Chair Mercer invited questions from the committee.
Rep. Nave asked her original question about agency savings due to unfilled vacancies that were, however, offset.
Ms. Smitham addressed the question.
Rep. Nave asked how many of the probation and parole officer positions DOC didn’t have qualified candidates for.
Ms. Smitham addressed the question.
Sen. Lynch asked about the level of turnover and retention in the department.
Ms. Wolken addressed the question.
Sen. Lynch requested supplemental information about recruitment and retention efforts be provided to the committee.
Chair Mercer referred to Exhibit 5 and to the fact that clinical services division and probation and parole division have spent just below 50 percent and about 51 percent respectively and asked what reasons accounted for the fact that the budget was less than half expended.
Ms. Smitham addressed the question.
Chair Mercer asked to confirm that the medical costs went down because of Medicaid expansion that provided resources that were not contemplated.
Chair Mercer noted that it would be helpful to quantify the savings and to understand the potential difference between what was anticipated to be incurred as a result of the budget process and what has actually incurred. Chair Mercer referred to the 12 new positions identified in Exhibit 7 and asked whether there were officers hired in places other than Billings.
Ms. Smitham addressed the question.
Chair Mercer asked where the 8 positions were anticipated to be filled.
Jim Anderson, Public Safety Chief, DOC, addressed the question.
Chair Mercer asked whether the remainder of the 5 positions would go to Missoula and Kalispell region.
Mr. Anderson asked for clarification on the question.
Chair Mercer stated that per information in Exhibit 7, the 12 positions were comprised of 8 probation and parole officers and 4 PSI writers, and the DOC had hired 3 officers in Billings which would leave 5 to be hired. Chair Mercer asked whether those 5 positions would go to Missoula and Kalispell region.
Mr. Anderson addressed the question.
Chair Mercer asked what positions had been posted and what positions had not yielded positions.
Mr. Anderson addressed the question.
Chair Mercer asked whether the postings were still active or whether they closed.
Mr. Anderson addressed the question.
Ms. Wolken provided further information on Chair Mercer’s question.
Chair Mercer referred to the testimony from the last legislative session as well as from the initial committee meeting and stated that the testimony indicated that there was an urgent need for officers, as well as an apprehension expressed by the DOC about hiring too many people at the same time in the Billings area. Chair Mercer expressed his concern that the DOC was 8 months into the FY and only 3 positions got filled. Chair Mercer expressed his hope that by the time the state got into the beginning of the FY 2023 that all these positions would be filled. Lastly, Chair Mercer asked whether the 3 PSI writer positions were still listed or filled.
Mr. Anderson addressed the question.
Chair Mercer asked where the 3 PSI writer positions would be based.
Mr. Anderson addressed the question.
Chair Mercer requested a supplemental report be provided to the committee after the current meeting. Chair Mercer also asked how the federal money for responding to COVID-19, including ARPA money, was used, as well as whether there were requests by the department to any of the ARPA commission’s dollars that were rejected.

Ms. Wolken addressed the question.

Ms. Smitham provided further details in response to Chair Mercer's question.

Chair Mercer stated that it was important for the committee to understand that there hadn't been any supplemental payments to contractors in FY 2021 or FY 2022. Chair Mercer asked whether the latter had been the case.

Ms. Smitham addressed the question.

Chair Mercer asked whether, when looking at the department’s operations, Ms. Smitham felt that the DOC incurred losses that were COVID-19-related that were not reimbursed through a federal resource.

Ms. Smitham addressed the question.

Chair Mercer asked if any determinations were made regarding to whether that calculation was the same for the department’s contractors.

Ms. Smitham addressed the question. In her response, Ms. Smitham stated that the secondary impact of COVID-19, specifically, impacts that have resulted from some of the changes in the economy such as wages and inflationary increases have resulted in cost increases that have not been replaced by the federal government.

Chair Mercer asked whether the DOC had tried to quantify those secondary impacts.

Ms. Smitham addressed the question.

Chair Mercer requested that DOC provide a summary with the department’s estimation of the secondary, economic impact of the COVID-19 on the department and its contractors. Chair Mercer also asked whether DOC has made any requests of the ARPA commission that were rejected for any resources that would be utilized by the department, including the contractors hired by the department.

Ms. Wolken addressed the question and asked Mr. Doig to elaborate further.

Mr. Doig addressed the question.

Chair Mercer asked whether the department had a conversation about trying to get ARPA dollars that would be utilized to assist contractors that have experienced impacts as a result of COVID-19.

Ms. Smitham addressed the question.

Brian Gootkin, Director, DOC, provided further elaboration on the question.

Chair Mercer asked about the time frame of when the white paper to the DPHHS had to be submitted.

Mr. Gootkin addressed the question.

Chair Mercer clarified his question and asked whether the department had a goal with respect to when the paper would be prepared and submitted.

Mr. Gootkin addressed the question.

Chair Mercer requested Mr. Gootkin report back to the committee with information regarding the content and timeframe of the white paper.

10:16:15  Ms. Wolken addressed the question.
10:16:46  Sen. Lynch asked whether the changes in risk assessment had resulted in alleviating any pressure with respect to length of stay from the local jails where people were waiting for the evaluation to be administered.

Chair Mercer asked about a connection between the creation of 12 FTE in HB2 and 2 additional FTE.

Ms. Smitham addressed the question.

Chair Mercer referred to the 14 new positions, 8 out of which were for probation officers acquired through HB2 process. Chair Mercer asked whether the additional 2 positions – that were contingent upon passage of a separate bill that Ms. Smitham referred to – would be for PSI writers or for probation officers.

Ms. Smitham addressed the question.

Chair Mercer talked about positions of probation officers and locations where those positions needed to be filled. Chair Mercer asked to confirm whether there were unfilled 2 positions in Region 4 and 5 outside Region 4 that were in the category of probation and parole officers.

Mr. Gootkin addressed the question.

Chair Mercer elaborated on the number of positions that were intended for probation officers and asked to confirm that there were 2 positions had not been hired in Region 4 and 5 positions that had not been hired elsewhere in the state based upon 2021 Session.

Mr. Anderson went over the list of the positions and where they were allocated.

Chair Mercer noted that according to his calculations, those positions were not amounting to 10.

Mr. Anderson addressed Chair Mercer’s question and noted that he counted 10 positions.

Chair Mercer asked to confirm that in that group the only hires that had been made were the 3 positions in Region 4.

Mr. Anderson noted that he could follow up with that information.

Chair Mercer requested the DOC provide information about where the department was in the hiring process, showing the deployment resources, including internal movements and hiring for the newly opened positions as a result of those internal movements.

Mr. Tilleman also addressed Chair Mercer’s comment.

Rep. Seekins-Crowe referred to what Mr. Schandelson reported on felony vs. non-felony misdemeanor and asked Chair Mercer whether he thought that the committee would be getting enough information to make an assessment unless the committee also heard from the county attorneys as well, as it seemed that those type of cases were not brought forward in Yellowstone county.

Chair Mercer responded the question.

Rep. Seekins-Crowe elaborated further on seeking information from the city and county attorneys regarding workload affecting their ability to bring forward those types of cases.

Chair Mercer agreed with Rep. Seekins-Crowe’s idea and noted that it would be useful to have a panel of judges and a panel of county attorneys to make their observations.
