, conservation regulations, exploitation control, or regulatory mechanisms; and

WHEREAS, because of the genetic interchange between the Northern Continental Divide, Cabinet-Yaak, and Selkirk grizzly bear recovery zones, and because of the genetic interchange that occurs between grizzly bears crossing the border between the United States and Canada, these three recovery zones should be considered one large interbreeding distinct population segment; and

WHEREAS, delisting efforts for the Greater Yellowstone Grizzly Bear Recovery Zone have been ongoing for 13 years, and the grizzly bear population in the Northern Continental Divide Grizzly Bear Recovery Zone has reached recovery goals and should also be in an ongoing delisting process; and

WHEREAS, delays in the United States Fish and Wildlife Service delisting process create a significant loss of social tolerance among Montanans who are adversely impacted by the continued expansion of grizzly bears.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature supports the delisting of Montana’s grizzly bear populations from the Endangered Species Act and the return of Montana grizzly bears to state management.

BE IT FURTHER RESOLVED, that the Legislature call on the United States Fish and Wildlife Service to revise the 1993 Grizzly Bear Recovery Plan and reevaluate the Grizzly Bear Recovery Zone efficacy across all ranges.

BE IT FURTHER RESOLVED, that the Legislature requests that the United States Fish and Wildlife Service create a statewide distinct population segment that includes all of Montana’s grizzly bear recovery zones for the purpose of delisting the bear and returning its management to state control.

BE IT FURTHER RESOLVED, that the United States Fish and Wildlife Service develop a new management plan pursuant to section 4(d) of the Endangered Species Act that would aim to resolve conflicts between bears and
humans within the Northern Continental Divide Grizzly Bear Recovery Zone and other grizzly bear recovery zones.

BE IT FURTHER RESOLVED, that the Legislature call on Montana’s Congressional Delegation, as part of its efforts to return management of Montana’s grizzly bears to the state, to exempt the delisting of grizzly bear populations from judicial review.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the Secretary of the United States Department of the Interior, the Governor of the State of Montana, the Department of Fish, Wildlife, and Parks, the Secretaries of State for the States of Washington, Wyoming, and Idaho, and to each member of the Montana Congressional Delegation.

As Joseph Howard Kinsey wrote in his text, “High, Wide, and Handsome”, of the more than 15 million men and women in the United States Armed Forces during “World War II, Montana furnished 75,000” to the effort. “Proportionately this was near the top of all states. In World War II, as in World War I, Montanans were quick to enlist and they were healthy; the proportion rejected because of physical defect was smaller than the national average.” Further, the “Montana death rate in World War II was only exceeded by that of New Mexico in proportion to population. That the Legislature does hereby recognize our Montana World War II generation, veterans, and families, and all those who supported our nation’s efforts to right a wrong and restore peace through strength from 1940 to 1946, expending time, talent, and sacrifice to include the ultimate sacrifice in support of freedom.

BE IT FURTHER RESOLVED, that the Legislature supports the Spirit of ‘45 originally declared in July 2010 by an act of the United States Congress, and the recognition of the year 2020 as the 75th Anniversary of the end of World War II with Victory Europe occurring on May 7, 1945, and Victory Japan occurring on August 15, 1945, with the surrender of Japanese forces and the signing of surrender documents on September 2, 1945, on the USS Missouri, and ultimately World War II officially closed on December 31, 1946.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the Governor of Montana, the Department Commander

SENATE JOINT RESOLUTION NO. 21

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING THE PAYMENT OF COMPENSATION TO MONTANA FOR LOSSES INCURRED AND BENEFITS REALIZED DOWNSTREAM DUE TO THE CONSTRUCTION OF LIBBY DAM AND OPPOSING THE RIGHT TO DIVERT 1,500,000 ACRE-FEET OF WATER FROM THE KOOTENAI RIVER TO THE COLUMBIA RIVER AT CANAL FLATS, BRITISH COLUMBIA.

WHEREAS, Libby Dam, located in Lincoln County, Montana, is the fourth dam constructed under the Columbia River Treaty, which the Canadian government and the United States government entered into in 1964, and is located on the Kootenai River, which is the third largest tributary to the Columbia River and contributes almost 20% of the stored water under the Columbia River Treaty; and

WHEREAS, Libby Dam was dedicated on August 24, 1975, and spans the Kootenai River 17 miles upstream from the town of Libby, Montana; and

WHEREAS, Lake Koocanusa, the reservoir behind Libby Dam, extends 90 miles north of the dam, with 48 miles of Lake Koocanusa located in Lincoln County and the remainder in British Columbia, Canada; and

WHEREAS, Libby Dam, in Montana’s northwest corner, and three dams in Canada were constructed to protect downstream areas from flooding, and Libby Dam holds back an average of 5,800,000 acre-feet of water; and

WHEREAS, economic benefits have been derived from the storage of these floodwaters and the coordinated, timely release of those waters for generation of electricity, irrigation, navigation, and recreation; and

WHEREAS, the construction of Libby Dam placed many thousands of acres of land in Lincoln County under water, leading to decreased real property tax revenues for the county and a loss of timber sales and wildlife and fish habitat, among other losses; and

