Tribal Nations Language Workshop Underway
Public school language program

- It takes about 2000 hours to learn a language
  - 180 days in a school year or 36 weeks
  - 11,800 hours available in a K-12 education
  - Most schools 1 hr. per week of language
  - 36 hours per school year of language
  - 2000 hrs. ÷ 36 hrs./yr. = 55.6 yrs.

Potlatch 2015
Summer language program
• It takes about 2000 hours to learn a language
  • 2 weeks or 80 hours
  • 2000 hrs. ÷ 80 hrs./yr. = 25 yrs.

Potlatch, 2015
It is very doable...
How is this done?
Solution – Use methods that work

- Full immersion, Master-apprentice:
  - 2000 hours/30 hours each week = 66 weeks or 16 months
- About 2 years
- Outcome – You have created speakers
- Some will learn faster and some will learn stronger

Doing the math....

- (7 to 8-hour days or 20 days/month)

- 2000 hours/ 5 hours each week = 400 weeks or 100 months

- 2000 hours / 10 hour each week = 200 weeks or 50 months
Preliminary Report

Page 2 Q2 What Indigenous/Heritage Languages do you speak?

• 11 Spoken Montana Languages and the Plains Indian Sign Language
• 6 other languages represented (outside of Montana)
Preliminary Report

Page 3 Q6 In which language can you say basic words or phrases, respond to questions, ask questions, or carry on a conversation?

• 6 Languages Teaching Basic Words
• 9 Language Programs are focused on “Conversation”
• 5 Languages are Instructing Phrases
Preliminary Report

Pages 3 - 5

- 7 Languages are being taught through a 1st Language Speaker
Preliminary Report
Page 5

There was only 1 “class 7 workshop” featured in Montana
• One interesting point is that one teacher stated, “I felt I did not have the time”
What would you like changed in the Class 7 Certification Process

• Conference

• All Class 7 Teachers be invited to coalition as members

• More Contact time, Trainings-Conferences-Workshops

• As a classroom teacher, I feel that Class 7 teachers, that are not also classroom teachers could benefit from classroom behavior management classes (Class 7 teachers are not being treated as professionals)

• management classes. After listening to some Class 7 teachers yesterday, I feel they confirmed my concerns.
I would like to see a union formed
Anything that helps support Class 7 teachers
Testing to ensure that people are proficient in the Language and not just anybody can get a Class 7
technical support, materials, workshops, and conferences
More Conferences. I am the only Class 7 in my school district. Workshops and net working.
I am interested in learning more about this certification
Our tribal languages always need support to develop curriculum to teach and create more teachers
What would you like changed in the Class 7 Certification Process

More training for non-indian teachers who work on the reservations
More contact time
There are 43 respondents to the assessments questions that have Bachelors, Master’s or Doctorate degrees. Six reported they learned in a traditional way or as life long learners. Eleven of the teachers have a high school education level as Class 7 teachers.
Twenty-one teachers have reported they have taught language over 10 years.
Attend Language class and ceremony. I grew up listening to my grandparents and have taken classes from five different fluent teachers over the course of my teaching career.
What school are you currently teaching at?

There 55 schools and colleges that teach language that responded.
What grades do you teach?

There were 21 elementary teachers attending.
Describe the number of students enrolled in language classes. (Head Start, K-12, Adults)

Thirty-five teachers reported having more than 15 or more students enrolled in their language classes.
Are you asked to teach other subjects other than your tribal language, cultural, and history courses?

Fifty-three percent of the teachers are asked to teach other classes outside of language.
Preliminary Report

Page 9 Are you asked to teach other subjects other than your tribal language, cultural, and history courses?

On contact time indicated in the survey:
• 12 teachers reported they teach less than 1 hour per day.
• 5 teachers reported they teach less than 1-2 hours per week.
• 9 teachers reported teaching 3 hours per week.
• 2 teachers reported teaching 1-2 hours per week.
• 8 teachers reported teaching 3-4 hours per week.
How much preparation time do you have each week?

14 teachers have less than one hour of preparation per week, while 12 teachers have less than 1-2 hours per week for preparation.
Are you interested in creating more instructional contact time for tribal language teaching and learning?

93% of the respondents report a need to increase contact time for language acquisition.
Are you familiar with immersion methods?

19 respondents either are not familiar with immersion teaching methods or while 22 respondents have minimal and/or familiarity of immersion teaching methods.
Preliminary Report

Page 11 What is holding you back from learning and teaching your Indigenous/heritage language with a new method?

96% of the respondents are willing to implement effective language acquisition methods.
What is holding you back from learning and teaching your Indigenous/heritage language with a new method?
