APPLICABLE STATUTES

This section provides the statute that is applicable to standards of accreditation rulemaking and economic impact statements, as well as the referenced statute which outlines the requirements of economic impact statements.

20-7-101. Standards of accreditation.

(1) Standards of accreditation for all schools must be adopted by the board of public education upon the recommendations of the superintendent of public instruction. The superintendent shall develop recommendations in accordance with subsection (2). The recommendations presented to the board must include an economic impact statement, as described in 2-4-405, prepared in consultation with the negotiated rulemaking committee under subsection (2).

(2) The accreditation standards recommended by the superintendent of public instruction must be developed through the negotiated rulemaking process under Title 2, chapter 5, part 1. The superintendent may form a negotiated rulemaking committee for accreditation standards to consider multiple proposals. The negotiated rulemaking committee may not exist for longer than 2 years. The committee must represent the diverse circumstances of schools of all sizes across the state and must include representatives from the following groups:

- (a) school district trustees;
- (b) school administrators;
- (c) teachers;
- (d) school business officials;
- (e) parents; and
- (f) taxpayers.

(3) Prior to adoption or amendment of any accreditation standard, the board shall submit each proposal, including the economic impact statement required under subsection (1), to the education interim committee for review at least 1 month in advance of a scheduled committee meeting.

(4) Unless the expenditures by school districts required under the proposal are determined by the education interim committee to be insubstantial expenditures that can be readily absorbed into the budgets of existing district programs, the board may not implement the standard until July 1 following the next regular legislative session and shall request that the same legislature fund implementation of the proposed standard.

(5) Standards for the retention of school records must be as provided in 20-1-212.

2-4-405. Economic impact statement.

(1) Upon written request of the appropriate administrative rule review committee based upon the affirmative request of a majority of the members of the committee at an open meeting, an agency shall prepare a statement of the economic impact of the adoption, amendment, or repeal of a rule as proposed. The agency shall also prepare a statement upon receipt by the agency or the committee of a written request for a statement made by at least 15 legislators. If the request is received by the committee, the committee shall give the agency a copy of the request, and if the request is received by the agency, the agency shall give the committee a copy of the request. As an alternative, the committee may, by contract, prepare the estimate.

(2) Except to the extent that the request expressly waives any one or more of the following, the requested statement must include and the statement prepared by the committee may include:

- (a) a description of the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule;
- (b) a description of the probable economic impact of the proposed rule upon affected classes of persons, including but not limited to providers of services under contracts with the state and affected small businesses, and quantifying, to the extent practicable, that impact;
- (c) the probable costs to the agency and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenue;
- (d) an analysis comparing the costs and benefits of the proposed rule to the costs and benefits of inaction;
- (e) an analysis that determines whether there are less costly or less intrusive methods for achieving the purpose of the proposed rule;
- (f) an analysis of any alternative methods for achieving the purpose of the proposed rule that were seriously considered by the agency and the reasons why they were rejected in favor of the proposed rule;
- (g) a determination as to whether the proposed rule represents an efficient allocation of public and private resources; and
- (h) a quantification or description of the data upon which subsections (2)(a) through (2)(g) are based and an explanation of how the data was gathered.

(3) A request to an agency for a statement or a decision to contract for the preparation of a statement must be made prior to the final agency action on the rule. The statement must be filed with the appropriate administrative rule review committee within 3 months of the request or decision. A request or decision for an economic impact statement may be withdrawn at any time.

(4) Upon receipt of an impact statement, the committee shall determine the sufficiency of the statement. If the committee determines that the statement is insufficient, the committee may return it to the agency or other person who prepared the statement and request that corrections or amendments be made. If the committee determines that the statement is sufficient, a notice, including

a summary of the statement and indicating where a copy of the statement may be obtained, must be filed with the secretary of state for publication in the register by the agency preparing the statement or by the committee, if the statement is prepared under contract by the committee, and must be mailed to persons who have registered advance notice of the agency's rulemaking proceedings.

(5) This section does not apply to rulemaking pursuant to 2-4-303.

(6) The final adoption, amendment, or repeal of a rule is not subject to challenge in any court as a result of the inaccuracy or inadequacy of a statement required under this section.

(7) An environmental impact statement prepared pursuant to 75-1-201 that includes an analysis of the factors listed in this section satisfies the provisions of this section.