WHEREAS, storage of water behind Libby Dam provides flood protection to British Columbia and provides the opportunity for electricity to be generated throughout the year at seven hydropower generating facilities between Nelson and Castlegar, British Columbia, as well as at numerous other dams further down the Columbia River in Washington and Oregon; and

WHEREAS, the Canadian government was compensated for construction of the dams and storage of floodwaters through a sharing of electricity from additional power generated at downstream dams and hydropower generating facilities, leading to the formation of the Columbia Basin Trust; and

WHEREAS, citizens of Lincoln County and Montana did not participate in the negotiations for the terms of the Columbia River Treaty, and no compensation has been received by Lincoln County or Montana except for fish and game mitigation; and

WHEREAS, the renegotiation or modernization of the treaty is currently in process, and there is a possibility that compensation could be provided
to Lincoln County and Montana as a result of federal legislation, litigation, determination of regulations, and the renegotiation of the treaty; and

WHEREAS, in 2017, Libby Dam produced 2.557 million megawatts at a value of $54 per megawatt for a total gross value of $138 million at Libby Dam, although there is a production cost of $4.16 per megawatt, leaving a net value of almost $127 million; and

WHEREAS, British Columbia and Canada were granted the right to divert 1,500,000 acre-feet of water from the Kootenai River to the Columbia River at Canal Flats, British Columbia, before the Kootenai River flows into Montana; and

WHEREAS, this reduction of 1,500,000 acre-feet would amount to 26% of the Kootenai River flow into Montana and through Libby Dam; and

WHEREAS, such a diversion would create serious and devastating impacts to the ecology of Lake Koocanusa and the Kootenai River Basin and to the life within and the surrounding ecosystem, as well as a major loss in revenue to Bonneville Power Administration.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the state of Montana seeks compensation for the decreased real property tax revenues, the loss of timber, minerals, and real estate development, and other losses due to the construction of Libby Dam for all the same reasons that the province of British Columbia, Canada, is compensated.

BE IT FURTHER RESOLVED, that the 67th Montana Legislature, representing all citizens of Montana, requests that the right to divert water from the Kootenai River to the Columbia River at Canal Flats be removed in the modernization of the Columbia River treaty language.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to President Joe Biden, the Montana Congressional Delegation, the United States Secretaries of the Interior and Energy, the United States Army Corps of Engineers, Chief Negotiator Jill Smail at the United States Department of State, Kieran Connolly at the Bonneville Power Administration, Governor Greg Gianforte, and Mike Milburn and Doug Grob at the Northwest Power and Conservation Council.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF EROSION ALONG THE FLATHEAD RIVER.

WHEREAS, the Flathead River originates in the MacDonald Range in southeastern British Columbia before flowing south to Montana and emptying first into Flathead Lake and eventually into the Clark Fork River; and

WHEREAS, the three forks of the Flathead River and other tributaries comprise the Flathead River basin watershed, which drains 8,587 square miles; and

WHEREAS, the Flathead River is important for the natural and economic life of the Flathead Valley; and

WHEREAS, economists estimate significant fiscal impacts associated with the Flathead River and Flathead Lake, including shoreline property values of $6 billion to $8 billion, nature-based tourism that comprises roughly 20% of the $7.8 billion local economy, and ecological services, such as water supply and purification and flood and drought mitigation, that contribute more than $20 billion in benefits to human society; and

WHEREAS, the lower Flathead River in Flathead County is bordered by private lands of agricultural, ecological, and economic importance; and

WHEREAS, the Flathead Lake Biological Station lists erosion as negatively impacting water quality on Flathead Lake; and

WHEREAS, the total maximum daily load report for Flathead Lake identifies suspended sediments, caused by streambank erosion, to be a major contributor to phosphorus and nitrogen loading of Flathead Lake; and

WHEREAS, the Flathead-Stillwater watershed restoration plan identifies streambank erosion as a major concern and calls for a significant reduction in streambank erosion; and

WHEREAS, many landowners and agricultural producers have recently reported substantial increases in streambank damage due to erosion; and

WHEREAS, recreational use of the Flathead River has increased, including boat use, which causes streambank erosion; and

WHEREAS, decreases in water quality have led federal and state agencies to classify Flathead Lake as “impaired” due to human-caused increases in nutrients and sediment, requiring a long-term plan for water quality protection; and

WHEREAS, excessive erosion to Flathead River streambanks endangers important agricultural lands, water resources, riparian vegetation, and aquatic systems.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to review issues of erosion along the Flathead River, including:

because committee amendments are merely recommendations to the Senate
that are formally adopted when the committee report is accepted by the Senate.

(7) A second to any motion offered in a committee is not required in order
for the motion to be considered by the committee.

(8) The vote of each member on all committee actions must be recorded and
reported in the committee minutes. All motions may be adopted only on the
affirmative vote of a majority of the members voting.

(9) A motion to take a bill from the table may be adopted by the affirmative
vote of a majority of the members physically or remotely present at any meeting
of the committee.

(10) An action formally taken by a committee may not be altered in the
committee except by reconsideration and further formal action of the committee.

(11) A committee may reconsider any action as long as the matter remains
in the possession of the committee. A bill is in the possession of the committee
until a report on the bill is made to the Committee of the Whole. A committee
member need not have voted with the prevailing side in order to move
reconsideration.

(12) The chair shall decide points of order.

(13) The privileges of committee members, present physically or remotely,
include the following:
(a) to participate freely in committee discussions and debate;
(b) to offer motions;
(c) to assert points of order and privilege;
(d) to question witnesses upon recognition by the chair;
(e) to offer any amendment to any bill; and
(f) to vote, either by being present or by proxy, using a standard form.

(14) Any meeting of a committee held through the use of telephone or other
electronic communication must be conducted in accordance with Chapter 3 of
the Senate Rules.

(15) A committee may consolidate into one bill any two or more related bills
referred to it whenever legislation may be simplified by the consolidation.

(16) Committee procedure must be informal, but when any questions arise
on committee procedure, the rules or practices of the Senate are applicable
except as stated in the Senate Rules.
S30-80. Public testimony – decorum – time restrictions. (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list or by electronic means.

(2) (a) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing, subject to time constraints. Written testimony may not be required of any witness, but all witnesses may submit a statement in writing for the committee’s official record.

(b) A person who is an employee of the state or a political subdivision of the state that is offering testimony on behalf of the state or political subdivision shall state in the person’s oral or written testimony the specific entity or state officeholder that they are representing.

(3) The chair may order actions to maintain order in the committee meeting. During committee meetings, visitors may not speak unless called upon by the chair. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshall. The chair shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chair may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is at the discretion of the chair.

S30-100. Pairs prohibited – absentee or proxy voting. Pairs in standing committee are prohibited. Standing and select committees may by a majority vote of the committee authorize Senators to vote in absentia. Authorization for absentee or proxy voting must be reflected in the committee minutes.

S30-140. Reconsideration in committee. A committee may at any time prior to submitting a report to the Secretary of the Senate reconsider its previous action on legislation.

S30-150. Committee requested legislation. (1) (a) Except as provided in subsection (1)(b), at least three-fourths of all the members of a standing committee must have voted in favor of the question to allow the committee to request the drafting and introduction of legislation.

(b) The Finance and Claims Committee may request the drafting and introduction of legislation by a majority vote of all of the members of the committee.

(2) The chair of a committee shall introduce, or shall designate a member of the committee to introduce, legislation requested by the committee. The introduced bill must be referred to the requesting committee.

S30-160. Ethics Committee. (1) The Ethics Committee shall meet only upon the call of the chair after the referral of an issue from the Rules Committee or the Legislator Conduct Panel or to consider a request for a determination pursuant to subsection (4). The Rules Committee may be convened to consider the referral of a matter to the Ethics Committee upon the request of a Senator. The Rules Committee shall prepare a written statement of the specific question or issue to be addressed by the Ethics Committee. Except for a referral from the Legislative Conduct Panel, the issues referred to the Ethics Committee must be related to the actions of a Senator during a legislative session.

(2) The matters that may be referred to the Ethics Committee are:
(a) a violation of:
(i) 2-2-103;
(ii) 2-2-104;
(iii) 2-2-111;
(iv) 2-2-112; or
(v) Joint Rule 10-85;
(b) the use or threatened use of a Senator’s position for personal or personal business benefit or advantage; or
(c) any other violation of law by a Senator while acting in the capacity of Senator.
(3) If there is a recommendation from the Ethics Committee, the recommendation is made to the Senate.
(4) A Senator may seek a determination from the Ethics Committee concerning the possibility of a personal conflict of interest.

CHAPTER 4

Legislation

S40-10. Types of legislation. The only types of legislation that may be introduced in the Senate are those that have been drafted and approved by the Legislative Services Division and signed by a Senator as chief sponsor. The types of legislation allowed include:
(1) bills of any subject, except appropriations;
(2) joint resolutions, which may be used for any purpose specified in Joint Rule 40-60; and
(3) simple resolutions, which may:
(a) adopt or amend Senate rules;
(b) provide for the internal affairs of the Senate;
(c) express confirmation of the Governor’s appointments; or
(d) make recommendations concerning the districting and apportionment plan as provided by Article V, section 14(4), of the Montana Constitution.

S40-20. Introduction — first reading. (1) Upon receiving a bill or resolution from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation. Legislation properly introduced or received in the Senate must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a Senator may question adherence to rules. Acknowledgment by the Secretary of the Senate of receipt of legislation transmitted from the House commences the time limit for consideration of the legislation. All legislation received by the Senate may be referred to a committee prior to being read across the rostrum.
(2) Bills and resolutions preintroduced as provided in Joint Rule 40-40 may be assigned to committee, posted online, and printed prior to the legislative session. The Legislative Services Division is responsible for ensuring the preintroduction intent from each Senator and presenting the preintroduced legislation to the Secretary of the Senate.
(3) Upon referral to committee, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.
(4) The sponsor may ask the Legislative Services Division to change or correct a short title used on the bill status system.

S40-30. Cosponsors and additional sponsors. (1) Prior to submitting legislation to the Secretary of the Senate for introduction, the chief sponsor may add representatives and senators as cosponsors. A legislator shall sign the cosponsor form attached to the legislation in order to be added as a cosponsor.
(2) After legislation is submitted for introduction, sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report
on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(3) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Services Division with the original bill for the inclusion of the names in subsequent printings of the bill or resolution.

**S40-40. Reading limitations.** (1) Every bill must be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) A bill or resolution may not have more than one reading on the same day except the last legislative day.

(3) An amendment may not be offered on third reading.

**S40-60. Scheduling for second reading.** (1) All bills and resolutions that have been reported by a committee or withdrawn from a committee by motion, accepted by the Senate, and posted online and reproduced must be scheduled for consideration by Committee of the Whole.

(2) Until the 50th legislative day, 1 day must elapse between receiving the legislation from printing and scheduling for second reading for consideration by Committee of the Whole unless a posted or printed version of an unamended bill is available.

(3) The majority leader shall arrange legislation on the agenda in the order in which the bills will be considered, unless otherwise ordered by the Senate or Committee of the Whole.

**CHAPTER 5**

**Floor Action**

**S50-10. Attendance — mandatory voting — quorum.** (1) Unless excused, Senators must be physically or remotely present every sitting of the Senate and shall vote on questions put before the Senate.

(2) A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in the manner and under penalties as the Senate may prescribe (Montana Constitution, Art. V, sec. 10(2)).

**S50-20. Orders of business.** After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

(1) communications and petitions;
(2) reports of standing committees;
(3) reports of select committees;
(4) messages from the Governor;
(5) messages from the House of Representatives;
(6) first reading and commitment of bills;
(7) second reading of bills (Committee of the Whole);
(8) third reading of bills;
(9) motions;
(10) unfinished business;
(11) special orders of the day; and
(12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the Senate shall revert to Order of Business No. 1 when reconvening after a recess.

**S50-30. Limitations on debate.** A Senator may not speak more than twice on any one motion or question without unanimous consent of the Senate, unless the Senator has introduced or proposed the motion or question under debate, in which case the Senator may speak twice and also close the debate.
However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

**S50-40. Procedure upon offering a motion.** (1) When a motion is offered it must be restated by the presiding officer. If requested by the presiding officer or a Senator, it must be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

**S50-50. Precedence of motions.** (1) When a question is under debate only the following privileged and subsidiary motions may be made:
   - (a) to adjourn (nondebatable S50-60);
   - (b) for a call of the Senate (nondebatable S50-60);
   - (c) to recess (nondebatable S50-60);
   - (d) question of privilege;
   - (e) to lay on the table (nondebatable S50-60);
   - (f) for the previous question (nondebatable S50-60);
   - (g) to postpone to a certain day;
   - (h) to refer or commit;
   - (i) to amend; and
   - (j) to postpone indefinitely.

(2) The motions listed in subsection (1) have precedence in the order listed.

(3) A question may be indefinitely postponed by a majority roll call of all Senators physically or remotely present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again except upon a motion of reconsideration as provided in S50-90.

(4) A motion or proposition on a subject different from that under consideration may not be accepted unless a substitute motion is in order.

**S50-60. Nondebatable motions.** The following motions are not debatable:

(1) to adjourn;
(2) for a call of the Senate;
(3) to recess or rise;
(4) for parliamentary inquiry;
(5) for suspension of the rules;
(6) to lay on the table;
(7) for the previous question;
(8) to limit, extend the limits of, or to close debate;
(9) to amend an undebatable motion;
(10) to change a vote (S50-200);
(11) to pass business in Committee of the Whole;
(12) to take from the table;
(13) a decision of the presiding officer, unless appealed or unless the presiding officer submits the question to the Senate for advice or decision; and
(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

**S50-70. Amending motions -- restrictions.** (1) Subject to subsection (2), no more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

(2) A motion for a call of the Senate, for the previous question, to table, or to take from the table may not be amended.

**S50-80. Previous question.** (1) Except as provided in subsection (2), the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question
and the adhering subsidiary motions, whether on appeal or otherwise. The motion for the previous question is nondebatable as provided in §50-60(7).

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of that time to be given to the proponents and one-half to the opponents. The sponsor of the main motion on which the previous question is adopted may close on the motion regardless of whether debate on the main motion has occurred.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not physically and remotely present.

§50-90. Reconsideration — time restrictions. (1) Subject to subsection (6), any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question. A motion to reconsider is a debatable motion, but the debate is limited to the motion. The debate on a motion to reconsider may not address the substance of the matter for which reconsideration is sought. However, an inquiry may be made concerning the purpose of the motion to reconsider.

(2) A motion to reconsider must be disposed of when made unless a proper substitute motion is made and adopted.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and must be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 9 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there may not be further action until the succeeding legislative day.

(6) If the Senate has adjourned for more than 2 days, then a motion to reconsider action taken on the last day the Senate was in session is in order on the day the Senate reconvenes or on the following legislative day.

§50-95. Rereferral. (1) Legislation that is in the possession of the Senate and that has been reported from a committee with a do pass or be concurred in recommendation may be rereferred to a Senate committee by a majority vote.

(2) (a) With the consent of the majority leader, the minority leader, and the bill sponsor, legislation that has passed second reading, has been rereferred to the Finance and Claims Committee pursuant to subsection (1), and is reported from committee without amendments may be placed on third reading.

(b) The third-reading agenda must specify that the legislation rereferred and reported from committee under subsection (2)(a) was rereferred to the Senate Finance and Claims Committee and reported from the committee without amendments as passed on second reading.

§50-100. Dividing a question — segregation excluded. A Senator may request to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain. A vote is not required on a request to divide a question, but the chair may rule that a question is not divisible. The ruling of the chair may be appealed as provided in §20-10 and §20-20. For an appeal of a ruling of the presiding officer, the question for the Senate must be stated as, “Shall the ruling of the chair be upheld?” A motion to segregate pursuant to §50-140(4) is not a request to divide a question.
S50-110. Rules for questions or bills requiring other than a majority vote. (1) Except as provided in subsection (2), if a question or bill requires more than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question or bill prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote. This rule does not prevent a committee from indefinitely postponing or tabling a bill proposing an amendment to the Montana Constitution.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill must again be placed on third reading in the Senate to determine if the required number of votes has been cast.

S50-120. Committee reports to Senate — reconsideration. (1) Reports of standing committees must be read on Order of Business No. 2, and, if there is no objection to form, are considered adopted. Subject to subsection (4), debate may not be had on any report.

(2) On an adverse committee report, the sponsor may respond to the chair of the committee making the report.

(3) Any Senator seeking a reconsideration of the Senate’s action on the adoption of a committee report shall do so on Order of Business No. 9 by motion to reconsider as provided in S50-90. Any Senator may make the reconsideration motion and need not have voted on the prevailing side. This rule applies notwithstanding any joint rule to the contrary. Subject to S50-90(6), the reconsideration motion must be made within 1 legislative day of the adoption of the committee report and is not in order if the bill has been considered in Committee of the Whole.

(4) (a) Subject to subsection (4)(b), the Rules Committee and conference committees may report at any time, except during a call of the Senate, when a vote is being taken, or during Committee of the Whole.

(b) The Rules Committee may report during Committee of the Whole on matters referred to the Committee by the Committee of the Whole.

S50-130. Conference committee — reports. (1) When a conference committee report is filed with the Secretary of the Senate, the report must be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

(2) If both the Senate and the House of Representatives adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the Senate, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(3) If the Senate rejects a conference committee report, the committee continues to exist unless dissolved by the President or by motion. The committee may file a subsequent report.

(4) A Senate conference committee may confer regarding matters assigned to it with any House conference committee with like jurisdiction and submit recommendations for consideration of the Senate.

S50-140. Second reading — Committee of the Whole report — segregation — rejection. (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.
(2) After a Committee of the Whole has been formed, the President shall appoint a chair to preside.

(3) All legislation considered in the Committee of the Whole must be read by a summary of its title. The sponsor shall make an opening statement, proposed amendments must be considered, and then the bill must be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation remains on second reading.

S50-150. Committee of the Whole amendments. (1) All Committee of the Whole amendments must be prepared by the staff of the Legislative Services Division, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, must be printed in the journal, along with the name of the sponsor and the vote on each.

S50-160. Motions in Committee of the Whole. (1) All proper motions on second reading are debatable unless specified in S50-60.

(2) The only motions in order during Committee of the Whole are to:
   (a) recommend passage or nonpassage;
   (b) recommend concurrence or nonconcurrence (House amendments to Senate legislation);
   (c) amend;
   (d) indefinitely postpone;
   (e) pass consideration;
   (f) change the order in which legislation is placed on the agenda (nondebatable S50-60(14));
   (g) rise (nondebatable S50-60(3));
   (h) rise and report progress and ask leave to sit again (nondebatable S50-60(3)); or
   (i) rise and report (nondebatable S50-60(3)).

(3) The motions listed in subsection (2) may be made in descending order as listed.

S50-170. Committee of the Whole — generally. (1) The Committee of the Whole may not appoint subcommittees.

(2) The Committee of the Whole may not punish its members for misconduct, but may report disorder to the Senate.

S50-180. Voting on second reading — positive disposition of motions. (1) On Order of Business No. 7, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by an approved method of counting votes. The Secretary will then record the vote. The chair may then rule that unless excused those of the greater number and physically or remotely present have voted on the prevailing side of the question and that their vote be recorded as voting on the prevailing side. If there was a unanimous voice vote, all those physically or remotely present will be recorded as having voted for the question.

(2) A motion on second reading must be disposed of by a positive vote.

S50-190. Third reading procedure. (1) Unless rereferred to a committee by a majority vote after the adoption of the Committee of the Whole report but before adjournment for the day, all legislation passing second reading must be
placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 8 the Secretary shall read the title and the President shall state the question as follows: “Senate bill number (or other appropriate identification).... having been read three several times, the question is, shall the bill (or other appropriate identification) pass the Senate?”

(3) If an electronic voting system is used, the President shall state “Those in favor vote yes and those opposed vote no” and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding officer asks “Has every member voted?” (reasonable pause), “Does any member wish to change his or her vote?” (reasonable pause), “The Secretary will record the vote.”

S50-200. Senate voting — changing a vote — objection. (1) A roll call vote must be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators must be called alphabetically, unless an electronic voting system is used. A Senator may not vote after the decision is announced from the chair. A Senator may not explain a vote until after the decision is announced from the chair.

(3) A Senator may move to change the Senator’s vote, on any recorded vote, within 1 legislative day of the vote. The Senator making the motion shall first specify the bill number, the date of the vote, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation. The motion is nondebatable. If none of the Senators physically or remotely present object, the change must be entered into the journal.

(4) If any Senator objects to the request in subsection (3), the Senator making the request may move to suspend the rules to allow the Senator to change the Senator's vote.

(5) An error caused by a malfunction of the voting system may be corrected without a vote within 10 minutes of the malfunction.

S50-220. Call of the Senate without a quorum. (1) In the absence of a quorum, a majority of Senators physically and remotely present may compel the attendance of absent Senators by ordering a call of the Senate. A call of the Senate is not in order if a majority of Senators are physically and remotely present.

(2) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of the Senators present direct. When the attendance of an absent Senator is secured and the Senate refuses to excuse the Senator’s absence, the Senator may not be paid any expense payments while absent and is liable for the expenses incurred in procuring the Senator’s attendance.

(3) During a call of the Senate, all business must be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. When a quorum has been achieved under the call, the call is automatically lifted. The call may be removed by a two-thirds vote of the members physically or remotely present.

S50-230. House amendments to Senate legislation. (1) When the House has properly returned Senate legislation with House amendments, the Senate shall announce the amendments on Order of Business No. 5 and the President shall place them on second reading for debate. The President may rerefer Senate legislation with House amendments to a committee for a hearing if the House amendments constitute a significant change in the Senate legislation. The second reading vote is limited to consideration of the House amendments.
(2) If the Senate accepts House amendments, the Senate shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the Senate rejects the House amendments, the Senate may request the House to recede from its amendments or may direct appointment of a conference committee and request the House to appoint a like committee.

S50-240. Governor’s amendments. (1) When the Governor returns a bill with recommended amendments, the Senate shall announce the amendments under Order of Business No. 4.

(2) The Senate may debate and adopt or reject the Governor’s recommended amendments on second reading on any legislative day.

(3) If both the Senate and the House of Representatives accept the Governor’s recommended amendments on a bill that requires more than a majority vote for final passage, the Senate shall place the final form of the legislation on third reading to determine if the required vote is obtained.

S50-250. Governor’s veto. (1) When the Governor returns a bill with a veto, the Senate shall announce the veto under Order of Business No. 4.

(2) On any legislative day, a Senator may move to override the Governor’s veto by a two-thirds vote under Order of Business No. 9.

CHAPTER 6

Rules

S60-10. Senate rules — amendment — adoption — suspension. (1) A motion to amend or adopt a rule of the Senate must be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day’s notice.

(2) A rule may be suspended temporarily by a three-fifths vote.

S60-20. Mason’s Manual of Legislative Procedure. The most recent publication of Mason’s Manual of Legislative Procedure governs the proceedings of the Senate in all cases not covered by these rules.

S60-30. Joint rules superseded. A Senate rule, insofar as it relates to the internal proceedings of the Senate, supersedes a joint rule.

CHAPTER 7

Nominations from the Governor

S70-10. Nominations. (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any office subject to Senate confirmation, the Governor shall appoint some fit person to discharge the duties of the office until the next meeting of the Senate, when the Governor shall nominate a person to fill the office.

S70-20. Receiving nominations — requesting bill drafts. (1) Nominations received from the Governor must be:

(a) received by the President;

(b) delivered to the Secretary of the Senate; and

(c) read under Order of Business No. 4, messages from the Governor.

(2) The Secretary shall distribute a copy of the list of nominations to each Senator.

(3) (a) The President of the Senate shall submit a bill draft request for a resolution for each nominee or each group of nominees read under Order of Business No. 4. These bill draft requests will not count against any bill draft request limit imposed on the President of the Senate.
(b) Prior to introduction of the resolution, the President of the Senate shall designate the appropriate committee chair or other member of the Senate to introduce the simple resolution.

S70-30. Committee process — separate consideration. (1) (a) The committee shall research each nominee and may request biographical information from the Governor for each nominee if none has been provided.

(b) When the resolution has been prepared and introduced, the committee shall hold a hearing on the resolution after appropriate public notice has been given.

(2) (a) Except as provided in subsection (2)(b), following the hearings for a group of nominees, the committee shall issue standing committee reports to be considered on second reading, stating the committee’s recommendations concerning the nominees.

(b) Following the hearings for the group of nominees, if a committee member wishes to have an individual nominee or group of nominees considered by the Senate separately from the group of nominees being considered by the committee, the committee member may prepare an amendment for executive action to strike or add a nominee or group of nominees. If a nominee or a group of nominees is stricken, the committee member that offered the amendment shall make a motion to request a committee resolution for the nominee or nominees to be considered by a separate resolution. A simple majority of the committee is sufficient in order to request a separate committee resolution.

(3) Within the Committee of the Whole, if a Senator wishes to have an individual nominee or group of nominees considered by the Senate separately from the group of nominees recommended by the committee, the Senator may prepare a floor amendment to strike or add a nominee or group of nominees. If a nominee or a group of nominees is stricken, a Senator may make a motion to request that the President of the Senate submit a bill draft request for that the nominee or nominees to be considered by a separate resolution.

(4) When the resolution for an individual or group nomination has been prepared and introduced, the committee shall take executive action on the resolution. When a hearing on the separated nomination was held prior to the committee’s standing committee report, an additional hearing is not required to be held before the committee takes action on the separate resolution. After the committee’s executive action, the committee chair shall issue a standing committee report.

(5) The Secretary will read the reports under Order of Business No. 2, reports of standing committees.

(6) After the report has been read, the resolution must be placed on Order of Business No. 7 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated. Approval upon second reading constitutes confirmation of the Governor’s nominee. A motion to reconsider the approval or disapproval of a nomination made on second reading must occur within one legislative day. A motion to reconsider may not be made if the resolution approving a confirmation is no longer in the possession of the Senate.

Appendix A

List of Questions Requiring Other Than a Majority Vote

The following questions require the vote specified:

(1) a motion to lift a call of the Senate pursuant to S50-220(3) (two-thirds of the members physically or remotely present);

(2) a motion to suspend rules pursuant to S60-10 (three-fifths);

2020 BALLOT ISSUES

Approved by Voters in the
November 2020 General Election
CONSTITUTIONAL AMENDMENT NO. 46
AN AMENDMENT TO THE CONSTITUTION
PROPOSED BY THE LEGISLATURE

The 2019 Legislature submitted this constitutional amendment for a vote. C-46 modifies the state constitution to specify proposed petitions for constitutional amendments from the people must be signed by at least ten percent of the qualified electors in two-fifths of the legislative districts. It repeals a different standard found to be unconstitutional in 2005.

THE COMPLETE TEXT OF HOUSE BILL NO. 244, REFERRED BY C-46
AN ACT SUBMITTING TO THE QUALIFIED ELECTORS OF MONTANA
AN AMENDMENT TO ARTICLE XIV, SECTION 9, OF THE MONTANA
CONSTITUTION TO REVISE THE METHOD OF QUALIFYING A
CONSTITUTIONAL AMENDMENT BY INITIATIVE FOR THE BALLOT;
AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, voters at the November 5, 2002, general election approved amendments to this article changing signature requirements for constitutional amendments by initiative petitions from “at least ten percent of the qualified electors in each of two-fifths of the legislative districts” to “at least ten percent of the qualified electors in each of at least one-half of the counties”; and

WHEREAS, in 2005 in Montana Public Interest Research Group v. Johnson, 361 F. Supp. 2d 1222 (D.C. Mont. 2005), the federal District Court declared that the newly approved county signature distribution requirements for petitions for constitutional amendments by initiative violated the Equal Protection Clause of the 14th Amendment to the United States Constitution because they allocated equal power to counties of unequal populations; and

WHEREAS, the federal District Court permanently enjoined Montana from enforcing the county distribution requirements; and

WHEREAS, subsequently, the Attorney General of Montana issued an opinion, 51 A.G. Op. 2 (2005), holding that the judicial decision restored the original legislative district distribution requirements as they existed before the approval of the invalid amendments; and

WHEREAS, the court’s decision and the Attorney General’s opinion did not alter the official, printed text of Article XIV, section 9, as amended, but they did affect the meaning and interpretation of that section; and

WHEREAS, the current official text of the Montana Constitution is confusing and inaccurate and does not reflect the current state of the law to qualify an initiative for a constitutional amendment for the ballot; and

WHEREAS, the Montana Constitution’s text should accurately reflect how an initiative for a constitutional amendment may qualify for the ballot; and

WHEREAS, this amendment will ensure public transparency by conforming the official text of the Montana Constitution with current constitutional amendment initiative petition signature requirements.

Be it enacted by the Legislature of the State of Montana:

Section 1. Article XIV, section 9, of The Constitution of the State of Montana is amended to read:

“Section 9. Amendment by initiative. (1) The people may also propose constitutional amendments by initiative. Petitions including the full text of the proposed amendment shall be signed by at least ten percent of the qualified electors of the state. That number shall include at least ten percent of the qualified electors in each of two-fifths of the legislative districts.
(2) The petitions shall be filed with the secretary of state. If the petitions are found to have been signed by the required number of electors, the secretary of state shall cause the amendment to be published as provided by law twice each month for two months previous to the next regular state-wide election.

(3) At that election, the proposed amendment shall be submitted to the qualified electors for approval or rejection. If approved by a majority voting thereon, it shall become a part of the constitution effective the first day of July following its approval, unless the amendment provides otherwise.”

Section 2. Two-thirds vote required. Because [section 1] is a legislative proposal to amend the constitution, Article XIV, section 8, of the Montana constitution requires an affirmative roll call vote of two-thirds of all the members of the legislature, whether one or more bodies, for passage.

Section 3. Effective date. [This act] is effective upon approval by the electorate.

Section 4. Submission to electorate. [This act] shall be submitted to the qualified electors of Montana at the general election to be held in November 2020 by printing on the ballot the full title of [this act] and the following:

Petitions shall be filed with the secretary of state at least three months prior to the election at which the measure will be voted upon.
(3) The sufficiency of the initiative petition shall not be questioned after the election is held.”

LEGISLATIVE REFERENDUM NO. 130 (HB 357)

AN ACT REFERRED BY THE LEGISLATURE

The 2019 Legislature submitted this proposal for a vote. LR-130 generally restricts a county, city, town, consolidated local government, or other local government unit’s authority to regulate the carrying of firearms. It removes a local government unit’s power to regulate the carrying of permitted concealed weapons or to restrict the carrying of unconcealed firearms except in publicly owned and occupied buildings under the local government unit’s jurisdiction. It repeals a local government unit’s authority to prevent or suppress the possession of firearms by convicted felons, adjudicated mental incompetents, illegal aliens, and minors. Federal and other state firearm restrictions would remain unchanged, including for these individuals. Local firearm ordinances that conflict with LR-130 could not be enforced.

AN ACT REVISING FIREARMS LAWS TO SECURE THE RIGHT TO KEEP AND BEAR ARMS AND TO PREVENT A PATCHWORK OF RESTRICTIONS BY LOCAL GOVERNMENTS ACROSS THE STATE AND PROVIDING THAT LOCAL GOVERNMENTS MAY NOT REGULATE THE CARRYING OF CONCEALED WEAPONS; PROVIDING THAT THE PROPOSED ACT BE SUBMITTED TO THE QUALIFIED ELECTORS OF MONTANA; AMENDING SECTIONS 7-1-111 AND 45-8-351, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Policy. It is the policy of the state that the citizens of the state should be aware of, understand, and comply with any restrictions on the right to keep or bear arms that the people have reserved to themselves in Article II, section 12, of the Montana constitution, and that to minimize confusion the legislature withholds from local governments the power to restrict or regulate the possession of firearms.

Section 2. Section 7-1-111, MCA, is amended to read:

“7-1-111. Powers denied. A local government unit with self-government powers is prohibited from exercising the following:

(i) any power that applies to or affects any private or civil relationship, except as an incident to the exercise of an independent self-government power;

INITIATIVE NO. 190

A LAW PROPOSED BY INITIATIVE PETITION

I-190 legalizes the possession and use of limited amounts of marijuana for adults over the age of 21. I-190 requires the Department of Revenue to license and regulate the cultivation, transportation, and sale of marijuana and marijuana-infused products and to inspect premises where marijuana is cultivated and sold. It requires licensed laboratories to test marijuana and marijuana-infused products for potency and contaminants. I-190 establishes a 20% tax on non-medical marijuana. 10.5% of the tax revenue goes to the state general fund, with the rest dedicated to accounts for conservation programs, substance abuse treatment, veterans’ services, healthcare costs, and localities where marijuana is sold. I-190 allows a person currently serving a sentence for an act permitted by I-190 to apply for resentencing or an expungement of the conviction. I-190 prohibits advertising of marijuana and related products. Marijuana taxes and fees will generate about $48 million annually by 2025. Marijuana fees will fund program administration and enforcement. Marijuana taxes will contribute to the general fund and special revenue accounts for conservation, veterans’ services, substance abuse treatment, healthcare, and local governments. The general fund will net $4 million.

(4)(a) The department shall license providers and marijuana-infused products providers according to a tiered canopy system.

(3) If an analysis of raw testing data indicates that licensees are providing test results that vary among testing laboratories by an amount determined by the state laboratory by rule, the department shall investigate the inconsistent results and determine within 60 days the steps the testing laboratories must take to ensure that each testing laboratory provides accurate and consistent results.

(4) If the analysis of raw testing data indicates a testing laboratory may be providing inconsistent results, the state laboratory shall suspend the testing laboratory's license until additional testing determines whether the results are consistent.

(5) The state laboratory shall revoke a testing laboratory’s license upon a determination that the laboratory is:
- providing test results that are fraudulent; or
- providing test results without having:

(2) There must be deposited in the account:
   (a) money from cigarette taxes deposited under 16-11-119(2)(c);
   (b) money from taxes on tobacco products other than cigarettes deposited under 16-11-119(4)(b);
   (c) money from marijuana taxes deposited under [section 35]; and

   (d) an offset to loss of revenue to the general fund as a result of new tax credits; and
   (e) grants to schools for suicide prevention activities, for the biennium beginning July 1, 2017.

(4) (a) On or before July 1, the budget director shall calculate a balance required to sustain each program in subsection (3) for each fiscal year of the biennium. If the budget director certifies that the reserve balance will be sufficient, then the agencies may expend the revenue for the programs as appropriated. If the budget director determines that the reserve balance of the revenue will not support the level of appropriation, the budget director shall notify each agency. Upon receipt of the notification, the agency shall
adjust the operating budget for the program to reflect the available revenue as determined by the budget director.

(b) Until the programs or credits described in subsections (3)(b) and (3)(d) are established, the funding must be used exclusively for the purposes described in subsections (3)(a) and (3)(c).

(5) The phrase “trended traditional level of appropriation”, as used in subsection (3)(c), means the appropriation amounts, including supplemental appropriations, as those amounts were set based on eligibility standards, services authorized, and payment amount during the past five biennial budgets.

(6) The department of public health and human services may adopt rules to implement this section.”
